**GERMANS MASSACRE  
HUGE ARMY TO  
CHECK ALLIES**

Violent Fighting Is in Progress  
Along the Whole Alsace-  
Marne Front.

**HUNS USE 71 DIVISIONS**

Heavy Counter-Attacks Wrest Clerege  
and Bagnoux From Allies.  
Between Gurck and Velle.

London, July 31.—The Germans have been counter-attacking very heavily along virtually the entire battle front, according to news that reached London. Their attack was especially heavy in the Alsace-Marne sector and resulted in driving the Americans out of the village of Gurck, about five and one-half miles southeast of For-En-Tardoues.

**Heavy Fighting Near Bazany.**

There has been heavy fighting near Bazany, five miles south of Salsoues, and also in Vester Wood, about five miles further south. In this latter city 45 prisoners were taken belonging to three divisions of the enemy now engaged in the Marne salient. There are 71 such divisions, of which ten belong to the western army of Crown Prince Rupprecht of Bavaria.

Very heavy fighting has been in progress along the battle front from Ville-en-Tardoues to Bazany, according to military records. It has continued so far, however, in very little progress for the allies.

**Some Gains by Allies.**

Some advance has been effected on the allies' front along the valley along the eastern side of the Marne between the villages of Alzieu. A certain amount of ground flow has been gained near the center of the Marne, west of Viller-Agron-Algout.

The main advance on the western front has been made at Grand Roy, about five miles northwest of For-En-Tardoues.

**French Capture Remlay.**

Recently only one and one-half miles from the German supply center at For-En-Tardoues, has been captured the French, according to news from the Alsace-Marne battlefield. Remlay is on the northern side of the Dur-El-Bains road, on the eastern flank of the Marne.

**Plans to Make Stand.**

Paris, July 31.—The heroism of the German resistance, it is believed here, is a sign the German retreat has reached its limit and the enemy will make a stand with his right wing on the plateau south of the Crise and his left on the hill south of the Arles. For the defense of this line, it is held, the Germans will devote all of Gen. von Ludow's army, and the reserves divisions taken from Crown Prince Rupprecht of Bavaria.

**Must Be Driven to Alsace.**

Washington, July 31.—Increasing pressure by allied forces on the retreating German army, urged from the Alsace-Marne front was expected by military officials here to indicate soon that the men which the enemy will elect to make his stand. With the threat July left behind, according to reports next line upon which the German high command can build defense is believed to be that of the Velle river. In the opinion of many here, the allied advance will continue beyond the Velle and determine German resistance is not to encounter until the Alsace is reached.

**Danger of Flank Attacks from the Franco-British troops about Bazany are counted as making the Velle line untenable even should the German with their battle at that point.**

The latest official releases indicate that the allied troops are pushing on vigorously and through the progress of General Foch's troops has been shown earlier in his message being circulated in the center of the Marne. It was taken to mean that General Foch may have decided to determine the extent of the enemy's retreating line. Such a wedge, if successfully executed, would seriously threaten the main position of the For-En-Tardoues. Fighting of a severe nature south of Salsoues was believed to indicate the possibility of a new pierce movement at that sector.

**CONFLICT WITH  
FINNS PENDING**

Entente Forces Are Preparing to Meet the Enemy in the Murmansk Region.

**GERMAN TROOPS IN MOSCOW**

Czech-Slovak Forces Have Penetrated to the Black Sea and Seized Two Russian Cruisers in Harbor of Novorostok.

London, July 31.—Conflicting reports regarding the presence of German troops in Moscow have reached the state department. From one source comes information that Nikolai Lenin, the bolshevik premier, has admitted that the Germans are endeavoring to guard the German embassy. Reports from another source deny this. Department officials are satisfied, however, that a certain number of German guards are in Moscow.

Unconfirmed reports received at the state department that Ambassador Francis moved his headquarters from Yokohama to Shanghai. No direct news has been received from Mr. Francis, and the state department has called him regarding the matter.

**Czech-Slovaks Reach Black Sea.**

Washington, July 31.—Czech-Slovak troops have penetrated to the Black Sea in southeastern Russia and have seized two Russian cruisers in the harbor of Novorostok according to authoritative advice reaching here.

This word is the first indicating the presence of the Czech-Slovak troops in the Murmansk region for south in Russia. The expedition was held at headquarters of the Czech-Slovak troops in the Murmansk region. The word is the first indicating the presence of the Czech-Slovak troops in the Murmansk region.

Much importance was attached to the dispatch, as the possibility was indicated that the British might join the Russians battling the Turks in Transcaucasia and form a union with the British forces in Mesopotamia. A Russian campaign with this objective was rapidly gaining success when the Russian advance was checked.

**PLAN HIGHER TOBACCO TAX**

House Ways and Means Committee Chairman. This is a source of War Revenue.

Washington, July 31.—Tobacco as a source of revenue was considered by the House ways and means committee today in making the new six-cent tax on tobacco. Taxes on liquor and other beverages will not be fixed until the committee reports on the tax on tobacco. The committee is expected to report on the tax on tobacco in the next few days.

MAJ. GEN. FRANK W. COE

Gen. Coe, Frank W. Coe, newly appointed chief of coast artillery, who succeeded Maj. Gen. Erasmus M. Weaver, retired. General Coe is a native of Kansas and has spent all his life in the military service.

BRIG. GEN. R. E. WOOD

Brig. Gen. R. E. Wood, acting head of the quartermaster corps in Washington, is said to be sought for an important assignment in France soon. General Wood was brought back from France when General Goethals became head of the quartermaster corps.

LIVINGSTON

Mr. and Mrs. W. M. Sowder have returned home to Mt. Vernon after a few days visit with their son, G. G. Sowder, of this place. Hon. John L. Powers spoke here Saturday night in the interest of Hon. J. M. Robison's candidacy for Congress, and from what we learn had a full house. Miss Marie Hamber is visiting relatives in Livingston this week. Misses Margaret and Angeline Falls are visiting relatives in Louisville this week. Edgar Cottogion, son of Mr. and Mrs. W. H. Cottogion, Walter T. Owens, son of the writer, Charles Black, and Robert Warren have landed in France. Mr. and Mrs. W. D. Griffin, T. M. Griffin, add Mr. and Mrs. A. M. Griffin, of Florida, and Mr. and Mrs. John Griffin and children, and Mrs. and Mrs. J. D. Sharp, of Jellico, Tenn., after motoring to Cincinnati, returned Tuesday and started on their return trip to Jellico and Paducah. W. D. Griffin was once a citizen of this county but has been in Florida for several years and claims that the Sunny South is a real home.

Major Sanford

Major L. Gordon Sanford joined the cavalry in the British Army, in London, on August 5, 1914, the day Great Britain entered the war. He was in training in England until March 2, 1915, and was then sent to France. He was by this time a second lieutenant in the Royal Field Artillery in which regiment he has remained ever since. He took part in practically all the main battles on the Western Front, during 1915, 1916, and 1917, including Loos, Somme, Beaumont, Hamel, Arras, Vimy Ridge, Arras, and the third battle of Ypres. On two occasions he was wounded; the first time in the battle of the Somme and the second time at Ypres in November, 1917. He was still in the hospital in April of this year when he was chosen as one of the officers to be sent to this country to take part in the Liberty Loans, Red Cross, and W. S. S. drives. He was twice mentioned by Sir Douglas Haig, 2nd Marquis, and was decorated with the Military Cross by King George.

MAY COERGE TURKEY

Germany Still Has Whip Hand in That Country.

Breach of Relations, Reported by Copenhagen, Would Grantly Help Allies, but May Not Materialize.

Washington, July 31.—While no official notice of the breach of relations between Turkey and Germany rather the central powers, for without doubt Austria is involved with Germany in the dispute with the Ottoman government, has reached Washington, definite reports from Constantinople dispatch received from London saying that German and Turkish news papers have announced that an official rupture has taken place. It is believed that in her effort to serve both Turkey and Austria, the division of opinion resulting from the enforced treaty with Romania Germany had incurred the illwill of both allies.

It is also pointed out that the Turkish army is offered almost entirely to Germany; and that while the Turkish diplomatic authorities might accept terms with Germany the army would remain thoroughly German in character, making possible the continuation of the spread of German propaganda among the Turkish people.

FOUR ARE KILLED BY TRAIN

VICTIMS OF IOWA ACCIDENT Thought to Be Frank Family of Albia, Neb. State Center, Iowa, July 31.—Four persons, believed to be F. Frank, his wife and their two daughters, of Albia, Neb., were killed near here when a Chicago and Northwestern passenger train struck their auto at a grade crossing. Identification is believed to have been established through the names and addresses of the two girls, fourteen and seventeen, apparently, were instantly killed, and the men and one child without retaining consciousness. Fond du Lac, Wis., July 31.—Ray J. F. F. F., who with his wife and two daughters was killed in an automobile accident at State Center, Iowa, was buried last night in the church parson and until three years ago was located at Seward, Ill. The man and his wife had lived for several years at Waupun in this county. It was going home with his family from a vacation trip in Waupun, Wis., he was killed.

WOODS FULL OF SHELLS

Vast Stores of German Ammunition Are Found.

Forests of Pine and Fir Virtually One Great Heap, the Practically Stacked Like Cordwood.

With the American Army on the Marne Front, July 31.—The tremendous stores of German ammunition found by the Franco-American troops in the forests of Fere and Ris lead us to believe that the allied offensive in the last German drive for the Marne was a success. The forests and the surrounding country south of the Marne were actually one great heap of German ammunition of all kinds, big-caliber shells being particularly numerous. At places on the edges of the woods there were large shells stacked like cordwood over large areas. Thousands of these shells were in evidence. Some of the shells were of the kind which have been captured. The Americans assume that the Germans withdrew many of these and the rest were intended for the great drive that had not yet arrived when the allied offensive began. The shells along the roads everywhere, and even in the open places the shells were recognized with limbs of steel. From the roadways skirting the forest at every patch of wood shells were visible. Every clump of trees or shrub sheltered stores of various calibers. Some of the depots were entirely of big shells and others exclusively of smaller shells. The shells, including gas shells, high explosive projectiles and cartridges for machine guns were in abundance. The shells were in such quantities that the forest edges like after piles of cases of rifle cartridges were piled up in great stacks and following the fire lines like forests.

High School Graduates Should Enter College

During the past year, we have been called upon to respond to the needs of our country by giving our time and money to its various drives, Red Cross, Liberty Bonds, etc., during this present month, and I might add through August, under the auspices of Georgetown College, we are in the midst of another important drive for Patriotism and Education. Both the Department of War and the Emergency Council on Education are urging the importance of keeping all students in high school until they graduate and enter the colleges and universities in preparation for the supply of trained men which are needed now as a war asset, and will be needed later as a peace asset. In accordance with the wishes of the Emergency Council on Education this campaign is now undertaken by Georgetown College to bring the public to a full realization of this extremely important subject. President Wilson says: 'I would particularly urge the young people who are leaving our high schools, that as many of them as can do so avoid themselves this year of the opportunity offered by the colleges and technical schools to the end that the country may not lack an adequate supply of trained men and women.'

FOR THRIFT'S SAKE CLEAN UP PAINT UP AND KEEP IT UP. Plenty of paint makes things what they ain't says the camouflager. BUT THERE'S THE BIG PAINT TRUTH, WITHOUT ANY CAMOFLAGE PAINT KEEPS THINGS As They Are. Everp drop of good Paint, properly applied, fills the dry, hungry pores of the wood, and makes a sealed surface, outside or inside the house, that protects and preserves, and is sanitary. THE PAINT BRUSH STOPS THE DETERIORATION OF PROPERTY AND THE DEPRECIATION OF VALUES. PAINT PAINT PAINT WE CARRY A FULL LINE COME IN AND SEE US. W.F. BAKER THE BLUE FRONT CHAPEL COURT HOUSE MT. VERNON, KY.

see every 1918 High School Graduate in their part of county, and urge them to go to college, and present to them the advantages that Georgetown College is now offering. The following chairmen have been appointed by the county chairman, and our purpose and ambition is to get the young people of this county to go to college as a patriotic duty: Chairman for Mt. Vernon, L. D. Gooch; Seaford Cane, L. D. Gooch; Level Green and Poplar Grove sections, W. H. Owens, Brodhead, A. E. Alwright, for Union Mrs. George Roberts. I hope that each one of these Chairmen will take up this work at once and report the name of the young man or woman: A High School graduate that they think can be prevailed upon to go to college, to the county Chairman. The drain upon the colleges for government service has been great, so much so that there is urgent need to increase the supply. The High School graduate of this year must fill this demand. Georgetown College, at Georgetown, Ky., will with the opening in September, inaugurate military training, under the direction of the War Department, in charge of an officer of the U. S. Army. In conclusion I call upon all patriotic citizens in Rockcastle County, to join in and help in this good work.

WHEN AND HOW WILL EUROPEAN WAR END?

Shortly after the war began the Manufacturers' Record formerly predicted that it would last at least three to four years and gave the reasons therefor. It has never seen any justification for changing that view.

Without pretending to any gift of prophecy, the Baltimore Manufacturers' Record offers the following speculative suggestions: The European war will last two years longer.

Germany and Austria will not only have to pay, as far as money can repay, all that the war has cost Belgium and France, but Germany will lose Alsace and Lorraine and possibly some additional territory.

Not less than ten million dead. Consistent with the fact that Russia and Finland will be dismembered and the Turkish power driven out of Europe.

The "Hottentot" and "rape" burr dynasties will be blotted out, and the men of these families who at the close of the war are living will probably be imprisoned for life, and perhaps some of them may be executed.

Some of the English, French and American soldiers who were responsible for the killing of the English nurse and others will have to pay the penalty with their lives. It will then be too late to appeal for mercy.

They showed no mercy, and we doubt if any mercy will be shown to them. The leaders who took the sword in the campaign to conquer Europe will themselves perish by the sword.

In the end Germany will be a republic and the good people of that country will rebuild its prosperity and its humanity and seek to atone for the horrors that have been brought upon the world by Kaiserism and Prussian militarism, and then friendship of European people will take the place of present hatred.

ing to the State before the primary, much to my disappointment and regret. I know you and the people of your county are quite familiar with my record, and you would be willing to see me delegated simply because of an illusive hope that I might prevent. My record as a Democrat and a public servant is one in which take pride. It has been for the people, and I know the President will say so. If the word asked, that no man has supported me more loyally than I, and besides that I have had fifteen years' experience, unimpeachable value to our State and people in the days of reconstruction that will come.

BRODHEAD

At the drawing for Red Bankshire Pigs at the Citizens Bank last Saturday the following were the lucky boys: Roscoe Cable, Leonard Harris, Russell Clavin, Johnnie Vanhook, Cecil Smith, James Tandy Young, De Alva Robbins, Parris Kelly, Herman Lee Oliver and Clifford Osborne. There were many applicants and much interest manifested in the drawing.

Mr. Smith Adams, a highly respected citizen of the Chestnut Ridge section, died Friday last week, and his remains were buried at the Potts burying ground the following day. Mr. Adams had been quite sick for several months and his death was not unexpected.

Ben Mullins was in the western part of the county this week. Miss Maggie Mullins has been confined the past two weeks with a sore foot which was thought to be caused from a tack in her shoe.

WITHERS Ben Mullins was in the western part of the county this week. Miss Maggie Mullins has been confined the past two weeks with a sore foot which was thought to be caused from a tack in her shoe.

lapsed into unconsciousness and died at 2 o'clock, Wednesday morning. When he was first taken ill, Dr. W. F. Carter was summoned, but could do nothing to save his patient. The doctor says he died from some form of paralysis. Mr. Riddle moved to our town seven years ago from Walnut Grove, Putnam county, and immediately after locating here he organized The Rockcastle Milling Co., of which he was the principal owner. The company erected new and modern buildings and installed the latest and most up-to-date machinery, and was doing a nice milling business. He also erected a nice two story residence on Main street adjoining the mill property, and was very anxious to keep his sickly child's employment. He had been an active business man all his life and had a host of friends among those with whom he had dealings. He would have been seventy years old next week.

Grade 4 - Willy Brooks, Claude Carlton. Grade 6 - Earnest Robins, Mattie Pearl Robins, Andrew King, Elberta King. Grade 8 - Lucy Masters, Carrie Brooks.

CATARRH CANCER OF THE UTERUS

With Local Affections, as they cannot reach the seat of the disease. Catarrh is a local disease greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucus surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best foods combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in curable conditions. Send for testimonials free. F. J. Cheney & Co., Props, Toledo, O. Ask Druggists, 75c. Hall's Family Pills for constipation.

NOTICE! To the Democrats of Rockcastle County:

The Primary Election for U. S. Senator from Kentucky comes off next Saturday, August 3rd, 1918. Kentucky's great Senator and Statesman, Hon. Ollie M. James, is now down sick and will be unable to make a canvass for re-nomination. The people of this State owe Senator James a lasting debt of gratitude for the great work he has done for the Government during this World War for the Liberty of Mankind, and the perpetuity of Freedom throughout the World.

I urge you most earnestly to go to the polls on next Saturday and cast your votes for Senator James, who is now upon his bed of affliction. I'm glad to say, however, that he is now rapidly recovering and will soon be himself again.

WALKER OWENS, Democratic Chairman Rockcastle Co.

WHEAT WILL WIN THE WAR

A noted English statesman said recently that if the people of America had failed to save this year that England and France would have been compelled to withdraw from the fight and as a result the Allies would have lost the war. This demonstrates the importance of wheat and teaches us that WHEAT WILL WIN THE WAR.

The Government of the United States realizes that the two most important factors in winning the war are men and food and so is drafting the best manhood of the country for the service in the trenches and is calling on the farmers to produce the maximum amount of food. There is no better way for farmers to answer the call for food than by sowing this Fall every acre in wheat that is possible and to sow it with such care that it will yield a bountiful harvest.

The patriotic farmer will give no thought to the price he will receive for his wheat but will think only of the starving poor of Europe, and our boys in trenches who are fighting our battles and who must be fed.

Our boys are drafted into the army by the Government and the wages they shall receive, which may be the wages of death, are fixed by the Government and the boys do not spend any time figuring whether they can afford to fight our battles for the wages. They know their country has called them and they answered the call without complaint or reservation. Your country is asking you to raise as much wheat as possible and you will not spend any time figuring whether you can afford to grow wheat at the price fixed by the Government. You should realize only that your country has called you and you will do your best for WHEAT WILL WIN THE WAR.

No thought should be given to the possibility of being unable to harvest the wheat next year for the Government will permit no wheat to go to waste but will find some means of providing laborers for the harvest. England has sent more than six million men to fight her battles and in spite of this will harvest this Fall, the largest wheat crop in her history. What England has done—America will do.

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of Chas. H. Fletcher

HOPE WELL Rev. James Barnes preached at Skogg's Creek last Sunday. Mr. and Mrs. Wm. Livesey are with the former's mother, Mrs. Jennie Livesey who is seriously ill. Mrs. James Nicely, of Mt. Vernon, spent several days last week with relatives here. Hooper, the eleven year old son of Mr. and Mrs. Lloyd Livesey is numbered with the sick. Born, July 23th, to the wife of Green Cox, a boy. Mrs. Mitchell Norton, of the Freedon section spent Friday and Saturday with her mother, Mrs. Wm. Sowder. Mrs. Wm. Fowler, of Mt. Vernon, spent Monday with Mrs. Lloyd Livesey.

Children Cry for Fletcher's CASTORIA The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. All other imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience tells. What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. It has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend. GENUINE CASTORIA ALWAYS Bears the Signature of Chas. H. Fletcher In Use For Over 30 Years The Kind You Have Always Bought

Life Was a Misery Mrs. F. M. Jones, of Palmer, Ohio, writes: "I entered into womanhood... I looked with dread upon the future... I suffered with my back and bearing-down pains until it was a misery. I could not endure the pain any longer, and I gradually got worse. Nothing seemed to help me until, one day, I decided to take CARDUI." The Woman's Tonic

WITHERS Ben Mullins was in the western part of the county this week. Miss Maggie Mullins has been confined the past two weeks with a sore foot which was thought to be caused from a tack in her shoe.

TAKE CARDUI The Woman's Tonic "I took four bottles, Mrs. Jones goes on to say, 'and was not greatly relieved, but certainly after that I have not a pain.' I would think years since I took Cardui, and I am still in good health. I would advise any woman or girl to use Cardui who is a sufferer from any female trouble." If you suffer from any womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

A BILIOUS ATTACK When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take the best Chamberlain's Tablets. They will tone up your liver, clear out your stomach and you will be as well as ever. They only cost a quarter. Children Cry for Fletcher's CASTORIA

Mt. Vernon Signal

Mt. Vernon, Ky., Aug. 2, 1918

79 ... 8:45 a.m. ... 1:15 p.m. ... 12:18 a.m.

JAS. LANDRUM, Agent. Phone No. 8.

PERSONAL

L. V. Murrell, the lumber man, was to Columbia, his old home, during the week on business.

FOR SALE—A No. 1 good cow, giving plenty of milk.

Two good typewriters for sale at bargain prices.

THE WHEAT GROWERS ASSOCIATION

The United States Government through Agricultural Department is launching a Sheep Campaign throughout the United States.

Robert F. Spence, our County Agent, asks that all farmers raising sheep, or interested in raising sheep, be present at Mt. Vernon, August 6th, for the purpose of organizing a Rockcastle County Sheep Growers Association.

This will be a very important meeting for the County and all people who are interested in the sheep proposition should be present.

Those who wish to buy sheep or have sheep to sell, are also urged to attend this meeting at Mt. Vernon, August 6th.

BRIEF FACTS IN RECORD OF CAPT. R. MUIR ALLAN

Captain R. Muir Allan, A.S.C., British Army, is a Scotchman. Before the war he was a Manufacturer.

He was in the 10th Battalion, Tynes' Own, and was in charge of the 10th Battalion during the Battle of Mons in 1914.

He was awarded the Mons Star for the Battle of Mons in 1914.

He was in the 10th Battalion, Tynes' Own, and was in charge of the 10th Battalion during the Battle of Mons in 1914.

He was in the 10th Battalion, Tynes' Own, and was in charge of the 10th Battalion during the Battle of Mons in 1914.

He was in the 10th Battalion, Tynes' Own, and was in charge of the 10th Battalion during the Battle of Mons in 1914.

Food Administration.

The Live Stock committee and the County Agent have a very important proposition to make over with those interested in sheep, on next Tuesday afternoon—August 6th.

If other Americans were like the fellow who could sow some wheat this fall and does not, we would lose this war and our boys would be sacrificed.

Many merchants and some good towns are entirely out of sugar, but I am pleading the cause of the merchants in Rockcastle and we shall get our part of the equal supply that is available.

More than 5,000,000 lbs. of sugar was sunk by submarines along the Atlantic Coast.

Sugar will be scarcer in August than it has yet been, but the Government is striving to supply sugar for putting up fruit.

Sugar brought for putting up fruit should be made to go just as far as is possible.

Certificates held by merchants for sugar sold for putting up fruit should be sent to me or to U. S. Food Administration, Sugar Division, 315 Guthrie St., Louisville, Ky.

These certificates will be issued to the merchant to buy sugar to replace the sugar sold for these certificates.

H. T. YOUNG, District Officer, Food Administration, Mt. Vernon, Ky.

RED CROSS

The American Red Cross is collecting canteens in Italy recently distributed to 9,000 Italian soldiers.

Numerous begging letters have been established by the American Red Cross in the barracks of Paris.

The American Red Cross has contributed \$250,000 to the Commission on Training Camp Activities.

Letters from American prisoners of war show that most of them depend exclusively on the food furnished them by the War and Navy Departments.

FOR SALE—Two good town lots adjoining in Mt. Vernon. Good a room cottage, barn, everything handy.

FOR SALE—Pair of mules, harness and wagon, one 7, other 8 years old, medium size; good condition.

CURE FOR DYSENTERY

"While I was in Ashland, Kas., a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy."

WALNUT LOSERS WANTED

Some record, what?

Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved his child.

Some man talk in their sleep because that is the only chance they get.

DEBTS COLLECTED

Accounts, Notes, Claims of all kinds collected anywhere in the world.

THE CASH STORE

Summer Deliveries of Next Winter's Supplies.

Take Advantage Of Summer Weather Conditions

STOCK UP NOW

When transportation is easiest and the demands on the railroads are relatively the highest, and store for winter use such supplies as:

Fuel, Raw Materials and Reserve Stocks.

The demands upon the railroads for transportation during the coming winter months are going to be heavy, and all shipping that can be done now to relieve the lines of just that much hauling later when there will be congestion and the car space will be so badly needed to transport war materials, farm products and other freight which cannot be shipped at this time.

It is not only the part of wisdom to lay in your winter supplies and do your shipping now, thereby assuring prompt delivery, but it is your patriotic duty to do so. Do not hold back your freight; arrange for all possible shipments now.

W. J. SPARKS COMPANY, By R. L. Langford, Farm Supt.

Don't Gamble On Quality This Season

If there ever was a time when a man should make every dollar bring a hundred cents, that time is now.

It is the time to pay a little more and get the quality—the long wearing fabrics—the better workmanship that you find in
