Judge Cam Mullins requests all police officers and officers of his county to keep a sharp look out for all boys within the school age who are loafing night or day and report their names to him. The new law says if these boys have regular occupations they must be in school and, not idling their time away. It is hoped this long business will be stopped.

Many of those who have outthrew brush off the road along their property are leaving the limbs where they fall. This does more harm than if the brush and limbs were left standing. All ditches and culverts will soon be filled up and everyone knows the result. We would suggest that the magistrates see to it that the limbs, brush, etc., are kept out of the ditches.

The Level Green school had a pie supper last week and realized \$21.55 for the Red Cross. How many schools in the county will do the same thing? We ask for the name of every teacher in this county who will promise and guarantee to have either a pie supper or something similar for the benefit of the Red Cross between now and December 1st.

CIRCUIT COURT.

The jury awarded John Quinn judgment for \$1000 from the L. & N. R. Co., for alleged injuries sustained by being struck by a train while trying to get off.

The case against W. H. Kruger and his wife, Mrs. Mary Kruger, who were indicted by the grand jury for Criminal Libel, charged with printing and circulating a scurrilous and defamatory article relative to County Court Clerk S. F. Bowman, was tried Monday and Tuesday. The court gave peremptory instructions as to Mrs. Kruger. The jury returned a verdict of \$200 and 20 days in the county jail in the case of Mr. Kruger. The case will be appealed.

Mrs. Minnie Merriam was awarded judgment against William Merrick for \$23 per month as alimony and support of their nine year old child. Pay begins with October.

Court adjourned yesterday and the docket has been relieved of much of its congested condition during the past two and a half weeks.

Rev. E. K. Pike, Pastor of the Methodist Church, here closed his special week with the Falmonth people last Sunday night. He was greeted by a large congregation to hear him preach his farewell sermon, the other churches in town having dismissed their evening services so that their members could be present. This shows the popularity and esteem in which Rev. Pike was held.

He has in the past four years added over 200 members to the Falmonth charge, having more than doubled the membership at Lloyd.

It was hoped that Rev. Pike could see his way clear to return to Falmonth for another term. His official board was a unit in asking his return, and not only that, but promised him an increase in salary of \$200 a year if he would return, but he felt like he had been with the church here long enough and should go to a new field where his usefulness could be enlarged.

Rev. Pike was loved and esteemed not only by his own congregation, but by other denominations and the citizens of Falmonth - as a whole, who, together with the Leader with him Godspeed, and offers congratulations to the charge that secures his services on getting a minister of the ability and many likeable qualifications that Rev. Pike possesses. - Falmonth Penitentiary.

President Wilson says every boy and girl who possibly can must go to school this fall. He is actually sitting a lot of boys out of the Army, and many of them through College courses, because the Government will not admit them to our doctors and engineers. The Government is to have an officer at Berea and State University, that the students can get some drill while attending school.

The Graded School opened

Tuesday. Prot. Lucey, of Imminence, Ky., is the new principal and we have every reason to believe that our board is fortunate in securing him for the 1918-19 school year at the Mt. Vernon Graded School. Miss Virginia Bradley, of Danville, and Miss Joseph of Berea are the High School teachers. The teachers for the grades are: Misses Georgia McFerron, Primary, Ruth Muth, Phillips 3rd and 4th grades, Mary Langford 5th and 6th grades and Myrtle Bryant 7th and 8th grades.

Berea seems to have solved the problem of education for the out-of-porting student. It has simply provided necessary expenses, and furnished a great many things, including secure shoes and other necessities free. And having so many students, it saves food and other supplies at low prices, and other superior management seems to make a first class education "cheaper" than staying at home.

Mr. and Mrs. W. M. Baker, and J. W. Baker of Mt. Vernon, were here Monday.—Edd Owens, of Mullins station, was here between rains, Sunday.—Mrs. G. S. Griffin and children, have returned from Pittsburg, after a few days visit with relatives.—W. A. Todd, of the Level Green section, is visiting his sister, Mrs. J. A. Owens.—J. W. Catlin is working the agency here in the absence of C. A. Harrod, who is taking a sixty-day lay off.—We failed to get in a letter last week on account of working nights at the depot, but we are back on the job again.—We have been informed that our old friend James Marce was out riding in his Tin Lizzie the other day and lost control of the machine, and was first on one side of the pile then on the other, and at last landed in the fence. Our friend remarked to a party passing by that she failed to anger now, as Winchester is a dry town. We are at our wits end to un-ride this or to offer a solution, otherwise our mind would have been at ease. To our friend we will advise him in the language of old Uncle Alfred Owens, when you are out a-motoring, "Keep your eyes on the main hogment."—S. C. Franklin was here Saturday en route to Lexington to see his mother, who is very sick.—Mrs.

visit with relatives here.—Mr. and Mrs. G. W. Griffin, of Cincinnati, Ohio, are visiting relatives here.—Mr. and Mrs. James Southards, of Howell, Ind., are visiting relatives here.—Jim is an old Rockcastle boy and is making good.—Mrs. Robert Griffin has returned from London after a few days visit with her parents, Mr. and Mrs. Sam Pennington.—There were services at the Christian church Sunday, conducted by the Rev. Messrs. of Brodhead.—Urban Channing has returned from the London Fair and says the crowd was much smaller than in former years. Since the U. S. entered the war but little attention is given to the fair.—Coming events cast their shadows before, and surely Old Kaiser Bill, the Beast of Berlin, the baby assassinator, the red handed murderer, has seen the hand-writing on the wall. What should be done with such a man, who claims to be a full partner with God? We believe his doom is sealed, and that he boys on the Western front, going at the present gait, that it will not take long to enter Germany and then a short time to march to Berlin. You can guess the fate of old Bill, the Kaiser. Some of these mornings he will turn up in h—l and what will Satan do take an inventory and turn over hades to Old Bill, to whom it rightly belongs.

REGISTRATION.

"The President of the United States, by proclamation, has fixed September 12, 1918, for the registration throughout the United States of all men between the ages of eighteen and forty-six years, for military service, except those who have already registered and those who are not required under the law to do so."

"Under the authority vested in the President, it has been decided that State headquarters, local boards and sub-officials of the State will hold themselves in readiness to proceed promptly with their work of registration on the date fixed."

"Existing draft machinery will be used with such increased facilities and additional regulations as are required for this enrollment. Under the President's proclamation, the Government of all States has called upon to supervise this registration and the Adjutant General, or Draft Executive, will, under this provision, be the central administrative authority. All local boards will have immediate direction and supervision within their respective jurisdiction. The actual registration will be made in the customary voting precincts within the jurisdiction of each board, or in such other places as the local board having jurisdiction shall designate by public notice."

"Rollings issued by the Provost Marshal General as to persons who are required to register under the act are as follows:—

"All male persons who shall have attained their eighteenth birthday and shall not have attained their forty-sixth birthday on or before the day set for registration by the President must register.

The only exceptions are:

(A) Persons who, prior to the day set for registration by the President, have registered under the terms of the act approved May 18, 1917, (which fixed the original age limits at 21 to 30 inclusive), or under the terms of the public resolution of Congress, approved May 20, 1918, (providing for the registration since June 5, 1917, of those reaching the age of 21 years), whether called for public service or not; and

(B) Officers and enlisted men of the National Guard while in the service of the United States and the officers of the Officers Reserve Corps and enlisted men in the enlisted reserve corps while in the service of the United States; and

(C) Officers and enlisted men of the Navy and Marine Corps and officers and enlisted men and enrolled men of the Naval Reserve forces and Marine Corps Reserve while in the service of the United States; and

(D) Diplomatic representatives, technical attaches of foreign embassies and legations, consuls and consular agents of foreign countries residing in the United States."

"Persons not subject to registration solely on account of being in the military service of the United States become subject to registration and are required to register immediately upon leaving such military or naval service."

"Citizens of the United States or persons who have declared their intention to become citizens of the United States, who do not register or receive a deferment from the territorial limits of the United States, are required to register within five days after their return to the United States."

"The regulations then warn registrants and all other persons charged with a knowledge of the regulations, that non-compliance with these regulations will not excuse them. These regulations, it is set forth, 'have the force and effect of law, and all persons required by these regulations to be registered, and all persons who may claim any right or privilege in connection with registration, are charged with knowledge of the provisions thereof. Failure by any person required to be registered to perform any duty prescribed by these regulations is a misdemeanor, punishable by imprisonment for one year, and may result in the loss of valuable rights and privileges, and an immediate indiction into the military service."

"Local police authorities in all parts of the country will cooperate with the Government in the enforcement of order on registration day. Regulations prescribed by the President and sent to draft officials of the various States, contain in the following provisions:

"On the day set for registration, all Federal Marshals, police officers, State, County, township, municipal and town-warden of whatever grade or class, shall hold them-

selfes in readiness to render whatever assistance may be necessary in 'preserving order' at places of registration and in assisting in bringing about a complete registration."

"All Marshals, Deputy Marshals, investigating agents, and police officers, shall examine the registration lists and report without delay to the local boards the names of any persons known by them to have failed to register themselves when liable to registration; and it shall be the duty of local boards to report to the proper United States District Attorney all cases coming to their attention of persons who have failed to present themselves for registration as required by law."

"Police officers may require any persons subject to registration to exhibit his registration certificate."

"In any case in which a duly designated officer or agent refuses or fails to act, the Governor, Adjutant General, or member of a local board, will proceed by writ to require said officer or agent to do such duty, and will bring the fact of such refusal or failure, and the circumstances connected therewith, to the attention of the proper United States District Attorney, with a view to the institution of prosecution under the act, as provided in Section 9 of the act approved May 18, 1917."

"It is essential that the people of this State shall accord the fullest measure of cooperation in the carrying out of this order. Ignorance of the law and of regulations issued by proper authority under the law, excuses no one. All persons on the border line of the age of registration will be required to give adequate proof that they are outside of the limit specified. The penalty for failure to register is one year's imprisonment, and no man can exonerate himself by the payment of a fine."

Voluntary Purchases

The United States Organization of the Eight Federal Reserve Districts is performing strongly to adjust a method of Liberty Bond purchase that the Times has advertised as strongly as it could since the preparatory days of the Liberty Loan drive. That is voluntary purchase of bonds to the fullest extent of the purchaser's power to give money. Such voluntary purchase would reduce to a great extent the labor of the selling organization, and would bring about a far greater oversubscription than we even have seen.

The committee insists upon this point: That the people must not gauge their purchasing ability by the amount of money they have in bank. They must, rather set the extent of their first payments by the amount of money they have in bank, and then proceed to save daily, weekly, monthly enough money to meet their desired payments. The Times very earnestly urges every citizen to take these suggestions to their hearts—there should be no need to point out what the money is needed for.—Louisville Times

The State Central Committee has nominated Geo. A. O. Stanley for U. S. Senator, for the long term, to be voted for at the November election. A convention of primary electors have brought the same result, but the electors are expected to help roll up the majority on the final count to have a say.
