

PLEASE READ THIS
LETTER FROM
A LITTLE GIRL

Dear Santa Claus: This year I want to ask you for something extra special. Please tell Mommy to do all her Christmas shopping early so we can have a little peace around our house. Last year she forgot to write out her list until the very last week---and, Santa, it was awful. She ran down-town every day and stayed all day, and then came home real tired and cross 'cause people pushed her around, she said, and they stepped on her toes. And she couldn't find anything she wanted anyway, for everybody else had already bought all the nice things.

She just remembered, too, that there wasn't

enough time left to mail any presents to Uncle Jed and Aunt Amy or Cousin Lou. And she cried and cried 'cause she didn't have a chance to wrap anybody's packages up pretty the way she likes.

And, Santa, she wasn't a bit nice to Daddy or me. Daddy had to help me get supper every night, for Mommy just went to bed with a cup of tea and a headache. So please tell her to hurry up and shop right now. 'Cause if Christmas is going to be like that again, Santa, I'd sooner we'd just forget the whole thing ---

Your friend,
GINNY.

Livingston P. T. A. Met Monday

The Livingston Parent Teachers Association met Monday night at the High School. Clyde Linville acted as president of the meeting.

The report was given by Miss Beulah Black. The treasurer's report was very encouraging in that we have \$184.88 in the treasury to be spent for school improvement.

A report was made on the progress of the bond that is being sponsored by the P. T. A. and Lions Club and it was decided to have the band appear before the P. T. A. next meeting night which is Tuesday Dec. 9.

Motion was made and carried unanimously that the P. T. A. put on a drive in form of a contest in the topic "Safety Laws". It was announced that the Livingston Lions Club is sponsoring an Amateur contest to be held Tuesday Dec. 10.

DO YOU MEAN ME?

Are you an active member, the kind that would be missed? Or are you just contented if your name is on the list?

Do you attend the meetings and mingle with the flock? Or do you stay at home—and criticize and knock?

Do you take an active part and help with the work? Or are you satisfied to be the kind who—"just belong"?

Do you ever visit a member in distress or who is sick? Or leave the work to just a few—then talk about the "others"?

There's quite a program scheduled that we're sure you've heard about and we'll appreciate it very much if you will help us out.

First Ton Litter Produced in Boyd

Even pigs that weighed 270 pounds when 165 days old is said to be the first ton-litter produced in Boyd county, Kentucky. The owner was M. L. Cyrus. He sold the pigs for \$11 a hundred pounds, and his net profit was \$191, above feed, pasture and labor. The pigs weighed an average of 41 pounds each when eight weeks old.

The ration included corn, shipstuf, tankage, skimmilk, mineral mixture and rape pasture. Rape is increasing in favor among Kentucky hog raisers, according to Grady Sallards of the College of Agriculture and Home Economics. It helps to cheapen hog production.

According to County Agent Robert Wigginton, hog raising is on the increase in eastern Kentucky.

Safetygrams

By Fred W. Braun

With approach of winter, weather conditions are changing throughout the country. Automobiles should undergo a change also. The battery, windshield wiper, tires, and brakes of your car should be checked carefully, and a good, properly diluted antifreeze should be used.

Your car should be well checked before the winter driving begins so that it can be handled easily in any kind of weather.

Of course, the driver should always be in condition to drive, too; if he is in doubt about his condition, he should not drive. Someone has wisely said, "When you are in doubt about passing a car, don't."

It's smart to drive carefully.

Five Important Things To Do
"Keep looking to Jesus" He never can fail.
And walk in his footsteps in every detail
The worlds-vain allurments will vanish from sight,
By "looking to Jesus", your savior and light.
"Read daily your Bible", If you would be strong
To witness for Jesus and over come wrong.
"The Author, "The Book", and the deer" abide,
But they who neglect it will surely backslide.
"Prey without ceasing" This will bring you to him,
Who cleansing and keeps you victor over sin,
There's nothing so great that our God Cannot do
And nothing so small but he'll understand too.
"Confession to others" Behold for

your king,
To those who are lying in darkness and sin;
What help can you better to all command,
Than this blessed Jesus the needy one's friend?
"Do something For Jesus" He did all for you,
You joy find in willing, His sweet will to do.
So seeking to please him, through life day by day
His presence shall gladden each step of your way.

Money Talks

By Frederick W. Stamm, Economist and Director of Adult Education, University of Louisville

With Christmas less than a month away, the merchants of this country are expecting the largest holiday trade in history. Retailers are predicting a twenty percent rise in dollar volume sales over 1940.

There are several reasons for this prediction. First, our national income has reached a new high, and the working people have money to spend. Our defense dollars have reached into every city and practically every hamlet and farm. The buying power is again in the hands of those who spend, for necessities and semi-luxuries, that is the industrial workers.

Second, consumers see this Christmas as the last chance for some time to select goods from full stocks. The psychology of a well-stocked store to spend while we can still get the goods. It is the consumer's final splurge.

Merchants expect to sell a greater percentage of medium-priced merchandise this year than in past periods of prosperity. The industrial workers and farmers, whose incomes have increased so greatly, are not usually buyers of luxuries. People in the upper income brackets who buy luxuries are beginning to lay away extra funds to meet their March 15 federal income tax.

Up to November 9, retail sales in this country were seven percent ahead of last year. It seems to me this trend will continue although there are two major factors which may check Christmas buying; first, the inability of merchants to get the goods from the manufacturers and second, taxes.

The wise shopper will do her Christmas buying early if she desires to find the merchandise she desires. The merchant also should plan ahead, for he cannot expect to order "short lines" a few days, before Christmas and receive the goods promptly. This is one year when planning ahead will pay big dividends to both consumer and merchant.

"Hitler And The Devil"

Hitler called the devil up on the phone one day.

The girl at Central listened to all they had to say.

"Hello," she heard Hitler say. "Is old man Satan home.

Just tell him its the Dictator who wants him on the phone.

The Devil said, "Howdy" and Hitler.

"How are you?"

"I'm running a hell here on Earth."

"Sa, tell me what to do.

What can I do?" the Devil said.

"Dear old pal of mine"

"It seems you don't need any help— You're doing mighty fine"

"Yes," I was doing very good until awhile ago.

When a man named Roosevelt-wired me, to go more slow.

"He said, dear Hitler, we don't want to be unkind."

"But you have raised Hell enough, so you had better change your mind."

"I thought his Lend-Lease was bluff" and he could never get it through.

"But he soon put me on the spot when he showed me what he could do."

"Now that's why I called you, 'Satan. I need advice' from you."

"For I know that you will tell me, just what I ought to do."

"My dear Hitler there is not much left to tell."

"For Uncle Sam will make it hotter than I can here in Hell."

"I have been a mean old Devil, but not half as mean as you."

"So the minute you get here the job is yours to do."

"I'll be ready for your coming and I will keep the fires all bright."

"And I'll have your rooms all ready when Uncle Sam begins to fight."

"For I can see your days are numbered and there's nothing left to tell."

"So hang up your phone, get your hat and meet me here in HELL."

SLANTS

By W. L. S.

This is one Christmas when giving practical gifts will be especially popular. Retailers tell us that this will be the last opportunity for buyers to shop from a complete stock of merchandise. No year it will be like what you can get.

Our friend and fellow editor, E. C. Walton, of the Stanford Interior Journal, gave The Signal and editor a nice boost in his Tuesday's edition. The complete article will be found on page eight. We might state that Editor Walton is rounding out sixty years of active newspaper work and can still hold his own in the back shop with men many years his junior. Mr. Walton, formerly editor of The Signal, and since his ownership of The Interior-Journal has developed it to one of the best newspapers in the State. Courteous and friendly to all he symbolizes the newspaper man of his best, and the years have only increased his ability, in his chosen vocation.

Kindness costs so little, but it means a lot. Lincoln in his lifetime was severely criticized by politicians and many of the brilliant men of the time thought he had little ability. History has proved that not only had ability, but also that his kindness and sympathetic heart will never be forgotten. He was kind to everybody, poor or rich, and people today don't forget this kindness. In the hurry and bustle of our modern day, kindness still pays dividends. Take time and be kind, for some day you might appreciate kindness when trouble comes your way. People today don't stop and think, hence the lack of kindness. A friendly man is a good citizen, the grouchy is soured on the world, and it is natural that he is also soured on his town. Stop and think of the last time you were kind.

We thought of Bill Terry, when we heard this one. A fellow went duck hunting and through accident his gun went off making a large hole in his boat. However, he felt better when sixteen large trout floated up through the hole, and he had trout for supper instead of duck.

What is the Fifteen Per Cent rule on United States Navy battleships? Profits from the various Ship, Service Departments—the tailor shop, soda fountain, barber shop, laundry and shoemaker—are not allowed to amount to more than 15 per cent. As most of the ships some times averages in the neighborhood of \$25,000 a month, it is often necessary to cut profits by having free days at the soda fountain! Needless to say, free days are the most popular on a battleship.

Christian Church

By Aubrey Russell

Sermon topic for Sunday morning will be "The Reality of Redemption." This is the eighth in the present series based on The Kingdom of God. During this Loyalty Campaign many church members have not been to a single service. Those people want to live in a community where Christian Ideals prevail and want their children to possess fine characters and be good citizens. These same people want to use the church when they desire and yet seldom attend. The present campaign is a test of your loyalty to the church. But you can judge for yourself how true you have been.

Baptist Church

By Rev. W. C. Younce

Members taking part in the calendar fund for Sunday School rooms their offering to the church Sunday morning. Many will be glad to know that there is more than \$250.00 already in the treasury for this purpose. Interest in these rooms seems to be growing. At least some are willing to make substantial gifts if the work is done soon. It goes without saying that we could do much better work if they were completed.

The association Sunday School meeting will be held at Poplar Grove Baptist Church Sunday afternoon at 2 o'clock. This seems to be the earliest that most of our people can come, especially churches which have morning preaching. The general theme will be "Preparation and presentation of the Sunday School lesson. Rev. J. W. Mahan will discuss "General Preparation for Study"; Mr. Charles Brown, "Specific or Immediate Preparation of the Lesson"; and Mr. John Laswell, "Keeping Up the Teacher's Spiritual Life." Every pastor, superintendent and teacher is urged to be present. We hope many other members of the church will come also. Let us remember that our association work calls for co-operation to the last member.

County Agents Notes

(Continued from Page 1)

MORE MILK
To increase our milk production 167,000 over last year we must take better care of the cows and see to it that they get more and better feed. Milk is more than 87% water, therefore, the cows should have all the water they want to drink at all times. Salt is important too in milk production.

We lose 75 to 100 cows each spring because of neglect in feeding salt and giving the cows water. Now is the time to feed plenty of salt—water since the cows are going off of green feed to dry feeds. Salt and water aid in digestion and are important factors in making more milk.

The cow shed or barn should be dry and well ventilated without draft. Bedding made from straw, stalks or leaves, added much to the comfort of the cows and thereby increase the milk flow.

A cow should be given around one pound of grain to every three to four pounds of milk produced. The cow should also have plenty of good legume hay as well as fodder for other forage hay. The farmers who have only corn fodder to feed should add a supplement such as a dairy feed containing a balanced ration.

Farmers who like to have a bulletin for feeding cows for more milk this winter should write or see the county agent at Mt. Vernon or Berea. All information is free. We want and need more milk for our Home Consumption. Feed the chickens and pigs the surplus.

MERCHANT THANKS RETONGA FOR RELIEF

Distress From Acid Indigestion And Sluggish Elimination Had Him Almost Down, Says James A. Henry. Regained Eight Pounds.

Well known men and women are daily coming forward to tell how Retonga relieved their harassing distress from nervous indigestion, drowsy, rundown feeling, undernourishment, sleeplessness, toxic acid and pains from sluggish bowels, loss of weight and strength and similar debilitating symptoms due to insufficient flow of digestive juices in the stomach, constipation, and need of Vitamin B-1 for digestion, nerves and strength. Mr. James A. Henry, proprietor of Henry's Variety Store at Taylorville, Ky. states:

"I got to where I never wanted to eat at all, and I had a bad taste in my mouth, and I felt so nervous I hardly knew when I had a good night's sleep. Constipation kept me taking strong laxatives that left me feeling worse than ever. I lost a

lot of weight and felt so weak and tired I could not take much interest in anything.

"Retonga gave me so much relief I now have a fine appetite and I have gained eight pounds. Constipation and that tired, worn out feeling relieved, too, and I hardly know when I ever felt so fine. After seeing what Retonga did for me my father-in-law took it and it helped him wonderfully. Retonga beats any medicine I ever saw."

Thousand praise Retonga. Accept no Substitute. Retonga may be obtained at the Maggard Drug Store, Mt. Vernon, Kentucky.
