## Negro Creek

By Mrs. Rose Chandler

(Deferred from last week)

Brown Profit was here through Thanksgiving from Lockland, Ohio, he expects to move his family there soon.

Mrs. Ruby McKinney and baby Joyce of Ft. Knox spent Saturday with her grandparents, Mr. and Mrs. D. B. Chandler. Her husband, Marshal McKinney expects to tent for a few days before they return to Ft. Knox.

Mr. John Helton of Cleo, N. C. has bought the farm of Mr. Lege Hampton and expects to move to it soon.

I did not learn where Mr. Hampton expects to locate.

Miss Kathleen Stevens has been with her parents, Mr. and Mrs. Colson Stevens for a few days. She is with her aunt, Mrs. L. D. Race at Liberty, Ky. attending school there.

Mrs. R. H. Atkinson and daughters

and, Mary E. Chandler returned Sunday from a few days visit with relatives in North Carolina. They report an enjoyable stay, and say that North Carolina has much interesting scenery.

Gus Chandler, Eugene Farris, Russell Atkinson Jr., John Barnett and Frances Brummitt drove to Garrard Co. today to hunt.

Instructions in the health program for Kentucky 4-H club members say: "Never use gasoline or kerosene to start a fire, nor pour gasoline in a room where there is a fire. The vapor is heavier than air and tends to flow on the floor to the fire."

If manure is used to stimulate tree growth it should be applied in late fall, in order to have time to leach out and down to the roots by early spring. Commercial fertilizers are used in early spring.

By better feeding, Judge Milas Sparks of the Jackson county now gets more milk from two cows than he formerly did from three.

## Boy Wounded By Shotgun Blast

Hardin Sturgill, 15, son of Mr. and Mrs. Lee Sturgill is in a serious condition at Pennington General Hospital in London because of shotgun wounds accidentally inflicted by Joe Pinkerton, 15, of Livingston.

Sturgill discloses that he and Pinkerton who had been hunting together were walking along the highway playfully pointing their guns toward each other believing them to be unloaded when Pinkerton, who failed to unload his gun fired the weapon at close range into Sturgill's abdomen. Pinkerton immediately hailed a passing motorist and Sturgill was brought to Livingston where he received First Aid treatment and then was rushed to London Hospital. Physicians say that he will probably recover but state that he will most likely suffer from hernia after the wounds are healed.

## Herbert Ponder Injured At Mullins

Herbert Ponder, 28, of Livingston is confined in the Louisville City Hospital because of a badly crushed foot that he received last Monday when his foot was caught beneath the wheel of a motor he was operating at Mullins Quarry.

The accident occurred when Ponder who had alighted from the motor to throw a switch and attempted to climb back into the cab whereupon he lost his balance and his foot was caught beneath the wheel. Ponder was wearing a shoe with the toe reinforced with steel which is believed to have caused the wheel to glance the side of his foot. Doctors believe that he will not lose the use of his foot.

## Blue Devils Lose Thriller

Livingston lost a hard well-fought game to Mt. Vernon Friday night 30-36. Both teams displayed plenty of scrap the full 32 minutes of the ball game. At the half Livingston led the Red Devils by one point margin 16-17. The score never exceeded 5 points in one team's favor throughout the game until the closing minutes of the ball game when Mt. Vernon pulled away to pile up a 6 point lead which resulted in a 30-36 victory for the Red Devils.

Livingston bluntly felt the loss of Jones, it's ace forward who left the game just before the half ended because of excessive fouling. McKinney, rangy Livingston center led both teams in scoring honors reaking up a total of 18 points while Pinnix led Mt. Vernon with 10 points. Mt. Vernon's ace, Livingston in the second team contest by a score of 21-17.

## Amateur Show Tuesday Night

An amateur program sponsored by the Livingston Lions Club is to be held at the High School Tuesday night of next week. Here's the chance for Livingston to see it's local talent perform. Various types of fun and entertainment by local performers will be given and cash prizes will be awarded. Those planning to enter the contest should contact J. T. Pike and Clyde Linville.

## High School Band To Play At P. T. A.

The Livingston High School band will make it's debut Monday night before the Parent Teachers Association. The band which was just started in the summer makes it's first appearance before the public Monday night. An interesting program is planned in addition to the band concert. Everyone is cordially invited to attend.

Mrs. Sam Halcomb visited her son Elmer in Cumberland last week. Several from Livingston have been attending the Revival being held at Pine Hill this week.

## Livingston School News

Warren Neal Albright spent the week end with his grandfather in Brodhead.

Beatrice Baker is out of school because of sickness.

Benny Durham who has been absent from school for some time has returned.

Mary Cloves who has been out of school for some time because of illness returned this week.

Junior Bales is out of school this week because of sickness.

An encouraging letter was received from Toots Hardix, a former Livingston student who is in Hamilton, Ohio. Toots wished the basketball team the best of luck for a successful season. We all wish that Toots could have seen the brilliant work done by the boys against Mt. Vernon Friday night.

Mr. Bullock's sixth grade gave an interesting Historical Play in chapel Wednesday. The play dealt with the Pioneer stage of Kentucky History.

A bouquet for the Basketball squad. It isn't always the winning of a ball game but sometimes it is the

way you play it. I think all those who saw that Mt. Vernon game Friday night will agree that every player on that floor played a grand ball game. If you boys continue to play in the high spirited manner in which you played Friday night you will win ball games and plenty of Lets don't forget the Amateur program being held Tuesday night.

**KEYHOLINK WITH A KEY**

We wish to correct an error made in the last edition. Lloyd Mason as you know was reported to have accepted a position with the "Jumbo" Pop Corn Company. We are very delighted to see our "Super-senior" back in the harness again as cheer-leader. We hope that Lloyd will not try to slip the collar again.

Mr. Chestnut the other morning at the breakfast table proceeded to give his little son Ray some preliminaries in good grammar. After breakfast the other morning Ray told his father "I let counting on his fingers" 1-2-3-4-5-6-eggs. Mr. Chestnut said to Ray, "Ray, that's too many eggs, but you should say ate instead of et". Ray studied a moment and replied, "well, maybe it was eight!"

We hope that O. D. McKinney can learn a new tune in the band so that he can warily it instead of his one and only "Beneath that Lovely Mound of Clay." O. D. was in deep meditation on the bus going to Mt. Vernon Friday night humming his old favorite. He also soled on the hard wood to the tune of 18 points.

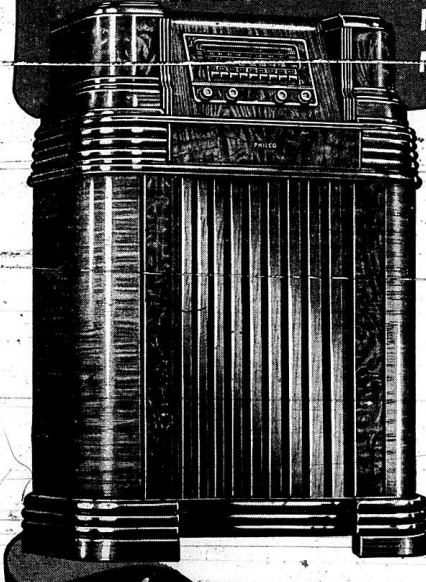

Was that "Huff" Black at the show the other night with a dame? Or was it the lights playing tricks on us? She looked so real that she even seemed to have blonde hair.

Bill Eck (Casonovia) Singleton was picked out of all the good looking Livingston players Friday night at Mt. Vernon and made reference to (for Bill's convenience her initials are Barbara McBe, as being cute. The word cute in reference to Bill is somewhat amusing yet a little confusing.

What's that old saying "when the cat's away the mice will play." Hazel Gibson has been kinda playing up to a Arnold Taylor while Mary Clouse has been absent from school. We shall soon see the effects of her "playing" since Mary has returned.

### Livingston School News

(Continued from page seven)

If anyone happens to ever hear any tall tales about bird hunting, echoing through the halls, don't be alarmed or surprised it will probably just be "Eagle Eye" Linville letting off a little steam.

Someone should make out identification papers for "Bag" Mullins to take on Basketball trips, so he won't have as much difficulty in being admitted to the games as he had at Mt. Vernon Friday night.

Mr. Poynter has asked that what he calls a "Timometer" be put up over in the gymnasium. Maybe he has decided to turn over a new leaf and keep the gym heated above the freezing point. By the way donations are being received at Webb's barber shop to finance the inauguration of "Squire" Poynter to be held Jan. 5. Let the kids slow down telling Arthur James that Livingston lost the game to Mt. Vernon Friday night, because of his fouling out. He might get to believing it.

What are the rumors circulating about Charles Sigleton being absent mingled? It is rumored that Charles intended to take his cow to the pasture the other day but when he got there the pasture was bare. The rest of the story doesn't rhyme but it is true that Charles brought the rope to the pasture but had forgotten the cow.

About 12 gallons of water is required daily by a cow in milk. Milk is about 87 percent water, and nearly 50 percent of the body weight of a cow is water. The amount of water a cow drinks does not effect the richness of her milk.

### RUPTURE SHIELD EXPERT HERE

H. M. SHEVNAV, widely known expert of Chicago, will personally be at Glyndon Hotel, Richmond, Tuesday, only, December 9, from 9 a. m. to 6 p. m.

Mr. Shevnav says: The Zoetie Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthens the weakened parts, thereby closing the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume—no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolute no medicines or medical treatments.

Mr. Shevnav will be glad to demonstrate without charge. Add. 6509 N. Artesian Ave., Chicago. Large incisional Hernia of rupture following surgical operation especially solicited.

## Interesting Notes Of Farm Life

By Robert F. Spence  
County Agent

### LIVESTOCK PURCHASE

Last week the County Agent accompanied J. B. McKinney and Edward Burton, of Willailla, to the Beechwood Farm where they purchased three pure bred registered Hereford heifers. Mr. McKinney purchased two and Mr. Burton one. These heifers purchased are from some of the best stock in the state. Mr. Rice, owner and operator of the Beechwood Farm, is a herdsman breeder, of a noted reputation. Mr. McKinney and Mr. Burton expect to start a pure bred herd of hereford cattle. They are to be congratulated on buying the best stock attainable as their foundation.

### 5100-ABNEY SOW

Elijah Abney, Jr. whose farm is located on Dry Fork of Crooked Creek, received a very fine two year old Durock sow from his son in Louisville, Tenn. This sow was purchased from Clifton Brooks, owner of the Fox Run Ranch at Crestwood, Kentucky. Mr. Abney values this sow at \$100.00 and gave special directions to Mr. Abney for the care and management of the sow until she gets acclimated to her new home on Dry Fork. Mr. Abney expects to get a fine crop of pigs from this sow in the spring. She has been weighed one thousand dollar male which is proof of the type of hog that Mr. Abney has brought into his community for breeding purposes. There is no doubt but what this is one of the best bred hogs in Rockcastle county and no better in the state of Kentucky. Farmers who would like to see a Durock sow should call on Mr. Abney and see one of the best bred sows of the Durock breed.

### OTHER STOCK PURCHASE

Gilbert Thacker of Mt. Vernon, has just purchased a pure bred registered Polan China gilt and a number of other farmers have purchased other pure bred stock which has not been reported to the County Agent. We would like to have, from time to time, the information in regard to the purchasing of pure bred registered breeding stock so as to give publicity to the development of the livestock industry in the county.

### POULTRY

Mrs. J. B. McKinney and Mrs. Edward Burton of Willailla had their poultry culled last week and have started on a program of egg production for the winter. Mrs. McKinney has about 70 white rocks as well as about 200 other chickens and Mr. Burton has 130 Barred Rocks pullets which are in production at the present time. Both of these farm women are feeding their chickens a balanced ration and keeping records as to their egg production. They are going to help in the National Defense by producing their part of the 19 per cent increase for the county for 1942.

### WALNUT PLANTING

It is time to plant Walnuts. Our income from Walnut kernels this year will reach \$10,000 to \$12,000. We are enlisting 4-H club members to enroll in this Walnut planting project. Boys and Girls between 10 and 20 years of age can enroll in our 4-H club. The Walnut project has been added for 1942 and will continue from now on into the future.

Full description of how to plant will be in this paper next week. Information on Forest credits in the Farm program will be given to the owner and operator of the farm. Parents are requested by The County Agent to let a boy or girl enroll in 4-H Walnut or Forest Project.

## Doris Nicley Weds Charles Harris

Doris Nicley the attractive daughter of Mr. and Mrs. C. B. Nicley was quietly married to Charles Harris, son of Mrs. Myrtle Harris of Broodhead, Ky. Nov. 20th by Mr. Green Carpenter. Their many friends wish them happiness and joy.

## Tuberculosis Drive Starts Next Week

The sale of Christmas seals to help tuberculosis sufferers will start next Monday, with Mrs. Walker Owen, in charge of the campaign assisted by Miss Gynna Schutter. This county has many tuberculosis victims and the money raised not only helps these people but is used to prevent the spread of the dreaded disease. This is a worthwhile project and deserves the support of all our citizens.

## Lexington Paper Tells Of Horse Farm

An article in Monday's Herald-Leader written by W. J. Harris, tells of the development of Valley View Acres, owned by Russell McKinley, son of Mr. and Mrs. T. J. Nicley. This fine farm is a definite improvement for Rockcastle county as the below article will show: "One of the most attractive new horse farms being established in central Kentucky is Valley View Acres in Rockcastle county between Mt. Vernon and Stanford. This farm is composed of 200 acres of rolling land and is owned by R. A. Nicley, Emma Baker, F. S. Freeman and Mr. Nicley. Mr. Nicley is a native of Rockcastle county and has some time past planned to have a nice farm near his old home. Plans for the improvement of Valley View Acres include a nice residence, a stone horse barn, general stock barn and board fencing throughout. When the building program is complete this farm will be one of the most beautiful to be found anywhere. Valley View Acres is set up by Mr. Nicley principally for a saddle horse breeding farm and the nucleus for a fine band of breeding stock already has been purchased. J. C. Murphy Jr., Stanford, Ky., directs the horse interests at Valley View Farm and while they are going slowly they are constantly on the lookout for the right kind of stock to be added to this band. Mr. Nicley owns Lola Lee 20342, the dam of Mr. and Mrs. Freeman's Keyes' good three-year-old gelding Roving Rex. He also owned and sold Revier Rex to Mr. Keyes. The mare is now in foal to Lucky Jean, sire of Dixie Maid, etc. He now has in training a yearling two-year-old stallion by King's Genius and out of Star Magnolia by Kalarama Rex and there is a crack weanling colt by King's Genius and out of Princess Roe by Prince Rock."

## Gat Short-Circuits Local Light Office

It is not our intention to give a false impression conveyed by the above heading, but Monday morning the employees of the Community Public Service Co. at Mt. Vernon, were all looking for short circuits to the wide open places where the ozone smelled clear and sweet. When Roy Owens, manager, came to work Monday, he immediately tilted his nose hither and yon and opined that something had departed hence. When the power employees arrived and began their daily tasks, all complained to Manager Owens of the peculiar and sickening odor. Instead of lessening the smell increased and in a body the force rushed outdoors. A trouble-shooter was called, and finally the flooring in the back office was removed, and a big tomato was found in the latter stages of decomposition. The dead animal was cremated in the furnace, and the gang at the light office have resumed normal operations.

## W. H. Helton Farm At Auction Dec. 17

The Hurt Realty Co. of Crab Orchard are carrying a quarter page ad in this week's issue announcing the sale of the W. H. Helton farm located six miles from Broodhead on the Nigger-Creek road. Besides the farm a nice line of personal property and farm implements will be offered. See their ad on page 4.

## Burley Prices \$10.00 Higher

All Markets In State Report Increased Prices

Tobacco growers in Rockcastle county are smiling happily because they know that their tobacco crop will bring many more dollars this year than last. Markets over the entire State report higher prices. In Louisville the average was \$26.79, nearly ten dollars higher than last year. Monday's sales at Lexington of 1,854,008 pounds brought \$498,666.15 or an average of \$26.79. This price was \$2.81 over last year's opening day sales. Cynthia reported the highest average which rose to \$36.75 or \$13.37 over last year. Harrodsburg reported an average of \$27.14, Danville \$25.14, Springfield, \$28.10, Bowling, \$27.13, and Richmond \$27.14. The increased prices will mean thousands of dollars to the tobacco growers and comes at a time when all commodity prices are rising. Many Rockcastle farmers have already sold their crop, but we have been unable to get figures on the high dollar paid. Farmers who get an unusually good price for their crop are asked to communicate with us near next week and we will be glad to give publicity.

## W. H. Jones Property To Be Sold Dec. 12

A half-page ad in this week's Signal announces the selling of the late W. H. Jones' farm and stock of merchandise at Wildie. The Bond Realty Co. of Richmond, and Rowland Auction Co. of Winchester will have charge of the selling. 450 acres of good farm land, house and lot and complete stock of high-grade live stock and merchandise from the late W. H. Jones' farm will be sold. This will be one of the big sales of the year. Remember the date, Dec. 12 and read the complete ad on page two.

## High School Items

Friday night Mt. Vernon's Basketball season officially opened. They defeated their neighboring city, Livingston, by a score of 36-30. Livingston has an exceptionally good team this year, coached by Clyde Linnville, formerly of this city, and although Mt. Vernon's team is small, they are fast and really work together. They proved their superiority over Livingston, by doing this. Friday, December 5, we meet Anville again on our floor. Since this promises to be a good game, we invite you to come out and help support our team.

## THAT'S THE WAY IT WUZ

You know, the Boy Scouts surely are enthusiastic about coming to the meetings now. I reckon it must be because the Girl Scouts have their meeting on the same night. A strange coincidence, isn't it? When Alfred Sparks went back to Ohio to be with his family on Thanksgiving, he took all of his clothes with him (a whole trunk full). He said he was going to stay, but when Monday came he was back here in school in Mt. Vernon. Well, our ball season started off O. K. We defeated Livingston last Friday night in our first game of the season. We hope we can keep it up.

## FOURTH GRADE NEWS

We got our report cards Thursday, Margaret Pennington is out of school on account of sickness. We had a Geography test Friday and we started new units. We have started a new unit in health called "Bones". Some of the fourth and fifth boys and girls have started a club, called "The Flag".

## Don't Burn Leaves On Oiled Streets

All citizens are asked not to burn leaves on the streets that have been oiled. The fire will burn the oil, and a hole will soon form in the road-bed. Also, several people have been dumping ashes in the streets. This is strictly against the law. We sincerely ask for your co-operation on the above, which enforced, mean a cleaner and better town in which to live. Mt. Vernon City Council.

## Sorghum Week To Be Observed

A new week for a brand new cash crop for Kentucky will be Monday, and Governor Keen Johnson will make a special proclamation for the event. Merchants over the State will feature sorghum during this week, and A. & P. Stores will have a special sorghum fruit cake at all their markets. At present eight sorghum co-ops are operating at Louisa, Hawesville, Morehead, Wayne, Paducah, Paintsville and Mt. Vernon. The 1941 crop is estimated to be approximately 20,000 gallons. Rockcastle county sent their crop to Wayneburg to be blended and processed. The blending plant is expected to be built at Mt. Vernon sometime next summer.

## Little Daughter Of Bob Wilson Dies

Ruby Louise Wilson, six year old daughter, of Mr. and Mrs. Bob Wilson, was laid to rest in the Turner cemetery, Thursday Nov. 20. She died in the Pennington Hospital Wednesday from a ruptured appendix. Ruby leaves besides her parents, two sisters, Joan and Jean, two brothers, Earl and Bobby, also her grandparents, Mr. and Mrs. Douz Wilson, a grandmother, Mrs. Robert McKinney, besides other relatives, friends and school mates.

## Merchants Advertising For Christmas

Your Signal this week is full of advertising, Christmas ads and auction ads. And it will pay you to read them all. Race's Gift Shop again are offering two big specials, 32-piece set of China dishes for only \$1.69 and 4-qt. pudding pans at 10c each. Spend \$5.00 and get a free dinner. This store is filled with Christmas goods for the whole family. Webb Electric Co. has several large ads telling of practical gifts that will last for years. They have a large stock of Motorola and Philco radios, Chamber's gas ranges, G-E refrigerators and many other articles. It will pay you to visit this fine store. The Community Store started their Christmas advertising last week, and again are featuring many worthwhile gifts. Beautiful floor lamps are appreciated by mother, and this store has a complete line. Come in and browse around. The Western Auto Associate Store, Mr. C. A. Lays, manager has a nice ad filled with gifts for the motorist, and the prices are right. Don't stop with gifts for the motor-minded for here can be found an array of toys that will please any youngster, and other practical gifts can be purchased. Watch the advertisements to see what to buy.

## Elizabeth Ellen Price, 79, Passes On

Mrs. Elizabeth Ellen Price, a native of Pulaski county died Nov. 28. She was born in Pulaski county, July 28, 1862, the daughter of Mr. and Mrs. Elijah Grider, deceased. In 1883 she was married to G. H. Price, who preceded her in death fifty-five years ago. Four children were born to this union, a daughter, Ella Mae, died several years ago; three sons, John B. and Jeff Price of Wallace, and Thomas of Sand Springs, survive. She made her home with the last named son. Other survivors are seventeen grandchildren, eleven great-grandchildren and several nieces and nephews. The deceased was a member of the Baptist Church joining the church at an early age and she was a faithful worker. Funeral services were held at the home Sunday, Nov. 30. Rev. Eugene Bradley officiating. Interment was in the Cromer burying grounds near Skaags Creek.

## Stanford Scene Of Plane Crash

An army twin-engine A-20-A bomber, piloted by Lieut. Robert Edwards, 27, of Macon, Ga. crashed and burned about five miles from here this p. m. when the pilot escaped in a parachute leap. The plane was heard flying over here at about 3:45 p. m. when suddenly the motors seemed to go dead. Soon afterward, flames were seen on the Henry Anderson farm. Neighbors, going to the scene, found the plane apparently a total wreck after it had landed nose first. The pilot, who said he was testing the plane, was on the way to Patterson Field, Dayton, Ohio, from Macon. He said he "experienced difficulties and bailed out," landing approximately half a mile from where the plane crashed. Nearby residents said they understood a portion of the flier's parachute was burned. This, however, could not be confirmed. Edwards refused to talk after making his first general statement. Residents did not know whether the plane had caught on fire in the air. State policemen were called to guard the plane's wreckage. At the Civil Aeronautics Authority's office at Bowman Field at Louisville, it was said Edwards called that office from Crab Orchard, Ky., and reported the crash—Courier-Journal.

## SLANTS

By W. L. S.

J. T. Pike has taken over the duties as editor of the Livington News, and this young gentleman has already shown what work and interest can do. People over the county are interested in our sister city, and young Pike is doing a splendid job in reporting the activities of Livington.

It has been a difficult job to get someone with the time and ability to really work the territory, but we feel sure that Mr. Pike will deliver the goods. By having a full page Livington merchants have an opportunity to list their merchandise and be assured that people in their trade territory read it, also it gives the citizens a chance to boost their town, and in these days of miracles, Livingston might have a chance to get some large industry. It is a certainty that they have more chance trying, than not doing anything.

We have an excellent editor in Brodhead, and Miss Wallin works hard in getting the news of her community each week, and many of the citizens are co-operating. However, the merchants of Brodhead do not believe in advertising. Consequently the page is a deficit as far as money is concerned. A page in The Signal for a year would cost \$1248. Advertising job work and subscriptions out of Brodhead has netted us exactly \$222.80. We run the page for the progressive citizens of Brodhead and for our other subscribers who are interested in Brodhead happenings. Some day, we hope the merchants will wake up to the fact that they can get much outside business that is going somewhere else by advertising.

Russell Warren, "Deadhead" Warren, they call him now feasted on turkey last week, due to his marksmanship. Mr. Warren the radio operator at Renfro Valley, and the Renfro gang all participated in a shooting match held close-by. Some of the boys practiced back of the barn before going but Warren felt like he didn't need to sharpen his eyes to shoot a big target like a turkey. When the party got to the target, all shot several times without success; at Mr. Turkey, the bird being 280 yards away. Finally, in a meek voice Russ asked if he could try his luck. He forked over a dime for his shot, stood him, quivered with both eyes, shot, and behold the turkey gobbled once and was dead, shot through the neck. You better lay low, Mr. Warren, Uncle Sam is looking for men like you.

## Christian Church

By Aubrey Russell

For the closing Sunday of our "Eight Weeks With God" evangelism member is urged to show their loyalty to the work of the church by being present for the preaching service. The eighth weeks, in which we have emphasized GREAT CHRISTIAN CONVICTIONS, have been regarded by some as important, by others as just another service while some have not been aware of any kind of a church program. On this closing Sunday the message of the morning will be "The Necessity of Commitment." Don't miss this service.

The Evening service will be the annual Woman's Day program. Mrs. Louis Miller is in charge of this service and from all indications there seems to be a fine program in the making. Let us not forget to be at the church at 7:00.

Keep in mind Christian Endeavor at 6:00 An interesting program is being planned.

A nation-wide farm machinery repair program designed to help farmers meet prospective reductions in machinery next year, is announced from Washington. Farmers will and place orders for repairs at once.

## Baptist Church

By Rev. W. C. Younce

The regular quarterly Association Sunday School Rally was held at the Poplar Grove Church last Sunday afternoon. The attendance and interest was good. However, only a few churches were represented, Poplar Grove 30; Ottawa 8; Mt. Vernon 13. Two superintendents and one pastor were present. We do wish that more of our people would attend these conferences from time to time. They are helpful in many ways. We want to thank the following for helping in the program: Brethren Ed Cook, H. E. Jones, G. H. Roberts, James Wallace, Mrs. Rhoda Evans and Mrs. M. Pennington, the Poplar Grove choir, as well as Mrs. Carrie Baker and Mr. Cecil Purcell who helped in the special music.

We take this opportunity to inform the good people in our county who are being challenged to show their colors regarding the liquor question. Judge Felix Bowman says that the liquor men have engaged an attorney to help legalize the sale of liquor in the county. This of course is carried out, necessitating a county vote in the immediate future.

Beloved, the liquor trade is a matter of vital concern to every Christian and citizen. No one can afford to be indifferent to it. Religion and liquor are absolute foes. Liquor is the untiring enemy of the church, the home, the school, the community and nation. It lays the foul hand upon the pure lives of youth in school and society. It ruins the bodies, the minds, and the souls of men. It breaks up the home. It eats at the sources of happiness and prosperity. It renders travel unsafe. It populates the poorhouse, the prison, and the insane asylum. It corrupts politics and courts. Drunkenness is one of the most prolific works of the flesh. There is nothing good that liquor does not attack, and if it has its way, will ultimately destroy. Therefore, there can be no peace between religion and liquor.

Issues make it plain that we have a duty to the state and to God. He said, "Render therefore unto Caesar the things which are Caesar's and unto God the things which be God's." In this our duties do not conflict. It is in every way for the good of the public that the liquor trade shall be forever abolished. The same is true certainly in accordance with the law of God.

Paul writing to his readers who were confronted with the same evil said: "Awake them that sleep and arise—be not unwise, but understanding what the will of the Lord is—be not drunk with wine, wherein is excess; but be filled with the spirit." Again, "we then that are sleeping ought to bear the infirmities of the weak."

Last Sunday morning our church, after being informed about the intentions of the liquor traffic, voted its desire that Rockcastle remain dry. We pray God that every other church will do likewise.

We welcome Master Douglas Charles Gibson, son of Mr. and Mrs. Charles into the Cradle Roll Department.

Mrs. Charles Gibson and son, also Mr. George S. Griffith have returned from the hospital.

We extend our deepest sympathy to Mrs. John Pearl Williams in the death of her father.

Our Christmas Program will be given at the church on Tuesday night, December 23rd.

Pastors Sermons: Morning, "The Master's Kingdom Ideals." Evening, "The Master's Supreme Aim in The Days of His Flesh."

## This Week in Defense

Congress passed and sent to the White House legislation to repeal three key sections of the Neutral Act—Section 2, banning merchant ship entry into belligerent ports, Section 3, barring combat zone travel; and Section 6, prohibiting arming of ships. Navy Secretary Knox issued a statement that removal of the Neutrality Act shipping restriction makes it "possible to get the defense materials authorized by Congress to flow in the war against the Axis powers." It also stated that positions where they can be usefully employed. It also insures that the war efforts of the British Commonwealth, of China and Russia hold out greatly increased promise of ultimate victory.

In an Armistice Day address President Roosevelt said the United States took up arms in 1917 "to make the habitable for decent self-respecting men." He then said that he did so to "prevent anything that now... has happened from one end of Europe to the other." The President said the people of America believe liberty is worth fighting for, and if they are obliged to fight they will fight eternally to hold it. This duty we owe to the many who died to gain our freedom for us—to make the world a place where freedom can live again into the ages."

**Captive Coal Mine Dispute**  
The Defense Mediation Board voted against a union shop agreement at the steel industry's captive mines and stated the United Mine Workers could "greatly strengthen their position before the people of the United States" by refraining from further strike action.

President Roosevelt asked leaders of the steel industry and the United Mine Workers to make "a final effort to insure continued production of coal for the manufacture of steel."

**Lease-Loan Aid**  
The President authorized Lease-Loan Administrator Stettinius to take immediate action to transfer defense supplies to Russia. The OPM Priorities Division issued a special allocation order designed to promote a steady flow of from \$10,000,000 to \$15,000,000 of American-made machinery to the United States.

**Relations With China And Japan**  
The President told his press conference the United States decided to withdraw American Marines from China. He said the Marines had offered protection to comparatively few Americans. Navy Secretary Knox, speaking in Providence, R. I., said efforts of the United States to maintain friendly relations with Japan have been "patient to a point almost unmatched in the history of international relations," but now "the hour of decision is here."

**President Asks Support for Red Cross**  
President Roosevelt asked for support for the Red Cross in its roll call for membership on Monday, November 30th, to "prove that we have the heart as well as the sinews to keep ourselves strong and free."

**Civilian Defense**  
The Office of Civilian Defense issued specifications of dimensions, colors and materials for 16 insignia to be worn by trained volunteer workers. OGD Assistant Director Davison estimated volunteer women workers needed in defense fields include 1,000,000 in first aid, 500,000 home gardeners, 100,000 each in life-saving, home nursing, school lunches and for staffs of local volunteer offices, 700,000 in their protection program, 600,000 rural leaders and 200,000 in the aircraft warning service. The OGD also issued a 60-page pamphlet on "Women's stationing areas within 300 to 600 miles of seacoasts must be prepared to black-out on a "night to night" basis."

**Production And Subcontracting**  
Vice-President Wallace, speaking in New York City, said "By putting one-half our effort into national defense instead of less than one-fifth, we shall match what the British and Germans are doing."

Priorities Director Nelson told the New England Council defense expenditures at present are averaging \$1,750,000 a month, but "to win this struggle with reasonable speed and certainty" the country must spend approximately \$3,500,000,000 a month on defense. OPM Associate Director Hill-

man announced some plants are working 160 hours a week with four 40-hour shifts but "this operation can and should be expanded." Three special trains sponsored by the OPM Contract Distribution Division leave left Washington on a 40-day tour of 79 cities. The trains are carrying supplies of freed defense parts to show manufacturers and facilitate the contract distribution program.

**Prices**  
President Roosevelt, in a letter to Chairman Doughton of the House Ways and Means Committee, said additional taxes are needed to absorb purchasing power and "prevent a further sharp increase in the cost of living." The Senate passed and returned to the House of concurrence in amendments a bill to "freeze" rents in the District of Columbia as of January 1, 1941. Price Administrator Henderson announced executive sales engineers with extensive experience in the industrial machinery field are needed in the OPA. Mr. Henderson also announced temporary stabilization of prices of a large variety of builders hardware and of rugs and carpets. He asked manufacturers of metal office furniture not to arise price above the levels of November 6th when the OPM curtailed their production.

**Priorities**  
Director Nelson began collection of month-by-month estimates of requirements for critical materials from all industries as a step toward eventual allocation of all critical materials, both to defense and nondefense industries. He said such a program—to apply first to steel, copper, aluminum, rubber and chemicals—might be put into effect within three months.

**Conservation Of Materials**  
Associate Price Administrator Elliott announced "The Consumer's Pledge for Total Defense," which calls for elimination of waste and

careful buying. She said business and civic organizations, the Boy Scouts, retail merchants, church groups, trade unions and women's organizations are co-operating to make copies of the pledges available to America's 30,000,000 homes. The OPM and OPA asked stove manufacturers to eliminate steel covers for domestic cooking ranges by December 15. The agencies estimated the change would save 2,500 tons of steel in 1942.

**Labor Disputes**  
President Roosevelt created an emergency board to report within 30 days on a dispute between the Railway Express Agency, Inc., and teamsters and chauffeurs. OPM Associate Director Millman said "the record in

Washington shows—every difference between labor and management has a basis for solution" without a strike. Labor Secretary Perkins certified to the Defense Mediation Board the threatened strike of employees of the Waterfront Employees Association of Washington, Seattle. The U. S. Conciliation Service announced settlement of 47 other disputes.

### Home Butchering Equipment Plans

The College of Agriculture and Home Economics of the University of Kentucky is distributing plans for building butchering equipment on the farm which will make butchering easier and more efficient. The equipment is not elaborate or expensive, and can be made by farmers' materials probably to be found right on the farm. While designed for butchering hogs, the equipment could be used in killing either cattle or sheep. The plans can be had

## SAFETY . . .

As you lean back in your chair and reflect upon the sad state of this old world of ours . . .

As you look over the headlines in the morning paper and wonder about the future . . .

As priorities, government regulation and upset economic conditions make many investments extremely hazardous . . .

There is satisfaction in knowing of one place where your dollars are protected, guarded and insured against loss.

Put your money in the bank and keep it there.
