The Committee on Publicity of the campaign for war work in order to stimulate interest in procuring funds for war activities have decided to offer prizes to teachers for the largest amount taken in at box and pie suppers, mentioned in the letter written to each teacher. This will be figured from size of district and each teacher will be given an opportunity to win the prize. The prizes will be paid in War Savings and Thrift Stamps. First prize \$10 maturity value; second prize \$5; third \$2; in Thrift Stamps; the next five \$1 each in Thrift stamps. The rules governing this contest will be mailed to each teacher, and we hope that general interest will be shown.
This is an opportunity for teachers who have not pledged themselves, or have not bought their September stamps to save some money for themselves, and at the same time show their patriotism.
The Kentucky Council of Defense has notified the County Councils of Defense that it will be necessary to get a permit to do any building that is not war construction. The procedure will be as follows:
1st. The person interested in a construction project will apply with a full statement of the facts under oath to the County Council of Defense.
2nd. The County Council of Defense will then investigate the necessity of the proposed construction, and transmit its recommendation with a summary of facts to the State Council of Defense for review.
The person interested in the construction project will receive notice direct from the State or National Council of Defense, as to whether he can proceed with building or not.
Permits are not required for repairs or extensions to existing buildings involving in the aggregate or cost not exceeding \$2.00.
Every building now under construction as well as those in completion is affected by this rule.
All manufacturers and dealers in building material have been advised that persons desiring to build must obtain permits before building material is delivered. Applications for building permit should be filed with V. C. Tate, Secretary, Rockcastle Council of Defense, Mt. Vernon, Ky.

BOONE WAY OPERA HOUSE

Tuesday October 1st 8 o'clock P. M.

THE United States Government has made it possible for the great American public to be an eye-witness to the past activities of the Army and Navy both "over here" and "over there."

Through the medium of the motion picture, you are enabled to see in the making the momentous force which is to end the greatest war of the ages.

THESE PICTURES ARE FOR YOU

These official pictures will give the people of America their first opportunity of seeing our boys in action in France; to understand just what these months of preparation have brought about in combating our common enemy; to enable the worker in the munition factory, the soldier in the field, in fact, every man, woman and child who is doing his or her part, to visualize the results of their labor in the present time. They will show those who subscribed to the Liberty Loans, Red Cross, Knights of Columbus, Y. M. C. A., Salvation Army and other campaigns just what their money has accomplished.
Every American will be intensely interested in seeing the making of the mountains of food, for the making of millions of uniforms, the manufacture of tons of guns, the launching of thousands of ships into the sea.
You will thrill with a vital pride at sight of our Navy and our Army in action—our own crusaders standing in legions on the victory. You will see:
Our Boys "Over Here" and "Over There" the first line trenches in France, the first batch of German prisoners caught by the Yankees—the hundreds of important and interesting details of modern warfare. You may see YOUR boy or your neighbor's boy, or your friend, behind the lines at work or play or marching down the streets of a little French town.
Don't miss this opportunity of seeing this the greatest of all War pictures.

THE DRAFT

Washington, D. C. - Under the rules of the War Department for executing the new draft law, special provision is made for informing the district boards in regard to farm labor requirements in order that necessary food production may be maintained, says a statement issued by the Department of Agriculture. The statement concludes:

In the new draft the district boards are charged with the duty of putting into deferred classes those persons who are more likely to further the war by remaining in civilian occupations than by entering the Army.

Accordingly, three advisers are to be selected for each district board—one for agriculture, one for labor, and one for other occupations. The agricultural adviser will be appointed by the board upon the recommendation of the Secretary of Agriculture. The advisers are not members of the board but may, when invited, attend its meetings.

How Agricultural Advisers Will Aid

The duties of the agricultural adviser will be to furnish to the board data relative to farm labor requirements, not only of his own district, but of the whole country. He should be the repository of all facts having relation to the deferment of agricultural workers, whether these be necessary farm laborers, managers or operators. He will be expected to advise the district boards as to a shortage or surplus of necessary farm workers for any given district, as well as for the entire Nation. Such information will be supplied to the advisers by the Department of Agriculture. This will make it possible to have necessary workers transferred from districts in which they may not be necessary to other districts in which they are sorely needed.

The adviser may also concern himself with individual cases that come before the district boards. He will have the right, under certain conditions, to examine the questionnaires and other records in the files of the local board for the purpose of ascertaining whether persons entitled to deferred classifications have actually claimed it. In case he finds the names of such registrants he may file for them a claim for deferred classification with the district board, which, in turn, may require the local board to certify the questionnaires and record of any such registrants for consideration. Reasonable time will be given for the purpose of obtaining information and supplying the affidavits required. If a local board determines to consider a case for deferred classification because a registrant is engaged in a necessary occupation, notwithstanding no claim for deferred classification, on that ground had been made, it shall endorse the recommendation on the questionnaires to the district board and forward it to the district board having jurisdiction. The district board will thereupon consider the case and proceed to classify the registrants, notwithstanding the fact that no claim for deferred classification by or in respect of the registrant has been made.

Claims in Behalf of Necessary Employers.

A further duty with which the adviser is charged is to confer with employers of necessary farm workers, and to instruct them as to their right under the regulations to file a claim for deferred classification in respect of any registrant who has filed of refusal to file a claim for deferred classification in his own behalf. This, in the opinion of the War Department, is a very important matter. The speaker

got injustice of placing many registrants in Class I is often due to the fact that employers have failed to make claims for deferred classifications on behalf of necessary workers. It is to avoid a repetition of this trouble that farmers should see that all of their necessary employees, whether sons or other laborers, of the draft age have made for them just claims for deferred classification.

One important explanation is made in the new Selective Service Regulations in connection with the expression "skilled farm laborer." The questionnaire provides deferred classification for the "necessary skilled farm laborer in necessary agricultural enterprise." The new regulations provide that in Class II shall be placed any registrant found to be engaged in a "necessary" agricultural enterprise and found to be necessary to such enterprise in the capacity of a farm laborer—especially fitted for the work in which he is engaged." This quota phrase constitutes an explanation of what is meant by "skilled" as applied to farm laborer. The expression will make easier the determination of the status of many registrants.

War Service in Night Place.

The purpose in the appointing of advisers is to place men where they can do most to help win the war. These advisers will be able to help greatly the district boards to keep in agriculture the necessary workers. These workers, whatever may be their inclination to enter military service, should stand ready to serve in any capacity in which they

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into matrimony I looked with dread from one month to the next. Nothing seemed to help me until one day, I decided to

can contribute most toward a speedy ending of the war. In order that this may be done a frank statement should, in each case, be made to the boards. It is believed that it will frequently require as much courage on the part of many men to remain in their civilian occupations as to waive deferment.

This effort to keep men in industry, rather than to send them to the camps and trenches should not be abused so as to permit the slacker to escape military duty. The necessities for raising an army are paramount. Every man that can be spared will be needed and needed badly to bring the enemy to his knees. The adviser should be assisted in every possible way by every legitimate agricultural interest to find the men that can be spared for military duty, but also to keep those that are essential to the maintenance of a proper food supply.

Pennington, of Mt. Vernon, was here a few days ago and informed us that he will leave in a few days for Oklahoma.

Mt. Vernon will lose a good man. — Judge Malton Summers has moved his family to the property he recently purchased from Mrs. Bettie Pike on High street. — W. M. Poff has moved into the property vacated by Judge Summers, and N. H. Oliver will move his family into the property vacated by Mr. Poff. — Mrs. Thomas Farley remains very ill. — W. M. Falas will move his family to Lebanon Junction this week, and Edmet Quinn will move into the Fallas property, having purchased it some time since. — J. T. Omary and son, Egbert, were in Mt. Vernon, Tuesday. — Mr. and Mrs. H. F. Nicely are in Louisville this

week. — Mr. and Mrs. I. W. Catlin were in Lebanon visiting Mr. Catlin's father. — Dr. and Mrs. W. T. Amys have returned from Louisville, where they have been for a few days attending the State Fair. — Judge Cam Mullins, of Mt. Vernon, was in our town Tuesday. — Mrs. Will Graves and daughter, have returned from Broadhead and Quail, where they have been visiting relatives. — J. F. Dees has received his commission and now is Livingston's new post master. Mrs. David Owens still retains her position as assistant. — Well, the melancholy days will soon be here, the saddest of the year, and as we are having fine autumn weather, it is to be hoped that we will have a mild winter, so everyone can keep busy manufacturing thorns for the Kaiser's side. — Will some one please give us some information concerning the whereabouts of our friend Hicks, as he has not been seen for some time. — C. J. Rice attended the State Fair, at Louisville, last week. — Wonder if Kaiser Bill don't think his partner has forsaken him after the Yankee drive a few days ago. Buy more bonds. — We are on our way to Berlin. — Wonder what has become of old chimney-sweep Bill Kaiser since the American boys got after him and captured a large number of his best troops? He seems to have sneaked off in to Austria to see his friends and get them to ask for peace. Oh Bill, Mr. Wilson is onto you, and

there will be no peace, unless it is "Unconditional Surrender." Just sneak back Bill and tell your folks that you are up against it, and that the Yankees are going to get you. Let's strive, work and save for the Red Cross, buy Liberty Loan Bonds and War Saving Stamps, and make it possible for the boys "over there" to press on and on, until they have reached Berlin, giving the Huns a taste of their own medicine, and that will of the American people, to secure "UNCONDITIONAL SURRENDER."

RED CROSS NOTES.

The sewing department has been moved from the VanWinkle building near post office to the headquarters over J. Fish & Son's store. This is a fine work room for cool weather and the ladies are glad to be at home again.

Mrs. Mary Williams is the champion knitter, having completed 40 pairs of socks and seven sweaters.

Brothered, Livingston and Wide knitting clubs are at work early and late. These ladies have the spirit of the times, and are doing good work.

The call from "over there" is to send five thousand tons of old clothes to Belgium. The Lake division's part is four hundred tons. Our Chapter must go into their closets and garrets for more cast off clothing and shoes for men, women and children. Don't send any ball dresses, high heeled slippers, stiff hats, or anything with rubber in or on it. Don't send any notes or communications of any sort. Boxes will be packed at Mt. Vernon, Broadhead, Livingston and Wide. The date of this campaign is September 23rd to 30th. "Inasmuch, as ye did it not to one of the least of these, ye did it not to me."

"With Pershing's men" or "The Crusaders" will be shown at the Boone Way Opera House under the auspices of the Red Cross, October 1st. This is a great war picture. It brings our soldier boys before us in cantonments, on board ships, over seas, on the march and in action. This is an "official" war picture produced by the Government for educational purposes.

DIARRHOEA IN CHILDREN. — For diarrhea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first abdominal looseness of the bowels appears.

SUNDAY SCHOOL CONVENTION.

Preparation is being made at Ashland, Boyd County, for the Kentucky State Sunday School Association which will be held in that City October 9 to 11, 1918.

This meeting will be a great event in the history of Kentucky, as every resource must be used to help win the War. The Sunday School is one of these resources. It has to do with maintaining the spiritual morale of the country.

Men and women of National reputation, will be here, among whom will be on the program: Rev. S. D. Price, D. D., New York City, Secretary of World's Sunday School Association.

Mrs. Maud Junkin Baldwin, Chicago, Illinois, Superintendent, Elementary Division, International Sunday School Association.

Mr. W. C. Pearce, Chicago, Illinois, Field Superintendent, International Sunday School Association.

Rev. E. W. Halpenny, Toronto, Canada, Educational Superintendent, International Sunday School Association.

Mr. J. R. Marcum, Huntington, W. Va., Leader of Boys.

Rev. E. W. Thornton, Cincinnati, Ohio, Writer and Lecturer on Sunday School Topics.

Miss Martha V. Graham, Wheeling, West Virginia, Elementary Sunday School Worker.

Hon. W. C. McCullough, Cleveland, Ohio, American Red Cross Representative.

Many State Workers will appear on the program among whom will be:

Rev. J. R. Joplin, State Secretary, and J. W. Vaughan, State Field Worker, and Miss Nannie Lee Frazier and other prominent Kentuckians.

Don't miss this meeting. God Calls YOU, Your Country Calls YOU, the children of your community call YOU to come to Ashland and hold fast for a bigger and better drive to save the children of America. Attend this meeting in Ashland, it will give you new vim in this crucial time.

The Newspapers and women of the State are urged to come to this meeting and in any way possible help to win the War.

BRODHEAD

The planning and saw mill of J. W. Tate was destroyed by fire early Tuesday evening. This lumber plant was run by day Tuesday and gone after every body had gone home it was in a mass of flames... The loss falls pretty heavy on Mr. Tate and no part of it was covered by insurance...

The Sifton died at the home of her parents, Mr. and Mrs. Joes Lunsford Sunday evening, and was buried at the Methodist church cemetery Monday afternoon. Brohead at last is to have a City Cemetery... Two acres of land has been purchased from A. E. Albri... west of the street leading to Crab Orchard, lots laid off to 100 foot graves...

Lincoln's Gettysburg Speech

There has never been a time, and never will be a time since Lincoln made his great address at Gettysburg, that it hasn't been necessary to keep before the minds of the people, and we consider it appropriate at this time, just before launching the campaign for the Fourth Liberty Loan to reproduce this great address.

LINCOLN'S GETTYSBURG ADDRESS.
Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal.

L. & N. Hog Selection No. 25

SOMS POINTERS ON HOG RAISING.
The farmer who has a bunch of rough, miscellaneous typed and mixed classes of sows and sills, and who does not care to adopt any systematic scheme of breeding, and who does not care to adopt any standard of foundation herd of females, will at least, do well to follow the advice given in Selection No. 24 regarding the selection and care of the boar. This will automatically and without much care or interference on the part of the farmer, built up his herd so that in a few years he will find himself in possession of a class of hogs far in advance of what he started with, and he will, as a result of this, probably see the advantage of the use of a good boar and become more interested in hog raising...

STOLEN HOUR

To Be Paid Back by Nation to Father Time Oct. 27th
Health, Happiness and Wealth Result of Daylight Saving Law.
At "the witching hour" of 2 a.m. on the morning of Oct. 27 the clocks of the nation will be set back an hour, but you, and every other individual in the United States, will be richer by 182 hours because what no human being can buy—time—has been so liberally added to your possessions by the "daylight saving hour" that by October 27th you will have gained the equivalent of twenty-two eight-hour working days. The hour that was siphoned from you on March 31st will be returned with undreamed of interest.

To the Editor Mt. Vernon Signal Mt. Vernon, Ky.
My dear Sir:
It has just occurred to me that there are many mothers in and around Mt. Vernon, who have sons and daughters in Camp Bowie (500 Kentucky boys here) and that they would be delighted to have someone whose heart is warm for the soldier, to call on him and find out about his needs. I am in a position to do that and would be glad to have name and address of one such soldier. I am Old Brush Creek boy, a nephew of Rev. W. M. Williams, (deceased) and have a wonderful opportunity to do good here. Many of the old timers will remember my name, Samuel J. Tilden Williams, P. O. Box 73. Regards to Jones Fish, Tim Langford and hundreds of others.
I thank you, S. J. T. WILLIAMS.
CHAMBERLAIN'S COUGH REMEDY.
This is not only one of the best and most efficient medicines for coughs, croup and whooping cough, but it is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scoby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for cough, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always kept a safe from croup, which is in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.
