**AN APPRENTICE TO PATHELESS, MOTHERLESS HOMELESS.**  
The people of Kenton county have enough kindness in their hearts to be interested in the homeless orphan child, are being asked to give \$3.00 to build a home on a farm outside of the City of Louisville, for our unfortunate orphan children. This next home will be on the "Cottage Home" plan. The children who will find a home here are those who have no claim on a paternal home and cannot get in a church home. Every county in the state has had to send children to the Children's Home Society. The home in Louisville has been in a congested condition for some years. Many children die of contagious diseases, because they are not properly equipped to isolate the sick. The Influenza Epidemic left Kentucky with a big per cent of orphan children than she has had at any one time. Kentucky, as a Christian Commonwealth, must take care of

those. To do this, a better home just at the present. Rockcastle county is asked for \$3.00. Every one who is a bit of the "Milk of Human Kindness" in his heart will want to help in this matter. As for those of you who you would like to have another do for our child should, it becomes an orphan, an have to appeal to the parents of the child, whose not an orphan.
