Court will adjourn tomorrow. If it is quality and style you want to go to Fish's for that new Fall outfit.

The more good, sound advice you get from people the less they think of you.

The new cages for the county jail have been installed and once for the first time in many years, Rockcastle has a decent place to keep its criminals. The old dungeon on the first floor has been converted into a coal house and the cages are on the second floor. Judge Cam Mullins is very much pleased with the conditions around the court house and jail, and has every reason for feeling so. It has been the general talk for several years that Rockcastle would have to have a new jail and such would have cost not less than \$30,000, but with the present improvements, it will be many years before Rockcastle will need any better jail than she has.

John Mullins and his Fiscal Court are to be commended for doing that which should have been done many years ago.

School shoes for boys and school shoes for girls at Fish's. Get the boy a good suit for Fall - get it at Fish's and you know it is right.

**A GREAT REMEDY.**  
The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them should read the following by F. H. Dear, a hotelman at Dupuy, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends.

Walter D. Hines, Director General of Railroads lately authorized the following: In view of the extraordinary heavy travel anticipated over Labor Day, it is urged that the Public, if desiring to travel over Labor Day, make their traveling arrangements including the purchase of railroad and sleeping car tickets, as far in advance as possible, so as to avoid adding to the congestion which usually occurs at this period. As far as possible everything that can properly be done has been done to care for the expected heavy travel over Labor Day. Several weeks ago our Regional Directors were asked to give

special consideration to this matter and each of them has answered that he has issued the necessary instructions and has taken steps to provide as much equipment as possible to adequately care for the travel as far as its volume can be anticipated. The arrival within the next two weeks of the First and Third Army Divisions from France will require a large number of cars and there is also still a very heavy movement of discharged soldiers from camps to their homes which takes up a great deal of space in passenger equipment, but all equipment that the Troop Movement Section can possibly spare has been assigned to the Labor Day Traffic. Arrangements have also been made to supply extra baggage men at all large centers and other points where congestion might occur, also extra ticket forces have been arranged.

## CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Roese City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. It grew worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for the better."

That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this... Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

**T**O carry out its war-time obligations in countries overseas and to launch its peace program at home, the American Red Cross will conduct its annual campaign for members and funds between November 1 and November 11, Armistice Day. Fifteen million dollars is the national quota, and in addition to the 1,200 members, MacKenzie R. Todd has been appointed campaign manager for Ohio, Indiana and Kentucky, the three states of the Lake Division, by D. C. Dougherty, acting manager, Clarence Stanley, Indiana State Manager, and John R. Downing, Kentucky State Manager.

Mr. Todd has appointed campaign managers for the division—R. F. Great, Ohio State Manager, Clarence Stanley, Indiana State Manager, and John R. Downing, Kentucky State Manager.

## EXECUTIVES DETAIL PLANS AND OBLIGATIONS OF THE PEACE TIME RED CROSS

**A**TENTION to the fact that Congress recently prolonged the responsibilities of the Red Cross abroad when it authorized the transfer to the Red Cross of such medical and surgical supplies, pharmaceuticals and dietary foodstuffs now in Europe as are not needed by the army should be at home. These the Red Cross is to administer to relieve, and supply the pressing needs of the countries which have been in war.

While many Americans may believe that Red Cross foreign obligations are at an end, Dr. J. H. P. Farrand, chairman of the central committee of the American Red Cross, calls attention to the fact that our allies suffered far more hardships with war than did we and that we have incurred obligations which honor demands shall be discharged, and, furthermore, the vast territory of the far east, cut off from aid during the war, has looked to America since the cessation of hostilities.

The Red Cross is now turning its attention to home needs and has worked out a program covering home service, nursing, preparation for disaster relief and a Junior Membership "Service to Americans" will be a Red Cross slogan henceforth.

"Service to Americans" will be the Red Cross slogan henceforth.

## Crime Reduced By Eliminating Saloons.

Reports from Wet Covington Show 40 Per Cent. Fewer Arrests in July 1919, Than Wet July a Year Ago.

Arrests in the police court of Covington for the month of July 1919, totaled 138, according to the report of the Covington Police Chief, Theodore Klumper, a reduction of 39, or nearly 40 per cent, from the number of arrests in July 1918. Forty persons were arrested on vagrancy warrants in July 1918, and two were before the court on the same charge in 1919.

For June 1919, the arrests in Covington totaled 221. Of this number 182 were accused of drunkenness and 139 with either disorderly conduct or being drunk and disorderly. For the month of July 1919, the drunken number red seventeen and the other two classes of offenders sixty-five.

The figures were made public at the headquarters of the State-wide Prohibition Federation, which is collecting information from all the formerly wet cities of Kentucky with a view to what effect on crime the elimination of the saloons by war-time prohibition has had.

Members of the Kentucky Sunday School Association in session at Ashland are solemnly warned by J. Sherman Porter, publicity director of the Federation, of the danger of apathy in regard to adopting the state prohibition amendment at the election November 4, so that in the event the wets succeed in the contest of the National amendment, saloons might not "again be turned loose on the boys of Kentucky." Mr. Porter's prediction that at the next January saloons would be "known in America as more forever" was roundly applauded and his story of some of his own observations of the ruin wrought by liquor was told in a striking and dramatic manner. He told how war-time prohibition had reduced the number of arrests in formerly wet towns 39 to 40 per cent, and said it was not likely the people would want to return to the old conditions.

Cass, Jr., and Mr. Brewster Elder, were visitors of Mr. and Mrs. J. R. Cass last week.

A team of mules of Amos Smith became frightened in passing an automobile early last week near Boone's Fork and threw Mr. Smith from his wagon breaking his leg just above the ankle. The broken bones were set by Drs. Graveley and Carter.—Mr. Smith was taken to the Berea hospital Sunday. The driver of the automobile was a young Mr. Cole, of Barboursville, and it was assumed to deplore the unfortunate affair more than Mr. Cole. The break is a bad one and it will be many weeks before Mr. Smith can be out again.—C. H. Frith sold his residence property on Main St. to Mrs. K. J. McKinney and is beginning the erection of a nice brick house, and it is assumed where his father's old residence once stood. This building will be modern in every respect and one of the best in town when complete.—James Francisco and family, of Palmetto, Tenn., were here first of the week with his father and other relatives.—P. H. Shutts, of New Castle, Ind., is spending several days with relatives and friends in and near Brodhead. He arrived just in time for the Brodhead fair.—Brodhead Graded and High School opened Monday with Miss E. A. Strangely, Principal, Miss Henrietta Forsort, 7th and 8th grade teacher, Miss Keller, 5th and 6th grade, Miss Luella Forsee, 3rd and 4th grade and Miss Lena McCall, primary. The school promises to be one of the very best and it is hoped that every citizen and patron will do all in their power to create more interest and make the school a greater success.—We want our good friend at Livingston to know that we appreciate his expression of regret that he missed our Signal letters, and we trust there were others that missed us. We hope that each week hereafter there will appear something from Brodhead.—The Brodhead Fair which closed last Friday was a howling success, especially so in point of attendance, the second day being possibly a record breaker for the county. Such attendance should inspire the management to offer better premiums and provide for better attractions. It should be the desire of each stockholder to make the next fair, each year a better and more up-to-date fair and this cannot be done by staying in the same old rut. Those attending have a right to expect better show rings each year and new attractions as well.—With our beautiful grounds and our facilities for having the biggest fair in the state, we should at least be progressive to the extent that we show we have a high mark to reach in the "fair world" and endeavor to improve each year.

**THE MAN TO ELECT.**

The greatest enemy of good government is the political boss. He controls nominations, and leads the officers themselves purely for revenue and graft. Fortunately, the democrats have selected a nominee for Governor who was opposed by these political leeches. He was known to be honestly and sincerely dry. This caused many democrats in the principal cities of the state to vote against him. But, we have faith in the people sufficiently to believe that the thing that moved the city democrats to oppose him, will lead many a country Republican to go to the polls and cast his ballot for him in November. Governor Black is a man whom the people can trust. His word is as good as his bond. He is as square as a die, and of high personal standing and wide business experience. No clique or political ring has any collar around his neck. He will take no directions from any political boss. He belongs to and is a part of the GREAT COMMON PEOPLE, always deeply in sympathy with them and anxious to serve them. He is a high class Christian gentleman, who has the business and educational as well as the moral interests of the state at heart. His election means the advancement of those things that are very near and dear to the people and progressive people. So, whether we be Republican or democrat, if we want a man who will be on the job to render honest, conscientious service, and absolutely free from the corrupting influence of political bosses, we should go to the polls, take our neighbors with us, and vote for **JAMES D. BLACK!!!**

"Get out that gas buggy," says Johanna to Jonathan. "We have worked until we are both stiff and sore. We need a change. A few days trip will do us much good." "But what will we do with the children?" answers Jonathan. "Why take them with us, of course. They will be benefited as well as we," says Johanna. "Now in the river we will go into other counties to inspect other farms; to look upon fine blooded cattle, hogs and sheep. We can learn how other farmers get the best out of the land. The old it they will soon take us where we can see for ourselves the wonderful advantage of waterworks and electric light plants on the farm. In this way we can have a fine vacation and make our 'Lizzie' pay for itself in taking us and our children through seeing what other people are doing on the farm." "Good Johanna, you are a wise old gal! Bally for your suggestion and off to the Blue Grass we go for a wholesome change and to learn better and more progressive methods of living."

Farmers of Rockcastle try this suggestion for yourselves and see if we cannot gain knowledge and inspiration from such a trip.
