The Kentucky Red Cross Convention will be held in Lexington, August 22 and 23. Everyone of 150 chapters are expected to send representatives, and as this is the first meeting of the kind in the United States. We hope it will be of great value to the Kentucky chapters of the Red Cross.

### DEMOCRATIC PRIMARY

In the Democratic primary Saturday, there were only four candidates, two of whom had no opposition, and in the county attorney's race there were only 23 votes cast. A. J. Owens received 203 of that number and the remaining 23 went to W. H. Kreuger, the opposing candidate. The Democratic candidates, whose names will appear under the rooster in November are, W. A. Cox for County Judge; A. J. Owens, County Attorney, and Thomas Rowe for Jailer. Chas. Riddle, of Brodhead, is the Democratic nominee for Magistrate in the Fifth District.

The Red Cross Charter has opened headquarters in the Miss Kate Moore store room. If you are interested in Red Cross work drop in. If you are not interested in the work you are invited to come to the 24th literature that you may know more about the great work of the Red Cross organization.

A patriotic conference will be held at the Seelbach hotel, in Louisville, August 17 and 18, under the auspices of the State Council of Defense. This meeting is intended to organize a speaking and instruction campaign that will reach and arouse every citizen in the state to do their duty during this great crisis. The public is cordially invited to attend.

Arthur Mullins, of this county, who was serving a term of ten to twenty-one years in the Frankfort State prison for killing George Shelton, in Jackson county, in 1915, was pardoned by Gov. Stanley on last Wednesday. Mr. Mullins is a son of John C. Mullins, deceased, who was Deputy U. S. Marshal for many years. O. C. Williams secured the pardon.

Mr. D. B. Langford died at his home near Olatado, Tuesday after a confinement to his bed for only a few days, yet he had been in declining health for several months. The deceased had a complication of troubles, yet his chief affliction was of tubercular nature. A wife and several children are left to mourn the loss of a devoted husband and father. The burial took place Wednesday, with Masonic honors, at the Cove burying ground.

**OIL NEWS**  
Shaffer Oil Co. are now drilling a well on H. M. Mink's farm, and are down 206 feet. They found a large vein of soft water at 170 feet. Formations are coming in regular and the owners of this well feel greatly encouraged.  
Shaffer Oil Co. well, on Geo. Lovell's farm, was drilled to a depth of 935 feet, and had a strong flow of gas and good sand with indications of oil at 90 feet.

**LAUREL COUNTY OIL NEWS.**  
Shaffer Oil Co. are arranging to start a well at once near Laurel Chapel, near the end of Sublimity pike.

White and Huff are starting a well on Wm. Reams' farm. Atlantic Refining Co. are drilling a well on Jarvis Jackson farm.

Laurel Oil and Gas Co. are drilling a well on Dr. Bross' land. Well drilling near Lily, and owned by J. H. Jackson, is down to 1100 feet, and expect to reach oil sand at a depth of 1600 feet.

**FAIR NOTES.**  
The 1917 exhibition of the Mt. Vernon Fair was a good one. The floral hall exhibit was not up to the standard but yet it was a most creditable show.

Considering the many disadvantages under which the association had to labor this year, the fair scores, etc., the 1917 exhibit pronounced one of the best.

Hess Parsons makes a dandy ring master. Next week will appear a list of the premium winners.

The Red Cross march was topped by the heavy storm Thursday.

The only accident of any kind occurred during the storm when a boy drove a buggy against an automobile. The machine which was driven by Roy Sowder was standing still when the buggy hit. No one hurt.

The show rings of good mules was hard to beat. There was a splendid exhibit of cattle.

President G. D. Sutton worked hard and deserves especial mention for his efforts.

Secretary Louis Cooper was the right man in the place and gave satisfaction to all.

Bill Fish, who is always on the job, should be commended as one of the boosters and hard workers for the Fair.

Mr. Vernon had some as good show rings as will be seen at any of the country fairs.

Don't show to the world that you are a fool by kicking on the county fair because it is not as big as the State Fair. It is lots bigger than the knacker.

The county fair is a benefit to the farmer, the business man and every line of trade or profession.

There are some few however who will say not so, but their negative answer is due to their selfish, unprogressive make up.

Robt. Spence, the County agent, was here and spent three days of splendid service with the farmers.

Mrs. E. R. Gentry, the county agent for the canning clubs had a splendid exhibit of her work.

Chas. C. Davis spent three days right in the ring, where he is at home and no one likes it better than he. Charley is the man who had most to do with starting the fair.

Bob Walker, Bud Dunn and W. C. Allen were here and each had a bunch of good horses.

The automobiles were numerous and each did a very good business.

The storm Thursday afternoon brought the crowd to the amphitheatre which gave that new structure a test of its strength.

Many got a soaking Thursday afternoon but every one was so glad to see a good rain that all were glad to take it as it came.

Red Cross Tag Day at the fair was a success.

Bowen's Greater Shows furnished the attractions for the week. This is one of the biggest Carnival shows on the road. They have some good attractions and above all the men in charge are strictly fair and honest in their dealings.

Mr. McCarty, the secretary, it a high class gentleman and conducts the business of the company along high class lines.

Mt. Vernon had a number of visitors, whose names we failed to get this week.

For three months the Signal force has hardly had any rest day or night, and that all might have a little time off and also take in the Mt. Vernon Fair, we are, of course, necessarily late, but since the election and fair are over, we hope to get back to normal, and accidentally, we want to remind our correspondents that we want to hear from you next week. Please don't disappoint us.

Williams Stock Company have been in town during the week. This company always receives a liberal patronage in Mt. Vernon.

The automobile drivers were a nice bunch of boys and deserve much credit for the good sense with which they acted in handling their cars.

Mack Hughes got a little sore when he lost out in the \$75 road race ring, but there was nothing else for Mack to do except kick just a little. He soon got all right.

A more orderly crowd could not have been brought together, than the one in attendance each day of the fair.

A supply of booze reached the grounds just about the time the fair closed but by dark Hotel Keeper Winstead had more guests than he could well accommodate.

Most of them, however, not well pleased with their quarters, were given an opportunity to settle their bill by 12 o'clock and hunt better quarters for the night.

If you want to know hard it rained on Thursday, just ask John F. Healy. He can tell you all about it, and then some.

The Kentucky Sunday School Association (Interdenominational) will be held at the Methodist church at Brodhead, Ky., Aug. 24—1917.

We the committee on recommendation submit the following report—

First—We recommended that the Compulsory School Laws of the State be strictly enforced. We further recommended that the County Board of Education furnish to each teacher of the county sufficient blanks for all necessary reports and that each teacher be required to report to the County

Board of Education Semi-Monthly the names of all children who are out of school, stating cause for their absence and that the County Board of Education serve immediate notice on all parents or guardians who are found fully evading the law.

Second: We recommend that all school buildings to be built in the county, be built according to modern plans, and that location, style of house, ventilation and lighting be given due consideration.

Third: We especially recommend the active personal work of the teacher in securing attendance and stimulating community interest.

Fourth: We recommend that a copy of these resolutions be printed in the Mt. Vernon Signal.

J. L. Pilkenton, Chair.  
Miss Viola Redford, Sec.

To my friends and fellow Republicans:

## Always "On the Job"

The right kind of clothes at the prices are almost enough to sell themselves. But there's another factor -- the personal element.

Let's of people come here to buy because they're sure of going away with a smile. And a customer's smile is worth as much to us as our profit on the goods he buys. The satisfied person comes back.

The size of a purchase is only an item. We figure that a ten-cent sale and a pleased customer are more valuable in the long run than a ten dollar sale and a "never come back."

Make us prove our willingness to serve. Our stocks are especially attractive right now.

Your friend,

I take this means of thanking my friends for the loyal and enthusiastic support they gave me in my race for the Republican nomination for Sheriff. You did me good service and by your help I won the nomination over my opponent by a good majority. This was a republican contest, in a republican primary, and every republican had the right to vote as he thought best in making a nomination for the office of sheriff. I have the kindest feelings for all who opposed me, and when I enter upon the discharge of my duties as sheriff it is my purpose to treat all alike.  
Very sincerely,  
TIP LANGFORD.

**GERMAN "VICTORY"**

Still another "victory" has been obtained by German airplanes over the sea coast "fortress" of Portsmouth and Harwich, and it is certain that another English outcry or reprisals will go up. More non-combatants have been killed; and Germany will be alive with the news of this great achievement. The recurrence of these raids makes it appear that civilized opinion with respect to reprisals may have to be revised in the near future.

The raids over the "fortress of London" have been pointed out to the German people as great victories. They continue to believe that one way or another Germany will be able to defeat the Allies; principally through attacks upon British undersea and in the air. The German people cannot judge the sophistry of such reports; and there is no question that the German morale is considerably bolstered by these false tidings.

From the beginning civilization has turned its face steadily away from reprisals in kind, rather preferring to await the end of the war, when the Hun could expiate his murders in the disguise of all mankind. Civilization has been inclined to let the Germans see in his isolation after the war the feelings born of brutal murder and rape. It has been thought sufficient that for generations Germans will be shunned and avoided. Immediate punishment in kind has been thought too barbarous for adoption at the hands of a civilized people.

Amidst the moans of bereaved mothers and orphan children in the coast towns of England and of London, we now hear definite demands for reprisals, based upon elemental humanity. Revenge for those who are dead is wanted, coupled with the belief that in a vigorous attack of the same character is the best defense against German method. Mothers of England demand that some notice be paid the air raiders in order that they may hope for cessation of the death rain from the sky.

Into this purely natural demand for revenge, comes the thought that unless some action is taken to persuade the Germans that Britain also can fight in the air, the benefits to the German morale from these raids and the lies that are published concerning them in Germany, will work strongly against the Allies. A stern lesson as to England ability to avenge these murders might have an effect far beyond a superficial calculation. At all events, England soon must decide whether or not to fake reprisals in which case she scarcely will seek the advice of anyone without her borders.—Times.

The Annual Sunday School Convention of the Rockcastle Baptist Association was held at Livingston last Sunday. A good crowd present but on account of the intense hot day and another all day meeting nearby there were not so many present as was anticipated.

The program was well carried out with a good time enjoyed by all who took part. The following resolution was adopted: Whereas, The Mt. Vernon Fair Association has advertised whiskey in its 1917 Catalogue, on two pages, we, the Messengers of the Rockcastle Baptist Association, assembled in session at the Annual Sunday School Convention, at Livingston, Ky., do rigidly denounce such an insult to the people of a free territory, and use that all dry issues be free of such.

**Health  
About  
Gone**

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive daily. One from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was great, and he had tried other remedies, Dr. — had us get Cardui, a Bagon Improver, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

**TAKE  
CARDUI**

**The Woman's Tonic**

She writes further: "I am in splendid health, can do my work. I feel I owe it to Cardui for I was in dreadful condition." "If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health. The Mrs. Spell. Give Cardui a trial."
