TO THE VOTERS OF ROCKCASTLE AND LAUREL COUNTIES:
I want to warn my friends not to be misled by any campaign falsehood that might be circulated at this late date.
I am going to win and win easy.

Most stores in Mt. Vernon will be closed from 12 to 4 p. m. every day during the Mt. Vernon Fair next week.

The man, who never sees any good in any little enterprise unless it puts money directly in that individual's pocket, is certainly a narrow selfish creature.

When you come to the Mt. Vernon Fair next week make Fish's Cash Store your headquarters. Leave your baggage with and use our telephone if you like.

The National Guards of the various States are now being mobilized for war service. While no orders for embarkation of State troops for France will be given until after August 5th, when the entire force will be detailed into the United States Army, there are indications that some divisions will be regarded as ready to board transports soon after that date.

Joel Suttles was shot and killed on one of the back streets in Mt. Vernon yesterday by Emmett Gentry, a son of the late George (Pat) Gentry. So far as we have been able to learn it seems that it was all due to too much "hot head" election whisky which was liberally handed out. More than to say that it was due absolutely to whiskey, we are not in position to make any further comment. There were four or five eye witnesses and Gentry who is now under guard will have his examining trial next Tuesday.

McKENZIE-MULLINS: Mr. Richard Mullins, a son of Mr. and Mrs. W. M. Mullins, and a private in Second Kentucky located at Lexington, and Miss Ella Mae McKenzie only daughter of Mr. and Mrs. John McKenzie were married Monday morning at the residence of Rev. H. T. Young the officiating minister. The Signal joins with their many friends in extending congratulations. The groom returned to headquarters yesterday, leaving his young bride in Mt. Vernon, who will stay with her parents until Mr. Mullins returns from army service.

THE KENTUCKY STATE COUNCIL OF DEFENSE has asked that each county have a Committee, known as the Soldiers' Business Aid Committee. Judge W. B. Betham will be Chairman of the said Committee, and will appoint five Committeemen to assist him in the work. This Committee will look after any business matter for the soldiers while away in service, and in this manner be able to save them trouble and see that their rights are protected. Judge Betham is quite busy with all his duties, and we feel that it is a great honor on his part to take up his time with this, and shows the truest patriotism.
W. Pennington,
Chairman, Council of Defense of Rockcastle County.

Have the babies pictures taken by Eberhart next Saturday.

Big Eli will be at the Mt. Vernon Fair. You can ride him for a dime.

"Eat what you can and get on your feet." This is the slogan adopted by the organization of Indianapolis women, which is promoting canning and conservation of the enormous surplus of garden truck raised in that Hoosier city. This would be a good slogan for our home people to adopt.

Arrangements have been completed for temporary quarters for the American National Red Cross, Rockcastle County Chapter, at the Mt. Vernon Fair Grounds during the Fair, and the Chapter has opened up permanent headquarters in Dr. Lovell's store building, the room long occupied by Miss Kate Moore. The indications now are that we will soon have a wide awake Chapter in this county.

JOHN M. CRESS' SALE

An enormous crowd attended the sale of John M. Cress at Preachersville Saturday and it was a success in every way. The Hon. Reuben C. O. T. Wallace, manager, conducted the sale of land and lots and Mr. Cress attended to the sale of his cattle and sheep himself, that silver-tongued auctioneer, Col. John B. Dinwiddie "crying" the latter. The home place of 50 acres was bought by W. H. Canham for his daughter, Mrs. Anderson, at \$145. A part of the Hobbs farm was bought by John Anderson at \$123, while J. H. Thompson and G. B. White bought the rest at \$100. J. H. Thompson bought 24 lots on the Crab Orchard and Lancaster near the town of Frenchburg, while at \$25, Tom Taylor eight at the same price; J. T. Rigby 10 at the same money and J. F. Payne and B. T. Lunsford 10 each lying a little off the pile, at \$18. Menefee Moore bought 14 acres of land, unimproved, at \$111 and G. B. Sutton about 15 acres of the town of Frenchburg. The Aberdeens Angus cattle sold all the way from \$165 to \$370. Following are some of the sales: Joe Hilliercat, bull, \$165; Heathley, Boas, cow \$270; Anas C. L., cow \$172.50; Ruby B. O., \$177.50; Louis J. \$250; Clara Riffe, \$272.50; Quick Gun \$265; Myrtle J. \$210; Mary S. O. \$230; and Mary B. set a splendid dinner and the crowd thoroughly enjoyed it. Jesse Q. Lynn, of this city, was the caterer in charge—Interior Journal.

Get here this boy's. Photo taken before he goes to war.

It was with great pleasure and anticipation of their trip that the Agricultural Club Boys, Canning Club Girls and many farmers and their wives accepted Mr. Spence's invitation to come to Berea and attend the Club Convention held there on July 10, 20 and 21. Those of us who were unable to attend the convention last year do not realize how many good things were in store for us. However, knowing the zealousness with which County Agent, Spence, labors and the hearty response of the citizens of Berea to any creditable movement, we were assured of such a meeting.

On our arrival in Berea, we were welcomed by a delegation of Berea Boys and Madison county girls. Mr. Spence and Captain Herndon, who is termed one of the boys but who in reality is "The Citizen of Berea" escorted the girls to Putnam Hall and the boys to Cumberland Hall, where they each were to live, while at the expense of Berea College, during their visit. From there, we went in a body to the Pavilion where we assembled and were made to feel very welcome and at home by Captain Herndon's address. Soon arrangements were made and we started out to see the many interesting things about Berea College. First we visited the Chapel. Mr. Vaughn, Secretary of the college piloted the party of which the writer was one, and in a very interesting and instructive manner called attention to things of note, including the portrait of Father Fee, the first President of the college, and objects of prominence. Next we entered the Carnegie Library, which is second in size and beauty to only one other in the state, contains tier after tier of good books and here are received monthly editions of more than forty of the best periodicals. The younger members of our party were attracted by the many historical relics and the book stand made and presented by the graduating class of 1916. From here we went to the industrial Building and saw the carpenters at work and the boys busy with their type setting, and our boys noted the atmosphere of activity and thrift. Out we went and down through the ice plant and from there to the laundry. It was short day at the laundry and our girls noted with care the method of ironing shirts. We were then led up Main street to the Farmers Bank & Trust Company's building where we were served with ice lemonade by the Cashier, who is a warm friend to the farmers and their boys and girls. Following our ever obliging guide we visited last the dairy. Fortunately for us it was milking time and we were able to see the new electric milkers in operation. Nothing of interest was lost to the boys and girls here or on any of our afternoon trips, as all the time they were observing things they had not seen before. On being dismissed, we all went to our rooms and made ready for supper, which was prepared and served by a chef and his staff of waiters, who evidently had served hungry soldiers before. Later we met on the campus and enjoyed the chimes concert.

The afternoon of pleasure was just a stimulus for a full program of work next day, which was taken up and not a minutes time was lost. The splendid manner in which the boys and girls reported their work and discussed their problems showed plainly that they were interested and also that the spirit of co-operation was born and it would only take a short period of time to prove what this group of young people will so accomplish through their combined efforts. The discussions entered into between the Club members and state workers were thoroughly instructive. After work, came our play, which was in the form of a tour in automobiles to points of interest in Madison county. Through the fraternal efforts of Mr. Spence some twenty-five automobiles were secured, and they were packed to overflow and they were needed their way to Richmond, where we were received with more hospitality by Prof. Coates of Eastern Ky. Normal and his faculty. This automobile trip was a rare treat.

You Men— Who Are NOT in the First Draft—

Your part in the government program is now determined. Instead of "donning the khaki" you will "do your bit" in extending the commercial interests of the country—in furnishing the sinews of war—in promoting business and commerce—in creating more prosperity.

And you want to reflect this prosperity in everything you do. It will have a tremendous effect.

If you've refrained from buying your complete needs in wearing apparel because of uncertainty, supply yourself now while the most worthy merchandise is available at normal prices, here.

Merchandise is advancing in price every day—everything in our store is worth more today than it cost, and it will be worth much more next season than now.

Make our store your headquarters when you come to the Mt. Vernon Fair.

THE CASH STORE

In the evening of the second day a picture show including war scenes and government reels was enjoyed. The last few hours of the convention were spent in the election of officers and addresses by the department specialists. Besides officers for the three counties of Madison, Jackson and Rockcastle at large, of which Robert Fish was elected President, each county elected a set of officers for the coming year's work. Jop Smith was elected President of the boys club of this county, with Colston Stevens, Vice Pres., and Jack Owens, Secretary. The Girls Canning Clubs elected as their President, Anna B. Payne, and Cleo Gentry Secretary. All the Club members entered heartily into the election of these officers, nominating and voting for the candidates of their choice.

After another meal with our hospitable host and assuring him we had been unusually entertained and that the convention had been very profitable from our point of view, we bade good bye to all to return each to our separate work, but all of one great purpose and aim, that of answering the Government's call for food conservation and more complete living.

The entire expense of the trip except railroad fare was born by Berea College and citizens. This alone should rouse the people of Rockcastle county to a realization of the importance of developing the Agricultural interest of the county and do something to assist these boys and girls in the work they are undertaking.

ASK ANY ONE WHO HAS USED IT.

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find that it is not only a good investment but saves them no end of suffering. As to its reliability, ask anyone who has used it.

I will be in Mt. Vernon four Saturday July 21-28 Aug. 4 and 11. Prepared to make all kinds of Photographs. Located at the old stand on West Main St.

Hidden Money Causes Murder

A REPORT from Quincy, Illinois, says that Mrs. Ellen Culliner, who lived near there, was killed by robbers who stole her money and killed her to cover the crime. Always "On the Job"

The right kind of clothes at the prices are almost enough to sell themselves. But there's another factor -- the personal element.

Lot's of people come here to buy because they're sure of going away with a smile. And a customer's smile is worth as much to us as our profit on the goods he buys. The satisfied person comes back.

The size of a purchase is only an item. We figure that a ten-cent sale and a pleased customer are more valuable in the long run than a ten dollar sale and a "never come back."

Make us prove our willingness to serve. Our stocks are especially attractive right now.

While we realize that many valuable hours have been lost trying to influence the working man to lend support to the fellow who never at any time had a ghost of a show to be elected, and that this time is forever lost, yet it will tend to show the fellow who fails how much the "dear people" thought of him and possibly result in fewer men losing time that could have been well spent during the present crisis.

Health About Gone Many thousands of women suffering from a womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hyatt, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and the best tried other remedies, Dr. Williams' Pink Pills, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI The Woman's Tonic She writes further: "I am in splendid health. I can do my work. I feel I owe it to Cardui, for I was in a deplorable condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.
