PERSONALS AND SOCIAL

William Landrum is visiting in Pittsburgh and London.

Miss Ruth Landrum was out from Louisville Sunday to spend the day with her brother, John.

Miss Clara Doty Fish and Sarah May Pettus of Grab Orchard were the guests of Miss Julia Landrum during commencement.

The Mt. Vernon Power Co. is installing an ice plant in Mt. Vernon which will be ready for business in about two weeks. This is an enterprise that Mt. Vernon has long needed.

The Junior Chautauqua.

Great fun for our boys and girls is promised by the program of the Junior Chautauqua.

Four or five days before the big Chautauqua begins, the young woman in charge of advanced work will arrive, bringing the boys and girls to a regular khaki affair, with blue pants and a canvas fence around the grounds.

Every day and every night, a notice stating the exact time will be printed in this paper. Then, until the big Chautauqua begins, and even during the Chautauqua, this smaller tent will be used by the Junior Chautauqua.

From the day the Junior tent comes, there will be a program every morning at 10 o'clock, and every afternoon at 4 o'clock. The program will be the same as the program every morning at the Junior tent, as well as other programs in the big tent in the afternoon and evening.

Children Cry FOR FLETCHER'S CASTORIA

You never can tell until you try.

Don't let the fact that your old nut is of an unusual pattern keep you from bringing it in to be matched up with a new pair of trousers.

Our stocks are large and well assorted as to pattern, denoting of stripes, checks, fancy mixtures and plain colors in workaday, cassimeres and serges.

However if we cannot find what you need in our stock, we are pretty apt to be able to obtain it from our trouser manufacturer whose ability to match up with have tried many times and not found wanting.

CHAMBERLAIN'S TABLETS ARE MILD AND GENTLE IN EFFECT.
The laxative effect of Chamberlain's Tablets is so gentle that you can hardly realize that it has been produced by a medicine.

Two teaspoonful of Tanlac in a little water taken three times a day just before meals will make you eat better, feel better, sleep better and work better.

Boy Wanted

Someone in this town is one boy with a "go-getter" spirit, full of grit and ambition, and absolutely honest. We want that boy to go to work for the famous MOVIE WEEKLY MAGAZINE. He will work for school and other spare time. His pay will be what he makes; it will be the only job in town that will pay him. If he makes good he will be promoted. If you are between 14 and 18 years old, determined to "make good" and truly think you are the boy for this job, then apply by letter to Mr. E. J. Gilber, "Personals," 3rd floor, 119 West 40th Street, New York City. Give full details of your past school experience, your age, previous full name, and business; your school grade and at least two references.

We understand there is likely to be a county bridge built across Dix River at Brodhead this summer.

Att. Robert H. Davis is home from Louisville Law School for the summer vacation.

Does John Know?

John Wanaker, the great merchant, says: "No boy ever became great as a man, who did not in his youth learn the saving habit."

Experience has taught some of us that John knew what he was talking about. Do you think so, too? Are you teaching your children the lesson of thrift that will make them self-reliant men and women? A little savings account at our Bank for your boy or girl will prove a big incentive. We will open an account, no matter how small, and will help you educate your children in the matter of thrift and modern business methods.

is being damaged quite a bit by mildew. A number of fields are looking like they had been sprinkled with lime. On close examination we find that the leaves are being destroyed and the growth checked. There is no remedy at the stage of the crop. The best thing to do is to grow some soy beans or cowpeas as a substitute for the clover crop for hay. Soy beans or cowpeas can be seeded as late as June 10 and mature for hay.

POTATO BUGS

One tablespoon full of Paris Green to one gallon of water thoroughly mixed and sprinkle potatoes will kill the bugs. Do this every four or five days until bugs disappear.

CUCUMBER BEETLE

Use arsenate of Lead—two or three tablespoonsful to a gallon of water, thoroughly mix and sprinkle vines.

BEAN BUGS

Arsenate of Lead will get the bean bugs. Use the above remedy before you discover the bugs—Don't wait till it is too late.

WOOL

Wool is at a better price than last year. The first price offered for wool should not be accepted at a fair price. The retail market is ranging from 30c to 35c per pound now and promises to go higher. The wool growers of Rockcastle County should pool their wool. By doing so hundreds of dollars could be saved. Get organized. Wool Growers Association will help and protect our interests. Take the low prices as a lesson. Take the rural sections of the County.

LAMB MARKET

Lambs are bringing a good price in Cincinnati. In Louisville 57c, 61c and 7c. A good low price for lambs on the farm in Rockcastle County. In Louisville prices are ranging from 60c to 75c. We need to ship our lambs actively by rail loads direct.

HOW ANNOTED VET GETS RID OF RATS—FARMERS FIELD

Dr. F. H. Butler says: "I used RAT-SNAP around my hospital every three months, whether I see rats or not. It does the work. RAT-SNAP gets them every time. I recommend it to everybody having rats." Don't wait until there is a brood of rats, act immediately you see the first one. Three sizes, 35c, 65c and \$1.25. Sold and guaranteed by Davis Drug Store and C. C. Cox.

VALUABLE CROPS
The County Agent has introduced two new crops into Rockcastle County. Soy beans and Sugar beets. The soy bean crop has been grown in limited quantities. Only a few farmers have

tried the crop. All who have grown soy beans are believed and testify to the value of the crop as a cow feed and the grain for hogs and chickens. We want 200 to 300 acres in the county next year.

The best crop is practically a new one. These beets are extra feed for cows in connection with dry feeds. The beet is also very valuable for feeding poultry.

SERVANT GIRL WOULD NOT GO IN CELLAR, FEARING RATS.

Mrs. Tepper, Pleasant, N.C., says: "Rats were so bad in our cellar the servant girl wouldn't go there. Bought some RAT-SNAP and it cleaned all the rats out. RAT-SNAP destroys rats and mice. Absolutely prevents odors. Comes in cake form, no mixing. Cats and dogs won't touch it. Three 3c, 6c and 12c. Sold everywhere by Davis Drug Store and C. C. Cox."

Decoration Day was observed at Brookfield, Ky., by a sporting exercise. Rev. M. G. Fish, Rev. Dillard Parker and Squire Hardin Moore were the speakers. Some five or six hundred were present and a bountiful dinner was served on the grounds. We regret that so far as we can determine the day passed entirely unobserved in Mt. Vernon, and the graves of those who were killed in the Civil War were not observed as a Nation, and of our boys who fought and died in the terrible overseas conflict. The bodies broken for years have been brought back and now lie in Elmwood Cemetery, were uncovered save for the lowly turf, the green of the trees and the blue skies above with which God covers all alike who repose in their last long rest.

"YE. GENUS BOY"
(with apologies to K C B)
Down at LaPorto, Indiana—right on Silver Lake—there is a wonderful level plain—walled in by wooded hills—and here is Camp Roosevelt—named after a great American—who loved boys and men—and I think every red blooded—American boy and big dad—should know about this camp—for I was there, first year—and I saw boys—from every where in the U-S-A—grow tanned and rugged and alert—under regular army officers—and picked high school teachers—for there is a summer school—as you should know and crack athletic coaches—for the boys swim and

hiked—and sang and boxed and drilled—and studied French and Algebra—and ate. Gosh, how they ate—and their proud parents came—and watched and praised—Major F. L. Beal—who is a big man—and knows the boy's game—and is a human being—and this year, 1922—the camp will be bigger—and it only costs a little bit—because Chicago's Board of Education is back of it all—and the camps not run—to make any money—but to make true Americans—so, I really think—every boy that you teach—should know. Don't you? You tell 'em!
"Younger Better Boys"

Miss Laura Doone Brown, of Louisville, representing the Kentucky Children's Home Society, was in Mt. Miss Brown expressed herself well pleased with the result of her work in Mt. Vernon, there are plenty to report. Certainly there is no more worthy cause, and everyone should be not only willing to give, but thankful for the opportunity, remembering the words of the Master, "Inasmuch as ye have done it unto the least of these, my little ones, ye have done it unto me."

PIKE-FRENCH
Mrs. Bettye Pike and Jesse J. French were married in Brodhead a week or more ago. The bride is a sister of Mrs. W. H. Brown of this place, and a daughter of the late A. C. Pennington. The groom is a prosperous young farmer of the Brodhead, vicinity. The Signal joins a host of friends in extending congratulations.

A DRAMATIC MOMENT IN THE POPULAR PLAY, "POLLY OF THE CIRCUS."

Polly of the Circus is to be the play on our Chautauques this season. Everybody has heard of this play, for no more popular play has ever been produced. It had long runs in New York and other large cities. Its central character is Polly, the Miandy, the talkative colored servant, Douglas, the young and happy, her lazy husband, a clown, Big Jim, it is a play that will never be for Miss Perkins, gotten by those who see it, for they in the "middle" as will love Polly and Toby and the "Daddy" Simon, Hinkley.

A Very Easy System

ONE OF OUR PATRONS has tried several plans for keeping a record of all his income and expense during the year—but he has found all of them a lot of trouble to keep up to-date. But he has a fine system now. The bank is keeping this record for him. He deposits all his earnings in the bank and then he writes checks for all the money he spends. "Every for his pocket money he writes a check once in a while and marks it "Misc. Exp." When he wants to know the amount of his income he looks at his Bank-book. When he wants to find out what he is spending, he looks over his Canceled Checks. By sorting these old checks into several piles he finds what he is spending for food, clothing, fuel, etc. That plan is easy. It is safe and business-like, too.
