Up In The Air

An author got into an elevator and continued his conversation with a friend about a story he had just written.

"So I got my knife and knife her," he said. "Of course I was careful to wipe off all fingerprints with a handkerchief."

Just then the elevator stopped and the two men got off and left the wide-eyed passengers wondering what to do about the situation.

New Plymouth on Display

ALLEN'S FLOWERS For All Occasions Mrs. Henry Mason, Agent Livingston, Ky.

New Plymouth Features Beauty, Performance, Safety and Comfort Effortless new styling is combined with outstanding riding comfort, increased roominess, and sweeping mechanical improvements in the new line of Plymouth automobiles. Completely redesigned, the new Plymouth has a longer wheelbase for a better ride and more road stability, but less front and rear overhang for easier parking and garaging. While the silhouette has been lowered and the width decreased, there is more head and leg room and seats are wider. Typical of Plymouth's many refinements is the ignition-starter combination, with which a turn of the key starts the engine. The new Plymouths are sleek in appearance. New rear-end styling provides a graceful balance with the horizontal grille lines which emphasize the broadness of the front. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal panels so costly to repair or replace. The new Plymouth line includes nine distinct automobiles. Special deluxe and deluxe types are on a 115-inch wheelbase, one inch longer than last year's. Special deluxe models are: four-door sedan, club coupe, convertible club coupe and station wagon. In the deluxe group are the four-door sedan and the club coupe. In addition, Plymouth will build three deluxe models on a brand new 111-inch wheelbase, a two-door sedan, a three-passenger coupe, and a new body type, the Suburban. The 91-horsepower engine has improved performance and efficiency with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces friction wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster throttle response. Body styling which produces greater passenger room without excessive bulk also increases visibility. V-type windshields have 37 percent more area and provide excellent vision without distortion. Windshield wipers clear 61.5 percent greater area and the rear window is 35.4 percent larger.

MT. VERNON SCHOOL NEWS
School started quite differently from previous years. We started with the Senior class, the Freshmen. The Senior Class wants to say that the Freshmen really took the initiation well for they underwent some rugged treatment. On the more serious side, however, the classes have gotten off to a good start with capstones.

They are as follows: Freshman Class, Pres. Charles Baker, Vice Pres. Carroll Runnels, Carol Ann Farver, Sec. Leo Hopkins, Junior Class, Pres. John Bond, Vice Pres. Frank McHargue, Sec. and Treas. Roy Charles Frazier, Senior Class, Pres. Billy Machal, Vice Pres. Janet Albright, Sec. and Treas. Ginalae Lair.

A Library Club has been organized under Mrs. Blizier's direction. The Club has a staff of 14. Officers have been elected: Mrs. Blizier, Pres., Benie Riddle, Vice Pres., Billy Machal, Sec. and Treas. The Club is sponsoring Assembly Program.

The Senior Class is selling magazines. They are starting early this year because they are taking a bigger and better trip this year than ever before. They are also sponsoring an educational program.

They are put on twice a month and consist of music, comedy and plays.

The band, also is off to a good start this year, under the direction of Mr. Bob Curtis. Their first appearance was Oct. 10 at Berea Valley at the Home Show.

Considering that the band has been organized only a short time, they did exceedingly well.

PROCLAMATION

By the Governor of the Commonwealth of Kentucky
To All To Whom These Presents Shall Come,
WHEREAS, many people in the world today are looking toward America for leadership and enlightenment, and toward those priceless freedoms which they are denied—freedom from fear, freedom from want, freedom of religion, and freedom of speech and expression; and

WHEREAS, under the sacred guarantee of the first amendment to our Constitution—the guarantee of the right to assemble, to criticize, to speak, and to write as we please—the fundamentals of our democracy depend upon an intelligent and informed electorate to preserve inviolate those principles of sound Americanism on which this nation was built; and

WHEREAS, the newspaper, as one of the great mediums of communication, is a guardian of our people and of public welfare, and, more, so a safeguard against the spread of foreign ideologies;

NOW, THEREFORE, I, Earle C. Clements, Governor of the Commonwealth of Kentucky, do hereby proclaim the week of October 1 to October 8, 1948, as

NATIONAL NEWSPAPER WEEK IN KENTUCKY
for us to reevaluate our guardian press and to dedicate the free press as the cornerstone of our priceless freedoms for "freedom goes where the newspaper goes."

Done at Frankfort, Kentucky, this thirteenth day of September, one thousand nine hundred and forty-eight, and in the year of our Commonwealth, the one hundred and fifty-first.

Earle C. Clements

WHEN MRS. X recently moved, it was not her best china was broken beyond repair.

Moving doesn't occur too often for any of us, but if it does, it should be a smart move as well as a safe one.

It's a big job to move household goods from one house to another, or from one town to another.

Much can be done before the actual moving, and though, at first, this seems like an enormous job,

It is simple for this young housewife who has a special warehouseman packing her dinnerware and glassware.

Win Family Favor with Hearty Soups

Substantial Soups

COLD, DELICIOUS soups call for changes in the family meal plan. Something hot, something tempting with which to start off the meal is warming and friendly, and it takes the edge off those appetites which have been sharpened by the elements.

and should be soup, be it luncheon, dinner or supper. You could serve a different kind of soup practically every day when the cold comes and never repeat the same kind because the variety may be infinite.

Seven-Day Religion

Lesson for October 9, 1949

EMPLOYERS don't care much for letters of recommendation signed by preachers. Not that they think preachers are dishonest.

Religion Won't Keep Sweet by Itself. IT IS a temptation as old as religion, to put it on one side of a wall and life on the other.

Why God Was Tired. A CATHOLIC priest who visited London should be called Vatican City "Hell's Half Acre."

They were so bad the Lord had to destroy them by fire—10 good people could be found there. The prophet follows up that first shock by another.

Indeed, Isaiah says God hates it; he is "fed up" with it (vs. 11). What was wrong with Israel? He said that all that men do is no good. It may be religion, and of course it is one kind of religion, but not the kind God wants.

Oh, the people would protest, we are not killing, we don't lay a hand on anybody. Isaiah goes on to explain: "reek judgment (i.e. justice), refuse the oppressed, despise the fatherless, plead for the widow."

What Makes a Town Worth Saving? ALAS, nobody did care. One hundred and more years went by, and Jerusalem came close to its end. But nobody thought that disaster could strike. The belief had grown in every one's mind that the Temple of the Lord would forever insure the safety of the city in which it stood.

But a young prophet, Jeremiah, preached a sermon on the same theme as Isaiah's (Jer. 7). It is not the temple that will save you, it is not church attendance and Bible reading, as the great thing that God had given them.

But God remembered it otherwise. Jeremiah even says (with understandable exaggeration) that God had not said a word about sacrifices and offerings; the Ten Commandments, with all they implied, were the main thing.

What God looks for, back of all church attendance and Bible reading, is "justice between a man and his neighbor." A place where that can be found is a good place.

Coloring Margarine

Hot Water Bottle Patch. Another way to patch a leaky hot water bottle is to melt part of an old jar rubber, rub the molten mixture over the hole with a flat-bladed knife and press it down with your fingers.

Cole Slaw Dressing. Instead of vinegar for a cole slaw dressing, use the leftover ketchup from a jar of sweet pickles. You'll get an unusual flavor.

Condiments. Keep a large shaker of both salt and pepper in the kitchen and you can add both condiments to a dish with one shaking.

Tea Flavor. A dried piece of orange rind, kept in the canister, adds a fine flavor to tea.

For Little Fellows With Big Colds...

Restoring Mercury. If the mercury in a thermometer separates, try to shake it into the bulb. Or fill in very cold water for a few minutes if both fail, it's usually hopeless and a new thermometer is the remedy.

No Waste. During the war Mr. Bulbnatcher was very conservation-conscious. He made his wife save all the fats from her cooking.

Mathematics. An instructor was teaching a class an intensified course. Realizing that the boys were beginning to show the strain of constant study he decided to ease the situation with a rather pointed question.

When Sleep Won't Come and You Feel Glum. Try This Delicious Chewing-Gum Laxative. When you roll and feel all night-long headache and just can't believe you need a laxative—do this...

Now at last... a FINER dye. Dyes quickly, easily, evenly, expeditiously. Contains remarkable dye and penetrating ingredients. GUARANTEED to dye all fabrics. Dyes them in the same sparkling color. Always gives full-depth color true to sample. No other like it if your dealer does not have this PRESTIGE dye, write for color samples—25c, 50c or only 10c.

ASK ME ANOTHER?

A General Quiz. The Questions. 1. Will a cow give more milk if she is milked three times a day instead of two?

The Answers. 1. Yes. From 10 to 25 per cent more. 2. Corn. 3. Goats carry their tails up, sheep carry theirs down. 4. About one hundredth of a second. 5. Almost always. In the temperate zones its direction is from the West to the East.

ARE YOU TOTIN' FAIR ?

The security and status of your community has long since been proved to depend on spiritual values. The more Godly a community is, the less it spends on criminals, police protection, upkeep of the unfortunate, etc. Godliness has value for this world as well as the next. I Timothy 4:8.

Can it be that in your community you are causing just a few loyal individuals to carry the heavy end of the load? Would not you and your community be better off if you seek to establish the spiritual values of worship, respect, reverence and obedience to law and God throughout your city?

The founding fathers of our nation, and others, who came after them, Benjamin Franklin, George Washington, "Stonewall" Jackson, Abraham Lincoln, Woodrow Wilson, seldom missed their worship services.

Tote fair with America! Carry your load of spiritual responsibility! Attend the church of your choice each Lord's day. If you have none, you will be welcome at your local Baptist Church.
