'Robinson Crusoe'

In 1704 a Scotch sailor, Alexander Selkirk, was put ashore on the coast of Chile, where he lived four years and four months. The story of Selkirk's adventures suggested the idea of "Robinson Crusoe" to the English writer, Daniel Defoe; thus Selkirk may be said to have been the original Robinson Crusoe.

How to Relieve Bronchitis

Cremolulum relieves promptly because it goes right to the seat of the trouble to help loosen and expel extra laden phlegm. It soothes and heals raw, tender, inflamed bronchial tubes and membranes. Tell your druggist to sell you a bottle of Cremolulum. You'll be understanding you must like the way it quickly always the cough or you it to have your money back.

CREMOLULUM

For Coughs, Croup, Colds, Bronchitis

Barred Girls From Schools
Although Indians were being educated at Harvard as early as 1642, the white girls of New England were not admitted to public schools until almost 1800, or more than 150 years after the first one was established.

SYMPTOMS CAUSED BY DANGEROUS COLD 'BUG'

All who live in regions in which the thermometer often falls to zero or below, know some of the more common symptoms caused by the "cold bug". For example, that they develop much more quickly on damp days than they do on colder dry days. The most universal symptoms caused by cold are watering of the eyes and nose, and the chapping of the lips from exposure to the cold watery secretions. The chapping of the hands is due to a combination of dry light glaze and the natural moisture of the skin. Many have also had experience with "blebby" or "freezing" of the ears, nose or cheeks, fingers, toes. They know that the part so affected often remains more sensitive to cold, perhaps because they were rendered over-sensitive to cold. Some people are sensitive to allergic to cold just as others are to pollens or foods. These people may develop asthma, or hay fever, if they must remain in doors in cold weather or else move to a warm climate. Others develop hives—on exposure to cold. Some develop a type of eczema with severe itching in cold weather.

Maternal Mortality per 10,000 Live Births

Reaction to Cold.
The spasms may completely cut off the circulation in a limited area and cause blueness and then pallor and very severe pain. If these arteriolar spasms last long enough they may cause gangrene, that is death of the tissue nourished by these blood vessels. There is another group in which there is also an arteriolar spasm, but in which the skin first becomes red; then as it gets colder, blue; and when very cold, gets red again. It too causes severe pain. These types of reaction to cold usually develop during early adult life or even during the teens and are more common in women.

There are a few people who have disease of the blood vessels, both arteries and veins, in which many of the smaller vessels become obstructed by clots. These clots lead to cold and discoloration, blueness and pallor of an extremity even before the temperature reaches freezing.

Hardening of Arteries.
As people grow older they almost always develop more or less arteriosclerosis (hardening of the arteries) even with normal blood pressure. However, those who have diabetes or high blood pressure usually have more of it than do others of the same age. Cold may cause such diseased arteries of the extremities and of the heart to develop spasms that may completely cut off the circulation for a long enough time to cause gangrene.

The names by which the diseases caused by cold are known, have purposely not been given because they are difficult to pronounce or remember when they are descriptive and would mean little when they are designated by the name of the physician who first described them. Their cause is unknown, and, unless it is, little can be done to prevent or to effectively treat them. Yet by avoiding exertion or exposure to cold and rapid changes in temperature, by wearing plenty of warm and properly fitting woolen clothing, those who have either the more severe forms of these diseases can learn to live comfortably in spite of them.

QUESTION BOX
Send questions to Dr. Nathan S. Davis III, Mt. Vernon, Ill. (Be sure to include stamped envelope.)
Q.—I have a small bump on the heel of my foot. It is not painful and is not very large, yet it gives much pain and a great deal of discomfort when my foot is against it. What causes this?
A.—The rubbing of the shoe which doesn't quite fit is the probable cause. If the bump is on the back of the heel, covering it with a strip of adhesive will relieve, but better fitting shoes are needed.

Wash and Clean

Invitation to Dinner—Tasty Onion Soup (See Recipes Below)

Let's Srye Soup

Something hot, something to warm up the system and something to stir the appetite into action so it can enjoy the meal it is eating, this is soup. Good companionship to a dinner on a rainy day, a luncheon, this is the reputation soup has acquired. Give a lift to your meals and get the appetites off to a brisk start. These savory soup recipes will help you.

Grated-American cheese
Fry cubed bacon slowly over low heat, stirring constantly until fat is extracted. Lift out crisp bacon bits and set aside. Place thinly sliced onions in pan with some of bacon fat and cook until clear and tender. Sprinkle flour over onions, blend, add milk and crisp bacon. Stir constantly over direct heat or cook in double boiler until soup thickens slightly. Season with salt and pepper. Serve in soup plates with croutons made by toasting stale bread in oven. Sprinkle grated cheese over bread just before serving.

Split Pea Soup
(Serves 6 to 8)
1 cup dried split peas
2 quarts cold water
Ham-bone with a little meat on it
1 small onion
Salt and pepper
Soak peas overnight, drain and cook in double boiler until soup boiling point, add onion and ham-bone. Simmer 2 to 3 hours or until tender. Remove ham bone and season. Serve with crisp croutons.

Lentil Soup
(Serves 6 to 8)
2 cups lentils
2 quarts cold water
2 pounds brisk of beef or ham-bone
1 stalk celery, diced
2 onions, cubed
2 tablespoons fat
2 tablespoons flour
Salt and pepper
Pick over lentils, wash, and soak overnight in cold water. Drain, cover with cold water, and cook for 1 1/2 hours. Add celery and onion and cook for 2 hours. Blend melted fat and flour, season, then add 1 1/2 cups stock and cook until thick. Add rest of stock and serve with a slice of rye bread, sprinkled with cheese and toasted until the cheese is melted. Lentil soup is given also with smoked sausage or frankfurters in place of the meat listed above.

Oyster Blaque
(Serves 6)
1 pint oysters
Salt and pepper
2 cups milk
3/4 cup dry bread crumbs
1 tablespoon butter
1 tablespoon flour
1 onion, chopped fine
1 stalk celery, chopped fine
1 sprig parsley, chopped fine
Cook oysters in their own water and liquor until they curl. Add onion, celery, parsley and simmer gently for 20 minutes. Scald milk, add bread crumbs and cook for 15 minutes in double boiler. Rub mixture through a sieve, melt butter, blend flour and seasonings. Add milk and crumb mixture. Rub oysters through a sieve and add to milk mixture. Serve with soda crackers.

Lesson for February 8

Lesson subjects and Scripture texts are prepared and copyrighted by International Council of Religious Education; used by the Sunday School Board of the U. S. A.

A BUSY SABBATH IN CAPERNAUM

LESSON TEXT—Mark 1:21-34. GOLDEN TEXT—I was in the Spirit on the Lord's Day.—Revelation 1:10.

The Sabbath of the Jew and the Lord's Day (Sunday) of the Christian were both intended to be days of rest. The ordinary activities of life were to cease and one was to be free to worship and to rest. The manner in which a man uses this God-given day of rest is a remarkably accurate indicator of his spiritual condition.

We have before us the account of a very busy Sabbath day which our Lord spent in Capernaum, the city in which most of His mighty works were done, but which ignored Him and His teaching to its own destruction (see Matt. 11:23, 24). As we look at our Lord's activity on that day we will find that we are to bear fruit for eternity. We find Him in three places.

I. In the Church.—(vv. 21-23). The Sabbath day found our Lord with His people in the synagogue, their place of worship. The service of worship was probably formal and lacking in spiritual vitality, but none-the-less He was there. What have we to say if we miss the opportunity for fellowship and service which church attendance brings us?

II. In the Home.—(vv. 29-31). From the synagogue Christ went into the home. We should go from the church to the home, always bringing with us strength and blessing of the worship service.

The daughter of a great preacher and Bible teacher said the thing she most loved in her father's work was that he did not give out the "cream" of his Christianity in his meetings and bring home the "skim milk." Too often we try to bring into the home the power and beauty of the service in the church. We who have been weak, sad, and selfish in the church and crabbed.

III. In the City.—(vv. 32-34). From the home the ministry of Jesus reached out to the entire city. As the strict laws (including Sabbath) were being broken, Jesus came to the city and brought their sick and needy to Him.

The scene staggers the imagination as one attempts to conceive of this coming together of troubled humanity. There here at the Master's touch, Mark tells us that He healed many; that He healed all, and that the physician, it is implicit in saying that He healed every one of them.

We may learn from this incident that our Christian faith, yet has been developed and strengthened by our time of worship and service in the church, should not only reflect itself in the home, but should extend into the life of the community in which we live. The primary interest of the Christian in his city or the place of his residence should be spiritual, a desire to bring to bear upon the people of the community the power of the gospel.

There is, however, a secondary responsibility which is of much importance and that is the extending of Christian influence into every phase of school, social, political and business life. It is said that when D. W. Moody came into a barren town, the entire course of the conversation changed. The Christian should have an influence on problems of social welfare, the work of the public schools, the proper conduct of business in the community, and surely upon its political life. It is said that if every Christian in America would vote according to his professed convictions we could put the saloons out of business in a single election. Why not do it?

PATTERNS SEWING CIRCLE

DO YOU like to sew? Then here is a grand new pattern to try your talents on—an apron which is as simple to make as ABC! Pattern No. 1518-B shows too, an apron which is different, slenderizing, usually becoming and as efficient as a modern kitchen! The shoulder straps continue as side panels and end as good sized, properly placed pockets.

Harold's Belt Pattern No. 1518-B is designed for sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42 and 44. Size 18 (34) requires 2 yards 35-inch material, 3 yards trimming fabric or bias fold. Send your order to:

SEWING CIRCLE PATTERN DEPT., Room 1124, 200 N. Dearborn St., Chicago, Ill.

Household Hints

White enamel can be cleaned with turpentine. Rub with a cloth moistened in the turps; then with a dry cloth.

A teaspoon of flour mixed with the hot grease in which you fry eggs will keep them from popping.

Over-burned dishes can be cleaned by soaking them in a solution of borax and water.

Always put knife in boiling water a few seconds before cutting cake that has been leavened. Then you will be able to cut without breaking the icing.

Use a clean sheet of wrapping paper to roll pies and pastry on. It saves a lot of cleaning up later.

Verus (NOTICE OF SALE)

Edith McKinney, Et. Al, Defendant.

By virtue of a judgment and order of sale of the Rockcastle Circuit Court rendered at the January Term thereof 1942, in the above cause, for the division of the proceeds, I shall proceed to offer for sale at the Court House door in the Mt. Vernon Kentucky, to the highest bidder, at public auction on the 16th day of February 1942, at One O'Clock P. M., or thereabout, upon a credit of six months, the following described property, to-wit: Located in Rockcastle County, Kentucky near Ottawa and bounded as follows: Beginning at the mouth of the branch where it empties into Negro Creek; thence up the branch and by the creek with its meanders various calls as shown by plat made Dec. 13, 1939 by Jonas W. Brown, to a white oak with buckeye pointers, which oak is now down; thence across the road north 17 east 95 poles to a stone on the south side of the branch with lynn and sugar tree pointers; thence down the branch with its meanders, as shown by plat above referred to, to a hickory, thence south 36 east 27 poles and 12 links to a black walnut; thence south 64 1/2 east 52 poles and 15 links to the beginning and containing 57 acres more or less and being the same tract of land upon which Hob Wallin resided in his lifetime and known as the Hob Wallin Farm.

For the purchase price, the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

Melvin Hughes, Master Commissioner Rockcastle Circuit Court.

Help FOR THE CROWDED HOURS. MORE TIME FOR KNITTING AND SEWING. MORE TIME FOR RAISING AND CANNING FOOD. MORE TIME FOR ALL DEFENSE ACTIVITIES. BUY DEFENSE BONDS HERE.

ELECTRICAL APPLIANCES SAVE TIME FOR DEFENSE WORK

With our country engaged in its most gigantic war effort of all time, patriotic women everywhere are eager and anxious to do their bit. Busy as they are with the cares and responsibilities of their homes and families, they are devoting many hours to working for the Red Cross... training for civilian defense... cooperating in the food conservation program... knitting and sewing... and otherwise assisting in the national defense program. Electrical appliances are helping them meet the increasing demands upon their time by speeding up housework and releasing time and energy that would otherwise be spent in slow hand work. By using their appliances wisely, but not wastefully, they are able to make the most of each day and contribute a patriotic service to their country. In the home, as in industry, electricity is on the job, helping to pave the way to victory.

MISS LILLIAN WALLIN, Editor

BRODHEAD CHRISTIAN CHURCH

Harold L. Newlin, Minister.
Bible School—10 a. m.
Lester Cass, Supt.

Have you been going to Sunday School lately? If not we invite you to visit with us. We are beginning our attendance and "TOWARD CALVARY" program this Sunday and we would like to have you attend every Sunday from now until Easter without missing.

Our morning service will be conducted by the Young People of the Church. We will have special music and a special message "Looking For Jesus" so plan to be there. We think that the young people of the Church will be the Leaders of the Church of tomorrow. So show your interest in them by coming to this service.

Our regular evening services will begin at seven. Our Sunday evening crowds are increasing but we want you to help increase them more.

Remember our prayer meeting Wednesday night.

Mr. Mattie Howard returned to her home in Pineville last Sunday after being the guest of her daughter Mrs. Henry R. Swingers for the past two weeks.

Mr. and Mrs. Marshall McKinney left Monday for their home in Lexington after visiting relatives here.

Mr. and Mrs. Ray Hysinger spent the week end here with relatives. Mrs. Hysinger remained for a week visit while Mr. Hysinger is in Columbus, Ohio where the Government sent him for a course in his line of work.

NOTICE BRODHEAD RESIDENTS

Please bring books to the Churches and Schools they are needed by the Army, Navy, Marines, and Air Corps. All books will be graciously accepted.

Fighting these men who are plotting big battles for you.

Mr. Albert Albright was in Louisville part of last week on business.

Mr. Charles Shivel spent the week end at home with his parents; Mr. and Mrs. Fred Shivel. He returned to Ft. Knox Sunday from where he left Tuesday for California.

Mr. and Mrs. Creed Russell moved to Mt. Vernon last week.

Mr. and Mrs. J. C. Goss moved to Mt. Vernon last week.

Misses Boone of Stanford were the week end guests of their aunt Mrs. C. Goss.

Mr. P. T. A. of the Brodhead High School will meet Tuesday afternoon at 7 o'clock.

Edwards of the Baptist Episcopal Secretary at Louisville filled the pulpit of the Brodhead Baptist Church Sunday.

Mr. and Mrs. T. Y. Shaw and family of Crab Orchard were the Sunday guest of their son Mr. Tommy Shaw and Mrs. Shaw.

Mr. J. R. Goss is visiting her daughter Mrs. Bronston Elder and Mr. Elder in Stanford.

Mr. and Mrs. Flavell Hunt and son of Lockland, Ohio are the guest of her parents Mr. and Mrs. Ben Bradley.

the foot of Gauley Mountain and thus bounded, on the N. by the side of the branch with Louis Stewart's line; thence running with Louis Stewart's line to the north end of the line, line of the survey; thence with the survey to the County road; thence east, with the county road to the beginning and containing 3/4 of one acre, more or less.

Or sufficient there to produce the sum of money so ordered to be made out for the purchase of the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

Melvin Hughes, Master Commissioner Rockcastle Circuit Court.

Fannie Mullins, et Al, Plaintiff, Versus (NOTICE OF SALE)

Arch Allen, Et. Al, Defendant.

By virtue of a judgment and order of sale of the Rockcastle Circuit Court rendered at the January Term thereof 1942, in the above cause, for the purpose of the proceeds, I shall proceed to offer for sale at the Court House door in the Mt. Vernon Kentucky, to the highest bidder, at public auction, on the 6th day of February 1942, One O'clock P. M., or thereabout, upon a credit of six months, the following described property, to-wit:

Tract No. 1.—Beginning at a small white oak in a branch about 65 feet above Owen Allen Spring, with lynn pointers; thence N. 83 1/2 E. 14 poles to a small chestnut oak; thence S. 74 E. 76 poles to a small chestnut oak; thence S. 82 1/2 E. 14 poles to black oak at the cliff; thence S. 33 E. 24 poles to a chestnut oak near the cliff maple pointers; thence N. 70 1/2 E. 6 poles to a chestnut on a point; thence 19 1/2 W. 129 poles to a gum; thence N. 83 W. 18 poles to a stake in Scott's line; thence S. 37 W. 78 poles to a black oak and hickory; thence S. 23 W. 9 poles to a black oak white oak pointers; thence S. 25 W. 23 poles to a black walnut; thence S. 70 W. 14 1/2 poles to a stone; thence S. 46 E. 8 poles to the beginning and containing 5 1/2 acres, more or less.

Tract No. 2.—Beginning at a small white oak in a branch about 65 feet above Owen Allen Spring, with lynn pointers; thence N. 83 1/2 E. 14 poles to a small chestnut oak; thence S. 74 E. 76 poles to a small chestnut oak; thence S. 82 1/2 E. 14 poles to black oak at the cliff; thence S. 33 E. 24 poles to a chestnut oak near the cliff maple pointers; thence N. 70 1/2 E. 6 poles to a chestnut on a point; thence 19 1/2 W. 129 poles to a gum; thence N. 83 W. 18 poles to a stake in Scott's line; thence S. 37 W. 78 poles to a black oak and hickory; thence S. 23 W. 9 poles to a black oak white oak pointers; thence S. 25 W. 23 poles to a black walnut; thence S. 70 W. 14 1/2 poles to a stone; thence S. 46 E. 8 poles to the beginning and containing 5 1/2 acres, more or less.

Tract No. 3.—Beginning at a black oak and hickory on a point, corner to R. L. Myers; thence S. 76 E. 119 poles to a stake in Albert Allen's line; thence with his line N. 23 1/2 W. 58 poles to a stake in his line; thence N. 80 1/2 W. 36 poles to a stone corner to Conley Hale; thence with his line S. 37 W. 44 poles to the beginning, containing 29 acres, taking of the lops.

Tract No. 4.—Beginning at a black oak and hickory on a point about 80 poles northeast of the Broughton dwelling and supposed to be in a line of William Griffin's 50 acre survey, thence S. 76 E. 80 poles to a white oak on a high point; thence S. E. 100 poles to a white oak and hickory on the side of a hill about 20 yards below a cliff; thence N. 81 W. 70 poles to a white oak; a small hickory, small oak and chestnut on a rocky point about 365 yards east of Crooked Creek and supposed to begin a line of a survey in the name of David Sammons; thence with his line N. 21 W. 100 poles to a stake in William Griffin's line; thence with said line to the beginning containing 100 acres, more or less.

Tracts 1 and 2 purchased by Elizabeth Allen from M. J. Miller now of record in the County Clerk's office deed Book 60, page Tract 3 purchased by Elizabeth Allen from M. J. Miller by deed recorded in deed book 38, page 477. Tract No. 4 conveyed to Elizabeth Allen by Mellic Rider by deed recorded in Clerk's office deed book 58, page 193.

For the purchase price, the purchaser must execute bond, with approved securities, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

Melvin Hughes, Master Commissioner Rockcastle Circuit Court.

MEDICAL CIVILIAN DEFENSE T. A. Griffith M. D.

I have been patriotic enough to accept Chairmanship of the local committee for Civilian Medical Defense as set up by the Council of the Kentucky State Medical Association.

In speaking to the people at the time the information contained here-in is not in the same category as a Dr. Brady column.

Local civilian defense from a medical standpoint will be free from surgery, we hope. It is not likely that we shall suffer from Hitler's blitzkrieg resulting in such medical and surgical conditions as "bomb-blast confusions", "crash injury" or war hysteria" (shell shock). England has

strongly withstood a great deal of this and we, as Surgeons, have learned from them in advance. Our Country has sent dried blood plasma to England by the pints. We have some in Mt. Vernon and we hope to increase our supply as finances will permit. We may not need it. Dismissal is possible in vision as unlikely we are faced with the possibility of another kind of Hitler blitzkrieg. Sometime ago this man said that he would "shoot the gentlemen in New York" "if I can't destroy them with bombs, I shall wage a bacterial war."

Recently Dr. Farran, Surgeon General, U. S. P. H. S., said that Germany may have a new germ. This is not at all strange. Since America has become so highly immunized against typhoid, smallpox, diphtheria we have had new diseases caused by otherwise innocuous bacteria as unknown fever, typhus, etc. I don't know for certain that we can take the "germ" out of Germany, therefore, Germany is the most highly vaccinated and inoculated nation on Earth. For this reason I do not believe that typhus is hurting Hitler. Of course he says so. Since his countrymen have had all those medical "shots" and "Bissan" mineral oil instead of all that Vitamin B contained in wheat, Hitler may need a rest in the cold mountains, or better in the cold ground.

What happens when a country becomes so highly immunized besides good infections? One thing certain is that if these bacteria become lodged in someone who has had no "shots" he or she is likely to be a lot sicker. Especially is this true with children who have had no diphtheria shots. So we can win a bacterial war by seeing that every civilian is defended medically. Whether or not cold vaccines, or whooping cough vaccine, will prevent us from getting the best known from scientific study that complications such as pneumonia, meningitis and indeed leucemia in number.

Influenza is always in the background. It is caused by influenza viruses A and B. There will probably be found as many viruses (exactly the same germs) causing influenza as we have accessory food-factors, the vitamins A, B, C, D, E, G, K. Vitamins are playing no small part in preventing the best forces. At present we have no vaccine but since the State Epidemiologist is surprised by the very little "flu" this winter, it may be that by Fall we will have perfected a shot, or shots for "flu". Typhus fever is being caused by rats being infested with the germ from the dead and sick.

We do not have the "rats" that Hitler has we are not endangered by this plague.

There are 18 million Americans

with colds this month. These facts would indicate that influenza will get into full swing again since colds are also caused primarily by a filtrable virus. The cost to the Americans for colds alone would buy many planes and tanks.

Germany is a highly scientific country. However, our American scientists and Doctors are far superior. My own opinion is that the cause of such a world destruction is the decline of Christianity to such a low level and the tremendous progress of science. Science is not only destroying lives but saving many seriously wounded young Americans.

One of our good uses of our very newest weapons against bacteria, the sulfonamide drugs is in gangrene infection and the reports in the British Medical Journal are encouraging. You know that this new drug is the one which is also deadly against pneumonia. I believe that it will destroy any new germ coming from Germany.

And will you tell me why it is that we have set up such fine prenatal clinics and Public Health organizations to protect our babies against diphtheria, whooping cough, and water typhoid, and smallpox. Then, when these young men are at the prime of life, line them up and kill them by the millions? Is it that we don't want them to grow into the Great Cancer age? Or escape to the Great Beyond by a heart or applepie attack?

There shall be Wars and rumors of Wars. I wonder if the Scriptural writers ever dreamed of such a murdering of humanity. Our country is at war with the most ruthless groups of barbarians that have ever threatened mankind since Attila and his hordes swept over and destroyed the civilization of the Roman Empire. One important job in actual defense is in keeping the Roman Empire. He is as important as the influenza virus of which we have a million swarms here.

Another part of the problem of local defense is the purchase of Government Bonds and Stamps. Convert your extra bank accounts into bonds by all means. During the post-war depression, sickness will certainly be even more prevalent and we shall surely have the severest depression known. Government Bonds will help take the "nip" out of nipponese. We should change our song "God Bless America" to "God Bless and Help the Americas."

Do not be without our Household Furnishings Policy that protects so much against loss by fire — yet costs so little. Consult us for the low rates on your home.
