Master Jones Bennett Hiatt, son of Mr. and Mrs. Jones Hiatt of near town has been very sick during the week.

When writing your friends on the Dixie Boone Highway Post card secures and help advertise - Rockcastle County.

Clell Norton and Ben Bray have returned from Lockland, Ohio, and report lots of factories closing down on account of lack of coal to operate them.

The school of Miss Thelma Mullins at New Chestnut Ridge, reached the end of its term Wednesday. Miss Mullins has gone to Avoca to reside with the family of James Mullins, her father.

Dr. Walters, dentist, was here this week making his final arrangements to locate in Mt. Vernon. He will have his office over U. G. Baker's store and expects to be here within the next few days.

Mr. A. J. Thompson, who has been suffering from an attack of typhoid fever at his home on the Danville pike, just over the line in Boyle, is steadily improving and is now able to be up in his home - Interjur. Journal.

The Red Cross ladies put in two and three days each week working in the headquarters in dining room of Masonic hall over J. Fish's store. The men folk are invited to visit headquarters where they will receive a warm welcome.

A report comes from the Ot tawa section of this county that the snow has been so deep on a stretch of a hundred yards or more in the county in this section that a horse could not get thru. One man who attempted to ride thru it, got his horse down, and had a hard time getting it out.

A most interesting display of photographs of Camp Zachary Taylor, Louisville, and Camp Shelby at Hattiesburg, Miss., showing many of the soldier boys of Rockcastle, Laurel and Knox county, can be seen in the front window of Fish's store. These pictures attract lots of attention.

REMARKABLE FEAT: Ralph Griffin, son of Judge Griffin, of this place, who is taking a busy business course at Berea College, is reported to have, after two days study and practice, accomplished the feat of sending and receiving over a telegraph instrument, at the rate of five words per minute, to he had had no previous experience in the work.

THE ROAD SITUATION. -Replying to numerous inquiries as to prospects of the completion of Rockcastle roads during 1918, we would say that after investigation, we are led to believe the work will be pushed with all possible speed after road working season opens up in the spring. It is expected to have engineers in the field between Livingston and Smith-Parkers branch as soon as weather permits and to let contracts for the construction soon thereafter. The \$200,000 fund for the completion of this gap in the Dixie Boone is ready.

We learn from an authentic source that the Kentucky Producers Company, brought in a 25-barrel well on the Wilbur Cess Mt. place, four miles south-east of Mt. Vernon, a week since, of which no report was made for reasons known to the company. While there are many dry holes charged able to Rockcastle, it is firmly and confidently believed the well is here and will be found in paying quantities sooner or later. Indications are that there exists a pool of the valuable fluid underlying the territory surrounding the Brush Creek (Ordovician) territory in which the above mentioned well is located.

The Council of National Defense

Many of our young men assembled in training camps, who had never seen an improving Handic Rifle, or army bayonet, never heard of a land grenade or had any idea how a machine gun looked, are naturally slow to realize the vast importance of their learning the mechanism and use of the implements of war quickly and efficiently.

SOME of them had never fired a gun; some of them had never had any training in thrust, parry and fence or knew the first lesson in march, double quick and change. All these things and many more, in addition to target practice, are very important in learning to fight and when it comes to participating in actual warfare at the front, a soldier's chance for life depends in great measure on his ability to defend himself; his ability to give Fritz better than he sends, and in hand encounter be a master with the bayonet. In those things efficiency counts. It means that the best qualified wins out - come home with honors. Those who have not studied the lessons of war well; those who have not gone through the training in a whole-souled way; made the study of war a part of them; who have not learned to love their gun and not be afraid of it; that is, between them and the Germans, will be in the majority of those who never come back home. Mothers, fathers and sisters, are you helping these by writing them or by saying to them when you go to see them: Make good students, learn your lessons well, make a guarantee to defend yourself; learn to defend yourself; learn to kill and make a good job of it.

If you are, you are helping your boy or your brother to fight the battles that are before him in the future and come home crowned with victory. On the other hand if the loved ones and friends are writing: "I don't see you will not have to go to France; I have shed so many tears over your absence, we all miss you so much and wish you could be the 'boy homesick' and lowering his efficiency; making it harder to win the war. Think of the thousands of thousands of letters like this distributed in one train, going camp in a day! We know the influence it is having on those who should train with all their might, with their whole heart in the work. Training to fight and fight well is the important factor in this war from the army standpoint. Our soldiers are going to France; they are going to fight and the result of that fighting depends upon their efficiency. Let every one of us get the war spirit; let all of us back up the military force, help win the war and save the blood-bought liberty of our boys. We want peace and order and are willing to fight for it; willing to fight that peace will not only in our beloved land, but in every nation on the globe. We want the Boches and we will get them - the reward offered in "peace and liberty" and the reward is offered for them, dead or alive.

THE Boone Way man had a pleasant visit to Mt. Vernon Red Cross headquarters where the patriotic ladies were busily engaged at sewing machines and with knitting needles turning out first class supplies for the boys 'over there'. The knitted garments in last shipment forwarded by the receiving department at division headquarters, as E. (excellent) our Red Cross workers are up with the procession and are deserving of the highest commendation for their untiring and unselfish activity.

REVIVAL AT BRODHEAD BAPTIST CHURCH. The Pastor Rev. Geo. Childers will begin a 10 days revival Monday evening January 28th. On Tuesday night 29th the Rev. H. H. Wallace pastor of Stargis, Ky., will arrive and preach morning and evening throughout the meeting.

Bro Wallace is one of our very best evangelists and we feel indeed, fortunate in getting him. The public is cordially invited to attend this series of meetings.

Married Dec. 25th, Miss Anna Bell (dau. of J. S. West and St. Clair), to George F. Flynn, of Lexington, Ky. Mrs. Flynn was once one of Livingston's most highly respected young ladies, and has a host of friends here. Mr. Flynn has a splendid record from what we can gather, being a 32 degree mason, and up to some months ago was an L. & N. Engineer, but at present is with the other drafted boys at Camp Taylor, serving Uncle Sam as Sargeant. The people of Livingston join with their many friends with hearty congratulations and very best wishes.

RED CROSS. Rockcastle reports 728 adult members and 177. The membership is as follows: Brohead 206 adults and 116 juniors; Mt. Vernon 137 adults and 20 juniors; Livingston 116 adults and 41 juniors; Wildie 86; Brush Creek 26 and Hansford 24 adults each. Brohead has certainly done herself proud and to Mrs. W. F. Carter and Mrs. Bowling is due the largest part of the credit. They simply went out after members and stayed until they got them. Prof. Pittenton and daughter, Miss Lucille, were among the active workers. We want to congratulate Brohead on her splendid showing. As to Mt. Vernon we are not throwing any bouquets, but on the other hand very much disappointed at the very poor showing.

NAMES OF DELINQUENTS REPORTED TO LOCAL POLICE AUTHORITY. There is hereby certified the following list of the names and addresses of persons who have been duly and legally notified to file with the Local Board the questionnaire required by the regulations promulgated by the President of the United States under authority granted by Act of Congress, approved May 18, 1917, and who have failed to file such questionnaire:

DRASTIC ORDER TO RELIEVE COAL SHORTAGE

Americ's manufacturing enterprises, with but few exceptions, in all States east of the Mississippi River were ordered by the Government Wednesday night to suspend operations for five days, beginning Friday morning, as a drastic measure for relieving the fuel famine.

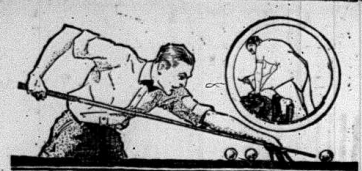

At the same time, as a further means of relief, it was directed that industry and business generally, including all normal activities that require heated buildings, observe as a holiday every Monday for the next ten weeks. This will close down on Mondays not only factories, but saloons, stores, except for the sale of drugs and food, places of amusement and nearly all office buildings.

The order specifies that stores, not drug stores, and private offices which are the principal places effected in this county must not burn any fuel on Monday 21 or any Monday thereafter for nine succeeding weeks. Banks, groceries, hotels, restaurants and public offices are not effected by the order.

ROCKCASTLE COUNTY COURT.

Call Term January, 11th, 1918. It is ordered by the court that the boundary between precinct No. 10, known as south Brohead so as to include in precinct No. 10, the following: Boundary beginning at the end of a long street of C. Owens, at the Brohead and Quail public road; thence a west course to Robert Taylor's farm including it, Thomas Taylor's farm, Luther Owen's farm and James Reynolds's farm; thence a west course across the lands of James Todd including it also the lands of Elbert Elders; thence a west course to the intersection of the Line Creek public road with the Casey public road; thence with said Casey public road to the Lincoln and Rockcastle county line; that all lands or territory north of said line as above set forth and described are now included in south Brohead voting precinct No. 10, and the place of voting shall be in the portion of the town of Brohead as is now established.

ARMY Y. M. C. A.
Brookhead, Ky.
Jan. 9th, 1918.

Mr. Editor, Mt. Vernon Signal: So many of the readers of your paper have seemingly failed to read and analyze the purpose and workings of the Army Y. M. C. A., it will be a pleasure to me if you will allow me, through your columns to give to the public what the best and greatest men of our nation think and say about the work of this organization.

I will begin by quoting President Wilson's Executive order "The Young Men's Christian Association has, in the present emergency, as under similar circumstances in the past, rendered its services for the benefit of enlisted men in both arms of the service. This organization is prepared by experience approved methods and assured resources to serve especially the troops at camp and field." Newton D. Baker, Secretary of War, says:

"For many years the Y. M. C. A. has been established as a prominent feature in army life in times of peace. The war however, has developed for it a degree of prominence far larger and a field of usefulness far wider than even its trends could have hoped." His President Taft says: "We should feel proud of Y. M. C. A. work so ably directed. Are we going to be backward in giving our men the nearest thing they get to a Christian home on the firing line?"

Ex-President Roosevelt says: "What the Y. M. C. A. has been doing in Europe has been really remarkable; and now our citizens should aid them to do work of the same type for our own troops."

Hon. Wm. Bryan, says: I place this Association [and the Red Cross] together for this reason, that the Red Cross is attempting to minister to the sick and wounded in the hospitals and Association is attempting to bring moral strength to the boys who are well, and spiritual consolation to the boys who are sick. It seems to me at this time when the nation is calling for so many young men to undergo that supreme test and that supreme sacrifice called for in the soldier's life, that they who are not called from the home and who are still able to enjoy its comforts, ought to be willing to contribute very liberally in order to make the way of those who are called easier.

When these boys go to the front each one goes carrying the hopes of a home, and every mother who gives her boy to the war is anxious that that boy shall come back home as good morally as he was when he went away. I believe it is just as necessary that they should be fitted with spiritual nourishment as that their bodies be fed. The government cannot do this, but this organization can." Secretary Lansing says: The war has been an opportunity for the Y. M. C. A. which was seized and turned to the best account."

Major-General John O. Ryan says: "Money can be turned over to the Y. M. C. A. with every confidence that it will be expended scientifically and along lines most acceptable to soldiers." M. G. Bell says: I regard the Y. M. C. A. as being as necessary as the Red Cross." Col. Milton J. Froman said: "Without the Y. M. C. A. as a helper I nowhere. I took 1,000 boys down to the Mexican border and they came back as clean as when I took them, because of its work."

To my mind the Y. M. C. A. is the answer of the religious and moral force of the Nation to the soldiers' need. With the skill of the expert and backed by years of experience, and based as it is on the principle of substitution, it seems to drive out evil propensities by substituting wholesome recreation, and to offset evil tendencies by introducing high ideals, and to give to every soldier the daily witness that everybody back home cares for him.

We are proud of what the Y. M. C. A. has done for our boys in the Louisville Cantonment. Our buildings were among the first completed in the entire country. They have served 150,000 boys during the war. They have been completely equipped for general use of our boys. Each

of the buildings has a large space for letter-writing, reading room, class rooms, and each building of this type has an auditorium which will seat from five to seven hundred soldiers.

In addition to these buildings there is also a central auditorium which will seat three thousand, and the combined administration building and store room. This makes a total of nine buildings erected by the Y. M. C. A. to serve our boys at Camp Taylor. Mr. P. C. Dix, secretary of the State Young Men's Christian Association has charge of the work at Camp Taylor. He will have about fifty secretaries under his charge. And the largest possible program of helpfulness will be maintained. Many of the strongest and bravest men in Louisville and in Kentucky will be associated with Mr. Dix in promoting the Y. M. C. A. program. Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary, of Louisville, will be the Camp Secretary of Religious Work, and he will have as assistant Rev. Paul Bagby who has for years been the successful pastor of the Highland Baptist Church in Louisville, Ky.

Mr. H. V. McChesney, of Frankfort, former State Sup't of Public Instruction, will be Camp Educational Work Secretary. I must stop, my article is already too long. Now with such men as we have referred to at the head of this great work, can't we be united? And open our ears and hear the tired, cold and mud-stained knock at our doors to night, and then with Christian eagerness all join hands and heart, and say, we will do all in our power to help the Young Men's Christian Association, to answer the knock for us in the camps and trenches where we can not go. Our boys (many) of them) will give their lives to make America safe.

Yours respectfully,
A. J. PIKE.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, men pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Broadhead Makes Fine Showing in Red Cross Work.

Broadhead, Ky.,
Jan. 9th, 1918.

Report for the campaign which has been on for the last two weeks. Adult members 26, Junior members 116.

We the committee of solicitors thank the people of Broadhead and these liberal countrymen of the surrounding neighborhood for the quick response shown by them when called upon to contribute to the Red Cross fund. We have had many difficulties to contend with, never the less, we feel that our work has not been in vain.

And that the Rockcastle boys who have gone on and those who are expecting to go will appreciate the Red Cross fund. These and friends are proving their loyalty to them by helping to send the Red Cross fund.

Every One of Them Said

"We'll Deposit Our Money with the

Peoples Bank"

This Bank pays all your taxes on your money on deposit, and, in addition, pays you interest on time deposits.

"Watch Us Grow"

It is an evident fact that we cannot all go to fight the Germans, but we can do our share at home by being patriotic to our government, and by supporting such organizations as the Red Cross and the Y. M. C. A.

The Red Cross cannot exist without money, but, what is the patriotic sum of one dollar we are called upon to give compared to our boys' hardships in trenches and on the battle field.

We cannot understand how some men can refuse to give the small sum of one dollar when that amount alone, may save a soldier's life, who is in this war fighting for that man's liberty as well as ours.

Some people say, I will send my money directly to the boy so I will know he will get the full benefit of it. Our boys do not need our assistance in that way, as they draw an ample salary sufficient for their needs.

Uncle Sam, will see that they have the proper food even if we have to make a great sacrifice at home.

Let us ask the question: How much good would the one dollar in a soldier's pocket do him and he lying on the battle field, his life's blood ebbing away? What he wants then is relief, which the Angel of Mercy the Red Cross, so quickly gives.

There are some people who seem to not understand the mission of the Red Cross, thinking perhaps that the solicitors and chapter officers receive a salary all of which is a mistake. And people who say such things do it either thru ignorance or are too close fitted to give anything to help the cause. And some such people are not being supported by the Government.

Another man says, he owes too many debts to help. Friend, if you ever owed a debt it is the one you owe the Red Cross which gives aid to the soldier that is fighting for the protection of you and your family.

CURED AT A COST OF 25 CENTS

"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizziness, and there was a feeling like heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."

JUDGE CAM MULLINS

Who took charge of affairs last week and is moving off like an old timer of many years experience Judge Mullins is not a lawyer but a long service and varied experience as marshal, railroad detective, sheriff, etc., which brought him in service of the courts, enables him to be able to handle all matters coming before him. He has promised the county a business administration and his friends feel confident that he will make good that promise.

BRODHEAD few days ago, where she is attending school.—Oliver Potts, of Lexington, was here last week, and while here sold his gasoline mill to Morris Phillips, and bought a tract of land from Mrs. J. M. Adams for \$150.—Mrs. R. S. Shivers received a letter a few days ago from Evangelist George Wood Anderson, who has just returned from France, to the effect that her brother, Jesse Gaylor, who is now occupying the front line trenches, was well and getting along nicely and the letter was written upon the request of her brother.—Little Geneva Ra-h who borrowed twenty-five cents in order to become a member of the Red Cross, received a letter from our old friend James M. a few days ago, and his check for \$1.00. Mr. Maret read out account of this occurrence in the Signal, and at the time we could not think of the child's first name, and merely said Mrs. Ellen Ra-h's little girl, and from this letter he addressed her by her mother's name, but the child got the dollar alright and is the proudest child in town, and asked us to express to Mr. Maret her appreciation for his kindness and to thank him for kind words in her behalf.—Born to the wife of W. J. Owens, a few days ago, a fine baby boy.—Rev. H. H. Wal-

LIVINGSTON

There will be three eclipses in this year, 1918. A partial eclipse of the moon, a partial eclipse of the sun, and a total eclipse of the Kaiser. This last eclipse will occur in Germany and the time the Kaiser will enter the shadow will be about the time Uncle Sam gets his flying machines, his army and his navy over there, which will be about spring.—Whoever saw a folding bed carried about in a suit case? Ask J. M.—Blow resistor winds, blow, and yet they they blow, and the snow keeps falling, and the mercury will play at and around zero, and we are informed by old folks (of course we are not old, J. R. take notice), that this is the worst winter in several scores of years.—Mrs. S. Griffin and children visited relatives in Mt. Vernon, Friday.—There will be a few days meeting at the Christian church, beginning the third Saturday in this month. The series of meetings will be conducted by the Rev. J. H. of Georgetown, Ky.—We said when the Red Cross campaign started we hoped for this to be a Red Cross town and what it likes is but little. The service flag can be seen displayed at almost every house in town and this is something to be proud of. All Livingston needs to come to the front is an opportunity, and what it did for the Red Cross proves it. Of course we have things said about us, but we can voice the sentiment of the majority of this town, and that is, we are for the Y. M. C. A. the Red Cross and U. S. always, and anything that we can do to help out the Kaiser out of business, show us the way.—Clara Griffin, of Mt. Vernon, was here between trains, Wednesday.—Mrs. Bessie McClure, of Mt. Vernon, has been visiting friends here for the past few days.—J. B. Hayes has been on the sick list the past week.—Willie Griffin, of Bakerfield, Mo., who is spending a few days with relatives here, went to Mt. Vernon, Sunday, to see his brother, J. N. Griffin, and from there will return home.—J. M. passed through here Monday on his way to Mt. Vernon. J. M. has been made a Colonel on the staff of the Governor as a good roads man. This is a high honor and we are proud to see our old friend J. M. in that position. Now, if the parties who promised J. M. an automobile would come across with a good machine, which he richly deserves, for he has done more to put the Boone Way on the map than any other man and should be rewarded.—Mrs. Maggie Witt, wife of Boss Witt, died Tuesday evening at 4:30 p. m., of cancer from which she has been a patient sufferer for several months. She leaves a father and mother a brother and sister and husband to mourn her loss. She was laid to rest in the Ward cemetery to await the call of her Master.—Miss Ella Mae Stanford, after a weeks visit with relatives at Parksville, has returned home.—Thomas Francisco, of Mt. Vernon, and a crew of men are repairing the Bell telephone line.—James H. Owens is very low at this writing.—S. E. Holland, of Mt. Vernon, was here between trains Saturday. He was on his way from Pineville, where he had been working at the carpenter trade.—Mrs. and Mrs. Robt. Mattingly and children, of Covington, are spending a few days with relatives here.—Mrs. G. V. Caloway and daughter are visiting relatives in Mt. Vernon this week.—John Walton, of has been quite sick for some time improves slowly.—Edgar Cotton-gin, of Oak Grove, Ky., is at home on a far-fetched and is looking well. He says he likes army life.—Mrs. J. M. Jones is reported sick.—Miss Panell Carter and Miss Marguerite Falls were with home folks Sunday and returned to Corbin, Monday, where they are attending school.—Judge Nathan Summers is on the sick list this week.—Mrs. E. B. Perkins, of Indiana, is visiting her mother, Mrs. David Owens.

FANKS FULL OF OIL.

There are several 50 barrel tanks full of oil in the oil collection of the county, but the weather has been so bad that further effort to locate the fluid has been declared off for a season. The Daniel Boone Co., Sylvester Newton and The Becker lease all have big tanks full of running over, but they can neither prepare for a pipe line or ship it away. It is very likely that no much work will be done in the

oil line until warmer weather, and then it will be pushed for all it is worth. The impression prevails that oil in paying quantities will be found on Mt. Reid's farm, where drilling has been done to a depth of about 700 feet and also on the Blain farm near Mastontville. Oil experts insist that oil underlies several sections of Lincoln county and say that neither work nor means will be spared in trying to locate it.—Interior Journal.

CHAMBERLAIN'S TABLETS.

When you are troubled with indigestion or constipation, take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the overburdened condition.

WOMEN IN THE WAR

Mrs. Philip North Moore Tells the Duty of Her Sisters in the Crisis.

By MRS. PHILIP NORTH MOORE.

Mrs. Moore, who is president of the National Council of the Y. W. C. A., is devoting her entire time to the work of peace and women can do more than any other force to conserve these resources.

A tremendous responsibility is placed upon the women of the United States. The thing we need today is organization. Our obligation is just as great as if the war were on our own borders...

What England Did. It is estimated that 500,000 women have gone out to work. They did not do so before the war. The number of women who have been substituted for men in industry...

From the women of the country it is almost entirely to be depended upon that we are not in this struggle for our life. That we follow the lead of the women of the world...

Today women are standing in a new position. They are doing the work of men, and they are doing it better. They are proving to the world that they are capable of doing anything that men can do.

WHAT VICTORY MEANS

Contributed by AGNES KEMPLEY. It would be well if every American would grasp the mind of two popular and peace-loving ladies. First, that the United States took up arms as a knight errant to right the wrongs of France and Belgium...

Second—that we extend to the bereaved family our deepest sympathy in their loss, and commend them to the merciful hands of Him who alone has power and right to give and take away, as see, eth beat in His sight.

Third—that a copy of these resolutions be spread upon the minutes of this Council, a copy furnished the Mt. Vernon Signal for publication, and a copy be sent to each one of the bereaved family.

The Ford GETS YOU THERE and BRINGS YOU BACK

Dear Mother— Will answer your letter, I received yesterday. Glad to hear from you and that you are well. This letter we will send and parcel. Not a letter from me the other day. We were all well. Have not heard from Ben for some time. It is an awful bad day here today, it is snowing. In some places the snow is drifted from 10 to 15 feet, and is about two feet tall over the ground. Don't know what we will do if it keeps on snowing. We have not been out of our barracks only to eat. Guess you are still in Mt. Vernon. We had an awfully good dinner to day. Had chicken. It's the first chicken we have had since I have been here. I had a fine time New Years. I wasn't kidding. People certainly think a lot of sailors there. They invite you to eat with them. Mother-in-law invites you. I had the best eating while I was there I ever had. It was the finest table I ever saw and they gave us money for car fare. I was there about three days. The people I was with told me to come any time. They are worth millions of dollars. They gave us parties and showed us the best time they could. People here haven't got the big head like they have some places. They treat you just like you was classed with them. The man we staid with was forty-five years old. Another boy and I staid with him. He had two girls, and they took us all over the city to show us and every where. Give all my love and answer soon. Guess I will be home some time in April, if I get my luggage.
