PERSONAL

Geo. Jones was home from Camp Taylor attended his father's funeral.

Allen Lewis, who has been in Iowa for the past few years has returned to Rockcastle to make his home.

Mrs. Alice McLaughlin, after a several weeks' visit to Rockcastle relatives, has returned to her home in Oregon.

S. T. Proctor was called to Lancaster Wednesday morning of the death of his brother-in-law, C. A. Wheelon.

George Childers who holds a good position in Hamilton, Ohio, was here this week on a visit to Rockcastle relatives.

Sgt. Robert Childers was home this week from Camp Meade, Md. He is in same company with Earl Phillips from this county.

T. J. Pennington writes that he received safely at Coaling, Okla., and is working every day at the carpenter trade at \$7.00 per day.

Misses Blanche and Sidney Crawford are at home. Their schools having been closed by order of the State Board of Health on account of influenza.

A letter from Tyne Gentry at Lebanon Junction, says that he and his wife who have been very sick with influenza are better.

He said there had been twelve deaths in Lebanon Junction in the last week.

There have been so many and still so many sick with influenza, that we can not attempt to give the names, as it is almost impossible to get them all and we do not want to give pain without giving all.

S. E. Hellard and family will move back to Livingston first of the month. Mrs. Frank Mullins, we understand, will take charge of the fiscal exchange, the place which Miss Lucinda Hellard has satisfactorily held for several years.

LOCAL

Private Casper Livsey, Co. L, 10th Inf., A. E. F., France, via New York.

John Mink, of the Brindle Ridge section lost his house and all its contents by fire a few days ago. No insurance.

It is now Judge Carnical, who has received his commission as Police Judge of Mt. Vernon, succeeding T. J. Pennington who resigned and moved to Oklahoma.

Mrs. Alice Davis, Superintendent of Schools, requests us to say that all schools will be notified when to be open and that the notice will be sent out just as soon as authority from the State Board is given for the re-opening.

A letter came from Logan Bryant addressed to the editor this morning, but the main part of Logan's communication was a clipping from the London Daily Mail, which the Censor did not let pass. Therefore his address and name was all we got. His address is 306 Aero Service Squadron, American, Exp. Forces in London, Eng.

Judge Cam Mullins and the Fiscal Court have bought a crusher and engine for the county. This is the best move made yet toward road building at Rockcastle. It not only insures keeping up what roads we have but makes it possible to build more. The State Road Department is urging that the county vote the 20 cent road tax, in which event the State will pay \$3.00 out of every \$4.00 spent on the roads. This means the State will pay \$2,400 a year. Don't you think it is worth your sober thinking, and lastly your vote on November 5th.

DEATHS.

The following deaths have occurred since October 16th, which have not been reported. The death toll of Broadhead has been reported, through the Broadhead letter and in the remote parts of the county there have been several deaths within the last week which we have been unable to get, as communication with the registars has been impossible.

The last follows: Mrs. Hester Mullins, wife of Dolphie Mullins, of Pine Hill, from pneumonia following influenza.

Mrs. Will Doan, of Mt. Vernon and two children. Mr. Doan has been in a critical condition but some better at this time.

A two year old child of Robt Spooanover, dropsy.

A child of Bev Thomas on the 18th inst. died on the 19th. Both influenza victims.

Willie Payne, age about 19 years, son of W. D. Payne, died of pneumonia following influenza.

The seven year old daughter of W. G. Clark, of Livingston, died of influenza. Mr. Clark lost another child about a month ago.

John William Morris' daughter at Pine Hill, died from influenza.

Mrs. Laura Baker, wife of W. M. Baker, died last Sunday of pneumonia following influenza.

John William Morris' daughter at Pine Hill, died from influenza.

Mrs. Laura Baker, wife of W. M. Baker, died last Sunday of pneumonia following influenza.

The lady of Mrs. Sissie Cummings was killed in the mines in Harlan county only a few months ago.

Mr. John Jones, of Mt. Vernon, died Monday night. He was 68 years of age and was suffering from tuberculosis and other complications.

Sam Lewis-Sowder, age 77, son of Mr. and Mrs. Micajah Sowder died Monday night of pneumonia following influenza.

Perry Burk, an aged citizen, was found dead near his home Tuesday. Cause of death apoplexy.

Mrs. Wm. McHargue, who was Miss Mattie Butler before her marriage, died Tuesday of pneumonia following influenza.

A son of Charley Cromer, of the Skeggs Creek section, died of influenza. Mr. Cromer's wife died the following day from the infirmities of old age.

A son of Will Ponder of near Livingston died last Monday and on Friday Mr. Ponder lost his daughter. Both victims of flu.

Miss Isabelle Terry, living near the fair grounds died of influenza Monday.

Mrs. Geo. Hellard died at Livingston from the effects of influenza.

The death of Albert Parman's brother-in-law whose name we are unable to get, living in the Gauley branch section near Livingston, is reported.

Jess Bullock, son of Hon. E. Bullock, died at Reading, Ohio, and his remains were brought here for burial Monday.

Eugene Gentry, son of the late George Gentry, died last night of influenza and heart trouble.

The report reaches here just as we go to press that a Mrs. Robinson and Mrs. Stewart, Dave Stewart's mother, both of Orlando, died night.

A small child of Steve Morris died at Pine Hill last night.

The second death occurred in the family of Micajah Sowder last night, when their five year old baby passed away. Mr. and Mrs. Sowder are certainly having more than their share to bear.

To MY PATRONS:—The Flu has had me knocked out this week, but I hope to be able to serve you by Monday. Hope you all have recovered from the epidemic and my sympathy is with the bereaved ones.

Sincerely yours, JOHN RENNAR, The Dray Man.

Mrs. H. A. Smith was called here from Terre Haute, Ind., on account of the death of her father, John Jones.

The oversea casualty list this week shows two Rockcastle boys missing in action. They are William E. Ellinger, son of Egbert Ballinger, Wildie, and Arthur Franklin, son of Mrs. Ella Franklin, of the Wildie section.

LETTER FROM FRANCE

By E. R. GENTRY

Somewhere in France, Sept. 23, 1918. Mr. E. S. Allright, Mt. Vernon, Ky. Dear Edgar:

I can hardly make myself believe that it has been more than three months since I wrote and nearly that long since I wrote the letter telling of my 14th of July in Paris, but it is true. Time certainly does get away, being more than six months now since I left home. I have thought of writing often in the last three months but you know things change after you are here here awhile. At first it is all so new and strange that you are continually wanting to unload your opinion of things on some body and so you just write but after a few months, you get used to things. You in a way become civilized and the customs do not seem so strange and you decide after all that French people are not so peculiar and there comes a note of music into the language even if you do not understand it and you find your self sitting listening attentively to a conversation in French and enjoying it, while you have no idea why they are talking about. "Darned" if I believe I will ever learn it. At any rate I have made a poor start in six months. Oh, I can make my wants known get a room, order a meal, or ask the price of an article, but when it comes to carrying on an ordinary conversation, I go straight up. I have taken lessons from all sorts of people, including ladies, but to no avail. I eat at the same table with a French interpreter, who speaks good English, and worry the life out of him. He says he may be able to speak English, but has a time understanding "American". The fact is I have a pretty hard time understanding the English man myself and I do not wonder that he finds our language considerably different from that in America. Where the language speaks.

I am getting along nicely with my work. Since I wrote you last I have been transferred from the co-ored building and have charge of the entertainment work in one of the largest buildings in France, by that I mean that I plan all the programs, not that I am an entertainer by any means. We have the three moving picture shows each week, and one traveling party of entertainers or speakers. This leaves two nights each week for which I must provide local programs and we have some great ones. You know there is no lack of talent in this army of ours and it is the very best. The fact is that in the last three months I have put on shows with talent right

come. They seem to regard it a privilege, even though they are all "bumped off" as many of them express it. Several Rockcastle boys I know have been in the thickest of it. So far I have only seen one of them among the "killed in action." Vess Brown, an old school boy of mine, I know how hard it must be for his loved ones and the loved ones of any others who may pay the price that the liberty and the defense of Christianity demand, but if they could see and understand, as we do over here, and all will soon understand, they would know that he died in the greatest cause any being, save the Master Himself, ever gave his life for. How I wish our homefolks could realize that it is worth a man's life. Our men are giving a fine account of themselves, but in the words of one of our past leaders "We are beginning to fight," and the Hun who said we would never fight will come to the conclusion as others have in the past, that we will never stop fighting. This does not mean that we are a warring nation. Nor does it mean that our boys will come out of this hard on with the desire and lust for blood that some people seem to think will follow. Far from it. The boys who come back from that hell of death and destruction, shrieking, shelling, burning, shrapnel, poisonous gas and liquid fire, tells us it almost invariably has the opposite effect that it burns the dross from their lives and leaves them purer and better men, less selfish and more considerate of rights of mankind and a closer relation to his God, which can only come through the realization of a Christian service, bravely and nobly performed.

I have heard from several of the Rockcastle boys but so far have only seen four, Floyd Gentry, Will Prakes, Geo. Jarber and Ab Owens, from Mareburg. All of them are getting along nicely and making good soldiers. The latter three being in the same camp with me and it is about all the four of us can do to hold down the size camp we have. Officers help us some. I must tell you of what one of the colored soldiers said to me. One of the Y. M. C. A. girls ask him how he liked the war and he said, "Miss, ah jes likes it so much, I wish I was a baby in my mudders a'm and a girl baby at dat." Before I left the colored had a great big good natured contented look, but now he looks like a man who has seen the counter get bought a package of cakes. As he turned away he said to the crowd standing round, "Dem what ask me for some o' my cakes don't git none. Dem what don't ask me, doh' want none." The fellows over here certainly do pull some good ones and I wish I had time to write a book of war stories. Of course there are some chronic grumblers among both white and black officers and men, but they really mean nothing by it. Its just a part of their every day life. If they do not like the program or the kind of tobacco we sell they "cuss" the Y. If they do not like what they have to eat, and most the time its as good as they had to eat at home, they "cuss" the mess Sergeant and if they get sick, they "cuss" the doctor, but all the same, they always show up at the mess hall when hungry and at the doctors office when sick. And after all, it is not a bad life over here. Note of them ever eat a meal without meat, good white bread and sugar. I have an idea that is more than a lot of you back home can get. Just as they are in the states so they are here in the best fed, best clothed and best cared for army in the world. All they need is plenty of good cheerful letters from home, full of "pep" and encouragement and if they don't bring home the "pep" they will get a piece of the Rhine and they will run

"Bill Kaiser" to Berlin just like you see Mutz running left in the funny pictures. If this Y. M. C. A. does not send me up front pretty soon, I am going to desert. That bunch of fellows around the St. Mihiel sector are getting to far away from us. While I feel that I am rendering the service for which I best fitted, certainly is a temptation to enlist and join the crowd. I can see Mr. Brown smile, if it happens to read this and say "That's all talk" but you know Masaniell Foch said the greatest trouble with the Americans was in holding them back. The boys go to it, like their daily tasks back home, and with so much of that all around you, you naturally absorb some of the courage of the fellows, and get to believe you could really face the Hun without running.

I came into town last night from camp sixteen miles away, got me a room at the hotel and actually slept like somebody, in one of those high branch beds just like you used to see at your grandmothers, except that they have a dainty little feather bed over you so that you feel like its going to float away with you every time you turn over. I slept so good, I think I will take a whole week of it soon. We are entitled to a seven days rest every three months. The soldiers get ten days every four months. I did not make my week last at the end of three months, but my six months service will be up on the 31st of Oct. and it is likely that when you get this, I will be climbing the Alps, seeing the sights of Nice and walking in the Sunshine of Monte Carlo, but do not worry. My program of work is allowed in the bathing halls during business hours. The great gambling den at Aix-la-Bain, the soldier's leave center, has been turned into a magnificent Y. M. C. A. and if the Prince of Monaco Carlos Monte Carlo over to our government for a leave center, one here will likely suffer the same fate. Camps must close. Give my regards to everybody and tell John I will settle with him after the war. I

Signal since June 7th. Very truly, E. R. GENTRY.

all, with Spanish influenza, and her body was buried at 2:00 o'clock Saturday afternoon, after short services at the grave by the Rev. A. J. Pike, in the Christian church cemetery. She was a fine little girl and had many friends among her associates. J. Douglas Martin, son of Mrs. R. S. Martin, and a splendid business man, died Tuesday afternoon at 5:45 o'clock of Spanish influenza. He had also been a sufferer for many years with asthma and hay fever. His father, the late R. S. Martin, died about two years ago, and Douglas took over the Tobacco Manufacturing Plant and continued the business in a very successful manner, and had shut down the plant a few months ago, after he knew he was subject to be called into Army service at any time. Douglas had many friends and young men in our town will be missed more. He was a member of Brodhead Lodge of Masons. His mother, two brothers, Virgil and Dick Martin, and two sisters, Miss Isabelle Martin and Mrs. Byron Owens, survive him. His remains were buried at the family burying ground, about two miles from town, Wednesday afternoon at 2:00 o'clock after short services at the grave by Eld. L. N. Bowling. The bereaved ones have much sympathy. —News reached us late Wednesday that A. Wheelon was dead at his home in Lancaster. J. W. Proctor, father of Mrs. Wheelon, was called to his bedside early Wednesday but only reached his short time before he died. Mr. Wheelon lived here for a number of years, but moved to Lancaster a year or more ago and has been following his occupation of barber, since purchasing his lot there. His body was shipped here Wednesday night and will be buried with Masonic honors, but at this writing we are not informed as to the exact time or place. Besides his widow he leaves three little children, father and mother and other relatives to mourn his loss. We deeply sympathize with the bereaved ones in the loss of an affectionate husband and father. —The influenza epidemic is still raging in and around town, and before this paper appears in print a number of

deaths will have been reported, as at least five or six persons are now just hanging on to life by a very brittle thread, and no chance held out at all for some. Very few homes have escaped this terrible disease and while there are fewer new cases in town, it seems to be spreading fast in the country and a large number of new cases are daily reported. —Mrs. J. M. Adams got a message Wednesday that her brother, a Mr. Skirvin, at Dry Ridge, was in a dying condition and she left immediately for his bedside. —O. R. Cass took Mr. and Mrs. Wheelon to High Bridge, Wednesday, to see before moving here a few weeks ago.

BRODHEAD

Mrs. Brodhead died at her home here Thursday of last week at 4:30 in the afternoon, after a few days of intense suffering from influenza and resulting pneumonia. Mrs. Brodhead before her marriage was Miss Floy Tharp, daughter of Mrs. Bettie Tharp. She was a member of the Christian church and up to the past two or three years was active in church and Sunday school work, and was a mighty good woman. She was ever ready to help those in distress and always administered to those who needed her services. On the following day at 2:00 p.m. her remains were buried in the Christian church cemetery after short services by her pastor, Elder L. N. Bowling. On Sunday afternoon at 5:30 the son of a good woman, died with the same disease and his remains were buried beside his mother Monday afternoon at 2 o'clock. John Farris was about 13 years old and one of the brightest boys in town and had many friends among his little associates. Besides his father, his mother and father, the two are survived by his mother and grandmother, and two little daughters and sisters respectively and a host of other relatives. Sympathy goes out to his heart broken mother and to Mr. Francisco in this sad hour, but words of sympathy can only help to soothe the pain that death has brought. —News reached them all broken up and making their days sad and lonely. —At 4:30 o'clock last Friday afternoon Miss Martha Wood, all died at the home of her parents, Mr. and Mrs. Harry Wood,

porting news. So we feel that before long the war will be over. The French seem to be really encouraged and talk as if the war would soon be over.

We have big two and three-story buildings here for hospital very nice but dirty, but when we get through with them they will be ideal. The scenery is beautiful, etc., long hills all round it.
