Owners of dogs should bear in mind that the new dog law compels all dogs to be tagged in 1919. Those who have listed dogs should apply to Sheriff Short Clark Bowman and get a tag. He has received tags and will be glad to furnish to those wanting them.

The German mission that left Berlin, according to official announcement, for the western front to "conclude an armistice and to begin peace negotiations, has reached allied lines. Reports from Germany are that the German press is bitter over the terms of the armistice with Austria.

NOTICE TO TEACHERS.

As Superintendent of Rockcastle County, I am hereby issuing an order to all teachers of this county to come to Mt. Vernon on Tuesday afternoon, at one o'clock for a very important meeting and also to be requested to bring a trustee.

As schools are not in session and teachers are receiving their regular salaries, I am issuing this as an order and not as a request.

Mrs. Alice Davis, S. S.

Sergeant Robert E. Childress of Camp Meade, Md., Ice Chief, road dispatcher, Louisville, Ohio, Childress, of Hamilton, Ohio, all brothers of Dr. W. J. Childress.

Mrs. M. M. Minton Anderson and attractive daughter Miss Matyza Chesnut, of Mt. Vernon, came over Thursday and spent the day with Dr. Childress and family. Sergeant Childress is making his last visit before going overseas, having as it were a family reunion and bidding good-bye to our soldier boy. — J. J.

FLU.

At all the flu patients in Mt. Vernon who were sick last week, are out this.

It seems that flu is about over in Mt. Vernon. The only new cases reported this week are Mrs. Robert Cox and two of his children. They are doing nicely.

Stripes Preacher is expected to be very sick with influenza.

Miss Lulu Davis is very sick with influenza.

It is no trouble to spot "flu" if they all show it.

Judge Cam Mullins requests us to say that as the flu is about over, that the bringing of whiskey into the county must stop. No more whiskey is needed for flu medicine and the Sheriff, Jailor and Marshal have been instructed to arrest all parties caught bringing in whiskey. Many gallons have been brought here in the last month, which was not needed or ever intended for flu patients. Some took advantage of the situation but the lid is going on as tight as ever, and this warning should be heeded before it is too late.

DEATHS.

The death toll from influenza is still heavy in the rural districts of the county. Deaths reported since last week.

Mat Bowles, living on the East side of the county lost three children; John Bowles lost his wife and grown daughter, and Tom Bowles Jr., lost a 7 year old son. The three families live in the same neighborhood; the six deaths occurred Wednesday and Wednesday night and the six burials took place yesterday at the same graveyard.

A child of Mr. and Mrs. Dock Clifford died Wednesday night. This is the second child which has been lost.

A 5 month child of Mr. and Mrs. Shafer died at Brodhead.

Henry Treadway's child died Monday.

Mrs. Will McCollum, of Livingston, was a victim.

The two year old child of Mr. and Mrs. Ernest Clark.

A small child of Mr. and Mrs. Dannie Mullins.

Mart Milburn lost a small child. Milburn lives at Livingston.

B. Wagner of Livingston lost a child.

NOTICE.—All persons having claims against W. H. Kreuger, deceased, will please present same properly proven, and those indebted to said party are asked to make prompt settlement.

W. H. Kreuger, Ex. Adm'r.

The road tax lost. 954 voted Nov. 4, 1918. We have no criticism to offer as to how any man voted, but we would like to know the reason why any man would object to the State giving the County about \$24,000 a year for roads, when it does not cost the taxpayers a cent more than a penny to get it.

Schools will not open for another week. At Mt. Vernon and Brodhead and with some of the rural schools, conditions are such that the schools could possibly open with safety, yet the Health Board does not want to take any chances, and for that reason none of the schools, show houses, or churches will open this week. If conditions continue to improve there is no question but that the ban will be lifted next week.

Food Administration

The ban has been lifted on milk foods. They can now be fed to any stock or poultry. Three pounds of sugar can now be bought for each member of the family, for each acre, etc.

The months allowance can all be bought at one time, but the merchant keeps record of number in family and amount of sugar sold, just as before.

H. T. YOUNG
Rockcastle County
Food Administrator
Mt. Vernon, Ky.

In St. Patrick's rectory at 7 o'clock, Monday evening, Rev. Father T. L. Crowley officiated at the marriage of Miss Mary Elizabeth Peacocke, 298 North Washington avenue, to Mr. William R. Parsons of Wildes, Kentucky, for the past year stationed at the Columbus barracks as a telegrapher. The bride is the daughter of Mr. and Mrs. John N. Peacocke her father being a captain in the Columbus Reserve Corps. Miss Margaret Gorman was maid of honor for the bride and Mr. John Kelly of the barracks was Mr. Parsons' best man. The bride wore a suit of taupe panne velvet with trimmings of beaver fur, a taupe velvet hat, ornamented with silver lace and a corsage of bride's roses. Miss Gorman's suit was dark blue velvet and was made of dark blue georgette and her flowers were pink buds in a corsage bouquet. The bride's parents entertained the bride and bridegroom and the two attendants at dinner at the Crittenden hotel after the ceremony and later welcomed thirty friends at a wedding reception. Mr. and Mrs. Parsons will live in Columbus for a time and later go to Chicago to reside.—Columbus Journal.

United War Work Campaign Program

The campaign begins on Monday morning, November 11, and ends at midnight on Monday, November 18, approved by the representative of the Government at Washington the money raised will be divided as follows:

Y. M. C. A.	25.00%
Y. W. C. A.	25.00%
National Catholic War Council	15.00%
War Camp Community Service	15.00%
American Library Association	10.00%
Salvation Army	5.00%
Any surplus will be divided pro-rata.	

MASS MEETINGS IN CITIES AND TOWNS

Kentuckians Everywhere Will Listen to Speakers—Business Men's Clubs to Hear of War Work

Friday, November 8, there will be a mass meeting in each of the larger cities and towns in Kentucky in furtherance of the United War Work Campaign.

These mass meetings will be addressed by prominent speakers and will set forth the activities of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council, the Jewish War Council, the War Camp Community Service, the American Library Association and the Salvation Army, and the seven organizations which are providing physical, mental and moral help to our soldiers overseas and in the camps in this country, as well as doing much work in providing needed amusements for the several millions of women and children who are in the United States and in France.

In the work of November 8, there will also be a series of business men's conferences held under the auspices of the Commercial, Rotary and Kiwanis Clubs of every city of 5,000 or more inhabitants in the state. These conferences will be addressed by prominent and successful business men who have acquiesced themselves thoroughly with the work of the seven organizations and who appreciate the imperative necessity for continuing and increasing the activities.

Many of the men who will address the meetings are fathers or close relatives of boys who are serving in France and who are being directed through letters from the boys at the front, of the incalculable help all the organizations are rendering the soldiers every day.

PARADES IN STATE FEATURE CAMPAIGN

United War Work Drive in Kentucky Will be Splendidly Advertised on Saturday, November 8

Parade Day in Kentucky will be Saturday, November 8, when fifty or more cities and towns in the state will hold pageant parades in honor of the United War Work Campaign which began November 11 and continues through the elaborate plans are being made in many of the towns to put the parade in a manner befitting the importance and seven organizations, the Y. M. C. A., the Y. W. C. A., the National Catholic War Council, the Jewish War Council, the War Camp Community Service, the American Library Association and the Salvation Army, and the great warfare work they stand for.

Every city and town in the state will be decorated with the posters and banners of each of the seven agencies and countless banners, pennants, flags will be carried in the parade.

In many of the towns plans are being made to have the United War Work Campaign parade held at night and some brilliant programs have been mapped out to make the parade a very spectacular event.

Decorators and Holzenville are going into their parade program on an elaborate scale and the citizens of all denominations and creeds will unite in carrying out the spirit of the joint drive.

The Louisville parade will be put on at night and thousands of participants will march. The colored people are working earnestly and enthusiastically to help put the United War Work Campaign over and they will have a large representation in the parade.

In addition to the seven organizations mentioned there will be sections of Victory Boys and Victory Girls and one of the students, who are among the most enthusiastic workers in the United States.

While the influenza epidemic has interfered somewhat with the general parade program in the state, inasmuch as many have been prevented from entering into the preliminary arrangements, the fact that crowds are gathering out-of-doors, makes it possible for almost every community to put on a very elaborate program.

"PERSHING DAY" ON COUNTY COURT DAY

Speakers Will Drive of United War Work Campaign Drive in Rural Sections of Kentucky

County Court Day in 20 counties in Kentucky falls on Monday, November 11, the first day of the United War Work Campaign drive. The day will be called "Pershing Day" because the great American hero died on that day. It is a fitting occasion for the seven organizations which are providing physical, mental and moral help to our soldiers overseas and in the camps in this country, as well as doing much work in providing needed amusements for the several millions of women and children who are in the United States and in France.

It is a highly opportune time to bring the thousands of the work of the seven organizations to the attention of the farmers and the people of the rural sections of the state, and to bring home to the thousands of the work of the seven organizations to the attention of the farmers and the people of the rural sections of the state, and to bring home to the thousands of the work of the seven organizations to the attention of the farmers and the people of the rural sections of the state.

"ALL FAITHS" DAY IN BIG WAR WORK DRIVE

On Sunday, November 10, Churches of Every Denomination in Kentucky Will Hold Special Services

"All Faiths" Day will be observed in Kentucky Sunday, November 10, when Protestant and Catholic, Jew and Gentile will join in setting forth the aims and ideals of the United War Work Campaign, the week of November 11 to 18.

The Y. M. C. A., the Y. W. C. A., the National Catholic War Council, the Jewish War Council, the War Camp Community Service, the American Library Association and the Salvation Army, have at the request of President Wilson, united for one great drive. The appeal of these seven organizations is not to one element alone for they collectively represent all religious creeds and faiths united in equally work for the welfare of our soldiers at home and overseas.

There is no narrow dividing line in the great work, for religious differences but all are united together in one sublime faith, one great belief that in unity there is strength and in unity there is also the best spirit of Christianity.

Just what each of the seven organizations is doing for the needs and only of the soldiers, but the several millions of women and girls who are working in the industrial plants in this country and in France and for other women workers in the industrial centers, will be set forth in the campaign which will be set forth by speakers who are qualified to tell the story of the work.

At night on the same day United War Work Campaign rallies will be held in every county in the state with two speakers at each rally who will tell of the far reaching effect of the work of the seven agencies.

These county rallies will be held in each county seat and in counties where there are towns of good size a rally will be held in each town.

Every man, woman and child in Kentucky will be made familiar with the wonderful story of the work of the seven organizations on "All Faiths Day."

In camps and cantonments in the United States and overseas there are 812 libraries and 1,647 bookshelves containing more than 3,000,000 books and 5,000,000 copies of periodicals. There are 220 additional libraries on the ships of our fighting fleets and merchant marine, and the number should be vastly increased. The American Library Association is one of the seven organizations in the United War Work Campaign, and its motto will be devoted to supplying our soldier boys and munition workers with books and periodicals. A great work.

Austria Surrenders

Washington, Nov. 4. Three hundred thousand Austrian soldiers and not less than 5,000 guns had been captured by the victorious Italian armies before the armistice went into effect at 5 o'clock this afternoon, said an official dispatch to day from Rome. This included all captured since the offensive began October 4.

The soldiers of the once powerful Austrian army, the dispatch said, continued to flee in disorder. Since the offensive started, the three Austro-Hungarian divisions were put out of combat by fifty-one Italian divisions, three British and two French divisions, with Czechoslovak units and an American regiment.

"The war against Austria Hungary, which was commanded of his majesty, the King of Italy, with an army inferior in number and with still inferior means since the 4th of May, 1918, has come to an end," said the dispatch.

"With unshakable faith and indomitable valor the Italians arrayed a continuous and hard war for a period of forty one months and won the stupendous battle begun the 4th of October, and in which were engaged their entire all the resources of the enemy.

"So far the enemy has left in our hands 393,000 prisoners and not less than 5,000 guns. The soldiers of what used to be one of the most powerful armies in the world are now fleeing in disorder and without hope from the soldiers which they had invaded with treacherous confidences.

"On October 31, after having overcome on strongly fortified positions the resistance of powerful enemy rear guards, our troops consisting of fifty-one Italian divisions, three British and two French divisions, with Czechoslovak units and an American regiment.

Huns Must Pay Huge Indemnity For Damages

Compensation For Destruction of Cities and Ships Demanded By Allies

TRUCE TERMS AGREED UPON

Washington, Nov. 6.—Germany can have peace on the terms and principles enunciated by President Wilson, but it must pay an enormous indemnity for the wanton destruction wrought by its forces on land, on sea and in the air.

The German government is so informed in a note from Secretary Lansing now on its way to Berlin, and which also announces that Marshal Foch has been authorized by the Governments of the United States and the Allies "to receive properly accredited representatives of the German Government and to communicate to them the terms of the armistice" under which hostilities can be brought to an end.

Secretary Lansing's note quotes a "memorandum of observations" by the Allied Governments on the

President's correspondence with the German authorities, in which those Governments declare their willingness to make peace with the Government of Germany "in accord with the President's programme, subject to those qualifications...

Reservation to themselves of complete freedom of action in the peace conference; on the question of the freedom of the seas, and the specific understanding that by restoration of invaded territories is meant that "compensation will be made by Germany for all damage done to the civilian population of the Allies and their property by the aggression of Germany by land, by sea and from the air."

The President, Germany is informed, concurs in this last stipulation, which means payment by Germany for cities, towns and countryside laid waste or damaged; for ships sunk by submarines and raiders and of indemnities to the families and dependents of civilians killed or carried off in violation of the recognized rules of warfare.

Terms of the armistice may not be made public until their acceptance or rejection by Germany, but it can be stated authoritatively that they are no less drastic than those imposed upon Austria, which have been interpreted by military men here, both Allied and American, as nothing short of a subject of surrender.

Germany's spokesmen already have acquiesced in the terms and

principles as laid down by President Wilson. By accepting the armistice they agree in advance to the qualifications made by the Allies, and consequently much of the real work of the peace conference will have been completed in advance. There will remain the application of the President's programme and decision as to the freedom of the seas, but the terms of the armistice will leave no room for doubt of the ability of the Allied and American Governments to impose their terms. While awaiting the approach of the German emissaries Marshal Foch, military men here believe, has opened the decisive battle of the war. His immediate objective is the rout or destruction of the German armies holding a stretch of more than 200 miles of battle-line in the very center of the front of France. It is from this menace that the Germans are seeking to escape in the great retreat reported last night from London.

ABOUT CROUP. If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

Germany's Surrender Expected

The German delegation charged to conclude an armistice and to open negotiations have arrived at the Allied front. Inasmuch as Germany's surrender must come before many weeks, the good news of an unconditional surrender is momentarily expected.

T. J. PENNINGTON Writes From Oklahoma

Cushing, Okla., Nov. 3, 1918. Mr. H. S. Albright, Mt. Vernon, Ky. Dear Edg— As I do not have anything to do this beautiful day, I will write you. If you have space in the Signal you may publish it if you care to do so, that our many friends there may know how we are.

We arrived safely on our journey on the eleventh day after starting. We had no trouble to amount to anything except the rain on Monday night. We were about 35 or 40 miles out of Kansas City "in the time." Our tent blew down during the rain. We were some distance from any house, so it was up to us to hustle to the car the best way we could. And to make bad matters worse, we had played the part of the foolish Virgin, had no oil in our lamp, but we got there just the same. The next thing the dust had turned to mud is sure slick. We made very poor time the next two days in fact the remainder of the trip. We traveled thru some fine country and also thru some very poor country, with the exception of Indiana. Corn crops generally are poor about everywhere.

At the conclusion of the meeting of the Supreme War Council yesterday," said Col. House's message. "I proposed a resolution in the following sense and the same was adopted: The Supreme War Council in session at Versailles desires to open negotiations with Austria, Turkey and Bulgaria in the making available as far as possible of food and other supplies necessary for the lives of the civilian population of those countries."

Best regards to all. Yours very truly, T. J. PENNINGTON. DEFEATED NATIONS TO BE SUPPLIED FOOD BY U. S. Washington, Nov. 5.—The Allied and American Governments are to cooperate with Austria, Hungary, Bulgaria and Turkey in furnishing food and supplies for the suffering civilian populations of those countries. This decision was reached by the Versailles conferees yesterday. President Wilson was advised today by Col. H. S. House.

GREATLY BENEFITED BY CHAMBERLAIN'S TABLETS. "I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I was suffering from indigestion, I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in short time, and since taking two boxes of them my health has been good." writes Mrs. M. P. Harwood, Auburn, N. Y.

QUICK ACTION LIKELY

Now that the Bagin delegation to conclude an armistice with Marshal Foch was admitted to the presence of the Great Captain at daybreak today, it is probably that we shall hear vastly important tidings within a short time. The mind of the public is very definitely made up as to what action the delegation will take when the Generalissimo has stated his views upon a cessation of hostilities. The people are in possession of a clear notion of what will be demanded and they are willing to whisper their belief as to the outcome in quiet corners, although they are a trifle too conservative to be shouting their opinions from the housetops just yet. Washington is inclined to question the authority with which the German delegation is clothed. This is merely an academic point, however, as we see it, since Marshal Foch's terms will carry for definite performance, and if the German armies perform according to the demand of the Generalissimo, then there is nothing more to be asked, and no man will care upon whose authority the performance is completed, or whether the German armies have any authority for surrendering their arms, munitions, transportation facilities, and marching back to their frontier virtually naked.

Washington goes on to remark that Marshal Foch has terms that may seem harsh to the German, but which will admit of no argument. They must be accepted or rejected, and meanwhile it is taken for granted that the Field Marshal will maintain his pressure upon the beaten foe. It is most unlikely that any other thought is in his mind. In fact, the procedure appears so obvious that it is hardly worthy of mention. We have seen with what force Gen. Diaz kept after his adversaries even after the armistice has been agreed upon between Austria and Italy. There is no question that while the position is still under consideration between Marshal Foch and the German military command, the Hun will receive daily new object lessons in the beauty and desirability of peace.

It is natural, moreover, that Marshal Foch should demand a quick acceptance or rejection of his armistice terms. Since there is no ground for argument on the matter, the Generalissimo has every reason to be unwilling to have the minds of his men disturbed by the thought that talk is going on behind them. Besides, the situation is too clean-cut to admit of what is known as parity. The terms are ready, and in fact, it is almost unanimously believed that the Germans are equally ready. A reply doubtless will be forthcoming very shortly.—Louisville Times.

GOV. MCCREARY'S LAST WILL

The will of the late Governor James B. McCreary was read an offer for probate by Atty. John Noland, in Judge Price's county court Monday. The will covered four pages of legal cap paper and was written by Gov. McCreary and was attested by Mr. R. C. Farley, secretary of the State Bank & Trust Co., and Col. N. B. Deatherage, his old Confederate companion and friend. Both men were present and gave their testimony. Mr. Robert McCreary, of Chicago, his only child, was also present. The will named executor of the estate, which consists of considerable property, including much real estate, in this city, bank stock, a plantation in Florida, money in bank, government bonds, etc. Gov. McCreary willed to his son the Florida plantation, his late residence in Richmond, a brick residence adjoining the postoffice, and much other valuable property and money. He left to his grandson, Lieut. Robert McCreary now with the American forces in France, and granddaughter, Mrs. Harriet Gay, of Fayette county, a real estate in

Richmond, and also considerable personal property. To his granddaughters he willed two handsome diamond tiaras worn by his wife during her lifetime, and to the granddaughters some gold watches, a family heirloom. He devised to Daniel Sullivan, of Louisville, \$15 for preparing his biography and for the printing and publishing of same, together with some speeches, messages, etc. while Governor. He also directed that two oil portraits of himself, one to be presented in a hanging in the Richmond county gallery, and the other to be presented to the Eastern Kentucky State Normal School. These portraits were selected by the judge and bar, and by President T. J. Coates, for the Normal School. Governor McCreary thanked God for health at the time he wrote his will and the many other blessings he had enjoyed at the conclusion.—Richmond Register.

TUESDAY'S RESULT

Smith, Democrat elected Governor of New York.
California elects a Republican governor.
Gov. Stanley was elected to the U. S. Senate by about 7000 majority.
Early last night a recapitulation of the results of Tuesday's election indicated that control of the senate will depend upon the results of the races in Michigan, Idaho and New Mexico. The Republican are considered certain of forty-seven Senators and the Democrats of forty. The indications are that the Republicans will control the House. The figures early last night were: Republicans 231; Democrats, 195; Socialists, 1; doubtful, 5.—Howard S. Cummings, acting chairman of the Democratic National Committee, claimed that the Democrats would control the Senate and would organize the House.

LIVINGSTON

Flu! Flu! Flu! Yes, we have had this flu. Will you be opposed and let us try to give you some of the news of our little town but will not attempt to try to tell who has had that terrible disease called the flu, as over half of the town has had a light or severe attack. We have had several deaths from the disease. The first one—the one who died last night. Near town on the highway, bronchitis has been two deaths today, a small child of one of the Milburns and a small child of Leo Wagener. The situation is gradually getting better and it is to be hoped the disease will soon be blotted out. Drs. W. H. and Amy have been going night and day and doing all in their power to relieve the suffering.—Mrs. C. H. Rice left today to visit her mother in Philadelphia and will stay a few weeks.—Mrs. B. H. Griffin and little son, left today to join her husband in New Jersey. He is with the colored S. H. H. of Mt. Vernon, has moved back to our town, Uncle Sidney says there is no place like home.—I. W. Catlin has resigned as assistant agent here and accepted the agency at Highland Park. O. D. Bryant, of Mt. Vernon, is assistant agent here now.—I. W. Catlin will move his family to Highland Park in a few days.—C. A. Blanford, after a two month rest, is back at his old job, agent here.—Marion Smith has moved his family to the Dr. R. G. W. property on high street.—E. C. Herd, who has had a severe case of the flu, is able to leave his room.—Miss Mae Evans is helping in the post office, this week.—The election passed off quietly here and if there was any bug juice on hands, it was not the fighting kind. We believe the world is growing better, especially in this respect.—The remedy that Dr. Robins, of Broadhead, the patent medicine man, prescribed for us for the flu, may be all right, but we wish to inform you that there is but two living things on earth that can stand the treatment and they are a negro and a mule. Well after twelve days of torture with the flu we are up again, not feeling as we once felt. We are here to relieve the heart of our friend when he soars away on the wings of imagination and visits some far off friendly land. We look to see our friend any day come down the street calling at every house to sell some of his grand Epietol. Sold Astical Paucular Ner-

Catarrh for Twenty Years PERUNA
Mrs. M. S. Davis, 1607 10th Ave., Nashville, Tenn., writes: "After having been a constant sufferer from catarrh of the bladder for twenty years and after trying every remedy known, I was cured and having lost all hope, I very reluctantly bought a bottle of Peruna about two years ago. Every bottle gave me relief, and I actually feel stronger and better now than I have for many years. I am recommending it to my neighbors and all with whom I come in contact."
Sold everywhere. Liquid of "Cured Bladder."

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN Nov. 4.—(Luzancy, the largest of the towns discovered by the Americans, reflects the spirit of the indomitability displayed by the Germans when they are forced to abandon a region they have held for any considerable time. The town had been almost wholly Germanized. French civilians had disappeared a long time ago and the signs over the shops were all in German. On the streets the French names such as Wilhelmstrasse had been substituted for those in French.

There was evidence that the Germans had carried on the usual activities in the municipality, but with complete conformity to previous conditions and with a desire to wipe out any suggestion as to those who had formerly lived there. Their departure, however, was marked as in few other cases by a desire to leave desolation behind them. From end to end the streets of the town and the houses reek with the stench of filth wilfully distributed. The place was a scene of looting, destruction and foulness, but whether the work was carried out by order is not known.

All such things as were portable are gone from the town. Heavy furniture, including mahogany tables, wardrobes and pianos, were broken to bits and left in the houses. Interior decorations were irreparably mutilated. It was not simply a garrison community the Germans established in Luzancy, although the town recently was army headquarters. One of the houses bore an inscription indicating it was used as a rest house or club house for women. In a store room found magazines, many of them devoted to fashions. Today, forty-eight hours their occupation, Luzancy is the center of an American troop movement. The short streets are jammed with traffic of war and from the hill overlooking it and the time beyond are to be seen lines of truck trains, marching infantry and moving artillery. From the south, unending supply trains approach the city along distant routes in order to pass through Luzancy, from there to be diverted along the newly repaired roads to positions nearer the front.

No Mystery in Meat
Some things are so simple that they have to be explained again and again. When things are obvious, people keep looking for mysteries behind them.
So it is with the packing business. The mere size of Swift & Company confuses many. Because their imaginations are not geared up to scale, they believe there must be magic in it somewhere—some weird power.
Swift & Company is just like any other manufacturing business run by human beings; like yourself, it takes in raw material on the one hand and turns out a finished product on the other.
Swift & Company keeps down the "spread," or the expense absorbed between raw and finished material, to as low a figure as possible. (If it didn't it would be put out of business by others who do.)
How much Swift & Company pays for the raw material, and how much it gets for the finished product, depends upon conditions which Swift & Company does not control.
It depends entirely upon how much people want the finished product, and how much raw material there is available to make it from.
The profits of Swift & Company amount to less than one cent per pound on all meats and by-products—less than one-fourth of a cent on beef.
