JAS. LANDRUM, Agent, Phone No. 8. Entered at the Mt. Vernon, Ky., Postoffice as second-class mail matter.

PERSONAL

Frank McFarlan is home for a few days from Cleveland, Ohio. Mrs. M. Hayes, of Bryan, is visiting relatives and friends at this place. Little Miss Margaret Mertzick has been very sick this week, but is improving now. Mrs. W. H. Fish has been very sick during the week with a severe case of tonsillitis. Mr. and Mrs. J. B. Noy have been with relatives in Harlan county for two weeks. Homer Sprocket and Will Thompson will return to State University next Monday. Mr. and Mrs. P. H. Shetts are here from Indiana visiting Rockcastle friends and relatives. James Baker, of Crab Orchard, was here this morning en route to Pineville with some horses. Miss Rissie Williams returned yesterday from a several weeks stay in Indianapolis and Winchester, Ky. U. G. Baker, "King of law prices," was in Louisville adding more merchandise to his big establishment. Bernard M. Franklin is visiting his grandmother, Mrs. Franklin, and his aunt, Mrs. Bell, at Lexington this week. Geo. M. McInnis is in Cincinnati this week having his Fall and Winter goods. Miss Ruth Mullins will take John Lair's place in the faculty of the graded school. Mr. Lair has been drafted for army service. Mr. and Mrs. J. C. Moore have returned from Somerset. Mr. Moore is but little improved. Mrs. Moore is better from injuries caused by her fall. Miss Bernice Anderson left for Tucson Ariz., Saturday where she will teach school this year. She was accompanied by her sister, Ruth. Messrs S. E. Holland and H. C. Gentry attended the Baptist Association at Clear Creek Tuesday and Wednesday as delegates from the Mt. Vernon Baptist Church. Mrs. W. A. Cox and daughter, Miss Annette, Miss Louann Whitehead, Hecker Jones and Cox motored to High Bridge and on to Lexington, Monday. They had a most enjoyable day's outing. Our old stand by Jim Mar et drop in from Winchester to remain until Sunday. Road forces are scattered to hemp fields during the present week to aid in saving the crop and draw double wages.

Mr. and Mrs. Frank L. Chance, Dr. and Mrs. Oscar Jones and Miss Mary Canon, of Indiana, plus, were visitors to our town yesterday. They had been at London the guests of Mr. and Mrs. Frank Maris going through to Indianapolis with them. Mr. Chance is connected with the advertising department of the Indianapolis news.

W. O. Jones, who has served in almost every capacity on the New York City Police force and who is now a citizens clothes detective for the police department of that great metropolis, is here to see his mother and spend his vacation. Bill stands well and a valuable man in that service, which is evidenced by his rapid promotion and the many favorable comments made upon his splendid work in the big duties of that city. Bill knows what and how to do it and best of all has the nerve to go where duty calls.

Miss Louise Landrum spent Thursday in Louisville. Ivan Roberts left Wednesday for Detroit, Mich., where he has a position.

LOCAL

See J. Fish & Son for all kinds of McCormick and Deering repairs. Mt. Vernon is proud of her picture shows at Boone Way Opera House.

Oil men from the various states still tack their faith to Rockcastle as to its being an oil field. Brown and Craig have shipped already three car loads of buck wheat at an average of about \$1.35 per bushel. The local draft board have rented rooms over Cox's store and will have their office there instead of in Bothmann and Lewis's office. A county road engineer and a county agricultural agent are two personages of much importance and value to any county. Judge L. W. Bethlam has resigned as a member of the local board for the Selection Draft and Dr. Walker Owens has been appointed in his place.

NOTICE—I have moved to my own property on Old Main street back of court house. Will serve meals at same price. Sept 4 Miss C. D. PRICE

Contracts were awarded Saturday for a bridge across Round stone creek at Roundstone on Dixie High Way and also a bridge over the same creek at Langford. Any Caning Club member or others desiring tin cans, please notify me in case as supply is running low. MISS E. R. GENTRY, Home Dem Agt.

J. M. Craig sold to some Harrodsburg parties this week, 134 stock ewes at a little better than \$15 per head. These were extra good ones, but at that there is no good about sheep bringing good prices.

Floyd Miller has purchased the residence of Sheriff Cam Mullins on Newcomb Avenue. Consideration \$1,250. Mr. Mullins expects to buy a farm close to town. The sale was made by Chas. C. Davis the local real estate agent.

The Tri-State Telephone Co., of which Chas. A. Chandler and Dr. G. S. Brock of London are chief owners, have purchased the interest of John Crouch in Rockcastle, Laurel and Clay counties, including the London exchange.

The merchant, the professional man or anybody else for that part, who never spends a dollar with the local paper, for advertising, letter heads or anything else should be very modest in their expectations of free advertising.

See Roscoe Futtie Arbuckle at Boone Way Opera House Friday night Sept. 14th in a Three Reel Stage Stick Comedy, entitled the "Rough House". Also a 4 Reel picture entitled "Bachelor's Romance". Show starts at 7:30. Admission price 10 and 15 cents. This we believe will be a good show.

Laurel county people have raised by public subscription something over \$2000 to help finish Dixie Highway through Laurel and Rockcastle counties. Livingston has donated about \$250 to this fund. Mt. Vernon aid Rockcastle citizens should awake and do what we can to push this important highway through.

The Graded School opens next Monday, and the Langdon Memorial will open Tuesday. Parents have the children ready for opening day. It is for their benefit that they start on time and let us hope that every child in the district will be in school every day during the term and that nothing except sickness will prevent their being there.

CORRECTION—I wish to correct a mistake which the Hope well reporter made in last week's paper. The little six year old daughter of Mr. and Mrs. Harrison Ramsey did not get run over and knocked down by older pupils at school, but while playing with some little girls near her own age and size, fell and broke her arm. LOYD MINK

The Editor Mt. Vernon Signal, Mt. Vernon, Ky.

Dear Sir:

As per list furnished you, 6 young men from this county will appear early Saturday morning and September the 8th, for Louisville, there to enter the service of the United States as part of the New Army, to which the President refers when he says: "It is a selection from a National which Volunteers in Mass." These young men are the first of those who will represent Rockcastle County in the new Army. They go willingly, to defend their Homes, their Country, their State and their Nation, and yours and mine as well, quite as much and quite as decidedly as if those with whom this country is at war, were preparing to attack or had attacked our boundaries; for it has been definitely proven that Germany intended to attack the United States as soon as she had had a fair turn, France, Russia and England. By sending our men to France we are helping to frustrate this plan, and are helping to keep actual frightfulness of War from our own soil.

For this reason, as is being done at other points, we would suggest that as many people as possible be at the station on Saturday Morning September 8th a little before 3:43 A. M. the time that Train 24 is scheduled to leave and in a quiet and orderly manner bid them Thanks, God Speed and Good Luck.

THE LOCAL BOARD

The following named men are hereby ordered to report at the office of this Local Board for military duty and for transportation to a mobilization camp. The time they must report is 10:40 m., on September 24, 1917. John Speed Hamilton, Wade Deatherage, Fred Hatcher, Ed Albright, Evert A. Kirby, Victor Price.

FOR SALE—A 2 h p gasolene engine in perfect condition, will be sold on guarantee. Can be bought at a bargain if sold at once. See George Owens at Mt. Vernon Monumental Works, or apply at this office.

THREE WOUNDED NEAR MINE

Middlesboro, Ky., Sept. 3.—L. B. Gunn, Superintendent and six workmen of the Lower Lignite Coal Company, located five miles from Middlesboro, were fired upon by what was supposed to be anation sympathizers this morning as they were going to work. About 200 shots were fired. Three men were hit. Gillus Johnson is thought to be fatally wounded, and L. B. Gunn and another man are slightly wounded. The shooting was from ambush and on the opposite hill from the mine.

CHURCH COURT

A good portion of the week has been consumed in the trial of equity cases. The suit of the Bank of Mt. Vernon against Root Auld, the jury failed to agree. John Parcell was awarded \$125 damages against the co-defendant. The damages were claimed for that portion of Boone Way between Mt. Vernon and Broadhead, known to the traveling public as the Parcell hill. From a standpoint of road it would have been much better had it gone straight than around the hill the way it does go.

Amanda Thompson was granted divorce from Adon Thompson. The American Agricultural Co. was awarded judgment against K. J. McKinney for \$27.65, which the defendant admitted. The case was tried something over a year ago and that, like the American Chemical Co. case, but when the case went to the Court of Appeal, was reversed. Last week we reported the case of G. W. Marler against W. M. Bullock and stated that Mr. Marler brought the suit. We are corrected on that statement, as Mr. Bullock brought the suit instead of Mr. Marler.

L. Schneider was awarded \$2000 against the railroad company alleged damages sustained when he fell into an open ditch at Broadhead during the fair in 1916. This is the second trial of the case. In the first trial he was awarded \$500 which judgment was reversed by the Court of Appeals. This case will also go to the Court of Appeals. Court will adjourn to-day.

"HIGHWAYMAN" VISITS US

The Messenger office was visited by a Highwayman Saturday. However, he did not want to hold us up. We refer to Col. James Maret, the man who "invented" the Boone Highway a proposition certain to prove to be one of Kentucky's greatest blessings. Col. Maret, in addition to being the chief promoter of the Boone Way, is superintending the roads in Clark and other counties. He is thoroughly posted on the business and can roll off road talk by the yard.—Danville-Messenger.

F. Krueger was awarded contract for macadamizing Boone Way from Lincoln Hill to Livingston. From a point near Pine Hill to Broadhead, stone will be used, from Broadhead to Lincoln Hill and from near Pine Hill to Livingston gravel will be used. The contract price for metal is \$2.00, and for gravel \$100. We hope to see the work start without a moments unnecessary delay.

Mr. F. Francisco, who for many years ran the Broadhead hotel, was known as one of the best hotel men between Louisville and Jellico; has been in Mt. Vernon during the week looking over the Mt. Vernon hotel property, recently vacated by Mrs. D. C. Price, with a view of coming here. We have not heard what Mr. Francisco's final decision is.

Logan Johnson, who shot and killed his brother in law, Andrew Hasty, near South Fork last Wednesday night, was tried before Judge James G. Baker Saturday morning and acquitted on the testimony of Commonwealth's witnesses. His widow testified that she had gone to the home of her father, Bradley Johnson, for protection. Parker Hasty, 16-year-old son of deceased, stated that he carried the message from his father to his mother telling her if she did not return home he would kill her and the whole Johnson family. As stated in Friday's paper, Hasty was on his way to the Johnson home, shot gun in hand, when Logan Johnson met him with his knife. Hasty raised the gun to fire but Johnson was the quicker and fired one shot, making a wound in the abdomen, from which Hasty died two or three hours later.—Inquirer Journal.

RED CROSS NOTES

Our Chapter has received 59 pounds of olive drab yarn and quite a number of sweaters and mufflers are now being knit. We have so far received a few bundles showing the progress of these articles. If all this yarn was used for sweaters we would have 100 sweaters, but as part of it will go to make mufflers, we will need 25 or 30 pounds more of this yarn to complete our quota of one for each in an effort to be ones from this county. Our supply of 25 pounds of extra wool will arrive next week, then the sack and wristed knitters will be ready to commence work. The congestion of shipping and slow progress of inspecting and repacking makes it very important that all this knitting be done before October 1st. Come to town, see the knitting and get a line. Knitting is more popular in the county today than ever before. Our women have come forward united and resolve to do their part in sending comfort and good cheer to our soldiers. They fully realize that we can't do too much for our men from the south and that frozen trenches in the North during what will likely be a long hard winter. If so those of home will give the Red Cross their blessings and not one will be denied the comfort of those knitted articles so valuable to them.

CHATTEE COURT

A good portion of the week has been consumed in the trial of equity cases. The suit of the Bank of Mt. Vernon against Root Auld, the jury failed to agree. John Parcell was awarded \$125 damages against the co-defendant. The damages were claimed for that portion of Boone Way between Mt. Vernon and Broadhead, known to the traveling public as the Parcell hill. From a standpoint of road it would have been much better had it gone straight than around the hill the way it does go.

Amanda Thompson was granted divorce from Adon Thompson. The American Agricultural Co. was awarded judgment against K. J. McKinney for \$27.65, which the defendant admitted. The case was tried something over a year ago and that, like the American Chemical Co. case, but when the case went to the Court of Appeal, was reversed. Last week we reported the case of G. W. Marler against W. M. Bullock and stated that Mr. Marler brought the suit. We are corrected on that statement, as Mr. Bullock brought the suit instead of Mr. Marler.

L. Schneider was awarded \$2000 against the railroad company alleged damages sustained when he fell into an open ditch at Broadhead during the fair in 1916. This is the second trial of the case. In the first trial he was awarded \$500 which judgment was reversed by the Court of Appeals. This case will also go to the Court of Appeals. Court will adjourn to-day.

SOLID OIL

the Lamp Oil that Saves Eyes

Nothing is more improved in the June than this solid body kerosene. It is the best and only kerosene that will give you the most light for the least money. It is the best kerosene that will give you the most light for the least money. It is the best kerosene that will give you the most light for the least money.

Chas. C. Stoll Oil Co. Lexington, Ky. Sole agents for Boone County, Ky. We sell the celebrated "No. 1" lamp oil.

THAT SETTLED HIM.

He—I hear that your husband left you very well fixed?
She—Yes, I should say he did. He left me his money with the provision that, if I married within six days, it was to go to a hospital.

GOOD FOR WILLIE

Willie—Only one boy spelled her name today, you know?
Pop—How was that?
Willie—We was the first two in the class.

LUther Burbank Chooses Sonoma County for His Experimental Farm

Does this mean anything to YOU? It means that Sonoma County offers ideal conditions for the growth of a very wide range of crops. It means that it is a good farming section for YOU. Here is one of the great poultry centers of the world; one of the best early apple plants, cherry, pear, berry, dry wine, hop, and general farming districts in California. There is plenty of rain to make these crops sure.

YOU CAN SEE THIS COUNTY WITHOUT LEAVING HOME

We have issued a beautifully illustrated booklet telling of Sonoma County and of the opportunities there for YOU. Send ten cents for this booklet and a sample copy of SUNSET MAGAZINE—the one big National Magazine telling of the life and development of the West.

SUNSET MAGAZINE SERVICE BUREAU, SAN FRANCISCO

LIVINGSTON

Mrs. G. D. Cook is much improved at this writing.—Mr. and Mrs. J. T. Omary and children, C. J. Rice, Misses Lydia Cook, Sallie Cook and a Miss Pain mortored to high bridge Tuesday.—Mrs. H. O. Wagner and son have typhoid fever and are very sick. J. F. Dees is repairing his property on Main Street.

Rev. Baker filled his regular appointment at the Christian church Saturday and Sunday.

James Poynter and A. C. Carpenter, Mr. and Mrs. Ben Hoffman attended the Baptist Association near Berea Monday and Tuesday.

—Mrs. T. J. Nicolety and children, of Mt. Vernon, was here between trains Sunday.—J. L. Pickett has moved his family into the J. H. Walton property on Main street recently vacated by W. E. Gray. Ed Asher went to Berea Tuesday to visit relatives and attend the Association.—Mrs. George Smith has returned from Corbin after a few days visit with relatives.—Mr. and Mrs. Claude Griffin of near Mt. Vernon, were here Sunday and Monday visiting relatives.—Mr. and Mrs. Clyde Clancy have moved back to our town, Livingston, may not be the best place on earth but it has been the cause of many home sick people when they get away from here.

his family back to our town.—Edgar Cottengim, who has been taking a few days rest has returned to Paris.—From what we gather, work on the Dixie High Way will begin in a short time in earnest. There is only a short gap in Rockcastle county yet uncompleted, and if all concerned would put their shoulders to the wheel and all roll to gether, it would be but a few days until the road could be completed up the river and the road connected.—Judge H. Witt, who has been very sick for some time and who has been in the Richmond hospital returned Wednesday somewhat improved.

Mr. and Mrs. W. G. Nicolety, proprietors of the Eight Gables Hotel, gave a dinner to the following old folks Wednesday: There were present J. S. Calloway, age 70; Robert Adams, age 75; B. F. Owens, age 75; J. H. Owens, age 70; Mrs. J. H. Owens, age 70; and Mrs. Martha Carnellus, age 84. At this time it is almost impossible to get a crowd together of the ages they represent. Some carried their canes and one his crutches, and as we looked on this gathering it made tears come in our eyes to think so many of their comrades had gone; and only a few that represented these ages are permitted to be witnesses.—Mrs. Roy Fenwick and children have returned from Lebanon after spending a few days with relatives at that place.—Mr. and Mrs. Clyde Clancy have moved back to our town, Livingston, may not be the best place on earth but it has been the cause of many home sick people when they get away from here.

the latter part of last week.—S. C. Carter and family mortored down to Springfield a few days ago, but every street has its bit, so the fence got too close to Dock and he ran a wheel in it.—Ed Herd has moved his family back to our town from Richmond and will work third trick at the depot.—Our Graded School began Tuesday. The following composed the faculty: Prof. Webb and Mrs. Webb, Miss Grace Large and Mrs. Bonnie Pike. Prof. Webb gave satisfaction last term and with the splendid corps of teachers this term, we look forward to a good school. The Professor is the right man in the right place and knows how to handle a school to the best advantage. We think the district can congratulate themselves on being so fortunate as to be able to secure his services this term.

—Mrs. Theo. Graves, of Winchester, has returned home after a few days visit here.—Mrs. F. M. Falas and children were in Corbin Tuesday.—C. E. Rios has moved back from Ravins and has gone into the merchandise business with J. P. E. Drummond.

—B. C. Mullins, better known as "Ship", will move his family to Paris, where he has a job as conductor.—Mr. and Mrs. C. A. Blanford and daughter and John Albright, of Mt. Vernon, mortored over to Parksville Sunday.—Mrs. David Owens has moved into the property of Dr. R. C. Webb, on high street.—W. M. Brady has returned from Chicago, Ill., after a few days stay in that city.—An auto party composed of the following persons, left here

for Lexington Sunday: Mr. and Mrs. G. S. Griffin and children, Mr. and Mrs. Thomas Jones and children, Claud Griffin, of Mt. Vernon, and Miss Ethel Hayes, of this place; Mr. and Mrs. Jehu Griffin, of Sinks, and Mrs. Robert Griffin. They report that they would have had a nice time if it had not been for the blow-outs, punctures and one in the party who came in contact with a bridge and had to leave his car behind. We learned that they got stalled in the mud near Brodhead. A portion of the crowd purchased tickets and came back on 21.—Mr. and Mrs. O. E. Lford and children, of Danville, after a weeks visit with relatives here, have returned home.—Rev. Dan Mullins and Rev. Joseph Stanley closed a series of meetings on Gauley branch last Friday night.—Miss Mary Hayes, of Berea, is visiting relatives at Livingston, Mt. Vernon, Wildie and other points.—Uncle E. F. Nicolety has returned from Leyd Green and Mt. Vernon where he has been visiting relatives. He was accompanied by his daughter, Mrs. Martha Owens, of Leyd Green. He will return in the near future to his home in Indianapolis.—Our old friend, Jim Marsel, tells of the many thousand miles he has walked in the last year in a pair of shoes that he purchased from J. Flat & Son at Mt. Vernon, and it seems that he is angry because they are wearing out.—We want to say to our friends that shoes are like a great many other things, they wear out with the using, and they will carry the amount of baggage that

you once carried by here, it is no wonder. You have no cause to grumble at your shoes. Mr. Fish nor any other merchant will sell shoes for a man to wear that carries more goods than a pair of motor trucks. He also states that he is the proud owner of an old pistol of an early pattern, but we will bet that Mr. N. C. F. can duplicate it for he has some that the old cave dwellers and mound builders own over.

WINCHESTER

By "J. M."

Nine-wagon loads watermelons were hauled into town Tuesday morning.

R. L. Collier was over last week from Crab Orchard, having work done at Dr. Myers' dental parlor.

Met with M. B. McClure, in Lexington, a few days since "Butch" is telegraphing for the railroad there when not visiting a young lady at Clay City.

There has not yet been adopted a suitable word to designate a telephone message or conversation.

There are being built "some where in America" two mammoth airplanes. The outcome of their action is being awaited with much interest by the few who know of their being in course of construction.

A Mt. Vernon canvasser will take the road at an early date for the purpose of placing before good roads people along Boone

the big new map of Kentucky, which shows all these highways very prominently.

On my return to Winchester, Monday morning, I found waiting a special delivery letter and a telegram from our good friend, Will Jones, of the New York detective force, saying he would stop of a few hours with the writer Sunday, while on his way to visit his old Rockcastle home and friends. I missed him, as I was in Mt. Vernon on that date. Will see him on his return trip north.

Was in Danville, Saturday last, to meet an old friend J. W. Slavin, of Thompson, Texas, who had been called there by telegram to attend important business affairs.

President William Goodall Frost of Berea College, had a splendid opinion on the battle of Richmond Dixie Highway and early days of Boone and Clay, in Madison and Rockcastle counties, for the August number of the Richmond (Va.) Motorist.

Capt. Sam M. Boone has presented the writer with a smoker's set including a cigar ash and match holder of a neat design.

Had a nice inspection trip Friday last with Division Engineer Caldwell and County Engineer Davis, of Lexington, in the latter's big touring car, over a good number of the Bourbon and Fayette roads. Fayette has a good mileage of asphalt and is getting down done. The reconstructed roads are costing from \$4,000 to \$7,000 per mile. The road from Lexington to Clark county line with government and State aid will cost from \$8,000 to \$10,000 per mile.

Rev. J. N. Ruddy, of Middleboro, has been held a series of interesting services at Central Baptist church, Winchester. A neat sum was subscribed to a fund for use in the vocational school at Middleboro.

Engineer Caldwell has returned from a trip to Woolton, Etcheco county, where he was sent to consult with Mrs. Rose McCord regarding some proposed bridges and roads in that locality. Miss McCord is always to the forefront in the good work pushing enterprises and good movements for the improvement and betterment of conditions in local communities where she resides, and what

The National Highways Association, with head office in Washington, D. C., have favorably acted upon and putting in force some ideas and suggestions given the Association by the writer.

The colored fair held in Lexington last week had an immense attendance from all surrounding counties and then some. The streets of Lexington, Friday and Saturday, were literally jammed. The capacity of passenger trains leaving Saturday evening and night was put to the limit. Two big coaches going toward Somerset carried 400 darlings on their way homeward. The general behavior of the fair attendants was remarkably good on all occasions.

The writer left Winchester Friday last, by auto Lexington that night by train to Danville. By auto Saturday to Mt. Zion neighborhood where he visited two of his sisters. Went to Stanford by buggy for noon train to Mt. Vernon, remained there half day and back to Clark county road work.

On train Sunday up from Stanford we met the veteran special agent, Egbert Wallin, who has been with the Queen and Crescent road for many years, having his headquarters at Danville. He is today one among the most valued employees of the line. All Rockcastle boys make good. Some day soon the writer means to give a list of some of them but can't promise to give all the names as that would take up some columns of the Signal.

The writer would be glad to see all our boys and girls who are now residents of other counties or States to send their addresses, giving their vocations, to him at Winchester, Ky. (temporary addresses). He wishes to use them in a later article to appear in Signal.

But start abusing the neighborhood hadn't U better take a little inventory and C what kind of a neighbor U R?

Came on night train via Livingston to Winchester, Monday morning. Searched the various buildings, rain barrels, the yard and pump house but couldn't find that rascally reporter to the Signal anywhere. Wasted an explanation of his threat made against the Boone Way man thru last issue of Signal. Now its more than likely he will try to make it appear that we "sneaked" thru his "stamping grounds" in the dark to avoid a meeting with him. We ain't "skereed" and are mighty brave—at a distance.

Saw Billy Fields and some members of his family in their big touring car in Stanford, Sunday last.

Was glad to learn that contract had been let for macadamizing Boone Way from Lincoln County line to Livingston. Getting a late start in the road building season,

of course, no great amount of this work can be done before winter. The process of putting metal on the road is necessarily slow, much slower than nine-tenths of the people are aware of. There will naturally arise more or less impatience among citizens who don't understand why work shouldn't proceed much faster. Of course some contractors are fasters than others. It is believed the contractor on this job will use every effort to push the work to the earliest possible finish. It's a big job and it is going to take time. Don't lose patience and throw in way any hindrance by criticism which might hinder instead of helping the work along. Criticism, given in the right way is often helpful. Do your bit in the encouragement of this big and far-reaching undertaking.

We hear complaints on the county—Rockcastle—that puts on two successful falls, yet there are a few of the citizens in her borders—mighty few—we are glad to say—who would be glad to see both make failures. People of that caliber are of little benefit to the community in which they claim citizenship.

Were you ever able to locate the hiding place of the restaurant or hotel water when you desired another dish or some additional service rendered? Its beyond us.

Passenger traffic seems to have increased since war opened. It is difficult, at times, to find even standing room in some of the coaches, night and day, on many trains.
