Tobacco Flea Beetle In Plant Bed

If the protection offered by the plant bed covers is not sufficient and direct control measures are necessary, special care should be taken to obtain a thorough, even distribution of dust over the plants. Dusts can be applied through the cloth provided the cloth is dry and not touching the plants. Any one of the remedies below may be used.

DDT Dust: It is suggested that a dust containing 5 percent DDT be applied at the rate of 1 pound per 100 square yards of plant bed. An additional application should be made if evidence of flea beetle injury is observed.

Roteneone-Dust: Dust mixtures containing at least 1 percent rotenone prepared with cube or derris should be applied at the rate of 1 pound per 100 square yards of plant bed with a rotary type, hand-operated duster, or a plunger-type duster. Repeat application on about every four days until

the infestation has been checked. This dust can be applied through the cloth cover of the plant bed if dry and not resting on the plants. It is better to remove cover before using bed.

Dust containing Paris green: Part, lead arsenate, 5 parts; mix well and apply at the rate of 3/4 pound per 100 square yards. Repeat application about every 4 to 7 days until control is obtained. Apply with a rotary, hand-operated duster or a plunger-type duster.

Large plants ready to pull: It is necessary to protect newly-set plants as flea beetles are especially injurious even though the plant may be wilted. This can be accomplished by applications of 3 percent DDT dust in the plant bed just before the plants are drawn. Heavy infestations of the flea beetle frequently kill outright the untreated newly-set plants. Moderate infestations retard noticeably the rate of growth of these plants. The control of even light infestations on new-

ly-set plants should serve to reduce the number of flea beetles which would deposit eggs from which later generations of the insect can be built up.

Disposal of plant bed after transplanting: All plants in the beds should be destroyed as soon as transplanting has been completed in order to remove the plants as a breeding place for the flea beetle. Two good methods: (1) pulling the plants and scraping the soil with a hoe, or thoroughly plowing and harrowing are effective methods of disposing of the plant beds. (2) a better method is to apply fuel oil, approximately 8 gallons per 100 square yards. Cut the plants off first and then apply the oil to the soil with a sprinkling can.

Garden Insect And Disease Control

This month the melon crops go in and other warm crops, as okra and New Zealand spinach, come, and must be dealt with promptly when the FIRST EGGS are seen. TEN days after a second dusting should be given, so that all the eggs of that generation are surrounded. The egg-laying period lasts about ten days. The material is

34% or 1% Rotenone dust; and it must be applied to the undersides of the leaves, where this pest always feeds.

Back to tomatoes, Blight
The danger of Early Blight, the disease that knocks out the tomato, can be kept one by one. To check it, dusting with 3% "Copper" dust should be done, starting right after the plants are set. Or, a combination dust of 6% copper and 3% DDT will stop both flea beetles and blight. The "coppers" come in a concentrated form for making spray, or home-mixed Bordeaux mixtures may be used. Three applications, ten days apart, will go far in keeping even the earliest-set tomatoes healthy and bearing all summer. The same schedule will help eggplants.

Beau-Beeble

Almost any warm day now the Mexican Beau-Beeble will start coming, and must be dealt with promptly when the FIRST EGGS are seen. TEN days after a second dusting should be given, so that all the eggs of that generation are surrounded. The egg-laying period lasts about ten days. The material is

34% or 1% Rotenone dust; and it must be applied to the undersides of the leaves, where this pest always feeds.

Back to tomatoes, Blight
The danger of Early Blight, the disease that knocks out the tomato, can be kept one by one. To check it, dusting with 3% "Copper" dust should be done, starting right after the plants are set. Or, a combination dust of 6% copper and 3% DDT will stop both flea beetles and blight. The "coppers" come in a concentrated form for making spray, or home-mixed Bordeaux mixtures may be used. Three applications, ten days apart, will go far in keeping even the earliest-set tomatoes healthy and bearing all summer. The same schedule will help eggplants.

Bordeaux Mixture

Bordeaux mixture is a combination of lime, bluestone and water. The usual strength for garden use is 8 pounds of fresh hydrated lime and 4 pounds of bluestone in 50 gallons of water. No gardener will use this mixture as such, but he therefore reduce this formula of 8 - 4 - 80 down to the number of gallons needed by dividing the number by 5, for example the first division would be 3 - 2 - 25, the second division would be 1 1/2 - 1 - 12 1/2, the third division would be 1/2 pound lime, 1/4 pound bluestone and 6 1/4 gallon of water. This amount is about right for the average garden. How to make Bordeaux mixture, call at the County Agents office for circular 376.

Mrs. Nim Ramsey Killed When Auto Overtakes

This entire community was deeply shocked early Saturday morning when it had been informed of the tragic death of Mrs. Ethel Ramsey, wife of Mr. Nim Ramsey of Mt. Vernon.

Mrs. Ramsey was killed instantly when the car in which she was riding left the highway about three miles south of Livingston and overturned down an embankment, crushing her between the door and the body of the car.

When notifying Mrs. Ramsey to London, where they were to attend a convention of Homemakers, were Mrs. Ed Deatherage, Mrs. W. W. Anglin, Mrs. Tom Hansel and Mrs. Luther Peyton.

Mrs. Ramsey was a member of the Mt. Vernon Christian Church, where funeral services were conducted Monday afternoon at 2 o'clock by the Rev. Lewis Kineman, pastor, assisted by Rev. Wendell Belsky.

Three persons were injured in a two-car crash on Richmond road near Lexington Saturday night, around 9:30.

Air Force Lt. Lewis D. Nieceley, son of Mr. and Mrs. T. J. Nieceley of this place, suffered a broken leg and other injuries and Ann B. Farris, daughter of Mrs. Jalia Bray, also of Mt. Vernon, suffered a broken wrist, laceration and bruises.

The driver of the other car, Wendell Hamilton, negro, Lexington, suffered bruises. He has been released from the hospital to the home.

Both cars were almost completely demolished.

\$5, 45 OR EVEN 3, HADACOL HELPS ALL AGE GROUPS

HADACOL is good for all ages, bringing five of nature's B vitamins and important minerals to the young and old alike. Recently the HADACOL folks received the good news that among the countless thousands who had been benefited by HADACOL was a lady 85.

Mrs. Edna J. Doucet, of Church Point, La., is 85 years old, having thousands of friends in the picturesque Evangeline section of Louisiana where she was born and has spent all of her life. These friends are happy to know that Mrs. Doucet feels better now than she has at any time in two years and that HADACOL gives her credit.

MRS. DOUCET HADACOL

"I had been sick for almost two years and was suffering with gastric disturbances and indigestion. I was run down, had less weight and had to stay a bed most of the time. I just cut out food that there was no hope for me."

Mrs. Doucet had tried many preparations, but what apparent beneficial results when she heard the glorious news about HADACOL.

After taking several bottles of HADACOL I felt like a new person," said Mrs. Doucet. "I got anything I want without 'if' effects and keep me well and stronger."

Mrs. Doucet was suffering from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have benefited by this amazing nic, HADACOL.

So it matters not how old you are or who you are... it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation HADACOL a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Get a copy. Relief is not enough for you! Give HADACOL a trial!

NATIONALISTS: Secret Witness

Any hope the western world may have had that the march of Communism in the Far East had been checked...

It was an embarrassing defeat for the Nationalists, who, having previously boasted of victories over the invaders...

Observers said the Nationalists simply "counted their chickens" before they hatched...

Whatever the cause, General Chiang found himself minus five armies, totaling some 125,000 men...

MOST surprising angle in the Nationalist defeat in the eyes of western military men, was the comparatively small number of Communist invaders...

OUR HOME

Lanis E. Kineman, Minister
Mt. Vernon Christian Church

"Lord, thou hast been our home (dwelling place) in all generations." (Psalms 90:1).

Moffatt translates dwelling place as "home" in this passage of scripture which portrays so well the thing the Psalmist wanted to picture. We feel that God is brought even closer to us by his use of the word "Home" to the person who has been homesick, he knows that there is nothing much worse than to have a longing for home and not be able to fulfill the desire. Home is the place that is most dear to each of us. It is a place where we can turn for quiet, peace, and security. It is the wife's world, the husband's kingdom, and the child's paradise. When separated from the Father and the Father dissatisfied, restless, and weary individual can only be relieved by fulfilling the desire.

Wordsworth once wrote: "We come from God, who is our home" by nature we belong to God. It is the longing of every heart to find a refuge in Christ. The great malady of the world today is homesickness for God. Many individuals are far removed from home and are lost for eternity because they have ostricized themselves from His presence. They are suffering physically, mentally, and spiritually because they are living where they do not belong. It grieves the heart of God to have His children separated from Him, "for God is not willing that any should perish but that all might come to repentance." The great longing of the human heart can only be stilled by the husband's coming home to Christ, Jesus painted a beautiful picture of the Prodigal Son coming home to the Father and the Father receive and forgive him. We love our earthly homes because our loved ones are there and Christ home which often animates the individual can only be relieved by fulfilling the desire.

HOLINESS UNTO THE LORD

By G. W. Bro. Murphy

Do You Have Eternal Life? In Mark's recording of the gospel, Chapter 10, verse 17—we read: "There came one running, and kneeling to him, and asked him, Good Master, what shall I do that I may inherit eternal life?" This young man with all his powers fresh and full, a bright future seemingly as he was young as Matt; records it in 19:20—He was rich, having all the honor, ease, and distinction and influence that riches give. He was a man of good reputation among his fellows, for he was a ruler of the synagogue. His character was above reproach, for he had scrupulously kept all the commandments from his youth up. He was a lovable young fellow, with many fine qualities attractive and winning, for Jesus loved him when he saw him. But some how the young man was not satisfied, he said, "what lack I yet?" Thank God for this important question asked the Master, there never will be a more important question asked than this one: "What shall I do that I may inherit Eternal Life, and after having done what you believe is all that the Commandment required, then "What Lack I Yet?" Listen to me now, Eternal Life is not a prize, but it is the Capital prize, it is a prize too, which can be gained. It lies within the reach of every one. There is no one who may not obtain it. It is a prize, however, that cannot be gotten merely by doing anything. There is plenty of room for doing in the Christian life, but this is not the place for it. Eternal life cannot be gained by saying so many prayers, or fasting so many hours, or being baptized in a certain way, or joining a particular church, or by giving so much money to charity, or by any other kind of religious act or service. Then you say, Brother Murphy, tell us what is Eternal Life? Ok, here you are: Eternal Life is The Gift of God; It is obtained through Jesus Christ; It is bestowed upon all who will accept it. The way to get it is to take Christ freely without money or without price, It's Free, Take Him as Saviour and Lord. Amen.

HERE AND THERE

By Robert Cox

Now that definite dates have been set for the Festival Homecoming, every one should begin personal campaigns to bring back all those former residents who have strayed from the city these last few years. It's going to be a gala affair, and all our friends and relatives outside the county should be urged to come back to Rockcastle for the homecoming. All those people who do come back are going to be pleasantly surprised at the number of ways in which Rockcastle County has changed since they have been gone.

In Retrospect

From Signal Files

10 Years Ago Today

Commencement exercises were to be held with Rev. Pitt and Rev. Martin of Erlanger on the program. There were 44 seniors to graduate. Class play

was "Laugh Clown." —A public wedding was to be held on the Renfro Valley stage.

The wedding of Miss Jane Elizabeth Bray, to Mr. W. C. Burchett of Louisa was announced. —A supper at the school brought in \$50. High pitch \$2.75. —First FFA banquet was attended by 125.

George W. Anderson, L&N brakeman was killed in train accident at Berea. —McBee & Adams were selling best quality shoes \$1.98 to \$4.95.

30 Years Ago

—Mt. Vernon sleuths unearth a well-organized gang of robbers intent on systematically looting Rockcastle. —Headline. —Broadhead real estate company sold a house on Silver Street at \$1500 which had brought only \$300 two years previously. —Broadhead section was plagued with smallpox, flu, and grippe.

—Sheriff Tip Langford purchased the Cynthia Frye place near town. —Buck Ping and Mrs. Robert Ping died from effects of flu.

—Mt. Vernon Fair Association was getting ready for a big fair. —Familiar ads: Cardui, tanlac, Castoria, Harlem Oil and high pressure tires.

—On account of "not having any grass on his farm" E. R. Ping was selling his good-sized dairy herd and equipment.

—Judge Cam Mullins received 30 convictions from the Commissioner of Public Heads for road work in this county.

KEEP CLEAN

You can't sleep a wink these hot nights. Because of those pesky mosquitoes. All around town you can see their dens. Water filled holes, their breeding pens. Clean out the gutters and cess-pools too. So, there'll be no mosquitos to bother you. If you don't you'll regret it, you'll see. For you'll be crying "ouch, a mosquito bit me!" People's yards are a sight to see. Why they use them for dumps, sure puzzles me. When just a little work, can plainly be seen. Would make them pretty and nice and clean. Pests can't live with nothing to eat. So don't be wasteful and give them a treat. Clean off the yard and tidy the house. And there won't be a mosquito, not even a grouse. When you're in town watch what you do.

up to the platform that night for that long-awaited for honor. We hope that each of them, as he listens to Rev. Kineman speak Sunday night, can realize the tremendous responsibility being placed upon him at graduation. Their business will be hearty, but with their traditionally light hearts, we are sure that each will become the success he has dreamed of and a real credit to his community.

We extend our heartiest congratulations to Miss Janet Albright, Miss Betsy Page Finnix, and a Russell Parsons for the high honors awarded them as the tops in the class.

The 23 member of the Brodhead High School graduating class are to be commended also. They are sure to do their share and more in making Brodhead and Rockcastle County even more progressive and pleasant than ever.

The record tobacco crop in Rockcastle County is certainly encouraging to note. It points to a wealthier and wealthier year for the county's farmers who brought in a crop valued at more than \$1,000,000.

The new gas well being worked by Mr. Dorst may well add a new value to Rockcastle's natural wealth. Mt. Vernon will be greatly benefited if Dorst's hopes for 25 or 30 wells are rewarded.

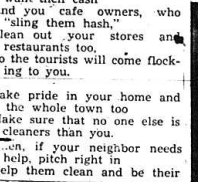

Clean-up week brought a great deal of improvement to the city and should be an aid in helping get rid of the mosquitoes. Many of the organizations who offered their support in the campaign did a marvelous job and showed the kind of public-spiritedness that will help make everyone happier and more prosperous.

(Ed. Note.—The following poem written by Charles Nicely, Jr., won first prize at the Mt. Vernon School as a "Clean-Up Week" contribution. It is timely and should set you thinking.)

When you're in town watch what you do.

Keep your trash off the floors and sidewalks too. So when tourists pass through, they will be seen. A very small town, so pretty an clean. Wouldn't it be nice to hear them say, "When we come back we'll pass this way. We'll look things over and stop to eat. For the restaurants look swell, so nice and neat." So, listen, you merchants who want their cash. And you cafe owners, who "sling them hush." Clean out your stores and restaurants too. So the tourists will come flocking to you. Take pride in your home and the whole town too. Make sure that no one else is cleaner than you. Help them clean and be their friend.

How to Park

A survey of high school driving instructors by the Chevrolet Motor Division discloses parking as the toughest maneuver for students to master. The above photo-diagram illustrates correct procedure. First, stop close and approximately even with the car ahead. Next, cut your wheels sharply right, and back up until your front right bumper just clears the rear left bumper of the car ahead. Then, cut your wheels sharply left, backing slowly until alongside of curb.

JOHN DEERE MODEL "M"

The John Deere Model "M" is a tractor that invites comparison. In usable power, in ease of handling and comfort for the operator, in day-in, day-out economy, in ease of servicing, it offers you extra value.

In the Model "M" you'll find all the fundamental features which have made John Deere 2-cylinder Tractors so successful. Down through the years—simple, rugged design, proper weight distribution, extra lugging power, and others. Built-in Touch-a-matic hydraulic control, self starter, adjustable air-cushioned seat, adjustable steering wheel, and standing platform are regular features.

A wide variety of Quik-Tatch working tools, four forward speeds, and power take-off are other "M" features you'll appreciate. Plan to see the "M" at work soon; see us for a demonstration.

Rockcastle Health Department
By Dr. Walker Owens

Going barefoot in spring and summer can be fun for the children but it can also be dangerous. Dr. Walker Owens, County Health Officer, warns parents. This is the most common way in which the hookworm disease is contracted.

Although hookworms are on a half inch long and about as big around as a piece of No. 30 or 40 cotton sewing thread, they can cause a great deal of trouble in the body of their victims.

The tiny worms, or grubs, from a polluted soil burrow in to the bare skin, are taken up by the blood stream and eventually pass into the intestinal tract where they attach themselves to the intestinal walls and start sucking blood.

As a result of the presence of hookworms in the body, the child or adult becomes pale and listless. If a person has a bad case, some parts of his body may swell, his eyes become watery and his gums pale. Hookworms can be cured, but only a physician is qualified to do it.

There are several things that can be done to prevent occurrence. Sanitary toilets will prevent soil pollution. The Rockcastle County Health Unit will supply, free of charge, plans for building such a toilet. This is an important factor in combating the disease since hookworm eggs are expelled in human waste. Boys and girls, especially small children, should always wear shoes or sandals.

Remember that although less is heard about hookworms nowadays than several years ago, it still exists in Kentucky communities and causes needless illness.

Mother...

Is in our Hall of Fame, Too!

We've watched her satisfaction in making one family dollar do the work of two and shared her enthusiasm when she laid something by for a rainy day. We couldn't possibly get along without "Mom" in our bank.

And we try to make ourselves so useful Mother couldn't get along without us. Don't forget it's Her Day next Sunday!

Gentle Hint
A customer sat down at a table in a smart restaurant and tied a napkin around his neck. The scandalized manager called a waiter and instructed him, "Try to make him understand, as tactfully as possible, that that's not done."
Said the thoughtful waiter to the customer: "Pardon me, sir. Shall we haircut sir?"

Nonchalant Too
"The hair on your chest has broken."
"It's just indifferent."
"Indifferent? What do you mean?"
"It just doesn't give a hoot."

Meat and Cheese Provide Many Substantial Entrees For Those Special Meals

WHEN I WANT to serve something substantial but not too heavy for luncheon, I run out of ideas," says a homemaker who likes to eat a lot of entertaining. There are many such dishes as this busy hostess requests. They may not be substantial but they are just the ideal serving of vegetable to make the main part of the menu complete.

Rather than large slices these recipes contain meat or cheese and are really quite substantial for a luncheon. With them, plan to have a light salad or a combination fruit salad and dessert.

SERVINGS should be kept average

- SWEETSHEETS a King**
(Serves 6-8)
1 pound sweetbreads
1 quart water
1 tablespoon vinegar or lemon juice
1 teaspoon salt
4 tablespoons butter
4 tablespoons flour
1/2 cup diced celery
2 chopped green peppers
2 teaspoons grated onion
1/2 teaspoon chopped pimiento
1/2 teaspoon salt
1/2 teaspoon pepper
6 slices toast

Wash sweetbreads and simmer 20 minutes in water, to which wine, vinegar and salt have been added. Drain and separate into small pieces. Make a white sauce by melting butter, adding milk and cooking until thickened.

- 'Liver Rolls with Sausage Stuffing**
(Serves 6)
6 large slices liver
6 to 8 links pork sausage
1/2 cup App. bread crumbs
1 small onion, grated
1/2 cup hot water
Salt
6 slices bacon

Pour hot water over the liver slices. Sausage left over from breakfast may be cut into pieces for sausage stuffing. If no cooked sausage is on hand, brown and partially cook the sausage first. Combine with bread crumbs. Season with grated onion, salt and pepper and moisten with hot water. Roll in the oven, dressing on each of the scalded liver slices. Roll and wrap a slice of bacon around the outside. Fasten the ends with toothpicks. Place in a baking dish. Add one-half cup hot water, cover and cook slowly for 1 1/2 hours. Remove cover during the last 15 minutes in order to brown the bacon.

- Potted Beef Steaks**
(Serves 6)
6 steaks cut from round or chuck
Flour for dredging
Fat for browning
1 large onion, sliced

Hamburgers served on slices of lettuce are a simple but effective main dish for a luncheon that you plan to be nourishing but not too filling.

LYNN SAYS:
These Kitchen Hints
Sixteen Hot Tempers
To keep bacon from curling while it is cooking, slip the edges with a sharp knife. The fat is prevented if the bacon is broiled between racks.
To keep the bones on a crown roast from burning, place the roast in a pan with the bones down, or spear their ends with pieces of fat. To make fish firm and white, add a dash of lemon juice to the water in which it is boiled.

FORGIVING LOVE
Lesson for May 14, 1950.

ALL RELIGIONS believe in God, but not all religions know the God who loves. God is not just that threaten and punish, gods that sit on high and distant thrones—He is the God of all religions—a God of love. But it is not every religion that believes in a God capable of love. We Christians say that God is love, but this is not a new idea. It has been known for centuries before Christ the Hebrew inspired Hebrew prophet Hosea was saying that the high God, the holy God, not only can but does love his creatures on earth.

LYNN CHAMBERS' LUNCHEON MENU

- *Liver Rolls with Sausage Stuffing
Julienne Green Beans
Chef's Salad
Hard Roll Butter Beverage
Fresh Berries Cream
Recipe Given

- 6 carrots
1 cup oatmeal
2 cloves
2 bay leaves
Salt and pepper
Have butcher cut steaks from round or chuck one inch thick and then into individual servings. Dredge each with flour and brown on both sides in hot fat. Add sliced onion and carrots, spice, oatmeal and one cup hot water. Season with salt and pepper, cover tightly and let cook slowly on top of stove or in moderate oven until very tender, about one hour.

- Hamburgers de Luxe**
(Makes 6 patties)
1 pound ground beef
1/2 teaspoon salt
1/2 cup onion
1/4 cup undiluted evaporated milk or this cream
1 tablespoon brown drippings or tomato fat
Sliced tomatoes and onions
Mix all ingredients lightly and shape into six patties. Have fat hot in frying pan, add patties and brown for three to five minutes on each side.

- Grilled Lamb Patties with Peas**
(Serves 6)
2 pounds ground lamb shoulder meat
1/2 cup dry bread crumbs
1/2 cup undiluted evaporated milk
6 strips bacon
1/2 cup mayonnaise
Season lamb with 1/2 teaspoon salt and 1/2 teaspoon pepper. Shape lightly into six patties and wrap each with a strip of bacon, secured in place with a toothpick. Place on preheated broiler rack 3/4 inch below heat.
Broil six to seven minutes, then turn. Add peas to rack with a teaspoon of mayonnaise in center of dish. Finish broiling an additional six to seven minutes.

- Finch Egg Roll with Mushroom Sauce**
(Makes 4 Servings)
2 cups stiffly beaten cream
1 teaspoon baking powder
1 teaspoon salt
1/2 cup shortening
1/2 cup grated sharp cheese
1/4 to 1/2 cup milk
Butter
1/2 hard cooked eggs, sliced
1/2 cup chopped, cooked spinach
1/2 teaspoon salt
Pepper

Sift together flour, baking powder and salt. Cut or rub in shortening. Add cheese. Add milk to make a soft dough. Turn out on lightly floured surface and knead until pliable. Roll out 1/4 of dough into rectangle 8 x 12 inches and 1/4 inch thick. Spread with butter. Combine eggs, spinach, salt and pepper. Spread evenly over dough. Roll like jelly roll and place in greased loaf pan, 8 1/2 x 4 1/2 inches. Bake in moderate oven (400°) 25 to 30 minutes. Roll out remaining dough 1/4 inch thick. Cut into strips five inches long and one inch wide. Twist. Bake on ungreased baking sheet in moderately hot oven (400°) 10 to 12 minutes.

When freezing a paraffin or a mouse mixture in a refrigerator pan, use the paraffin waxed paper. When firm, the mouse may be removed simply by lifting out the paraffin.
To restore sweetness to old vegetables, sprinkle a little sugar into the water in which they are cooked. Vegetable stains can often be removed from the hands by rubbing a slice of lemon over them.
To avoid wrinkled skins on baked apples, dip the apple in a few places before baking.
