ADVANTAGE FOR GOV. BLACK

When Gov. Stanley takes his seat as United States Senator on March 4 next, the world will be surprised to find that the man who has been elected to the position will be a candidate for nearly ten months, it should give him a decided advantage in his race for the Democratic nomination for Governor, for which he has been an avowed candidate for more than a year. It is generally understood that when Gov. Black became a candidate for the lieutenant governor's office in 1915, he did so with the idea of succeeding to the governorship, and being a good organizer, he has employed the intervening time in fixing his fences all over the state. His unexpected coming to the governorship and being in office when the primary is held, those acquainted with the possibilities and ramifications of the political campaign, give Gov. Black an advantage over his rivals.

PROPHET

Homer Sutton, 17 year old son of Mr. and Mrs. A. J. Sutton, died last Saturday morning at the home of his parents, about 10 miles from Mt. Vernon, following an attack of influenza. His remains were buried Sunday afternoon at the Christian church cemetery, after short services at the grave by the Rev. A. J. Pike. Besides his parents a number of brothers and sisters were left to mourn his loss. A splendid illness of Mr. and Mrs. J. E. Carter, and following appeared in yesterday's issue of the "Courier-Journal," Shelbyville, Ky., November 24. Hundreds of Kentuckians, including twenty-two grandchildren and two great-grandchildren, were interested in the golden wedding anniversary of Mr. and Mrs. Joseph Farmer Carter which was celebrated at the home of a daughter, Mrs. O. D. Roubert, north of Shelbyville, last Tuesday. The couple were married in Owen County in 1848, and made their home there until a few years ago, when they removed to Kentucky to live with a son, Dr. W. F. Carter. Other children are: Charles W. Carter, Shelby county; the Rev. J. W. Carter, Wilmore; Mrs. Henry Taylor, Shelby County; N. Giles, Carter, Harrianna, Tenn.; J. H. Thomas, Forest City, N. C.; J. D. Carter, Shelby county; Mr. and Mrs. Walter Boyd, of Corbin, were here Saturday and Sunday on account of the death of her brother, Homer Sutton - Millard Sutton, who is now in Army service, and stationed at Camp Carter, was at home a few days this week on account of the death of his brother, J. H. Carter, of Crestwood, near Louisville, who was several days this week the guest of his daughter, Mrs. Fred Sowder. Mrs. Frank Carron, daughter of Mrs. John Riddle, of this place, underwent a serious operation in Indianapolis - first of the week, and is reported to be getting along nicely. At a meeting of the Board of Trustees of the town of Brookfield last Friday evening the resignations of Jacob Elder and Joe Albrecht were received and A. M. Hiett and L. N. Bowling appointed instead. Joe Albrecht was then appointed marshal and assumed his duties immediately. - Cross & Brovies and Barbers & Hainn, shipped a car of pig hogs from here Thursday. - Mr. and Mrs. David Masters have moved to the farm on Gum Sulphur. - Mrs. Walter Robins and children spent Thanksgiving with Mrs. W. A. B. Davis at Mt. Vernon. - Miss Mildred Robins was in Mt. Vernon Thursday, the guest of her aunt, Mrs. F. J. Durham. The following Thanksgiving programme was

carried out at the Christian church this afternoon:
Music - Star Spangled Banner, and America
President's Proclamation, A. M. Hiett,
Invocation, Rev. A. J. Pike.
Scripture Reading - 100th Psalm, A. F. Albricht.
Music - Overture Christian Soldiers - Prayer - James Meredith.
Origin of Thanksgiving, E. J. Strange.
Sermon - Rev. L. N. Bowling.
The following items were contributed from the Stars and Strip the official newspaper of the A. B. F., published in France, a copy bearing date of October 25. The paper was sent us by Sergt. John Noe, son of our West Main street merchant, T. N. Noe.

A SOLDIER
An incident that will linger long in the memory of those who part in the gallant advance of the Second Division in Champagne came when, as will happen some times in all battles in all armies, the artillery was falling short.

The advance had been so swift that there were no wires by which the warning could be sent back. The need for action was so immediate that there was no time to send a runner back and no certainty that a runner could get back.

Then, abruptly and on his own initiative, a Signal Corps sergeant started to shimmy up a telegraph pole. Under the crossing fire from the two artillerists, in full sight and within walking distance of German snipers and German machine gunners, he went up that pole and from that high and conspicuous place, signaled the message back.

When he had done so, he congratulated him warmly and asked for his name and started to fade away.

"But you don't understand," he said, "I'm explained. I want to recommend you for a D. S. C."

"Yes," said the sergeant, "just before he faded away entirely, 'What's your name?' I thought."

DO UNTO OTHERS

Courtesy is almost unvarying in the A. E. F. - in the offices of R. T. O. S. A. P. M.'s every where, in fact, where soldiers are serving their fellow soldiers. The Golden Rule seems to be observed as if it were a general principle.

Sometimes, however, when a soldier sees a soldier - revelling in brief authority and mistaking it, he wishes there might fall to this man what they say came to a lieutenant in a certain A. E. F. rest area.

The story is that this lieutenant was bawling a detail when a mild looking gentleman in a derby had walked round a corner and inquired politely:

CHILDREN OF FOR FLETCHER'S CASTOR

"Lieutenant, what part do you happen to be playing in the war?"

"I am the supplying officer of the Umphreth battalion!" retorted the officer with combative dignity, as if sending a chance to bawl somebody out. "And who it is wants to know?"

"I am the Secretary of War," said the man in civilian clothes.

STOMACH TROUBLE
Mr. Marlon Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most distasteful taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headaches. I had used pills and cathartics, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard THEDFORD'S BLACK-DRAUGHT recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine any more. I do not have sick headache or stomach trouble any more. BLACK-DRAUGHT acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists. Miss McClure is the niece of Judge B. J. Bebb, of Somerset."

Miss McClure is well known in Somerset where she has a host of friends who extend congratulations and best wishes that her matrimonial voyage may be a happy and prosperous one.

**CAN YOU BEAT IT?**

Geo. W. Marler, one of the progressive farmers of the West side, has made a record on one acre of ground, which we believe is hard to beat. Most of it came about by accident says Mr. Marler, but even with that, it shows what could be done by real effort. First the ground was planted in corn which appeared to be a failure; then Irish potatoes, sweet potatoes, tomatoes, radishes, turnips and pumpkins followed each sowing or planting appearing to be a failure, and the entire crop was more or less neglected and considered worthless or too much so to be given any particular attention when other crops on the farm needed the full share of all hands. But when harvest time came a different story was told and this is what Mr. Marler reports from the different plantings on that one acre:

60 bu. Irish potatoes, 15 bu. sweet potatoes, 30 bu. corn, 30 bu. tomatoes, 3 bu. radishes, over 200 bu. turnips and 50 large pumpkins. Who says Rockcastle is not the garden spot.

One of Mr. Marler's neighbors, Mr. H. C. Blanton raised and sold in the field of 20 acres 6500 worth of corn. U. G. Baker and several others will bear witness

**It Pays to be Particular**

You probably know some one—man whose appearance is admired by everybody.

And the reason is— he is particular in his selection of clothes.

It doesn't cost any more to be particular than to be careless— if you do your buying here.

We specialize on three things:— variety of stock, value for your money and courtesy of service.

Can you afford to overlook these?

**Food Administration**

The work of the Food Administration is very far from being finished. We are just starting into a campaign that is more intensive than any we have yet had. Last year, we shipped to Europe 7,000,000 tons of food stuff. There are now 225,000,000 European people who are looking to us for food. No one else can supply this year. We must ship them 20,000,000 tons of food or they will perish. We are not asked to give, but to save food; that they may buy until they can produce foods of their own. No one worthy of American citizenship can waste food, with the cry of starving millions ringing in his ears. On December first, a Nation wide campaign will be begun. In this campaign, the conservation program of the Food Administration will be carried to every home. A proclamation will be read from every pulpit and in each school house, public meetings will be called, and for one week, the Food Administration will appeal to our great American people with the slogan—"Food Will Save the World".

**RED CROSS**

Chairman, Chas. G. Davis is getting everything ready for the Christmas Roll call for the Red Cross. There is nothing more to be left, than you are asked to pay \$1.00 for your 1919 membership of the Red Cross.

No explanation is necessary as to what the Red Cross is doing, has done and will continue doing. Every adult in Rockcastle county is asked to give \$1.00 and each child 25 cents, and every person in the county will have an opportunity to answer that call.

**COMING HOME.**  
Now that it's all over, we have beaten the foe,  
No more going over, home's the place we go,  
To kiss dear old mother; how proud she will be!

With tears in her eyes, she'll say, "You came back to me,"  
Then you'll meet your old sweet heart, been waiting for you,  
The one the day you left promised to be true;  
You'll walk around the town, and meet at your old friends,  
They take by the hand, and say, "I'm glad to see you home again."

And after celebrating the happiest of days  
You'll find sleep a-dreaming, and in your dreams this is what you'll say:  
No more getting up at 6 in the morning, no more standing reveille;  
No more eating out of a mess kit,  
No more sitting on cots;  
No more guard duty, no more details, no more going to bed at taps for me,  
No more squads left, no more squads right and never again I'll be a K. P.

There's going to be no wood pile in the place where I'm going,  
I'll be able to drink beer by the glass,  
I won't have to stand in good with the first sergeant,  
To be able to get a twenty-four hour week end pass;  
When you wake up you're glad you've done your bit, the world is proud of you;  
You're a man every inch of it, cause you served the Red, White and Blue.

**THE** ringing of bells and the song of the whistles told of the joy that is in ten million mothers' hearts today—

—the thunder of the guns has been silenced— the quiet of Peace has descended like a benediction on the martyred fields of France—and our boys will be coming home.

You mothers, you sisters, you wives, you sweethearts who have waited and feared and wondered if your boy would ever come back—who have prayed for him in the quiet night hours, have tramped with him in spirit on weary marches, stood with him in the rain and mud of the trenches and suffered with him on his hospital cot— what must be your joy today, for he is coming back to you.

The clouds have broken, the shadows have passed—the pure sweet light of Peace is bathing the world as on Resurrection Morn.

Peace has come!

fore. Will it not be nice when the boys can come home and that will be only a question of a few months at the greatest and meet father and mother, who have prayed and grieved for them during their absence; and meet brothers and sisters and all be reunited, and then he can stand before the world—and before father and mother, knowing that there is not a drop of "lacker" blood running his veins, and can truthfully say to the world that "I have done my bit in making the world safe for Democracy?"  
Camp Greene is located about three miles north of Charlotte. It is a very nice camp, although not so nice as some of the other camps of the country, especially Camp Taylor, which is said to be the very best in the country. I have seen several of the boys who have served at Camp Taylor and they always have something good to say about it.  
Charlotte is a nice and prosperous little city with about 50,000 inhabitants. They give all kinds of amusements in connection with these organizations here in the camp for the benefit of the soldiers. These organizations are: The Y.M.C.A., K. of C., Jewish Welfare Board, Y. W.C.A. etc., all of which seem to take a great interest in the soldiers; and can, more than anything else, make us feel at home. All that I heard about about the "Y" before I came here I could scarcely believe, but since I have come and have seen them at work I must say that they haven't been enough said about them nor enough done in their maintenance; although almost all the people back home have done and we appreciate it too. The "Y's" are where we can go when we feel blue, when we feel good, when we want to write a letter home when we want to go to a movie and when we want to go to church or Sunday School, and if it isn't too much to say, they are the main spoke in the "military wheel" of the army. These organizations are doing all they can for the boys before they are discharged to get them back into civilian life as good citizens as they were when they came to the army, by giving them daily lectures (and schools for those who cannot read or write) that they might be worth more to their country and be in a position to enjoy its Liberty and Freedom more than they ever did before.  
The army has been beneficial to me physically. I have gained about 30 pounds in weight in three months and had the flu in the meantime. I guess it will not be very long till some of the boys will begin to come home, of course it will be a little longer till all of them will be back from over the sea. I think the plans of this camp are to get all of the men out of this camp by the first of the year, but I haven't seen the official "dope" on it yet.  
It can be said of America as was never said of any nation before that she saved the world for Democracy, Christian religion and for the Humanity in general, and we are now recognized as the youngest nation yet the strongest on the globe.  
Will not write too much to worry your readers. Regards to all my friends and more especially to those at home. Would like to hear from any of my old friends who would care to write. With best wishes, I am,  
Yours truly,

LIVINGSTON

Mrs. Sarah B. Hall is very sick at present. She is another sufferer of the flu.—The family of J. W. Hughes, who have been confined to their rooms on account of the flu, are improving.—Fin Davis, of Lowell, is visiting his brother, L. H. Davis.—O. D. Bryant, of Mt. Vernon, has resigned as freight agent here and O. D. Pender has taken his place.—Died: Mrs. James Mahaffey, wife of Uncle James Mahaffey, who died about a year ago. She died the 25th and was buried at the family burying ground at the Bull Cemetery, on Rockcastle River.—Mrs. Robert McClure is very low with pneumonia and not expected to live. She first had flu and later went into pneumonia.—Mrs. Fred Owens and children, of Cincinnati, have moved back to Livingston.—Miss Browning has moved his family here from London and is working third trick at Sinks.—Some of the soldier boys have come back and more are coming. We learn that several thousand will come from England and France in the near future. They did all they could to destroy Kaiserism. Can we put our hand on our heart and say with a clear conscience that we did too.—The flu situation is getting better now. No new cases and all that have it are gradually improving, and it is to be hoped that it will be blotted out.—Mike Fannon was at Mt. Vernon, Sunday, to be with Mrs. Fannon, who is 'hello girl' at that place.—D. B. Rambo was in Louisville, near part of last week.—Miss Alice was here Sunday evening.—Mr. and Mrs. I. T. Stew-

He then came back and swapped them and got a No. 6 lace shoe and a 7 button shoe. Returning to Mt. Vernon he discovered his mistake and his last trip was to get them straightened out. The merchant said that he could not fix them as that his feet were neither rights or lefts.—Our old friend, the Brothhead Scribe, was anxious to know how we came out in our United War Work campaign. He seems to think that we fell behind—so he said we always make such a howl every time we have gone "over the top", that every act knew it. We consider this something to howl about and if our friend was as eager to see his town go over as we are ours, he would make a great noise too. But in all the drives how many times would he go to toot his horn? Livingston we think has gone over every time. Can our friend say as much in this campaign, we learn that we have citizens here who count their wealth by the thousands, who did not give a penny. We wish to say to these, that should do us have pockets and the man that has to work every day to live donated liberally to the cause.
