

HANNA'S LUSTRO-FINISH
 are all that is needed to make old and worn furniture like new. It's as easy as it is pleasant.
 Covers all the scarred and worn surfaces, imparting the high polish of new furniture. Stains and varnishes at one application. Also the ideal finish for floors and woodwork.

T. N. NOE, MT. VERNON KY.

HOPE WELL

Mrs. June Winsted, of Wald, spent Thursday with Mrs. John Fletcher. Jessa Maous has moved into his new house that he built near Mart Cromer's residence. Mr. and Mrs. Rolie Proctor, of Louisville, have returned home after spending several days with relatives here. Miss Hester Gramer will teach the school at this place this year. Mrs. Martha Jones, of Mt. Vernon, spent several days with Mrs. Josie Devault last week. Mrs. Clara Carmical spent Saturday with Mrs. Wm. Wheat. J. L. Thompson, the hustling trader of Levi Green, was through here one day last week. Misses May and Bertie Kasse spent Saturday night and Sunday with their grand father, John Logsdon. Rev. Noe, of Moreburg, has been elected to preach for the church at this place this year. Homer and Shirley Carmical were with their grand-parents, Mr. and Mrs. M. Gramer, at Mt. Vernon Sunday. Mrs. Ollie Kirby spent Sunday with her mother, Mrs. John Fletcher. Ed. Tyres, of Mt. Vernon has moved to this place. Born, March 29, to the wife of James

Kirby, twin girls. Charles Fletcher was very sick several days last week. We are having very pretty weather for farming at this time. Mr. and Mrs. Wm. Nicely spent Sunday with their son, James Nicely, at Mt. Vernon. Little Miss Tommie Arnold and Master Johnnie Hunsell, of Mt. Vernon, spent Sunday with Mrs. Josie Devault at this place.

HOW IS YOUR COMPLEXION?
 A woman should grow more beautiful as she grows older and she will with due regard to bath, diet and exercise, and by keeping her liver and bowels in good working order. If you are big, fat and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Stomachic corrects these disorders.

TO THE SLACKERS.
 You say he can't stand the army. You think he is any better than some other mother's Sam or Jim? You raised him up like he doesn't smoke nor chew, nor drink is your brag, If all the rest were like him what would become of our flag? You say let the roughnecks do the fighting, They are used to the beans and stew, You are dressed with the roughnecks, White and Blue. You say his girl couldn't stand it to send him off with the rest, Don't you think she'd be glad he'd enlisted. When she feels the Hun's hot breath on her breast? Think of the women of Belgium, Of the orphans they had to bear, Do you want the same thing to happen To your innocent daughter-so far?

You can thank God the Stars in Old Glory, Are not barred with that kind of stain.

Because there are ten million Roughnecks, Who have red blood in their veins. They go to drill in bad weather, Come in with a grin on his face, While your darling sits in the parlor, And lets another man fight in his place. Maybe he do smoke and gamble, But we fight as our fore fathers did, So go warn the milk for his bottle, Thank God we don't need your kid.

CLAUDE FREDERICK

BROMO

Farmers are very busy in this part some are done plowing for corn, some are sowing oats. There is a larger acreage being sown in oats than has been for several years. C. W. Chandler visited his father, Uncle Ted Chandler Saturday and Sunday. A. J. Owens and family visited Jack Norton Sunday. Charley Chaudler has moved back to Bromo. We are glad to have him with us. G. W. Marler sold a car load of fertilizer last week. T. B. Dillingham, the Spiro merchant, was here last Saturday buying eggs and chickens. Mrs. Nannie Chasteon sold him bin one case of eggs and fifteen hens for which she received \$27. A. J. McMullins was at Mt. Vernon last Thursday on business. Clasper Owens is at home for a while. Chasteon was taken to Freedom to attend the funeral of the little daughter of D. G. Clark who had measles and pneumonia. J. B. Noe is feeding a nice lot of hogs for the market. A. J. Blanton is having a well drilled. Sherman Chasteon and family visited at the home of J. A. Brown Sunday. School has started at Freedom and is well attended.

Columbia GRAFONOLA

We would like to have you open a charge account

It is a convenience much appreciated by musical families who own Grafonolas and regularly buy Columbia records. A good many of our best customers first opened their charge accounts here with the purchase of a Columbia Grafonola, and we should be glad to have you do so. If you buy a Grafonola on convenient terms the amount due each month will simply be included in your bill. It is a sensible business-like arrangement and we are always glad to extend the courtesy to responsible people.

The price of any Columbia Grafonola is the same for cash or credit

Can you think of any investment that will pay you bigger dividends in pleasure and happiness than a Columbia Grafonola? We have Grafonolas priced from \$20. to \$215. Even the lowest priced Grafonola is artistically designed, handsomely finished, and gives you a clear, sweet tone of ample volume. We would like you to see the different models and play any records on any Grafonola. The charge account can be quickly arranged and any Grafonola delivered to your home at once.

Columbia Grafonola Price \$85.

LIVINGSTON

Mrs. S. C. Holland, who has been in bad health for some time has grown worse until now her mind has become unbalanced and at times she is wild and there is talk of having to send her to Lexington where we hope something can be done for her. This is a good family and they have the sympathy of the people of our town.—Judge Cam Mullins and Dr. A. G. Lovell, of Mt. Vernon, were here between trans Monday. We understand they were here in the interest of the smallpox situation and also in the interest of the new pike on which work will start in a few days.—Prof. Chandler, of Broadhead has resigned as principal of the graded school here and John Lair, of Mt. Vernon has accepted the position.—Misses Lydia Cook and Winnie Falls have returned from Somerset where they went to attend the funeral of their cousin, a daughter of Judge James Cook.—Mrs. W. C. Griffen returned from a visit with relatives at Berea. John Cockerel has returned from Paris after a few days visit with relatives and friends.—J. H. Walton, of the Klondyke, is some better at this writing.—O. H. Rice, R. L. Payne and others are working on the road from the end of the pike down through town. They are hauling rock and cinders, plowing and scraping. They have each furnished their share several days and they say in a few days it will be easy sailing in an auto down thru town.—J. H. Browning, who was once a citizen of our town but moved from here to Stanford and purchased a farm, has sold out there and his family are here this week visiting the family of D. B. Rambo and will go on to Ravensva where Mr. Browning has a position as wrecker foreman.—W. M. Griffin and daughter, Miss Celia, of West Plains, Mo., who for the past six months have been in Florida.—Mr. Griffin went there for his health. They visited relatives in Jacksonville, Corbin, Livingston, Pine Hill, Mt. Vernon and Broadhead and left for home the latter part of last week. Mr. Griffin was once a clerk of this county but went to Missouri several years ago. He was once County Judge of Ozark County, and is now a practicing attorney.—Atty. J. A. Owens, of Mt. Vernon, was here latter part of last week fishing. We haven't learned what success he had as we failed to see him on his return home.—Mrs. Sarah Hall has been visiting relatives at Pine Hill this week.—Mrs. V. C. Owens and children of Hazel Patch, are visiting relatives here this week.—Died. Mrs. Brant King last Saturday and was buried at Sand Hill Sunday. She had for some time ago and kept declining in health until the end came.—We understand that we have small pox just south and north of town but both bridges are kept guarded and there is no chance of the town folks catching it.—We understand there will be a bill introduced in the next session of Congress making 28 days constitute a month and 13 months constitute a year. The name of the months to read on this was January, February, Liberty, March and so on. The new month to be called Liberty. Now we like the method of changing hours, but this other change we can't say and as it is to come up before Congress, we will await their decision.—J. P. E. Drummond has sold a farm on Mt. Vernon to George Arnold. Price paid \$1,000.—Miss-Jaquette Griffin visited relatives at Mt. Vernon and Mareburg last week.—George Smith will move his family to Paris in the near future.—L. H. Davis has returned from the South looking much better.—Ed Colton has returned from France and he is looking fine.—J. M. Fourie has been painting his house. Now some will doubt this as he is blind, but we have

the proof at hand to prove that he has been painting on his house for several days and to do him justice, it cannot be but.—D. B. Rambo has been beautifying his property by giving it a new coat of paint.—Wm. Clark is now repairing his property the past week.—Judge Mahlon Summers, who has been quite sick for some time is better and now to be at his post again at the round house.—Mr. and Mrs. Thomas Jones motored to Mt. Vernon Sunday.—We understand that a new road can be employed to drain the pike up the river.—Judge Mullins, when here Monday, examined the county bridge to see if it would stand the test, as a great deal of the material to build the road will have to go over the bridge.—Mrs. S. C. Franklin, of Mt. Vernon, was here between trans Thursday enroute from Lexington, Ky. Winchester and Richmond where she had been visiting relatives.—We wish to say to all that are at school school.—Mrs. G. G. (the fountain head of the river) got busy and we can have a meeting that will be a happy day as those who have not seen each other for years can have an opportunity to catch hands again, and while many not seen the place for years since they wore in their teens, many will attend that have the silver threads among their hair, and we all can have an opportunity of visiting at the last remaining place of our dear school teacher, J. N. Brown. So every one get busy and make this a happy day. The day has not been set but will be some time in June.—Once again it is Spring. The sun is casting its warm beams upon the earth. Blossoms are bursting forth, casting their fragrant broadcast over the earth. The grass is making its appearance and in the near future old mother earth will be wearing a new dress, and even now you can hear on the distant hill side go and now as some old farmer is going to turn the earth and is following to old Dobbin. The birds have called the roll and now are singing their beautiful songs to one and all. The war is over and in a few days the peace treaty will be signed and at last but not least, the U. S. is the greatest place on earth any way. Mrs. C. A. Blanford and daughter, Miss Ella Mae have returned from Louisville after a few days visit with relatives.—Buck Howard will move his family in a few days to E. K. Division of the L. & N., as he has a job there.—Mrs. Oscar Argonbright has returned from Corbin after a few days visit in that city.—Summer has come and the autos have made their appearance. Well we guess it is better to have summer roads than no roads at all.—Squire W. D. Mullins informs us that he has the small pox situation under control as he has them guarded and the yellow flag is up. We see when the Squire is right, individually we are safe, as about 16 years ago we had a combat with this monster and came out victorious, but we are uneasy about the other fellow.

and Mrs. H. L. Tharp, at Junction City, last week.—Geo. S. Durham, of Mt. Vernon, was here Thursday last week.—Dermie has lots of friends here, and he is always a welcome visitor to our town.—Sam Maharg, and son, Ray Maharg, R. L. Smith and A. M. Hill, were in Lexington, Friday.—The trustees of the Broadhead Christian church have decided to remove the roof from the church building, and replace it with a new and different roof. The roofing that they mean to remove is almost new and is a very heavy galvanized metal, but on account of noise and the fact on it was never put on right why the trustees have decided to remove it. This roofing will be offered for sale and any one in need of a good metal roof and at a good price will do well to see this before buying elsewhere. There is about forty squares of it and it is as good as new.—Mr. and Mrs. G. A. Aldridge motored over from Lancaster, Sunday, and were the guests of Mr. and Mrs. W. C. Tate.—C. H. Frith was in Lexington and Winchester the first of the week on business.—O. A. Frith, who has a good position at Lynch, is at home for a few days.—Mrs. Byron Owens, who has been with her mother, Mrs. R. S. Martin, for several weeks, re-

turned to her home in Louisville, Thursday.—Miss Olydie Watson left Thursday for Louisville, where she will spend a few days, the guest of Mrs. Byron Owens, and from there she will go to Chicago to spend several weeks with her aunt, Mrs. Thos. Lamar, and will also visit relatives here before returning home.

CATARRH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a toxic disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials from W. J. Cheney & Co., Props., Toledo, Ohio. Write for particulars. Hall's Family Pills for constipation.

Children Cry FOR FLETCHER'S CASTORIA

By Twelve Bottles of PERUNA

Greatest Human Vitalizer

During the winter of 1897 I was afflicted with catarrh of the head and throat. I tried many doctors but failed to get any relief. I was advised to buy Peruna, and after using a few bottles I was cured. I have never since had any trouble of this kind. I feel that I owe my health to Peruna. I have never had any other medicine so good as a general tonic. It is the greatest human vitality.

I Was Entirely Cured

A Share

The Louisville Mansfield Lead and Zinc Company is capitalized at \$500,000—at \$1.00 a share, fully paid up and non-assessable. A very large part of this has already been subscribed—indeed, the company is fully organized and is already sinking the first shaft for the first mill on one of the four tracts (of 40 acres each) on which it holds the leases.

These holdings of the Louisville Mansfield Lead and Zinc Company are at Mansfield, Missouri, where the Mother Lode of the famous Ozark district comes nearest the surface. The 40-acre tract on which the sinking of the first shaft has already begun is immediately adjoining that of the Kentucky Mansfield Lead and Zinc Syndicate.

PERSONAL

W. H. Fish spent the week in Cincinnati buying goods.

Mrs. Rose McFerron Carne left this week for Florida.

Mrs. Jack Hysinger has been visiting friends in Danville and vicinity.

Mr. George Ceter is building a house for W. J. Sparks on the Evans farm.

Robert Davis is at home from Madison county. His uncle, McKinley Forbes, accompanied him.

Mrs. Bert Galtin and daughters, of Indiana, are guests at the home of Mrs. W. J. Sparks.

Mrs. C. C. Williams and Miss Ethel Abell were in Louisville several days during the week shopping.

Miss Anna Belle Stewart, of Langdon Memorial, left Wednesday for New York to be gone three weeks.

Mrs. Joe White, and son, W. L. White, of Williamsburg, were here last week to see her father, Mr. Barlow, who was very sick.

Prof. D. H. Lyons was here this week in response to a call from the Board of Trustees of the Graded School. He will be at the head of the graded school again next year.

Mr. and Mrs. Luther Mullins visited in Richmond from Wednesday until Saturday and returned by way of Lexington.

Mrs. Walter Mullins accompanied them home for a short visit.

Mr. and Mrs. R. A. Sparks, and Mrs. W. H. Fish drove here Lexington Sunday and on to Richmond where they spent the night and attended the burial Monday of Mr. Sparks' relative, Mr. Boggs, who was accidentally shot and killed while out fishing. Bentley Sparks who has a good position in a garage in Lexington, came home with them for a few days.

Mr. and Mrs. C. D. Sutton were in Louisville during the week to see Mrs. Sutton's brother, James Thompson, who is just back from France. James is feeling fairly good and looks well, but the result of being gassed twice, he will have to undergo a slight operation. He expects to be able to come home in two or three weeks, if not discharged on a furlough.

LOCAL

Read Dr. M. K. Pennington's announcement elsewhere in this issue.

Jailer Wade LeVay has moved to the residence of Mrs. Mary Williams in order that the jail residence may be put in condition for the convict camp, which will be established here May 1st.

After ten days in darkness Mt. Vernon will again have lights to night. People will cuss the lights, but when the plant goes dead, there is no let up in the questions asked about where the lights will be on again.

CHICKENS

By ordinance of the Board of Trustees, all chickens within the corporate limits must be confined in some way. This ordinance became effective April 1st. If you have chickens running at large, put them up at once.

P. D. WARD

Citizens of Mt. Vernon very plainly heard and felt the shock Tuesday, which so far has not been explained by anyone. Whether it was a falling meteor, earth quake or some solid German airplane passing over, we can not say. We know that it was a terrific disturbance either above or below.

Get it at Fish's and you know it is right.

Dr. M. K. Pennington, the London dentist will be at the Rockcastle hotel next Monday, April 14, for one week only.

Olell Cottogin, age 46, of Pine Hill, died from tuberculosis last week. He was a son of the late C. Cottogin. He leaves a wife and child, a mother, several brothers and sisters to mourn his death.

Other harper and Miss Grace Frederick were married at the home of the bride in Pineville last week. The bride is a daughter of Geo. Frederick Jr., and the groom is a son of D. M. Harper of this place.

Word was received here this week that A. W. Stewart had sold his splendid farm near Paint Lick for \$225 an acre and that he would move to Florida. We can not confirm the report, yet we do know that he has had the Florida fever for some time.

HELMET AND GAS MASK

ARRIVE FROM RUSSIA By today's mail arrived a German helmet and a gas mask from Wellhausen, Prussia, addressed to the Boone Way Man, from his friend, Will P. Caldwell, who is division engineer of the state highway department in 1919, with headquarters in Winchester - Winchester Democrat, April 8th.

Our teachers are working hard and are tired. They are not sure whether their work is appreciated or not unless they have some intimation to the effect from the parents of the schools. Parents should make it a point to visit at least the rooms in which they have children. Kindly visits from parents have an inspiring influence both for teacher and pupils and if the visits be accompanied by an occasional word of encouragement so much the better.

G. D. Smith, horticulturist at the State Normal, writes to the effect the recent freeze had on the fruit crop, as follows:

"We have examined a large number of trees of all kinds and find the apples, cherries and most of the peaches in fine condition. Some of the pears that were in bloom last week were ruined and some of the early plums of the Japanese variety were killed. The grapes were not hurt and it looks like there will be a big fruit crop of all kinds this season."

STOCK PENS

The Rockcastle Stock Pens are ready to receive stock from the county and the first sale which will be held April 21st, should and we believe will be made a howling success. Now, Mr. Farmer, these pens mean more to you than any other perk for the local support given. It is for a worthy cause and we do not believe there can be any nobler act than to help suffering humanity, no matter where it is. The campaign closes tomorrow and after that date no further contributions will be accepted by the committee.

THE WORLD WATCHES

Only a century ago it took a fortnight for news to travel half way across the United States. Things happening in Washington one week were known all over this section the week following. Public opinion formed slowly.

And the nations of the world were months apart. They kept no such close tab on each other's doings.

It's vastly different today. Overnight the cables flash round the world it's every important development. We read this morning what happened last night in Paris, in Tokyo, in Cape Town. And there they know what we are doing here.

And every minute, right now, the eyes of the world are upon us.

For the world has seen what America can do, what she has done. Knows that but for America's energetic, throwing in to the war her preponderant strength and aggressiveness the war might have been over now with Germany triumphant. Gives America full credit for all that she did to put an end to Prussianism and all it meant to the world at large. Recognizes America as the champion of liberty.

TO THOSE INTERESTED IN THE TOBACCO INDUSTRY

At a meeting called in Lexington, Ky., March, 28th, of this year, a tentative organization of the loose leaf tobacco warehouses of this Commonwealth was formed, and in order that not only those who are associated or connected with the loose leaf tobacco warehouses, but all those who are interested in the planting and growing of the 1919 crop may be heard, relative to this organization, a meeting will be held in the Board of Trade Building, Third and Main Streets, Louisville, Ky., at One o'clock p. m., Saturday, April 12th, 1919, and to which every farmer who contemplates growing tobacco this year and every one who is directly or indirectly interested in the loose leaf warehouses of this state, or directly or indirectly interested in the tobacco industry, is most earnestly and cordially invited, to attend this very important meeting, and join in the discussion as to the necessary course of procedure to prevent the planting of the contemplated acreage of tobacco in Kentucky this year, which if carried out as contemplated, will undoubtedly result disastrously to those so engaged.

Mat S. Coyle, Commissioner of Agriculture.

If you need dental work, see Dr. M. K. Pennington at the Rockcastle hotel next week.

FOR SALE—One team, wagon and harness. Will sell all together, separate or any way purchaser desires to buy. Phone No. 2-8.

R. L. LANGFORD.

Apr. 11-31.

CHAMBERLAIN'S COUGH REMEDY

The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakelock, Denton, Ill., writes, "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for colds and have taken it myself."

Armenian Show ... 8.65

Total ... \$ 509.69

The committee is very thankful for the loyal support given. It is for a worthy cause and we do not believe there can be any nobler act than to help suffering humanity, no matter where it is. The campaign closes tomorrow and after that date no further contributions will be accepted by the committee.

Life Was a Misery

From F. M. Jones, of Palmer, Okla. writes: "From the time I entered into womanhood I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. Nothing seemed to help me until, one day, I decided to

TAKE CARDUI

The Woman's Tonic

"I took four bottles, Mrs. Jones goes on to say, 'and was not only greatly relieved, but can truthfully say that I have no pain.'"

"I had now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl who is suffering from a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

If you know as much as we do about the Quality and Value of

Fish's Special Clothes

You'd come to us On the Run

Some people hold back when it comes to a question of buying specially made clothes—they think because they are SPECIALLY made they must of necessity be high in price.

Nothing of The Kind

Look around anywhere and see the prices asked for any sort of decent clothes—then see what we charge you here.

You'll Be Surprised

THE CASH STORE — BETWEEN THE BANKS

But expects her to finish in the same enthusiastic manner that she began.

The nations abroad never held America in greater esteem than they do today. Never gave her such excellent places, such respectful consideration in their councils. Never accepted her at face value.

Now that we have arrived in the good spirit of the world we want to stay.

And we can do it only by finishing rightly, by putting this Victory Liberty Loan over the top in true American fashion.

By enabling Uncle Sam to do the things he wants to do, the things he must do. Paying his debts, revitalizing industry, fostering prosperity, bringing back and rehabilitating the boys over there, keeping his army of occupation in up-to-the-minute fettle, paving the way for a prosperous peace.

The world at large expects us to do this by the fast-track.

Knows we can do it. Will accept no explanation for failure. And it's up to us, individually, to maintain Uncle Sam's proud position.

DRUMMOND'S CASH GROCERY STORE

3 lb. cans Tomatoes 13c

THE NEWSPAPERS.

The newspaper is today the most potent element in civilization. Its influence is practically unlimited. It reaches every class of people. It penetrates to every hut and hovels on the farthest confines of human society. The schools have an influence and gather the children at the high and low. But after schools are outgrown, teachers forgotten, and boys' mouths and dusky, the newspaper is still a constant companion.

No public speaker, be he preacher or a political orator, can draw an audience of one tenth that which greets the average newspaper of today, and thus the tone of the press becomes a matter of vital importance to the welfare of the community. The influence is widespread and is also lasting. Therefore, we say, "Only the contents of the paper you are taking and left contents that which tends to lower the scale of morality and humanity and not to the degradation of that which is good and right, better all are you far without it."

We Carry a Full Line of GROCERIES

Including MEAT, LARD, Coffee, Sugar, Canned Goods, Fresh Fruits and Vegetables, MEAL & FLOUR and in fact everything that is kept in an up-to-date grocery.
