

Game & Fish News

Frankfort, Kentucky
By James J. Gilpin

Frankfort, Ky.—The Kentucky hunting fraternity will close firing on doves on October 27 and on snipe on October 31, according to a statement issued today by S. A. Wakefield, Director of the Division of Game and Fish. The open seasons on doves and snipe will "fall" on those respective dates.

Wakefield pointed out that with the exception of hunting ducks, there would be no other legal game season in Kentucky from November 1 until November 24 when the season opens on rabbits, quail and the turkeys. The migratory waterfowl season opened October 16 and will continue through December 14.

As this is the time of year when hunters are soon exercising their rights in the fields, Wakefield suggested that no guns be carried by them unless while working their farms. This would eliminate any unnecessary loss of life.

Consent with wild game was made or if the hunters were approached by a Conservation Officer.

Again Kentucky hunters and fishermen were urged to "hang on" to their metal licenses and permits and to use them over and over. All sportsmen should be more careful in the handling of their holdings and to make a special effort against losing them or misplacing them in the future.

Before helping the Division of Game and Fish to save money from the expenditure for such holders and assisting in the national defense program as well by saving metal.

Frankfort, Ky.—Receiving the full charge of a 12-gauge shotgun in the back of his head when his brother, Normal Mallick, 20, of 319 E. Jefferson, stumbled while the two were dove hunting near Shepherdsville yesterday, Karim Mallick, 27, of E. Walnut, Barber, was dead at 11:30.

So reads an article carried in the Louisville Times, Monday morning, October 13.

Stories of many accidents of this nature will be narrated in the near future during the next three months, S. A. Wakefield, Director of the Division of Game and Fish, pointed out today, and urged hunters to use extreme caution and safety while handling firearms while roaming the woods and fields of the Commonwealth during the hunting season.

Sometimes we hunt mostly for the pleasure of it, and it takes only a moment to forget the memory of the good hunting and the pleasant companionship of what might have been a happy hunting trip," Wakefield explained.

The Division passes on TEN COMMANDMENTS of MARIQUET LAW which every hunter should memorize and observe while in the field:

1. Handle every gun as if it were loaded.
2. Be sure of your target before you pull the trigger.
3. Never leave your gun unattended unless you first unload it.
4. Carry your gun so that you can control the direction of the muzzle, even if you slip.
5. Always make certain that the target action is clear of obstructions—but be sure to look into the breach of the gun, not the muzzle.
6. Never point your gun at anything you do not want to shoot.
7. Avoid horizontal walk holding a gun.
8. Never shoot at a flat hard surface, such as rocks or the surface of water.
9. Instruct your children in the proper use of firearms and explain the dangers of the weapons.
10. Do not mix gunpowder and alcohol.

Money Talks

By Frederick W. Stinson, Economist and Director of Adult Education University of Louisville

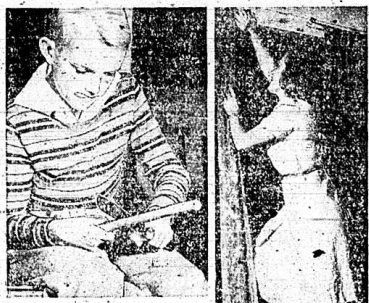

The hearings before Congress on the Price Control Bill should be of great importance to every consumer and to every business man, and indicates that we are in for real inflation unless something is done before long.

Isador Lubin, Commissioner of Labor Statistics, advised the committee that price rises in retail goods have not come up as fast as commodities and raw materials.

He pointed out that prices of twenty-eight basic commodities on September 28 were 55.6% above August, 1939, levels, but that the average of living had risen only 8.7%.

It was also brought out that between August, 1939 and September, 1941, prices of raw wool had gone up

Home Accident Deaths Highest In Five Years

Infections arising from cuts and scratches play major role on the home accident front. Above—The kitchen butcher knife is a poor whittling blade, especially when it is drawn toward the body. Right—Falls last year killed 16,000 Americans in their homes. Refer to a chair or other furniture as an improvised ladder.

Washington, D. C.—Carelessness is writing a new stanza to "Home Sweet, Home."

According to the American Red Cross, home accidents last year accounted for their greatest family toll in five years. Some 33,000 persons lost their lives through falls, burns, poisonings and other hazards of everyday home life. Although less dramatic—consequently less apt to attract public interest—home accident fatalities ran a close second to death on the street and highway, trailing by 1,500 deaths.

With carelessness playing the leading role, more than half of home accident deaths were attributable to falls—occurring on stairs, slippery floors, insecure rugs and use of chairs and other articles of furniture as improvised ladders. Burns and accidental poisoning followed in that order.

51.9% and averaged 20.5% higher than the retail price of men's wearing apparel had risen only 9%. In this same period raw foodstuffs went up 69%; wholesale prices of processed foods rose 33%; but retail prices were up only 9%.

Although retail price for foodstuffs was high, the great disparity between wholesale and retail price increases indicates that we may look for much higher retail prices.

Many experts are predicting a 19% increase in the cost of living in next spring and very likely 20% this year, 25% higher a year from now. This will have a direct bearing on our wage and budget plans. Although hoarding is frowned upon, I cannot help but advise prudent buying now.

Goods on your shelves is far better than money in your pockets in times of rapid price advances.

Ky. 4-H Club News

Twelve dozen fruit jars were distributed in prizes at a 4-H club exhibition in Graves county. One club girl won 40 jars. Loretta M. Wyatt, the home agent, considers such prizes better than a small amount of cash.

At the Logan County Fair club members exhibited 160 articles of clothing 117 jars of canned foods, 13 baked foods and five room improvement exhibits. Cash prizes totaled \$60. It is estimated that 4,000 persons saw the club exhibits.

The Lincolnton 4-H club sponsored a community fair for farmers, homemakers and 4-H club members at Kingston Grove in Letcher County. Although it was the first fair ever held in this community, there were 175 exhibits, and 400 persons attended.

Jefferson county 4-H club members received \$50 in prizes for their exhibit at State Fair. Their exhibits included 23 dairy cattle, 17 hogs, 60 chickens, three potato exhibits, 62 food exhibits, 27 canning exhibits and five room-improvement exhibits.

James B. Morgan, A. McCreath county boy, made a profit of \$113 on a litter of 10 pigs which weighed 2,014 pounds when sold at the age of 165 days. Four acres of red clover and rape helped reduce the cost of the litter.

Ten Jackson county club members put on a series of demonstrations in the use of electricity at the annual meeting of the county's electric cooperation. The boys learned how to install equipment, and girls learned how to cook with electricity.

Trying to kill wild onions, a Marshall county farmer is seeding 25 pounds of vetch and 1 1/2 bushels of rye per acre.

Mr. and Mrs. Bill Cromer spent Sunday with her sister, Mr. and Mrs. John D. Miller.

Safetygrams

By Fred W. Brann

The majority of pedestrians killed in traffic accidents meet death after dark. Four out of five adult pedestrians who are killed in traffic lose their lives between 5 p. m. and 1 a. m.

Studies also show that the pedestrian who has never driven a car is very unfamiliar with the limitations of the automobiles as well as the limitations and capabilities of many drivers. Therefore, the pedestrian takes unnecessary chances because of his lack of knowledge and in many instances, accidents are not the fault of the driver.

Our schools are making rapid strides in educating our pedestrians, and education is one of the apparent steps towards eliminating pedestrian accidents.

Walk with Caution

How to make home storage structures has been studied in Calloway county, in a series of 11 community meetings.

Million Dollars To 4-H Cattle Feeders

Approximately 1,600 calves are being fed by Kentucky 4-H club boys and girls for the annual fall cattle show and sale to be held at the Bourbon Stock Yards in Louisville Nov. 4-7. This will be the 20th annual show and sale.

Statistics gathered at the 4-H club department of the College of Agriculture and Home Economics at Lexington show that 4-H club members have received more than a million dollars from the sale of their calves and in cash premiums, in the 19 years since this show and sale was started.

A total of 6,571 boys and girls have showed 11,614 calves, selling them for a total of \$984,788, and receiving in addition \$58,947 in premiums.

The highest average price was \$15.94 per hundred, received in 1927, and the lowest \$5.60, received in 1933.

Last year 629 boys and girls showed 689 calves and sold them for an average of \$12.46 a hundred, or a total of \$740,525. They also received \$3,825 in prizes.

Have You A Date with a HEADACHE?

Next March, Uncle Sam will expect you to figure your 1941 income tax and pay what you owe—no more, no less.

And that's going to be one awful headache unless you have all your figures on income and expenses.

The best place to get them is from your deposit slips and check stubs. If you don't have a checking account by all means start one for your own protection. Use the friendly help of

Mrs. Hayes Clark and daughter Della Mae and son Hayes Jr. spent Monday with Mrs. Ellen Baker of Orlando.

Danville in the Bluegrass

Above is "Constitution Square," in the Weisiger Memorial State Park, Danville, where the first State Constitution was adopted in April, 1792. It will be dedicated April 19, 1942, when the 150th anniversary of Kentucky Statehood will be celebrated with a historic pageant.

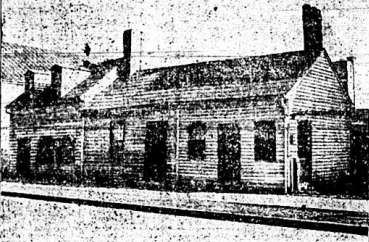

This is one of a series of articles sponsored by the Kentucky Press Association which in 1941 would tell the world in 1942—See the Constitution!

(By J. CURTIS ALCOCK)

DANVILLE, the Birthplace of Kentucky, in the Bluegrass region, is a small city of many charms, possessing beautiful homes and historical shrines. Here the first Kentucky State Constitution was adopted and the first celebration of the sesquicentennial of Kentucky Statehood will be held here in April, 1942. The replicas of the original log courthouse, jail and church are shown above. It will be a homecoming time in Kentucky, and Danville will welcome with open arms the many thousands expected to visit in all Kentucky in 1942—Sesquicentennial Year.

Visitors to Danville will see the memorial home of Dr. Ephraim McDowell, now a State shrine, and the first postoffice building in the Western country beyond the Alleghenies, still standing; famous Centre College and its beautiful buildings and campus; Kentucky School for the Deaf, founded on April 11, 1823, the first school for the deaf in America established and maintained by State government; the home of Kentucky's first Governor, Isaac Shelby; and the Perryville Battlefield, both near Danville, as well as many other places of interest, including Herrington Lake, the "Fisherman's Paradise," and a sporty golf course.

You'll be glad you visited Danville, whether it is for pleasure or for business—and a hearty welcome awaits you.

Kentucky's First Postoffice, built in 1792, in Danville.

The Dr. Ephraim McDowell House, a State Shrine.

NAVY COURTMEN PRACTICE BASKETBALL ON SHIPBOARD

Perfect physical fitness is required of sailors in the U. S. Navy and Naval Reserve. Excellent athletic facilities are provided both afloat and ashore. Pictured above are bluejackets of the aircraft tender, U.S.S. Wright holding basketball practice on shipboard. Almost every ship in the U. S. Navy has its own basketball team. Rivalry among the crews of the various crafts runs high. In addition to basketball—football, baseball, boxing, bowling, wrestling and tennis all rank high as sports with U.S. Navy's sailors. Organized inter-craft competitions are held for most sports. Trophies and individual awards usually are presented to the championship winning teams and players.

Calloway

By Mrs. Jack Stallworth

Miss Lenna Bee Mullins spent the day Wednesday with Mrs. Charles West.

Jarvis Cromer who is in the Army is at home for a weeks visit with his mother, Mrs. Criss Cromer.

Mrs. M. P. Fenzell of Elizabethtown is visiting her mother, Mrs. Celia Welch.

Miss Dorothy Haff, Mrs. M. R. Matyard, Mrs. Shirley Hiddlee, Miss Jack Crawford and Mrs. William Cox spent Saturday in Lexington and attended the races at Keokland Rebuilding Highline.

A construction crew of Community Public Service are rebuilding the bridge between Brookfield and Mt. Vernon and Livingston.

Mr. and Mrs. D. C. Craig spent Thursday and Friday in Louisville. Mrs. Elmer Delaney of Central City is a guest of her daughter, Mrs. Ed Henry.

Mr. and Mrs. Oscar Bryant spent Saturday and Friday in Louisville with Mr. and Mrs. Sam Cox, her brother, Mr. Gene Cobb and wife.

Miss Geraldine Fairchild spent Saturday in Lexington with her sister, Mrs. Wathaline Sunday they drove home and Miss Wathaline

spent the day here, returning to her studies at Transylvania that evening. For the moment, Constitutional Amendment No. 1 is the most important thing before the schools in Kentucky. The survival and progress of schools in less favored areas depend on it.

Mrs. T. B. Dillingham spent the week end with her daughter, Miss Yvonne in Louisville.

Mr. and Mrs. Urban Hamm and sons were in Danville Saturday.

Mr. and Mrs. Casey Hall and children and Mrs. Hall and son of Shelbyville spent the week end with her sister, Mrs. Claude Chaney. They were accompanied here by Kenneth Cummins of Renfro Valley.

In Memory

In sad but loving Memory of Mrs. Terrie Skidmore who departed from this life June 7, 1941. It was early one morning, just at the rise of day,

An angel came down from Heaven, And stole a precious jewel away, We loved her Oh Yes, We loved her, But Jesus loved her more.

And she is now resting, On yonder peaceful shore, Dear Terrie you were always smiling, And had a kind word for everyone, And we know that you're now smiling in Heaven.

Around Gods Great Throne, The parting was sad, but God knew best, There was more from in Heaven,

Where there's forever peace, and rest, This is just a Memory only, One that's true and come to pass, One thing I'll always remember,

As long as life on earth will last, I know that you have gone to Heaven, And a Golden Crown you'll wear, And Dear Sis I hope to meet you, In that home over there.

Sadly missed by sister-in-law Mrs. J. W. Stines

FOR POLICE JUDGE. We are authorized to announce RALPH W. GRIFFIN as candidate for Police Judge. Subject to action of the voters Tuesday, Nov. 4th.

Planners Recommend Diversion Terraces To Control Erosion

Expansion in the use of diversion terraces to control erosion is one of the principal recommendations in the report of the landuse planning committee in Pendleton county, Kentucky. While a large number of farmers in the county have successfully controlled erosion by skillful management, yet it is generally agreed that in most instances some mechanical means is necessary.

The handling of bushy and rocky lands also was given consideration by the planning committee. Such land, for the most part, can be restored to good pasture, it was said. A few small areas are so badly eroded and so rocky that they should be planted to trees. The use of legumes to help bring land back was suggested.

Livestock will be needed in the Pendleton county soil improvement program. For the benefit of farmers without funds, the committee called attention to the various types of agricultural credit.

The problem of adequate water supply was mentioned in several communities. While two privately-owned hydroelectric power plants employed in constructing farm reservoirs, the committee suggested that by cooperative action a saving would be possible.

The report was prepared by the county planning committee in cooperation with the Agricultural Extension Service of the University of Kentucky College of Agriculture and Home Economics and the United States Department of Agriculture.

WANT THRILLS? THE U. S. NAVY HAS PLENTY FOR YOU! Do things seem dull around town for you? Do you feel tied down by your job? Here's your chance to lead the most thrilling life in the world... and get paid for it! A chance to serve your country, too. For Uncle Sam's new two-ocean Navy has ships and planes which are unequalled by those of any other nation in the world. For those who enlist in the Navy there is a wide variety of fascinating work, including everything from aviation to engineering. Pictured here are a few of the thrills that are everyday occurrences in the life of a Navy man. They're open to you right now if you've reached your 17th birthday.

CATAPULTING A PLANE INTO SPACE takes nerves of steel and split-second accuracy. These Navy men work together like a championship football team. Courses in all branches of aviation are now being offered to you by the U.S. Navy. They qualify you to become a skilled pilot, navigator, radio expert, gunner, or aerial photographer. In fact, you can learn any one of 45 trades.

MOSQUITOES THAT TRAVEL AT 45 MILES PER HOUR! It takes a cool head and keen eyes to operate the new bullet-shaped PT Thursday and Friday in Louisville with Mr. and Mrs. Sam Cox, her brother, Mr. Gene Cobb and wife.

MANNING AN ANTI-AIRCRAFT GUN is real sport! If you know how to handle one. Each man has his station and a job to do. If he does it correctly, gun-crew functions as a single man—with deadly accuracy and superhuman speed.

ON SHORE LEAVE IN A STRANGE PORT. At theiller of a Navy launch, the coxswain takes bluejeans ashore. If you want to travel... Waikiki, South America, South Seas... the Navy's where you belong!

Get this FREE Booklet Mail coupon for your free copy of "Life in the U.S. Navy" 24 illustrated pages... Tells pay, promotions, and vacations you can expect... how you can retire on a life income... how you can learn any of 45 big-pay trades... how many may become officers... 27 scenes from Navy life showing games you may play, exciting ports you may visit, Tell-enlistment requirements. If you are between 17 and 31 (no high school required) get this free book now. No obligation. Ask the Navy Editor of this paper. Or telephone him. Or mail him the coupon. You can paste it on a penny postcard.

WEAR THIS BADGE OF HONOR! If after reading the free booklet you decide to apply for a place in the Navy, you will receive this smart lapel-embell. It is a badge of honor you will be proud to wear.

Are you considering joining a military service? WHY NOT CHOOSE THE NAVAL RESERVE! Don't wait. Choose the Naval Reserve. The Secretary of the Navy has announced: "All new enlistees in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be spared, regardless of the length of time remaining in their enlistment." Remember—The Navy and Naval Reserve offer you the same travel, training, promotions, pay increases, Physical requirements, in the Naval Reserve as more liberal. Find out all about the Naval Reserve. Send in the coupon now!

Tear out and take or send this coupon to the Navy Editor of this newspaper. Without any obligation on my part whatsoever, please send me free booklet, "Life in the Navy," giving full details about the opportunities for men in the Navy or Naval Reserve.

Army Would Boost Enlistment Rate

The Army today sought to boost regular three-year enlistments from Ohio, Kentucky, West Virginia and Indiana to more than 2,100 a month.

Fifth Corps Area Headquarters at Columbus, O., disclosed that this rate was necessary to meet existing War Department calls for the rest of the calendar year.

Including the last quarter quota of 3,301 for October, November and December unfilled vacancies as of October 1 totaled 6,437 mostly for the Army Air Forces.

Enlistment for the short month of September totalled 1,473, a slight drop from August when 1,732 recruits signed up. Enlistments for the third quarter however, were up 1,160 over those for the preceding three months.

In three-year Army Air Force enlistments for the last week of September, the Fifth Corps Area ranked third among the nation's nine corps areas. For the month, the Fifth Corps Area obtained 840 Air Force recruits, placing it fifth in the national standing. The Fourth Corps Area (the Carolinas, Georgia, Florida, Alabama, Tennessee, Mississippi and Louisiana) led with 1,784.

Home Economics Urge Keeping The Family Well Fed

With food costs advancing, a 3-part program for national defense—especially adaptable for farm folk—has been suggested by the home economics department of the University of Kentucky.

(1) Keep farm nutrition at a high level. To do so is a basic part of American defense. Use plenty of dairy products, meat and vegetables. "Eeek especially to see that the vitamins are plentiful."

(2) Raise both winter and summer gardens. Do this even if only on small plots (5 by 10 feet, for instance—flower bed-size). Neglect no available space, in the yard or elsewhere.

(3) Conserve to use economy in preparing food. Waste nothing. Much inexpensive food is highly nutritious. And in peeling potatoes, slicing lemons, and carving meat—in any one of several dozen regular kitchen operations—economy is possible.

Three Oldham Girls In National Contest

Mary Ellen Routt, an Oldham county girl who has entered the national 4-H club clothing contest, has made 392 garments, many of them for other people. Money received for her work will be used to pay for a high school education.

Evelyn Fischer, another Oldham county girl, has entered the national canning contest. "Born in comfortable circumstances, in a large city, my father's health failed and we were forced to seek a haven on a small desolate farm in Oldham county," she writes. Her canning has helped her family to have a balanced diet, says Miss Leah Hembree, the county home demonstration agent.

A third Oldham county girl will enter the national foods contest. She is Shirley Moser, daughter of a dairy farmer. In addition to four years of 4-H club foods work, she has had five years of dairying, four years of canning and five year of clothing work.

Army Needs 3,301 Three-Year Men

The War Department today called on Ohio, Kentucky, West Virginia and Indiana to furnish 3,301 more three-year recruits during October, November and December.

Fifth Corps Area Headquarters at Columbus, O., said quotas call for 1,529 three-year enlistments for the Army Air Forces, 946 for regular Army unassigned, and 375 overseas replacements.

Nine hundred Air Force recruits will be sent to Jefferson Barracks, St. Louis, Mo., replacement center for the technical schools; 630 to Biloxi, Miss., and 550 to Mechanics Falls, Texas, where airplane mechanic schools are located.

Thirty overseas replacements will go to Hawaii; 175 to Panama, 105 to Puerto Rico and 65 to the Philippines. Of these, 68 will be sought by the Columbus Recruiting District, 62 by the Indiana District, 119 by the West Virginia District and 120 by the Kentucky District.

Enlistment applications are being taken at all Army Recruiting Offices. Air Force candidates must be single, male American citizens at least 19 years old and not yet 25 who have completed the eight-grade course.

Give Rules For Cooking Apples

Home economics at the University of Kentucky College of Agriculture and Home Economics consider this a good year to serve more apples. On the whole, apple production was large this season, despite drought. Almost every tree of every variety was loaded early in the season.

Apples used liberally can make a real contribution to the diet, say home economists. For they contain small amounts of several of the vitamins and minerals. The amounts vary with the variety and length of time the apples have been stored.

To get the most food value from an apple, eat it raw with the peel on. That way you get its vitamin C value intact.

For good cooked apple dishes the home economists suggest the following three rules:

No. 1—Buy the apple that suits your needs. Some apples should never be cooked. And of those good for cooking, some are best for baking, some for pies, and some for general use. Learn about the possibilities of the varieties on your market. If you aren't quite sure about the apples you are buying, take home a sample before you invest in a large quantity.

No. 2—Use little or no water in cooking. The apple itself is over 90 percent water and much of this cooks out.

No. 3—Avoid overcooking by watching closely the progress of the apples on the stove or in the oven.

Members Of 4-H Clubs Active In National Defense

National defense was given a boost in Kentucky when members of 4-H clubs distributed 90,000 booklets dealing with defense bonds. The ton and a half of defense literature was received at the Agricultural Experiment Station at Lexington, and from there sent to county agents in each of the 120 counties. Each of the 45,000 club boys and girls received two booklets to place with families in their respective communities.

Members of Kentucky 4-H clubs also took a prominent part in the campaign to collect old aluminum ware. They canvassed the countryside throughout the state, visiting thousands of farm homes and collecting many tons of metal. In one instance, a 4-H club girl Jane handed collected over 100 pounds of old pots and pans.

Other ways in which 4-H club members are helping in national defense include gardening, poultry raising, dairying, swine and sheep raising, canning, baking and clothing making.

In Powell county, 5,000 pounds of vetch will be seeded this fall; also, spring seedlings were large.

Lambs pooled and shipped to Flemingsburg by Greenup county farmers brought an average of \$10.90 per cwt.

Brodhead Local Items

Mrs. Leslie Elder, Mr. and Mrs. John Sowder and daughter Diane, and Mrs. DeAlva Robbins, were at Lexington to visit their niece, Miss Dorothy Riddle who is a student at University of Kentucky.

Mr. and Mrs. Lois Sigmon and children of Louisville were the week end guests of relatives.

Mrs. D. H. Gray was in Louisville Monday on business.

Messrs Oscar and Arthur Moore of Dayton, Ohio were visitors here over the week end.

Mr. and Mrs. David Gravelly, sons, Gervis Robins and Billy David, of Louisville were the guests of Mr. and Mrs. Walter Robins and Mrs. Nancy Gravelly Sunday and Monday.

Mr. and Mrs. Hop Cox were called to Brumfield Sunday because of the sudden death of Mr. Cox's father. Mr. James Meredith left Saturday for a visit with relatives in Lancaster.

Mr. Johnny Lunsford who was operated on Sunday at Good Samaritan Hospital, Lexington is getting along very nicely at this time.

Miss Mary Ann Davis of Mt. Vernon was the week end guest of her aunt, Mrs. Walter Robins and Mr. Robins.

Announcements have been received of the wedding of Mrs. Bettie Gregory and Mr. Albert Albright at Miami, Florida. Both are former residents of Brodhead and their many friends wish them happiness.

Mr. David Webb is visiting relatives in Knoxville and Morristown, Tennessee.

Mr. John Kincaid who has been sick is better at this time.

Mr. Byron Baker, who is a student at Berea College was the week end guest of relatives.

Mrs. Albert Martin and son Brownie were the guests of her parents, Mr. and Mrs. Sim Brown in Mt. Vernon Monday.

Mrs. Earl Mullins spent Sunday in Louisville visiting her husband who is in Hazelwood sanitarium.

Mr. Clarence Frith arrived Tuesday to spend a few days with relatives.

Mrs. Henry Morgan and son Henry Brooks spent the week end in Corbin.

Messrs Carl and Charles Harris of Lockland, Ohio were the guests of relatives last week end.

Mrs. Charley Pigg, Mrs. Mattie Baker, Miss Ada Ireland, Mr. and Mrs. Tom Jones of Richmond were

the guests of relatives here Sunday. Dr. N. M. Garrett was in Frankfort last week on business.

Mr. and Mrs. J. S. Craig of Ottawa were the week end guests of their daughter, Mrs. Herman Singleton and Mr. Singleton.

Little Eugene and Curtis Craig Singleton have the whooping cough.

Mr. Andrew Taylor and Mr. Herman Singleton were in Berea Friday on business.

Mr. Billy Laswell of Lockland was the guest of relatives here for the week end.

Mr. and Mrs. Henry Riddle and daughter Darlene were here from Louisville with relatives Saturday.

Mr. and Mrs. B. H. Helm, Mrs. Herbert Hall and son Byron Brooks and Mrs. N. M. Garrett were in Lexington Tuesday on business.

Mrs. Robert Cummins and twin daughters, Betty Celia of Mt. Vernon were the guests of her mother, Mrs. Betty Newland over the week end.

Mr. Ernest Robbins left Monday for Louisville to attend the Masonic Convention.

P. T. A. is presenting a play "Coon Aristocrat Club" Tuesday night, Oct. 28, at 7:30. Admission 11c and 21c.

To the fans of the Brodhead Skating Rink—Mr. James "Bud" Meredith, your favorite Skating Star has gone to the country for a few days, for a much needed rest. We are proud to say we are expecting him

back in the floor the last of the week to entertain his fans as usual with plenty of new skating tricks. Don't fail to be there and see him when he returns.

"The Coonville Ristocrat Club" will meet at the Brodhead High School Tuesday evening Oct. 28th, sponsored by the P. T. A. All the prominent Coons in this vicinity who are not suffering with rheumatism or out of town are expected to be on hand, and soliciting new members. Come prepared to laugh.

Family Cans 1504 Quarts Of Foods

Having canned 1,504 quarts of foods, Mr. and Mrs. F. Cooley and 10 children won first place in the live-at-home contest sponsored by the third annual Green County Fair in Kentucky. Thirty families who had canned a total of 14,452 quarts entered the contest.

Measured in quarts, here are some of the vegetables put up by the Cooley family: 29 of squash, 25 of carrots, 54 of beets, 124 of green beans, 30 of peas, 170 of tomatoes, 27 of soup mixture, 38 of tomato juice, 80 of corn, 24 of butter beans, 36 of cucumbers, 21 of honey, 230 of okra, 54 of okra, 25 of turnips, 5 bushels of onions and 100 pounds of dried apples.

Other food sources of the family are eight milk cows, 75 hens and pullets and five hogs.

Carroll county 4-H'ers are making community exhibits showing how to cooperate with food for freedom program.

Willaila

By Mrs. Leonard McClure
Mrs. John Brown is spending a few days with her son Joe Herrin and family.
Mr. J. J. Cummins who has been sick so long was able to be taken to see his brother, Mr. J. S. Cummins who is in very bad condition.
Mr. Leonard McClure who is working in Louisville spent the week end with his wife and children here.
Walker Hurst spent Sunday with Everett McClure.
Willis Thompson spent Sunday with Vernon and Robert Cummins.
Mary Herrin spent Sunday afternoon with Virginia Lawrence.
Donald Thompson spent Sunday afternoon with Everett McClure.
Willie Brown spent Saturday night with Mr. and Mrs. Cell Norton of Wabed.
Mr. and Mrs. Charles Philbeck of Mt. Vernon spent Sunday with Mr. and Mrs. J. S. Cummins. Mr. Cummins remains ill.
Mr. and Mrs. George Long spent last week with Mr. and Mrs. J. S. Cummins.
Mr. and Mrs. Ondes Stevens and children spent Sunday with Mr. and Mrs. Osborne Broyles of Walnut Grove and attended church at the Chapel.

Negro Creek

By Mrs. Ross Chandler
Mr. and Mrs. Clark Farris of Lockland, Ohio were with his parents, Mr. and Mrs. Edd Farris, over the week end.
Miss Daphna Stevens who works in Danville was with her mother, Mrs. Ollie Stevens several days last week.
Denver Brock and wife were here over Sunday with his parents, Mr. and Mrs. Loyd Brock.
The Negro Creek volley ball team are very enthusiastic over the games they won at the School Fair. They as well as their teachers are to be congratulated, because they worked hard in making the games winning ones.
Jess Proffitt, Lewis Bowling and Russell Atkinson Jr. were here over the week end. They have work in Lockland and Norwood, Ohio.
Mr. and Mrs. Leland Race of Liberty, Ky. and Mrs. Emerick of Marburg were with their daughter and sister, Mrs. Colson Stevens Saturday afternoon.
Little Miss Audrey Sue Clegender had the misfortune of cutting the end of a finger off Thursday with a corn knife. It seems to be healing nicely though.
After a two weeks stay with her husband in Lockland, Ohio Mrs. Brown Proffitt and children returned home Sunday.
Mr. and Mrs. Levi Bishop and family moved to this place Saturday from Hammons Lick, Ky.

NEW ROMANTIC PAIR

BOTH DRAMATIC—Mary and Fred MacMurray, both of whom came to the screen as singers, warble nary a note in their first dramatic teaming, in Paramount's "New York Town," first-time gorgeous Mary of Texas hasn't sung on screen.

Miss Novella Singleton spent two nights with her grandma last week, Mrs. Mattie Owens.
Mr. and Mrs. Effie spent Sunday with Mrs. Louise Owens.
We were all glad to get a rain on Crooked Creek.
Mr. and Mrs. Henry Owens from McKee spent the week end with their home folks.
Mrs. Gladys Morris spent Saturday night with Miss Shirley Scott.
Mrs. Laura Owens spent Saturday night with Miss Gertrude Allen.
Mr. Lee and Dave Allen, from Hamilton, Ohio spent Saturday night with home folks at Johnetta.
Uncle Allen and Aunt Julia Allen are not improving any.
Mr. and Mrs. Hermon Abney returned to their home in Richmond, Ind. Sunday after spending a few days with his mother, Mrs. Cora Abney. They are grieved over the death of their son. They have the sympathy of this community. God always

knows best for us although it seems very hard some times.
Miss Ethel Hager, of Climax is spending this week with Mrs. America Drew.
Mr. and Mrs. Bill Stewart spent Wednesday night with his father at Dudley.
Virgie McGuire spent Friday with Mr. and Mrs. George Drew.
Miss Grace Abney was in Mt. Vernon Wednesday on business.
Mrs. Martha Ballinger and Mrs. America Drew visited Cora Abney Wednesday afternoon.
Rev. Gabbard is holding a revival at New Hope this week. Everyone is invited to attend.
The Trimble Democrat recently put out a special "cover crop edition," eight pages printed in green ink and stenciling winter pasture and soil-saving. The county farm agent aided in preparing stories. "The newspaper focused the cover crop campaign better than we could have done in two years otherwise," it was said.
It is estimated 1,000 acres of soybeans will be harvested for grain by Christian county farmers.

An I.E.S. Lamp Makes Seeing Easier

No matter what the visual task, you can do it quicker and better under the soft, generous light of an I. E. S. Better Sight Lamp. Designed by scientists, I. E. S. Lamps prevent eyestrain by eliminating glare and harsh contrast of light and shadow. They provide downward light of high intensity for reading and other close work, and upward light which is reflected from the ceiling for general room illumination. Try one and see what a lift it gives to tired eyes.

How I. E. S. Lamps Help Eyes

Patented, white glass diffusing globe softens light, sifts out harmful glare. Wide shade spreads light over broad area. Opening at top throws part of light to ceiling, eliminates deep shadows. Three-light bulb gives choice of three lighting levels. I. E. S. Tag assures better light and better value.

SLANTS

By W. L. S.

Any community that co-operates wholeheartedly will soon be a live community. And this is true of Mt. Vernon, where the business men are rapidly learning that it pays to work together.

The cooperative element, once started, spreads rapidly. Many people don't mind helping a man, especially when that person has helped them. That's the secret of co-operation. Be neighborly, not only where you live, but also in business. In a small town everybody knows your business. They also know what kind of a man you are, and they have you classified. Have you ever wondered what your neighbors thought about you? Are you satisfied as a fine man to have in the community and one that would be sorely missed?

To be a good community worker, one must attend meetings that are held for the purpose of improving the community in which you live. At these gatherings ideas and suggestions are brought forth, which not only help you, but your neighbor. Any man with brains at all, must have a few good ideas. When a business man takes no part, whatsoever, in community affairs, he might live here for fifty years, without doing a thing for the community project.

It is good business, to co-operate, and that is one reason that Mt. Vernon is bound to prosper. The spirit of co-operation is running high, men are talking about a factory for Mt. Vernon, and these men will tell you that it is very probable that you will have one. After the factory other large projects will be brought forward and accomplished. Mt. Vernon will increase in size, land will double in value, we will have land and water school systems, and the merchants will naturally make more money. Yes, co-operation is worthwhile, besides the money angle, for it brings out the best in man, that priceless quality of helping others.

Baptist Church

By Rev. W. C. Younce

The Seventh Annual Conference of Woman's Missionary Union of South Central Region, met at First Baptist Church, Somerset, Ky., last Tuesday, October 14th. We are glad that a few of our women were able to attend. The principal speakers were: Miss Mary Christian, our hostess at the Fair; Mrs. W. L. Harmon, Missionary to Africa. Miss Christian spoke from Paul's letter to Timothy emphasizing the need of faithful witnesses in our Christian work. Miss Harmon brought a practical message on her work in Nigeria, giving many illustrations of the response of the natives to the gospel. She said when one a native found Christ he had a zeal to make Him known to others at the cost of any sacrifice. Many are compelled to leave home and endure severe persecution. It is the power of God that gives life to the native.

We would like to speak more about this meeting, but space will not permit.

Next Sunday is Missionary Day, which will be observed in Sunday Schools throughout the Southland. A special offering will be taken for this purpose.

Sunday Services
Sunday School—9:45 a. m. Charles Brown, Supt. Lesson: "Civic Responsibility Regarding the Drink Problem." Devt. 5:28, 33; 11:26-28; Isa. 28:1-6; Hab. 2:12. Strong drink is a civic problem; strong drink is a civic responsibility; strong drink does a nation—these are high points in the lesson. This lesson brings practical wisdom and consideration. Present last Sunday, 142. A special effort is being made to have 250 next Sunday.

Morning Worship—11:00 o'clock. Evangelistic message by Brother Castleberry.

Our school won second in the singing contest, and second on one of our drawings. We had several other articles entered. The fair, but did not win any prizes on them. That only made us want to try still harder for the next fair. We were very proud to have Miss Bryant march right in our line with our parents. She received many good compliments from our parents especially for her friendliness.

Last, but not least comes our library news. Last year we had a pie supper and used \$7.50 of the money to start a school library. Mrs. Rena took Miss Bryant with her to select our first books. Several of the people from our community and Mrs. Rena donated a lot of books. By the close of that school year we had a total of 56 books. This year we gave programs and our parents and visitors gave pencils, nickels, dimes or whatever they wanted to as funds for our library. With this and the money we won at the School Fair we bought more books. Today we have a total of 90 books in our library. We hope to reach the number of 100 or more by the close of this school year. You see the little boys and girls of Cove School have no time to lose. Besides all our books—Mrs. Rena has a library borrowed from Berea which has 35 books in it. When we get out of something to do, which school comes—because we have all these good books to read, try our luck at poetry writing. Our teacher, Mrs. Rena, has offered a prize to the pupil who read and reports on the most number of books by the close of school. We did not beggin, but if anyone has a book or books you would like to donate to our school library, we will greatly appreciate the gift. Your name and date of the gift will be written in the book. You may send the books to Cove School Library, Orlando, Ky. Mrs. Rena J. Jordan or her mother, Miss Myrtle Bryant, County Superintendent, Mt. Vernon, Ky., or our teacher will call for them at the close of each month.

Here is a poem written by one of our third grade boys.

RUBBER TREE
I see a big rubber tree,
Which brings over here to me,
Rubber for my bicycle tires.

It gives me rubber for my boots,
And from my gum these shoes;
A little rubber stopper,
That makes the files hopper.

My pencil has a rubber head,
Some are white and some are red.
The fireman has a rubber suit,
All the same as my gum boots.

The hose which sprays water upon
The yard,
The band that holds the teacher's cards,
All of these are made from the rubber trees,
To help my teacher, you, and me.

By Henry C. Parrett, 3rd grade.
Goodbye
Your friends at Cove School
By School reporter.

Jep Hill
By Vivian Singleton

Mrs. Laura Pope spent part of last week at Mt. Vernon and Mrs. Chester Singleton and Mrs. Homer Singleton.

Mrs. Lilly Allen spent Monday with Mrs. Chester Singleton.

A large crowd attended the church services at Mr. and Mrs. Albert Mullins' Sunday.

Mr. and Mrs. Harry Morris and children spent the week end with her parents, Mr. and Mrs. Spencer Mullins.

Little Miss Laura Ann and Inez Bullock of Winters spent Monday night with her sister, Mr. and Mrs. Homer Singleton and children.

Mr. and Mrs. Bill Hurley spent the week end with his sister, Mr. and Mrs. Ruth Durham of East Bend.

Mrs. Novella Singleton spent Sunday night with Miss Lissie and Rosa Singleton.

Miss Cletis and Eula Mullins spent Sunday with Miss Bessie and Lillian Mullins.

Mr. Homer Singleton left Sunday for Hamilton, Ohio.

Mrs. Bertha Brockman and children and her father, Uncle Jim Griffin went to Sand Springs Sunday afternoon to see his daughter, Mrs. Laura Brockman who is ill.

Mr. and Mrs. Matt Ford of Harlan are visiting Mr. Bitnie Brockman and other relatives here.

Many Clinton county farmers are keeping records of production and management of poultry.

A wage of \$1.05 per hour was received by Mrs. Ray Cooanougher, Washington county, for every hour she worked with her poultry flock.

County Agent Notes

By Robert F. Spence
County Agent

POULTRY CULLING—PROFIT

Last week the County Agent put on 12 poultry culling demonstrations representing 1805 hens and pullets on 12 different farms. On the whole these were the best birds ever handled at culling demonstrations. Some flocks were hatched late and underfed. Over 100 people attended these demonstrations, most of whom will return and cull their own flocks according to information received at these meetings. These 100 people represent over 9000 birds.

If these 100 people, in the 12 communities, cull, feed and house properly they will increase their egg production 50% and save 50% in cost of feed. Since our Government is asking us to increase our flocks and egg production 15% for 1942, we should begin this fall by culling out the non-producers and saving the feed. In other words, keep the layers and sell the culls. The average farm flock can be culled to one-half of its size and still produce as many eggs by proper feeding and housing.

We have an increase of 21% this year over 1940. From this increase, we will receive over 15% increase in egg production if these pullets are managed properly this winter.

We are now making plans for an increase of 15% in egg flocks for 1942. Anyone interested in how to make a profit from chickens, should see and talk with the following people whose flocks are a credit to the poultry business and show good management on the part of owners: Tom Owens, Hiatt; Mrs. Cecil Gentry; Walter Durham, Horse Lick; W. C. Johnson, Brush Creek; Mrs. Elmer Bollinger, Brush Creek near Climan; J. H. Bowman, Cove; Bill Baskin, Berea and a number of others. These people are the owners of flocks the County Agent has recently inspected.

OUTSTANDING FLOCKS

Some of the outstanding flocks inspected and culled are: J. H. Bowman's, Conway, a flock of Barred Rocks; Mrs. Rena J. Jordan, Berea; Edlinger farm, Bummer, White Leghorns; C. Johnson's, Orlando, Rhode Island Reds; Walter Durham's, Horse Lick, White Rocks; A. V. Lee, Mt. Vernon, Rhode Island Reds; Mrs. Cecil Gentry's, Ottawa, White Rocks; Tom Owens's, Hiatt, White Leghorns.

One of the most outstanding flocks for the year is owned by Walter Durham, Horse Lick. He has 250 White Rock Pullets, housed in a modern laying house with modern equipment. He raised this flock from eggs produced from his flock of ten last year. All men and women who are inclined to like the White Rocks should visit Walters farm and see his most interesting flock of birds and see his many family, wife and children who have helped him to raise these fine chickens.

Boone

By Mrs. Garfield Gabbard

The revival meeting closed at Fair View church last Friday night, conducted by Bro. W. E. Seass and Howard Meadows.

Mrs. Nannie Rich who has been very sick is improving.

Miss Rilda Owen who underwent an operation for appendicitis a few weeks ago was able to be brought home from the hospital.

Messrs Dave Eden, James Fike, and Garfield Gabbard visited Mrs. Lucy Gabbard in Scottland Camp Sunday. They reported her condition poorly.

Mr. Arthur Wrenn of Hamilton, Ohio spent the week end with home folks, his sister, Mrs. Hazel Coffey returned to Hamilton with him for a few days visit.

Mr. Elmer Gabbard of Muncie, Ind. was called home to join the eighteen selectees to be sent to Camp Croft. Also Mr. Marcus Reppert of Dayton, Ohio was called to join the same force.

Robert Traile and wife are visiting his sister at LaGrange and looking for a job.

Mr. E. Wrenn is visiting home folks in Winchester for a few days.

Mr. Clyde Hale and Theo White of Dayton, Ohio visited home folks over the week end.

Mr. James Fike was at Irvine on business last week.

Mrs. Susie Mullins and daughter, Mrs. Volley McCollom and children visited Mrs. Lula Traile Sunday.

Mr. and Mrs. Dave Eden and Mr. and Mrs. Ralph Gabbard visited their parents, Mr. and Mrs. Garfield Gabbard Sunday.

Mrs. Hazel Coffey and Mrs. G. Gabbard visited Mrs. Garrett Peters Saturday afternoon.

Mrs. E. M. Damerel and daughter

Increasing Farm Accidents Attributed to Machine Age

Above: The horse starts, the knife-sharp blades of the disc begin to turn. Agricultural implements are the leading farm accident hazard. Right—Cigarettes and gasoline are noted for their teamwork in causing serious injury and costly fires.

Farmer Is Urged By Red Cross to Check Accident Hazards

Washington, D. C.—Mechanization of the American farm, accounting for a mounting accident fatality toll, the Red Cross pointed out in an appeal for farm owners to participate in its year-round Home and Farm-Accident Prevention drive beginning the last week of October.

Of the 4,500 farm workers killed by accidents last year, approximately 25 per cent were due to carelessness and the use of faulty implements, the Red Cross said. Hot tempered animals, vehicles, excessive heat and falls led other farm accident causes in that order.

To the farmer, the Red Cross urges a close check-up for the removal of accident hazards. Machinery, tools and other equipment should be examined periodically and kept in good repair. Tools and implements should be kept in regular places, and the farm yard or barn where they may cause a serious fall, bull, boar and other dangerous animals should be kept in separate pens.

Approximately 80 injuries of varying degree occur for every farm accident fatality, the nation-wide total of some 225,000 for last year, the Red Cross appeal for greater safety pointed out.

To launch this year's Accident Prevention program the Red Cross signs will distribute 10,000,000 home and farm "check lists." By following these suggestions urban householders can systematically check the home for accident hazards. A similar check-up is outlined for the removal of hazards on the farm.

Sale Of School Building

One November 8, 1941, The Rockcastle County Board of Education at its regular meeting time and place will receive sealed bids for the sale of Chestnut, Grove School building. This building is located about two and one-half miles from Brodhead on a road leading out by the old cannery. The successful bidder will be given ample time to move the building. The Board reserves the right to reject any and all bids.

(Continued next week)

The Chains Co-Operate

Marketing Bulletin, Ky. Dept. Of Agriculture, Oct. 1, 1941. A total of more than six thousand gallons of Sorghum Syrup produced by Co-operative in Kentucky has been ordered as an initial purchase by the chain stores operating within the commonwealth and surrounding states. This initial order typifies the type of cooperation that the Marketing Division of the Department has received from the Chains whenever and wherever they were called upon to be of service to our farmers. In marketing this year's abnormally large peach crop in Kentucky the chains were asked to participate and the response to this request was so great that they purchased more than one hundred cars of Kentucky

peaches, this purchase alone amounts to approximately 4,000 bushels. It is our feeling that these purchases in large measure contributed to the fact that it was not necessary for the Surplus Marketing Administration to purchase a single peach in Kentucky. In brief, due in large part to chain participation, there were no distress peaches of the better grades in the state during 1941. This was true in spite of the fact that prior to the opening of the peach market is was the opinion of all so called peach experts that a tremendous surplus would exist and that there was a real need for S. M. A. participation. In the marketing of early tomatoes in western Kentucky one of the large chain organizations made a standing market price offer for all available tomatoes produced by the Co-operative and thus established a permanent market at standard quotations which continued until the supply of these tomatoes was exhausted. At fat cattle, hog, sheep, and lamb shows in all parts of the state the chains have cheerfully seen purchasers and without exception have purchased for distribution through their stores the prize animals offered at such shows. The list of items which the chain stores have purchased from Kentucky Co-operative Farm Organizations is too long to be printed here. What effect such purchases have had toward increasing the Kentucky farmer's cash income is of course a matter for speculation. We do not feel however that it is an exaggeration to state that such increase has been considerable. The Marketing Division wishes to take this opportunity to express its appreciation to the Chains for the assistance they have rendered during this year, and while such assistance has been of inestimable help to our farmers as has been stated we believe also that it has served the double purpose of placing a higher quality merchandise upon the shelves of the stores for consumer consumption and brought about a greater understanding between producers and the great chain organizations. Thus cooperation between producer, merchandiser, and consumer has brought about a situation which makes for the general good. This, it seems to us, is what can be expected when men set about to unselfishly serve in a worthwhile cause. In McCracken county, farmers brought apples to a central depot for grading instructions from State College of Agriculture and Home Economics specialists. Of those graded, less than a quarter fell below U. S. No. 1 grade. Many Harlan county farmers are producing fall fryers for the first time. Frank Wheeler continues to sell 250 chicks per week from his broiler plant; Emmett Blair sells 100 weekly from his plant; and Charles Hall is selling 50 a week from his front door.

Last Call For Hallowe'en And Buddy we really have what it takes to fix you so none of your friends will know you. Would you mind stopping in just to see what we can do for you? Incidentally, we have plenty of everyday necessities you can use, souvenirs and novelties of Renfro Valley, and Mt. Vernon that just won't quit. In our eating department, we ask you, where can you buy a better meal for the money.
