Organized Gang Rob Mt. Vernon Stores

Mt. Vernon Sleuths Unearth A Well-Organized Gang of Robbers Intent On Systematically Looting Rockcastle

SUMMER AND BUSTLE ARRESTED

Operations Seems To Have Extended Over A Long Period—Stock Was Not Mussed—Finest of Workmanship on Burglary—Key—Special Efforts Are Being Made To Round Up Gang.

LARGE QUANTITY GOOLS FOUND

Mt. Vernon is not to be outdone for sensational news, and expert robberies, and well organized gang. Late Wednesday it was given out publicly by the county Sheriff and deputies one of the best planned and expertly executed systematic robberies that has been pulled off in this section for many a year.

The arrest of Wm Summers followed immediately after the news flashed over town that the stores of U. G. Baker, Earl Cox and Wm. W. Poynter had been looted. Summers was then arrested and taken to the jail.

As a result of the war, and the widow and orphans of those who died in the service. For this purpose Bureau of Rehabilitation, war risk insurance and re-employment are being operated.

Perhaps the biggest work of the Kentucky Legionnaires have undertaken and will prosecute for the general public welfare are the stimulation of a 100 per cent Americanism. This work from that of the Legion is being conducted by the Legion Auxiliary Committee, headed by Mrs. H. Lewis, and the Legion is working for the Americanization of the foreign-born element, which usually comes to Kentucky, to the end that it may be assimilated in a practical way into the general use of the English language and the proper control of immigration.

In the name of the Kentucky Legion this curbing section are now before the legislature. They also the determination reached in all national Legion gatherings to meet our obligations to those persons making radical utterances regarding the overgrowth of the Government. The Legion believes that free speech does not mean license. It is the duty of every citizen to speak and to be heard. It is the duty of every citizen to speak and to be heard. It is the duty of every citizen to speak and to be heard.

Brodhead News

Mrs. James Dosselt was in Louisville last week shopping. Uncle John Hignson who was confined to his room last week with lagrippe, were glad to report him better. Last Sunday's Louisville Herald contained a short account of Mrs. Etta Frith Brown being injured in an automobile accident. We have been unable to learn the particulars. This shows the rapid advance of real estate in our town.—Mrs. Joe McKenzie was down from Mt. Vernon last Thursday with her sister, Aunt Betty Tharp has been on the sick list during the week.—Mrs. Ois Frith of Louisville, is visiting relatives here.—Mrs. Walter Smith, of Crab Orchard and Mrs. Frank Statton, wife with their parents, Mr. and Mrs. J. M. Owens here the week end.—Mrs. Grant Baker has returned to her home after a week's visit with Rev. and Mrs. N. Bowling.—Rev. J. E. Terrell preached at Baptist church Sunday morning and evening.—Mr. and Mrs. Dr. J. E. Terrell were up from Stanford Sunday.—Miss S. H. Martin and daughter, Mrs. Sandidge, were down from Mt. Vernon last week visiting relatives here.—Uncle John Winkler, who has been in a few days on the sick list, is now home.—Mr. Wm. W. Poynter, who lived on the Boone High Road, is moving his family to Texas.—Mrs. Jemima Middleton, of Marlburg, is with friends here.—Little Mattie B. McGee is with Mr. and Mrs. W. C. McLee in Mt. Vernon.—Dr. C. B. Owens, of Louisville, was with relatives here Sunday.—E. B. Newton was here during the week from Lynch, with his family.—Mrs. Billie Lunceford was critically ill during the week.—W. H. Haggard, W. L. Osborne, and G. E. Mullie bought a farm from Mrs. Linton on Boone High Road last week.—A. M. Hatt and C. B. Brown were in Hanksville Wednesday.—Mrs. H. E. Christie will have her opening of Spring millinery on Saturday, March 19, at place of business recently occupied by the late Mrs. Tate.

Livingston News

King & Bailey are now doing business in their new store at the L. & N. crossing north of town.—J. W. Baker is now in the E. L. Crockett stand.—Miss Flora Corbett, of Burning Springs, is visiting Dr. and Mrs. K. G. Webb.—G. M. Ballard and W. M. Baker, of Mt. Vernon, were in town Friday.—The Morens, of London, were here between trains Friday. He is a fertilizer salesman.—The flu situation is improving better, but quite a number of cases yet.—Mrs. J. W. Mullins continues very sick.—Heery Scell's family have flu.—A little girl of Oscar Hagen Knight has flu.—Miss Helen Kelly was very sick last week.—Larkin Pennington, of Ganley, has flu.—C. Stanley of Stanford, is visiting his mother for a few days.—The work at Webb's drug store is progressing very nicely under the supervision of Miss Ruth Paynter and J. P. Stanley.—Dr. Webb has been kept very busy during the week.—A. H. Kinsler has been on the sick list for the past few days.—Robert Channing, who is working at Sinks, is off duty this week on account of sickness.—Mrs. R. I. Payne was a guest of Mrs. R. G. Webb Friday.—E. L. McKee has taken over the Moberly mail route out of Livingston.—W. Parks, of the Pleasant Run section, was in town Saturday.—John N. Clark has returned to his store in Tennessee after a visit with his family here.—The case between L. & N. R. Co., and Hulda Pitts was dismissed on principle, but that she would not be carrying coal from the L. & N. yards again. So boys take warning.—Henry Brummitt and wife, of the Pleasant Run section, was in town on business Saturday evening.—Dr. Cornelius was in our town Saturday evening visiting his mother, Mrs. Fanny Cornelius and sister, Mrs. W. G. Nioley.—Dr. Pennington, of London, was here one day last week in consultation with Dr. Webb to see Carl Mullins who is very low in this writing.—What has become of our friend S. C. Franklin? Wake up! Sidney and pay us a visit soon or we will have to mark your name off our list.—Mr. D. D. Doss was in town Saturday and reports all the folks well in the east side of the county.—D. D. Doss is repairing his fence on Main street this week.—W. O. Nioley is able to be out after a severe case of flu.—J. O. Stanley, of Stanford tells us that he raised 1960 lbs. of tobacco on 2 1/2 acres of ground, which brought him \$200.—The mill raises another crop this year.

Dr. Carpenter In Charge of Drive

Dr. Carpenter in Charge of Drive

Lexington, Ky., March 10.—Rev. Homer W. Carpenter, pastor First Christian Church of Richmond, who has been temporarily released from his duties to become acting director of the Kentucky division of the Disciples' World Movement at Lexington, has assumed charge of headquarters in the First and City National Bank Building.

The movement is an enlargement of the Transylvania College campaign which was begun last December, and now includes the organizations of the United Christian Missionary Society and their affiliated interests in Kentucky.

Director Carpenter is addressing his best efforts to secure the attendance of every Christian preacher in Kentucky at the pastors' conference to be held in Louisville, March 17 to 19. The railroad expenses of all pastors in the State, and a representative of each of the institutions will be paid by the Inter-Church World Movement. Ample provision is being made for entertainment for all who attend the Louisville conference in homes and apartment houses of the city, the post of rooms being very small.

Director Carpenter has associated with him in the office at headquarters a large clerical force, and is calling to his assistance a group of experienced men and women who will help him in the organization of the churches preparatory to the financial drive, which is to be carried on from April 25 to May 2.

As the movement has been enlarged so as to include all missionary, benevolent and educational enterprises, it is believed that almost all the churches will cooperate in the raising of the \$1,300,000 in the campaign. The list of designation being permitted Churches and individuals may support all the causes of the movement by making undesignated contributions, or may support a particular organization by designation.

PUT YOUR BOYS AND GIRLS IN CLUB WORK

PUT YOUR BOYS AND GIRLS IN CLUB WORK

Club work is being done in 150 towns and cities in 15 States and now spread all over the South; in fact, any county now without club work is considered behind the times. And the same may be said of the farmer himself. If his children are not enrolled as active club members, he is neglecting an opportunity that may mean much in their future lives.

In recent years there has come to the agricultural South a prosperity that we believe will long continue. Good crops are being raised. Our crops seem likely for all our crops seem likely for one thing, so many people are being paid high wages, have the farms for the cities, that farm production over a period of years is not likely to be "frozen", and good prices will naturally result.

Other words, from an unattending, poorly paid business, farming, having the more certain offers splendid opportunities to young men of energy, intelligence and training.

It is the duty of the parents of our farm boys and girls to do everything in their power to fit the South's future farm men and women for their tasks and responsibilities. Trained minds have always been at a premium, and in the next quarter century of Southern agriculture this will probably be doubly true. There are great things ahead for the young man who is fitted for them, who knows livestock, soils, field crops and fertilizers from both the practical and scientific standpoint.

In getting this essential knowledge, club work is a factor that we hope to Progressive Farmer parents will overlook. It teaches agricultural and home science, develops a spirit of friendly rivalry, and the association of the young people of great value to them in later life.

Write Our County Agent, Robt. F. Spence, Berea, Ky., today for blanks.

Slats' Diary

Friday—I went to a pitcher show tonight & seen a pitcher about a desert land. I can't get next to sum of the things. They was sun folks picked which did not have nothing only there close & they was pritty few. The Hero built a fire & used a o'peace of glass & the sun shine threw it in. In the next he rolled a cigarette & reach in his pocket & pulled out a Mr. and Mrs. I. Where did' get the matches.

Saturday—Rained hard all day & I wasn't sorry cause ma got me a situation & working in the store on Saturdays. Had a aw full b. business over shew on act of the rane. Cut they was out of them.

Sunday—Had roast pork and the preacher tokin him.—It was sent much, ma sed after he had went home how can a man live a Christen home on that amt. of money & pa replied & sed He cudden live any other kind of a life cud he.

Monday—over herd pa talking to a friend of h zzen today. He sed Well I run things at are house I believe it's a mans place. Ma by he does. The only things that man runs at our house is errands.

Tuesday—I was a telling ma of a married man which was speaking on the street today. She sed How did I know he was married. I sed I not know. He had daunt der his own. The only thing off his coat & firly finger nails.

Wednesday—Pa is trying to get a job in the Basket at church. I don't know why unless he was to pass the basket from passing him. Meby, hope he never rida this direy.

Thursday—was sent 2 neyboys home to new there new baby which was born has yeek. They was still very young yet. Its pa a deplis & yet it hassent no tooth yet. Meby he is too busy in his shop to walk on his own family.

TOBACCO AND ITS Culture

TOBACCO AND ITS Culture

By W. S. BAILEY, Ganley, Ky.

In regard to Tobacco Sticks, I would advise the use of the 3/4 or 4/5 stick. For the 3/4 stick you should put 5 plants on the stick, put 6 plants. Sharpen one end of the sticks, leaving one end blunt so as to push over the ground. Place these firmly in the ground so as to prevent them from falling as it is apt to bruise and injure the tobacco leaves. In cutting use much care in placing each plant on the stick, so as not to bruise or break the leaves, which injures the crop. In handling it with much care, as broken parts will cury cure up green, which in grading places in the damaged grade which brings an inferior price on the market. In hauling to the larn, never try to haul too much at a load as it is apt to get bruised by coming too close together. I prefer to haul one ton at a time and to haul in this way you will not lose tobacco. In regard to hanging tobacco in the barn this is a very

particular part in the preparation of a crop for a high market price. Your tiers should be at least 4 ft in depth; the tobacco should be hung from 12 to 14 inches between each stick when first hung up, but as soon as it begins to cure, say in 8 or 10 days of curing weather, you can close the sticks up to about 8 or 10 inches apart, thus giving you considerably more room. Of course you begin hanging the top part of your barn first so in the first tier next to the roof you can hang it much closer than the above rule, as the sun shines very hot on the roof and heating this tier very warm it soon cures and settles to cure up much quicker than the tobacco lower down in the barn. Another thing in hanging it, be very careful to equally distribute each plant on the stick and to shake the stick very good so as to shake out all leaves that might be broken and lodged in the stick of tobacco. This will enable all leaves to straighten out, which would have been left doubled up. These loose leaves and leaves left doubled up in the stick will cause it to house burn, this grade of tobacco brings the least price of any grade on the market.

LEGION WORKS FOR AMERICA

Comradeship Principles Guide Peace Activities of War Veterans

ORGANIZED ONE YEAR AGO

OBJECTS OF THE AMERICAN LEGION

"For God and country we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate in 100 per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the tyranny of both the slave and the masses; to make right the matter of right; to promote peace and to transmit to posterity the principles of Justice, freedom and democracy; to encourage and sanctify our comradeship by our devotion to mutual helpfulness."—Erasable to the Constitution of the Legion.

Just a year ago, the American Legion was born. It crept out of countless millions in France without name or purpose, other than a determination to have an organization that would stand for America and the unshakable principles of America. The thought, "No one knows where the thought originated. It was spontaneous. The demand that came from officers and men resulted in a joint assembly at Paris from March 10 to March 17, 1919.

ARE YOU 100% AMERICAN?

The Paris "baby" put on its first trousers at the St. Louis caucus in May of last year, when Legionnaires of every state and possession of the United States put their "red-blooded spirit of sacrifice into principles that have been destined to be a practical application of the Sermon on the Mount. At the Minneapolis convention in November these purposes were officially adopted and the Legion has established branch departments to care for each declaration it has made. What the Legion has accomplished in Kentucky is typical of what it has done in every State in the Union. Kentucky has 105 Legion posts, with a membership of more than 8000, and by the time of the next state convention in August it is expected that every county in the state will have at least one local post and that the membership will amount to 20,000 former service men.

The American Legion of Kentucky plans next to take care of the disabled

NOTICE TO TRUSTEES

He and his family have all been confined for several days. He leaves a wife and several sons and daughters, including Mrs. Tyree Gentry and Mrs. John Argonbright, both of Lebanon Junction.

Mrs. Robert Ping died Tuesday morning from the effects of flu and other troubles. Mrs. Ping has been suffering for several years but had tried to keep going all the while until she contracted flu a few weeks ago which was more than she could stand. She was a daughter of Mr. and Mrs. Dick Swoyer and leaves besides a husband two little daughters.

CARD OF THANKS.
 I wish to express my thanks and appreciation to the friends and neighbors for the kindness shown me during the illness and death of my dear wife.

ROBERT PING.

HAS HAD STOMACH TROUBLE FOR SEVEN YEARS.
 Theodore Sanford of Fenmore Mich. has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By using Chamberlain's Tablets he is now able to eat vegetables and fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are certain to prove beneficial.

Many People Report Big Gains In Weight

THOUSANDS OF THIN, FRAIL PEOPLE RESTORED TO HEALTH BY TAN-LAC

Many Remarkable Experiences Told

People in all Ranks of Life Tell What Celebrated Medicine Has Done for Them

One of the most noteworthy features in connection with Tan-lac and the one that stands out more prominently than any other, perhaps, is the very large number of well known men and women from all parts of the country who have recently reported astonishing and rapid increases in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 315 Cross street, Little Rock, Ark., whose statement appears below.

"In May of 1919," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—couldn't move any part of my body and just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1919, and tried all kinds of medicine."

"I took about so many people getting relief by taking Tan-lac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tan-lac now, and I can walk anywhere and sleep like a child. When I took my first dose of Tan-lac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tan-lac."

Texas Man Testifies.

An announcement of this case was that of John M. Crabtree, a general merchant of Five Mile Station A., Dallas, Texas.

"I have actually gained thirty-four pounds on three bottles of Tan-lac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tan-lac. I had to live almost entirely on cereals. I spent nearly all of one whole year in the bed and was unable to do anything at all and I fell off in weight to 115 pounds."

"After using my third bottle of Tan-lac I found I had increased in weight from 115 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

Captain Jeff D. Riggs, popular U. S. W. Engineer, residing in Vicksburg and New Orleans and residing at 2020 Pearl Street, Vicksburg, in speaking of his experience with Tan-lac said: "Yes, sir, it's an actual fact, I have gained twenty-five pounds on Tan-lac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds."

"I have just finished my second bottle of Tan-lac, have gained twenty-five pounds and I feel like

MRS. CHAS. PEDEN GAINS 27 POUNDS

WAS TWICE EXAMINED AND TOLD OPERATION WOULD BE HER ONLY HOPE

"I have just finished my third bottle of Tan-lac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 532 Mill Street, Houtsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope."

"I had made all preparations for the operation and called in my sister to take care of me. I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut me and told me to wait and try a good tonic for awhile. The next day, as I returned from the consultation room, I thought of what she said, and as I had heard so much about Tan-lac, I decided to try it and got a bottle."

"I never returned for the operation, but just kept taking the Tan-lac. Right from the start I began to feel better. The medicine seemed to take hold right at once."

definite improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tan-lac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman."

Old-Time Engineer Talks.

Engineer Chas. J. Weeks, who runs the Seaboard Air Line fast "Fox" between Jacksonville and Tampa, bears this distinction of being the second oldest engineer in point of service with this road, having been with the company for thirty-five years.

"I have gained twenty pounds on seven bottles of Tan-lac and feel so well and happy as I did when a boy," said Mr. Weeks.

"For twenty years I suffered with nervous indigestion of the worst sort," he continued, "and at times during the past fifteen years I did not think I would last much longer. To tell you the truth, I finally reached the point where I didn't much care whether I lived or died."

Thousands of other people all over the country have reported the same astonishing gains in weight after taking Tan-lac. Among these are: Mrs. E. O. Wilson, of 197 Bass St., Atlanta, Ga., who gained 25 pounds; Edward Reno, 1721 Broadway, Kansas City Mo., who gained 25 lbs.; Mrs. W. C. Cochran, of Juliette, Idaho, who gained 22 pounds; Mrs. Doll Davis, of 108 Samuel Ave., Peoria, Ill., who gained 20 pounds; Chas. E. Stitzer, 508 W. Charleston St., Portland, Ore., who gained 25 pounds; Mrs. Agnes Mann, R. F. D. No. 2, Ogden, Utah, who gained 25 pounds; W. S. Hukill, 7308 Park Ave., Tacoma, Wash., who gained 20 pounds; Mrs. B. W. Smith, 3113 Burdett St., Omaha, Neb., who gained 35 pounds; Fred W. Sauer, 1000 Market St., San Francisco, Cal., who gained 34 pounds and many others too numerous to mention. Tan-lac is sold in Mt. Vernon by Chas. C. Davis, in Broadhead by The Broadhead Pharmacy, and in Livingston by R. G. Webb.

CALL HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Roysa City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot."

"I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening. I knew my family about me... for I knew I could not last many days unless I had a change for trial."

"Do you suffer from headache, backache, pain in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial."
