Many Are Lending Their Lives—What Are You Lending?

Thousands of our boys are going down into the trenches today—clean-faced, determined, splendid young men—going there to battle for you.

You can at least go down in your pockets for them? Think it over—be ready on

June 28th National War Savings Day

There's an army. Yes, a dozen armies—of stalwart, wind-bronzed young men standing between you and the grizzly Hun. These young fellows are giving their ease, their comfort, their friends and homes, their bodies, the hope of life—giving for you—for you.

You can at least lend your money for them? Prove your patriotism with dollars.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured, or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.

WAYSIDE NOTES

The Courier Journal of June 10th 1918 makes notes of occurrences of 1868, among them is mentioned the opening of Richmond Branch of the L. & N. rail road on June 10th of that year.

that date, two of them being freights. The passenger train ran thru the village of Paint Lick without stopping, at the speed of possibly 15 miles per hour, and in the face of a red flag which had been displayed by an anxious crowd which desired to make the excursion to Richmond to attend the big "jubilification" being pulled off in honor of the advent of the iron horse.

on such a fast flying innovation One party was heard remark: "Not for me. I'll never ride one of them things, it goes too ding fast for your uncle Reuben."

If the memory of the writer is not faulty there were three trains that made the run on

the same year. Locomotive No. 42 was used in hauling rails, ties and materials. This engine is in use today, after fifty years, tho possibly but few of its original parts remain intact.

The track was also laid on Knobville Division, between Crab Orchard and Mt. Vernon the same year.

LETTER FROM BRADLEY BROWN Camp Forest, Ga. June 9-1918. To the Mt. Vernon Signal: Leaving Mt. Vernon May 1st for Fort Thomas and expecting to be located at Fort Thomas, but we only stayed there for two days, leaving Fort Thomas May 3rd and arrived at Camp Forest, Ga. May 4th. There were we under quarantine for two weeks, and while we were in detention we were all in general drilling every day. Most of us are enjoying it fine. The weather is awful hot down here.—On May 22nd we were put into our permanent company and regiment. The boys that left May 1st all came except Mr. Scott, Fred Shivel and Thomas Hayse they are in the 51st Infantry, and the rest of us are in the 52 Infantry. Ard Coy. Emmanuel Reynolds, Delbert Mobley had all our kits close to each other and visit of ten. Our orderlies were saying today that we would be over in France by the 1st of July, without any doubt. So when we heard the order read we all rejoiced it with pleasure and most everyone said the sooner the better. The sooner we get over there the sooner it will be over with and then we sang a song, That we were going over there and we were not coming back till its over, "over there" and this is the spirit that all soldiers get when they are in the army a short time. Since we were here, Mr. Seam, of Marchberg, came to see Thomas Hayse. We have Y. M. C. A. workers near and they show us that they want to help us by doing all they can

Shive continues to make regular trips to Crab Orchard, and the strange thing about it is that he always goes on Saturday. We can't figure out just why it is that he has to go on Saturday. It is Sunday or whether there is less suspicion for a fellow to do his courting on a week day—Wm. French, who went to Texas in March, returned home a few days ago. Mr. French has been in the great oil fields along the Texas & Pacific Rail Road, and he says that everything is out a boom there—Mr. and Mrs. J. B. On next Friday evening, June 28th, promptly at two o'clock at the school building a meeting will be held, and every one given a chance to pledge themselves to save and buy War Savings Stamps during the remainder of the year 1918. Notices have been mailed to the State Director to everybody and whether you received your notice or not you are expected to attend. Those in charge of the meeting are required to furnish a list of those present as well as the amount subscribed or pledged by them, also the names of those absent. Every business house will be closed that afternoon and every factory will be expected to lend all the assistance at their command to make this day a profitable one. In the Twentieth Century a man must either push or be pushed—Dr. W. E. McWilliams has received his commission as First Lieutenant in the Medical Corps of the National Army and expects to be on the battle-fields of France in the near future.

Albright has assumed the control and responsibility of helping win the war by farming on a large scale—What has become of our Livingston friend? Gore but not forgotten. Some one suggested since it is so fashionable to save and see how low you've become so popular that he is saving his time, but judging from the recent law that applies to boys and men between the ages of sixteen and sixty, saving time amounts to but little except to get a fellow in trouble, and keeping quiet will not save him from the officers who will be on the constant look out for gentlemen of leisure—W. J. McQueen, who recently moved to Laurel, arrived in town Thursday evening and says that he will soon be back home, and we take it that he has sold his farm in Lovell and comes back with the thought that "there is no place like home".

Obituary Of A Good Woman Gone, But Not Forgotten.

Eliza A. daughter of Sim and Polly Dowell, was born Aug 20, 1849 and departed this life, May 19, 1918, aged 69. She was united in marriage to S. T. Cummins in 1872 and was the dear mother of six children, of whom two preceded her to the great beyond. "Aunt Sis" as she was familiarly known to all was in early girlhood with the Church of Christ, of which she remained a member until her death. Besides her aged husband she leaves three sons and a daughter to mourn the loss of a loving mother. S. L. Cummins, of Crab Orchard, Ky., W. H. Dowell, of Elliston, Ky., Geo. Cummins, of Quail, Ky., and Mrs. J. W. Brown, of Otterville. Three of them were by her bedside when she closed her eyes on the scenes of earth to open them again on the glories of which "I hath not seen". Mother is gone, but not forgotten. Her husband, children and grand children mourn the loss of a good and loving wife and mother.

An invalid most of her life she looked upon death as a welcome release from pain, and said a few minutes before she died, that she did not care to die, and was going home to die no more. The funeral occurred Wednesday, May 15, at Providence. Rev. David Genry officiated. The body was laid to rest in the Providence Cemetery. Dearest mother, thou has left us; Here no more we'll see thy face; May we all in Heaven meet you; When we go, have run our race. In our home a vacant corner. In its place a vacant chair, Never more can we recall it. For the one who is not there. Angels beckoned to her, saying "Thou shalt be forever blest; Well done, good and faithful servant. Enter thou into thy rest. Now she's gone, she can't return, No more of her you'll see; But it is true that all of you, Must shortly follow thee. As we gather around the casket, And our last sad partings give, Soon we hope to meet in heaven, And with her forever live. When you into my grave do go The glory place to see, I say to you who stand and view Prepare to follow me.

CATARRAL DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts through the blood on the mucous surface. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 750 F. J. CHERRY & Co., Toledo, O.

Food Administration

The activity of the submarine along the Atlantic coast has effected our sugar supply. Merchants may sell only two pounds to town customers and five to customers from the country. However, twenty five pounds may still be sold for putting up fruit, but each such purchase must be balanced by a certificate which obligates the buyer to use it for no other purpose. The Government is ready to buy wool. The following firms are approved wool dealers: D. Davis & Son, Isaac Rosenbaum & Co., and M. Sabel & Sons, all of Louisville. The price is based on the market of July, 1917. Wool shipped under Government inspection, and paid for at a price that will be the same to all. The Government will increase the price on the 1918 crop of wool enough to cover the increase in freight charges, to take place on June 24th. All certificates for twenty-five pound lots of sugar, sold for putting up fruit, should be sent to me at the close of each week. Patriotic Pledges are coming to me in every mail from the rural sections of the County, almost none have come from the towns. Every extra hour's work, that a man, woman or child can do now that tends to produce or save food, helps to win the War.

TO PREVENT BELCHING

Make a regular habit of eating slowly, regulate your food thoroughly, and you may have no further trouble. If you should, take one of Chamberlain's Tablets immediately after supper.

National and Local Meat Business

The meat business of the country is conducted by various agencies—

By small slaughter-houses in villages—

By local Abattoirs or small Packing Houses in towns—

both

Using only a part of the local live stock supply

and

Furnishing only a part of the local demand for meat.

These slaughtering and distributing agencies fill a well defined but necessarily restricted place in the distribution of the products of live stock.

But only packers like Swift & Company, organized on a national scale, are able to undertake the service that is more vitally important, involving

An Obligation to the Producer

To purchase for spot cash all the live stock the producer may send to market for slaughter.

An Obligation to the Consumer

To make available to every consumer, everywhere, in season and out, the full supply and variety of meat products, of the highest standard that the market affords.

MOTORISTS TAKE NOTICE
The new automobile law which became effective yesterday is one of the best laws passed by the last legislature. It cuts out glaring headlights and the abominable muffler cut out. The synopsis of the law is as follows:
State Headlight and Muffler Cutoff Law becomes effective June 20, 1918.

Don't drive with glaring headlights in town or country.
Don't drive with muffler cut out any time or anywhere.
Don't leave your car standing without required lights, both front and rear.
Don't use spot-light unless directed upon road in front of car not more than 30 feet.
Obey the law. Better be safe than sorry.

We trust that our officers will see to it that this law is rigidly enforced. The glaring headlights make it dangerous to try to pass and the obnoxious cutout is an unnecessary nuisance.
Don't overlook the head and tail lights of your car, the law makes this of equal importance and especially so when left standing on the street. Ford owners must use their oil lamps front and rear and other cars must keep their lamps burning. Bad connection or worn out battery is no excuse. This law will be observed and enforced in every place of any consequence and there is no reason or excuse why it should not be as rigidly looked after in the smaller towns.

ATTENTION FARMERS.
Those farmers who have sheep should take notice that the U. S. Government is buying the wool of this nation and has a plan which will enable the farmer to get every cent that it is worth. The licensed wool buyer is allowed 1 1/2 cents per lb for buying wool for the Government. His license compels him to keep proper records and to handle wool, he must comply with the law or instructions.
The grower of wool should ship his wool to the nearest licensed wool buyer and instruct him to pay for the wool in accordance with the Government plan. The buyer's duty is to grade the wool properly and remit the shipper 3/4 of the value. Later when the U. S. takes over and grades the wool, the final settlement will be made. Under this arrangement good wool will bring the farmer net about 7 1/2 cents per lb. We should get our wool together here in Rockcastle County and ask for a government inspector to come and take it over and not ship our wool to other wool buyers to speculate upon.
There has been a card mailed to every man and woman voter and taxpayer in Rockcastle County. Some of these may have been sent to wrong addresses and all postmasters in the county are requested to see these cards are forwarded to the proper address. Kindly see that this is done, and oblige. W. H. Fish, County Chairman War Saving Committee.
London is to have a fair Aug. 27 to 31, which will be the only fair in Eastern Kentucky.

The brass band and orchestra of the Widows and Orphans Old Fellows Home of Lexington, Ky., consisting of 32 orphan children, 18 boys and 14 girls, will be the guests of Crab Orchard Lodge No. 108 I. O. O. F. on Tuesday July 2nd and will give a musical entertainment that night at the Baptist Church in Crab Orchard. The small sum of 15 and 25 cents will be charged at the door to defray their traveling expenses. Everybody invited. Odd Fellows and their families from all neighboring lodges are especially expected to be present and give cheer and encouragement to these little orphans of their dead brothers.

Dr. M. M. Phillips.
Committee on Arrangements.

The Mt. Vernon and Brodhead fairs have been called off for 1918 on account of the war. This does not mean that the fairs are dead, by any means. If there was any good reason for calling off a fair, we have not heard of it, as the fairs are supposed to stimulate agricultural and stock raising interests, the very thing the government wants now, to help win the war, but it has been done and it is up to every one to accept it as being right during these war times. The directors of both fairs carefully considered the question and to show to the people that they possessed the right kind of a spirit and as some thought would possibly be a little unparitotic to hold a fair, both organizations simply called off for this year, but remember if conditions are different there will be a fair as usual in both towns in 1919.

What Will Be Your Answer?

Many American ships with many American lives are at the bottom of the Atlantic, victims of the German lust for blood.
Our boys are going "over there," through a sea of hostile submarines, to fight that you and I at home may be safe.
But we can do something. Germany said to us, "You cannot cross the ocean with your men! You cannot fight us, because you cannot reach us!" What shall our answer be on June 28?

June 28th National War Savings Day

Let every man, woman and child join in an answer that can be heard from one end of Germany to the other—answering our people, sinking our ships and killing our men only stir us to action.
If every American buys one War Savings Stamp on June 28th it will add 422 million dollars to our war fund. But that is not enough. We must pledge five times that. Our quota for the nation is two billion dollars, to be raised through the sale of War Savings Stamps this year.
Let's strike another telling blow to the Kaiser on June 28th by taking up every dollar of that two billions.

SPECIAL ANNOUNCEMENT

The people of this county are expected to subscribe for and purchase during 1918 WAR SAVINGS STAMPS to the maturity value of \$319,440. In order to distribute this allotment of War Savings Stamps equitably among the various parts of the county, a quota has been assigned for each school district, which will be stated at the opening of the meeting in each school house on June 28th. These meetings will be held in every school house in Rockcastle county, except the meeting in the Owens District No. 61 which will be held at the residence of Gene Brown on account of their being no school house ready to use.
