Chevrolet trucks give you more powerful performance, thrifter operation

OM - You can expect great things of these new Chevrolet trucks. They're the most powerful trucks Chevrolet has ever built, yet they cost surprisingly little to operate. Two rugged, wonderful Valve-in-Head engines—the Thrifmaster 92-h.p. and the new Loadmaster 105-h.p.—bring you performance that saves you time and money. New Power-Jet carburation provides smooth, quick acceleration, and the 4-speed Synchro-Mesh transmission in heavy-duty models means faster shifting and greater control on the grades. To you, this means wonderful new performance . . . less time on the road . . . less time in the haul. So do yourself a favor. Visit our showroom today. Chevrolet trucks have what you want!

Brodhead Baptists To Strive For 300 New Members

The Rev. Arnold Williams of the Brodhead Baptist Church has set a Sunday School enrollment goal of 300 new members by September 24. On that day, the Sunday School will hold its Promotional Day, he has announced. All the church members have been asked to cooperate to the fullest in bringing in new members.

There will also be a Bible School Revival from July 31 through August 11 and a series of officers-teachers buffet supper meetings to start sometime in July.

Wilmeth and Mt. Zion Reverend Williams reports that excellent work is being done at the Wilmeth Chapel and by the Mt. Zion Church. All

the labor is being done on the Mt. Zion Church by the church members led by the Rev. Craig Holman. The children of the Mt. Zion Church have contributed \$3.30 to the Baptist Church of Philadelphia Mission. Rev. Williams pointed out that the sum is much higher than that contributed by much larger churches in metropolitan areas.

Social News

FARMICALS

Sponsored By KESSLER JEWELERS Richmond, Ky.

Four farmers in Menifee county have started a small cooperative business by setting an acre each of the Tennessee Beauty variety. One of the men, Marion Carter, who has been growing berries, considers them as good as tobacco in financial returns. Other growers are Lona Brown, Dan Copas, County Agent W. D. Owens, who has been talking up strawberries among farmers of the county.

Roy Wallace of Boyle county, who prepared 300 feet of tobacco bed with methyl bromide, told Farm Agent John Brown that smoke from burning tobacco beds had filled his eyes for the last time. Said he, "I like this new method of preparing beds much better than burning. The beds are entirely free of weeds and grass, with the exception of a few bunches of white clover, and I have good stand of tobacco plants."

Luther Raiser of the Sanders community in Carroll county has built two cisterns of concrete blocks to furnish a water supply for his farm home and barn. The blocks were laid and the plastering done by farm labor, thus providing low-cost cisterns. Farm Agent Clyde Waits notes that William Burns of the same county plans to build a similar cistern this summer.

Following experiences the past year, sweet potato growers in Jefferson county are using large amounts of fertilizer, according to H. C. Brown, associate county agent.

John Rankin of Gilberts Creek in Garrard county reports 78 lambs from 49 western ewes.

Six tall-tailed suits and 18 coats were completed by homemakers in Boyd county.

Fourteen Clay county farmers are raising methyl bromide on tobacco plant beds this spring. More than 20,000 acres, or almost a fourth of the cropland in Fulton county, have been seeded to Ladino clover and Ky. 31 fescue.

Twenty-four families along four miles of Hances Creek in Bell county are at long last getting electricity extended to their communities. While this does not complete the rural electrification program in Bell county, County Agent Hubert W. Davis says it is encouraging to other sparsely populated areas still in need of power lines.

The Pulaski County Homemakers Association is realizing a nice sum of its treasury from the sale of home-grown flowers. For the second year they are supplying bouquets for the Farmers National Bank in Somerset, fresh arrangements being brought every Friday and Thursday. A printed plan of the states by which club the flowers were grown. Said Mrs. Louise Craig, home demonstration agent, "This business operation is typical of that shown by business firms with the Pulaski County Homemakers Association."

Due to late freezes, several thousand acres of Korean lespedeza in Madison county were released in April.

The following foods are expected to be relatively abundant in Kentucky during the month of July: onions, carrots, Irish potatoes, fresh corn, beans, tomatoes, beets, and watermelons are rated by USDA as good fruit and vegetable buys for the month while heavy products, broilers, eggs, hens, eggs, peanut butter, and fish are listed as abundant, plentiful, and probably among the most economical purchases in protein food.

Douglas Owens Has Fractured Skull

Douglas Wayne Owens, 21, of 220 West Seamanish Street, Carthage, O., suffered a skull fracture and internal injuries Friday when his motorcycle crashed against the side of a miller operated by Robert M. Miller of Lockland, Ohio. The accident happened at the triple intersection of Fairpark Ave., Seventy Seventh and Vine Streets. Patrolmen cited Miller on charge of failing to yield the right of way at a stop sign. Miller said he stopped at the sign then proceeded into the intersection without seeing the cycle.

Owens became violent at the General Hospital and had to be shackled, police reported. His condition is believed critical, however he was better Sunday but had not regained consciousness.

He is the son of Mrs. Naomi Owens of Lexington, formerly of Mt. Vernon, and nephew of Roy Owens of this city.

Morris Named Officer In Arnold Air Society

Burr A. Morris, formerly of James, a senior in the University of Cincinnati College of Liberal Arts, recently was appointed Publications Officer for the Arnold Air Society and U. S. Army National Honor Society with headquarters at the U. S. campus.

Moss is a graduate of the Mt. Vernon High School and will be graduated with a degree in English, from the University of Cincinnati in June 1951.

Merchants beware: Farmers' incomes are declining. You know what this means.

Mt. Vernon Gains Three; County Loses In Census

Broadhead Is Only Town Showing Large Increase

District Supervisor of the Census, George Pigg, gave out the first information this week regarding the 1950 census in Rockcastle County. He explained that, although the figures for the town of Mt. Vernon have been calculated several weeks, he was unable to release the information until this week.

According to the Supervisor's report, 1,103 people were found to be living within the corporation of Mt. Vernon, Rockcastle County, as compared with 1,090 in 1940. The town of Mt. Vernon then picked up 8, Rockcastle County as a whole lost 3,328 people over the 10-year period, then set at 17,185. Livingston showed a total of 374 inhabitants, a loss of 295 people from the 1940 census, then set at 669. Broadhead showed a total of 810, an increase of 108 inhabitants from the 1940 census then set at 702.

The work in Rockcastle County was done under the guidance of Mr. Bill Carter, praised very highly by the District staff for the successful completion of the enumeration.

The census, this time, consisted of three in one—population, housing and farming. According to Supervisors, the enumeration has now been completed in all the counties comprising this District and will be reported upon within the next few days. He explained the office work was closed on June 29th, and the furniture and equipment stored.

SATURDAY IS LAST OPPORTUNITY DAY

Saturday July 1 will mark the end of the present program of Opportunity Days sponsored by the Mt. Vernon Boosters Club. All tickets will be good on this day, and all are urged to be in all their tickets for the present plans are to renew the Opportunity Days in the fall.

New Plans For Dials And 48 Miles of Lines

A raise in telephone rates has been authorized for the Mt. Vernon Telephone Company by the Public Service Commission. The residential rates have been raised from \$2.75 to \$3.25 and the business rates have been raised from \$3.50 to \$4.25. Frank Dees of the Mt. Vernon Company was announced.

A new 20-year franchise at Broadhead was also announced by Mr. Dees along with plans to build 48 miles of county telephone lines which will service Broadhead, Mt. Vernon, Quail Hill, Brush Creek, Conway, Henshaw and Renfro Valley.

Refused By Court

The company has been previously refused the right to build poles on the authority of a city ordinance. The ordinance was upheld by the Kentucky Court of Appeals May 23 in which the court stated that lines and poles had been removed from main business districts in most city centers.

The company argues that its poles on Richmond and Main Streets do not constitute a traffic hazard and are not obstructive. It said the State Highway Department erection of poles and lines on the "utility strip" on each side of streets which are part of the state primary road system.

Two Rockcastle Boys Win College Scholarships

Russell Howard Parsons, son of Mr. and Mrs. George Gilbert Parsons and Wayne Wilson, son of Mr. and Mrs. Ben Wilson, of Rockcastle County, have been awarded cash scholarships by the College of Agriculture and Home Economics of the University of Kentucky. It was announced by Dean Thomas H. Cooper. Their selections were made from a list of 225 applicants.

Awards have been made to 39 high school graduates who will enroll as freshmen in the College of Agriculture and Home Economics in September.

Russell and Wayne were chosen because of their scholastic records, leadership activities in fighting the mosquito nuisance here.

Dugan stated, however, that if the weeds are kept out, the tin cans and bottles broken so that they cannot contain water, and the ditches closed, the mosquito population can be effectively reduced.

Health Department Says Poets Can Be Killed

F. C. Dugan, director of the division of sanitary engineering of Health, Kentucky Department of Health, has advised that the health county Department of Health that no funds or personnel are available to assist the county in fighting the mosquito nuisance here.

Scouts Leave Sunday For Guinea Island

The Boy Scouts left last Sunday for a summer trip to Guinea Island, Accompanying the boys were Mr. and Mrs. Gordon Graham, Mrs. Graham to be in all their tickets for the present plans are to renew the Opportunity Days in the fall.

New Oil Wells To Be Drilled

Mr. James Dorst, oil well driller of Stanford, said today that his equipment would be moved back here Monday and new drilling operations would begin at once.

He said that he planned to drill a series of wells between the Hunt farm and Mt. Vernon following a geological fault indicated by the land.

Mr. Dorst said that his two wells on the Hunt farm would be shot next week in order to determine their maximum output.

D.V.B.S. Commencement At Christian Church

The Daily Vacation Bible School at Mt. Vernon Christian Church will close this Friday, June 30 with Commencement Exercises at the Church at 7:30 p.m. All parents and friends are invited to attend the program and the display of work following the school. This year's school has had record enrollment and excellent attendance. Pictures will be made Friday morning of the entire Bible School and the church. The church will receive more than 1000, roadster mule race between John Lair of Renfro Valley and Harold Fair, program director of W.H.A.S. bicyclist race between boys and girls 10-14 years of age, and finally a tug-of-war across Renfro Creek. Contestants will be invited to represent Mt. Vernon, Livingston, Wildie, and Broadhead.

The Bible School staff for this year includes: Mrs. Wm. Landrum, Superintendent; Mrs. Logan Bryant, Director of Music; Mrs. Bobbie Chrisman, Music Teachers; Roy Turner, Mrs. Jim O'Meara, Joyce Coffey, Norma Coffey, Joyce Kathryn Ford, Betty Jo Childers, Mrs. Leonard Bullock, Miss Marie Kruse, Mrs. Jack Henderson, Mrs. Bernard Mitchell, Mrs. Russell Ramsey, Mrs. Earl Hammons, Mrs. Dorothy Bordes, Mrs. Loris Kinman, Johnny Machal, and Garnett Taylor. Mrs. Joe Noe serves as chairman of refreshment committee. The Bible School Staff is very sorry that Mrs. Russell Ramsey and Mrs. Loris Kinman could not continue throughout the year because of sickness, but both will be well again soon.

Property Tax Is Higher In 1949

Rockcastle County's property assessment for 1949 was \$5,553,345, an increase of \$2,155 over 1948, according to a report this week from the office of Clyde H. Reeve, revenue administrator.

Davis and Crawford Lease Belly Acres

Bob Davis, son of Mrs. B. Egan, and Jack Crawford, son of Mr. and Mrs. Jack Crawford, have leased Belly Acres Restaurant for a year and will take over operation of the place immediately. Remodeling and renovation are underway and future plans include gasoline pumps and an outdoor garden for summer patrons. The new owners say they will cater to private parties and promise an excellent menu for their customers.

State Fox Hunt To Be Held At Renfro Valley Last Week In October

Renfro Valley was picked as the site of the 1950 State Fox Hunt to be held the last week in October. The site was decided at a meeting of the directors at Renfro Valley Sunday.

Two Cars Are Damaged In Freak Accident

George Ford, a tourist crowd, was driving a Buick Buick, Florida, was the victim of an unusual accident this week when his car was rammed from the rear by another car driven by Robert Brooks, Detroit, Negro.

Neither man was hurt seriously, but damage to Brooks' car was estimated at \$75. The left rear fender, bumper, and tail light were damaged. Right side of the body of Brooks' auto was smashed in.

The accident occurred at the intersection of the road. Ford had turned right, stopped and decided he should go left. He backed up and was struck by the north-bound car of Brooks.

Program Is Announced For Friday July 21

The program for Rockcastle's Homecoming has been announced by John Lair. Suitable prizes will be awarded in all contests.

At 10 a.m. Friday, July 21 there will be marble, horseshoe pitching, and volley ball elimination games. Following the games will be bring-your-own picnic lunch.

Afternoon festivities get underway at 1:30 with a marbles championship game to be followed by a wheelbarrow race for children six to ten years of age.

Farmers 25 Years or Older Are the Only Ones Eligible for The Farmer's Footrace to Be Run Beforefoot. Then follows a hog calling contest, husband and wife contest, volleyball championship game, boxing match with contestants 14 to 18 mounted on burros, horse and pony relay race to be run by wives of members of the Lions Club, tacky tournament judged by the costume and vehicle of the couple who may drive any animal or use any automobile of a make not later than 1920, roadster mule race between John Lair of Renfro Valley and Harold Fair, program director of W.H.A.S. bicyclist race between boys and girls 10-14 years of age, and finally a tug-of-war across Renfro Creek. Contestants will be invited to represent Mt. Vernon, Livingston, Wildie, and Broadhead.

The program will wind up Friday with a talent contest to start at 7:30 p.m. and which will be broadcast.

Championship title and trophies for the winner of the square dance contest and fiddlers contest will be awarded and cash prizes awarded to the various contest winners.

Property Tax Is Higher In 1949

Rockcastle County's property assessment for 1949 was \$5,553,345, an increase of \$2,155 over 1948, according to a report this week from the office of Clyde H. Reeve, revenue administrator.

Lincoln Picnic Planned By Ninth Congressional District Republicans

The Ninth Congressional District Republicans will hold their Lincoln Republican Base & Picnic at 10 a.m. at Cumberland Falls on July 22.

The main purpose of the meeting will be in the words of former Governor Flem D. Sampson, "to help win a great and important battle for good government." Nevertheless, all Republicans who attend the meeting will have the opportunity to gain authoritative information on the grave international situation from the lips of former Senator John Sherman Cooper, who will speak on the program. A special invitation to Secretary of State Dean Acheson, Senator Cooper is one of the best informed executives in America on U.S. Foreign Policy.

Several other distinguished G.O.P. leaders will be on the platform. Congressman James S. Golden, Jouett Ross Todd, Mrs. Stanley Pace, and the Hon. Rev. J. C. Caldwell for U.S. Senator will be among them.

Music, games, stunts, and good food also will serve as attractions.

TWO MEN ARE FINED \$100 FOR OPERATING A STILL

Clell Blackburn and Eugene Owens were tried in County Court June 24 on charges of operating a still. Blackburn was fined \$100 and \$300 in jail and Owens \$100 and \$500 peace bond for twelve months.

Robert Evans Was Arrested June 23 on a Charge of Possession and Operating a Still Near Sand Springs. Trial date set for June 30.

Robert Evans was arrested June 23 on a charge of possession and operating a still near Sand Springs. Trial date set for June 30.

FFA Barbecue To Start Homecoming Program; Schedule Is Announced

"We're On Our Way To Rockcastle Homecoming"

A typical "hillbilly" family, posed by Mr. and Mrs. Lewis and baby daughter, Wanda Lewis, and Little Miss Edith Hammonds, of Mt. Vernon. They will be at the Rockcastle Homecoming July 20-21 at Renfro Valley. They and all the rest of the Homefolks want to meet you there. Get ready now for the time of your life.

Post Office Receives Second Class Rating

The Mt. Vernon Post Office will return to its former second class status on July 1. Mrs. Fred Mullins, postmaster, has announced.

The office was rated second class in 1947 and 1948 then went back to a third class rating in 1949. The change was made possible, Mrs. Mullins said, because of an increase in business. The higher rating will allow more office help and longer office hours. It may also allow city deliveries. The change will take place at the end of the fiscal year on July 1.

Lincoln Picnic Planned By Ninth Congressional District Republicans

The Ninth Congressional District Republicans will hold their Lincoln Republican Base & Picnic at 10 a.m. at Cumberland Falls on July 22.

The main purpose of the meeting will be in the words of former Governor Flem D. Sampson, "to help win a great and important battle for good government." Robert Evans Was Arrested June 23 on a Charge of Possession and Operating a Still Near Sand Springs. Trial date set for June 30.

Robert Evans was arrested June 23 on a charge of possession and operating a still near Sand Springs. Trial date set for June 30.

Concessions Available For Interested Groups

The Homecoming Committee, at their meeting Monday night in the School Administration Building, decided to have a barbecue on the first night of the homecoming instead of the 2nd. The barbecue, to be sponsored by the Future Farmers under the direction of Roy Turner. After the barbecue there will be an informal community sign.

Several concessions are still available to any group in the county which would like to be represented at the two-day gathering at Renfro Valley. Any of these groups wanting a concession should write to: Clyde Linville or John Lair.

The concessions which are as yet unclaimed included sandwiches, drinks, watermelons, ice cream, cotton candy, soups, popcorn, shooting gallery, ring games, milk bottles, treat rides, and volley pitch.

It was decided to have the town decorated by July 4 in the hillbilly theme and that every one should wear their hillbilly costumes by July 4. The "roo court", comprised of Bill and John Cox, will deal out judgments to those not in costume after that time.

Women's bonnets are being made by the Willing Workers and are to be sold for 50c. Men's straw hats and neckties can be obtained in any of the stores in town.

The committee planned also to have a parade on Monday decorated next week and asks all merchants to have their store windows decorated by the time of the parade.

Jack Henderson, a parade chairman, announced that the parade would be staged the Saturday before the festival because plans are being made to parade through various neighboring towns to interest them in the homecoming. A loudspeaker car will accompany the parade to broadcast the activities.

Auto Licenses Ready For Sale July 1st

Renewals of Motor Vehicle Operator's License for 1950-1951, commonly referred to as "operator's licenses," will be on sale at the circuit court clerk's office in each county during July. Paul Boyd, Operator's License Section, Department of Revenue, announced.

Boyd called attention to two important changes in the law. Kentucky Military Extension Permits become void on July 1, 1950. Operator's Permits from the United States are good only in the course of service. Military personnel must have a regular State Motor Vehicle Operator's License the same as a privately owned vehicle on the highway. On and after July 1, 1950, holders of a Military Extension Permit must obtain an original license without an examination.

Social Security Agent Will Be Here Thursday

"A representative of the Lexington Social Security Administration will be at the Court House, Mt. Vernon on Thursday, July 6, 1949, at about 10:00 a.m., for the purpose of furnishing information and assisting persons in filing claims under the Old Age and Survivors Insurance benefit provisions of the Social Security Act.

All workers who are at least 65 years of age and residing in or near Mt. Vernon, employed in an occupation covered by the Social Security Act, as well as the nearest relatives of deceased workers, who have not so employed, are invited to visit that representative.

D.A.V. To Elect Officers At Meeting Monday

The D.A.V. will hold its annual election of officers Monday July 3 at 7:30 in the court house. All members are urged to attend and help elect officers.

At five cents a copy a newspaper is about the cheapest buy on the market today.

County Agent's Notes

By Robert F. Sogace

4-H Camp
Plans are now being made for the 1950 4-H Club Camp. 4-H Camp will again be held at the Levi Jackson State Park near London from July 11-25.

4-H Camp is the biggest week of the entire year for 4-H Club Members. There will be 250 4-H boys and girls and 50 leaders including County Agents, Home Agents, Club Leaders and State Workers who help to direct the camp.

The total expense will be \$7.25. This includes \$1.25 for transportation and \$6.00 for camp expenses. It is possible for 4-H members to take food amounting to \$4.50, leaving only \$2.75 to pay in money. Food lists are available in the County Agent's office.

4-H members, 12 years and older, who have project work up to date are eligible to attend camp. All members wanting to attend camp may secure further information and application cards from this office.

Poultry Pointers For June
By this time you probably have all of your pullets on pasture. This pasture should be entirely away from the old hens. It should also be green and succulent so that the pullets will be getting the most out of the pasture. If the pasture is green and if you keep plenty of feed including mash and grain before the pullets at all times,

you should get excellent growth. In addition to excellent growth the pasture will help to save from 10 to 20 percent of the feed that would be required if you didn't have a good pasture.

Give the birds plenty of shade during the hot part of the day. If you do not have trees or other shade, put up four posts in a square, nail some boards around them and then put hay or straw on top of the boards. This will provide adequate shade and still there will be plenty of ventilation to keep the birds in excellent condition.

Move your feeders often so that the birds will find them in a new spot of green grass. This will induce them to eat green pasture and will keep them healthy and growing.

Water is always a problem and as mentioned in the April Poultry Pointers, a barrel with a watering pan and a float valve will do an excellent job in keeping plenty of water available at all times. The barrel may be filled as needed, usually once or twice a week and this will cut down considerably on labor since you can reach the water to the barrel or barrels for the pullets.

Check your pullets often, at least twice a day and when you notice any weak or immature birds, they may be removed and kept by themselves for a few days. If they do not recover quickly, dispose of them. They are not likely to recover while they are with the rest of the flock.

Good care and management at this time of year will bring the pullets to production early and will keep them laying well throughout the year for they build their body and also store up sufficient fat to carry them

THREE LINKS

By Mrs. Okla Cox

The Three Links Bible Camp closed Saturday, June 24. There were approximately fifty enrolled for camp. These young people enjoyed the week of recreation and spiritual training. Souls were saved and God blessed. The Rev. Ed Wagner was the speaker at night under the tent. Everyone enjoyed his messages.

Bro. H. L. Ponder preached at Pleasant Hill Sunday. Our Good Seed, Soil Care and Plant Food Give Record Wheat Yield

The teamwork of good farming practices, plenty of fertilizer and improved seed varieties helped Claude W. Thorp produce 46 bushels of wheat per acre on his farm near Clinton, Ill., last summer. This was one of the highest wheat yields ever reported.

Thorp's record crop came from a 2.2 acre field. Altogether this field produced 1,879 bushels of wheat. He seeded France, which is a hard red winter variety developed by the Kansas Agricultural Experiment Station. At harvest the wheat was weighed on state-licensed scales and the field carefully re-measured.

The seeding time the autumn before the wheat was drilled at the rate of a bushel and a half an acre, following removal of a soybean crop.

Thorp "poured it on" so far as fertilizer is concerned. He broadcast 300 pounds per acre of 8-8-8 fertilizer before drilling the wheat. Previously the same year, 400 pounds of 11-11 was added ahead of the soybean crop. He used a heavy fertilizer program to build up the soil under a 4-year rotation of clover, corn, soybeans and wheat.

Phosphate Added to Manure Balances Plant Food Content

CHICAGO—Adding superphosphate to barnyard manure before it is spread in the field is a profitable practice for Corn Belt farmers, declared the Middle West Soil Improvement Committee, in a statement made public here.

"Many farmers report that a load of phosphated manure is more effective than two loads of untreated manure as a top-dressing for new legume-grass seedings or old established hay fields or pastures," says the statement.

"Superphosphate gives the manure a better plant food balance. Prof. C. J. Chapman, extension agronomist of the University of Wisconsin, points out that manure is relatively low in phosphorus. An average ton of manure with bedding, he says, contains 10 pounds of nitrogen, 5 pounds of phosphate and 10 pounds of potash. By adding pounds of superphosphate to each ton you can increase the manure's phosphate content to 10 pounds per ton.

"Prof. Chapman says superphosphate helps the manure hold nitrogen that might otherwise be lost." Methods of adding phosphate to the manure may vary according to farm conditions, but the program should be carried on throughout the year, the statement says.

"One method is to place the superphosphate in the spreader as the manure goes onto the field," the statement points out. Prof. Chapman recommends adding 25 to 30 pounds of superphosphate to each open run barn, at the rate of one pound per cow per day.

Prof. Chapman says superphosphate will absorb considerable amounts of liquid manure. It will also hold any free ammonia that might otherwise be lost by evaporation.

When fermented manure is hauled onto the soil, Prof. Chapman cautions that superphosphate spread on driveways may irritate the feet of cows."

Sod Crops Profitable

Sod crops are one of the best profit builders on a farm, the Middle West Soil Improvement Committee points out. More grass and legume manure can carry more cattle or hogs per acre. A good legume-grass sod breaks the soil structure and mellow the land for crops following. To get good top growth and root development, time the soil according to tests and add plenty of phosphate and potash.

Bible School attendance is increasing every Sunday. We are happy to have Mr. and Mrs. Ernest Lakes and children in our Bible School most every Sunday.

Mr. J. F. Dooley is still improving. He is able to be up

HADACOL HELPS ALL AGE GROUPS

The good news about HADACOL and the blood it brings so many folks, is carried from person to person who have tried it. For instance, Mrs. W. M. Thompson, of Port Arthur, Texas, had HADACOL because it had helped her husband and he, in turn, had taken HADACOL because he had benefited an elderly neighbor.

Mrs. Thompson's normal weight was 125 pounds, but she was down to 110 pounds before taking HADACOL, but after her husband had taken HADACOL she had regained the weight and felt like a new person.

It was both stomach trouble, gastric disturbance, had lost his appetite and was bloated," said Mrs. Thompson. She had tried several other preparations without beneficial results before taking HADACOL. She began to feel improvement with the first bottle of HADACOL.

Mrs. Thompson, like countless thousands of others, was suffering from the lack of B vitamins and minerals in her system, which HADACOL contains.

HADACOL contains not only one, but 5 of the B vitamins, but 4 of the necessary Minerals. It comes to you in liquid form, easy to assimilate, in the bloodstream so that it can go to work right away.

It is hard to understand, therefore, why countless thousands have already been benefited by the amazing **HADACOL** business. So it matters not who you are... it matters not where you live... if you have tried all the medicines under the sun, give yourself a medicinal preparation of **HADACOL**. Don't go on suffering. Don't continue to lead a miserable life. Many people who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because **HADACOL** supplied the Vitamins and Minerals which their system needed. Be true to yourself. Give **HADACOL** a trial.

WEEKLY NEWS ANALYSIS

J. Edgar Hoover Says Potential Fifth Column of 540,000 in U.S.; Wheat Crop to Miss Billion Mark

(EDITOR'S NOTE: What opinions are expressed in these columns are those of Western Messenger. Editor's news analysis and not necessarily his newspaper's.)

FIFTH COLUMN: 540,000 in U.S.

Of all the men in top government security posts, J. Edgar Hoover, director of the F.B.I., possibly commands more respect than any other.

He was explicit on two points: (1) Communists are seeking American money and industrial secrets with every trick and means at their disposal; (2) Subversive Communists are more active now than the Nazis and Fascists ever were during World War II.

The "orbit of Communist control" has increased from one seventh of the world's population in 1917 to one third of the world's population today.

"The identification of communism and underground activity in the United States has increased greatly since the outbreak of the war."

Hoover also reported, "To counter the F.B.I.'s penetration of the Communist party, its leaders have established a far-reaching and vigorous loyalty program of their own calling for tests and security of America be established."

Hoover also reported, "To counter the F.B.I.'s penetration of the Communist party, its leaders have established a far-reaching and vigorous loyalty program of their own calling for tests and security of America be established."

SENATOR TAIT: War if Necessary

Senator Robert Tait of Ohio, the Republican party chieftain who has as good a chance as any for the GOP's presidential nomination...

The main points: (1) The United States should go to war if Russia moves into western Europe; (2) a cabinet should be formed...

DISARMAMENT: U.S. Just Talking

Sixteen outstanding scientists, educators, and clergymen have issued a five-point program calling for total disarmament and accusing the United States of justifying lip service to disarmament while actually encouraging such a step.

The five points: 1. An immediate halt to atomic bomb production, with stockpiles to be taken over by the U.N. pending further negotiations...

2. Acceptance of the Soviet proposal for national- rather than international-atomic ownership, under an agreement blocking large-scale atomic production.

3. Acceptance of the American proposal for international inspection of atomic resources and production of atomic weapons...

4. A compromise in the U.S.-Soviet disagreement over whether atomic stockpiles should be destroyed before or after international controls go into effect.

5. Abolition of all armies and expansion of all armaments at the same time atomic weapons are destroyed.

The report was signed by Albert Einstein and novelist Louis Bromfield, among others, and said in part: "Officially appointed representatives to the UN felt the world that the U.S. wishes disarmament and they must stand in the way."

Most observers agreed the program proposed was idealistic, but hardly practical in the light of world events.

INVASION: Red Youth Threaten

Ever since the gigantic Red youth rally in Soviet Germany it has been apparent to observers that the Communists were not satisfied at all with the results of that rally.

New South Germany threatened and blacklisted Communist youth marching into West Germany. And western leaders warned they would "shoot if necessary" to keep them out.

Jailed

Lesson for July 2, 1950

A GROCER in Minneapolis returned a letter from a former customer who had been owing a large grocery bill. "I have been converted to a revival man," the letter said, "and I will start a year's imprisonment for contempt of congress."

John Howard Lawson (left) and Dallas Trumbo (right) are shown on the way to jail to start a year's imprisonment for contempt of congress.

WHEAT CROP: Miss Billion Mark

For the first time in seven years, the nation's farmers will fail to harvest a billion-bushel wheat crop this year, the agriculture department has predicted.

This means, the government forecasters said, the income of farmers will be down some \$400,000,000.

The government predicts a harvest of 949,914,000 bushels as the result of voluntary reductions in plantings under the government's acreage allotment program, and from bad weather and insects.

The record crop was harvested in 1947 and amounted to 1,397,186,000 bushels. Last year, 1,148,000,000 bushels were harvested.

Observers pointed out it means the government may have to dip into its big price support wheat surplus to meet the combined domestic and export demand for wheat this year.

The agriculture department said prospects for the corn crop now generally are favorable. Plantings are expected to be smaller than last year but still smaller than average.

The report forecast an oat crop of 1,386,000,000 bushels, four percent more than last year. Rye production, forecast at 22,400,000 bushels, would be 20 percent larger than last year but still smaller than average.

DISARMAMENT: U.S. Just Talking

Sixteen outstanding scientists, educators, and clergymen have issued a five-point program calling for total disarmament and accusing the United States of justifying lip service to disarmament while actually encouraging such a step.

The five points: 1. An immediate halt to atomic bomb production, with stockpiles to be taken over by the U.N. pending further negotiations...

2. Acceptance of the Soviet proposal for national- rather than international-atomic ownership, under an agreement blocking large-scale atomic production.

3. Acceptance of the American proposal for international inspection of atomic resources and production of atomic weapons...

4. A compromise in the U.S.-Soviet disagreement over whether atomic stockpiles should be destroyed before or after international controls go into effect.

5. Abolition of all armies and expansion of all armaments at the same time atomic weapons are destroyed.

The report was signed by Albert Einstein and novelist Louis Bromfield, among others, and said in part: "Officially appointed representatives to the UN felt the world that the U.S. wishes disarmament and they must stand in the way."

Most observers agreed the program proposed was idealistic, but hardly practical in the light of world events.

10 Million to 1

While much of the nation was reading about methods to curb gambling, a story from Las Vegas, Nev., reported a gambler made \$2 million at the dice table, something that happens once in 10,000,000 times.

The gambling casino said it lost \$150,000 and the gambler, who won only \$750, could have taken \$368,438,498 had he let his bets accumulate.

HERE and THERE

By Robert Cox

The dead of World War II have hardly had time to settle in their graves yet have been taken yet even to find their graves in their American homes when there comes forth from the mouths of those who guide us in our destinies new talk of a new war. Some cannot even decide whether to call it a new war or just a continuation of the Second World War. We have always been justly kind and considerate to our dead heroes, however, and I would like to take this opportunity to reprint an editorial from the Lexington Herald of last Tuesday morning. I think it is especially fitting in the light of all this talk of strife in Korea and the possibilities of the United States fighting a war with Russia. Here is the article as printed in the Herald:

Two Unknown Soldiers
 On Memorial Day, May 30, 1951, an unknown soldier who was killed in World War II will be buried in a concrete vault directly beneath the Unknown Soldier of World War I. The present sarcophagus will be marked as the final resting place of both. The familiar words on the inscription will be changed. The words now read:

"Here rests in honored glory an American soldier known but to God."
 Instead of this, when the tomb becomes the combined resting place of the Unknowns of both wars, the inscription will read:

"Here rest in honored glory members of the American Armed Forces of the World Wars known only to God."
 Officially the name will be changed from the Tomb of the Unknown Soldier to the Tomb of the Unknown. Marble slabs are to be placed on the face of each of the two underground vaults.

They will be inscribed as follows:
 World War I Unknown, Interred 11 November 1921.
 World War II Unknown, Interred 30 May 1951."
 The Tomb of the Unknown Soldier is visited as a shrine by Americans from throughout the country and by visitors from all over the world. A sentinel from one of the branches of the armed services marches silently up and down before the grave. At 4 o'clock in the afternoon,

the guard is changed in a solemn ceremony.
 In the amphitheater near the Tomb of the Unknown Soldier there are public ceremonies. This year Gen. George C. Marshall, now head of the American Red Cross, is to deliver an address of highest importance devoted to the need for both preparedness and peace.

The heart of every American is touched at the grave of the Unknown Soldier. In Arlington Cemetery one is impressed, too, with the manner in which every generation of American boys from the time of the Revolution through the Mexican, Civil, and Spanish-American Wars to the two World Wars has been called upon for the defense of his country. New graves are being made for the bodies of those who have been brought back of these who gave their lives for their country, the Unknown Soldier is an example of those who have been brought to the determination that the world must be rid of the waste and destruction of war.

We heartily endorse the suggestion made by Mr. Russell Dyche of the London, Kentucky Echo and other persons residing in the whole area from Covington to the Tennessee line which borders the U.S. Highway 25 and to be placed on Eastern Standard Time. Mr. Dyche and others have pointed out that the tourist trade is one of the most important of our industries here and that for their convenience as well as for our own this whole area should be in one time belt. Most of the persons who have been considering the proposal of unification of time have made it clear that they were not merely striving for Eastern Standard Time but any time specification that would do the job of unifying the areas affected by the U.S. 25 tourist trade. Eastern Standard Time would be the best, however, since the northern and southern extremities of the state are in that belt and there is no reason why we of Central Kentucky should continue on a different time which does nothing but cause confusion. Then the silly law allowing a town to vote for slow or fast time while the county stays on slow time has been added to the general confusion and caused people in the neighboring town of Somerset and London to go quietly mad with frustration. The U.S. 25 Association for

their foresight in placing this question in their agenda at their current meeting in Lexington and wish to go on record as favoring the idea in its entirety.

THE NEW TESTAMENT CHURCH

"And Simon Peter answered and said, Thou art the Christ, the son of the living God. Jesus answered and said unto him, ... upon this rock I will build my church; and the gates of hell shall not prevail against it. And I will give unto you the keys of the Kingdom of Heaven; and whatsoever thou shalt bind on earth shall be bound in heaven." (Matt. 16:16-19).

It is evident from the above Scriptures that the Kingdom of heaven was to be set up during the lifetime of Peter else there would be no need for granting Peter the keys to the Kingdom; however, were not to be living when the Church was established according to Jesus' statement to the disciples, "there be some of them that stand here, who shall not taste death till they have seen the Kingdom of God come to power." (Mark 9:11).

We know from the gospels that Judas was the one who did not see the Kingdom come in its power because of his untimely death at the time of Jesus' resurrection. Yet there were eleven of the original group that did see the Church established. We state in a previous article the prophecy of the coming of the Church according to Exodus 19:8. In this prophecy we state that the people were to be under a new covenant. The law which made up the terms of the Old Covenant was such that none were able to cope with it. "For if the first covenant had been faultless, then would no place have been made for a second." In that he said, a new covenant, he hath made the first old. But that which is becoming old and waxeth age is nigh unto vanishing away." (Hebrews 8:7-13). The Mediator of that New Covenant as well as the foundation, chief corner-stone, and door of the church (Matt. 16:18; Eph. 2:19-20; 1 Cor. 3:11; John 10:7-9) was Christ. "But Christ having come a high priest of the good things to come, ... As for his cause he is the mediator of a new covenant, that a death having taken place for the redemption of the transgressions that were under the first covenant, they that have been called may receive the promise of the eternal inheritance. For where a testament is, there must also necessarily be the death of him that made it. For a testament is of force where there hath been death: for if it doth never avail their foresight in placing this question in their agenda at their current meeting in Lexington and wish to go on record as favoring the idea in its entirety.

HOLINESS UNTO THE LORD

By G. W. (Bro.) Murphy

The Privilege of Loving God
 I have read an article which came out in the last issue of "Christian Herald" written by that great man J. C. Penney. I am sure he will not care for me quoting some of his words used. He says there is an element that rebelled against him, which we men especially are reluctant to consider because it appears to be a feminine characteristic. That is love. A basic law in religion is devotion to his God. Jesus shows this perfectly in his devotion to God, from whom he was never separated.

Jesus had such great love for his neighbors, (friends) consider Mary, Martha and Lazarus. I also think how he loved those that rebelled against him, when he said to that great city "O Jerusalem, Jerusalem which killest the prophets, and stonest them that are sent unto thee; how often would I have gathered thy children together as a hen doth gather her brood under her wings, and ye would not. Let it be rememered to you that a full understanding of life, is impossible without love for God. We should spend some time each day realizing his goodness, our dependence, and finally offering gifts to Him, such as an act of self-denial, an act of kindness, or in need but done in His name.

We are reluctant to Love our fellow man, because we have reserved some or I'll say most of us have put all of our love on our own family or some particular friend. This is much less than what Jesus taught, He said Love your enemies, bless them that curse you, do good to them that hate you, and pray for them that despitefully use you, and persecute you: So you see in order to mind the Lord we are compelled to say that GOD IS LOVE, and LOVE IS GOD.

Please come with Brother Murphy at Hill View Holiness Church on Richmond Street, this first Sunday in July, just after the service, for a baptism. Come see who it will be, that is if the Lord wills. Do your best to serve God in the Spirit of meekness, and Love one for another.

Disputantia Farmer Buried in Richmond

Carl S. Cotton, 57, prominent farmer of Disputantia died in Petty Clay Hospital, Richmond June 15 after suffering a heart attack. He had been ill from heart trouble for some time. His son, a native of Madison county, moved to Rock-

castle about 10 years ago. He was a special agent for the Farm Bureau Insurance.

Besides his wife, Mrs. Mattie Collier, there remain to mourn his loss five children by a former marriage.

Chas. Shepherd's Home Is Destroyed By Fire

The 5-room home of Charles Shepherd on the 52nd Springs road just outside Mt. Vernon, was totally destroyed by fire last Saturday night. Members of the family including their three small children were at the home of Mr. Shepherd's mother, Mrs. Bertha Shepherd, where the body of Mrs. Susan Lively was laid out.

The household furnishings were also a total loss including about \$50 in savings.

That blaze was discovered by Raymond Reynolds who notified Mr. Shepherd. They arrived at the scene too late to save anything of value.

Wildie Wins Two From Kirksville

The Wildie Rockies vaulted to third place in the Tobacco League standings by defeating the Kirksville Blue Jays in both ends of a double-header 3 to 1 and 5 to 2. This makes Wildie have seven wins against three losses.

In the first game Bobby Robinson pitched and batted his team to a 3 to 1 victory. Robinson limited the Blue Jays to only three hits in the seven innings and also socked out two doubles in the process. Moberly was the loser.

In the second game Wade Gay regained his control and pitched Kirksville to only five hits in winning a 5 to 1 ball game. Gay also led the team in batting by knocking in four of the five runs with two singles.

O. B. Smith was the leading batter by getting four for five. S. Parsons was second by getting three for eight.

Willie Vance Is Victim Of Hunting Accident

Willie E. Vance, son of George Vance of Long Branch, was killed when the gun he was carrying on a hunting trip accidentally went off. It was believed that he dropped or jarred the gun in some manner. He was with Tommy Bussell at the time of the accident.

He is survived by his wife, Ruth Vance, two children, and several brothers and sisters.

Funeral services and burial were conducted at the High Dry Cemetery, Saturday, June 24.

Madison County Takes Second In Sheep Contest

Madison County took second place honors in the 1949 lamb-on-pasture contest, it was announced this week. Don Wells of Madison County was one of

the high producers for flocks of 51 to 100 ewes.

Four counties shared first place in the contest as announced by Richard C. Miller, sheep specialist at the Kentucky College of Agriculture.

Supporters of the contest were the packing companies and stockyards and the Bowling Green Chamber of Commerce.

WLW Buys Land Here For Relay Station

Radio Station WLW of Cincinnati has bought an acre of land from Bob Abney on Big Hill to erect and install a television relay station.

The sale of the land included a right-of-way up to the spot where the tower is to be built. Reported price of the sale was \$1500.

Free Music Clinics To Be Offered By UK

Two music clinics, one for string orchestras and ensembles and one for bands, will be held this summer at the University of Kentucky for the benefit of Kentucky high school musicians and their teachers. The string clinic, scheduled for July 24-28, will be under the direction of Miss Elizabeth Greene of the University of Michigan. Bernard Fitzgerald of the University of Texas will conduct the band clinic from July 31 to August 4. There will be no charge for either clinic and the University will provide housing for students and teachers free of charge. The programs are sponsored by the U. K. Department of Music.

Linda Gayle Williams, 14-month-old daughter of the Rev. and Mrs. Arnold Williams of the Broadhead Baptist Church, received a cut on the head which required two stitches to close when she fell outside the church Sunday morning.

Calvin Sturdevant Dies In Lexington Hospital

Calvin Sturdevant, 62, passed away June 27 at the Good Samaritan Hospital in Lexington of a cancer. Mr. Sturdevant moved to Boone on the farm of Mr. Jimmy Lambert six years ago from Harlan. He was well known in this county as the stove repair man.

He is survived by his wife, Mrs. Lida Sturdevant.

Funeral services were conducted Thursday, June 29, at the Fairview Church.

Charley McHargue Dies At Pine Hill Thursday

Mr. Charley McHargue, age 70, passed away Thursday, June 22, of a heart attack at his home in Pine Hill.

He is survived by seven children, Mrs. Bill Robinson, Covington; Mrs. Cleda Gill; Sharon Grove; Mrs. Howard Barnes, Cawood; Mrs. Leonard Kidwell, Burr; Mrs. Robert Parrett, Mt. Vernon; Joe McHargue and John McHargue both of Pine Hill.

Funeral services were held at the Church of God, Pine Hill, Saturday afternoon, June 24, by the Rev. Tom Clifford and Rev. Charles Smith. Pallbearers were the grandsons, Burl followed in the McHargue Cemetery.

Linda Gayle Williams, 14-month-old daughter of the Rev. and Mrs. Arnold Williams of the Broadhead Baptist Church, received a cut on the head which required two stitches to close when she fell outside the church Sunday morning.

IT'S A MACHINE AGE

A Cow and Her Milk Are Soon Parted

During June Dairy Month, dairy products are at a peak in both quantity and quality, making it a good time to enjoy the most nutritious foods known to man—milk, butter, cheese, and ice cream. The casual-looking cow shown above may seem a little ahead of the times, but in actuality, the dairy industry has become extremely mechanized. Today's bovine beauty sports a special non-rust milk pail, and stands in a metal stanchion while a milking machine goes to work. The milk then goes to dairies or processing plant in 10-gallon cans and huge tanks that are washed, scrubbed, scalded, and sterilized after every trip.

Under rigid sanitary conditions, the milk is weighed, tested in a plant laboratory, filtered, clarified, homogenized, and pasteurized. The modern bottling machine is practically a mechanical genius, measuring the exact amount of milk, capping with paper while clean, sterilized bottles move along in formation on a conveyor belt. With the aid of complex machines, milk and milk products now reach your table untouched by human hands. The mechanical cow is finding a lot of other things different, too, with more and more sanitary inspections, new methods in breeding and feeding, and even bovine education.
