New Clothes for Easter

Get them early

THAT'S an established idea. Everything has the new look about this time; men usually like to be "in it," too.

Your spring suit—the one we know you'll pick out as the best one for you—is here ready for you to wear. It's a FISH SPECIAL suit, of course; we know you want something good.

Don't wait until somebody else has taken the one you want.

Easter comes March 31st.

Get ready now in clothes and furnishings.

Next time you are in town come in and see us. We're glad to show "the goods" as we are to "sell them."

DON'T TAKE A CHANCE ON YOUR SPRING CLOTHES; COME HERE AND BE SURE.

Presbyterian Church, Next Sunday, March 24th, Miss Stewart's Bible Class, will meet at 9:45 a. m., etc.

A baggage master whose run is between Louisville and Corbin was asked if he knew the population of Mt. Vernon. He replied: "No, but after my next trip I can tell you. I will count them. All of them, except those who are ill, meet all passenger trains at the station daily, and I am advised that arrangements are to be made to bring the ill ones down to depot in autos, wagons, drays, pushcarts, wheelbarrows or other vehicles of transportation, to assist in getting trains thru the place."

Better have that Photo taken while you have the chance. LIVINGSTON PRESBYTERIAN CHURCH. Arrangements have been completed for preaching services in this church next Thursday and Friday evening, March 28 and 29, by the Rev. Frank E. Moore, of Mt. Vernon. Mr. Moore will preach in London, Saturday evening and Easter morning, returning to Livingston for Easter sermon, Sunday evening, March 31.

The Mt. Vernon Telephone Company are completing a new line of poles from Orlando to a point half mile below Buckeye where it joins the Wildie-Climax line. An additional wire will be strung from Mt. Vernon to Brush Creek. A number of improvements have been made on the system and sixty two telephones have been added to the service during past few months. Comparing the system with other counties, it is up with any of them and beyond many of them in point of service rendered. Owners, managers and operators are to be commended and complimented over results obtained in their efforts to give satisfaction for value received.

FOR SALE:—My four room residence with good lot and out buildings in Orlando, Ky. Would sell at a bargain or trade for a small farm. My only reason for selling is on account of my health. This is a good location for a Doctor, one closer than five miles. If interested write, call on or call up. JONES B. PROCTOR, Orlando, Ky.

White Plymouth Rocks. The best winter layers, Eggs \$1.50 per setting. W. H. MILLER, Phone 79. That telephone magazine, J. F. Dees was here Tuesday in "overalls," putting on the appearance of a working man. "He sho do work," when he is at it. Mr. Dees is feeling pretty good over his successful management of his telephone system and the people are pretty well satisfied with splendid service given thereon. Old clothes are being collected at Red Cross headquarters for the Belgians. If you have any that you are willing to send, have them at Red Cross headquarters by next Tuesday.

Catarrh and Bronchitis and Cold in the Head Recommended PE-RU-NA. Those who object to liquid medicine can secure Pe-ru-na tablets.

Mr. M. C. Williams came over from Somerset Sunday to see his mother and attend the funeral of his aunt, Mrs. Lou VanWinkle. Mr. Williams' youngest son, James, was substantially remembered by Mrs. VanWinkle in her will. T. C. O'Mara and family will occupy the residence of James March, at corner of Williams and Poplar street after April 1st, one room being reserved for the old road scout for his use when visiting his "old home town."

After a three days sojourn in the office of Judge Richard G. Williams came up to Mr. Vernon on Saturday last and was here at the burial Sunday, of his aunt Mrs. Lou VanWinkle. The Judge is looking well and was gladly welcomed by his host of Rockcastle friends and admirers. Like other Rockcastle "boys," he has made good.

J. W. Baker, Jr. has a new Ford touring car. Keep the seed corn in mind. Get it now. Test it. War gardening is already being pushed here and herobusts. New Easter "Bonnets" for men and young men at Fish's. Hiatt Crawford brought in a Ford from Cincinnati Saturday. No amount is too small to lend your country Buy War Savings Stamps. Good quantities of saw fence and gate-posts are being shipped from this station. The Photograph Gallery over Burke's Shoe Shop will be open on Saturday. Shafer & Murrin have an oil rig in operation near Johnetta and will soon have the second one going. Andy Vansant, of near Cooksburg planted an acre of navy beans last year from which he realized \$140, and retained nice bushes. "Gathering corn in March sounds a little off don't it? Well, that rigorous winter conditions that has prevailed it couldn't be avoided. "Sun Dogs" half circles and rings about the sun, striking colors of rainbow was a pretty display viewed by our citizens Saturday afternoon. Don't forget that broom corn seed. "Brooms is brooms" now. In the broom making is dead but he's charging tremendous prices for his output. Plant. Get in the game and secure some of the big profits for yourself. Fred Baker went to Lexington Monday morning taking his Cadillac machine for overhauling; changed his mind while waiting the local camp. Joe Noe, ex-mercant has already broken the larger part of twenty acres in his field just beyond the farm grounds. Mesdames R. A. Sparks and W. A. McKenzie went to Louisville Wednesday afternoon for a week's visit to friends and relatives. Mr. and Mrs. L. V. Murrell and son, were called to Taylor county Tuesday to attend the funeral of her brother who died at Camp Taylor. Corporal Grant Mullins made a found trip from Hattiesburg, Miss. to Fort Thomas, last week to transfer there deserters from the latter place to Mississippi. Corporal Monroe Miller, of this county, now at Hattiesburg is suffering with his eyes on account of measles he had contracted in them. He will probably be home on a furlough soon. Henry Bowman was in from his farm first of week. He says he is making the dirt fly, he didn't advise whether he had been plowing or knocking up the dust (dirt) on the highway. Ed Smith still holds his buzz wagon upon which awaiting the drying up of the mud. Says he doesn't care so much for dust he can brush that off with a handkerchief but he "naturally" spises' mud spread over a horse. Miss Georgia McKennon left Wednesday afternoon for Highland Park in response to a telegram from her sister, Mrs. Nell Coleman, stating that Mr. Cole and her oldest son were very sick with pneumonia.

Don't wait. Do it now. Buy War Savings Stamps. Plant some broom corn and gather some dollars this fall. All kinds of typewriters bought and sold by W. H. Fish, Mt. Vernon, Ky. W. C. Hopkins sold his place near Gum Sulphur on Copper Creek to J. J. Decker, and has gone to Harlan county to look after his coal interest. More than forty new automobiles have been counted going south overlaid to points in Tennessee, North Carolina and other southern states during past ten days. CARD OF THANKS:—We wish to thank the people and friends who were so kind and good to us during the illness and death of our dear beloved mother. WADR DURMAN AND SISTER. Mr. Chas. Sullivan, of Locust Point, Ind. and Mrs. Sallie Soward were married Sunday at the home of Mr. and Mrs. John Renner. They will make their home in the Hoosier state, where Mr. Sullivan is a well-to-do farmer. An ordinary broom costs \$1. This surely ought to stimulate the planting of broom corn in Rockcastle. A broom factory will be established in Mt. Vernon and farmers will be enabled to dispose of their crops at good prices. Mrs. Fred Baker, while getting in an automobile Tuesday night, fell and sustained serious injuries. Mrs. Baker's injury is of such a serious nature that she will be taken to London to-day to undergo an operation. Under the new court calendar as changed by act of the recent Legislature, the April Term of the Rockcastle Circuit Court has been changed to convene the first Monday in May, instead of the Third Monday in April. Please take notice of the change. On Sunday March 31st all clocks (and your watch also if you have one), must be set one hour ahead. Congress has passed a bill to that effect, which was signed by the president on Tuesday last. The time pieces will be set back on last Sunday in October. The changes are to be made at 2 a. m. on above dates. PATRIOTIC. Logan D. Taylor, of this place, who was honorably discharged at Hattiesburg, in January from army service on account of physical disability, on advice of the physicians in charge has purchased an application as a volunteer and asks to be enlisted again, saying he thinks he is fit and hopes to be accepted for service "over there."

Harry Jones sold his farm near Hiatt last week to Wm. McQueen for \$3250.00. In two of three days McQueen sold the same place to Phillips sold Harry Jones less than four months ago for \$2750.00. Phillips bought it less than two years ago from Geo. Payne for \$2250.00 and the folks thought Phillips was crazy paying such a price then. Every boy in our county from sixteen to twenty-one years of age is to be enrolled in the Boys' Training Reserve. When a boy has worked on a farm or in certain other essential employment for thirty six days he is to be given a bronze medal by the Government and a certificate which he can treasure all his life. This work gives every red blooded boy a chance to help support a soldier. Enrollment officers have been appointed for all precincts in every county. See list in this week's Signal. Capt. McKenzie Brown writes some interesting letters to his mother, Mrs. Cleo Brown, at this place from Mesopotamia, where he is serving in the British service, fighting the Turks. Mesopotamia (meaning between two rivers), is located between the Euphrates and the Tigris, which streams, after forming a junction flow into the Persian Gulf. This country lies east of Palestine and its border (the Euphrates) is nearly four hundred miles from Jerusalem. Captain Brown was in this holy city some time back.

Something new every day at Fish's. Come and see. Save the quarters and see the "birds" grow. Buy War Savings Stamps. A canvasser will shortly tour the Boone Way route in the interest of the Boone Way Pioneer fund. Mrs. Campbell, Secretary of Christian Woman's Board of Missions for Kentucky, and Mrs. Stanley, Secretary of Circle Work for young women of the State, will have charge of the morning services at the Christian Church. These women have a world vision and a message vital to every Christian. There will be a conference at the church for C. W. B. M. workers at 3:30 p. m. MOONLIGHT RAINBOW. Dr. Lee Chesnut observed a beautiful rainbow, created by the light of the moon, one night last week at 3 o'clock in the morning. Knowing the scarcity of "moonbows" and Dr. Chesnut's astronomical acquaintance that line, we are led to believe he saw what he believes he saw, and others are led to believe the same that which Doc says he believes, there being no reason why they shouldn't believe it. If there are any who don't believe let him speak out or forever hold his peace. Mrs. Lou VanWinkle has come to and passed away. "A little old lady," and while, as a whole it was not the coming to the "close of a perfect day" yet it was a life of calmness and serenity such as we seldom know, a life almost free from harshness and discord. Much of her life was the happiness of a "perfect day," back yonder a youth went away to the civil war and never came back. Hence she did not marry in her youth, and no child ever came to her to give loving care to her when she became old and helpless, and to mourn her death. She was married twice, the first husband being James Bowlware, who passed away some twenty years ago. After a widowhood of some ten years, her second marriage was with the late Jns. VanWinkle, who preceded her death by only thirteen months. The second marriage (the only one known by the writer) was a most beautiful one. Mr. VanWinkle was a teacher and a literary man, and along this latter line the lives of husband and wife blended in most perfect harmony, not only did the couple appreciate and love the finer and higher phases of literature (the soul of things) but they both were "live wires" on current world of events even to the close of their day (80 and 75 respectively), when so very many people who stay only till ripe old age, "become people of the past." And, furthermore, these people gave of themselves to others up to the very time of their passing. While Aunt "Lou" (which we all loved to call her) was an invalid for more than a year prior to her passing, and much of the time practically helpless, yet only a few weeks ago she expressed the desire to live longer that she might help others. As an illustration of her "helping others," she joined actively in standing her own income was meagre and hardly sufficient to keep herself in comfort. Yet, as the widow gave her mite—so did Aunt Lou. But as touching our tribute to her, of what value are bouquets to the dead? Rather let us send our flowers to living, who they can appreciate them. Yet also the calm, quiet and useful life came to its close, and we draw the curtain in tender memory and not forget all its benefits to others remembering that the "life of the dead" is a shining light, that shines upon and more unto a perfect day. William Williams, of Astec, New Mexico is the only remaining member of the family of thirteen children of Richard G. Williams. Mrs. VanWinkle was the thirteenth member of the family.

FOR SALE:—My four room residence with good lot and out buildings in Orlando, Ky. Would sell at a bargain or trade for a small farm. My only reason for selling is on account of my health. This is a good location for a Doctor, one closer than five miles. If interested write, call on or call up. JONES B. PROCTOR, Orlando, Ky.

White Plymouth Rocks. The best winter layers, Eggs \$1.50 per setting. W. H. MILLER, Phone 79. That telephone magazine, J. F. Dees was here Tuesday in "overalls," putting on the appearance of a working man. "He sho do work," when he is at it. Mr. Dees is feeling pretty good over his successful management of his telephone system and the people are pretty well satisfied with splendid service given thereon. Old clothes are being collected at Red Cross headquarters for the Belgians. If you have any that you are willing to send, have them at Red Cross headquarters by next Tuesday.

To The American People

There is no foundation for the alleged violations of law attributed to our Company by agents of the Federal Trade Commission and I want to say emphatically that Swift & Company is not a party to any conspiracy to defraud the Government. Nor has Swift & Company been guilty of improperly storing foods or of making false entries or reports.

Conferences of packers, where prices have been discussed, have been held at the urgent request and in the presence of representatives of either the Food Administration or the Council of National Defense. And yet the packers have been accused of committing a felony by acting in collusion on Government bids!

We have done our best, with other packers, large and small, to comply with the directions of the United States Food Administration in all particulars, including the furnishing of food supplies for the U. S. Army and Navy and the Allies, now being handled through the Food Administration.

We will continue to do our utmost under Government direction, to increase our production and assist the Food Administration. We consider that the opportunity to co-operate whole-heartedly and to our fullest powers with this branch of the Government is our plain and most pressing duty.

The Trade Commission Attorney has, by false inference and misplaced emphasis, given to disconnected portions of the correspondence taken from our private files and read into the Record, a false and sinister meaning with the plain purpose of creating antagonistic public opinion.

The services of the packers of the United States are most urgently needed, and I regret exceedingly that we should at this time have to spend our efforts in defending ourselves against unfounded, unproved, and unfair assertions such as are being daily made public.

L. S. Swift, President

Swift & Company, U.S.A.

Purposes Of the Boys' Working Reserve

1. The purpose of the U. S. Boys Working Reserve is to enroll boys between 16 and 21 years of age in some productive work at least during the vacation period, and help them get properly located.

2. Boys may work on farms, around mines, railroads, or some "essential industry" to the War Program of the Government, and earn the Federal Badge of Honor.

3. Boys may work on their fathers' farms, or may hire out at agreed wages.

4. Some schools dismiss boys of certain standing for a special period to help in emergency farm work, with full school credit.

5. No military service is required in this enrollment. The Boys Working Reserve has no connection whatever with the Army or the Navy; it is organized under the Department of Labor at Washington.

6. No boy is enrolled without parents' or guardians' consent. Boys will not be taken from their own homes, but can earn the certificate and medal working on their fathers' farms as on any other.

7. The U. S. Boys Working Reserve is organized under the Department of Labor at Washington, is a part of the program of the Kentucky State Council of Defense.

AWARDS:

8. When a boy takes the oath of allegiance and service, he is given a certificate with the seal of our great Government, and a small enrollment button.

9. If the boy works, as much as thirty-six days of eight hours each on a farm, or sixty days of eight hours each in some "essential industry" he is awarded the Federal Bronze Badge of Honor on the recommendation of the County Director, who gets a certificate from the farmer that so much work has been done.

10. The names of boys earning the Bronze Badge are registered with the Department of Labor at Washington.

11. Farmers haven't much use for cigarette smoking boys.

CHIEF OF OFFICE FOR FLETCHER'S CASTORIA

"Major Martin our family would have soon had to be entertained at my meals and otherwise long before this but supposed you were so busily engaged answering invitations from friends, that you would be unable to fill them all to include our humble home with your presence. We are indeed glad to have you with us."

"Well," the major replied, "I appreciate being with you and have enjoyed your hospitality to the fullest extent, but I am reminded of the fact that the saying by the lowly Nazarene, (made more than eighteen hundred years ago) 'A prophet is not without honor save in his own country.' Yours is the fourth invitation I have received in my home town, to visit a family during the years of my work."

The above dialogue took place some time ago, in the mountain gas town, near one of the Great Lakes. Jasper Martin, whom many called a dreamer, conceived the idea of the construction of a canal to connect the lake with an inland river. After two years strenuous efforts he attracted some attention, in the meantime was looked upon, by enemies and some of his friends as being off his balance, altho he had demonstrated by figures and otherwise the vast benefits to and the increased valuation of farms and all property along the proposed route of the canal. The doubting Thomases hindered the proposition. However the undertaking carried and three million dollars was raised the work completed and Jasper was then the lion of the hour. When friends started a movement to provide Jasper with a \$1,000 motor boat to be used by him in the canal of which he was the prime cause of its building, things moved mightily slowly, but was finally accomplished thru the generosity of virtually strangers, citizens of adjoining and other states.

Fleming (Wis.) Times.

HOW'S THIS?

We offer One Hundred Dollars Reward for cure of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Write for Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free.

ONSTAGE GRADUATE HERE—Hon. Richard G. Williams, well and most favorable known in Danville, arrived last night for two or three days stay. Judge Williams was graduated from Old Centre about 1895, and has many warm friends and admirers in this city. When here he was noted as an extemporaneous speaker of unusual merit, and won the grand prize, the inter-collegiate oratorical contest against the leading speakers of the state. The judge is a sterling democratic gentleman, having during his college career made many speeches in Boyle County for the democratic committee. Judge Williams is now making his home in Covington, where he is the senior member of the firm of Williams & Rogers, the leading law firm of Northern Kentucky. Incidentally Judge Williams is attending some legal matters in this city. Before returning to Covington Judge Williams will make a short visit to his old home in Mount Vernon. —Danville Advocate.

Col. "Jim" Maret, president of the Boone Highway Association came to Louisville from Mt. Vernon recently to attend to some highway business of importance. At a little talk-fest at the Automobile Club, Col. Maret told the story of an old couple who were suddenly enriched by the discovery of oil on their farm in the mountains.

"Liza, you have been a mighty faithful wife," said the old man, who had been offered a fortune for the oil rights. "And I want you to have anything that you want—something that you have wanted for years—something that we have been too poor to

buy—you can have anything you want—just tell me what it is?"
"Well, I sure do need a new choppin' ax for gettin' up my stove wood," said the old woman. —Kentucky Motorist.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood... I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse... Nothing seemed to help me until, one day, I decided to

TAKE CARDUI

CASTORIA For Infants and Children In Use For Over 30 Years Always Bears the Signature of *Chas. H. Stearns*

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not had a pain since."

"It has now been two years since I took Cardui, and I am still in good health... I would like to see any woman who is to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

How to Make Oatmeal Bread

Healthful to Eat—Saves the Wheat

- 1 cup flour
- 1 1/2 cups corn meal
- 1 teaspoon salt
- 2 teaspoons Royal Baking Powder
- 1 cup cooked oatmeal or rolled oats
- 2 tablespoons shortening
- 1 1/2 cups milk

Sift together flour, corn meal, salt, baking powder and sugar. Add oatmeal, melted shortening and milk. Bake in greased shallow pan in moderate oven 40 to 45 minutes.

This wholesome bread is easily and quickly made with the aid of

ROYAL BAKING POWDER

If used three times a week in place of white bread by the 22 million families in the United States, it would save more than 900,000 barrels of flour a month.

Our new Red, White and Blue booklet, "Best War Time Recipes", containing many other recipes for making delicious and wholesome wheat saving foods, mailed free—address:

FOOD WILL WIN THE WAR

Interesting Letter From JESS FISH

March 10, 1918.
9th Co. 3rd Bn.
159 Depot Brigade,
Camp Taylor, Ky.

Dear Dad:— I know you are interested in the "Y" so I'll try my best to tell you something about it. You know what home means to you, the "Y" means the same to us boys only I sometimes think it means more.

In our church, library, school post office, information bureau, reception hall, and in the best place in the whole camp to write letters.

This is not all either, there is always a kind word here for every one. We hear the best of singing both religious and popular.

Almost every night when I don't go to school, I see Edd Gentry every day or two. He seems well pleased with the way we are all satisfied. Those of us who are most discontented are the fellows who haven't been out much. I'm always asking who wants to go to the "Y" with me. Generally some of the fellows go. We have a dandy bunch of fellows in our squad room. They take things pretty well. Some of us have been on duty every night and day since we have been here. Some have been K. P. (kitchen police) some room orderlies, some on carpenter work, while other do nothing much but drill.

The squad I'm in is composed of "big huskies" Raleigh French, Lee Roy Hamilton, John Berry, Bill Warren, Oscar Hibbard, Sherman Owens and a fellow by the name of Bosner from Jefferson county and myself. These other six fellows are from Rockcastle county. Our company is

made up of the companies of Jefferson Ohio, Caldwell, Barrow and Rockcastle. We stood inspection yesterday and passed the best inspection of any of the companies in the 3rd Bn. both in squad rooms and drills. Our commanding officer certainly did give us a boost. He is one of the finest fellows down here, also there are some other good fellows. Lieut. Weeks (the man that trains us) has seen service in the English army. He is a fine fellow too. When we do well he doesn't. Some of the boys are looking forward to good positions and I believe they will make good. Now about our eats that what we like to talk about because we are always hungry. That big cup of coffee, steak, ham, sausage, peas, beans, pine apples, prunes and olives all the onions and pickles (which I have learned to eat) cornbread and

lightbread are certainly things that make a fellow feel like a Samson. Our mess kit consists of a pan with a folding handle for meat and vegetables, a cover which we use for desert, a short knife and fork and a short handled big spoon. This kit folds up and makes a nice little tin. Our bunk (or beds) are 30 inches wide 7 feet long made of iron with springs. We put a bed sack on that and a good wool blanket next, then we have two blankets and a big comfort to go on top which makes the finest bed you ever saw. Now I guess you want to know about me. I'm alright just as happy as if I had good sense. You don't have time to get lonesome and there is no need for it any way. My inclination hurt just a little. We didn't have to drill for thirty six hours so we could rest and we did not notice the effect so much. My vaccination has begun to take. Can't say what it will do. Two

or three of the boys are feeling ban. Now don't forget to feed "Mandy" and Beck. Here is hoping you are all enjoying the best of health.

Your son,
JESS T. FISH.

UNITED STATES BOYS WORKING RESERVE

Boys between the ages of sixteen and twenty-one, who believe that every individual in the community, including himself, is obligated to do his part toward drubbing the Kaiser, can place themselves where the Government most needs their services by joining at once the United States Boys Working Reserve. The County

Committee of the Boys Working Reserve for this locality, is prepared to give boys and parents information concerning any feature of the plan that is included in their minds. The only feature that needs no further explanation than a bald statement is that the country needs the boys and needs him badly, during the coming Summer.

The enrollment card of the Reserve, is nearly self-explanatory of the manner in which the Reserve operates. It was stated, at the outset, that though this army of farm labor constituted a second line of defense for the country; and an indispensable one, there is no military feature in any compulsion in the process.

The enrollment card calls for the expression of willingness on the part of the boy to help the country in the present emergency. It calls also for the consent of his parent to his entering the Reserve. It solicits information as to the kind of work that he believes he can do to the advantage of the period of time for which he will agree to work and information concerning his experience, if any, in farm work.

It is explained that the boy is not obligated by his enrollment, to go to this locality or that, when he is asked to give if the locally assigned is his preference as to locality.

As to the degree of obligation involved in signing the card, it is made plain that the boy who has signed the enrollment card, may at a later date decline work and be released from his pledge on the written request of his parent or guardian, but only on such written request.

Merchandise of Quality POPULAR PRICES

TODAY—the call on every one to practice economy is greater than ever before. The basis principle of this great demand is for everyone to economize and thereby do his "bit" toward winning the great World War.

Men who have money have not made it in a hurry, but most of them have made it by practicing economy and getting on the ground floor with their buying.

Whenever you see one of my customers you will see a satisfied customer and one who has practiced economy.

Watch my prices, they will show you how you can practice economy.

W. F. BAKER, MT. VERNON KENTUCKY

You are cordially invited to come in and see us when in need of anything in our line.

See us when you need Paint and Oil to do your Spring Painting.

Pioneer Drug Store

MT. VERNON

Danger! Danger!

Seed corn scarce. Something must be done. The farmers who have corn should have it tested before planting or selling it for seed. It doesn't make any difference if the corn does look good it should be tested, and now is the time so as to have plenty of time to make other tests or buy.

There has been four tests made from corn on stalk, shock, shucked and from the crib not shucked, the following result was obtained:

- 1st test, 43 ears, 15 good, 28 bad
- 2nd test, 20 ears, 2 good, 18 bad
- 3rd test, 36 ears, 2 good, 34 bad
- 4th test, 57 ears, 11 good, 46 bad

This looks serious. We should devote the entire month to testing and helping others testing corn. SEED CORN TESTED. Mt. Vernon High School Students directed by Prof. Lyon will test Seed Corn for all the farmers in Rockcastle county, who will take their corn to the school. These tests will be free to the farmers.

Beres College Vocational Department will test all Seed Corn brought in by the farmers. This work will be supervised by Prof. Wm. Baird. These tests will be free also. The farmers should see Prof. Lyon and Prof. Baird at once and make arrangements for the testing.

HELP WANTED NOW.

We all can't go to war but we can do something in this Seed Corn Testing Campaign. All who have test Seed Corn should do it NOW. Urge Farmers to test their corn—help test corn. Get out and get it and test it for the sake of our country. We need all the seed corn we can find everywhere. Ministers, lawyers, doctors, merchants, and school teachers are urged to join in and help test seed corn for our country. Enlist it will be too late

"W.S.S."
