Farmers Asked For More Food, Despite Shortage of Labor

How can farmers produce more food next year, in face of the farm labor shortage? The Kentucky College of Agriculture and Home Economics has issued a statement in which members of the Department of farm economics discuss the labor shortage, and suggest ways whereby farmers may carry on.

Unless labor adjustments are made on individual farms, there will necessarily be less total production as the farm labor supply declines.

Reduce production or improvements in less important lines and maintain or increase production elsewhere. For instance, delay farm improvements and increase the production of hay and cattle.

Adopt improved methods, more mechanized equipment and improved varieties so that production will be maintained despite labor shortage. The hiring of custom power work will tend to employ more fully the factors and help more that are available. Adapted hybrid corn and adapted red clover are examples of improved varieties.

Murder Committed Near Livingston

Knife Battle Fatal To Frank Parker

Frank Parker, of Laurel county, was killed Saturday night in a roadhouse near Livingston, death being due to knife wounds. Pearl Gabbard, also of Laurel county, is alleged to have killed Parker.

Details of the fight have not been determined but according to authorities, Gabbard and Delbert and Otis Moore jumped on Parker, and were brought into the battle. These Parker was also wounded slightly in the melee.

At the present time Gabbard is still at large, and officers are scouring the county to apprehend him. Delbert and Otis Moore are in the county jail, charged with aiding and abetting.

A first degree murder charge is lodged against Gabbard.

Brodhead Joins Foothills Conference

Representatives of eleven high schools in this district met at Stanford Monday and organized an athletic organization to be known as the Foothills Conference. Schools joining the new conference are: Brodhead, Crab Orchard, McKinney, Highland, Middleburg, Liberty, Wynnesburg, King Mountain, Stanford, Moreland and Hustonville. The following officers were elected: President, W. G. Kirtley, Middleburg; Vice-president, Joe T. Embry, Stanford; Secretary-Treasurer, Jack Wright, Brodhead.

The Foothills Conference will play a regular schedule of basketball games and will promote athletics in general. The by-laws coincide with those of the Kentucky High School Athletic Association.

The winner will be determined at the end of the season by the Dickinson system.

County Veterans Called Special Meeting

Robert E. Childress, Commander of Mt. Vernon Post No. 120, of the American Legion, has called a special meeting of the Post to be held at the Fire Dept. Bldg., Mt. Vernon, Kentucky, on Friday, October 31st, at 7:00 in the evening.

This meeting will be addressed by Ray O. Shehan, Harlan, Ky., District Commander of the Legion. While in Mt. Vernon last Monday, the District Commander stated that never before in the history of the Legion was it so important that all ex-service men come into the Post, as its service were now greatly in demand.

Commander Childress urges all veterans of this County to be certain and attend this meeting as matters of a most important nature will be before the meeting.

It is of special interest to the veterans that they be present at this meeting.

Election Clerks Must Write Lambert's Name

Below is an excerpt from a letter received by J. H. Lambert authorizing the Election Clerks to write Lambert's name for County Judge for those who cannot read and write.

Commonwealth of Kentucky
Attorney General's Office
Frankfort, Ky.
October 28, 1941

"Now in regard to your other question as to illiterate voters, the voter must first be sworn by the Clerk that he cannot read the English language nor write. He must not write the name of the person for whom the voter wishes to vote until the voter is sworn. Then he writes at the direction of the voter the name in the ballot in the blank space provided and hands the ballot to the voter who goes into the booth and stamps opposite the written name. The voter must put the stencil at the side of the name to be a valid vote.

Yours very truly,
Guy H. Herdman
Assistant Attorney General
(Adv.)

School Amendment Worthy Of Support

The attention of all citizens is called to Constitutional Amendment No. 1, which will appear upon the ballot at the general election on November 4, 1941.

This amendment, if adopted, will permit the Legislature to appropriate funds in addition to the present school per capita to those school districts in the state where the educational services afforded the children are below standard.

Constitutional Amendment No. 1 has been endorsed by the Kentucky Educational Association, the State Board of Education, the State Federation of Women's Clubs, the Kentucky Congress of Parents and Teachers, the Kentucky Federation of Labor, the State Farm Bureau, and other civic organizations. It is nonpartisan and non-political, and its only purpose is to make possible improved educational services throughout the state.

In the past Kentuckians have been slow to amend the State Constitution. This amendment, however, is one of the most constructive proposals that has been brought to the attention of the voters for many years. It is worthy of the support of all Kentuckians.

The sale will be held, Wednesday, Nov. 5.

General Election Tuesday, Nov. 4

The regular General Election will be held Tuesday, Nov. 4th. The Republican nomination is usually equivalent to election in this county, and no Republican nominees have opposition except F. F. Robins for magistrate 3rd. district who is opposed by Grover C. Sutton; J. R. Poynter, magistrate 2nd. district, opposed by Madison Graves; and Richard Riddle, constable 3rd. district, opposed by J. H. Owens.

Two constitutional amendments are to be voted on. Amendment No. 1 is very important to the schools of this county, and all voters should vote YES on this proposition.

The complete ballots will be found elsewhere in this paper.

Rockcastle County Dry

By an opinion of the Court of Appeals of the State of Kentucky handed down on Tuesday October 28th, 1941, Rockcastle County, and neighboring counties have been declared dry regardless of the precinct vote.

In fairness to those who have paid money and think that they are selling beer legally, I wish to advise that after Saturday night November 1st, 1941, midnight, all dealers will be violating the law.

You are hereby warned and advised that any traffic in alcoholic beverages after the date mentioned will be prosecuted as the law directs.

To The Voters Rockcastle Co.

In obedience to the traditions and customs of our forefathers, we the undersigned officers, and nominees of Rockcastle County, endorse CHAS. C. CARTER, as the REPUBLICAN Nominee for County Judge of Rockcastle County, whose name appears on the official ballot under the OLD LOG CABIN.

We urge our friends and supporters to come out to the polls on Tuesday, November 4th, and cast their vote for all those whose names appear on the Ballot under the LOG CABIN.

- G. W. MURPHY Clerk Rockcastle Circuit Court
- T. J. NICELY Clerk Rockcastle County Court
- ROBT. B. BIRD County Attorney Rockcastle County
- R. E. PHILLIPS Sheriff Rockcastle County
- S. F. BOWMAN Nominee County Attorney
- W. W. SOWDER Nominee Sheriff Rockcastle County
- WALTER ROBINS Deputy Sheriff
- CHARLIE RAMSEY Deputy Sheriff

Four years ago Lambert attempted to defeat the Republican nominee for County Judge by supporting an Independent candidate. He now is attempting to defeat the Republican nominee by asking the voters to write his name on the ballot. On October 24th, 1941, Judge Osso W. Stanley of the Court of Appeals said: "No candidate who has been held to have violated — the Corrupt Practice Act in a Primary may have his name printed on the election ballot." This was a Judge of the Court of Appeals speaking and is the law. Judge Stanley further held that a candidate who had violated the Corrupt Practice Act could not be appointed by the County Committee. Why waste a vote?

A few of the anti-Barkley Democrats of this County are making a fight for Lambert in this campaign. I have always when administering the law attempted to do so without regard to politics, religion, or creed. If reelected, this same policy shall be followed. The cases will be decided to the best of my ability and no one will control my decisions.

CHARLES C. CARTER

Four years ago, I sought the Republican Nomination for County Judge of Rockcastle County. In that race, I was defeated by Judge Carter, but I did not contest the election as I believed that a good government was one in which the majority of the voters were permitted to govern.

In the recent Primary, at the request of many friends, I again sought the Republican Nomination as County Judge of this County. I was successful in that race and received a majority of 291 votes over Judge Carter. I tried to make a clean campaign and acted fairly with my opponents. Though I received a majority of the Republican votes, Judge Carter contested my nomination. A Special Judge from Frankfort, Kentucky, was sent to Mt. Vernon to try the case, and at the close of all the evidence, he found that I had done no act prohibited by law. On appeal to the Court of Appeals, I was declared not to be the nominee for the reason that I had sent \$2.00 to an old, paralyzed woman to pay a girl for staying with her while her husband went to the polls to vote. In this way, Judge Carter, in the contest action, defeated my nomination and was substituted in my place, although I received 291 more votes than he did. The Court of Appeals permitted me to take proof against Judge Carter and try to show that he had violated the law in the election, but not believing in contest actions and not wanting to tear up and disrupt the Republican Party, I refused to take any proof against Judge Carter. Though I was disqualified by the Court of Appeals, and my name will not be printed on the ballot, I still feel that I am the Republican Nominee because I received a majority of the votes in the Republican Primary.

The Attorney General of this State has handed down an opinion that I am eligible to hold the office of County Judge if the people desire to write my name on the ballot as County Judge and make the cross (X) in the square opposite my name. I tried to make a fair race in the Primary, and it goes without saying that I would like to be County Judge of Rockcastle County. If you would rather have a Republican who received a majority of the votes at the Republican Primary than a man who did not receive a majority of the vote and who got the nomination in a law suit because I sent \$2.00 to an old paralyzed woman, then you will, perhaps, want to write my name on the ballot as County Judge and immediately opposite my name make the cross (X) in the square. Knowing that the people of Rockcastle County stand for fairness and justice, I leave my case in your hands.

Gratefully yours,

J. H. LAMBERT

Dairying Boosts Alfalfa Acreage

Farmers in Logan county, Kentucky, are milking more cows, therefore they need more alfalfa. Seedlings of this hay crop have been on the increase for several years, and approximately 1,000 acres were added this fall.

"Probably a large proportion of this increase has been due to the increased number of cows milked," explains County Agent John R. Watlington. "Dairymen do not stay in the business long without learning the value of alfalfa hay and the production there from during years of drought."

SLANTS

By W. L. S.

No man, big or small, ever accomplished anything by doing nothing. Talk is cheap to get results requires work. A man who lives solely for what money he makes, lacks considerably of being a good citizen, and later in life usually regrets the fact that he took no part in community affairs.

One of the biggest things accomplished by local citizens recently, was the raising of funds for the right-of-way for highway 25. Many people here have contributed a cent, many talked against the road. Today, this fine strip of concrete, built at huge expense, is the only chance we have of getting on the right track. If this road had not been built, we would have missed here by several miles and the chances for a not good, even now, that we will get this road.

Many other projects that concern every man and woman in Mt. Vernon are being talked daily, and many business men, couldn't tell you today what they are, still, the majority of these projects if accomplished, would mean hundreds of dollars to their business, and hundreds of thousands of dollars to the city each year. Such lack of concern for the welfare of their community is appalling. Church members should take notice of other communities, where you see a live town, you usually see a live church. When a town has its up-down, churches show an increased membership. It is a known fact, that the leader of a town, the leader of the church. Community work and church work go hand in hand.

Mt. Vernon is on the threshold of better things, Reelfoot Valley is attaining nation-wide fame, a factory might come here, an excellent highway with curves eliminated will soon be constructed through or near the town, many other projects will follow, but the business men MUST co-operate. Shall a few chronic knockers, who never have helped, stop these things? The question rests on the majority of our business men, who believe in the future of their home town, and are willing to work.

Our revival meeting is in progress. The Lord has indeed blessed us during these series of meetings. Brother Caspberry has been bringing wonderful gospel messages. We appreciate them. The attendance has been good; the weather also. This meeting will be long remembered by our people. We have only one regret, that is, we wish it could go longer. Since it closes Friday night, you will want to hear Brother Caspberry on the days that are left.

Sunday Services
Sunday School—9:45 a. m. Charles Brown, Supt. Lesson: "Ways of dealing with Sin"—Gal. 6: 7, 8; 1 John 1: 5-10, 2: 1-6. "The principal truths in this lesson are: Facing the fact of sin; turning to the Savior from sin; fighting the battle against sin. Present last Sunday, 180.

Public Worship—11:00 a. m. and 7:00 p. m.
Training Union—6:00 Mrs. Fred Baker, Director. Theme for November: "Hunting and Christing after Righteousness." Lesson for Sunday night: "Making Christ the Lord of my life." Present last Sunday, 100.

Prayer Service
Wednesday—7:00 p. m. This should be considered as important as any other service in the church. "Without me ye can do nothing" said Jesus. We trust that every member of the church will try to be present and join in prayer for the work which we are trying to carry on.

The associational W. M. U. meeting will be held at Mt. Vernon Baptist Church on Wednesday, November 6th.

Cows Killed By Eating Sorghum

Reports of stock dying after eating sorghum have been received at the Agricultural Experiment Station at Lexington. One dairy farmer lost several cows, the animals dying in two or three hours after they got into a field where suckers on the cant were 8 to 10 inches high.

The following statement was issued at the Experiment Station: "Under certain conditions prussic acid, a deadly poison, is produced in sorghum plants and may cause poisoning if livestock. If sorghum is cut during a drought after it has been partially dried while yet standing, it dries very quickly. Under such conditions a large percentage of the prussic acid would be retained in the fodder. Therefore, if sorghum plants are fed they should be cut before they start wilting or drying. If plants in an unhealthy condition, whether brought about by malnutrition, insect attack, diseases, drought or other causes, usually contain more prussic acid than healthy ones. Following the recent drought, it is expected that living sorghum plants would contain a quantity of poison, and these should be kept away from such plants."

Farm News

"Fall gardens" for defense also plays attracted more attention than almost any other feature of the Hopkins county farm products show. The number of different vegetables that can be produced locally, how to cook them, etc., were shown.

While dairy production on Spencer county is up 15 percent over previous years, there has been a slight decline due to lack of pastures. To offset this, most dairymen are using mid-winter rations. More cows are being bought, and more heifer calves saved.

To The People of Rockcastle County --

We take this means to thank the good people of this county for the many courtesies extended to us during the hunt just closed. Everybody co-operated to the fullest, and the farmers on whose land the hunters trespassed, were all friendly and agreeable.

Some damage to property occurred, but we hope that all was settled for fully. If any farmer feels that his property was damaged, same will be paid for by communicating with the president, at Frankfort.

We especially wish to thank the following local men: Clyde Barnett, Robert Fish, Clay Coffey, Chris Mullins, and Givenis Lear.

Our stay in the county was enjoyed by all members of the association, and many friends were made during our visit. Rockcastle county will long be remembered by all concerned.

Local People Attend Regional Conference

Those of Mt. Vernon who attended the Regional Red Cross Conference on October 22nd, at Danville, Ky., were Rev. and Mrs. Audrey Russell, Mrs. J. D. Henderson, Mrs. J. W. Griffin, and Mrs. E. R. Denney.

Among the speakers, Mr. Nat C. Wilson, Assistant Manager of the Eastern Area and Mr. Douglas Moore, Assistant National Director made interesting talks. Mrs. J. D. Erskine, Junior Red Cross Chairman of the Boyle County Chapter, also discussed the far reaching influence of Junior Red Cross and the innumerable things that children can do for Red Cross and National Defense.

The meeting was informed that all material which is to be sent to England and Europe by the Red Cross is stored in ware houses in New Jersey. As ships leave port, extra space is filled with this mater-

ial. Mr. Moore, Assistant National Director, states that for the last six months, these ware houses had been empty every Saturday night, that more than \$47,000,000.00 worth of material had been shipped abroad. It was also interesting to know that 95% of every shipment has reached the Nation for which it was intended. Of the 5% lost by mines, torpedoes or bombs, 3% was covered with insurance, therefore, only 2% of all material sent across the ocean by Red Cross has been lost. The rumor was flatly denied that Germany receives and makes use of American Red Cross material. Mr. Moore stated that at the beginning of the war the American Red Cross asked Germany if her people needed help, Germany replied that she needed no help and could take care of her own people. The other Axis Powers, Italy and Japan, followed Germany's example.

Red Cross has peace duties as well. It is estimated that every three days,

There is an emergency such as a flood, fire or hurricane. As a result of which Red Cross gives aid. We have only to remember the tragedy of the Kentucky Flood in 1937. There are multiplied thousands of similar cases of affliction and hardship. Think of these things, and your great opportunity and duty for service when you are asked to contribute to the Red Cross.

In the way of local service, the women are meeting at the home of Mrs. S. T. Proctor, Production Chairman, every Tuesday at 1 p. m., sewing and making garments for Red Cross needs.

The Red Cross quota for Rockcastle County this year is the highest in history. May we all contribute generously to this worthy cause.
