State Board of Health of Kentucky

How To Prevent Influenza and Pneumonia

TO THE PEOPLE OF KENTUCKY: During the months of January, February and March last the fevers in Kentucky were caused by influenza and pneumonia. Fourteen thousand Kentuckians died from these diseases during 1918. Definite experience in Kentucky indicates that deaths from these causes are preventable, and this appeal is written for the purpose of preventing local epidemics which promise to be as fatal in many instances as last year. This statement is not issued to alarm the people but merely to call their attention to a serious state of facts and the remedy for them.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

TAKE CARDUI The Woman's Tonic

You may rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. I was taken sick, seemed to be dying. I was told to take what Mrs. Mary E. Veale, of Madison Heights, Va., writes: "I got Cardui, could hardly walk... just staggered around. I read of Cardui, and after taking one bottle, and before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when my nerves are a little shaky, and I commenced eating. It is the best tonic I ever saw." Try Cardui!

Mr. Wheeler Clark, of the Langford section died of influenza Tuesday and was buried near the home. She leaves a husband and several children, none of them now down with this disease.

Rev. James Barque will preach at the locust grove near No. 1, tunnel on J. B. Levisay's farm the third Sunday in May at 2:30 p. m. instead of at No. 2 tunnel and 11 o'clock as stated in last week's Signal.

The Whippet tank is billed to reach Mt. Vernon, Tuesday April 23. The engine is not named but it will be a sight that will want to see. Look out for steamers announcing hour of arrival.

Mt. Vernon is certainly in need of some residences - There is not an available house, room or suite of rooms upstairs or down stairs in the town, where a family could live and to our knowledge there is calls for a half-dozen or more houses. Some of those who own lots in Hartman & Lewis addition should get busy and erect some residences.

IN MEMORY OF OUR DEAR GIRL

Martha Virginia McDowell, was born January 26, 1883 in Jackson County, Kentucky. At about the age of 13 years she joined the Methodist church. She lived a true christian life until her death in March, 1919. She was married to Carter McDowell at the age of 21 years. They lived a happy life for nine years and a half. To them was born a boy, the oldest 8 years old; the second 6; the third 3; the fourth 2 months. She leaves a father and mother, brothers and one sister, a devoted husband and children to mourn her death. On the 24th day of January 1919, she had a sudden attack of appendicitis and was operated on, which she could not overcome. God saw it to call her from us to that great realm where there will be no separation, where tears are all wiped away from our eyes. She said she had no tears. She passed away just a few minutes before she passed away. "His grace is sufficient for me." She asked, she if she could sing "There's A Land that is Fairer Than Day; And by faith I can see it afar; And the Father waits over the way; To prepare us a

dwellin' place there. In the sweet by and by we shall meet on that beautiful shore. The other was Glory, Glory, Halleujah. Her faith was so bright, but she said she was so weak she could not sing any more and in a few minutes passed away. She told the doctor at several times that if it was the Lord's will, that she should go, she was ready. A precious one from us has gone: A voice we loved is still. A place is vacant in our home, Which never can be filled. God in his wisdom has recalled, The boon his love had given, And though the body lingers here, The soul is safe in Heaven. Father, S. S. Daley.

Big Crowd Sees Trophy Train

War time enthusiasm stirred people of Mt. Vernon and Rockcastle county to new deeds of patriotism last Monday when the train bearing Yankee trophies of battle came here under escort of veteran overseas soldiers and sailors.

Hundreds of country folks poured into town on horseback, on foot and in automobiles and the crowds of town people made the occasion a gala day for Mt. Vernon. It was the opening day of the Fifth Liberty Loan drive.

Speakers of national renown accompanied the train, which was brought here under the direction of the district Liberty Loan Committee of Cleveland, Ohio, and addressed the people along patriotic lines at the Opera house.

Following the speakers motion pictures of allied preparation for war and of scenes in various areas of France and Belgium were shown. The films were taken under the direction of American army commanders for the purpose of bringing to the people of America a broader knowledge of conditions in the war area. The pictures, which were declared by local persons to be by far the most interesting ever viewed, were received with much applause by the audience that crowded the opera house to overflowing.

The principal speaker, accompanied the trophy train, was Judge T. B. Galloway, of Columbus, Ohio, who was for thirteen months in France attending American soldiers. Under the auspices of the Y. M. C. A. Stories of incidents on the battle field were told by the Judge who addressed the people concerning practical as well as patriotic reasons for the last loan.

"The great expenditure of American treasury," he said "in completing the vast organization for winning the war brought Germany to her knees two years before the time set by the most optimistic optimists. We have paid for in gold what a lesser program of expenditure would have caused us to pay for with lives; therefore this loan should be a loan of thanksgiving and faith."

The train was said to have been carrying the most complete line of American trophies ever assembled in the United States. Every device, from the smallest hand grenade to the famous "Big Bertha" field howitzer that the German army used in its vain attempt to stop the onslaughts of the Yankees were shown. Field artillery that had been hit by the ever increasing accuracy of the American gunners and hand grenades that had been thrown into trenches occupied by American troops were shown together with great bombs that had been dropped on defenseless hospitals. Barbed wire, fiercely fought over at Verdun, machine guns to which peasant men and women of Belgium had been chained, sea mines and great naval guns, shells, the size of which astounded the onlooker were viewed by local people and caused them to renew their pledges to "finish the job."

Wilbur L. Bacon, a first sergeant of artillery, who saw more than two months of battle in France declared if the American people had a complete knowledge of the conditions under which the American soldiers fought and lived in France, no pleading or blinking would be necessary to raise the loan. He was returned to America to speak in behalf of the loan and he said his message from the thousands of boys still "over there" was that the time when they could form a bulwark with their bodies against the enemy had passed, that their part had been well done and they were now looking

toward those who sent them over to continue the defense of American ideals with treasure. His message was well received by the people.

William E. Cronin, who was returned for the same purpose explained the operation of the hoche machines on exhibition. He fought in France with a battery of French 75's which is reputed as being the most perfect piece of artillery in the world. He said that in every great crisis of the war the tide of battle had been changed by the extensive use of that weapon by the allies.

The train was in charge of Mr. James Miskel, of Cleveland, Ohio who was an officer in the American aviation branch. The train left here shortly after 10 o'clock.

LIVINGSTON

Mrs. Matilda Woodall, of London, visited relatives here last week. — Mr. and Mrs. B. H. Griffin, of the "Buckeye Section, were here Saturday and Sunday. Judge Malton Summers, who has been on the staff of the U. S. Supreme Court, is in town and is visiting in Jackson county, the scenes of his childhood days. — Allen Monroe, who has been quite sick for some time, is slightly improved. — Mrs. J. M. Poore is quite sick at this writing. — S. C. Franklin, of Mt. Vernon, has returned from a few days' visit with relatives at Mt. Vernon. — E. C. Hard has purchased a large stock of shoes. — Mrs. Angelina Fallo, of Lebanon Junction, is visiting friends here this week. — S. C. Franklin, of Mt. Vernon, was here between trains Monday en route to London. — Died, Saturday, at Richmond, Mo., J. M. Baker. He had been a sufferer of bright's disease for some time. He leaves several children. We believe if ever there was a Christian he was one. He was laid to rest at the family burying ground on Sunday. — The two children of Mr. and Mrs. Arch Mullins that have had fever are much better.

Quite a delegation of Mt. Vernon folks were here between trains, Monday, and were here while the trophy train was here. We would like to give names, but were so busy we failed to get them, but extend them an invitation to come again. — Stephen Carson, of Jellico, Tenn., was here Saturday on business. — Mrs. R. G. Webb has purchased the property on Main street, of Mrs. W. G. Niecey, known as the J. W. Baker property; price not learned. Dr. Webb will erect a garage on the lot to accommodate automobiles traveling over the Dixie Highway, as the completion of the road is a certainty now. The title of Mr. and Mrs. David Smith is very sick at this time. — Wonder what is the attraction of Mt. Vernon. Ask Mac Martin. — Mr. and Mrs. J. T. O'Mary have returned from Millersburg, where they went to see their son, Egbert, who is in college at that place. — J. Baker, a prominent farmer of the Seages Creek section, was here Saturday. — Mrs. W. E. Galtin and son, John Williams, are visiting. Mrs. Collins' mother, Mrs. W. G. Niecey. — R. G. Moore has resigned as signal maintainer here, and Wm. Odell has taken the place.

Miss Hazel Griffin is visiting relatives at Mt. Vernon this week. — There was the largest crowd gathered here Monday that was ever assembled here before in years to see the Trophy train and view the instruments of death that our boys went up against. We believe Livingston will go over the top as we could not do otherwise and do our duty as buying the bonds is a good investment. But the best of all it is a patriotic duty and what it takes to be patriotic the citizens of Livingston have it. Any one to take a look at the German outfit and see what our boys had to face is enough to make the red blood in any American boil. Let's finish the job and for ever put the Hellish Hun where he never can be a trouble maker any more. Buy Bonds. — Neal Parrott, of Mt. Vernon, visited her daughter, Mrs. Wm. Langford Saturday. — Mrs. J. H. Wal-

ton is visiting her daughter, Mrs. J. E. Mann at Paris. Judge Cam Mullins, Atty. C. C. Williams, Atty L. W. Bethuram and Atty J. A. Owens; of Mt. Vernon, were here between trains. Wednesday. — Deputy Sheriff W. G. Niecey arrested a man here Wednesday by name of Hurley from Laurel county charged with larceny and took him to London.

COUNCIL OF NATIONAL DEFENCE

"I'm Thru-ezza" Germ Is Latent Affliction. With the cessation of hostilities, a new epidemic has appeared. It is known as the "I'm Thru-ezza" and very peculiarly ravages are confined to war workers only.

The initial symptom is a sense of lassitude—a feeling of "What's the use? It's all over. Why should I do war work?"

Steps are being taken to isolate the germ—also those who are carrying it. Those who are widespread, nevertheless, it advances must be stemmed.

"Cold Feet" is a marked symptom. Another indication of the presence of the germ is forgetfulness (that the boys are still over there). The victim as a rule cannot concentrate the mind (on war work). The sight becomes impaired (can't see solicitors for war relief funds). The ears are affected (can't hear the appeals of the world for food).

Heart doesn't beat as it used to, and in advance stage that organ seems turned to stone. — A vaccine consisting of equal parts of tincture of I-won't quit and good American spirits, a dash of patriotism and a pack of pep is effective.

Army Tents

We have just bought, at Government Auction, a large number of army tents, both like picture, 3 ft. roll up sides, double door flaps. Will hold eight cows; some are larger. — Prompt buyers can have choice of khaki or white. Address quick.
