Put on your fighting Clothes

THE men who have gone into service have done it; you men at home can do it in a little different way.

Wear clothes that will save for the men who are fighting. That means the lasting kind that wear so long you buy fewer clothes per year.

At this store we're offering "fighting clothes" only; the kind that serve you and the cause, at cut prices.

Hart Schaffner & Marx make them; all wool, well tailored; they last longer, you buy less often.

THE CASH STORE

FOR SALE—30 acres more or less, fairly good house, good barn and smoke house, 2 running springs, one never fails, half acre in garden with new paling fence. All under rail and wire fence. Located 3 miles from camp house on Hansford road. WHY BUY AT THIS STORE?

FOR SALE—My farm of 132 acres near Ottawa, Ky. This farm is in a good state of cultivation, being all in grass except what is in corn this year. The improvements consist of one good five room cottage, two good barns and all necessary out buildings. Will sell cheap as I am compelled to quit farming because my boys are in the service.

### ATTENTION

The Fourth Liberty Loan is on. The cost of advertising to make it an overwhelming success will be enormous. The Council of National Defense has called upon the schools of Rockcastle County for aid.

Mt. Vernon Graded School must do its part, therefore, a miscellaneous sale of farm products, especially, will be held on Thursday evening, Oct. 8, 1918 at the Graded School Building at 8 o'clock.

This sale, however, will not be confined to farm products alone, but to any salable article such as needlework, caps, pies, canned fruit and vegetable products. There will be a special program including community singing and band music. Every patron is urged to come and bring some donation. Consider it a privilege and a patriotic duty.

### SLACKER LAWYERS FACING TROUBLE

Attorneys Who Fail To Aid Registrants in Filling Out Questionnaires Will Be Investigated.

Attorneys of Louisville failing to comply with provisions of the

act, requiring them to aid registrants in filling out questionnaires, have been cited to appear before the Legal Advisory Board for Jefferson County to show cause for their failure to appear at the Courthouse as requested by the board.

The new selective service law makes it the duty of attorneys to assist registrants in properly answering the questionnaires. The Legal Advisory Board for Jefferson County prepared a schedule for local attorneys, assigning each one to service at certain hours on certain days during the week.

According to members of the board, most of the local attorneys responded to the call promptly; however, there were a few who failed. It was explained by a member of the board that it was hardly fair for a few lawyers to report for duty promptly and others fail to come on time and waste the time of the registrants who were standing in line waiting.

In the event that attorneys cited to appear before the board fail to give satisfactory reasons for not appearing, it was stated their names, with information, will be turned over to the district attorney for further investigation and possible prosecution. The board declined to make public the names of the attorneys failing to respond to Louisville Herald.

### Come Home to Real Heat and Big Fuel Economy

What a satisfaction to get next to real heat after that cold trip home. No more fruitless hugging a radiator. High fuel prices seal the doom of extravagant, fuel wasting heating plants. If you want a perfectly heated home and greatly reduced fuel bills you will invest in

## Cole's Original Hot Blast Heater

BURNS CHEAPEST COAL CLEAN AND BRIGHT. USES ANY FUEL.

It will save the nation millions in fuel money this winter. Act now.

## COUNCIL OF NATIONAL DEFENSE

The man who leaves his car in the garage Sunday and joyrides to make up during the week is only obeying the letter of the rule of the Fuel Administration and shows no patriotism. He is a slacker and a law-dogger, and is flirting with the danger of having to take license or have gasoline furnished him on order only, just like the sweet tooth fellow gets his sugar.

The call for labor at Camp Knox near Louisville is urgent. If you can use a saw and hammer, or if you can learn easily, and your business is such that you could accept a job, you will be paid good wages, and at the same time be helping Uncle Sam fight for liberty.

Permission has been granted any one to use a car burning gasoline on Sunday, September 29, to attend Fourth Liberty Loan meetings, or work in connection with this campaign. A strict checkup will be made in Rockcastle County to see that no one abuses this privilege by using cars for other purposes. But the importance of promoting the Fourth Liberty Loan is such that any one using a car for this purpose will not be violating the rules governing the conservation of gasoline.

We are all in this army, the line up leaves no middle ground. We are helping Allies or helping the Teutons. If we are providing more food than we can consume, we are helping the soldier boy who is not in agricultural vocation. If we give our means to Red Cross, Y. M. C. A. or any war relief work, we are helping the allies and showing our benevolence at a time when it will do the most good. If we buy Liberty Bonds, we will enable our boys to mop up the Hun, and march back home happy with the greatest victory ever achieved. But if we consume more than we produce, we are helping the Teutons. If we buy Liberty Bonds, we will enable our boys to mop up the Hun, and march back home happy with the greatest victory ever achieved. But if we consume more than we produce, we are helping the Teutons. If we buy Liberty Bonds, we will enable our boys to mop up the Hun, and march back home happy with the greatest victory ever achieved. But if we consume more than we produce, we are helping the Teutons.

## RED CROSS NOTES

Miss Grace Griffin, Mt. Vernon, who is a school at Cruise Ridge sent in \$26.35 the proceeds of a box supper at her school. This offering is very much appreciated by this chapter and the effect of that evening's good work will be felt by the boys "over there."

Remember "The Crusaders" will be on the screen at Boone Way October 1st. This great show is worth coming to see. Its equal has never been shown in this section of the state. The Government had it made for our instruction under the auspices of the Red Cross.

Calls for help from Red Cross Chapters come fast now. If you think seriously of what one worn garment from each family would mean to suffering Belgium this winter, you would surely find something to donate to this call for cast off garments.

## CHAMBERLAIN'S COUGH REMEDY

This is not only one of the best and most efficient remedies for coughs, colds, croup and whooping cough, but it is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scully, Cheltonhe Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for cough, colds and croup. It is pleasant to take, both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium, winter, you would surely find something to donate to this call for cast off garments.

## ARE YOU Prepared For the Cold Days That's Coming?

We are prepared to supply you with Sweater Coats, Outing Caps, Toques, Skating Sets, Underwear, Hosiery, Gloves and Over-Shoes.

Our stock is complete and the prices are low. We have a full line of these goods and can suit baby, mother, daddy and all the kiddies. The scarcity of these items caused by the war should make you interested in early buying. When our supply is exhausted your opportunity to save is gone.

### AMERICA'S COMING OF AGE

By DR. FRANK CRANE

America is coming of age

Her hundred years of democracy have been but the preparation for her mid-mood.

It is a happy life to say that America was unprepared for this war. It has had the mightiest preparation in the history of nations, for over a century Destiny has been preparing in this New World a spirit of triumphant Democracy. Such a spirit cannot be made. It must be grown, intried.

On this Western Continent Destiny has been training the young Gaius for the rescue of the world.

Nature has an antidote for every poison. American Democracy is the antidote for German Autocracy.

Every one of our wars has been for the same purpose; to liberate the common man.

The revolution of 1776 was to get the privileged class of England off the backs of the American Colonists who were redeeming this wilderness.

The war of 1812 was to rescue American seamen from oppression.

The Mexican War was to liberate the settlers of Texas from the whimsy cruelty of Mexico.

The Spanish War was to save the people from the tyranny of the Spanish government.

Every time our army and navy have gone forth it has been to clean up some filthy autocracy.

But all of our wars have been but a preparation for our present task. We did not realize it. No man foresees his own Destiny, no nation foresees its mission. Yet the life of every nation, as of every man, is a plan of God.

God has been pulling up riches on this continent until we are the wealthiest nation in the world. He has been sharpening our inventive skill and our business ability. Our training has been intensive.

Now God says, "America, you are come of age. All I have done for you is to prepare you for the present conflict, for your real work." Go forth and make the world a decent place to live in.

At this time every son of America is called upon to do his utmost. The slacker is a traitor.

We are sending men across the ocean, men who are physically and mentally the pick of the world, an incomparable army. But the men at home must back them up.

It is as much our solemn duty to put our money into the Fourth Liberty Loan as it is the duty of the soldier to stand firm at his post in battle.

This Fourth Liberty Loan is to be our supreme effort. God helping us, we shall not be found wanting. Let us subscribe all we can, and a little more.

America, Civilization, Democracy, Humanity expect every man to do his duty.

### SHOW ME.

It is said that people of Missouri are very skeptical and when they heard stories told of great achievements they questioned it, or not shown.

The United States Government in offering the Fourth Liberty Loan has called the head of every American. There are very few people who have not expressed themselves as loyal. Expressions will not win this war. If predictions in this country would have you it would have been over the first month that this country took any active part, but the best part of our conditions is still unwilling to predict the closing of the war inside of two years. Many think it will be much longer. Germany is going to lose, but the question that confronts us is when.

The Government is saying to every man with sufficient money to buy bonds and show your loyalty. The soldiers in the trenches and going over the top in No Man's Land in an inferno of shot and shell, and charging through poisonous gas are saying to us "show me." If you are an American citizen, you are a part of this army, and every other American citizen is watching you, and wants you to show whether you are for our Nation or for the Tonic Allies, so let the watchword for this campaign be "Carry On and Show Me."

### LETTER FROM FRANCE

Dear Brother—Will write you a few lines to let you know I have got better. I am getting along just fine now. Hope this will find you all well. You know I have been in the hospital since

on every member of the Council of Defense to render all the service possible in this campaign. The campaign will be opened in this County at the Court House in Mt. Vernon, Saturday, September 28th at 2 p. m. This meeting will be for organizing the committees, making plans for the three weeks work. It will also be the first day that our citizens will have a chance to volunteer their subscriptions. Every volunteer subscription that is received the first two days of this campaign will be the subscriber to a button indicating that he volunteered, and was not solicited to buy bonds. A good showing of volunteers will help materially in this campaign, and we hope the people will come forward in a way to make it conclusive at the end of the second day that Rockcastle will buy her full quota, and keep up her good record of doing her full share of war work. There is no reason why we should not buy our quota of bonds as we are sending our full quota of boys, and to back them up with our money to the point of sacrificing is the noblest deed that can be done by the army back of the trenches, and all good citizens want to stand back of the man that stands back of the gun.

### FOR A WEAK STOMACH

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully prepared the great value of this preparation for a weak stomach and indigestion. In many cases this relief has been so manifest and the symptoms so completely relieved.

...a machine gun bullet in the right leg below the knee. I am almost well now. Tell mamma and papa not to worry about me. I am all right. I am in the hospital together with you ever saw. I have good attention and plenty to eat. Well, I have never had any mail from home since I have been over here. Guess I will get some mail when I get back to my company. I will write you all over. Oh, I have whether I get any mail or not. I know you all have written me. There are boys here that have been over here longer than I have but you have never had any mail from the boys. Well, Hugh, I tell everybody hello for me. You boys all be good. Once more tell mamma not to be uneasy and worry herself about me. I am alright. France certainly is a pretty country, and the people are nice and kind to us American boys. Will have lots to tell you when I get home. Give my regards to every body. There are so many of my friends I can't name them all from your brother,

My address is, Willie Mullins Co. I, 16th Inf., A. E. F., France.

[EDITOR—This is the Willie Mullins who was reported in the casualty list in July.]

### War Trophy Trains to Push Liberty Bonds

BOOTS TAKEN FROM HUN WILL BE EXHIBITED IN THIS DISTRICT.

Thousands of residents of the Fourth Federal Reserve District are to have a chance in the next three or four weeks to take in their own hands and inspect helmets which have been taken from German fighters, rifles captured by our Yanks and their allies on the battlefields of Europe and other war trophies which have been shipped to this country by General Pershing and the commanders of the British, French and Italian armies.

The trophies will be aboard two mobile San War Trophy Trains which will tour the district stopping for two hours at an average of four towns a day. The Central Reserve Committee at Cleveland and the National Administration are responsible for the trains.

Ralph Stickle.

With each train will be a detail of United States soldiers selected by the War Department, a corps of Liberty Bond salesmen, and prominent speakers.

Each train will carry three carloads of trophies and exhibits and a speaker for the guard of soldiers, salesmen and speakers. One of the trains will be in charge of Ralph Stickle, Cleveland traction coach and former journalist. Complete equipments used by Americans, Canadians, British, French and Italian soldiers will be on the trains. There will also be anti-air craft guns, depth bombs used in submarine hunts, aerial bombs such as are dropped on the cities along the Rhine in retaliation for the bombardment of Paris and the bombing of London by the Hun, captured German field pieces and rifles taken by our boys at Chateau "Blanc" and "Cavray" and "Sombrosette" of the decorations awarded for bravery to the soldiers by the different nations in the war. The German medals have been taken from the breasts of captured Hunns.

Day after day being made it are for great crowds at the sidings in the towns where the trains will make stops. It is, of course, impossible for the trains to reach every locality in three weeks but they were routed so as to come close to almost every town in the district. They will be well worth driving or riding forty or fifty miles to see.

### Let's Go!

FROM FRANCE. Sept 28th

Dear Father: Well, I am on a vacation, several hundred miles down in the Alps, and having a fine time. It is very quiet here to what I have been having. Where I was it was very noisy at times, lots of shell and shrapnel, but I have been lucky so far. Am going back next week. I stopped in Paris but Mr. Granty was gone. I did not see him. I will look for him when I go back to the lines. Paris is sure a wonderful city. I visited lots of the old places. Will send you some of the pictures later on. I hope you are all well. I am well and feeling fine. I am staying at a nice French hotel just at the foot of Mt. Renard. I can see the mountains in Switzerland and Italy. It is very nice all around. There is snow on the mountains and down where I am it is very hot. The Y. M. C. A. is doing a great work here. They make everything just as nice as possible, picnics, swimming in Lake Buzard and visiting all the points of interest. Well I will write again as soon as I get back to my station.

### Cards From Boys Will Urge Buyings of Bonds

Ten million sets of post cards—free to a boy—have been sent to Europe by the War Loan Organization at Washington, to be distributed among the boys of the American Expeditionary Forces.

By this time they probably have been put in the hands of the boys over there and some are probably on their way back to this country.

Each card bears a message from the boy to the home folks urging the home folks to invest in Liberty Bonds.

The cards bear photographs of tanks, guns, ammunition, etc.—things which the boys need and which the home folks money will buy. The cards will be coming back soon—numbers Ohio and Pennsylvania will be receiving their share of them.

### Brother, Buy Another!

Brother, buy another bond! It will help to pave the way for the boys whose gone beyond The Atlantic to the Traz.

Do not fail. Do today. You have done enough, my Brother. Buy another—and ANOTHER!

A blessed chance is yours. Thus it do your humble part for the Freedom that endures. Deep in every Yankee's heart! Give this Loan a routing start. With your kind subscription, brother. Every dollar is a dart!

Buy a bond—AND BUY ANOTHER! —William F. Kirk.

### WHERE LIBERTY BOND FUNDS GO

ONE FIVE HUNDRED DOLLAR BOND WILL BUY: Street helmets for a company of infantry, or Five hundred overcoats, or The cost of drafting one hundred men.

"Let your dollars be the ships that will bring the boys home again—buy Liberty Bonds!"

Smother the Kaiser in Liberty Bonds.

### GOOD FOR BILIOUSNESS.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them; I improved rapidly."—Miss Emma Verbyrke, Lima, Ohio.

### You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness. The finest meat in the world wouldn't do you any good one hundred miles away from your table. Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities.

To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you.

Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house.

Salesmen find out in advance what is wanted by the dealers in every town.

They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week.

Swift & Company operates a large number of car routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packers' usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other.
