

In saying this is the Peoples Time, R. L. Langford did not know that the adoption of D. H. Clark's case, "It's Dave's Time" was started by people from every section of the county; that this saying comes spontaneously from people who realize the justice of electing Clark this time.

Assaying that the sheriff is the servant of the people, he might have added the Deputy as well as a Deputy Sheriff takes, the constitutional oath and is as he is rendered according to law.

Mr. Langford said from the stump that the objection of a lawyer stopped him from acting as Deputy. If this be the case, should he be elected? Some one would likely fire him when he needed to summon a jury or execute some papers. But the facts are, he is now and has been since April 10, 1919, acting as Deputy Sheriff. At that time, in this county, where he went to tell the people what a faithful officer he would be if they would elect him Sheriff, some one fired a pistol from the outside, through the wall of the school house. Mr. Langford after some delay, unaccompanied a pistol and went around the house, but failed to make any arrest. These weak efforts and small amount of the duties of the sheriff's force being performed is what brought out the slogan, "It's Dave's Time."

In qualifying as Deputy Sheriff, R. L. Langford took the following oath, which the Court of Record shows is still in force:

"I do solemnly swear that I will support the Constitution of the United States and the Constitution of this Commonwealth and be faithful and true to the Common wealth of Kentucky so long as I continue a citizen thereof, and that I will faithfully execute, to the best of my ability, the office of Deputy Sheriff according to law; and I do further solemnly swear that since the adoption of the present Constitution I, being a citizen of this state, have not fought a duel with deadly weapons within this state, nor out of it, nor have I acted or accepted a challenge to fight a duel with deadly weapons, nor have I acted as second in carrying a challenge, nor aided or assisted any person thus offending; to help me God."

Mr. Langford says from the stump he will not serve any papers under the present administration, though he swells himself of the potation given a Deputy Sheriff after being sworn in as Deputy Sheriff, April 10, 1919, leaving Grand Jury, which was working the whole force to move summons and bench warrants, to get along without his help though he says if you will promote him to High Sheriff he will then make a good officer and consider the two out-binding.

VOTE FOR R. L. Langford FOR High Sheriff ROCKCASTLE COUNTY REPUBLICAN PRIMARY AUGUST 6, 1921

R. L. LANGFORD for Sheriff

JOSIAH CUMMINS

DEPUTIES J. H. LAMBERT

To the voters of Rockcastle County:

In the last issue of the Signal, June 24th, 1921, my opponent Mr. Clark runs an ad showing that I was appointed a deputy sheriff in April, 1919. Now, would I have served as one? I would not. However, I was appointed a deputy at that time, to act as a special deputy to keep order at the Pine Hill Church, and for this alone. This was done at the special request of members of the Pine Hill Church. At that time I lived near Pine Hill and members of that church wanted me to keep order while they were holding services and I was glad to do it for them.

Furthermore, I never, at any time, charged or received a single dollar for my services.

Other special deputies were appointed at the request of church members of different churches in this county for the same purpose. It seems to want to "make a mountain out of a mole hill," in other words is "grabbing at straws."

I do not believe in a mud-slinging campaign and I am determined to make my race as clean as Teftis a gentleman.

The people of this county are demanding, and very properly, a good, sober, honest, efficient and business-like officers. This is the people's time. The Republicans of this county are going to nominate and elect me, and so help me God, I am going to make them the kind of an officer that they expect me to make.

Yours for a better Rockcastle, R. L. Langford.

BASE BALL at BRODHEAD

The Berea Base Ball Club defeated the Brodhead boys, Saturday, in one of the fastest games of the season, score 1 to 3. Drew of Mt. Vernon pitched the game for Brodhead. Bates and Bowman played with Berea.

We wish to say that Berea has the fastest team that haggled Brodhead this year. Brodhead also has the fastest team of Rockcastle, although they seem to be slipping a bit lately. But since they have Drew they should not lose many more games, although the Berea boys hit Drew like the U. S. hit Germany. Bates hit the ball every time he faced Drew, three of them being clean hits, one single and two base hits. And every one of the Nine got at least one hit and most of them two.

The Brodhead Club go to Berea Saturday.

I have tried these cases of course before Judge Bethurum as the Judge. I think that I know when a trial of a case is given, and in justice to Judge Bethurum whose record is attacked, I must say that he has impressed me throughout my term as Attorney for the Commonwealth, as being perfectly fair and impartial and desiring to see the law enforced in every case. As Commonwealth's Attorney I am bound to say that Judge Bethurum has given me fair treatment. I am familiar with the criticism being offered in the Green and Mix cases, and I know that there is no merit in these criticisms. The Judge gave the usual and ordinary instructions in both of these cases, and the juries heard and disposed of the cases, which they had the power to do, without interference of the Judge.

DEMAND For TANLAC BREAKS ALL RECORDS

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold in Six Years—Foreign Countries Claim for It.

Never before, perhaps in the history of the drug trade has the demand for a proprietary medicine ever approached the phenomenal record that is being made by Tanlac.

The first bottle of Tanlac to be sold here was sold just a few days after its introduction in this country six years ago.

It is the most popular medicine in the world today. It has been sold in every large city, small town, village and hamlet in North America.
