Self-Confessed Profiteer Thurston Bailard, the multi-million-re are slicent of Bailard Mills, of misville, was the man chosen by A. Herr for his hand-picked Republican ther as the candidate for Lieutenaut

ticker as the conditate for Lieutenard Governor. A close personal and had-noss friend of Mr. Hert's, with ample finds at his disposal for campaign purposes, he keeps to see why he was consent for us the nominee for this

This is the man who is rimning outh-Piece Morrow at the hea-

Kentuckians! The issues are clear! On its record in State and Nation, a united Democracy asks you to answer these questions by your votes on Tuesday, November 4th.

Will a Ringing Message of Cheer go to that sich chamber in Washington, or will Kentucky go under the cloud of support of those men who are seeking to discredit America's Greatest Statesman, purely for partisan Reasons?

Will Kentucky go forward to four years of progress under the able leadership of Governor James D. Black, or will it become a pawn in the hands of A. T. Hert, whose sole use for our State is the furtherance of personal ambition?

Morrow's Todays Are All Yesterdays

Seemingly, he does not know that it is Gov. Black who is his opponent in the present race. His entire campaign has been one of 'what he would have done. He has said he would have kicked out the School Book Commission, though even he must have known that that would have made him a trawbracker. The question naturally arises—would he, as governor, care for the laws of the state?

of the state?

He has criticized the new tax law, though he knows that he gave it his endorsement and, that it bears the name of a fellow Republican. Not he—but Gov. Black, instead—has made constructive criticism of this law.

He has continually talked of "cleaning house at Frankfort" and charged the mathrenance of useless offices—yet to repeated definands he has not dared name one chage galants any man nor specifically state une-office he considered useless.

Far Out of Step With Kentucky's Progress

Morrow has gone far back to Augustus E. Willson's acting this, he has shown a lannerable lack of knowledge of the costs of today and of the yesterday in which he has been also have, to a currently lack of Inowledge of the onward sweep of progress that Kentucky has been cranking.

making.

Seemingly he does not know that since Gov. Will-son's term a Good Roads Department has been estab-lished and it has built 1,240 miles of road roads, at a cos-tilized and it has built 1,240 miles of road roads, at a cos-tilized grave of \$3,00,011 U.

Seemingly he does not know that Kentucky now has 13,000 rural schools while under the Willson administra-tion there were but \$0,000. Is it any wonder \$2,000,000 more has been spent for educational purposes?

Not Too Late, Judge!

Judge Bethurum, it Is not too late! You publicly stated that you would withdraw the Republican nominee could it be shown that he had a hand in the tobacco case, of Grant County.

At the same time your candidate was admitting that he wrote a letter opposing the pardon of the five farmers convicted. You need not were take rife word for it. At.

Black Fights For the League of Nations But Morrow Only Equivocates!

. The Republican nominee is already listening to "His Master's Voice." To Gov. Black's repeated challenges as to his stand for or against the League of Nations, he has given only evasive answers. Voice. He dare not face the issue fairly and squarely.

Yet is there anyone who doubts that the election of Morrow will be hailed by Republicans as a victory in their fight in opposition to the League of Nations.

Elect Morrow governor and they will come out from under ever only in planing bend-lines andounce that Woodsow Wilson's exect for extraordinates. By their existin they stand against it—they make it amissin.

Kentucky gave nearly three thousand of her son to make the world safe for democracy. Will their liver have been given in vain? Will Kentucky continue to uphold the hands of Woodrow Wilson, to whom the peoples of the world are booking for leadership? Your votes Tuesday will decide.

Shall A: T. Hert Rule Kentucky?

Hark to What Chairman Rhea Said of A. T. Hert, the Republican "Boss" of Louisville, in His Speech at the Opening of the Democratic State Campaign at Hopkinsville.

"Shall A. T. Hert, lately of Indiana, now of Kentucky, be allowed to name the members of the State Tax Commission? Shall he and his millions dominate the politics of this state for the next four years? This is the most vital issue facing the people of the State

today.

"Shall Mr, Hert, with the aid of Thurston Ballard, the profiteer, and the other millionaire candidates on the Republican ticket, be allowed to tilke over the State government outright? Behind Mr. Mosrow's booming voice is the Emning hand of Hert. Mosrow is the mere mouth-piece for Hert. The voice is that of Jacob, but the hand that of Essin. Shall Hert bailed a bridge from the Louisville City Hall to the State Capitol? Shall the Louisville Republican machine extend its sway-to Fraukfort?"

WHY is it that more and more smokers (millions now) are getting together with Chesterfields?

First of all, fine tobaccos. Our own buyers in the Orient send us the pick of the finest Turkish varieties (Xanthi, Cavalla, Smyrna and Samsoun). We blend these by a secret method with specially choice Domestic leaf.

This method brings out new qualities of flavor—a smoothness, a richness, a mellowness that go right to the spot. That's the reason Chesterfields satisfy,

And remember—"Satisfy" is Chesterfield's secret, based on our own private formula, which cannot be copied.

Every package has a moisture-proof wrap-ping—another reason for Chesterfield's un-changing quality of flavor.

MOON SHINE STILL DESTROYED

Judge Cam Mullins and deputy sheriff .. W. G. Nicelev made a raid in the eastern part of the county last week and destroyed a still, one kettle and about three hundred gallons of beer. This was found on Power Mill branch, on the waters of Horse Lick creek, near Cruise Post Office. If the people who call themselves good citizens would assist the officers, the whiskey business would be a thing of the past in this county: But instead of helping th officers and backing them up, they are criticising them. Those who know anything say, be sure not to use my name, as I would be killed or burned out. Those who write letters have not got back bone enough to sign their names. God pity the man or woman who has not enough manhood or womanhood to sign his name, backing up his talk. From now on, when I get a letter without a name siged to, I am going t have it printed in the county paper. I have a letter in my posession now with no name signed to it. I will give the party who wrote it ten dollars (10.00) to sign his name to it. God pity the neighborhood with such citizens. I have had to send men to jail for contempt of court, to make them tell the truth. But the man who will talk about the officers not doing their duty, and at the same time is so cowardly that he will get behind the curtain and criticize the other fellow, is not worthy of any consideration. I have done all in my power to enforce the law since I have been in office and the good citizens of the county know it. The records of my office show this. Now, Mr. Citizen, what is your record? What have you done to assist the officers to enforce the law? 'Ask yourself the question, how many times have I gone to the officers of my county and told them of the violations of law that I know about? The county was organized and a committee appointed in each voting precinct, the members of which pledged themselves to report all violations of law to the officers. How many reports have you made? You can see that without your help the officers can do nothing. I hope that the good cicizens in all parts of the county will stand behind the officers in the enforcement of the law. If you will, the violations of the whiskey law will cease in less than thirty days. No county can make good progress without good citizens. Yours for consideration

CAM MULLINS, County Judge.

WHAT A LEADING REPUBLICAN OF BARBOURVILLE SAYS OF

GOV. JAMES D. BLACK

Anderson M. Decker; of Barbourville, Governor James D. Black's home town, and who says "that he is registered as a Republican and votes the Republican ticket when the nominee is of such standing and character as to merit the confidence of. those who stand for the best in our state, '' says that he intends to vote for Governor Black 'because from boyhood he has known him to be a conscientious, industrious, Christian man, worthy of any confidence bestowed upon him, !! and further says that "Governor Black is a teacher of our organized Bible Class in the Sunday Scool of our First Methodist Episcopal Church, of which I am Superintendent. He is a member in good standing of this church and a member of the State Board of Education of the Methodist Episcopal Church and helps to direct and assist in the educational interests of this church throughout the State of Kentucky, and has been interested especially in the education of the young men and women of our mountain section, who, like himself when he was young, had limited advantages as compared to those who have been favored with some of the advantages which good roads and good schools afford. Black was at one time, for a period of two years, the honored preident of Union College and did a great work along the lines indicated and whatever may be said of him, he has never been. accused of having been weak-kneed or a hypocrite in any sense. !!
