### NOTICE

There will be a meeting of the Mt. Vernon Fair Association at the Fair grounds on Saturday July 20th for the purpose of cleaning up the grounds and getting it in shape for the big days of the fair, Aug. 13-14-15.

Now please let every stock holder remember the name and come in and help. Don't forget the date Saturday July 26, 1919.

Livingston people always do the right thing and that fact has again been demonstrated through the Salvation Army drive which has just closed.

Livingston was asked for \$150 and they came forward with \$175.95. N. H. Oliver was chairman of the drive in that town and deserves special mention for the interest manifested and the admirable way in which his campaign was handled and the successful finish.

Master Jack Crawford celebrated his fourteenth birthday last Friday, with a picnic for his friends at Signon's cave.

The parents and a few friends joined the party, and in all there were more than fifty. Each family took a basket and believe us those baskets were well filled.

It was a most pleasant outing and when the parting time came, we believe the groups were as proud of the fact that Jack had had a birthday as were the younger set.

The Hottentots, is the title of the play presented at Graded school building Wednesday evening. They play was written by John Lair, a Rockcastle boy presented by local talent.

No play has ever been presented by home people has been more thoroughly enjoyed and appreciated than was the Hottentots. The author took leading part who kept the crowd in laughter from start to finish. The chapel of the graded school was filled to its capacity and but few lost the opportunity to express, not only to Mr. Lair but to the other boys and girls, albeit whom did well his or her part. Their appreciation of the splendid efforts. The play will possibly be presented at other points before summer is over.

RULES GOVERNING CONTEST

Every person who enters the contest must reside in Rockcastle County and outside of an incorporated town and be over twelve years of age. They must be on hand and receive a ticket at the tent where said meeting is to be held, not later than 3:00 p.m., on the above dates, and must be present at the drawing which will take place, at the close of each afternoon session at 5:00 p.m.

If the one holding a ticket does not appear with same in five minutes after the number is drawn, another number will be drawn which will entitle the person holding the corresponding number drawn last to the prize. No one person will be eligible to receive more than one prize during the meeting.

Every person qualified to enter this contest can receive at the door of the tent a ticket with a number on it corresponding to a number that will be placed in a box, and when the time arrives for drawing the numbers in the box will be thoroughly stirred, and a person who has been blindfolded will pick one number from the box. When this number has been called by the judges, the person eligible to receive the prize presenting the ticket with the corresponding number will be entitled to the prize.

### Teachers' Institute

The teachers of Rockcastle nearly one hundred strong have had full sway in Mt. Vernon this week. The 1919 session of the annual teachers institute has, in many particulars been one of the most interesting, instructive and inspiring meetings ever held in the county. Prof. Joe Ireland has been the instructor and search the state from end to end and we do not believe a better man for the place can be found. He is a real educator and knows the needs of the country teacher. One noticeable fact this year, is that there are but few new teachers. The large majority are young ladies. We have never had a more intelligent looking bunch of teachers assembled and we firmly believe that as a whole, Rockcastle has the best qualified lot of teachers we have ever had. Mrs. Alice Davis, Supt has done her best to make the institute both pleasant and profitable, which fact the teachers will know and appreciate the needs of the country teacher. The Committee on Resolutions were as follows and reported the following resolutions which were adopted.

Those entitled to enter the contest for the pig, to be given away at the Summer Development Meeting, Mt. Vernon, July 14, 15, and 16:

Any one over twelve years old living in Rockcastle county, and outside of an incorporated town who appears at the tent where this meeting is to be held, not later than 3 p.m. on either of the above days. The person is entitled to receive a ticket which will give him or her a chance to receive a prize that will be drawn for at 5 o'clock when the meeting will close. The pig will then and there be delivered to the one holding the lucky number. After the drawing for the pig on each day, there will be twelve additional numbers drawn out, which will entitle the holder of the corresponding number to a subscription to one of several newspapers which the editors have generously donated for this occasion.

CHATTANOOGA, TENNESSEE, July 4th, 1919.

Judge Cam Mullins, Mt. Vernon, Ky.

Dear Judge:

Instead of being discouraged over the difficulties which we encountered in getting through Rockcastle, Laurel and White Counties, Kentucky, on our recent inspection tour, we feel that we have every reason to look forward to the completion of the highway and to the opening of the eastern division, between Cincinnati and Knoxville for through travel, within a year from date.

With the continuance of the splendid spirit which your county has manifested in the past we have every confidence in your ability to overcome the obstacles which you have before you.

It is our desire to cooperate with you to the fullest extent and to that end we are going to ask that a strong committee be appointed in your county to take active charge of the Dixie Highway interests and to assist you in your efforts to open this important thoroughfare. Please either appoint this committee or have it organized at the earliest possible moment so that we can communicate with them direct.

With cordial best wishes we beg to remain,

Very truly yours,

V. D. L. ROBINSON, Sec'y.

Judge Mullins has appointed the following committee whose duty it shall be to keep in touch with and look after the interests of the Dixie Highway through Rockcastle county. The following is the committee: Dr. R. G. Webb, Livingston, L. W. Bebb, E. S. Albright, U. C. Davis, W. H. Fish, Dr. M. Pennington, Mt. Vernon, and H. H. Wood, of Wildie.

URGES "BETTER BABIES"

America has not lost millions of babies as have the nations abroad. But, even America does not value her babies as she should. Better babies in America would mean stronger men and women. Nothing can be of greater importance to any community than the care of the children when they are small.

The Farmers' Community Meeting at Mt. Vernon, held fortnightly in securing Dr. Frances Sage Bradley, one of the most noted women physicians in the world, to lecture on "Better Babies." Dr. Bradley is being sent her babies as a result of the Children's Bureau at Washington.

It is interesting to note that Dr. Bradley has lately returned to America from France where she had been at work for the government during the war. With her knowledge of the conditions of the children in France and other foreign countries, Dr. Bradley will be able to make a very strong plea for "Better Babies" in the United States.

**SUMMER COMPLAINT IN CHILDREN**

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover.  
Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for purpose."

Kind Words from a Red Head

The other afternoon a short red-headed fellow came into the store and said,

"Do you remember me?"

I looked him over a second. "Nope," I said, "don't believe I do."

"Well!" he said, "about two years ago I dropped in here just as you were closing up and bought a suit for \$22.50. A week or so later I fished what I thought was a dollar bill out of the pocket. Looking at it, I found it was a Clothcraft Guarantee."

"You know I kept that thing until a couple of days ago. Then I threw it away. I figured that any suit that lasted me that long, didn't need a guarantee."

Private Egbert Singleton's Charges

Against Y.M.C.A. Investigated

Coblenz, Germany, June 12th, 1919.

Editor, Mt. Vernon Signal, Mt. Vernon, Kentucky.

Dear Edgar:— A short time ago I received a copy of the Mt. Vernon Signal dated sometime the first of April. In it was published a letter from Egbert Singleton, Battery A, 12th Field Artillery, written from Rheinbrohl Germany, in which he used this language "The Y. M. C. A. has been entertaining the Army of Occupation with a little show and they thought they were doing us a favor and that was too good for us, so now they are charging us 4 marks for the first show and three marks for the third show. So you imagine how they love the fighting troops."

I knew if he had been charged it was a mistake on the part of somebody and ought to be corrected, and it had not been charged that it was unfair to the Y. and the people backing it to allow the charge to go unchallenged. The military authorities are always ready to make investigations of grievances which the soldiers have against any of the Welfare organizations, so our headquarters ask that this be investigated and I am enclosing you the results of the investigation,

tion, which includes a copy of the inquiry sent to Singleton's Company Commander, Singleton's statement in reply and a letter from Col. Von Holtzendorf, commanding the 12th F. A., requesting that Singleton's statement be published in the papers in which the original letter appeared. I have seen the originals of these statements, which are being kept on file by the Y. M. C. A., and think it only fair that the whole investigation should be published, with this letter of explanation. I have never known of the Y. M. C. A. in the A. E. F. charging one cent for entertainment and do not believe they have done so. Any soldiers having a complaint against any of the Welfare organizations, can have their grievance investigated by simply putting in writing and filing it with the military authority, or with the War Department and the people back home hear such statements as Singleton made or any other, it is a mighty good proposition to ask them why they have not done so and request them to do so at once. As you know C. B. Anderson and I are the only Y. M. C. A. men from our country in the foreign service. I am willing to accept any just criticism,

but will not tolerate any such unwarranted misstatement of facts. I know you will be glad to give this the same publicity as the original letter. I am getting along nicely and am coming home when the Germans sign this peace treaty, which I hope will be before you receive this letter. Your friend, E. R. GENTRY. HEADQUARTERS TWELFTH FIELD ARTILLERY AMERICAN EXPEditionary FORCES. Germany, June 3rd, 1919. From Adjutant 12th Field Artillery. To Commanding Officer, Battery A, 12th Field Artillery Subject: Investigation of letter of Private Egbert Singleton. 1 The Commanding Officer directs, that you have Private Singleton prepare a written statement to be forwarded to this office, explaining letter quoted in the enclosed newspaper clipping, reference to statement "The Y. M. C. A. has been entertaining and charge three marks, for their show". (Signed) Hugh B. Hester, Hugh B. Hester, Captain 12th Field Ar

Company Adjutant. BATTERY "A" 12th FIELD ARTILLERY AMERICAN A. E. F. GERMANY. From Private Egbert Singleton, Battery "A" 12th Field Artillery. To The Commanding Officer, 12th Field Artillery. Subject: The Y. M. C. A. has been entertaining and three marks for third show. 1. At the time of making this statement about the Y. M. C. A. charging admission to shows in Rheinbrohl, Germany, I was a prisoner in the Guard House at Rheinbrohl, Germany. 2. While in the Guard House I was told that the Y. M. C. A. was going to charge admission to their shows. 3. I was writing to my mother at the time and I made this statement in my letter before I had known that it was not true. 4. Since that time I have found that it was only a rumor and I have neglected to write home and correct my statement. 5. The Y. M. C. A. has never charged admission for any show (Continued on last page.)

230 ACRES Lincoln County Land at AUCTION Wednesday, July 16th 10 O'CLOCK I will sell to the highest bidder the first class and highly productive farms of S. B. Sanders and W. S. Carrier, on the Rush Branch pike, near Hubble, 5 miles from Stanford, 6 miles from Lancaster, 7 miles from Danville. The best location ever. Accessible to three markets. Make inquiry of these farmers and you will find this true. The land is very fertile, level and rolling, long frontage on pike. Will be subdivided and "SOLD" in several tracts from 25 to 100 acres in each tract. Look out before day of sale and we will "bunch" two or more tracts if you want to buy it that way. Main dwelling, 5 rooms, porches, etc., one 3 room tenant house, one 5 room tenant house, 2 stock barns, 3 new tobacco barns. 35 acres in corn, 20 acres in tobacco, 40 acres in wheat stubble, 10 acres rye and grass, 20 acres orchard grass and clover, 110 acres Blue Grass. Everlasting Water. See this farm before you buy. In the BEST neighborhood in Kentucky. Close to school and churches. Most centrally located. Sale made to dissolve partnership. What is the use of further description? "My goods are on the counter". Look them over. Attend this sale and get one of the bargains in land. This will be a money maker for some one. # 660 ACRES GOOD LIMESTONE LAND

AND

All Farming Implements and Live Stock

OF

## The J. W. SPARKS CO.

AT PUBLIC AUCTION

ON THE  
PREMISES

THURSDAY, JULY 24th, 1919

AT 10:30 A. M.  
SHARP

As agents of the W. J. Sparks Co, of Mount Vernon, Kentucky, we will sell for the High Dollar without reserve or by-bid their 660 acres of fine limestone land which has been subdivided into tracts from 15 acres on up to suit purchaser, also all their farming tools and live stock. This Company has decided to quit farming and this will be an Absolute Sale and some one will reap the harvest.

This property is located 2 miles East of Mt. Vernon, Ky., on the Dixie Highway and also lies on the L. & N. Railroad, a station being right on the place. The improvements consist of 23 houses, one of which is two story of six rooms, halls, porches, metal roof, etc. An extra large Barn, two-story, 50x72 concrete basement and several concrete troughs right in barn, piped from a splendid spring, any number of stalls and places to feed cattle the second story is 31 feet from floor to roof, several smaller barns. Large concrete Silo 45x16. This large Barn and Silo could not be put up to day for \$4,000.00 to say nothing of all the other buildings.

About 500 acres of this land cleared and in grass. There is about 50 acres in bottoms as good land as you can find anywhere. Several acres in Alfalfa. About 200 acres of this Farm will raise good Tobacco. This Farm is well fenced and no better watered farm anywhere. Any number of fine springs as ever came out of the earth and 7 or 8 good wells. This is an ideal Stock Farm and splendidly located. If this won't make you money, no place will. It is one of those Golden Opportunities in life to make a splendid investment and get big returns. The increased values in land like this will be much greater in the next few years than in any other lands on the market and a little arithmetic will show you that the dividends are much greater on the amount invested than you can possibly make on high priced land. This land is not selling for anything like its real worth. Don't have it said of you in the next few years when it has tripled and quadrupled in value. "If I had only known and bought some of that Sparks' land see what I would be worth to-day." Your population is increasing all the time, the earth is not stretching one bit and people have got to have homes. This Land is bound to increase in value. This is the land you ought to have at the price you ought to pay. The only difference between the rich and the poor is but one of investment. One judicious investment is equal to a lifetime of toil. This Farm is so subdivided that the man of small means will have the same chance as the man of larger means. When you buy one of these Farms you are not prospecting with your money. It is a safe investment with large dividends guaranteed. "On the great clock of time there is but one word—NOW." Nuff said. Attend this sale and ACT.

## Serious Trifles

Constipation. You thought at first it did not amount to much. You regarded it as just a "trifle"—paid no attention to it. Hitherto you woke up to the fact that the "trifle" had become "serious."

Perhaps you had a nervous breakdown, or narrowly escaped one. Or the doctors found High Blood Pressure, maybe Hardening of the Arteries (Arterio Sclerosis). Quite likely Rheumatic attacks. Whatever it was, more than likely, the one cause back of it all was Constipation.

Constipation is a Serious Trifle. Because it is so easy to neglect it, and the consequences are so serious.

Devonia, the American Medicinal Mineral Water, is "first aid" to bringing the bowels back to natural action.

It is not habit forming. The bowels do not come to depend upon it, as they do with pills, castor oil, etc., and the like. It loosens the retained food waste which has poisoned your system and removes it gently but thoroughly from the bowels. It gives a healthful stimulus to affected organs and assists them to perform their natural functions. In these ways, it restores health and prolongs life.

Devonia comes to you just as Mother Nature made it in her wonderful laboratory a thousand feet under ground. It is not concentrated, added to, or changed in any way. So potent are its virtues that a tablespoonful in a glass of water is usually a sufficient amount to take at one time.

One reason why Devonia is approved by physicians is that it is not a drastic cathartic.

It is to be had at almost every drug store.

SUGGESTION: You who are suffering from Constipation, even in a chronic form, should drink Devonia. If you want to know more about it, and why Constipation is so serious, send for our booklet "Serious Trifles." It tells you what physicians say about Constipation and its serious consequences. It is free.

### LOSS OF APPETITE.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

### SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

That is meanness!

It means that NEV/ thing in a cigarette, that does for your smoke-hungry exactly what a drink of cold water does for your thirst!

To satisfy, a cigarette must do more than please the taste—it must "touch the smoke-spot."

That's what Chesterfields do. They let you know you are smoking—the SATISFY.

And here's why—Chesterfields have body. The finer, silkier leaves of TURKISH have been properly blended with several varieties of the best DOMESTIC tobaccos, famous for their full-bodied flavor.

SATISFY is something that no cigarette, except Chesterfields, can give you—regardless of price. Because no cigarette maker can copy the Chesterfield blend.

**BOYS WILL SING.**

Singing, especially when the singing is done by fresh, young voices, has a universal appeal. The young men who comprise the University of Kentucky Quartette are not professional singers. They are merely college boys full of snap, pep and the buoyancy of youth. They will sing songs that are old and those that are new. They will also sing numbers of their own—college songs which are always dear to the boys in school.

Besides their work as a quartette, the boys will do some solo work. The leader will also strive to develop some strong singing by using the whole audience as a chorus with the quartette in singing patriotic songs. The

members of this organization should prove wonderfully attractive and give the audience just the right kind of relaxation after a great many talks.

**FILMS TELL HOW**

The motion pictures which will be used at the Farmers Community meetings at Mt. Vernon for three nights are very much out of the ordinary. They have been furnished by the U. S. Department of Roads, the American Red Cross and the State Board of Health to take the place of demonstrations.

In the Farmers Community Meetings held several years ago, it was necessary to use many demonstrators. Today, with the moving picture, it is possible to have perfect demonstrations of the finest character so that a whole audience may see the work done, quite easily. The camera man, who went to Warren County when strawberries were being picked and shipped, has produced a film which is a demonstration of efficiency in fruit growing and also another demonstration in cooperative meeting.

**IS WIDELY KNOWN.**

The American Red Cross has agreed to send Dr. S. E. Brewster, of Cleveland, to the Farmers Community Meeting to talk on the Red Cross Peace program which deals with the improving of health conditions in rural communities.

Dr. Brewster has been associated with the Red Cross for some months past, and is prepared to present the details of the Red Cross peace program in its complete form. He will explain the extensive public health program, the new plans for civilian relief work which include preparation for disaster relief and care of families of soldiers and sailors, and of rural relief work where no social agencies already exist, to better the conditions of the people.

Dr. Brewster has traveled widely on these continents before his affiliation with the Red Cross. An investigator of tropical fever conditions for John Hopkins University his years of dealing with people during his service in the ambulance found out the wide experience of this vigorous Red man.
