PERSONAL

Few personals are obtainable owing to the quarantine of the community.

Mrs. John McKenzie will return to Lexington today.

The editor and his entire family are in bed with the flu. Emer Percival was at Harlan during the week to see his brother, Bradley.

Mrs. Oscar Wallen and children have returned from a few days stay at Crab Orchard.

What about your loyalty and pride? If you can do and have not how do you feel about it?

J. T. Meadows, who has been promoted to the inspector will soon leave Mt. Vernon and locate either at Kewanee or Lebanon Junction.

Arthur Wallen, vice pres. England Mathews Range Co., of Columbus, Ohio, is visiting his sisters, Mesdames Alice Tate and J. F. Griffin.

LOCAL

Jerry Kashi, of Scaggs creek, died today of typhoid pneumonia.

The Signal has done its best considering the nation's malady.

Born to Mr. and Mrs. John Hilton a fine baby boy Tuesday night.

Our County Agent can tell you what good roads have done for the country.

Quiet reigns supreme in our town whilst the influenza of Pfeiffer works its way.

Mr. and Mrs. Floyd Miller are rejoicing over the arrival of a fine girl baby, born last week.

So many are afflicted with the "Spanish Influenza," - "Three-Day Fever," - "The Flu" that the names cannot be published.

The fact that automobiles were used last Sunday for the Liberty Loan Campaign will be no excuse for using them next Sunday.

Mrs. Evans, mother of Geo. Robert and Tom Evans, died Tuesday at her home near Haas ford, of the infirmities of old age.

Livingston reported \$11,000 bond sold this week and more yet to follow. Livingston can always be depended upon to do her part.

A fine baby, arrived Wednesday to gladden the hearts of Mr. and Mrs. Mathew Fenzel. The mother was Miss Vera Welch before her marriage.

The medical staff are to be highly commended for their energetic work. They have turned their attention from the Government's service to relieve the people.

The County is far short of its quota on the Fourth Liberty Loan.

Are you satisfied to let the County drop behind?

The remains of Sherman Mason who died of pneumonia resulting from influenza at Camp Taylor, first of the week, were brought to Mt. Vernon and buried in the McCleary cemetery.

The remains of Miss Mary Price, who died in Cincinnati, were brought to Mt. Vernon last Sunday and buried Monday by Rev. Clifford and T. Courtney, of Cincinnati, accompanied the remains.

Dwight Bowman, who has been employed at the Grays Knox Mines, in Harlan county, as motorman, had his thigh mashed last Monday, though not seriously and will be able to return to his duty in a few days. He reports the flu very prevalent at that point.

The Court of Appeals has affirmed the decision of the lower court in the case of Mrs. Maggie Mullins against the L. & N., who was given judgment for \$5,000 for the death of her husband, Frank Mullins, who was killed by a train, near Mullins Station about two years ago.

Mr. Jack Carned died Wednesday night at his home in Pine Hill, of Spanish influenza. The remains will be taken to Trenton, Tenn, his old home, today, for burial. The deceased was married several years ago to Miss Rose McFerron, to which union one son was born. Besides the wife and son, the father and mother and one brother is left to mourn his death.

Gus Staverson, one of our best farmers, has spent considerable time lately traveling over the county. He says the corn crop of the county is very poor, not more than half what it was last year. Staverson is a very energetic farmer to sow wheat, even though he does not sow more than a half bushel and has to put that in with a spade. Mr. Staverson is right and the outlook for the bread situation in 1919 demands that the suggestion made by him be carried into effect.

The pie supper that was given at the Union Ridge School house Oct. and was well worth while. We were fortunate in having Judge L. W. Bethurum with us who spoke in behalf of the Fourth Liberty Loan and proved to be a great inspiration that night in the meeting. Grider Barnett was our most successful speaker and we think he played his part perfectly, since we raised \$32.45 for a splendid crowd and everything went off quiet and the few hours were enjoyed by both young and old.

FLU RAGING.

The epidemic of influenza is raging in Rockcastle. In Mt. Vernon there are over a hundred cases. Broodhead the first section to be hit reports almost as many. Livingston has fewer cases. Throughout the county there are many cases and every doctor in the county is kept going day and night. Some few have pulled through without any serious trouble, but the majority have been very sick. Four deaths have been reported. Two out of the Denny family at Brohead, Jack Carne at Pine Hill and a girl at Adams, in the Quail section. The last two named were in the service and were at home on furloughs when taken sick. The Adams boy came in last Friday night from Camp Taylor. Those who have had any experience with "flu" had better learn now that it is a tough proposition. In Mt. Vernon we have a number very sick, but none in a serious condition.

Do you wish to see Dixie Highway and Boone Way completed? Read article, in another column, on Rockcastle and her roads.

Avoidance of Contagion

Surgeon General Gorgas, of the U. S. Army issues the following recommendations for avoidance of contagion:

Open your medicine cupboard; influenza is a crowd disease.

Smother your cough and sneezes; others do not want the germs which you throw away.

Your nose, not your mouth, was made to breathe through. Get the habit.

A clean mouth, a clean skin, and clean clothes.

Try to keep cool when you walk and warm when you ride or sleep.

Open the windows always at night; at the office when practicable.

Your face may be in your own hands; wash your hands before eating.

Sugar has advanced and will have to be sold for 11 or 11 1/2 cent per pound. This will, in all cases, give the merchant 1 cent per pound profit over and above what it cost to put it in this station. Draysage and cost of handling must come out of this 1 cent profit. Any customer being charged more than 1 1/2 cent per pound for sugar, will please report the case, with the name of the merchant selling the sugar.

Merchants can get Corn Meal Certificates from the Signal Office. These certificates can be signed by the farmers who haven't their own corn ground, and the merchant can then sell them flour without subsidies.

Some merchants are charging too much for flour, meal and mill feed. Flour and meal should be sold for not more than 10 per cent profit over and above the F. O. B. price at the station of the retailer. The Government has ruled that the retailer shall have a profit of not more than \$4.00 to \$4.50 per ton of mill feed sold in less than ten tons. This feed can be bought from \$2. to \$2.25 per hundred pounds and above the station of retailer, and from 20 to 25 cent per hundred pound bag is all the profit that the Government will permit.

Interesting Letter From FRED McFERRON

Somewhere In France Aug. 20, 1918.

Dear Mother:

It has been some time since I heard from you and I have not wrote for some time, tho I am still enjoying good health and seeing the things that you read about at home. I am on a different section now in the paper where the draft age has gone up to forty-five and I am glad in a way, for if it takes that many men to win, let them come, and I am sure there will not be a man but what wishes he had come sooner when he sees what the Boche have done to France. The French like the Americans very much and the little villages are glad to have a bunch of Yankees come to the town for a stay, for we spend, if they call it (Bu Co) plenty of money.

I spend some time every day learning a little French girl how to count and she thinks it's great. Hope you all had a fine crop and plenty of fruit.

I will tell you about one little town somewhere in France that I see news what the Boche do to make the French want to die for one town to another. As the air raids come, tho the people stick to their homes and take a chance on being missed. As we entered the town I noticed it was located on a river or canal which was nearly hidden with foliage which made it very beautiful. As we moved on I saw where a bomb had struck a two-story dwelling and the only thing left was one corner and close by all the roofs were caved in and widow glass broken for two blocks, yet the people were still living on what they had left.

It looks very bad to see a soldier with his arm or limb off but it is very much worse and more brutal looking to see a woman or a child going around on crutches, yet with a smile.

I may over estimate things but I will say that the war will be over in the spring and not longer than fall. I mean over too, over in Germany, if they don't want to stop before we get another good whack at them.

I talked to prisoners that lived in the U. S. and they say there is no more use now for the States have their men over here, which all Germany believed they could never land one-half the men they started with, and they say the U. boat has failed, and there is no hope for my country, one of them said.

I must close for this time. Will write you often now for a while. Oceans of love to you all.

ALFRED V. McFERRON, Amer. Exp. Forces, Care Chief Signal Officer.

CAN NOW EAT AND SLEEP IN COMFORT.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: Overwork, irregular meals and carelessness regarding the ordinary rules of health, undermined it until she felt it became a wreck of her former self. I suffered from continual headache, was unable to digest my food, which seemed to go as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief from taking them that I kept up the treatment for nearly two months. They cleansed my stomach, re-energized my system, and since that time I can eat and sleep in comfort. I am today entirely well."

Shall We—Can We—Prove False to Their Trust in Us?

Our heroic soldiers and sailors have gone forth to risk their lives for us. They are giving one hundred per cent of their effort, they have given up their comfortable homes, they have left their loved ones behind, they are prepared to lay down their lives without murmur.

AND ALL FOR YOU AND ME!

In going, they left behind a sacred trust. They left behind the faith that we would stand by them to the limit of our power. Just as they offer their lives for us they believe that we will not hesitate to lend our money to buy what is needed to help them to end the German curse.

When they heard the thunder of the cheering and saw the countless flags waving, that meant to them our promise that we would not betray them.

Are we measuring up to this trust they have in us?

ROCKCASTLE AND HER ROADS

"Why should I vote for the 20 cent road tax?"

Because it will not increase taxation, but will enable the pushing of the present undertaking of road building toward completion in macadamizing.

"If it doesn't increase taxation, what is the idea?"

Consult County authorities and others posted on these affairs and you will get the plain facts, demonstrating the advisability of voting yes on this question.

"What's the matter that the roads are not already completed?"

The bond issue was not large enough by half for more.

"How has the money been spent from the bond issue?"

Legitimately, with mighty few exceptions. More miles of graded road have been made, with the amount involved, than was accomplished by any other county in the State.

"How about mistakes made in the undertaking of building Rockcastle roads?"

Some mistakes were made, it is true. No undertaking of any importance was ever carried out, entirely, without some mistakes occurring. Rockcastle has been frugal from them than any other in the Commonwealth.

"What about changes made by candidates before primary election and even afterward before final election, relative to waste of road funds?"

Camouflage, to a great extent, by the boys who wanted the management of affairs. Sort of a family affair as it were, which was mostly all healed over and forgotten after election.

"What other benefits will this 20 cent tax bring?"

It insures the \$5,000 State Road apportionment, yearly, to our county, which otherwise might be lost, but we would still have to pay the present road tax into State Road Fund which would be diverted to the building of roads in other counties and be a dead loss to us.

"Where Rockcastle County spends \$10,000 on her roads how much of this amount is borne or refunded by the State Highway Department?"

The amount is \$7,500 or 75 per cent, under the late law.

"Can our county get these benefits without spending the money on road work?"

No.

"What of the \$100,000 fund from Federal, State Aid and private subscription for the completion of Dixie-Boone up Rockcastle river, etc.?"

Sufficient amount of this fund is in bank at Lexington, to start the work as soon as surveys have been completed and contracts let. The war has delayed the matter. Engineers who have been engaged on the surveys have been drafted at different times to engage in fighting the battles of our country, and the supply of engineers has been reduced to a limited number. Surveys will be completed as soon as engineers are available.

"What influence would the failure of voting the 20 cent tax have upon this \$100,000 donation?"

It is feared that if our people fail to show their appreciation of this magnificent fund that a damper will be cast over the situation and the possibility of the loss of the whole amount. This fund, created as a gift to Rockcastle and Laurel counties, should be strenuously fought for in its preservation and no point overlooked in showing that we heartily

appreciate the big gift. The voting of this 20-cent tax would be one of the clinchers and as assurance of the final completion of the present undertakings and make it certain that other county roads will follow in their wake, whereas if we lay down now we will have an immeasurable loss.

"What about those portions of the county that are without improved roads?"

They will naturally follow. It is imperative that we first have the inter-county seat roads, they accommodating the larger portion of travel. Cross roads will be built as a natural consequence and demand.

"What benefit has the present construction been to the citizens of Rockcastle?"

Since the beginning of improved road building in the county, land and other valuations have increased to the amount of nearly half million dollars and are still climbing, all from road propaganda construction. The \$100,000 invested in roads has been one of the county's best possible moves. The benefits already derived are immense and we are on the threshold of greater things as time passes and road work progresses.

"How are the people to know that the above statements are facts?"

Consult your bankers, merchants, lawyers, farmers and others who are posted. We are friends and neighbors and should drop all ill-will and prejudices and misunderstand-

ings and work for the general interests of all. There is nothing today of a more far reaching interest, except the great war, which our boys will soon bring to a successful conclusion, than our highways.

Let us get together and go after it. We have made a good beginning. Let us proceed with the good and most vital undertaking inaugurated during the past century, for Rockcastle and the mountains of southern Kentucky.

Interesting Letter From Egbert Norton

HOOQUAM, WASH., Oct. 3, 1918.

MR. E. S. ALBERT, Mt. Vernon, Ky.

Dear Editor—No doubt you will be interested to spring something new on your readers of the Mt. Vernon Signal. So I will attempt to give you some news from the north-west.

This is a fine country, covered with heavy timber, mostly fir, spruce and hemlock, which is being moved rapidly from the woods to the mills. The spruce and fir are used for the building of ships, mostly spruce. An air beam must be free from all defects. It is inspected many times before it goes into an airship.

The logging is carried on by derrick. You never see a team in the woods. We have steel frame roads running into each log camp, so the logs are loaded and hauled out by heavy engines.

The people are very loyal, buy Liberty Bonds to the limit. In the woods you can see all kinds of people, Swedes, Finns, Germans, Poles, Germans and Americans.

I am an inspector of spruce logs and I have an opportunity to talk with these fellows.

Saturday night I was in a ship launching parade over in a ship-building town, where they launched the ship "Aberdeen," which was built in seventeen and a half days. This ship is a 4,000-ton wooden construction. There were 10,000 or more people in the parade. We had band music and patriotic songs. That is the spirit of the people out here, and this town also raised their quota for bonds the first day and doubled. This kind of thing will cause Bible to open his eyes again.

There are a number of soldiers in the Spruce Production Division working in both woods and mills. There is a cut-up plan at Hoquiam, Wash., that cut over a million feet of spruce and fir per day. This is the greatest mill of its kind in the world.

The other day I saw a large stump known as the "McKinley Stump" from the top of which Redie R. spoke in 1903. May 22, This stump is located in the center of the park of a small town, and is 12 ft. 6 in. at the base and 8 ft. 4 in. at the top. The tree from this stump was 350 years old, 300 feet high, and contained 30,000 board feet.

The mountain scenery is fine. Sometimes see Mt. Hood, with its snowy cap, that is when the fog clears away.

I enjoy this kind of work fine and am in the best of health. My weight is 180 pounds, so you can begin to see that this is a healthy climate.

The popular conception of a lumber Jack seems to be a cross between a pile driver and a Kansas cyclone. He is supposed to browse on spruce and fir boughs, grab them cywn with whiskey, comb his hair with a devil club, shake himself like a shepherd dog every time he washes his face, take his tobacco with a bay fork, and his snuff with a scow shovel. He gets his trim from the trash. The lumber Jack is of verile, pulsatine manhood, with red corpuscles in his blood, gray matter in his head, and sand in his gizzard, or the forests never would have been converted into products for the comforts of mankind.

Guess I will close or I may worry some one.

An Act of General Assembly 1918 RELATING TO PUBLIC ROADS

That subsection 15 of section 4356X, Kentucky Statutes, Carroll's Edition 1915, be and the same is hereby repealed and in lieu thereof the following is here by enacted:

Section 18. The costs of inter-county seat roads constructed under the provisions of this act shall be paid as follows: In counties having an assessed valuation of less than \$5,000,000, seventy-five per cent shall be paid out of the State road fund and the remainder shall be paid by the county.

ORDER ROCKCASTLE COUNTY FISCAL COURT, OCTOBER TERM.

1st day of October, 1918. On motion of W. D. Mullins, Justice, seconded by Robert Evans, It is ordered by the court, that the Sheriff of Rockcastle County, open a poll in each of the voting precincts of Rockcastle county, on the 5th day of November, same being the date of the General Election held in and for said county to ascertain the will of the electors of said county on the election. Are you in favor of voting a 20 cents road tax for the purpose of constructing and improving of the public roads and bridges, one or both, as the Fiscal Court of said county may direct. Said taxation to run for a term of five years, and it is further ordered that no amount that can not be raised by the levy in any one year shall be expended in that year.

RESOLUTION. Whereas, it is resolved that in event that the 20 cents road tax voted at the coming November election in Rockcastle County, then the amount that is derived from said taxation will be prorated and used in and according to the size of each Magisterial District. It is further resolved that the 20 cents road tax, which is a levy now in force shall be omitted from the levy of 1919; that the present rate of taxation upon the one hundred dollars shall be the same as at present.

Judge Cam Mullins, Mt. Vernon, Ky. Dear Sir:

Enclosed please find check No 6449 for \$1,489.33. Same being the balance of all money apportioned to your county previous to 1918.

The 1918 apportionment will be available in December. Your County was apportioned \$5,054.00 for 1918. From this must be first paid the cost of making the Federal Aid Survey in your county. The remainder can be applied to paying the state's share of the cost of State Road work provided the county has complied with the requirements of State Maintenance Law enacted at the last session of the Legislature.

Yours truly, R. Wiley, Commissioner Public Roads.

The proposed 20 cent road tax will not increase your rate of taxation but will furnish means for completion of present roads under construction and aid to others in the county.

SANITARY CONDITIONS Are Of The BEST

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health resorts in the country.

PATRIOTIC WOMEN OF KENTUCKY

See to it that every able-bodied man in the State, not engaged in other War Industries, volunteers his service at high pay, to help get this great permanent Kentucky camp ready for the brave boys of this Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter it is the boy of some other mother—all of them training to protect our Liberty in the great fight for Freedom.

Provided men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every loyal Kentucky woman to report them to the nearest United States Employment Service just as they would a Hun spy or an Army Slacker.

Show them their Duty. Make them Volunteer. Take their places!

CAMP KNOX MUST Be Ready DECEMBER 1

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 Army Boys, and stables for at least 15,000 animals must be completed. This is imperative.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job, all right, even for Kentuckians, but it can be done, as Kentuckians never fail in what they undertake.

SINCERE GRATITUDE

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Cough and Sore Throat Remedy which I had a severe attack of diarrhea three years ago. It was the only medicine that relieved me."

NOTICE

Pursuant to a resolution passed at its Special Term, of the Rockcastle Fiscal Court, Oct. 1, 1918, the undersigned, Sheriff, will cause a poll to be opened in each of the respective voting precincts of Rockcastle County between the hours of 6 o'clock a.m. and 8 o'clock p.m., on the 5th day of

Nov. 1918, for the purpose of submitting the question to the voters: Are you for a Property Tax of 20 cents on each \$100.00 worth of property in the County of Rockcastle, to be levied each year for a period of five years, for the purpose of improving the public roads or bridges of said County, or either or both of them? J. S. LANGFORD, Sheriff of Rockcastle County, Oct. 1, 1918.

ROCKCASTLE COUNTY COURT ORDER

Whereas, a petition was on the 10th day of August, 1918, filed with the clerk of Rockcastle County Court, signed by more than twenty legal voters of voting Precinct No. 6 (Orlando), in Rockcastle county, asking a submission of the question whether

cattle or any specie thereof, shall be permitted to run at large in said voting precinct.

It is now ordered by the court that a poll be opened in said voting precinct at the next general election to be held on the 5th day of November, 1918, for the purpose of ascertaining the will of the voters of said voting precinct upon said question.

Attest: S. F. BOWMAN, County Court Clerk.

Buy Liberty Bonds and Get Others to Buy Them

When you have bought all the LIBERTY BONDS you possibly can don't let that satisfy you.

Do a little more for Uncle Sam.

Turn in and be a Liberty Bond salesman. Talk to your friends and neighbors about LIBERTY BONDS. Get them to buy also. Find out who hasn't bought LIBERTY BONDS and see if you can't persuade them to buy.

Every Liberty Bond you get someone else to buy is just as effective as though you bought it yourself.

It's good training, too, for you in many ways, as well as a splendid piece of patriotism.

So remember, buy all the LIBERTY BONDS you can and then do all you can to make others—especially your friends and neighbors—buy them.

That is the kind of citizen that Uncle Sam wants—the hundred per cent kind.
