Save me a German blanket and
shelter tent to use and cover
up. The big shells were bursting
so fast he had to go with what
for there was with the company
and told he would come back
in a while. Sunday morning
was taken to the hospital and
Maurice stayed home. I
was in the field the night of
and they took me when I came
back but he was gassed and
wounded, but not serious. But
I can speak for me. I was
fought like men to the last and
did all we could for our brave
rads, country, folks at home,
back and soldiers. We have
sworn to God if this the Lord's
will and we are to be com-
back home together. I don't
know how long this is going to
last, but I hope not long. We
are now about 100 miles from
where we are fighting and near
the central North of France. We
took a large number of prisoners
and I can't say how many we
killed but I know on Saturday
September 25, I killed 8 and 4 of
them just after we started.
There were lots of my friends
that were killed or wounded on
my right and left and our Cap-
tain was killed. I was in 10 feet
of our Colonel when he was
wounded, but he fought like a
mad man to the last and he
and I together killed two Ger-
mans with our pistols. It was
very exciting and dangerous, but
you have no fear whatever, even
the you can hear so many bullets
and they are cutting the grass
and throwing mud in your face.
A bullet cut a hole in my pant
leg at the knee, 3 holes in my
canteen, my cartridge belt shot
off me and one rifle sprang with
bullets within an hours time.
Then I used a German rifle till
it was empty and got another
American rifle and used it till a
piece of shrapnel knocked it out
of my hands. Then I was
thrown in the air with a big
shell and laid in a shell hole till
2 p. m. and then retreated about

A natural feeling, does it "get you?"

Have you walked into a clothing store, spending 15 to 20 minutes trying to find what you wanted—not finding a particular suit, felt as though you were taking up too much time, and have this feeling begin to worry you?

This feeling won't "get you" when you are in our store. Take as much time as you need, and do it, feeling that you are welcome.

You will always find our salesmen ready to assist you courteously, and they'll gladly go out of their way to please you. Our line of clothing all wool suits is large and complete—real value—priced \$15.00 to \$25.00. It will be a pleasure for you to examine these clothes.

RED CROSS NOTES.

Ice skates have been sent to the American soldiers in Russia by the Red Cross.

The Red Cross posts a daily news bulletin in 600 places to give our men in Great Britain the news from home.

To provide Belgian children with shoes, the American Red Cross has started shoe factories at Lamoges, operated by Belgians.

Refugee French women employed at A. R. C. station in France darned more than 50,000 pairs of socks for American soldiers.

No waiting for a shipment of knitting needles in Costa Rica. The Red Cross chapter there makes them out of coco-bolo wood.

An emergency call 1500 matrons for a new American aviation section in England, was answered by the Red Cross in a few hours.

French war orphans—48 boys and girls in equal number—have adopted the 10th Infantry of Ohio. At least that's the way the soldiers tell it.

Thirty of the 400 persons employed in A. R. C. hospital service in France are moving picture operators who put on picture shows at the American hospitals.

Being 100 per cent Red Cross is the next thing to being 100 per cent American. Red Cross Chapter has Roll Call December 16 to 23 gives every one a chance to qualify.

Americans in the Red Cross ambulance service received 65 decorations for work performed in one month. This includes 7 silver medals, 4 of bronze and 54 war crosses.

Uruguay is the tiniest South American republic. Next to the Belgian the American colony there is the smallest and poorest, but every American in Uruguay averages a monthly subscription of \$5.00 in American gold to the Red Cross.

The Red Cross Institute for the Blind will transport to Baltimore and maintain the relative who will be responsible for the care of the blind man when he returns to his home. This relative will be instructed side by side with the blinded soldier in the Government training school, that the man's family may know his difficulties and ambitions and avoid the mental deterioration resulting from false sympathy.

BRODHEAD

THREE HUNDRED TWENTY FOUR DOLLARS AND FIFTY CENTS and "over the top" according to our Algebraic friend at Livingston when that good town was asked for Nine hundred dollars as their quota in the United War Work Campaign.

And we have been wondering at what stage of the game he found room to "toot his horn". We have never boasted over the efforts of Brodhead, though in instant we did our part, and our subscriptions in this last drive amounted to Nine hundred thirty-eight dollars—we were asked for the same as our neighbor town of Livingston. It appears that some folks do their duty when they are getting full value in money, with interest, but when it comes to giving of their hard earned money without the hope of fee or reward—just a patriotic duty, some folks are not at home. It seems that our Livingston friends are still adhering to the doctrine of former days and that they don't loosen up much to the word helping the Y.—Mrs. H. E. Besides his widow he leaves three small children. His remains were taken to Mareburg Monday afternoon where interment took place. His mother, several brothers and sisters also survive here.—K. C. A "great general" says it is the greatest general force ever conceived and has done more to keep up the morale of the army than any other single thing in winning battles almost than munitions themselves. Hostilities have ceased, but not the need of the services of the Red Cross. We have two million soldiers in France and it will take many months to bring them home and get the country on a peace basis again. Besides, the people of the torn and bleeding countries, devastated and demoralized by war, must be succored and sustained to meet the serious battle of life that confronts them. COUNCIL OF NATIONAL DEFENSE

It is now time to figure out the corn crop for next season. It would be well for every farmer to expect to cultivate corn to provide not on the number of acres, but on the amount of fertilizer and he will want to use and pick out of his corn on hand a sufficient amount of seed corn to plant his crop. He has not a satisfactory variety of corn which to procure seed, get same from his neighbor and take special care of corn intended for planting. The corn crop is the most important one raised in the county, and we can hardly imagine the effect it would have on our citizens should the crop be raised in the county for one year. If we should raise only half the amount of corn produced this year it would be a financial disaster. If we could double the amount of corn that was grown this year, how much would the wealth of the county increase? We think at least one tenth. This coupled with the realization that we must help feed the allied nations of the east makes it as important now as at any previous time that we have a large corn crop.

RED CROSS NOTES.

Christmas Roll call means going on record as endorsing the work that has been done by the Red Cross, and indicating that we wish to keep up the activities of relieving sick and wounded soldiers as long as we have an enemy. To be a member means that we are helpers. The Roll Call is for membership of \$1 which pays one person's dues and does not obligate the member to perform any further services. We all have an opportunity to join now for the year 1919. Any school teacher will invite you. The teachers will take the lead in soliciting members and the week from Dec. 16th to 23rd will be a busy week. The contest among teachers will be a spirited one. Many of them will have a good start on membership before the 15th, and from that date on to the first of every month in the county will be on the lookout for new members and renewals.

THE FARMER MUST HAVE RUGGED HEALTH

Many Break Downs and Failures Due to Exposure and Hard Work

Cataract in Some of It's Many Forms Claims Thousands

Every farm family has its medicine cabinet and in almost every one will be found a bottle of Dr. Hartman's World Famous Peruna. For coughs, colds and croup, it is invaluable. Its use is indicated in all cases of catarrhal inflammation and congestion whether of respiratory organs, stomach, bowels or other organs of the body. Mr. W. J. Temple of 800 Lincoln Ave., Delaware, Ohio, suffered for years with inflammation of the mucous linings of the stomach and bowels. According to his own story he did not eat a meal for the year without distress. He says: "I am a farmer and must be exposed to all kinds of weather. After years of suffering, a druggist recommended Peruna. I took all together five bottles and am a well man formerly. I could not do a day's work. Now farm work does not fatigue me in the least. Peruna is the best medicine and tonic on the market. Time only strengthens my admiration for it, especially for cataract and colds."

Write The Peruna Company, Dept. T, Columbus, Ohio, for Dr. Hartman's Relief Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

An International Service Built on Tiny Profits Per Pound

Some industries have prospered with war demands. BROMO Most all farmers are busy planting corn. The corn crop was out somewhat short by the drought but corn is better quality than was raised last year. H. C. Blanton sold a field of 10 acres corn to Roscoe McKinney for \$600. Mr. Blanton sold over 100 bushels of seed corn last spring. —J. B. Noe sold J. G. Soward \$125. worth of turkeys last week. —M. E. Burton passed through here just before Thanksgiving with a drove of over 700 turkeys. —The school has started again after being closed down on account of flu, but fortunately there were very few cases in this community. —J. O. Soogin and family were visiting friends here last Sunday. —"Bart" Hamm is working overtime trying to furnish coal to everybody. —Mitchell Cress shipped a load of hogs this week. —Mr. Hamm will ship a load tomorrow.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEDFORD'S Black-Draught

recommended very highly, so began to use it. It cured me. I kept it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.
