

Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts our bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret!

PRINCE ALBERT

the national joy smoke

You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin' cigarette with Prince Albert for "packing"!

THE Prince Albert pipe and tin, and in fact every Prince Albert cigarette, are made of the finest materials and are packed in a special way to keep them fresh and moist. The United States Patent Office has granted a patent on the process. And by which you can see that Prince Albert is the only tobacco in the world that is so packed. It is the only tobacco in the world that is so packed. It is the only tobacco in the world that is so packed. It is the only tobacco in the world that is so packed.

Also have a few hundred acres of desirable mineral rights to sell. It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are hardy to church and school and the county has under consideration, turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pipe road leading south from Mt. Vernon, on the waters of Dry Fork and Keggio Creek and most of the land is limestone land and producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over the land and get my price and terms. For the benefit of those who might know these farms and locate them, better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. G. Nicely farm at Hansford; Tract No. 6 known as the Mat Deboard and later the Albert Hamlin farm near Level Green.

Bulletin No. 2

Why We Are Opposing A Government Armor Plant

To the People: Some people say that the very fact that the Bethlehem Steel Company is so aggressively fighting the proposal to build a Government armor plant is conclusive proof that the Company is seeking to assure for itself the "vast profits" derived from private manufacture. The fact is that armor making is the least profitable feature of steel manufacture.

The reason we oppose a Government plant is very simple. It is this: Even though there is but little profit in the making of armor, we have invested over \$7,000,000 in our armor plant. That plant is useless for any other purpose; if a Government plant is built the usefulness of our plant is destroyed.

It would be good business for us to make armor for the Government at any price over and above the actual shop cost, RATHER THAN SACRIFICE OUR ENTIRE INVESTMENT.

We do not seek to save big profits; our purpose is very frankly to save our armor plant itself but solely for the use of the Government - from going to the scrap heap.

To do that, we are prepared to agree for any period to any terms of manufacture which the Federal Trade Commission shall say absolutely protects the Government of the United States.

started from men who have horse and jacks and want to down man. Yours very respectfully, P. C. Lear.

To whom it may concern: It has been reported that the fact that I sold to J. W. Hilton of Pine Hill, is showing rickety coats. I have a disking, mowing plows, 2 rake plows, 1 mowing machine, 2 rakes, one-half interest in 1 bidder, about 2500 ft. of 1 1/2 inch iron pipe in care of Mt. Vernon Fair Association; 1 12 horse power boiler and engine; all of my interest in about 200 acres of growing crops, to be sold as stands or so much per bushel at gathering time; 2 acres and fixtures, one store at Hansford and one at Sand Springs, 3 iron cast-2 desks; 1 typewriter; 1 iron safe; 1 share in Peoples Bank; 1 share in Mt. Vernon Fair Association; 25 shares in Central Life Insurance Co.; 2 shares in Don Overland State Co. of Indianapolis, Ind.; 2 shares in Kentucky Rural Credit Association.

W. M. Bullock.

Now, if any one wants further information about this Jack write the Rev. Green Fish, Mt. Vernon, Ky. He has three of his coats and has known the Jack from his field. I will give \$25.00 to any man that will make a sworn affidavit that my Jack has ever to this date shown a rickety coat. Now, you fellows that have been talking, make your word good. Respectfully, J. W. HILTON, Pine Hill, Ky. May 30, '16.

BOWEL COMPLAINTS IN INDIA.

In a lecture at one of the Des Moines, Iowa, churches a mission-ary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and he believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

NOTICE FOR DIVISION OF BRODHEAD VOTING PRECINCT.

It having become necessary in the opinion of the Court that according to Sec. 443 of the Ky. Statute to divide Brodhead voting precinct known as precinct No. 10 into two precincts. The 1000 Highway being designated as the dividing line thereby creating two precincts instead of one, the part of said precincts lying on the south side of said road to be known as South Brodhead No. 10 with its voting place in the town of Brodhead, on the south side of said road and that part of said precinct lying on the north side of said road to be known as north Brodhead No. 10, with its voting place in the town of Brodhead, on the north side of said road.

CLEAR SKIN COMBS FROM WITHIN.

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's new life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their actions on the bowels. Good for young adults and old. Go after a clear complexion today. Excepts all your druggists.

NOTICE!

Having decided to go west, will offer for sale, privately all of my property, both personal and real, as follows, until August 15th and on that day I will close all that remains unsold at public auction at my home, Hansford, Ky. Real estate for sale on easy terms: Farm or tract No. 1 of 130 acres, 4 miles south of Mt. Vernon, with 1 storehouse, dwelling house and barn, and three tenant houses, several good coal mines from which Mt. Vernon and surrounding country get the greater part of its coal supply. Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 lies on east side of creek and mostly undertaken with good. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill.

Farm No. 3 of 150 acres, one-half mile west of farm No. 2; a good strong valley farm in good state of cultivation and not very much improved. About 100 acres cleared, balance in woodland. Farm No. 4 of 27 1/2 acres, 5 miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant houses. This farm is a creek farm, running to the hills, with some workable coal in the hills; also has a 4 acre orchard set out this spring, consisting of about 500 Stayman (Winesap) apples and 500 Elberta peaches, if any are true to name, with a gun and sprayer for 3 years. Holes were drilled for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 of 258 acres, adjoining farm No. 4, with one good dwelling house, barn and storehouse; 6 tenant houses and barns; good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine. Farm No. 6 of 250 acres, 2 miles west of farm No. 4; good valley farm; 1/2 good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and on balance in woodland.

NOTICE

It is being circulated throughout the county that my Jack's coats are rickety. I wish to say through the Signal to my friends, as I can't write you all personally, that it is an absolute falsehood, as you will see from what Mr. R. L. Smith the man that I bought the Jack from, has to say about it. This false report was fixed up to injure my business, but in spite of it I am doing a splendid business with my Jack. I have a fine Jack. I hope to show him at the Mt. Vernon Fair ground next Fair, and let the people see this Jack and judge for themselves. Just here I wish to insert a letter from Mr. P. C. Lear. The letters is as follows:

NOTICE

H. H. HILL, May 29, 1916.

Dear Sir: I have been told that some parties out there have been telling that the Jack you bought from Boggs Smith got rickety mules. It is certainly a mistake for he does no such thing. I stood the Jack last year and his colts are coming this spring all right and good ones. He never got a mule that was wrong. I have known him ever since he was a sucking calf. I will give before any court and make an affidavit that he does not get rickety colts. The way this has got started, I stood a Jack belonging to C. C. Cover, Lancaster, Ky. years before last that did get rickety colts. I have heard that it had been told that Bill McQueen had two mules by this Smith Jack that were rickety and he gave them away, that is a mistake. As these mules were by the Grover Jack, McQueen will swear they were not by the Smith Jack, and so will I. If you want me or McQueen to make an affidavit to this effect we will go before the court and swear that what has been told on your Jack is not true. Generally such sales as these get

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Theford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for the gripe, bad colics, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Theford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

Brochhead

ON the first day of this month the Louisville & Nashville Rail Road Company retired Uncle Dave Hart as a section foreman, putting him on a good living pension. Just forty one years to a day, Mr Hart has been in charge, as foreman, of the Brochhead section. He began his rail road career forty seven years ago when he became a section hand on the Richmond Branch, working there three years. He was then transferred to the Brochhead section and labored here for four years as a section hand, then was promoted as foreman, which place he has held ever since. During the forty-one years Uncle Dave has been right on the job every day with the exception of about four months he was unable to superintend the work on account of sickness. Mr. Hart has the honor of being one of the best tract men in the service of the L. & N. and doubtless the best man in the entire service. When he came to Brochhead forty-four years ago there was little here then that still remains except the rivers, hills and water earth connect them, and besides only one man lives within the corporate limits of the town that was living here when Uncle Dave moved here, and that man is our J. G. Frith. Mr. Hart's record is a clear one in the rail road service, not a day was he suspended during the time. We hope that Mr. Hart will be content without working for a man that has been actively engaged as he has, and one that has carried the burden and responsibility of his position as much as Mr. Hart did, should be content the remainder of his life, and be a gentleman of leisure. W. D. Cottenger, who has been here for several years as Assistant foreman, has charge of the section, and hope that the Dave Junior will be as successful as the Dave Senior has been.—Mrs. W. F. Carter underwent a serious operation at the Norton Infirmary, Louisville, the early part of last week, Surgeon Frank performing the operation. She is doing nicely and will be able to go home probably next week.

Dr. Carter was in Louisville most all last week.—James Kogley, who makes his home with Bill Lowery, was surprised last Friday morning to find his trousers that contained \$15.00 missing upon rising. The trousers were found some little distance from the house with only one penny to remind the owner that the pockets had one time been the unsafe receptacle of a savings bank. Mr. Kogley, who deals mostly in plug brushes, has been a very successful trader, and has conducted himself while in our midst in such a way that he has the respect of the entire community. He says that he has almost sufficient proof to warrant an arrest, and he hopes to see the guilty party juggled in the near future.—Mrs. Mary I. Barger, mother of Edd Barger, died at her late residence near here Thursday night, last week, and after services at the Baptist church by the Rev. A. J. Pike, her remains were laid to rest in the Christian church cemetery Friday afternoon.—Walter Robins is now in Detroit, Mich., with the other Brochhead boys. We understand that there will soon be a Brochhead addition to the city of Detroit, at least Brochhead is adding considerably to the population of the northern city.—Mr. and Mrs. John Robins were in Garrard County, Saturday and Sunday, the guests of Mr. and Mrs. A. T. Rigby.—Mrs. E. T. Young, and little son, J. Preston, were the guests of Mr. and Mrs. B. T. Young here from Saturday until Monday.—Mr. and Mrs. Frank Reynolds, of Cincinnati, are with relatives here this week.—Mr. and Mrs. A. M. Hiatt were with his parents at Quail, Sunday.—Miss Mary Furlish, the beautiful daughter of Mr. and Mrs. A. T. Furlish, and Joe Riddle, young son of Mr. and Mrs. John Riddle, were married at the residence of the Rev. A. J. Pike, the officiating minister, Monday morning and immediately left for Berea where they will remain this week, and return here Saturday. Their many friends join us in wishing them a long and prosperous wedded life.—Prof. Warren Keith, of near Elizabethtown, who taught in the Graded School here the past year, has been making this town headquarters since Sunday. It

Livingston

The backbone of the drought has been broken by a good rain that fell in copious quantities Monday and Tuesday, and the thirsty land has been greatly relieved and vegetation now looks well.—Rev. Baker, of East Bernstadt, filled his regular appointment at the Christian Church, Saturday and Sunday.—Mrs. Hugh Jenkins, who has been very sick for some time, remains about the same.—Dr. R. G. Webb, has opened up his stock of drugs in the brick opposite his old stand.—Mrs. I. W. Catlin is visiting relatives at Berea.—Dr. W. T. Amyx left for Louisville for a few days. We believe the doctor has gone to the convention at Chicago. He is a terrible Teddy man.—D. B. Rumbaugh was in Maywood, Monday, on business.—Mrs. J. H. Brownrigg, of Maywood, is visiting relatives here.—Judge G. M. Ballard, of Mt. Vernon, was here between trains, Wednesday.—C. J. Rice has returned from Cincinnati, after a few days' stay in that city.—Well, the great big convention at Chicago, is now on. It may be at a grand meeting and a lot, but we predict a stormy time as the republican party is composed or made up of two elements, viz: the G. O. P. and the Bull Moose. We believe what will satisfy one will displease the other and that there will be no harmony there. The tug of war lies between Hughes and T. R., but we will bet a ginger cake that Roosevelt gets the nomination. But what does it matter to us which one gets it, for he will only be a lamb for the political slaughter in November. But just wait a few days and there will be a meeting at St. Louis, and a call will be made to all quarters of the United States, "come forth ye delegates of the people", lets meet and nominate by acclamation, a man that has made the greatest President since Garfield and Lincoln, and then the answer will echo back, "Woodrow Wilson is the man." But for fear some one might know my politics, my friend at Brochhead might take issue with us, we will ring off the politics drop until after the November election and then we will come again and tell of the sad departure of the Republican party up Salt river.—Mrs. G. S. Griffin and children, after a weeks' visit with relatives at Mt. Vernon, has returned home.—E. Bullock, Rockcastle and Laurels representative, was here Saturday swapping jokes with the citizens. We think he is for F. R. for President, or at least his conversation lent that way.—W. H. Cottogin has been repairing his property and has repaired and treated it to a new coat of paint.—Mrs. Suse DeLords, a relative of Mrs. Sue Mullins, died a few days since at her home in Illinois.—Mrs. Deborah has a number of relatives in this county.—C. A. Blanford has had his property repaired by repapering and painting, and Mrs. E. H. Cockerell has also treated her property to a new coat of paint.—News reached here a few days ago of the death of Charley Preston, whom the citizens of Brochhead and this town know well.—Robert Griffin left a few days ago for Dayton, Ohio.—P. F. Pendergast, of Cincinnati, who represents a firm in that city selling Arrow brand collars, was here Monday. We believe he is the smallest Knight of the Grip on the road. He is 30 years old and weighs 200 pounds.—Mrs. Roy Penwick and children have returned from Lebanon after a few days' visit with relatives.—Mr. and Mrs. Luther Mullins, of Berea, were here Tuesday between trains on route home from Richmond, Ky.—Prof. Jones, who had the principalship of the Graded School here under contract has resigned, and has accepted a position at Gallatin, Ky.—Mrs. T. J. Pennington and children, have returned from a few days' visit with relatives at Mt. Vernon.—Miss E. E. Spence has returned home after spending a few days with relatives at Mt. Vernon.—Mrs. John Cam Mullins, of Mt. Vernon, was here Monday.—Mr. and Mrs. John Mullins were in London letter

part of last week.—John Lear, who taught in the Graded School here and who has a position as one of the teachers here again, has gone to Battle Creek, Mich.—Mrs. Larkin Pennington continues to improve.—Mrs. Thomas Farley continues to improve slowly.—O. V. Jarrett, the policeman, was here latter part of last week loading staves.—Marshal Riggs captured a deserter of the army here, Saturday (but we failed to get his name), and turned him over to Deputy U. S. Marshal George Thompson, who took him to Fort Thomas and delivered him over to the proper authorities. Boys, if you don't intend to stick to Uncle Sam, you had better not enlist.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question: "Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

"I HAD STOMACH TROUBLE FOR YEARS. TANLAC RELIEVED ME," says W. H. Penn, of Lexington.

I had indigestion and stomach troubles for years and it seemed that I could get nothing to relieve me until I took Tanlac. Said Mrs. W. H. Penn, 887 South Broadway, Lexington. "I was persuaded to try it by a friend and it did me more good than anything I ever took."

CLEAN UP AND PAINT UP A CONTINUOUS CAMPAIGN

Suggestions For Making Our Town a Better Home Town - Chairman of National Bureau Says Start Now and Keep It Up the Year Round.

Since Hercules diverted the river to renovate the Augustan stables "Clean Up" has had its place in the world's vocabulary. With Spring the desire to refurbish comes automatically into the hearts of men and women and communities.

For four years the scope of the National Bureau's service has widely expanded with this year it is cooperating with more than 6,000 local committees in the organization and direction of real "Clean Up and Paint Up" campaigns, not "days," or "weeks."

Mr. Clark declares that the bare of any National Bureau is the citizen who lacks even a semblance of interest in the community and that, strange as it may seem in a democracy, such a citizen's interest seems to be pretty generally prevalent in the average American community.

By THE EDITOR. MONKEYS initiate. Sheep follow the leader. And most of us men, women and children do the same. Initiation is bad for the monkey and bad for the sheep if the example followed is bad.

Right there the monkey in man asserts itself. Today your neighbor ticks up his yard, removes rubbish, plants flowers, trims his hedge, paints his house.

Ask any real estate man what percentage of value is added to a house by a fresh coat of paint and you will be surprised at the size of the figure he will give you. The many householders who have the habit of putting off painting until a home fairly screams for it.
