A Letter From Camp

Army life is a real life. Every boy that has to register do not hold back, volunteer and come on in the army. They can hear whistles and bugles blow at all time. Go to bed at nine o'clock, get up at six and go and get wash, then go out and drill. Come in at twelve and get your spuds and beans and then lay down and sleep like a man out of you. You can go to the canteen and get beer. I put up around Broadhead a long time before I found a place where a boy ought to be. But when you come into the army it isn't like being at home. The captain will come through and tell attention and boy do we jump. We salute all officers and pass on by till you meet them again and it is the same old thing.

KENTUCKY ROADS WILL CARRY SENSIBLE LOADS!

Major Thomas H. Cutler, Chief Engineer of the Kentucky Highway Department, says our roads are designed to sustain at least 10,000 pounds per axle load and see you are carrying the care of two 15-ton loads passing each other at any point on the road. But our law limits the gross weight of a truck (including its payload) to 19,000 pounds. (Many passenger buses crossing Kentucky weigh from 29,500 to 30,000 pounds.)

MODERN WEIGHT LIMITS PROMOTE SAFETY

Under Kentucky's antiquated law two vehicles 30 ft. long are required to carry ~~the same load~~ which one vehicle 40 ft. long could transport if our state load limits were up-to-date. Obviously, then, our state's regulation, instead of reducing highway congestion and traffic hazards actually increases these dangers.

WEATHER WEARS CAUSE 75% OF HIGHWAY DAMAGE

Heat, frost erosion of shoulders and subgrades accounts for 75 per cent of highway maintenance costs, according to a study made by highway experts and announced by Joseph B. Eastman, former Federal Coordinator of Transportation. He said that almost every commercial truck is equipped—has no appreciable wearing effect on modern roads.

KENTUCKY HIGHWAYS PAY PROFITS—COULD PAY MORE!

Reports the Louisville Courier-Journal (June 18, 1941): "The State Highway Department believes that high type trunk highways pay for themselves in added revenue from increased traffic volume and almost every commercial truck is equipped—has no appreciable wearing effect on modern roads."

THESE PROFITS WOULD BUILD MORE ROADS

But the profits would be far larger—and build more and more secondary roads—if Kentucky's motor truck laws were up-to-date. You can see this when you consider that more than 14,000 or 20% of the licensed vehicles in Kentucky are commercial trucks, and they pay 35% of the total gasoline tax. Indiana Highway Department statistics show that trunk highways under the Indiana load limit—52,500 pounds—show a net profit of \$2,000 per mile, per year. Kentucky will never match this figure with a 19,000 pound gross load limit—too many truck lines "by-pass" our state and we lose the revenue!

77% OF KENTUCKY COMMUNITIES ARE SERVED ONLY BY TRUCK

Every person in these communities is paying a hidden transportation "tax" because of Kentucky's antiquated load limit-law.

KENTUCKY'S PRESENT LAW INCREASES HAULING COSTS 37½%

Carefully analyzed figures prove that, with a 32,000 pound truck load limit in Kentucky, 37½% of actual hauling costs could be saved on everything imported to or exported from Kentucky by truck.

The Motor Transportation Industry of Kentucky is seeking to modernize Kentucky's motor truck law, to eliminate trade barriers which are now making Kentucky a transportation bottle-neck, and which Federal officials say are impeding National Defense. For your own pocketbook's sake you should support this program. Falls to your legislative conscience about it!

County Agent Notes

By Robert F. Spence
County Agent

- SHEEP PURCHASED
Last Wednesday, the following farms purchased...
Virgil Hunt, Mareburg 10
E. E. Bullock, Hamfort 10
W. A. Johnson, Brodhead 10
Walter Henderson, Burr 10
Cecil Norton, Spiro 10
W. S. Stewart, Wildie 10
Henry Martin, Three Links 10

Grant Huff, Berea 10
Tom Barrett, Boone 20
There are others who have applied for sheep since, and will purchase next week. Farmers who want these Western ewes should get them at once. It would be much better, for all the farmers wanting sheep, to go together and buy together and bring sheep back with them instead of one farmer this week and two next week.

All farmers ready to purchase ewes should get in touch with the County Agent at Mt. Vernon or Berea at once. No sheep will be purchased for anyone except as he advises.

NATIONAL DEFENSE ALUMINUM COLLECTION
Our government is calling on every home in America to contribute their old scrap aluminum such as pots, pans, and other scrap aluminum for National Defense. The collection starts July 21 and closes July 29.

The County Chairmen in all cases are men who belong to the American Legion, Rockcastle County Chairman is Robert E. Childress, Mt. Vernon, Madison County is Rev. J. G. Carr, Berea. These men will be in charge of the Aluminum collection for Rockcastle and Southern Madison.

Our 4-H clubs, directed by the Leaders, our Agriculture Extension Boards of Directors in each community, our A. C. P. Community Commitment and all farmers are urged by the County Agent to take an active part in giving publicity and aid in the collecting of aluminum.

The 4-H clubs should cooperate with the local teacher and bring all aluminum to the school house and from there it will be delivered to a central place in Mt. Vernon, Brodhead, Livingston, and Berea, or it can be delivered directly to Mt. Vernon, Brodhead, Livingston, and Berea. We want to follow the direction of our County Chairmen. Watch the papers for information.

The notice of the appointment of County Chairman reached the County Agent's office Monday morning, July 21.

4-H CAMP
Our 4-H Club Camp, at London, Kentucky, will be held August 4 to 12.

Plans to go should get in touch with the County Agent at once. Plans must be made right away since we have but two weeks left. The 4-H members who plan to go should return the card mailed out last week so that further directions may be given in transportation. We want forty club members and eight leaders to attend this camp.

Christian Church

Aubrey Russell, Pastor

The Sunday school convention of the Christian Churches of Rockcastle County will meet at this church on Sunday August 31. The Sunday School will proceed as usual and the morning program will begin at the close of the class period. A basket lunch will be served in the basement of the church. There will be an afternoon session in the afternoon. Watch the local paper for a copy of the program.

Our Christian Endeavor has moved out with a good start on the new program. This is a study of the Life of Christ and a lesson on the various periods of His life will be discussed each Sunday evening. For some reason the attendance has not been as good as it might, but we hope that more can be out in the future.

The Pastor has changed his residence. He is now living at the Joe McKennie home on top of the hill near route 25. It is easy to find and is open for any group that would like to picnic or have a social gathering. There is plenty of space and some beautiful scenery.

The men's class had a fine fellow-

ship with the men of the Broadhead church last Sunday. The only calamity was that some stayed at the table to long and had to be carried away. They were missed here but in spite of their absence we had 101 in Sunday School.

North Carolina Man Gives Tobacco Advice

For N. C.

Dear Mr. Editor: Tobacco should be harvested when fullest of oil in order for it to cure easily and be rich and superior in quality. Oil does not evaporate in the process of curing like the sap does and remains to give wealth to the weed. Oil and sap (water) do not mix, but come and go, at intervals, during the life of the plant. When the sap rises it runs the oil out (oil being lighter) through the pores of the leaf to the surface where it forms a "gum" well known to all tobacco growers. Tobacco harvested when full of sap will cure badly and be light and inferior in quality.

My father, who lived to a ripe old age, gave me this advice about 70 years ago. He found that there are better times

than others for harvesting tobacco in order for it to cure up nicely and be good in quality. I shall be pleased to answer any letters from tobacco growing friends, provided postage is sent for reply.

Yours truly, W. H. Davis,

American-Rolling Mill Holds Spotlight As Eastern Kentucky's No. 1 Industry

—TELLING KENTUCKIANS ABOUT KENTUCKY

Here is an aerial view of the present plant of the American Rolling Mill located on the banks of the Ohio River at Ashland, Kentucky.

BY RAY HATCHER

Ashland's billion dollar industry, the American Rolling-Mill Company plant, has launched an \$8,000,000 construction program that will surpass everything in its continuous stream of improvements since its location here in 1922.

Already one of the finest steel plants in the nation, \$3,000,000 worth of reconstruction will condition the local industry to handle a greater volume of production than any other mill operated by the American Rolling Mill Company, whose main offices are in Middletown, Ohio.

However, a greater portion of the huge appropriation, the cost being estimated at \$5,000,000, will pour into the erection of a giant blast furnace, momentous enough to turn out hundreds of tons of pig iron daily for use in not only the local plant but in other steel industries of the nation.

The huge furnace will be a new development for over one hundred years, a direct market for more than 125 car loads of Great Lakes ore daily; lowering 200 feet this new industry will also stand out as a sentinel of Ashland-Armco's continuous progress.

All Eastern Kentucky recently saluted the American Rolling Mill Company in its new undertaking at a colorful "ground-breaking" ceremony.

All Eastern Kentucky is aware of the vastness and the great worth of an industry such as Armco. The American Rolling Mill Company purchased the Ashland-Iron and Mining Company's holdings of furnaces and property in 1922 and spent millions of dollars in founding the nation's number one continuous rolling mill. The West Ashland works underwent extensive reconstruction. Ashland immediately

became known as "Kentucky's City of Steel" and the city "Where Coal Meets Iron." It was given national recognition as one of the country's greater steel producing centers.

When Armco established one of its finer operations in Ashland nearly two decades ago, many men of outstanding achievements in the steel industry were transferred here from other plants. They brought with them two distinct qualities that have been upheld in high esteem through years past and very probably for years to come.

The maintenance of both of these standards in the local plant has been unparalelled by any other steel producing plant of its size. The Ashland plant for a number of years has been the "iron man" of the city which is awarded annually to the department having the outstanding safety record of the year in any one of Armco's five operating plants. The trophy is now in the possession of the processing department of the Ashland plant.

Among the outstanding improvements Armco has made at the Ashland plant are listed the following: new hot- and cold-heat and trap shooting fields.

These and hundreds of other Armco features, both industrially and socially, are obvious reasons why Ashland is the most complete of entertainment and economic blessings of the steel industry.

From 6 to 8, purchased new character, roller pit and mill crane, installed two three-high hot rolling mills, built new rebar mill and pickling units, enlarged the blast mill, enlarged the processing and jobbing mill warehouse buildings, and built six main boiler room buildings and six main refrigerating plants for cooling drinking water.

The additions and improvements have made it possible for the local plant to produce any type of rolled sheet.

Outstanding among the international organizations is the Ashland-Armco Employees Association that was founded in 1923 to afford relief to any member who, through sickness or injury, be rendered incapable of performing his duty, and also to promote the general welfare of its members and to maintain close relationship between employees of the various departments. Although not compulsory, all Armco employees are association members.

In addition to personal service to its members, the association is directly responsible for the many social and recreational features which are not only enjoyed by Armco employees but by the entire city of Eastern Kentucky. Southern Ohio and nearby West Virginia. A complete list of activities sponsored by the association since its founding would be too lengthy to list, among them may be mentioned the baseball and football teams of the late twenties and early thirties. Armco field has served the community as a site for not only football and baseball but also for track meets, boxing events, softball and other activities. It is one of the home fields for the Ashland-Columbus High School team of the Mountain States National League.

Popular among Eastern Kentucky gentlemen are the trap, dove and trap shooting fields. These and hundreds of other Armco features, both industrially and socially, are obvious reasons why Ashland is the most complete of entertainment and economic blessings of the steel industry.

\$5,300,000 Taxes Paid by Railroads in Kentucky in 1940

Railroads operating in Kentucky paid a total of more than \$5,300,000 in taxes to the State, counties, cities and towns last year. Of this amount, at least \$2,645,000 went into School Funds; approximately \$960,000 went to build and maintain county roads and city streets, and the remaining \$1,695,000 went into General Funds.

IN-THIS COUNTY ALONE IN 1940 RAILROAD TAXES TOTALE \$47,325.92

Thus the railroads paid a generous share of all the money required to conduct State, county and local business. This includes public education, streets and highways, public health work, police and fire protection, mental and tuberculosis hospitals, penal institutions, public charity, administration, and all the other services that you and other citizens require of your State and local governments.

You can readily see by these figures that every section of our Commonwealth shares in the prosperity and earnings of Kentucky railroads. So it is to your interest, as a progressive citizen and taxpayer—

1. TO OPPOSE unfair national or state subsidies to competing forms of transportation.

2. TO SUPPORT fair and reasonable measures to put all other carriers for hire under regulations similar to those prescribed for railroads—which bear so large a part of the general tax burden and carry over their own roadways the bulk of the transportation load in peace and in war.

* The railroads also pay to the STATE taxes on all their property located in this country. A large part of these State taxes appear in the county townships and other State services.

Mullins Answers Stacey's Committee

To the Voters of Rockcastle and Laurel Counties, during my campaign for the two counties, and from what I gather from the press, I notice my opponent, Mr. Stacey, keeps on talking about my being employed by a Big Corporation, and that I would try to put laws into effect to control all the little industry. I wish to say now that I do not and I want those little trucks that keep our filling stations going, and garage mechanics with employment. If I did, what good would it do? Mr. Stacey has the either will have very little influence in the Legislature, however I will be a Legislator legging at the table, and any crumbs that falls for the benefit of my people, I will do the best I can with it for their benefit.

I notice also where Jim Lige, a Committee looking after his business in Rockcastle for him, they are composed of three if not four men, one is an ex-Banker, one a manager of a Garage, another Coal operator, (Large coal operator at that) and another who has been a candidate for some office in Rockcastle County every election except a few in the last years, and he never has been successful yet.

Now a few words about the main thing that keeps our County going, especially our schools where our children get their education, TAXES.

There was paid into Laurel County for the year of 1940, \$35,820.14 by the E. & N. R. Co., and for Rockcastle County \$46,148.94. There was paid into Laurel County from the Big trucking companies Tax \$152.56, and into Rockcastle County \$176.40.

I publish these figures to show my good friends in the Counties, that I have your interest at heart, and will strive to keep our schools and counties going in the best way I can and that I have no committee looking after my campaign, and will also in saving the people are managing my campaign for me and I feel assured of their success. Mr. Stacey works for as big a corporation perhaps as I do, one of the Big Bonding companies he don't tell you about that. He commands me of a lost calf at a Big Baptist association, or the calf that followed the steer away from it's mama, but he will find out the difference when August 2nd comes, he has had a committee that has advised him wrong.

Again thanking you for your kindness shown me, I am your true and tried friend.

Earl Phillips For Judge

My campaign is now almost over and I wish, at this time to express my thanks and appreciation for your encouragement and efforts in my behalf as a candidate for your next County Judge. As I promised the people of this county, and as I have always done heretofore, I have written a clean record.

I have taken no part in mudslinging or petty personal attacks, which can only result in future hatreds and bitterness, sometimes irreparable. I feel that this quarreling and throwing personal epithets and grievances at each other, is unbecoming to an aspirant to a judgeship.

I am not trying to force myself on you people, nor mislead you with false promises. You know what you want. I am appealing to your intelligence.

My record as your sheriff, as well as my entire life is open for your inspection.

Vote and work for what you want, and do not be misled by last minute rumors and misrepresentations of the truth. I and all my people, have always been republicans and supported the nominees of the Republican party, and shall continue to do so.

Let us be not discouraged, but go honestly and steadily forward striving honestly for what we want.

I assure you I feel confident of victory.

Mr. and Mrs. Burdett Brown and family of Ottawa spent Sunday with Mr. and Mrs. T. B. Dillingham.

Miss Young Dillingham of Louisville, Ky. here last week on account of the illness of her sister, Elaine. Goram Lee Dillingham returned home Saturday from Cincinnati where he spent a few days with his grandparents, Mr. and Mrs. Mado Hamm.

B. Hess Parsons For Tax Commissioner

Being informed by the news papers of Rockcastle County, of the race for Tax Commissioner, on June 24th two days before the dead line to register, I registered. Mr. H. C. Kirby was the only one who had registered. The next day Mr. Kirby and I began to talk and my opponent registered. He is my neighbor. I will make no fight against him, but my name will be on the ballot and if you voters want a new Tax Commissioner you may vote for me. If elected I will appoint qualified deputies from the proper sections of Rockcastle County, picked by taxpayers, and give you a business and proper assessment.

Your friend,

B. HESS PARSONS

Miss Clarissa Hicks has returned to her home at Hindman to spend the remainder of the summer.

Boy Scouts Have Enjoyable Trip

By Aubrey Russel, Scoutmaster
If there is any noticeable look of fatigue in the faces of the boy scouts this week it is because their annual week's camping trip is over. For some time now each Scout has been planning their weeks stay at Owens Island Camp. It was hardly possible to do without the mention of the trip. On Monday last we left to truck with camping equipment, cooking utensils, army cots, bed clothing and plenty to eat, making the trip complete with two good cooks.

There were twenty-five making the trip including Mrs. Russell and Frances Henderson, rightly called "Chief Cook and Bottle Washer". The cots stayed in a cabin and served the meals with the help of the boys on an improvised table. The tents were set up on top of the hill where noise and the throwing of empty cans made little disturbance. Swimming was the main feature with the boating and fishing taking a minor place. During the week rain disturbed us only twice causing little inconvenience. No one was hurt, no one sick and a few minor sunburns completed the picture. We had one left the Bible hungry. Most of us were glad to get back. The center of attraction was Tommy diving in the pool.

NOTICE

On and after August 1st, 1941 six percent interest will be added to all unpaid street improvement tax in the Town of Mt. Vernon.

PHILLIPS & COLLETT FOR JAILER

TO THE VOTERS OF ROCKCASTLE COUNTY:

As the primary election day draws nigh, we feel it our duty to give our good friends and supporters information concerning our progress in this race, we have tried our best to see the majority of the voters, and have practically contacted the majority, and we feel assured of a great victory, August 2nd. One of the major reasons for our successfully nomination, is that some of the contestants have already thrown up both hands and said its enough for me. Wally and Ollie have got the Jailers place in the bag, yet he says he withdraws in favor of Anglin. To late now Ott, to try and pull that old eve of election stuff, the voters of Rockcastle County are not for trade and are wise and you cannot tell them what to do now.

We are so thankful for the support that has been promised us, and if you wish to see the management changed at the jail house, help us out by voting for Wally Phillips, and swell the majority so those who oppose us, will wish they never had announced themselves for this office. Now is the time for the people to choose between the good and evil, please help us to be a help to you, and the same will be long remembered, and we promise to repay you in kindness and good treatment to those who are unfortunate and have to be placed in the custody of the Jailer.

We promise you a business like administration, and one of us will be on the job both day and night, in case of fire, or riot in the jail, no prisoner will be beat to death by another, and the jailer off somewhere, and no one available to separate them.

Keep us in mind, and we will ever be grateful.

Yours,

C. W. Phillips

Vote For WALTER SOWDER For Sheriff

As the primary campaign is drawing to a close, and the verdict of the voters will be rendered on August 2nd. I wish to thank all who have taken an interest in my behalf. I have tried to make a clean campaign, without resorting to personalities by discussing the merits or demerits of those running against me. During my four years as deputy sheriff, I tried to do my official duties faithfully and well, and will continue to faithfully and impartially enforce all the laws of the Commonwealth. As I stated before, I have chosen as my deputies two well qualified and faithful citizens of Rockcastle County; Mr. Walter Robins of Brodhead, and Mr. Charlie Ramsey of Wildie. Any assistance given me in this campaign will be highly appreciated.

To The Voters of Rockcastle County :-

In my travels over the county I have been deeply impressed by the friendly attitude of the people from all sections. They have all encouraged me, saying that I deserve to be the next jailer. I have tried to leave out personal feeling in this campaign, feeling that the voters should elect a man whom they desire. You will find me the same Ivory Anglin after the election, win or lose.

Your friend,

Ivory Anglin

To The Voters Of Rockcastle County

There has been a question in the minds of the people to who is the strongest man to defeat D. G. Clark for Jailer, after studying this matter over and canvassing this Co. I have come to the conclusion that I will withdraw from this race as a candidate for Jailer and I ask my friends and those that intended to support me, to throw their influence and support to I. L. Anglin. A vote for I. L. Anglin is a vote for me, as I will be his Deputy Jailer. Mr. Anglin or myself could have defeated Mr. Clark but I decided it would be better to be sure of his defeat and there would no longer be any question in the minds of the people as to who is the man to defeat D. G. Clark.

Let's all get behind Mr. Anglin and defeat the man that everybody wants to get rid of.

Aluminum Drive On For Government

A county-wide drive to secure old aluminum to be donated to the government to build airplanes has been started this week, and those who have old wearing utensils or other aluminum parts should send or bring to the vacant lot opposite The Bank of Mt. Vernon, Boy Scouts and other agencies have volunteered their services to help secure this vital metal.

Every State and county in the United States are making a concerted drive to secure aluminum. When the final quotas are in, this county must have her share of scrap aluminum.

To The Voters Of Rockcastle County :

As election day draws near, certain false rumors and propaganda against me are being set afoot for the purpose of deceiving the voters. To every voter in this County, I can say truthfully that I do not use intoxicants in any form, and when elected, I will continue to be sober. I shall not operate road houses or tourist camps where intoxicants are sold, nor shall I go home to bed on Saturday afternoon or night to keep from arresting drunks and bootleggers. I and my deputies, guarantee protection to the churches, regardless of denomination and without partiality. I request the voters to ask my neighbors and those who know me best about my moral life and whether I use intoxicants, and when this is done, the false rumors and propaganda will not be believed. My deputies are Ted Mink and Givins Lear, two men of good character, sober and law abiding. On election day, cast your vote for me and we will all work hard together for a better Rockcastle.

ARTHUR PAYNE

To the Republican Voters of Rockcastle County :-

If I am nominated and elected your County Judge for next four years.

- I will NOT take up my residence in the Court House.
- I will NOT sell my farm to the county.
- I will NOT raise my salary.
- I will NOT force the state to put a raise of 30% on the Taxes on the Real Estate of this county.
- I will NOT Desert my Wife and Family.
- I will NOT beat up the Aged Citizens of the County.
- I will NOT insult the Women that come into the County Judge's Office.
- I WILL make you a sober, moral, honest and impartial Judge.

Primary Election Around Corner

The Primary election is next Saturday, August 2. Much interest has been manifested by the voters, and practically all county offices are being contested. From reports over the county, an

unusually large vote is expected. In this county the Republican nomination is equivalent to election. However, Democratic ballots have been printed, but only two offices are contested.

Next week's paper will be filled with last minute pleas to the voters, and it will be an edition that all the voters should read carefully. The paper will be issued one day early next week.

Signal 1 Day Early

As the primary election is Saturday, August 2, the Signal will be issued one day early, Wednesday, instead of Thursday, in order to give the candidates more time to bring their last minute messages to the voters.

All correspondents and advertisers should get their copy in as soon as possible.

To The Republican Voters of Rockcastle County :-

For the past several issues of this paper I have been pointing out instances of misappropriation of our taxes. These instances are of record in the clerk's office.

Judge Carter pawned off his farm on the county for \$4000.00 of the taxpayers money. He tells us that this has brought a saving to the county. I can't see how anything has been saved because only two or three persons are on the farm at a time. The truth is Judge you needed \$4000.00 and had to give the county some little something for it.

Judge, here in Rockcastle county incomes are small. Our taxes are needed for road building and other legitimate purposes. Yet, you made the motion for the judges salary to be raised to \$2400.00 besides the fees. We taxpayers believe that is too much salary. It indicates that you are attempting to get all the money possible. In April 1933, when I was a magistrate, I seconded the motion that fixed the judge's salary at \$1200.00 yearly. I leave to you voters the decision of who has the interests of the county at heart and who has only his own interest at heart.

The law (Kentucky Statute 3747a-1) requires a financial statement to be published in the paper annually. Yet, Judge Carter did not have this done. I wonder if it is not because he is ashamed of this wasting of the taxpayers money and wants to conceal it from them.

It is a matter of common knowledge that Judge Carter has abandoned his family and sleeps in the big roller of the court house—I do not believe this fine family deserves to be abandoned for the affections of some other woman.

Voters, look about you and note the immorality and law violation that go on within your county. Due to looseness in the enforcement of the law this has consistently grown worse and worse for the eight years of Judge Carter's administration. Do we have any reason to believe that it will become any better if Judge Carter is re-elected? On the contrary we have every reason to believe that it will continue to grow worse and worse if we re-elect Judge Carter.

Yours for a better Rockcastle County

SLANTS

By W. L. S.

Election time will soon be here and this office is a busy place. The candidates as a whole have advertised exclusively in their county paper, and the majority have had all their work done here. All candidates that we have had dealings with have treated us very kindly, and we hope that all are our friends. We have tried to be impartial and treat all alike.

Advertising is what makes a newspaper possible. The candidates for election know that their advertisements are read all over the county. As the readers of the Signal know, nine-tenths of all the business houses in means or DO NOT believe in advertising. The Signal, they either have other means or DO NOT believe in advertising. We have the confidence and the readers, and a small business house can increase his or her business by ADVERTISING RIGHT. People know these firms are in business, but they don't know all the items these merchants carry, or the prices. Sears-Robuck and the other large mail order houses, not only give the price on all their articles, but show pictures as well. It is no wonder that Rockcastle people spend many thousands of dollars annually with these firms, when local men, make little or no effort to get this business. We believe that most people want to trade at home, if they can get a fair price, and if the local merchant available.

Advertisements are as much news as any happening in the community, because usually they save the buyer money. The farmer can advertise by using the classified ad department, which usually only cost a quarter. Each week more than five thousand people read the Signal, and it might be that they want something you have or you are in the market for their products.

No community in the world ever prospered by living within themselves. When you follow the same methods that your father or grandfather did twenty or fifty years ago, you are living in a dead age. Today, new methods of advertising are used and good roads have opened many new markets that formerly were not used.

Rockcastle county is ideally situated, and especially in the New South, the reason our business is not more because the majority are satisfied.

We have heard very little comment on Highway 25 coming or not coming through Mt. Vernon. The majority seem to feel that the State couldn't afford to make such a big investment in its prominence. We hope that in this case, and the highway will go through here.

Prayer Services
Mr. C. H. Noe will have charge of the Prayer Meeting next Wednesday night in my absence. The Lord willing, I will be with Brother Hugh Gum, at a Revival Meeting at the Beech Grove Church, near Crab Orchard, beginning Monday night. Let every church worker be present for the Prayer Service.
The Christian people today are challenged as never before "to go and tell the good news about the kingdom of Jesus" and will do wonders, things if He is given a chance. Unlike many men, Jesus will keep His promises through-thick and thin. He does not deceive. His record is always approach.

All who are meeting with troubles and disappointments are invited to attend our services for Spiritual strength and encouragement.

Many will be glad to know that Mrs. J. T. Meadows, who is in the Starns Hospital, is getting along well and is expected home this week end.

We extend our deepest sympathy to the family of Mr. Charles L. Doan and loved ones in their bereavement.

Salt Petre Cave To Open Sunday

The long-heralded official opening of Salt Petre Cave has been definitely set for Sunday, July 27, and with a new road that will take the visitor within a few yards of the cave, a large crowd is expected to attend the opening day ceremonies.

One of the main attractions besides the cave itself is the broadcast over WHAS that will be made by remote control. Engineers from the Louisville station have been to the cave making arrangements for this unique broadcast. The time of the airing will be 3:00 D. S. T.

Another feature of the program will be John Jacob Niles, noted lecturer, who besides his talk, will give a solo on his dulcimer, a musical instrument that was first used by the Jews in Biblical times.

Salt Petre Cave is known from coast to coast, as it is listed on all geographical maps. Many residents of Rockcastle county, know of the cave's whereabouts but have never had the opportunity to visit the famous landmark, due to its inaccessibility. Now that a suitable road has been constructed many people will be able to motor to this underground cavern which is ideally located for vacationists.

The new road is situated nine miles from Livingston on the farm-to-market road that leads to the Red Hill section. Turn left at the Cave Ridge school and this road will lead directly to the cave.

Plan now to take in this big event. Basket dinner will be served on the grounds, and refreshments will be sold.

GREEN PARKER ASKS FOR YOUR SUPPORT

As the election is drawing to a close I wish to take this opportunity to make my position clear on my candidacy for jailer. It has been reported that I have withdrawn, but this is absolutely untrue as you will find my name last on the ballot, and I intend to make a fight to the finish.

This is the first time I have ever run for office and have always been a solid REPUBLICAN and a taxpayer in the county.

When you cast your ballot August 2nd, remember the name of GREEN PARKER, and you can be assured that I will make you a good honest Jailer.

Private Shelby W. Hasty of Fort Lewis, Washington has written a very interesting letter about army life in Washington. We are glad to print the entire letter below:

July 16, 1941
To the Mt. Vernon Signal
Dear Sir:
Just a word about the army in the west.
We have plenty of hot and cold weather here right in the summer-time.
The food is good and plenty of it too. The best that the country can produce.
We have lots of hard work to do at all times in the Quarter-Master and we like it too. We're here.
A soldier in the Quarter-Master also has to be a good infantryman too. The soldiers here at Fort Lewis have just come back from two months' maneuvers in California.
The army is alright for young men to be in for a year, but after that I don't think it will be so good unless you want to make a life's work of it.
I was in Ohio at the time I came into the army as a selectee. But I have lived in Rockcastle Co. a few years and also have many friends there. I wish to take this time to say hello to my friends and fellow countrymen.
I still get all of my Signals far out in the west.
So I will sign off for this time.
Yours truly,
Pvt. Shelby W. Hasty
H. Q. and H. Q. Co. 3rd O. M. Br. Fort Lewis, Washington.

P. S.—
Maneuvers to a soldier is like a dog life you sleep in a pup tent, wear dog tags and bark atchow.
If you don't believe it come on and join up. It's all for defense. A year or two won't hurt you. It hasn't me in fact it has helped me. So may the stars and stripes fly forever.
S. W. Hasty

Co.-Wide Singing At Renfro, Aug. 3

Thousands Expected To Attend Convention

Edward K. Cook, chairman of the Singing Convention, has already informed us that this year's convention will be the best held yet.

An old-fashioned basket dinner will be held at the grounds during the noon hour, and the best in Kentucky foods will be put on display to be devoured by the hungry visitors.

Mr. Cook tells us that over twenty-seven quartets from the surrounding counties have accepted the invitation to participate in the day's activities, and probably many more will have accepted before the final date of the singing.

This Singing Convention is one of the largest in the State, and one of the best. Last year over five thousand people attended, and indications are that a much larger crowd will be here this year.

No admission is charged, and the first ones to come usually get a seat. Make your plans now, to bring the family, and hear some of the best singing in Kentucky.

Obituary

Mr. Charles L. Doan, son of Mr. and Mrs. J. M. Doan, who passed away Sunday, was born in Rockcastle County July 1st, 1895.

In 1916 Mr. Doan was united in marriage to Miss Hettie Harper to which union were born seven children, two having preceded him in death. They are Jay Preston and William Chester.

Besides his wife he is survived by five children, three brothers and two sisters: the children are Mrs. Leota Newland of Indianapolis, Ind.; Bentley, Pogoda, Doyle and Faye, of Mt. Vernon. His brothers are: George Doan, Akron, Ohio; Jim Doan, Lebanon, Ind.; and W. T. Doan, Mt. Vernon. His sisters are: Mrs. Jane Wilson and Mrs. Lola French.

Mr. Chas. L. Doan united with the Freedom Baptist Church in 1930, during the pastorate of Rev. Clyde Gooch and during the revival services held at that time by Rev. Hillard.

Main Street Scene Of Wild Shooting

Gunplay Follows When Three Men Make Escape

The Main street of Mt. Vernon was enlivened Sunday afternoon by a fusillade of shots, and pedestrians and motorists took whatever available shelter could be found. Some ran for the nearest alley, and others fell flat on the pavement.

The trouble occurred when officers received word to stop a car that had sidwiped an automobile near Pine Hill. When the hit-and-run drivers arrived in Mt. Vernon, Wade Livesay flagged them down, hopped on the running board, and told them to turn around and go to the Judge's office. Instead of complying with his request, they applied the gas and shoved Wade off the car, and raced up Main street. Wade immediately opened fire with his pistol, and he was joined in the shooting by John Cox, who happened to be near. The car was occupied by Wade Darnon, of near Boone, Jim Issacs, of Berea, and Hal Tyree, of Berea. One of the shots hit Darnon in the leg, and the other two in the shoulders, two of Horseshoe Bend. Tyree, managed to make his escape, and his whereabouts are unknown.

The two men were lodged in jail on a charge of hit and run driving and resisting an officer. Issues made bond and was released Monday until the examining trial which will be held Saturday.

Walter Owens Slays Charles Doan

Fatal Shooting Occurs Near Mareburg

Charles Doan, a farmer, who resides near Mareburg, was killed Sunday morning by Walter Owens, who lives in the same neighborhood.

It is alleged that Owens fired almost pointblank at Doan, who was sitting on the porch of Owens' brother. It is reported that after the shot was fired, Owens, then used the gun as a club and struck Doan several blows. A physician was summoned immediately, and he pronounced Doan dead.

Owens, after the shooting, walked to Mt. Vernon, and gave himself up. He is held on a charge of willful murder, and at the preliminary trial held Wednesday morning the defendant waived examination, and was bound over to the grand jury at the August term of court.

The cause of the unfortunate shooting has not been definitely determined, but it has been rumored that Owens had held a grudge against Doan for some time. On the morning of the killing, it is alleged that Owens took exception to some remark by Doan, got a gun, and fired the shot that proved fatal.

Mr. Doan is survived by a wife, and five children. The complete obituary will be found elsewhere in this paper.
