The new piano for the Christian church arrived last Saturday and is in every way satisfactory. The purchase was made from Mr. E. J. Ford, of Danville, who has for several years enjoyed a liberal patronage from this section, for the popular instrument held by him.

The Revival at the Baptist church which has been in progress for the past two weeks will close tomorrow night. Rev. Mr. Thosard Parsons one of our very best citizens and a resident of the Renfro creek section, who has been in very poor health for the past twelve months underwent an operation at Berea a short time since which seems to be most successful, considering the seriousness of it. Mr. Parsons had one of his kidneys removed and this vital organ was so badly affected that it had enlarged to a point when removed weighed eleven pounds. Mr. Parsons is greatly improving and feels that in due time he will again be a well man.

When you think of that Overcoat you need think of the good ones at Fish's.

Fred Dean, Sherman Mink Wade Deatherage and Thurmond Richmond, four of the boys who left on the second call for Camp Taylor, have been discharged because of physical reasons and have returned home. Fred Dean brings a very good report of conditions at Camp Taylor and one thing in particular that he placed special emphasis on was the report sometimes heard that the boys do not get plenty to eat. Fred said: "When any says we do not have plenty to eat, they don't know what they are talking about. We have a change almost every day; it is well prepared and we have plenty of it." Wade Deatherage said: "The boys who leave the Camp as they was to go Wade gained about 10 pounds during his six weeks stay. We did not get to see the other boys on their return, hence we are not in position to say how Camp Taylor agreed with them.

F. being bruised and Joe Mat having a sore on the shoulder and hips. Mrs. Cummins and Bohanan escaped injury. The car was considerably torn up. LIVINGSTON

Well, with wiper making its advent and the good old summer days gone and everything as high as a cat's back, what is the blazes is a fellow going to do? But right here we will make a motion if we can get a second and that is, that we go back and take up the old plan of living like our father's and mothers were raised to wear our brogan shoes, home made pants, and cut out a lot of style. Eat hog and hounny; use home grown tobacco and raise it ourselves. Even should we go back to the days when we ate milk and mush for supper. If this is what it takes to whip the cancer, we are ready.—Mrs. T. J. Nicely, of Mt. Vernon, was here between trains Thursday.—G. S. Griffin is in Louisville this week buying goods.—James Marot, the Boone Way man, has come out from behind his broom's worth and is now in the valley at the very top. He claims that he has us dead right and has the goods on us. He seems to think we have something on him and by telling us ghost stories will get us to hold our peace. But one of these days we will arise in bad humor and the will we be believed as a deaf and dumb school, and by the way, we will drop a little word of warning and that is, beware.—Judge L. W. Bethurum, of Mt. Vernon, was here between trains Tuesday.—A. J. Owens, candidate for county attorney, says he left Monday night in the interest of his candidacy.—W. A. Cox, of Mt. Vernon, candidate for county judge, was here Tuesday, shaking hands with the boys and telling them what good showing he had to be elected county judge of Rockcastle county and to present all indications point that way. We would be glad to see him elected as no one can say aught against him and we ask the voters to rally to his support and less elect him to that position.—E. H. Frith, of Brodhead, was here Friday to see the boys and to tell them that he is a candidate for sheriff, and here is where the water and our Brodhead friend disagree, for he comes out against him the defeated candidate, but it does not look so in this neck of the woods. Of course Mr. Frith's feelings run in a different path to ours but after the election he will say, and I will say, I told you. So almost everybody in the county knows Mr. Frith and can't say one night against him. Mr. Vetter, roll up your sleeves and let's elect Mr. Frith to the office he aspires.—Mrs. D. B. Rambo and two sons were in Louisville shopping Monday.—After an eight day visit with relatives here Robert Griffin has returned to Uncle Sam's navy. He claims he likes it fine.—Mrs. Geo. Pope has moved to Stanford and will make that city her future home. J. B. Hayse has moved into the property vacated by Mrs. Geo. Pope.—J. M. Foue has purchased a house on the corner of Walnut street, from Mrs. Geo. Pope, price not learned.

—Well, Mt. Vernon has electric lights and we have two.—Dr. R. Webb has installed a plant and now has electric lights. Mt. Vernon, where you lead we follow, and in the near future as the darkey said, we will be in the forefront.—Mr. and Mrs. Claude Griffin were in our town latter part of last week.—Mrs. Georgia McClure has been quite sick for a few days but is some better at present.—J. L. Hughes has moved his farm to Corbin and will make it his future home.

OIL NEWS.

A. H. Hamlin came in the first of the week from the oil fields of Jackson county bringing a most flattering report.

The Fisher Oil Co., brought in a 200 barrel well on the Sidney Landhart farm near the mouth of Rock Lick creek and about 8 miles from the Rockcastle line.

They have been pumping this well for several days. Two other wells on the same farm were dry. Five wells on the Isaac's farm had showings but none producers.

Phil Bosmas has received a splendid first prize panorama of the photograph of Company A. in which appears a number of Mt. Vernon and Rockcastle boys. The photo will be on exhibition at the store of J. Fish & Son.

CHAMBERLAIN'S COUGH REMEDY THE MOST RELIABLE.

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other.

Mrs. A. C. Kirstein, Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

WANTED—400 men to work in steel plant at Middletown, Ohio. Wages \$2.00 per day and out. These men are wanted for the shell shop, to make shells for U. S. Government. Apply to American Roller Mills, Middletown, O.

Oct. 11—3T. E. Abner, Agr.

Rockcastle's buckwheat crop is so large that many crops are yet awaiting the threshers which have been constantly on the job since harvesting time set in.

CROUP.

If your children are subject to croup get a bottle of Chamberlain's Cough Remedy and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.

Logan D. Taylor, one of the Mt. Vernon soldier boys in Camp Zachary Taylor, has written some of the interesting letters back to home folks and friends containing more information regarding camp life and the disposition of the Rockcastle recruits than any other writer in the county. These letters can be seen at the watch inspection Franklin's shop tract in McKenzie's store.

NOTE FOR THE CONSOLIDATION OF DUAL PHONE SYSTEMS

The voters of this county, in common with voters all over the state, will find on their ballots at the coming November election, the line for ratification of the constitutional amendment passed by the last legislature, providing that telephone lines should run through other telephone lines, for the purpose of eliminating the double system of phones which is now in vogue. First, public endorsement of the amendment has come from the Plankinton Chamber of Commerce, and similar commercial bodies all over the state are taking up the matter in the hope of securing a big affirmative vote. There is so little argument to be presented against ratification of the amendment that men of other than for four of any substantial opposition. The dual system of ratification is not feasible. It is a very annoying and absolutely unnecessary expense to keep two telephone systems in operation, and it is impossible to conceive of the people enjoying the idea. The amendment passed by the Senate with only one dissenting vote and encountered an opposition whatever in the House. The representatives of both parties recognized that only by means of this amendment could the construction cost the state be saved the annoyance and expense of two telephone systems in the same community. Some of the larger cities, particularly Cincinnati, New York and Washington, early recognized that two telephone systems were an unnecessary burden on the community and never granted to one than one company a franchise for a telephone system, with the result that every telephone user in each of these cities is in direct communication with every other subscriber.

In Kentucky, in the early stages of the development of the telephone business, numerous small companies were organized. They did not connect different kinds of equipment were used and the standard of maintenance was not universal, which retarded the advancement of telephone development in keeping with other states more progressive. Nearly every community in Kentucky has, at some time in its history, experienced a telephone war, as each side had its partisans, and the public has been deprived of the economy and economy that one telephone system affords.

The public interest is thoroughly protected under the proposed constitutional amendment, as no purchase can be made without the majority vote of the city council. The passage of the bill providing for the constitutional amendment and the practically unanimous vote it received in the General Assembly is evidence that it was passed in response to the widespread and popular demand for relief from present telephone conditions.—Paducah (Ky.) Eye.

SUTTON & McBEE
MT. VERNON, KY.

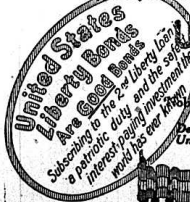

By Midnight Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 8 1/2 months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts:

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience.
3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

Children Cry FOR FLEASHER'S CASTORIA

FOR COUNTY JUDGE

W. A. COX

TO THE VOTERS OF ROCKCASTLE COUNTY:

As you are aware, I am a candidate for County Judge of Rockcastle County, and now appeal to you for your support. The Republicans are urging you to vote the straight Republican ticket.

My friends, do you as good and patriotic citizens think you should always vote one ticket, regardless of the candidate for whom you are asked to vote? Will you vote badly for the sake of party?

Voters, remember that ex president Roosevelt, twice president of this great Nation, ex-president William H. Taft, Charles E. Hughes, late candidate for president on the Republican ticket and Elihu Root, one of the most intellectual men in all the world, are now supporting an Independent candidate for Mayor of Greater New York. These are four of the most illustrious men of our age.

A few years ago fourteen thousand Democrats, voted for W. O. Bradley for Governor and elected him Chief Executive of Kentucky. Two years ago nearly as many Democrats voted for Edwin P. Morrow for Governor.

Last year thousands of leading Republicans throughout the Nation voted for President Wilson. If these men could fail to blindly follow the party wherever it leads, can't we in the good County of Rockcastle do likewise?

I promise you, if I am elected, I will look closely to the interest of the people of Rockcastle County. I will give my entire attention to the duties of the office. When you consult Mt. Vernon on business with the County Judge you will always find me at my post, ready and willing to discharge my duties. I promise you that if elected politics and creeds and personal friendship will not control my decisions, but I will render justice alike to the great and small, the rich and poor, black and white.

I will be guided alone by law and justice. Many Republicans have urged me to run and pledged me their support. I feel confident of my election.

Very truly,
W. A. COX

TO THE VOTERS OF ROCKCASTLE COUNTY:

Why do some people claim this county as their territory? What do they mean by their territory? Do they mean to say that you can not vote as you please? I believe that this county belongs to the people of Rockcastle county and they have a right and will vote as they please and will not be guided, by no party, or a few men. Why do they say it would be unpatriotic to vote except as they say? This is a free country and the good people of Rockcastle are not going to be dictated to by no party or "Bosses" to tell them how to vote but are going to vote as they please. If I am elected I will be sheriff for the people. I did not enter this race, just to make a race, I entered it to win, and I am going to win by the will of the people of Rockcastle. So you might as well get ready and get in the band wagon. They will tell you that I am on the Independent because I am afraid to come out under the party device. I never intended to make this race for sheriff until after being urged by a great many voters to make this

race. Then I decided to get in same and I am in to stay. If elected sheriff I will not have any man or set of men to run the office for me. I will be sheriff, and as I have said I am going to win by the help of the good people of Rockcastle.

Yours for sheriff,
C. R. FRITH.

To All Federal Post Administrators

A statement has appeared in Chicago papers that the United States Food Administration has the intention of reducing the hog price to \$10.00.

Chicago advises absolutely not to represent opinion or propose action of the Food Administration, which will take no steps to jeopardize live stock producers' interests.

THE SOLDIERS ON CAMP ARE WATCHING THE FOLKS AT HOME

Broader General Charles S. Zimmerman, now at Camp Sheridan, Missouri, Ala., sends this message to the soldiers on the Fourth Federal Reserve district.

The man who can but refuse to buy a Liberty Bond for the selfish, hoghish reason that he can get a greater income on his money elsewhere is certainly an American and patriotic citizen.

We call attention to the constitutional amendment to be voted on at the November election.

I read with much interest what your paper said about the amendment to be voted on next month, and hope you will make it clear to your people that if they do not vote they will be annoyed to death.

What Our Country's Fighting For

There is a story of singular beauty concerning a young French officer who, in answer to the question, "What are you fighting for?" stooped quickly, tore a piece of soil from the earth, pressed it to his lips, and exclaimed: "For France!"
