

STOMACH TROUBLE

Mr. Martin Helcomb of Nancy, Ky., says: "For a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. It was my first real trouble of its kind. I had used pills and tablets, but after a course of these, I would be completely cured. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEBROD'S

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best stomach medicine made. I do not have a headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its regular work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Acts quickly and safely. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. LOSS OF APPETITE

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

LIVINGSTON

J. T. O'Mary has sold his property on Main Street to John Cook. Price paid \$500. Mr. O'Mary will move his family to Louisville. D. B. Rambo is visiting relatives at Stanford for a few days. Mrs. Georgia McClure has returned from Crab Orchard. She will teach school at Preachersville this year. Dr. Charley Sowder, of Indianapolis, Ind., has returned home after a visit with his aunt Mrs. Sue Mullins and other relatives. He has just landed from over seas. Harvey Owens, of the Spiro neighborhood, was here between trains Monday. The reunion at Level Green is over and these that missed it, missed a great time. One of the finest dinners that was ever set before a gathering was spread by the good people of old Level Green, who know how to give a party. We met lots of people we had not seen for years and there were some absent whom we learned had crossed over the river. We guess our next reunion will be over yonder, where our devoted teacher and part of the school have gone. S. E. Pennington and daughter, Mrs. Cleo Griffin, were down from London Wednesday. Mrs. Mattie Smith, of Winchester, was here between trains on her way to Brodhead to visit her mother, Mrs. James Owens. Bernard Franklin passed through in his car he purchased in Mt. Vernon a few days ago en route to Lexington a few days ago, when he happened to see the speed limit

where he had been to visit his grandmother. Prohibition is a certainty and Woman Suffrage will be also. They claim that the next step will be to cut tobacco out. One thing we want to see is coffee and chewing gum and then we don't care how far they go. Miss Ella Mae Blanford, of Louisville, is with home folks. Mr. and Mrs. Hugh Stewart of Cincinnati, who have been visiting relatives here, have returned home. Livingston went over the top in the drive for the Salvation Army. We learn that it greatly exceeded its quota. As we have said before, when counting up the good, kind and generous folks of earth, always count Livingston in the bunch. The missed it boy of Mr. and Mrs. E. B. Owens has been quite sick but is better at present. J. M. Foure and granddaughter, have returned from Knoxville, Tenn. J. P. Drummond, of Knoxville, Tenn., is in Livingston this week. Mr. and Mrs. R. M. Fargman, of London, Ky., have been visiting Mr. and Mrs. Andy Kincaid. Swannie Price, of Level Green, is visiting his brother, Victor Price, and sister, Mrs. Fred Mullins. We passed through our old friend's territory on our way to Level Green. We would have been glad to have met the Brodhead scribb, but it seemed fate had decreed otherwise. W. M. (Marty) Hicks was coming home Bernard Franklin passed through in his car he purchased in Mt. Vernon a few days ago, when he happened to see the speed limit

sign which read, 15 miles per hour. Mart looked at his machine and then at the road and finally exclaimed: "Well, I don't know whether I can make it or not, but I am going to try it." Mrs. George Smith has been with her mother, at Corbin, a few days this week. G. D. Cook has returned from Somerset after a few days visit with his brother, Atty. James Cook. One morning last week our friend, O. L. Black, put on his Sunday clothes and went into the stable where his mules were. One of them thought a stranger had entered his stall, therefore he began using his heels. Black retreated from his place of danger the first opportunity and left. Black says he always attended to the mules in his work clothes and that they did not know who he was, as they had never bothered him before. Miss Lillian Kathleen Hansel and little brother, Ralph, are visiting relatives in Mt. Vernon this week. J. W. Baker, Jr. was in Richmond latter part of last week on business. Mrs. W. H. Krueger of Mt. Vernon, was here Tuesday. Mrs. J. W. Higgins has returned home after a few days visit with relatives at Mt. Vernon. L. H. Rice was in Louisville latter part of last week. Blackberries, of which

there is a promise of a large crop, started off at 40c per gallon. C. A. Blanford and E. B. Owens motored to Stanford Wednesday.

Lincoln County Land at

AUCTION

Wednesday, July 16th
10 O'CLOCK

I will sell to the highest bidder the first class and highly productive farm of S. B. Sanders and W. S. Carrier, on the Rush Branch pike, near Hubble, 5 miles from Stanford, 6 miles from Lancaster, 7 miles from Danville.

The best location ever. Accessible to three markets. Farmers in this neighborhood always get a better price for stock and farm products by reason of the competition of buyers from three county seats. Make inquiry of these farmers and you will find this is true.

The land is very fertile, level and rolling, large frontage on pike. Will be subdivided and "SOLD" in several tracts, from 25 to 100 acres in each tract. Look it over before day of sale and we will "bunch" two or more tracts if you want to buy it that way.

Main dwelling, 5 rooms, porches, etc., one 3 room tenant house, one 5 room tenant house, 2 stock barns, 3 new tobacco barns.

- 35 acres in corn, 20 acres in tobacco,
- 40 acres in wheat stubble, 10 acres rye and grass,
- 20 acres orchard grass and clover, 110 acres Blue Grass.
- Everlasting Water.

See this farm before you buy. In the BEST neighborhood in Kentucky. Close to school and churches. Most centrally located. Sale made to dissolve partnership.

What is the use of further description? "My goods are on the counter." Look them over. Attend this sale and get one of the bargains in land. This will be a money maker for some one.

Possession January 1, 1920. Easy Terms.

MEMBER OF THE 17th SENATORIAL DISTRICT, subject to the action of the Republican party at its primary election on August 2, 1919.

ANNOUNCEMENTS

As a candidate for Representative from the Seventieth Legislative District, composed of Rockcastle and Laurel counties, subject to the action of the Republican party at its primary election on August 2, 1919.

THE ATTORNEY GENERAL'S SHIP NOMINATION.

Judge Frank E. Daugherty, of Bardonia, and Ryland C. Musick, of Jackson, in the 9th Congressional District, are the competing candidates for the Democratic nomination for Attorney General. Which one should the Democrats nominate?

Daugherty lives in the 4th Congressional District and spends a great deal of his time in the city of Louisville. Musick is residing in Scott County, but lives now, and has for years, in Jackson, Breathitt County. He is well known in Central and Northern Kentucky. He is a sober and industrious man. He is a clean, upright man and recognized as a good lawyer. He is aggressive and believes thoroughly in a better and more enlightened and progressive Kentucky.

But what of Judge Daugherty? He was once Commonwealth Attorney of the 10th Judicial District. His nomination for that office was very doubtful and in 1915, his opponent whom he had defeated for the nomination in 1910, came back and won over Daugherty for the nomination for the same office. By reason of these two fights and for other reasons not necessary to mention here, Daugherty is looked upon as not a very strong candidate in his own territory.

But there is another reason why Daugherty should not be nominated and one that every Democrat who loves his State and his Party should carefully consider. Eli Brown is Judge Daugherty's sponsor and champion. The moment Eli Brown heard of any worthy, honest and capable Democrat being urged to run for Attorney General, he would immediately set himself about with every means at his command to stop such a movement. He would not only use messengers but letters and telegrams in his efforts to keep them out of the race. Brown claimed that Daugherty has already organized the State with his assistance and that no one has a chance to defeat him, that certain powerful influences are behind Daugherty, which spells victory.

Such methods have been adopted and used by Eli Brown on men who were not even seriously thinking of running for the nomination but whom Brown had heard mentioned for the place. He even attempted to prevent Ryland Musick from running as he owned on a discouraged the entry of others against Daugherty. Brown was determined, if possible, that Daugherty should have no opposition. Why should the bosom friend and rich beneficiary of Stanley's administration champion Daugherty's campaign? Is he to be appointed special counsel in a court cases like he was in the now famous Harkness tax case in the City of Lexington?

For is the Signal under the slightest obligation to either of them? We are asking nothing of their hands and have endeavored to seek the truth only. That it might be known to all men what the Signal wants and all it is striving for is to see the Democrats select the strongest ticket obtainable and then to behold it with a grin and a post that will mean election in November.

Looking only to this end, we appeal to the Democrats to think soberly, coolly, prayerfully, and then act wisely. The Democrats of the State will select their own nominees. They will march to the polls on the second of August and proclaim their individual choice. In that election, the Democratic ticket at Rockcastle gives the same voice as the richest man in Louisville, Covington or Lexington. It will be ticket selection by the people that will represent and serve the people. Yes, more, if the Democrats act wisely in the August Primary, it will mean the election of the ticket desired in November.

"Meats in Storage" Every working day of the year 75,000,000 pounds of meat are required to supply the home and export markets—a total of 100,000,000 pounds of this is exported. Meats in storage consist of— 65 per cent (beef and veal), bacon, etc., in gross weight. It takes 30 to 50 days in pickle or salt to complete the process. 10 per cent is frozen pork that is to be cured later in the year. 6 per cent is lamb. This is only four-fifths of a pound per capita, and much of it will have to go to supply Europe's needs. 19 per cent is frozen beef and lamb, part of which is owned by the Government and is intended chiefly for overseas shipment. If this were all diverted to domestic trade channels, it would be only 1 1/2 lbs. per capita—a 3 days' supply. 100%

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

Old John Barleycorn saw his finish at midnight Monday, President Wilson deciding that he had no legal power to lift the war time prohibition, the act specifying that it must continue till the demobilization of the army and not on the signing of peace. Congress did not accept his proposition to lift the ban on wines and beer, so the country is now as dry as the desert of Sahara. Mr. Wilson added in his statement that when the demobilization is complete, his power to act without congressional action will be exercised. But with more than a million soldiers still in Europe and judging by the slowness of their discharge, the demobilization will not be complete before prohibition takes effect in January, 1920. C. C. Washington, June 30 - The Department of Justice is understood to have decided that sale of light wines and beer shall not be interfered with under the wartime prohibition law.

Instructions went forward today to District Attorneys in the Department of Justice in enforcement of the law which becomes effective at midnight.

In permitting saloons to remain open for the sale of 2-3-4 cent beverages, the Department of Justice is understood not to forego the privilege of prosecution later, if its contention that 2-3-4 cent beer is intoxicating is upheld. In short, the question merely is held in abeyance until a final decision is reached in the test cases. The Supreme Court cannot pass on the question before October.

Laws for enforcement of both war-time and constitutional prohibition were favorably reported to the House late today by the Judiciary Committee. They do not contain more than one half of one per cent of alcohol.

Consideration of the measure is not to begin until after the Independence day holidays, but prohibition leaders expect them

to go through without unusual delay and they say their enactment will serve to make illegal the sale of light wines and 2-3-4 per cent beer, at least until the President declares demobilization complete.

The indications are that the Farmers' Community Meeting to be conducted here on the 14th, 15th and 16th will be a success, not only from the fact of it being a good meeting, but also from a large attendance. There is a general interest in this meeting and to hear people from all sections of the county saying they expect to attend. There are very few farmers in the county who would not appreciate receiving one of these Duroc pigs, and in addition to these prizes, we have some other very valuable ones to offer. Those who attend the meeting sessions, such as three months subscription to daily papers, yearly subscriptions to farm papers and local weekly papers. It will be worth while to attend these meetings.
