Andrew Gentry and son Robert came in from Hazard to be at the fair. They have good prospects in the new coal field. Mr. G. has purchased a neat cottage and is in that now flourishing coal city. A car shortage is giving some annoyance in that field at present. The L & N now runs 5000 loaded coal cars to Indiana, which are much needed, which adds to the

"Delighted" with the generous motor-gift is publicly heard.
D. C. Price has bought E. B. Brown's residence on Old Main street.

My, what a sensation to ride in a car received as a present from one's friends.

It is a car.
Without a jar;
It is a Ford.

Thank's.

Don't be troubled with your dinner basket, coat, umbrella, buggy whip or other packages. Check them at the check room at Broadhead Fair next week.

Notice—I have opened a restaurant and grocery in the Miss Kate Moore building. I will offer nothing but the best in my line and I ask your patronage. Give me a call. E. W. PERCIVAL.

Next Wednesday the ladies will be admitted free to the Broadhead Fair. A big test will be on the grounds for their comfort, and the usual courtesies will be extended to all.

Five acres of delightful grove, and unobstructed by the usual stands and concessions, with ample seats for five thousand people, will mark one of the many improvements at the Broadhead Fair next week. The best water in the county is in this grove in abundance.

Vice President Marshall will be at the big Democratic campaign opening at Winchester on September 9th, along with other national and moved speakers. Winchester is busily engaged making preparations for the barbecue to feed the crowd. An order has been placed for fifteen thousand tin cups and as many spoons along with ten thousand paper board plates.

FAIR JOTTINGS
The Fast Bernstadt band furnished the music.
Bob Walker, E. C. Lane, N. W. Rogers, Don Gimes, and Bud Dunn were here with good horses. The 1916 exhibit of the Mt. Vernon fair was the best in the history of the association.

Mt. Vernon had some as good show rings as will be seen at any of the county fairs.

Mr. Preston Pennington got the Ford which was afterwards auctioned off and bought by Judge L. W. Bathrum.

A full list of fair winners will be given in next week's paper.

Children Cry FOR FLETCHER'S CASTORIA

Never wore so many people nervous, eager to know the fortune as were at the fair this week.
The Big Broadhead Fair is booked for next week, beginning Wednesday 16th, and promises to be the biggest fair ever pulled off by this successful association. The management has spared neither time nor expense to provide for the comfort of the big crowds they have a right to expect.

The editor, printers and devil like a vacation once a while and as it is not always possible to pick up a substitute, it is sometimes necessary, to have some things undone in order to get a little change. This we have done this week and the result the paper is late and news items rather scarce. But what we have let us do this week we will try to do next.

Mr. E. Bullock, Hansford, Kentucky. Dear Friend:—

It gives me great pleasure to name you as a Delegate to the Southern Appalachian Good Goods Convention, to be held at Lexington, Kentucky, September 5th, 6th, 7th and 8th.

I sincerely trust that you will be able to attend as I feel certain the meeting will be very instructive, and it is my earnest desire that this be made the greatest road meeting ever held in this State.

Yours very truly,
A. O. STANLEY,
Governor of Kentucky.

One of the saddest occurrences that has ever happened in the county took place Monday when the twelve year old daughter of Mr. and Mrs. Jack Hansel was instantly killed by lightning. Mr. and Mrs. Hansel and their three children and Mr. George Owens of Mareburg and his little boy had all been sitting on the porch but when the storm came up all had moved in the house. The children were playing about the house and were running back and forth on the porch when the heavy bolt of lightning came which struck the porch and killed the little girl, there was no one on the porch but her Mr. Owens who was sitting near the window was thrown from his chair and badly stunned as were the others, but none were injured. The porch column was torn to splinters and other damages done to the house. The sympathy of all certainly goes out to this family for a sudden death and a greater shock could not come to a home than this one.

ORDER
It is ordered by the Fiscal Court that only 5 days hauling on the roads will be payed for in the year 1916, except where authorized by the County Judge.

A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is readily obtainable every where.

C., the most extensive and influential road organization in the world. LIVINGSTON

Judge E. Wirt, who has been very sick for some time, is able to leave his room.—O. D. Bryant, of Mt. Vernon, is on the sick list but came down to our city Tuesday.—Eugene Orndoff of Marietta, Ohio is with his mother this week. He has a position as engineer in that city.—Mr. and Mrs. D. M. Preston, of Cincinnati, Ohio, are visiting relatives here and at Quail this week.—Mrs. G. W. Brown, of the Freedom section, was here between trains Saturday.—W. H. Cottogin went to Berea, Sunday and brought his brother that had been in the infirmary home. He seems to be getting along nicely.—Mrs. C. A. Blainford and daughter, are visiting relatives in Louisville this week.—Mr. and Mrs. D. B. Kambo and children, Mrs. B. H. Griffin, Misses Letta and Vergie Sommers, were in Louisville, Monday, shopping.—Mrs. G. F. Griffin and children have returned from a weeks visit with relatives near Mt. Vernon.—Mr. and Mrs. Albert Griffin, of Pine Hill, were in our town Saturday shopping.—Mr.

and Mrs. El Hansel are visiting relatives near Mt. Vernon, and will also take in the Fair with us on this trip.—Mr. and Mrs. John Slinger, of Paris, attended the funeral here.—Mrs. Hugh Jenkins had two pretty little daughters went to Mt. Vernon, Tuesday.—Miss Sally Cook, of Tennessee, who has been with her cousin, Miss Lydia Cook, has returned home.—The Primary last Saturday passed off quietly. A very light vote was polled and no excitement whatever, hardly a loud word spoken. Wish we could have just such a time in November.—A friend of ours at Brodhead has remembered us by sending us a complimentary to the Big Brodhead Fair. We wish to thank our friend and will say it is in our power to do so we will attend the Fair, as it has been several years since we attended a fair at that place, even back then we can expect of how well we are pleased and we are gratified that the Fair has kept pace with time, and we often hear it said that Brodhead has a good Fair, so everyone that can should go. We are satisfied you will be amply rewarded. We would be glad to visit the Fair and meet our old school mates and friends, and especially we would be glad to meet the Brodhead correspondent as he is a stranger to us only through the paper but we would be glad to meet him face to face, which we hope in the near future to do.—Mrs. Nannie Jenkins, age 99, wife of Hugh, Jen-

kins, died Wednesday, August 2nd, of tubercularis. She had been declining in health a three years and had been confined to her room mostly for eight months, but she was patient and hopeful to the end, talked of getting well and made plans for the future, yet she would say, if it is God's will for me to go I am ready. She was a member of the Christian church, having united with that church when she was a little girl. She is survived by husband and two little children, Hubert, age 12, and John, age 7; her parents, Mr. and Mrs. J. C. McGuire, with whom they were making their home at the time of her death. Besides those already mentioned she leaves two brothers and six sisters as follows: S. F. McGuire, of Irvine, Ky.; J. W. McGuire, of Stanford, Ky.; Mrs. J. M. Parsons, of Widie, Ky.; Mrs. J. W. Sherr, of Paris, Ky.; Mrs. R. E. Harris, of Affton Okla.; Mrs. E. E. Hergh, of Cincinnati, Ohio; and Mrs. Alvin Carico, of Livingston, Ky. The funeral services were conducted by the Rev. Young, of Mt. Vernon, and she was laid to rest in the family burying ground near Livingstons.—We promised in our last letter that we were going to Mt. Vernon, Saturday, and you would hear from us on that subject. W. G. Nicely and the writer went on No. 22, Saturday evening, but you know that the train goes to that city about 5 o'clock, so our time was limited to see much of the town, but after arriving in that neat little city we went to the court house to deliver up the ballot boxes and, there we met some of Mt. Vernon's good citizens, viz: Clerk S. F. Bowman, Sheriff Sam Mullins, clerk T. J. Nicely and a lot of others with whom we were not so well acquainted, but we went up and quipped the hand of that progressive merchant, J. Fish, and had a few words with his son, Bill, who met us with a smile. Then O. D. Bryant came for us with his auto and we traveled over a portion of the city and saw the new pipe, which is something that Rockcastle county should be proud of, and we wish to say that Mt. Vernon far surpasses our expectations in beautiful dwellings and yards, looks flowers and everything that would make a people happy. We gave a glance at the editor as we passed him on the street but as we failed to get to speak to him, will say we hope by the next time we go to Mt. Vernon we will get that ride in his car. After visiting the home of O. D. Bryant and shaking hands with Mr. and Mrs. Bryant, whom we haven't seen since our childhood, we join our friend, W. G. Nicely and we set out for home at Livingston. As there were no freight coming this way and we decided not to wait for No. 21, we will not say how we got home, but our feet were mighty tired and sore the next day. We hope in the near future to visit the little city again and learn more of the town and its good people.

BRODHEAD

Home of Crest at, of the Hiatt section, of the old Roberts—Wheeler's—found a few days ago, and will install the plant in the building recently vacated by D. B. Albright. Mr. Chestnut will move his family here to occupy the second floor of the building over the laundry. We welcome these good people, and hope that success will be theirs. W. O. Yacon gave his Sunday School class a motor trip to High Bridge one day recently.—Wm. Francisco worked at home for a few days last week from Cincinnati, where he has a good position. Mrs. Anna Case was a recent visitor to her sister, Mrs. L. B. Hilton a Starford.—W. L. Roberts and J. H. Owens have opened a meat market in the front of the new door to Citizens Bank.—Earl Leeg went to Detroit a few days ago to accept a position with the other Brodhead boys.—P. F. Robbins sold to J. T. Rigby, of Preachersville, sixty two head of sheep for \$400.00.—J. E. A. B. Brown held services at the Christian church Sunday evening. Miss Walter Adams, had little daughter, Inez, left the first of last week for Detroit to join her husband, who is now located in the northern city.—J. E. Albright, E. O. Watson, A. M. Hiatt, W. A. Robbins and John Robins attended the second day of the Berea Fair last week. Miss Alma Carson, who has been with her brother, W. A. Carson, for the past ten days left for Boone County, where she will visit relatives before returning to her home in Oklahoma. Miss Carson taught school twenty five years in Guthrie, Okla. and two years in Bartlesville, Okla. since leaving Kentucky about seven years ago. Brodhead boys left for Oklahoma. Wm. Adams and his two sons who have made their home in Indiana for the past two years are with relatives here for a few days. We often wonder if the property owners in our little town ever stop to think when they are cleaning their yards, and dumping all kinds of trash out in the streets in front of their property, that they are afflicting the looks of their property, not to mention the property owners in our little town. We also wonder why it is that the Board of Trustees do not see that these property owners, or those who violate these laws, are not prosecuted? We are ashamed to have to call the attention of the public to these things, but we think they will clean out their back yard and carry all kinds of trash, chips, rocks, weeds and old cans and carefully place them on the streets, it is time that they know other folks are looking at such carelessness.—Mr. and Mrs. A. M. Hart Miss Ina Carson, Everett Watson and John Robins attended the Duville Fair last Friday. Joe Riddle went to Detroit one day last week, that is he started and made the finish about a day later, making the trip on the morning train. Joe returned Saturday but did not ride his motorcycle back.—J. B. Frith was in Louisville.

Egbert Wallin and son Orrin, were in Daviess last week attending the fair.—J. H. Jarrett left Saunders, for Charleston, W. Va. where he will probably remain the remainder of his life. Mr. Jarrett came to this place fifty years ago and at one time was a prominent farmer and lumberman. He has several brothers, a sister and a number of other relatives in W. Va. J. T. Tate who reached the ripe old age of eighty eight years died at his late residence on the Hiatt section Friday night. Mr. Tate had been unusually strong man scarcely being sick a day in all his life until about three weeks ago. He is survived by his widow, and a daughter Mrs. Bouge Phillips, son J. W. Tate, and a number of grand children. Mr. Tate was a very prominent farmer and one of Rockcastle's best citizens. He was a member of the Christian church of Lancaster, Ky., and an Odd Fellow. His remains were laid to rest in the Christian church cemetery by the Odd Fellows last Thursday after short services by J. C. McClary, the officiating undertaker. The Odd Fellow lodge, of Lancaster, had charge of burial services and were assisted by a number of Odd Fellows from Stanford, Crab Orchard, and Broaddhead lodges, making one of the largest processions ever seen in our little town. Rev. E. K. Pike, brother of our A. J. Pike, preached a very interesting sermon at the Baptist church Monday evening. Mr. Pike lives in Nicholasville, and is a prominent minister of the Methodist church. His family accompanied him here, making the trip in a Ford.—Theo. McRoberts, of Indiana, is with his sister, Mrs. J. G. Frith, here this week.—Preston Overbay, an old and respected citizen of the Negro-Creek section, died Sunday night following a stroke of paralysis. He had a meeting last week.—Arthur Anderson, who used to live here, was killed Friday in Cincinnati, when he fell from the top of a street car. We understand that he was adjusting the trolley, or probably attaching a rope to the trolley and came in contact with a live wire causing him to lose his balance and fell from the top of the car to concrete floor, breaking his neck. His father, the late John Anderson, was killed by a train in the Railroad yard in Paris, Ky., several years ago. He had recently and with his mother, Mrs. Mary Anderson, lived in Covington. His body was brought to Goshen, Lincoln county Sunday afternoon and buried beside his father. A number from here attended the funeral.—Walter Smith, of Crab Orchard, and Ben Riddle, of this place have established a garage here, and are now ready to look after any automobile trouble coming their way. They have had considerable experience in the business.—Miss Ella Quinn left Tuesday for West Virginia to accept a po-

sition as matron. She will be in that state the entire term of six months.—Mr. and Mrs. T. N. Likens were the guests of Mr. and Mrs. R. E. Albright the first of the week. Young was in town Tuesday.—Miss Clyde Watson returned from Cincinnati the first of the week, where she took a special course in observation.—Don't forget the World's Fair is pulled off here next week, and that this will be the biggest Fair in its history.

Misses Clyde and Goldie Perry will leave Tuesday for week's visit to their father Col. R. R. Perry at Watonia, his mountain summer cabin near Cruise, six miles up Rockcastle river from Livingston, Miss Goldie is representative of the Lexington Otgan Called Hotbed of Disease by Medical Authorities. It is generally conceded by medical authorities that considerably over one half of the population of the United States is suffering from one ailment or another and of this great number of suffering people the major portion are victims of stomach trouble.

Through many years practical experiments, with the past medical knowledge of the European chemist at his disposal Joseph Von Thiaback, the noted chemist and health authority, discovered the formula now known as Tanlac. The ingredients for this Master Medicine were gathered from the remotest parts of the world. Tanlac is purely a vegetable product and is compounded of roots, herbs, flowers and berries which have been tested for their therapeutic properties. He now firmly believes he has found the

It is noticeable that quite a number of houses here still retain signs over door, and windows etc. long since vacated by former occupants. The writer counted some thirteen or more on Main street.—The writer stopped at the exclusive motor car restaurant for a glass of buttermilk only to find it was now a grocery store which had set desks but no buttermilk. He had a meeting last week.—Arthur Anderson, who used to live here, was killed Friday in Cincinnati, when he fell from the top of a street car. We understand that he was adjusting the trolley, or probably attaching a rope to the trolley and came in contact with a live wire causing him to lose his balance and fell from the top of the car to concrete floor, breaking his neck. His father, the late John Anderson, was killed by a train in the Railroad yard in Paris, Ky., several years ago. He had recently and with his mother, Mrs. Mary Anderson, lived in Covington. His body was brought to Goshen, Lincoln county Sunday afternoon and buried beside his father. A number from here attended the funeral.—Walter Smith, of Crab Orchard, and Ben Riddle, of this place have established a garage here, and are now ready to look after any automobile trouble coming their way. Dr. Myers' residence is delightfully located on South Maple street one of Winchester's finest residential places. Raymond is still camping at Slate Lick Springs near Boone Gap, for a couple of weeks. Raymond is somewhat of a genius as shown by the output from his little work shop of doll furniture, for which he hands ready sale.

In a communication from Gov. Stanley, to the writer appointing him delegate to the big S. A. G. R. Association convention at Lexington, he says: "It is my earnest desire that this be made the greatest and most successful good roads meeting that has ever taken place in Kentucky." Commissioner of Public Roads, Mr. Rodman Wiloy is also putting in splendid work for the cause.

Committee, Bristol Board of Trade will bring a crowd over Boone Way to Lexington meeting starts from Bristol about Sept. 5. Short stops will be made at the various towns all along the line, and good road speeches made from their cars. Stomach Ills Endangered the Future of Race

Utgan Called Hotbed of Disease by Medical Authorities.

It is generally conceded by medical authorities that considerably over one half of the population of the United States is suffering from one ailment or another and of this great number of suffering people the major portion are victims of stomach trouble.

Through many years practical experiments, with the past medical knowledge of the European chemist at his disposal Joseph Von Thiaback, the noted chemist and health authority, discovered the formula now known as Tanlac. The ingredients for this Master Medicine were gathered from the remotest parts of the world. Tanlac is purely a vegetable product and is compounded of roots, herbs, flowers and berries which have been tested for their therapeutic properties. He now firmly believes he has found the

solution to the grave problem which has become an important one for the present and future great race.

That there is no question as to the merit of Tanlac is demonstrated by the thousands of testimonials to the benefits derived from this wonderful reconstructive tonic which are voluntarily given by men and women in all walks of life and from every section.

"Modern Ills," the title under which stomach trouble and its complications are now usually classed is raising the lives of a vast army of people every year.

Catarth which begins in the head and extends through the throat to the stomach, is the usual form in which stomach trouble is contracted. The delicate mucous membrane lining of the stomach becomes coated from catarrhal secretions, and food cannot digest. Instead it ferments, forming gases, and is the cause of indigestion, flatulence, and indigestion comes after eating. Constipation usually follows and wrecks the entire nervous system.

The victim of stomach trouble becomes nervous, melancholy, has an irregular appetite, and attacks of headaches. Often the eyesight becomes affected in cases of stomach disorder. Relief can be found in Tanlac, the ideal reconstructive tonic, appetizer, invigorant and builder of toner down tissues.

Tanlac is being introduced in Mt. Vernon to R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Broaddhead W. M. Owens' store, Barr, Cine

"Koffee Kranks"

The average person is more cranky about his coffee than he is about anything else he eats or drinks.

Men are just as fussy about their coffee as they are about their cigars, and women are just as finicky about it as they are about the tilt of their hat, or a shiny nose when they are shopping or calling.

Some people like a cup of strong, heavy Rio, others demand the milder, smoother Rio coffees, while others demand the delicate blend of pure flavored coffee without the harshness and without weakness that sometimes makes people say—"That ain't coffee"—It's diswater."

There is as much difference in coffee as there is in tobacco, but it is just as easy to suit the particular coffee taste as it is to suit the particular tobacco taste, whether it is for the straight article or for a blend.

CHILDREN CRY FOR FLETCHER'S CASTORIA

It is becoming apparent that the Kentucky troops now camped at Fort Thomas will be called to the front until General Funston puts in a call for more men.

This means that the men will be at camp for an indefinite period, and the company and regimental commanders are suggesting a series of practice marches to put the men in good campaign condition.

It is proposed to march the troops on short journeys at first lengthening the distance as the men become hardened until later a march to Lexington can be undertaken.

On this long hike, of over two hundred miles for the road trip, the men will have their camp equipment and baggage hauled by wagons, and the march will be valuable in training the commissary and quartermaster's departments in keeping the men fed and equipped.

The proposition for a series of long hikes has been suggested to General Williams.
