ANNOUNCEMENTS

We are authorized to announce HON. E. D. HULL as a candidate for Representative from the Seventh Legislative District, composed of Rockcastle and Laurel counties, subject to the action of the Republican party at its primary election on August 2, 1919.

The democrats of Kentucky must be on guard. The day of political bosses is gone and when we see them struggling to get hold of the party, it becomes our duty to give notice to the voters and sound the alarm. This year the people must select their own candidates. They must not be selected in a cut and dried convention. It must not be in any would-be boss's back office.

The republicans are already preparing a slate and have called a convention to meet in the city of Lexington to ratify their slate and thereby make the August Primary merely perfunctory and of no real effect. By so doing, no matter what nominations and nominations will have any chance at the August Primary, unless named by the republican convention, and no one will be named in the republican convention unless he is selected by the bosses and placed upon the slate.

The free people of Kentucky will not stand for this, as they know it is contrary to the spirit of free play. If the republicans of the state accept a ticket named that way, it gives life and encouragement to machine politics and gives to a few political bosses the power to select their candidates and name the ticket for them. This our people do not want and the free and independent voters of this state should be on the alert to repudiate and condemn a ticket selected that way.

In other words, down with the bosses, down with the political machines, down with the political tricksters, and up with the cause of a free people and a fair ballot, letting the best man win all times.

W. T. SHORT, of Richmond, is a candidate for State Senator from this district. The seven-tenth will sure send a republican and therefore, we can not see where much improvement could be made, other than Mr. Short. We hope to see Rockcastle give him a hearty support.

HISTORY OF KENTUCKY'S PART IN THE WAR.

The Kentucky Council of Defense wishes to keep before the public the historical work which is now being done under its supervision in every County in the State, and to ask the assistance of every person who has a relative in the service.

County historians have been appointed in practically every county in the State. The first work which they are undertaking is to get a record of every person in the service from their county, and to write this record on a WAR RECORD sheet. These sheets will contain the name and address of the soldier, the name and address of his parents, his age, the camp where he received his training, military address, promotions, casualties, etc.

It is said that the record of each man in the Civil War was not obtained until a few years ago. But if the relatives of soldiers will lend their aid now, while information can easily be obtained, the records of each man in the service from Kentucky can be made within a few months.

These records, when completed will be bound in permanent form and made a part of the records of the county.

It recently came to the attention of the Kentucky Council of Defense that a Kentucky boy had given his life in the performance of a most heroic act, to

which he has been awarded the Distinguished Service Cross after his death, and that there was no permanent record of this award in his county, and that his parents has destroyed all letters they had received from the Government, not understanding the nature and value of the letters.

Fortunately, the State Council had a record of this award of the Distinguished Service Cross, and the citation, which reads as follows:

"Private [name] displayed great coolness and courage under a heavy barrage when he unhesitatingly went forward to destroy wire entanglements, and continued this extremely hazardous work until killed."

This information has been furnished to the historian of this boy's home county, and his name and record, together with this citation for bravery, will be made a part of the permanent records of the county.

The County Historian, of this county, says the name, address, military record of every person in the service from the county with a statement of casualties, promotion, newspaper articles, etc.

If you want the record of your soldier boy to be placed in the records of your county go to once to the historian of your county and get a WAR RECORD blank, fill it out and return it to the historian. This appeal is directed particularly to the mothers and sisters of soldiers.

Do not stop here. Give a part of your time to the County Historian and assist, by getting information as to the soldiers in your part of your county. This appeal is directed particularly to the mothers and sisters of soldiers.

Soldiers, now returning from the army are urgently requested to call on the County Historian, fill out a blank for themselves, and urge other returning soldiers to fill blanks and thus aid the County Historian.

Let us now get the military record of every man in the service. The historian for Rockcastle County is T. J. A. Sparks, Mt. Vernon, Ky.

Att. S. F. BOWMAN, C. R. C.

ROADS

A FEW PLAIN FACTS ABOUT THEM

Attend the road meeting in Mt. Vernon tomorrow and know why you should be for or against the 20 cts tax.

At the last November election, 18 counties voted on the 20 cts tax. Rockcastle is the only one that did not carry it.

If the 20 cts tax is voted, the State gives \$3.00 for every \$1.00 put up by the county.

The road tax will be 20-cs whether it is voted or not. It does not cost the taxpayer a cent more, so why lose the State aid?

If Rockcastle wants better roads or ever expects to have them, what better proposition can the people expect.

The rich counties of the state are willing to pay the tax to build the roads in poorer counties like Rockcastle. If we don't accept the offer whose fault is it?

If by voting the 20 cts tax, the taxes are to be raised, we say vote it down, if not, vote for it.

The biggest tax payers of the county are for the 20 cts tax. They are paying all the tax they want to pay, but this 20 cts does not hurt them or make their taxes a penny higher; it will help the county and therefore they are for it.

Last Sunday was H. O. Gentry's birthday. Sunday School he put in the birthday box a penny for each year he is old, 74 cts. After making his deposit, he said if any one wanted to make him a birthday present, he would be glad to have it, which would also be placed in the birthday box. He received \$4.00.

You furnish the Girl We Furnish The Home

FURNITURE is a big word and covers a lot of territory. Some can be found in most stores labelled "FURNITURE STORE". Some years ago a kitchen safe—a step stove, a few cane bottom chairs, a box, 4 slats and a bunch of straw, and life was lunched upon. Yes, and but a few centuries ago and our beloved ancestors held their tea parties and had their main offices in caves. Thanks to civilization, for today we have been privileged to see, study, read, learn and enjoy all, think and the result gives us the yearning for the higher things in life. The *Mar. ed.*—the refined. Such a longing can be fully satisfied at our wonderful Furniture Department. A visit through it will prove it to your entire satisfaction.

Washington, Feb. 22.—The Wheat Guarantee bill, authorizing the President to use existing agencies or create new one to buy wheat of the 1918 and 1919 crops at the Government guaranteed price and dispose of it at market prices, was passed to day by the House by a vote 277 to 15.

the other giving the President greater authority in restricting importations of wheat to protect the Government from undue loss. The President is given blanket authority to provide all the machinery for handling the wheat from the time it is purchased from the farmer until sold to the consumer, with control over millers, wholesalers, jobbers and bakers, importers, manufacturers and exchanges.

Just before adjourning last night the House adopted amendments changing the date of expiration of the Government's guarantee from October 15, 1920, to June 1, 1920, and giving the President authority to prohibit wheat exports should unfair tactics be used to force down the price.

The measure, which carries an appropriation of a billion dollars, was passed with only two important amendments, one changing the date when the act shall cease to be effective from October 15, 1920, to June 1, 1920, and

DOLLARS AND CENTS.—Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself. In fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.
