PERSONAL

Logan Bryant is now located at Charlotte, N. C.

Oscar Wallace is firing between Lebanon Junction and Corbin.

Dave Craig is now at work for the government at Jeffersonville.

Dr. M. Pennington was in Louisville Tuesday on business.

A. G. Ball, the Orlando merchant, expects to enlist in the navy.

Charley Anderson will sail July 1st for France as a Y. M. C. A. worker.

Dr. and Mrs. Lee Chesnut spent Tuesday and Wednesday in Louisville.

Miss Jo Davis has returned from an extended visit to relatives in Hadlan county.

Mrs. Fanny Adams and Miss Tevis Bothrum are visiting relatives in Middleboro.

Mrs. L. W. Bothrum spent last week with Dr. and Mrs. J. M. Williams in Paris.

Miss Rysse Williams has returned from a week's visit in St. Hazel Myers at Winchester.

W. H. Fish was in Louisville Wednesday to meet State Chairman Brown, of the War Stamps Saving Campaign.

Allen Smith, A. C. Burdette and Bradley Mink are three more Rockcastle boys who left this week to join the Navy.

Misses Myrtle Bryant and Winnie Falin, Robt. Spence and Chas. Anderson motored to Richmond and spent the day Saturday.

Little Mary Lucas Brock is here from London to spend a few days with her sister, Mrs. W. H. Fish.

Misses Celia Hitt and Esther Staverson, Allen Smith and John Lair, with John Albright as chauffeur, spent Sunday at High Bridge.

Mrs. S. B. McKenzie and child are visiting her parents, Mr. and Mrs. G. C. Fish. Mr. McKenzie came up with them and was here between trains.

Misses Mattie Chesnut and Miss Silvers were the guests of one N. N. Dowell at her home on Sunny Brook Farm. The dinner was the main feature of the day.

Prof. D. H. Lyon tendered his resignation this week as principal of the Mt. Vernon Graded and High School. He has already gone to work for the Y. M. C. A. and is now located at Camp Taylor.

Messrs. Ed Brady, D. S. Holman, S. Ferdinand Mathery and H. B. Phillips motored up from Stanford Tuesday to call on Misses Mattie Chesnut, Dessie and Bonnie Nicely and Esther Staverson.

Mr. and Mrs. S. F. Bowman spent the week with Mrs. Bowman's parents, Mr. and Mrs. Jobb Farmer in McKee Jackson county. They drove through in their "diver." Miss Ruth Mullins has charge of the Clerks office during Mr. Bowman's absence.

Mrs. G. W. Gentry and brother, Mr. Jesse T. Gentry are expected to arrive from Oklahoma about July 1st, to visit Rockcastle relatives. Mr. T. Yreec has been gone from this county close to forty years. Mrs. Gentry in writing her daughter, Mrs. T. J. Pennington, said that she had notified all members of the T. Yreec family that they were to be a family reunion at the old home sometime near the Fourth of July, the exact date to be announced later.

Misses Christine and Edna Davis, leave today for Winchester to visit friends.

Misses Boss and Myrtle Hamlin were guests of the family of their uncle, J. A. Oliver, at High Bridge this week.

Mrs. J. C. Moore and Miss Edith Moore were with Mr. and Mrs. Wm. McHargue at Pine Hill Tuesday.

Mrs. J. W. Rider was in Louisville the first of the week to see sons, Wilburn and Julian, who have positions there for the summer.

LOCAL

A letter from Logan Bryant says: "We are down South in Dixie Land and down to real army life."

John Ramsey is building the abutments for a bridge across Roundstone, at Roundstone station. Another German officer, arrogant and sarcastic, remarked: "We are just starting with the Americans. We are going to wipe out whole divisions as if they were companies."

Ross Carter, a son of D. L. Carter, died in the hospital at High Bridge, Tuesday. We did not learn the cause of his death.

Uncle Jack Burk sold his store back to W. R. McClure and has repurchased the shoe shop from Ed Deatherage. The latter has gone to work for Barnes & Cromwell, the oil men.

John Baker Jr. has opened a general store in the Mrs. Sue Mullins property at Livingston. This is a good stand and in all ways commands a liberal portion of the trade of that splendid town.

Judge L. W. Bothrum, V. C. Tate, T. J. Nicely, W. H. Carmichael and Fred Baker were in Lexington Monday to meet Judge B. J. Bothrum and other Republicans from different parts of the state in the interest of the judges' race for U. S. Senator.

Judge B. J. Bothrum who has been in a sanitarium in Chicago for the past several weeks, is reported very much improved.

Mr. James Dennis Jolly, of Mystic, Ky., and Miss Jennie Morrow Miller, were married at Evansville, Ind., on June 14. The groom is a splendid young man and holds a good position on the L. & N. railroad. The bride is the youngest daughter of Mrs. J. W. Rider, is very talented in music and is a most attractive young lady. We join with their many friends in extending congratulations. They will make their home at Mystic.

The petition sent in a short time since asking for a change of the schedule of trains No. 22 and 23, which would run thru from Louisville to Livingston and return, seems to have been of no avail according to a letter received yesterday from Superintendent W. F. Sheridan. Conditions are such that these trains can not be discontinued on the Rowland branch and during the war, it is not the policy of the railroads to increase the passenger mileage as the Superintendent said as long as Nos. 22 and 23 run as near on schedule time as at present there is no hope of additional service for that portion of the L. & N. between Stanford and Livingston.

Mr. James D. Gentry and brother, Mr. Jesse T. Gentry are expected to arrive from Oklahoma about July 1st, to visit Rockcastle relatives. Mr. T. Yreec has been gone from this county close to forty years. Mrs. Gentry in writing her daughter, Mrs. T. J. Pennington, said that she had notified all members of the T. Yreec family that they were to be a family reunion at the old home sometime near the Fourth of July, the exact date to be announced later.

With the American Army in France, June 26 (By A. P.)—German prisoners captured by the Americans on storming the Belleau wood section last night now number 250, including seven officers. One of the officers said the German commanders have been telling the soldiers that the Germans have landed an army in America, capturing New York and are now marching toward Philadelphia. The Germans also told that submarines have sunk between forty and fifty ships in Long Island Sound.

The importance of the American advance in Belleau wood is not indicated by the amount of territory captured as that only amounts approximately to 500 square yards. The new positions of the Americans, however, dominate the ridge beyond so that they now hold the upper hand.

Another German officer, arrogant and sarcastic, remarked: "We are just starting with the Americans. We are going to wipe out whole divisions as if they were companies."

The German privates were less arrogant, and apparently were glad they were captured. One declared that the Germans were captured at the Americans, who appeared so young, but fought like devils when they got started. Another declared: "The war will soon be ended. There are too many Americans coming to Europe."

This prisoner was a Prussian who fought on the Russian front. He confessed that the Germans were preparing to attack the Americans in Belleau wood when the American troops started their attack. It was a surprise affair. The Americans came one way and the German officers tried to force their men forward the other way. This prisoner was shot in the leg by his own officer because he hesitated to confess between the American guns and bayonets, and the pistols in the hands of the German officers.

Raymond S. Howell, of Barnesville, O., who was in the first line of the advance, describing the operation, said: "I took up a position in the woods there was no trench, the shells fell around us like rain. We charged over the rocky hill, our fellows laughing and yelling a war whoop. We threw a wheat field and crossed in the face of a withering shell and machine gun fire, and drove back the Germans at the point of the bayonet."

"It was a wonderful sight. The Americans never hesitated and the sound of their whoops were almost drowned by the Germans' cries of 'Kamerad'."

"The Germans got a few of our fellows, but we made them pay dearly for every one."

Herbert E. Bartley, of Ada, O., said about a wounded American soldier who was being forced to march with the Germans to the American lines. When they reached the lines he said the American said quietly: "Here's my prisoner." The German sheepishly nodded and said: "Yah."

Some idea of the thoroughness with which the Americans prepared attack may be gleaned from the fact that they fired approximately 5,000 high explosives in one hour. The American gunners worked so fast, the Germans said they did not have time to think.

The German lines were torn up and the ground strewn with German dead and wounded. Two members of a German hospital corps were captured.

Machine gun emplacements, which were hidden behind the rock rocks, were charged and captured, while a group of several Americans captured one machine gun and twenty Germans in a shell hole. The attacking force was comparatively small one in this way every captured machine gun was as thoroughly as one several times as large might have done.

One of the American wounded remarked to the correspondent: "I got bumped pretty badly, but I guess it was worth while. If we had a million more like our outfit over here we would go to Berlin."

TO PREVENT BELCHING. Make a regular habit of eating slowly, masticate your food thoroughly, and you may have no further trouble. If you should, take one of Chamberlain's Tablets immediately after supper.

If our Brodhead and Livingston correspondents don't show up pretty soon, a search warrant will sure be issued.

James Griffin, and Willie Hiett were two more boys who went into Louisville, Tuesday, and enlisted in the navy. All the boys who went have returned to await their calls.

TAXES DUE:—I have received tax books for 1918, and your taxes are now due. You will find me or one of my deputies in the office at all times to receive them, please do not delay settlement.

TIP LANGFORD, Sheriff.

FOR SALE:—As I am building on another place I want to sell my two acre lot at Burr. House of three rooms, also an empty store room, mill shed, shop room and orchard. Will sell on terms to suit. It is a good location for a store.

THRO PROG.

DESSERTERS:—Jailer Wade Lavey and Deputy Sheriff W. W. Anglin took George Henry Gibson and Willie Caywood and Taylor Mitchell, held as deserters from the army, into Louisville Wednesday and turned them over to the authorities at Camp Taylor. Gibson and Caywood had registered but failed to answer the call for the last contingent of the draft and were therefore held as deserters. Gibson lived at Boone, this county, and Caywood was an engineer and had registered at Livingston, was making his home at Lexington at the time the call was made and both parties claim that they did not receive their cards. Mitchell who has been in the army for nine months living in Harlan county and when arrested at Brodhead a few days ago was in uniform and said that he had not deserted but that he was simply going home to see his family and expected to return to camp in a few days. A term in the work house will no doubt give his impression upon the boys that they are under military rule, and that way of doing things is a little bit different to what they have been accustomed.

The brass band and orchestra of the Widows and Orphans Old Fellows Home of Lexington, Ky., consisting of 32 orphan children, 18 boys and 14 girls, will be the guests of Crab Orchard Tuesday, July 2nd and will give a musical entertainment that night at the Baptist Church in Crab Orchard. The small sum of 15 and 25 cts will be charged at the door to defray their traveling expenses. Everybody invited. Odd Fellows and their families from all neighboring lodges are especially invited to be present and give support and encouragement to these little orphans of their dead brothers.

What Will Be Your Answer?

Many American ships with many American lives are at the bottom of the Atlantic, victims of the German lust for blood.

Our boys are going "over there," through a sea of hostile submarines, to fight that you and I at home may be safe.

But we can do something. Germany said to us, "You cannot cross the ocean with your men! You cannot fight us, because you cannot reach us!" What shall our answer be on June 28?

June 28th National War Savings Day

Let every man, woman and child join in an answer that can be heard from one end of Germany to the other—an answer so clear, so strong and so true that it may have a far greater effect than any of us can imagine on Germany's future policy. Let this be our answer—let every man, woman and child in this great land of ours pledge himself to buy as many War Savings stamps as he or she can possibly afford. Let's show German autocracy that instead of undermining our morale, striking our ships and killing our men only stirs us to action. If every American buys one War Savings Stamp on June 28th it will add \$25 million dollars to our war fund. But that is not enough. We will pledge five times that. Our quota for the nation is two billion dollars, to be raised through the sale of War Savings Stamps this year. Let's strike another telling blow to the Kaiser on June 28th by taking up every dollar of that two billions.

TAKE CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.

"I was taken sick, seemed to be dying," writes Mrs. Mary E. Vestie, of Madison Heights, Va. "I got down so weak, could hardly walk—just staggered around."

"I read of Cardui, after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at a time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

BEST INVESTMENT EVER DEVELOPED

LOUISVILLE BROKER TELLS WHY
THRIFT STAMPS ARE NEAREST IDEAL.

GIVE ALL CHANCE TO HELP

The Baby Bond is Perfect Investment and Brings the Economy of All the People Into Fight.

(By Harvey C. Williams, of Williams & Moore.)

Finance and investments have developed into a science as any other branch of human research, and the doctors of finance, better known as bankers and brokers, have searched as diligently for the perfect form of investments as other scientists have for perfection in their various lines, seeking in an investment means the certainty of fixed income with no possibility of depreciation of the principal. Heretofore government bonds of the leading nations of the world have been the market for realizing this ideal, but since the world went to war, even these securities have shown serious depreciation in exchangeable value.

Now, however, the United States Government has issued a security which, as far as I can discern, does not actually meet the requirements of a perfect investment. It is none other than the famous War Savings Stamp or Baby Bond, and because the original idea was to encourage war-time thrift and economy among the great wage-earning army of America, it has been generally overlooked by the investment class. The outstanding feature of this security is that it may be redeemed at any time before maturity at full face value and about 1 per cent interest upon ten days' written notice, while if carried to maturity in 1925, the interest rate is 4 per cent compounded quarterly, which will aggregate 4 1/2 per cent annually on the investment for the entire period.

The issue of War Savings Stamps is limited by law to \$2,000,000,000, and in order to give everyone a chance to secure a part of this "safest investment ever devised," a limit of \$1,000 for each individual was set by the Government. As the total issue represents only about \$18 for each individual in the country, the wonder is that any effort should be necessary to sell them, and when the investors of moderate means once realize the advantages of this form of security, there will be a general demand for "the limit."

All in all question of selfish interest, however, stands the great fact that War Savings Stamps offer patriotic Americans an opportunity to help win the war by lending his money to Uncle Sam in amounts ranging from twenty-five cents up, and there is no doubt that the bringing of the war to our shores by the submarine campaign will greatly stimulate the desire to do so.

LOUISVILLE BANK GOES ON HONOR ROLL

The Liberty Insurance Bank, of Louisville, has again shown its patriotic and progressive spirit by going on the honor roll of the War Savings Stamp Limit Society. This is done by the subscription of every member of its board of directors to \$1,000 in War Savings Stamps, which is the limit in individuals and corporations are allowed to purchase of Baby Bonds. The War Savings Committee has every hope that all banks in Louisville will soon be on this honor roll.

The step of the Liberty Insurance Bank serves to attract additional attention to its other and varied efforts to serve the Government in the present critical period. The bank now operates a very complete department for War Savings Stamps and Thrift Stamps, and it is a very busy department.

The bank has seven directors, every one of whom has bought the limit of \$1,000 of War Savings Stamps.

JESSAMINE COUNTY HAS GOTTEN BUSY

State headquarters has received the following report: "Chairman T. G. Wilds has been busy perfecting the county organization for the sale of War Savings Stamps. A large number of War Savings stamps have been placed, and Jessamine county will again show her true spirit in aid of our Government, and there is every reason to believe her quota will be more than bought up. It is an opportunity for the people to save and the harvest of its good results will come on the maturity of the stamp in a little less than four or five months. Every \$25.00 put in the June stamps makes \$30-\$100.00 of \$25.00 makes to \$100.00. The seed now sown will be the harvest then. The motto is 'Sow now, reap later, and be happy.' There is not a loyal citizen in the community who will not help get it over the top in this drive."

THRIFT VALUABLE IN PEACE TIMES

While the success of the War Savings campaign is a necessity as a measure of war, it is just as important as a peace measure. The person who invests in War Savings Stamps does not merely help win the war, but he exercises a creditable and profitable foresight. If the present War Savings campaign should fail, it would greatly cheer the Kaiser and his Potsdam crew. That is the unanswerable reason why every loyal Kentuckian must assist in the army of savers.

LIBERTY LOAN WORKERS

McAdoo Asks Assistance of Men and Women Who Made Success of Great Bond Campaign.

A greater number of individuals ever before have shown that the most bonds as a result of your splendid work during the Third Liberty Loan campaign.

The number of the stockholders in the Government should be still further increased through the sale of War Savings Stamps, and the teaching of thrift and economy and the necessity for conserving labor and material should be continuous.

Friday, June 25, has been designated as National War Savings Day, when a special effort will be made throughout the nation to secure pledges from every American to save and contribute and to purchase War Savings Stamps.

I earnestly desire that Liberty Loan workers shall render all assistance possible to War Savings committees in this campaign. The thoroughness of the necessity for individual saving and economy is brought home to the people of this nation the easier will be the work in future Liberty Bond issues, the more quickly and adequately can the army and navy be equipped, the more certain will be the future welfare and prosperity of our people.

(Signed) W. G. McADOO.

COUNCIL OF DEFENSE IS CO-OPERATING WITH US

To the Several State Councils of Defense.

The Chairman of the National War Savings Committee has written us, to render the assistance of the State Councils of Defense in the intensive thrift campaign which culminates on National War Savings Day—Friday, June 25. A copy of his letter is enclosed. We have assured him, on your behalf, that the State Councils of Defense will lend their entire efforts if you have not already done so, will co-operate with the War Savings Council of your State, in order to arrange that the help given by you and your Councils of Defense shall harmonize with his.

The object of this campaign is to make every individual in the United States a owner of War Savings Stamps, and pledged in the future, systematically to purchase as much as he can.

The stamp selling plan is directly in line with the campaign for thrift and economy which was advocated by the Council of National Defense in its resolution of May 8, and on which you are now engaged.

Very truly yours,

(Signed) ARTHUR H. FLEMING, Chief of Section.

BRINGING THE WAR HOME

Now that Germany has extended her policy of frightfulness and brought the world war to the coasts of this country, there should no longer be any American unwilling or unprepared to do his utmost to settle, once for all, this diabolical and heinous power.

If Germany had deliberately sought for a method which would not only stir the country and bring it to all its strength, but to a resolution to gather within its grasp the life of our coast. The sinking of American vessels should within sight of our coast lines, by German submarines, is a fact which we are not sure is the ravages of war upon us though we are removed 3,000 miles from the conflict.

The presence of German submarines of our coast is a positive challenge to every American. President Wilson's proclamation calling for enlistment in the War Savings army 50 or before June 25th offers the opportunity for a good reason American answer to that German challenge. The National War Savings committee wants to know whether you and a neighbor the people of this State are going to give to the latest German atrocity.

ROBERTSON COUNTY ALIVE AND STIRRING

This is the way Chairman W. T. Gentry, of Robertson County, puts it in his campaign: "We're with you, Mr. President. We've been up and stirring since Monday, June 15th, and we're doing every home in Robertson county to buy the maximum of \$1,000."

Ben Mullins is on a business trip through Jackson this week. The drought was at last broken Monday evening with a good shower of rain, but not near as much as was needed—Clarence Durban, of Tennessee, is visiting his brothers, Jones and Charles, J. H. Roberts, J. H. Mullins, Wm. Angel and several others of this place, were in Mt. Vernon Saturday.—Crops look well in this part owing to the dry weather, but gardens have been suffering for rain very badly.—Miss Viola Durham, of Cruise, spent last week with her aunt, Miss Mattie Deagler. J. H. Roberts is having lots of a bark put on.—Miss Ruth Mullins is with her cousins, Misses Sallie and Ada Mullins this week.—Mrs Fred Mullins and sister, Miss Sallie Price, spent a part of last week with their mother, Mrs. Price, at Level Green.—Rubin Swinford and son, Sherman, of Desputana, were in this part last week and purchased the first mill of Mrs. C. E. Mullins.—J. H. Mullins was in Livingston Tuesday.—Sunday School is progressing nicely at Red Hill with Daniel Pender, Miss Bertha Robinson and others as teachers.—Well, it seems like we have all gotten lazy as there was not a single correspondent that showed up last week in the Signal, but of course Mr. Gentry's letter counted for them all.

CATARHAL DEAFNESS

CANNOT BE CURIED by local applications, as they cannot reach the diseased portion of ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube re-opened, and its normal condition of hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHERNEY & CO., Toledo, O.

CHRONIC CONSTIPATION

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will take an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxative. Strychnine and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

PRESIDENT CALLS ON ALL LOYAL MEN

LET NONE BE UNENLISTED ON DAY SET APART FOR STAMP SALE

FRIDAY, JUNE TWENTY-EIGHT

Great Opportunity Offered to Help Win the War By Signing the Pledge in Response to Wishes of Our Leader in Great Struggle for Democracy.

The President of the United States has called upon the loyal men and women of America to pledge themselves to save for victory. He has issued an earnest appeal to all Americans to buy War Savings Stamps as regularly as possible, investing in this form of security the money saved through avoiding needless expenditures.

"The 28th of June ends this special period of enlistment in the greatest volunteer army of production and saving here at home. MAY THERE BE NONE UNENLISTED ON THAT DAY."

What loyal American will refuse to respond to this appeal issued by the executive head of this nation, the commander-in-chief of our armed forces?

We have the opportunity to enlist in this "volunteer army of production and saving." In Germany it is a matter of compulsion. The iron hand of the German autocracy forces it harshly upon the German people, depriving them not merely of luxuries, but of the bare necessities of life. "We are asked in America to voluntarily postpone our needless luxuries so that our soldiers and sailors may not lack their necessary equipment. What the German nation does under duress, our soldiers and sailors will do in a glad way voluntarily. It is unthinkable that there is a man, woman or child in America who will refuse to sign the pledge to save and to invest a portion of the savings in War Savings Stamps."

We must respond to the President's solemn appeal—we must sign the pledge, not because we feel forced to, but because it is an opportunity for us to help win the war. The pledges should be signed cheerfully, willingly, gratefully.

When the war is over and the period of readjustment sets in, then will the wisdom of this action be apparent. The War Savings movement became strikingly apparent to all. There is now more money in circulation than ever before in the history of the world, and this condition is likely to prevail after the war is over. The money that has been saved has merely money that will have the advantage in the coming days of reconstruction, but the money that has been saved in the form of War Savings Stamps has it not merely saved money, but it is saving, in reality, the material which he would otherwise have bought. It is not lack of money that worries Germany—it is the lack of material. We are wasting labor and material, but it is not create material.

When an individual invests in War Savings Stamps he is not merely saving money. He is saving, in reality, the material which he would otherwise have bought. It is not lack of money that worries Germany—it is the lack of material. We are wasting labor and material, but it is not create material.

What is the result of it is predicted that all nations will compete in South American and Oriental trade. It is the result of the war to dominate international trade and maintain the national prosperity. But if we continue to squander goods at the same time that we double our demands by supplying the Government for war purposes, we are wasting labor and material of which we will be in sore need after the war.

DON'T WAIT EVEN A DAY

The attention of every War Savings Stamp worker in Kentucky is directed in particular to one point brought out in President Wilson's appeal urging the purchase of War Savings Stamps. The President says: "I earnestly appeal to every man, woman and child to pledge themselves on or before June 28th." Clearly this means that pledges should be secured from this date on and including June 28.

War Savings workers are urged to make it clear that while June 28th is a War Savings Pledge Day, and while the pledge will be made on that day, the important is if really on from that time forward—meaning from now and including June 28.

WHAT AM I DOING?

Ask yourself this question: "Am I doing my share?" If you are not, try to win the war. If you are not, try to win the war. If you are not, try to win the war.

The Government doesn't ask very much of you. It merely asks you to do without unnecessary things, to invest your money saved thereby in securities. You can buy War Savings Stamps and save the Nation. Remember that every time you buy a War Savings Stamp, which is as valuable as gold in 1918, you are saving a shot at Berlin.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED. People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.

Governor Stanley Proclaims National War Savings Day

Proclamation

WHEREAS, The people of this Commonwealth, on June 28th, 1918, will be afforded an opportunity for self-denial and practical consecration to the great cause to which civilization is pledged; and

GOVERNOR A. O. STANLEY Of Kentucky

WHEREAS, The material needs of the Government for the successful prosecution of the war are enormous and the only resources of the Government is the property of the people. This can be reached by taxation or by volunteer contribution. Both are necessary to assure success. In addition to the payment of taxes imposed by the nation at this time, each citizen should be willing to practice every character of self-denial. Our smaller savings can best be invested in War Savings Stamps. The people of this Commonwealth are asked to invest in these stamps. Similar allotments have been made to other States, and the President has called upon the people of the various States to indicate their willingness to practice the patriotic self-denial required of all of us, during the remainder of this year. This State has always responded to every call, and I feel assured in this instance it will not be found lacking.

THEREFORE, I, A. O. Stanley, Governor of Kentucky, hereby proclaim Friday, June 28th, 1918, as WAR SAVINGS DAY, for the State of Kentucky, upon which day all persons shall give their pledges for War Savings Stamps at such times and places and in such manner as may be appointed by James B. Brown, War Savings Director for this State, acting under the authority of the Secretary of the Treasury, and pursuant to the proclamation of the President of the United States.

In testimony whereof, I have caused these letters to be made patent, and the seal of the Commonwealth to be hereunto affixed. Done at Frankfort, the 17th day of June, in the year of our Lord, one thousand nine hundred and eighteen, and in the one hundred and twenty-sixth year of the Commonwealth.

A. O. STANLEY.

By the Governor, JAMES P. LEWIS, Secretary of State. By E. MATT KARR, Assistant Secretary of State.

Officers of the German submarine which sank the transport, President Lincoln took photographs of the boat load of survivors and also ordered the men to stop singing the "Star Spangled Banner," according to the story told today by Julian Riffe, of Housertown, Ky., a member of the Medical Corps on board the vessel. Mr. Riffe said the discipline of the ship's company was excellent, and that one gunner saved his machine gun, but was not encouraged to use it. He told his story at the office of the Detroit Electric Car Company by which he was employed before he entered the service.

"We were some 500 miles off the coast of France," said Mr. Riffe with a crew of 600 men and 115 passengers, including a number of wounded men who were being invalided home. At 11:30 o'clock on the morning of May 21st we were startled by the shouts of several sailors, who saw a torpedo approaching.

manded the captain of the ship. As it happened, the captain was in our boat, but he had taken off his coat and all insignia of rank, and we swore we did not know where he was, and thought he had probably been drowned.

"Most of our men acted as if they were on a picnic, laughing and joking among themselves, while one fellow did the best he could to accompany songs on a mouth organ. To show how deliberate we had been in our leaving the ship, one gunner had brought along with his machine gun and a quantity of ammunition was not encouraged, however, by the rest of us to attempt to do it on the Germans. The sea was rough, and after a while most of us got so seasick that we wished the submarine would return again and blow us out of the water.

"After about 18 hours of misery we were picked up by two United States destroyers and taken back to a French port. The people there made heroes of us, and the men on the President Grant, sister ship to the President Lincoln, sent us 5,000 cigarettes and \$50 in money. The Y. M. C. A. also sent us \$100, which was welcome, for when we arrived we could not leave the ship for lack of clothing. —New York Evening Post.

WAYSIDE NOTES

During past week an automobile was on streets here bearing an Ohio license tag No. 533,850 and a New York car with No. 415,710 displayed on it. Kentucky's license tags now stand around No. 67,500 for 1918.

The Coop & Lent mortized circus passed over Clark county pikes Sunday last. It didn't tarry in Winchester where the city license called for \$500 a day and \$50 each for side shows. Seems like this town "don't" want no shows no how. Street carnival license is placed at \$100 a day or \$500 a week.

Arrangements have been made to send engineers to Livingston on Monday July 1st to begin survey of the seven mile gap in Dixie-Boone Highway between Livingston and mouth of Parker's Creek to connect with the Laurel division of the road.

Among the 120 subscribers for War Saving stamps in the \$1000 limit club, of Clark county are two drayboys. The colored population are patriotic to the core; holding meetings and taking bonds and saving stamps extensively.

Louis Cooper, the oil man, stop, over here Sunday night between trains, to resume work in Lee county. W. S. Fish, of Stanford, traveling for a Louisville house was here today. He tells us his father, of Pain Lick, was 87 on June 23rd, and that he had purchased property at Richmond and would move thereto; and that he, (W. S.) would shortly move to a farm. Mr. Fish's father is a brother of Albert and Henry Fish, deceased.

Peroration of Luke McLuke: There was a smart chaffeur, his name was Bill Bole, He was one of the gamest of men; He ran his machine up a telegraph pole, And he never will let it again, Once upon a time a man who had been married for ten years came home and told his wife that he loved her. The Coroner's verdict was that the poor woman's death was caused by a Great Shock.

If you want to make a man popular in a dry town just start a rumor that he has a Quart hidden away. And men who haven't spoken to the man in ten years will come around and pat him on the back and tell him what a Fine Fellow he is.

A man in North Middletown, Bourbon county, probably left handed in his spelling, rendered the reading on war savings stamp posters: "Save your children from poverty and autocracy," in this manner: "Save your children from poverty and auto-crazy" remarked: "That's right there's too ding many of them machines in the county anyhow."

Hiram Johnson was over from London Sunday. He was for sometime a partner of C. C. Williams "in the practice of law and the winning of a number of notable and important cases stand to their credit.

Many Clark county farmers are using traction engines in pulling binders in harvest fields.

The acreage put to hemp in Clark, this season is mighty small, the more tobacco has been planted than last year.

Times seems to be out of "jit" for the lafeza, rich and poor; they have been put to work.

"It ain't fair. The rich can drink the liquor which is priced

out of the reach of us fellows." Lamentations often heard lately on the highways and by-ways. The enforced temperance grumbler then adds: There's one consolation a-ya, the rich has to go to work the same as us, thank goodness, and that's some consolation.

The cost of operating a three and a half ton auto truck in delivering crushed stone, on pikes, including driver's wages, interest and depreciation on original cost of machine, gasoline, oil, etc. used daily amounts to \$15. It does the work of five horse teams which cost \$6 per day each, or \$30. Drivers say the difference between an auto-truck and a mule is discovered when the auto stalls or "bucks". Whipping and cursing won't make it go.

The sale of the old Presbyterian church building built in 1854, requires the Winchester Sun to move its effects therefrom. The editor has chased a blacksmith up a tree and taken possession of his shop to place his \$6000 press therein. The shop adjacents a brick building in which the editorial and business departments will be located. "It is probable the Smith's anvil will be commandeered and retained for the purpose of hammering out heavy editorials upon, and to resort to its "horn" whenever a dilemma is encountered.

NOTICE

AN ACT FOR THE IMPROVEMENT OF THE PUBLIC HIGHWAYS OF THIS COMMONWEALTH.

Be it enacted by the General Assembly of the Commonwealth of Kentucky...

1. That it shall be the duty of every owner, controller, and manager of lands bordering and abutting on the public highways of this commonwealth for the distance which their said land so abuts and borders, when so ordered by the Fiscal Court of his county, to cut, clear away, remove and carry from along side the public highways, all bushes, weeds, shrubs and overhanging limbs of trees and other such obstructions along such highways and to keep all hedge fences along such highway so trimmed and cut back, that same, at no time will be more than five feet high.

2. The brush, bushes, weeds, overhanging limbs of trees, and all other obstructions along the highways of the several counties of this commonwealth are to be removed therefrom between the 1st day of July and the 20th day of August of every year, and it shall be the duty of the county road engineer of the several counties of this commonwealth to publish in some county paper of the county in which they act for, at least two consecutive weeks before the 1st day of July of every year and to give notice by handbills posted in not less than two conspicuous places in each voting precinct of their counties outside of the incorporated towns, the requirements of this act and the duties incumbent on such persons as own, control and manage lands bordering and abutting on the public highways.

3. Every person who violates the provisions of this act by failure to perform the duties as herein required shall on conviction be fined in a sum of not less than twenty dollars nor more than fifty dollars. And the county road engineer, shall on conviction be fined in the sum of not less than twenty five dollars nor more than one hundred dollars for his failure to publish the notices as herein required.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

For the same period in 1917 1,338,300,000 \$210,400,000

Increase in Weight 16 2/3% 220,300,000

Increase in cost 54% - - - \$113,400,000

The Consumer's Bill for Meat

must necessarily have increased correspondingly, as Live Stock prices and meat prices fluctuate together.

When the producer gets high prices for his live stock, the consumer's meat bill must necessarily be larger.
