MEMBER OF KENTUCKY PRESS ASSOCIATION

Washington, July 15.—The sum of \$2,000,000 of Federal funds is made available for the construction of rural roads by the passage of the Federal Aid Road Bill, which became a law four days ago. Of this sum \$75,000,000 is to be expended for the construction of rural post roads under cooperative arrangements with the highway departments of the various States, and \$10,000,000 is to be expended for roads and trails wholly or partly within the national forests. The act limits the Federal Government's share in road work in operation with the States to 50 per cent of the estimated cost of construction. Federal aid may be extended to the construction of any rural post road, excluding all streets or roads in towns having a population of 2,500 or more, except the portions of such streets or roads on which the houses are on an average more than 200 ft. apart.

Five million dollars is made available for expenditure during the fiscal year ending June 30, 1917, and thereafter the appropriation is increased at the rate of \$5,000,000 a year until 1921, when the sum provided is \$27,000,000, making a total of \$72,000,000. In addition, an appropriation of \$1,000,000 a year for ten years, a total of \$10,000,000 is made available for the developments of roads and trails wholly or partly within the national forests.

KENTUCKY'S SHARE
Under the new law Kentucky will receive a generous amount during each of the five years for which the appropriation is carried. Of the \$5,000,000 to be expended by the Federal Government during this fiscal year for road improvement work in the several States, Kentucky's share is one-tenth million, the next year when \$10,000,000 is to be spent, the State's appropriation is \$2,000,000; during the third year the State is scheduled to receive \$3,000,000 of the fifteen million to be expended; during the fourth year \$4,000,000 is Kentucky's share of the \$20,000,000 million, and for the fiscal year ending June 30, 1921, when \$27,000,000 is to be spent, the State is to receive \$5,000,000 for road building purposes.

The apportionment to Kentucky and the sister States is made on the basis of area, population and the mileage of rural delivery and star routes. Kentucky embraces 40,184 square miles, and her population is said to be 2,289,805, and has 26,709.34 miles of rural delivery and star routes. As a result, the State is scheduled to receive 20 1/2 per cent of the Federal apportionment, provided, of course, she complies with the provisions of the proposed law.

CLASS OF ROADS
The class of roads to be built and the method of construction are to be mutually agreed upon by the Secretary of Agriculture and the State highway departments. The act provides that after making necessary deductions for administering its provisions—not to exceed 3 per cent. of the appro-

pritation for any one fiscal year—the Secretary of Agriculture shall appropriate the remainder in the following manner:

One third in the ratio which the area of each State bears to the total of the States.

One third in the ratio which the population of each State bears to the total population of all the States.

One third in the ratio which the mileage of rural delivery routes and star routes in each State bears to the total mileage of rural delivery routes and star routes in all States.

Project stations setting forth the proposed construction of any rural post road or roads in State are to be submitted by the State highway department to the Sec. of Agriculture, and upon approval by the Secretary all necessary surveys, plans, specifications and estimates must be furnished. The roads projected must be of a substantial character, and items covering engineering, inspection and unforeseen contingencies are not to exceed 10 per cent. of the total estimated cost.

SUBJECT TO APPROVAL
Upon completion of the work approved by the Secretary the amount set aside for the project is to be paid to the proper State official. The Secretary of Agriculture is given authority in his discretion to make partial payments as the work progresses, but not in excess of the Federal Government's pro rata share of the labor and material, which have been actually put into construction work, not in excess of \$10,000 per mile, exclusive of the cost of bridges of more than 20 ft. clear span. All construction work is subject to the inspection and approval of the Secretary of Agriculture.

The various States obtaining aid under the provisions of the act are charged with the making of needed repairs and the preservation of material smoothly on the surface, considering the type of the old road, but are not obligated to make extraordinary repairs or undertake reconstruction. If, after due notice, a state fails to maintain a Federally aided road properly the Secretary is required to refuse further aid until the road has been properly repaired at State expense.

The sum of \$10,000,000 is made available in yearly appropriations of \$1,000,000 for the cooperative construction and maintenance of roads and trails wholly or partly within the national forests by the United States, States, Territories or counties in which the forests lie. Expenditures for this purpose are not to exceed 10 per cent. of the value of the timber and forage resources available for income upon the national forests where the roads or trails are constructed. Beginning with the next fiscal year after an agreement is made between of Agriculture and a State, Territory or county for the cooperative construction of such roads 10 per cent. of all revenues from such forests are to be applied toward reimbursing the Federal Government for fund expended in road work until the whole amount advanced shall have been returned.

The general opinion here is that the new highway improvement law will conduce to the establishment of a more effective highway machinery in each State, strongly influence the development of good road building along right lines, stimulate larger production and better marketing, promote a fuller and more attractive rural life and add greatly to the convenience and economic welfare of the people.

Children Cry FOR FLETCHER'S CASTORIA

THOUSANDS WIN GREAT BENEFIT BY EXPERIENCE.

Object Lesson Gained by Trials Always Repays for Hardships.

Experience is hard task master. Oftentimes we pay dearly for experience, but even one great object is accomplished, experience pays.

If the experience of war ridden Europe will eventually establish peace, the price of war will not have been too great.

In the smaller planes of life each individual has some costly experience, only to learn some great object lesson. Disease often wastes years of some people's lives. They suffer years of agony and torture, only to be relieved by some remedy or treatment. Although they have paid dearly to secure this information if they can relieve the sufferings of their fellows their experience has not been in vain.

These facts are being demonstrated every day. On one side we hear of a woman who after suffering untold agonies from stomach trouble for fifteen years is relieved by Tanlac, the new constructive, while from another source a prominent merchant testifies that after spending hundreds of dollars for medicines to relieve a severe case of chronic catarrh, he was benefited immediately by Tanlac. They have paid dearly to accomplish that object. Others who hear of their experiences, and how they gained relief, will profit hereafter.

Thousands of men and women in all walks of life are daily acknowledging the benefits they have derived from Tanlac in cases of catarrhal affections of the mucous membranes, stomach, liver and kidney troubles. They feel that they should come forward publicly and tell their experiences with the spirit of helping some unfortunate who suffers as they did.

Tanlac aids digestion, promotes healthy refreshing sleep and strengthens the nerves. Tanlac is being specially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead W. M. Owens store, Burr Line Bros., Crab Orchard, S. E. Welch Berea; J. Reynolds and Son, Bee Lick.

SHOULD SLOAN'S LINIMENT GO ALONG?
Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine condition for the morrow. You should also use it for a sudden attack of toothache. Stuff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment."

Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

CONSTIPATION AND INDIGESTION
"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good." writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.

NOTICE TO THE PUBLIC.

To the Republicans of Pulaski County:
The Republicans of the Eleventh Congressional District will be called upon to name a candidate for Congress at the August primary, in which will be held August 5, 1916, and we feel that every Republican in the district is vitally interested in the selection of the best and most capable man for the position.

We have already named a splendid national ticket in the person of Hughes and Fairbanks, and we should name a candidate for Congress worthy to be associated with our National Ticket, and who will add the greatest strength to that ticket at the November election. We most earnestly believe that Hon. Caleb Powers, our present distinguished Congressman, is the proper man to lead us at the November election, and we, therefore, call upon the Republicans of Pulaski County and the district to rally to his support and give him the nomination, and we feel sure that in so doing they will make no mistake.

It had been generally conceded that Mr. Powers would have no opposition this time, but recently J. R. McKeehan, of Williamsburg, has announced his candidacy, and is now canvassing the district while Mr. Powers is at Washington attending to his congressional duties. Mr. McKeehan has had no experience in public life, and should be elected, he could not secure important committee assignments in Congress such as is necessary to give a Congressman prestige and influence, and if you concede that he is as able and capable as Mr. Powers, he would have to serve several terms in Congress before he could command the standing, and be able to accomplish the good for the district that the experience of Mr. Powers will enable him to accomplish during the next term. From the information we have, McKeehan is not being seriously considered anywhere in the district, and has absolutely no chance to defeat Powers, but while this is true, good Republicans should not stay at home and fail to vote, but should, in our opinion, go to the polls and cast their votes for Hon. Caleb Powers and make his nomination as nearly unanimous as is possible.

Mr. Powers has served the district for almost three terms in Congress, but while this is true, he has been during Democratic administration, and has like all of his Republican colleagues, been more or less discriminated against by the Democrats, and has not, for that reason, been given a fair chance to demonstrate his powers as a statesman, yet, with this handicap, he has been able to do much for his district and for the nation, but, with the election of Hughes and Fairbanks, and a Republican Congress, things will be quite different, and Mr. Powers will not only be given the Chairmanship of one of the most important Committees of the House, but will also be assigned to membership on other important Committees, which will put him in position to be of greater service to his district and the country, and besides this, Mr. Powers was one of the first men in the country to advocate the nomination of Judge Hughes for President, and this fact will be of no disadvantage to him at Washington. Taking all these facts into consideration, we believe strongly and sincerely that it is to the best interest of the party, and to the people generally, that Mr. Powers be sent back to Congress, and we ask you to not forget to go to the polls August 5th, and cast your ballot for him, and please ask your neighbor to do likewise. Will you not do this?

After the primary election is over, we will all join hands in organizing and arranging to get out the full vote in November, which will not only result in the election of Hughes and Fairbanks, but will place Kentucky in the Republican column. With Republican rule restored at Washington, and a Republican Congress of our choice to back the President, and to pass needed legislation, good old Republican good times will return, and the nation and flag of our country will again be respected at home and abroad. These things are surely at hand, and we ask, that you get ready to enjoy the great victory in store for us, and don't forget the Primary, August 5th, and don't forget to vote for Mr. Powers, as he will be needed at Washington to help President Hughes restore good times to the country.

Respectfully,
B. J. BETHURUM, J. S. COOPER, C. I. ROSS, M. L. JARVIS, GEO. M. COOPER, G. M. MEECE, BEE WHITIS, A. H. RAYBORN, H. B. BRUCE, C. L. TARTAR, SR.

The foregoing article, signed by prominent Republicans of Somerset, appeared in the Semi-Weekly News of that city, under date of July 18th. These gentlemen are friends and supporters of the Honorable Caleb Powers, and they are urging the republicans of this Congressional District not to fail to go to the Primary of August 5th, when Mr. Powers is to be re-nominated. The sentiment of the article is upheld and meets our hearty approval. As friends of the Honorable Caleb Powers we urge each and every republican of Rockcastle County to go to the polls on the 5th day of August, 1916, and vote for him. As usual, untruthful and malicious charges are being made against our brilliant Member of Congress. We hope as a rebuke to the defamers that this county will give to him an unprecedented majority at the primary.

Respectfully,
T. J. NICELEY, A. G. LOVELL, CAM MULLINS, S. F. BOWMAN, W. H. LIVESAY, R. H. MILLER, H. H. WOOD, R. G. WEBB, V. C. TATE, S. D. LEWIS, TIP LANGFORD, U. G. BAKER, E. R. GENTLY, W. E. FISH, J. W. BAKER, G. S. GRIFPIN, W. G. NICELEY, K. J. MCKINNEY, M. PENNINGTON, L. W. BETHURUM, JAMES WINSTEAD, W. H. FISH, FRANK MULLINS, W. G. NICELEY, W. H. CARMICAL.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant, it contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Dr. J. C. H. Fletcher

STRICTLY CHOICE and light butcher cattle were quoted 15 to 25 cents lower than last Monday, while on the plainer and half-fat grassy kinds it was fully a 25 to 50c lower deal. Weighty heifers also were badly neglected, and when sales could be made, prices ranged uneasily lower than a week ago. All grades of cows sold a quarter lower, while canners moved on a 10 to 15c lower basis. The market for bulls was slow, at barely steady to a shade lower prices. Desirable milk cows and springers ruled about steady under light receipts; medium and common milkers were again badly neglected and very hard to sell except for killing purposes. There was very little inquiry for stock and feeding cattle receipts were liberal and the trade generally ruled slow at a decline of 25c per 100 lb. Veal supplies were fairly liberal today, demand was fairly broad, most offerings cashing at steady to 20c lower prices.

The Test of Time Has Given Her Approval. TO begin with the FORD Car was made right and sold right, the genius of Henry Ford did it. His vision was into the future, not the present. While other manufacturers are discarding the models they declared perfect one year for a car of even more boasted merits the next, the Ford Company continues to make the 'Model T.' For seven years they have made but one car, made it to such a degree of perfection that changes have not been necessary. Over one half of the automobiles are Fords and all Ford Chassis are exactly alike. The other half are made by some 180 different companies, each company making two or three different models and changing these each year. This being the case it will readily be seen why Ford repairs can be so easily and readily obtained. There are no obsolete Ford Models, you don't have to send to the Factory to have a repair part made, for you can get it immediately; right here in your own town they are carried in stock. Runabout \$390. Touring Car \$440. F. O. B. Detroit. BRYANT BROS., Agents.

It Always Helps says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. 'She says further, "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. It was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give a trial. I still use Cardui when I feel a little bad, and it always does me good." Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Since you try need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping, well, ailing women for more than fifty years. Get a Bottle Today!
