

Mt. Vernon Signal

Mr. VERNON KY. April 12, 1918

79 UP "No. 20" WHEN YOU WANT TO CONSERVE ONE WITH SIGNAL

LOUISVILLE & NASHVILLE R. CO.

TIME TABLE

Table with 2 columns: Direction and Time. Rows include 22 North, 24 North, 23 South, 21 South.

JAS. LANDRUM, Agent. Phone No. 8.

Entered at the Mt. Vernon, Ky. Postoffice as second-class mail matter.

PERSONAL

Miss Clyde Wagon visited her parents at Brodhead Sunday.

Joe Childress was in town Sunday the guest of relatives and friends.

Mr. Z. T. Hanel suffered a slight stroke or paralysis this morning.

Mr. Baker has moved to Mrs. Matine Mallins' property on Centre Lane.

Mr. E. S. Albright has been very sick the past week with an abscess in the ear.

Mr. and Mrs. Rudolph Traub, of Scranton, Penn., are with Mr. and Mrs. Fritz Krueger.

Miss Winnie Fein has been attacked with grip and could not return to school Monday.

Mrs. Cleo Brown was in Richmond Monday to attend to some business matters connected with the post office.

S. C. Francklin, L. & N. watch inspector, meets all local freight trains at depot for comparison of timepieces of trainmen.

Mrs. E. R. Gentry received a collegem for this morning from Mr. Gentry saying that he had had himself safely at Bordeaux, France.

Col. Jim Maree left today for Winchester, where he resumes work as State Road Inspector during road construction season.

Miss Georgia Gentry, of Level Green, who is attending Richmond Normal School was home for a few days. She returned Monday.

Sergt. Fred McFerron was home for one day last week from Camp Gordon, Atlanta, Ga. He expects to be in France within the next few weeks.

Jas. Williams, son of Mr. and Mrs. M. C. Williams who is now Regimental Supply Sergeant at Camp Shelby, is here on a short visit to Mt. Vernon relatives.

Louis Miller was on April 1st made Battalion Sergeant Major. Louis Mt. Vernon friends are proud of his record and expect to hear of his going still higher.

Miss Huldah Shoreman of Ashland, Ky. at present a student of Richmond Eastern Normal School was an attractive visitor to Miss Christine McFerron for the week end.

Logan Bryant and W. N. Thompson, son of George Thompson, of the Quin section, have volunteered for special service as automobile drivers and mechanics and will leave Sunday night for Indianapolis, where they will have a few weeks special training. Oscar D. Bryant will have charge of Bryant Bros. garage.

LOCAL

Notice.—We have all the hams we want at this time.

J. Fish & Son.

'Who is your Neighbor?' Come to the Boone Way Opera House tonight and see.

There are butterflies in tropical regions of South America that measure 1 1/2 inches between the tips of the wings.

Miss Ruth Landrum entertained a 4000 check dinner party for Miss Shoreman. The guests were Misses Shoreman, Christine McFerron, Sydney Crawford and Amy Proctor. Afterwards the guests, with Messrs Richard Cox, Robert Fisher, John Albright and Ramey Richards attended the party so given by Miss Bonnie Nicely at the Masonic Hall. They then progressed to the home of Miss Christine McFerron where delicious sandwiches, olives, pickles, cake and hot chocolate were served.

A toad is a valuable assistant to the gardener. He will destroy more than 50 times his own weight in insects every year.

Mr. Connie Gleason and Miss Anna Rickels, daughter of Mr. and Mrs. J. S. Rickels, were married at Hamilton, Ohio, on April 10th. They will make Hamilton their home.

Only 160 of the three varieties of spider found in the United States are poisonous. Spiders are very useful about the garden, as they destroy thousands of harmful insects and pests.

Photographs of mutilated Belgian children, girls, committed by the horrible Germans, captured at S. C. Franklin's shop. If you can view these pictures and remain a "slacker," he is not fit to be a citizen of America.

Misses Sydney and Virginia Crawford entertained at dinner Sunday. The guests present were: Misses Huldah Shoreman, the attractive guest of Miss Christine McFerron, Tevis Bechtel, Christine Davis, Virginia McFerron and Ruth Landrum.

More than 175 automobiles have braved the mud and weather over the route from Cincinnati via Crab Orchard, over the Boone and Dixie highways, thru Cumberland Gap, for points in Virginia, Tennessee, North and South Carolina during past thirty days.

The present cold weather will make the fruit crop very short. During the winter months, it will not produce this year on account of the briars being killed by severe winter weather. This means more gardening, so when you plant remember if there is less fruit there must be more vegetable.

At a meeting of the Board of Directors of the Peoples Bank held Monday, F. L. Thompson Jr., Cashier offered his resignation for effective at once which was accepted. Floyd E. Miller who has been assistant cashier for past three years was elected cashier. As yet no one has been selected for assistant cashier.

A motorcade of 17 city Ford machines en route from Cincinnati to Greenville, S. C. on Monday passed thru Mt. Vernon twice yesterday. On arriving at Livingston they were advised that the ferryboat at Parkers Creek had broken loose and floated away. The cars were detained in Nashville, 210 miles off the direct route of the Dixie-Boone highway.

The South American Papuan had grown odd to the length of thirty five inches and weigh eleven pounds each. There is a man down on the creek, (name deleted), whom it is claimed could carry one of these beans, pod and all, at one meal, provided a couple or three pounds of bacon tallow was cooked along there with.

We note in some of our exchanges, complimentary notices of recent and accounting of the masters. This is the right spirit. Where a person does his or her duty they surely deserve kindly mention. What we started out to say was that Mt. Vernon patrons of Uncle Sam's mail facilities are as well, if not better served than any other offices in our Old Commonwealth, bar none.

J. M. Craig shipped from Brodhead yesterday, to his farm near Lancaster a car load of hogs bought in Rockcastle. He got 38 shots from Gus Staverson at 47 cents; from Sayers and Ham 27, 16 1/2 lb. feeders at 17 cents; 4 from K. J. Smith at 17 cents; 10 from D. M. Cross at 17 cents, and 13 170 lb. feeders from Charley Sowder at 17 cents, and which weighed 120 lbs. from J.A. Acton at 17 cents.

Three miles' out on the Copper Creek road from Mt. Vernon on a farm of our merchant, J. Fish, is a splendid acre tract of wheat none better in the county. It might be called a volunteer crop as no wheat was sown there during the year 1917, about a crop from sowing of 1916 was reaped last August after the wheat had reached an advanced stage of ripeness and it is supposed that grains fell from heads, when being harvested. There was a crop of buckwheat raised on this same tract after wheat was cut. The ground was plowed before buckwheat was sown.

BRODHEAD

AT five o'clock last Friday afternoon, at the home of the bride, Rev. J. W. Miller, announced Miss Gertrude Bowling, and Mr. Grant Baker, man and wife. Mrs. Baker is the only daughter of Eld. and Mrs. L. N. Bowling, and a great favorite of the family as well of her many friends, and to say that she will be missed from our number is just as light a way as we could possibly express it. Mr. Baker is a business man of Laurel county, and is a gentleman in all the word implies. His father is a large owner of real estate and is a stock trader of considerable note. To these young people we join their many friends in wishing them a happy and prosperous married life.—Prof. J. L. Pilkenton has accepted the position of Superintendent at City Schools in Corbin, and will move his family there in a few months, possibly not before August. Mr. Pilkenton has been principal of the Graded and High School here for several years and has done great work for the town and community, and has many friends here who learn with much regret that Mr. Pilkenton and his estimable family is to leave us, and the saying that it never rains but it pours' seems to be coming our way just now, as Mr. Wm. Richie has accepted the principalship of the Corbin High School and will go there to begin the fall term along with Mr. Pilkenton. During the school stay here Mr. and Mrs. Richie has made a number of warm friends who are sorry to see them leave us; but opportunity knocks at every man's door and Mr. Richie and Mr. Pilkenton feel that a golden opportunity has been presented to them worth going after. Corbin is just completing a new forty thousand-dollar school building, and are sure doing things in an educational way, and with men like those we are sending them, we predict greater things than ever came their way before.—Mrs. J. J. Albright was in Louisville last week shopping.—The revival at the Christian Church closed Friday evening, of last week, with twenty nine additions.—Mr. and Mrs. A. E. Albright left Wednesday for Richmond, Va., to see a specialist for Mrs. Albright, and will probably return from home several weeks before returning. Mrs. Albright's condition is greatly improved but they are naturally anxious to leave no stone unturned in search for a permanent cure. Their many friends here are anxious that much success will attend their efforts.—Mrs. J. H. Humble left Thursday for Newport News, Va., to spend a few days with her husband, Lieutenant Humble.—Mr. and Mrs. W. H. Anderson accompanied Mrs. Daisy Hunt, and son, Lewis, to Richmond, Wednesday, to see Dr. Gibson, who is the specialist for her inspection. The trip was made in Urban Case Ford. M. B. Brock sold E. L. Osborne a pair of two-year-old mules this week for three hundred dollars.—The honor roll in Room No. 3, Brodhead Graded School, for this week follows: Mary and Elbert Belcher, Marguerite Albright, Herman Oliver, Lang Harris, Nel Ballard, Bertie Brunnett, Worth Albright and Virginia Meredith.—Eld. H. T. Young and Old, J. W. Brown lectured in interest of the Men and Millions movement at the Christian Church, Wednesday evening.—Miss Lucile Herndon, daughter of Prof. and Mrs. J. Pilkenton, and Roy Sawyer, son of Mr. and Mrs. W. H. Sowder, were married at Jellico this week, and returned home Wednesday evening. These are splendid young people and have a lot of friends here who join us in wishing them a happy and prosperous married life.—Mrs. Logan McCall, of Stanford, was the guest of Mrs. J. J. Albright during the week.—Mrs. J. J. Painter and children were up from Stanford this week and spent a few days with her mother, Mrs. L. N. Vanhook.—W. T. Brooks sold a tract of land to Patric Harris this week for four hundred dollars.—Mrs. Elizabeth Oliver sold a small farm on Negro Creek to Mrs. M. D. Atkinson this week for six hundred dollars. Mrs. Oliver and her son, Charley and his family, will likely move to Cass, in the near future.

D. C. Edwards, ex-Congressman of London, may be a candidate for Congress.

BIDS WANTED FOR SCHOOLS

The Board of Education having failed to receive satisfactory bids for buildings, will meet on the last Saturday in April (7th), and accept bids to build a house in Pine Hill-District No. 33, house to be 30x48 feet containing two rooms with small porch.

District No. 10 (Scafoldcane), 2 1/2 miles north of Conway, District No. 59, near mouth of Skeges Creek. These houses are to be of same size and material as the houses of 1917, except the roof is to be of the bungalow style, and the windows are to be in one side and one end instead of being placed on both sides. Those wishing to bid on these houses can call in the offices of the county superintendent on Saturday morning for full information.

J. U. BOOGANS, Supervisor of Schools, Rockcastle Co., Ky.

Miss McFerron gave an informal luncheon for Miss Shoreman plates were laid for the following guests: Misses Ruth Landrum, Virginia and Sydney Crawford, Huldah Shoreman and Christine McFerron, Messrs Richard Cox, Hyatt Crawford and Ramey Richards.

W. J. Sparks Co. sold this week to Rev. H. T. Young 20 good feeders at 16 cents; 10 Owen Duval, of Preachersville, about 47 at 16 cents; to J. C. Estes, of Berea, 59 shoats at 16 1/2 cents. The W. J. Sparks Co. sold these to make room for forty odd good brood sows, which they have on the farm.

Mrs. Matilda Cox, age 69 years, and six months, died at her home here Tuesday night. For many years she had been practically an invalid, but for the past four or since the death of Mr. Cox, she has been blind and otherwise almost helpless. Mrs. Cox was a native of Rockcastle and as expressed by Rev. Young in his short talk at the grave, the life of the deceased had been a beautiful christian life and the splendid family which she raised fittingly portrays her life. She was laid to rest yesterday afternoon in Elmwood cemetery beside her husband who preceded her to the grave a little less than four years.

Wade Graves ploughed up a wild sweet potato, on his Skeges Creek farm last week, weighing ten pounds and on the same day unearthed an Irish potato of eight pounds in weight. These curiosities were brought to Dr. Lovell, the geologist, for inspection. The Doctor has them at his office and is wrestling to determine upon some sort of proper definition or explanation of the why and where of these freaks produced by the vegetable kingdom.

White Plymouth Rocks. The best winter layers. Eggs \$1.50 per setting.

W. H. MILLER, Phone 78.

Mrs. Mary J. Stevens, aged 75 who died at Athens, Ga., was brought here last week for burial at Plato. The remains were accompanied by her daughter, Mrs. Dicie Moore, Miss Fie Roark, Chris Stevens, Fount Stevens and Amari Stevens, of Georgia; Mike Roark, John Moore and Will Moore, of Corbin. Mrs. Moore moved from here to Georgia thirty-two years ago, when her brother-in-law, Walter Tumbler, family agent south and west, worked here on railroad section and lived in a house that was on the lot now occupied by the Boone Way Opera House.

F. R. Smith, who was section foreman here, some thirty odd years ago is living at Gainesville, Georgia.

The last Congress made appropriations amounting to \$18,000,000. If silver dollars in this amount were poured out into a pile and eight men furnished with baskets were put to picking up the money at the rate of \$100 per minute, working ten hours per day, it would require 90 years to gather up the coin.

Better not give some of Mt. Vernon's citizen's such an opportunity. Some of them would overgo the limit and drop dead long before the expiration of the first ten hours, from a broken back, attempting to carry big loads.

You know our policy and our Merchandise

both are dedicated to your Satisfaction

You are as welcome to look as to buy in this Store. The firmest friends do not always become so with their introduction. Likewise it is not possible that everyone who enters our Store will immediately become a customer. We want you to know us, to know a great deal about our new Spring goods—and then perhaps we will become life friends.

You are invited to visit us—you will not be urged to buy

FISH'S SPECIAL SPRING AND SUMMER SUITS \$15. TO \$35.

The Place Where Style and Quality Meet

An Iowa girl whose sweetheart was sent to France with the American forces, heard from him two or three times after his arrival over there, then it was some time before she received another letter.

When it came the soldier said in his way clear that he was in the hands of the Germans but was getting plenty to eat and had good sleeping quarters and was receiving kind treatment. A short time later the girl received, by mail, the soldier's first watch square. The jeweler found a note in the watch, written on your thin paper and rolled into a small wad. It read as follows: "No truth in letter sent you. They have cut off one of my hands and nose. I will never see you again. Good-bye."

DR. WALTER Dentist. Office Over Baker's Store. MT. VERNON, KENTUCKY

Handy Kitchen Utensils

that save time and labor and do the work better, are quite a feature in our varied and complete stock of Hardware. We have everything for kitchen use in the line of Pots, Pans, Kettles, Cutlery, Brushes, Knives, Meat Choppers, etc., and a good many little articles that we are showing are recently introduced novelties that should be in your home.

C. C. COX Opposite Court House. Mt. Vernon, Ky.

It is regrettable to note that the Fiscal Court has not as yet seen their way clear to make arrangements for the employment of an Agricultural Agent or County Agent as designated by same, for the whole county. Under present conditions only the northern portion of the county gets the attention of such an agent, and we are distressed that it is at the expense of the Government and aid from other sources than from our county. Mr. Spence, County Agent, of Berea, who has been of vast benefit to the northern portion of the county, has often "wandered over thence" and volunteered his services, and he had the time to spare, and has gone into Territory, where requested, and rendered very valuable services to the farmers in addition to his innumerable duties in parts of Madison, Estill and Jackson counties. His activities during the past three years have caused an increase in the value of farm products, poultry and live stock more than \$50,000 in North ern Rockcastle. An exchange gives an incident that illustrates the impossibility of telling where the trouble resulted from a mortgage by ending. A man mortgaged his farm to buy his wife a pair of earrings. The wife took in washing to pay the interest on the mortgage, and the first day lost one of the diamonds in the wash and tried to hang her self in the barn, but the rope broke and she fell on a \$10 Jersey cow, breaking its back. Children Cry FOR FLETCHER'S CASTORIA

Springtime is blossom time. If you are going to "blossom-out" too, its none too soon to be getting ready.

Our store is the place where they find the brightest and newest in the clothing and furnishing lines.

THE CLOTHCRAFT STORE IN THIS TOWN

### LIVINGSTON

Morris Cottogin has a position at Corbin as clerk in a restaurant. — Mrs. J. H. Wallon and Mrs. J. C. McQuire visited relatives at Wildie this week. — Mrs. G. S. Griffin was called to Mt. Vernon latter part of last week on account of the illness of her little granddaughter, Phina Griffin. — Mr. and Mrs. W. M. Preston and two children, of Ravenna, have returned home after a few days' visit with Dr. and Mrs. R. G. Webb.

L. M. Westerfield, dispatcher at Paris, Ky., was down Monday. This was his first trip for quite a while. When the dispatcher's office was here Mr. Westerfield was a citizen of our town. He seemed well pleased to meet the boys that are still holding the fort here. — W. M. Preston, who once was a citizen of our little town, spent a few days. When the dispatcher's office was transferred to Louisville, he told Mr. Preston's lot to go with it, but later he has been transferred

to the office at Ravenna. Mr. Preston seemed pleased to visit old Livingston again, and meet her good people. As a rule when once one has had the pleasure to live in Livingston and moves away it is always a pleasure to return. — Sam. Stallworth has moved his family to East Bernstadt and will farm this season. For several years he has been railroading. — W. A. Todd, of Level Green, has been visiting his sister, Mrs. J. H. Owens, a few days last week. He is seventy-two years old and made the trip afoot in one day, by the way of Mt. Vernon. — L. H. Davis is building a brick house. One part of it will be occupied by the First State Bank, and other rooms for offices. The structure will be a credit to Livingston. — J. B. Hesse has moved into his property over the river that he purchased of L. H. Davis. — H. L. Nicely bought of El Hansel a house and lot on Main street; price paid \$800, and El Hansel bought a house and lot of J. H. Donnelly, price not known.

— Mrs. Thomas Farley, who has been sick for some time, remains about the same. — Rev. Masters filled his regular appointment at the Christian Church, Saturday and Sunday. — Mrs. D. B. Rambo, who has been sick, is much better. — G. W. Murphy is putting up a new house near town and will move there in the near future. — Dr. K. G. Webb was called to East Bernstadt, Monday, to see a patient. — Rev. Young, of Mt. Vernon, was here Sunday night and gave an interesting talk at the Christian church. — Died: April 7th, Mrs. Fannie Bonds, wife of Louis Bond, near Mullins Station. She leaves behind her a large family of children, and a six-month-old baby. — She was the daughter of

(Continued on next page.)

### HONOR FLAG

LET'S WIN ONE FOR MOUNT VERNON

EVERY AMERICAN'S DUTY. To work, economize, and lend money to the Government is the duty of every American. Hundreds of thousands of our men have been called to arms and taken away from the productive forces of the country.

Hundreds of thousands of others have been diverted from producing things needed for peace to producing things used in war. In the face of this lessened productive force and production a great and unusual drain upon our resources is made by our Army and Navy and our allies.

Work and speed-up production to make up for the lessened production; economize in consumption to lessen as much as possible the drain upon our resources; lend your money to your Government to prosecute this war successfully and make our soldiers powerful, effective and victorious.

Every American can do an individual service to the country by working hard and buying Liberty Bonds.

### GERMANY FURNISHES THE PROOF.

Every development since our entry into the war has justified and proved the wisdom, the imperative necessity of America's participation. Every German success and every German failure have shown how it is necessary to our own welfare and peace necessary to the safety and peace of the world the defeat of Germany is. Every foot of ground Germany has been forced to give up, every foot of land she has seized, have demonstrated the absolute necessity of defeating that sinister, intolerable thing called Germanism.

### THIRD LIBERTY LOAN BUTTUN.

The button which will be given to every subscriber to a Liberty Loan Bond of the third issue, whether a \$50 bond or a \$10,000 one, will have a border of brilliant red, and a blue field with a liberty bell and the words "Third Liberty Loan" in white. Sixteen million of these buttons are now ready for delivery and will be given out when the subscriptions are made.

### AN AMERICAN PEACE.

There can be no peace with honor or safety to ourselves or to posterity, except a just peace, and there can and will not be no other peace. Work for peace accomplishes nothing but the hampering of our effort, the delay of the real peace, and a greater toll of death in America's fighting men. Our duty is to war for a just and a righteous peace; to work or speak for any other peace is aid and comfort to Germany—injury and disloyalty to our boys in France.

### WHAT YOUR LIBERTY BOND WILL ACCOMPLISH.

\$18,000,000 invested in Liberty Bonds will equip an infantry battalion with rifles.

\$50,000 will construct a base hospital with 200 beds or equip an infantry brigade with ambulances.

\$100,000 will buy five combat airplanes, or pistols, rifles, and half a million rounds of ammunition for an infantry regiment.

### LEVELGREEN RED CROSS

We are having genuine March weather now. — Mrs. Mollie Hatcher is visiting her son, J. N. Hatcher, at Corbin, this week. — R. L. Brown, of Somerset, spent Easter with his mother here. — Miss Ola DeBord has entered school at Berea. — Maurice Thompson has returned from a six-month stay in the "Hoosier" state. — Miss Hazel Price is visiting at Withers this week. — W. E. Thomas and family have moved to his farm near Bee Lick. — Arthur and Mrs. James Vanhook have returned from Bayouville and will farm this year. — Two small children of John Lovens were buried at Mt. Pleasant in a week; they had whooping cough and measles. — Wm. H. Brown who has been laid up most all winter with a sprained hand and a gripple is able to be out again. — Mrs. O. J. Stullin and children spent from Thursday until Saturday with her parents at Ocala. — Miss Georgia Gentry, who is attending school at Richwood, and her sister, Rose, of Langdon Dormitory, were with their grandmother, Mrs. J. N. Brown, Saturday. — Mrs. A. F. Lawrence spent Sunday with her sister, Mrs. Arch Povner, at Elrod. — Mr. and Mrs. Virgil Eldridge, of Plato, have moved into a tenement house on Giles Shell's farm. — Miss Essie Brown spent from Saturday until Monday with her sister, Mrs. Ethel Hatcher. — Lincoln Barnett, of Whitley county, visited his cousin Mrs. H. P. Broyles, the latter part of last week. — Miss Lucinda Brown died at the home of her brother of tuberculosis last week and was buried at Friendship. — Mr. and Mrs. W. J. Brown and children were down from Crab Orchard, Saturday and Sunday. — Mrs. Mand Brown accompanied them home for a two weeks' stay. — The oil and gas machinery is now located on the farm of Harrison Kirby and have been running day and night.

The activity in sewing will not stay but likely be checked to some extent next two weeks on account of house cleaning time. It might be well to remind the women of this county that we have a demand for many buttons, as there is a shortage of buttons on the market. There are many gross of buttons, such as we need, on discarded clothes that will be burned up or piled in closets, during house cleaning time, if you will cut these all off and bring or mail to Red Cross at Brodhead, Livingston, or Mt. Vernon, they will be matched up and help win the war.

Lessons at Mt. Vernon two nights out of each week; these first aid lessons will help many drafted men to get work in hospital corps instead of in the trenches, as the army wants men who has special training for this work. Dr. Owens would be glad to teach classes in young men, and he is a fine instructor along the needed lines in first aid work.

A card index of all selective draft men now in service is in the hands of the Red Cross and Home Relief work will be started in earnest.

### YOUR FIFTY DOLLAR LIBERTY BOND.

It will protect 1,000 soldiers from snailshox and fess from typhoid. — It will assure the safety of 130 wounded soldiers from lockjaw, the germ of which swam in Belgium soil.

It will render painless 400 operations, supply 2 miles of bandages—enough to bandage 555 wounded men.

It will care for 150 injuries in the way of "first-aid" packets. — It will furnish adhesive plaster and surgical gauze enough to benefit thousands of wounded soldiers.

Every purchaser of a Liberty Loan Bond performs a distinct individual service to his country and to our boys fighting in France.

**Children Cry FOR FLETCHER'S CASTORIA**

Dr. Walker Owens is doing extensive work with his First Aid Class of about twenty women. This is fine work and will have lasting influence in the county; it will help to get a clear understanding of how to treat emergency sickness and accidents; gets the people to handle patients right until a physician can reach them, and teaching of this class will save lives and much suffering.

It would be well for the men in draft age, that will likely be called soon, to avail themselves of this opportunity to take First Aid work. These men will have a chance to use dressings when they will be very effective and if they would think right about it, they would be glad to form a class and get

### IN the FRONT RANK of FASHION'S ADVANCE STYLES OF Dress Goods

Just received a New Supply of the newest and daintiest fabrics in Dress Goods—style without gaudy display—harmonious colors. SILK-POPLIN and TAFFETA, 36 inches wide from \$1.00 to \$1.90 a yard. — Printed Voile in a number of Floral and Conventional designs, 25 cents a yard.

We have something up "our sleeve" for you—not a secret but we will not tell the world—just yet. We age head-quarters for All-Leather Shoes

**JOHN ROBINS BROADHEAD, KENTUCKY**

## More Than 400 Farmers In Kentucky Alone Are Planting My SEED CORN Neal's Paymaster Germination Guaranteed 95 per cent or Better

NEAL'S PAYMASTER is the answer to the Government's request to grow more corn. It is sure-cropping, heavy producing, early-maturing. This year's crop depends upon the seed you plant. Don't take chances with untested or low testing unknown varieties. Be advised by farmers who say that they would have averaged twelve bushels more per acre had they planted Neal's Paymaster. On a forty acre field that means \$1,000 more profit for you.

### HERE IS NEAL'S PAYMASTER'S 1917 RECORD:

Highest 1917 record for Maury, my home county—123 bushels. — Made by Mr. Will Calvert.

On a number of other farms, the average was upwards of 100 bushels.

Mr. Hill McKibbon, on a large field, averaged 90 bushels. The Seed Corn I am offering, you see is all from the Calvert and McKibbon farms.

I have only about 1,000 bushels of this incomparable Seed Corn left that I can sell to Kentucky Farmers.

Price. \$6.00 per Bushel

Sacks Free. Cash With Order. F. O. B. Columbia, Tenn. We Advise Ordering by Express—Freight is too Slow.

**T. N. FIGUERS, Jr., Columbia, Tenn.**

Reference: The Three Banks of Columbia

### SOME MORE OF MY CUSTOMERS:

Middle Tennessee Experiment Station, after test showing 100 per cent germination, bought 50 bushels of Neal's Paymaster.

Hundred's of farmers, besides those in Kentucky, in the twenty-five great corn growing states.

Neal's Paymaster is the standard two ear corn. White grain, small red cob, medium stalk, matures in 100 to 110 days. Uniformly makes large yield.

Powers Quits Race For Congress

Baltimore, Md., April 4th, 1918.

To my friends: Last year, I had to leave for several months my congressional duties, to seek to restore my shattered health. This year, although I have taken every possible care of myself, I have been forced to do the same thing.

The Safest Place for Your Money

The paper money of the United States is a promise to pay. It is the agreement of the United States to "pay to bearer" a certain sum. W. S. S. are also a promise to pay.

War Savings Stamps Are as Good as Money and Pay You 4% Compounded Quarterly

Both the money and the stamps are guaranteed by the richest nation in the world. Suppose we were to lose the war? What good would money be?

None at all. It would be a mere memento of the past. And if we bought our freedom back, by indemnity, it would be at a price so colossal as to wipe out our savings and mortgage our earnings for generations.

The safest place for all your money is in War Savings Stamps, because the money saved and raised by War Savings Stamps will win the war, and thus insure the preservation and solvency of our Government and the safety of our homes and families forever.
