Mr. and Mrs. Charlie Anderson and daughter spent Sunday with Mr. and Mrs. Burdette Brown of Weathersburg.

Mrs. Willie Logston has returned home after spending a few days with relatives in Ohio.

Mr. and Mrs. Wm. Francis Thompson and daughter were in Louisville with her husband and other relatives.

Sunday guests of Mr. and Mrs. Sherman Mink and daughter were Mr. and Mrs. J. M. Mink, Mr. John Locke of Corbin, Mrs. Lulu Taylor and family and Mr. and Mrs. Roy Mink and son.

FARMICALS

KESSLER'S

Centennial Cattle

The third buying expedition into Wisconsin since March 1st has just been completed by the Kessler Teachers and Mr. T. S. Leathers, Dairy Specialist, of the Division of Markets, Kentucky Department of Agriculture.

Mr. Leathers acted as advisor in selecting and purchasing. Most of the cattle were bought by the veterans, with a few going to FFA and 4-H members.

Strike Delays Shipment

The strike in the Soda Ash industry this past summer has caused the Kentucky Sorghum Growers Cooperative Association to curtail sorghum shipments, except in 10 lb. jars.

Soda Ash is used in the making of glass and the strike shut down manufacturers to available in about one week.

Sorghum production is now in full swing in Hancock County. Quality is reported to be excellent.

Grain Markets Weakens

Grain markets turned weak-

er and prices declined modestly during the week ended October 12, reports to the Kentucky and United States Department of Agriculture indicate. Wheat declined 2 to 4 cents per bushel, influenced by relatively large supplies, a light export demand and competition from Russian grain in European markets. Corn markets were barely steady, despite frost damage in some portions of the belt and a reduction of 45 million bushels in production estimates.

Plentiful supplies of old crop grain were a weakening factor. Little change occurred in the market situation for Rye, Oats, Barley, and Grain Sorghums, but prices of oil seeds declined further as marketings from the new crops increased.

Soil Conservation News

By Clay A. Colson

The soil and water conservation plan on Henry Brown's farm at Quail has been completed. Some seeding remained to be done after the Field Day and has been completed. The Field Day was very successful and the Brodhead Soil Conservation District Supervisors and Mr. Brown expressed

FARMERS EVERYWHERE USE

FOUR LEAF

their appreciation to the farmers, implement dealers, V-A students and on-farm trainees who helped make the Field Day the success that it was.

A fish pond has just been completed this week and the grass and clover crops are coming up. The farm will show the results of the Field Day more next year than it does now. Mr. Brown invites farmers, Agriculture classes or any interested groups to come out and look over the farm at any time.

"Bill" Coffey, near Green Hill can show any interested farmers some real rescue, ladino clover pasture. His neighbors will tell you they were very skeptical when "Bill" began using the bush and hog harrow on some grown-up fields about this time last year. When the bushes would rear up the 1400 pound harrow they would shake their heads as if to say he was wasting time. They thought he was throwing money away to lime and fertilize a field such as this.

Spring came and the fields were green. Farmers began to marvel at what was happening. The same farmers that thought he was wasting time and money are now seeding pastures just like "Bill" did. They were wise and said, "it will do that for 'Bill'." It will do the same for us. Pasture is

the cheapest feed any farmer can produce.

Richmond Stockyards Sales Report

The Madison Sales Company held Saturday a total of 983 head of livestock.

G. W. Murphy for the sweet words that he delivered. We wish to thank the Cox Funeral Home for the prompt service given. ttc

Henny Lee Welch and children and Owens family.

WILDE ROCKIES

(Continued from page 1)

3-2—John Branaman then struck out, but the catcher missed the ball and threw wild to first permitting Durham to score all the way from second which knotted the count at 3-3. Branaman was later caught at the plate to end the inning. This sent the game into extra innings. Central failed to score off the offerings of Bob Robinson, who had relieved Gay in the ninth. Then the excitement mounted as Wildie

came in to bat. Burdette grounded out to the first baseman for the first out. Then Robinson singled, S. Parsons came up to the plate and tripled over the right fielders head and that was the ball game by a 4-3 verdict. Bob Robinson was the winning pitcher and ended up the season with a w-p-l record of 14-5.

This ended the season for the Rockies who won 24 and lost eight within league play. Stewart Parsons collected a triple and two singles to lead all hitters. Lonnie Durham drove in two of the four runs with a pair of singles.

Batting averages for entire 1950 season.

AGRICULTURAL FAIR

Continued From Page 1 Mullins, Mrs. Phillip Davis,

Mrs. Verla Brown, Jimmie Cox, Mrs. James Mullins and Mrs. Nona Treop.

County Agent's Notes

By Robert F. Spence

Let's Breed Cows For Fall Production

Cows bred in November, December, January and February will freshen in August, September, October and November.

Fall freshening cows produce more than spring freshening cows and have their heavy production during a period of the year in which there is generally more demand for fluid milk; also, a higher price can be obtained for your product on a fall market.

It is not always easy to get your cows bred for fall freshening. One thing that can help is to push late heifers and hold early heifers to breed during the period mentioned above. Another thing that can help is to do everything you can to help the breeding

efficiency of your herd. Some of the things that can be done are:

1. Allow at least 60 days following calving before breeding cows the first time.
 2. Observe cows carefully at least twice a day for signs of heat.
 3. Give cows a good rest period before freshening and try to have them in good condition.
 4. Call a competent veterinarian if your cows do not conceive on the first three services.
 5. Cull hard breeding cows. You do not want to perpetuate the low fertility into your future herd. It can only cause you trouble.
- A little careful planning now can materially increase your milk check a year from possible to help the breeding

Bud Clark to Arthur Clark, 2 tracts on the waters of Brush Creek.
G. L. Wren to George Barker, 444 acres near Copper Creek.

Health Department Rockcastle

By Dr. Walker Owens

The duties of the county health unit sanitarian are many and his program changes to meet the needs of the particular county to which he is assigned. Some of his specific duties include his work in connection with adequate sewage disposal, safe water and milk supplies, rodent and insect control and the inspection of camps and swimming pools.

Generally speaking, the county sanitarian plans with officials of communities and with individuals for the solution of all the problems of environmental sanitation.

In connection with his work he collects samples for laboratory investigation, such as the public water supply, milk as sold in the country, school water supplies, etc.

Another important phase of his work in the field of environmental sanitation is that of schools and public building inspection. Waste disposal, whether from individual homes or a community, constitutes an

additional problem for the county sanitarian in his work of preventing disease to spread by insects and rats. Inspection of the restaurants in your town, to insure proper refrigeration and adequate dishwashing is still another phase of the county sanitarian's job and the sanitation rating sign of 'A' in such a place is his report to you.

LIVINGSTON

By Livara Ruth Bingham

Mr. John Ballard, our police judge, seemed to have a real nice time over the week-end. His son John Ballard, Jr. and two grandchildren were in to visit him. They spent their Sunday visiting all of their old friends and relatives. To wind it all up they had a nice fishing trip, but I haven't heard how they did.

Mr. and Mrs. Blair returned home Sunday. She has been visiting her family in Michigan. Mrs. Ruby McNutt and son of Louisville spent the week-end with her parents.

Mr. Lawrence Williams, who has been in the Nichols Veterans Hospital of Louisville, returned home this week-end. Miss Bernice Mullins of Hamilton, O., spent the week-end with her parents, Mr. and Mrs. Bennet Mullins.

Mr. and Mrs. Bill Gilford and sons were in Somerset Sunday. Mr. and Mrs. Lee Genry and daughter, Carol, visited Mrs. Genry's parents at Fawbush, over the week-end.

Misses Suedell and Margaret Carpenter of Cincinnati, spent the week-end with their parents, Mr. and Mrs. Bob Jack Carpenter. Mrs. Net Griffin enjoyed the Horse Show at Renfro Valley Sunday.

Mr. and Mrs. Bob Cordell of Detroit, visited Mr. and Mrs. Dewey Bingham Sunday. Mrs. R. G. Webb was in Cincinnati Thursday on business. Mr. and Mrs. Ford York of Livingston, and Mr. and Mrs. Leyton York of Dayton, O., spent the week-end at Smokey Mountain National Park.

All of the Livingston High students are, this week, practicing for the Halloween Carnival started Monday. The Livingston 4-H Club was well represented at the School and Agriculture Fair. There were twenty-five members and three leaders present. Several of the members entered exhibits in the fair. We won 8 blue ribbons and 2 red ribbons. We are really proud of our secretary Verma May Kelley, who won the first prize on her secretary's book. The 4-H club enjoyed their work this year and hope to have a good club next year.

BIRTHS

The following births were announced by C. V. Cox, county registrar:

Mr. and Mrs. Boyd Mink, Sand Springs, a boy, Robert Earl, Sept. 14.
Mr. and Mrs. David Kidwell, Conway, a boy, James Willie, Sept. 6.
Mr. and Mrs. Ronald Wilson, Orlando, a boy, Gary Curtis, Sept. 7.
Mr. and Mrs. George Hurst, Willailla, a girl, Barbara Ann, July 20.

Mr. and Mrs. Robert Bryant, Mt. Vernon, a boy, Bill, Aug. 9.
Mr. and Mrs. John Weaver, Mt. Vernon, a girl, Margie Irene, Sept. 20.
Mr. and Mrs. Roman McFerron, Mt. Vernon, a boy, Frankie Windell, Sept. 3.

Mr. and Mrs. Elzie Mink, Bloss, a girl, Lillie Mae, Sept. 26.
Mr. and Mrs. Eddie H. Renner, Bloss, a girl, Victoria Christine, Sept. 24.

CONWAY

By Dorothy Moore

Mr. Harold Lee Crawford of Brindle Ridge and Miss Loude' Cain were united in marriage Saturday Oct. 15. Miss Ruby Moore returned from Lima, O., Friday night. Mr. and Mrs. Henry Bowman left Monday morning on vacation in Hamilton, O.

Miss Mabel Huff spent the week-end with her parents, Mr. and Mrs. Henry Huff and family. Miss Wandlen Ward spent the week-end with her parents, Mr. and Mrs. Stane Ward and family.

Mrs. Rose Brock and daughter were in Scaffold Cane Monday morning. Mr. Shirley Phillips was home over the week-end. Mr. and Mrs. Robert Daughen of Hamilton, O., spent the week-end with Mr. and Mrs. Henry Bowman.

Mr. Bud Huff left for Jacksonville, Fla., Monday afternoon. We are sorry to hear of the death of Mrs. Lizzie Powell. Mr. Hiram Thacher and Mr. Tom Moore were in Richmond Monday.

Polio One-Decline in Kentucky. New polio cases in Kentucky declined for the fourth straight week last week.

The State Department of Health received reports of 29 new cases for the week ending Sept. 2 and weekly totals since then of 51, 45, and 40.

Total cases to date this year stand at 491, with 19 deaths. At this time last year there had been 493 cases and 42 deaths.

POPLAR GAP

By G. W. Allen

Mr. Charles D. Mullins of Sharonville, O., spent the week-end here with his parents. Miss Marie Sams is numbered with the sick. Mrs. Crissie Vansant was taken to a Lexington hospital last week. She underwent an operation and is reported doing nicely.

Mr. and Mrs. Earl Reece returned to their home in Cincinnati, Sunday after spending last week here with relatives. Mrs. Lula Barnett of Livingston recently visited friends and relatives here.

Mr. Bob Davidson has returned to Dayton, O., after spending a few days with his parents, Mr. and Mrs. Henry Davidson. Messrs. Boyd and O. C. Vansant of Richmond, Ind., were

here part of last week due to the illness of their mother. Mr. Bonne Saylor of Mt. Vernon was a Sunday guest of Mr. Dannie Mullins. Mr. and Mrs. Raymond McGuire of Maude, O., and Mr. Dewey McGuire of Dayton, O., have returned to their homes after being here for a few days.

Mr. Edward Sams of Richmond, spent the week-end here with homefolks. Mr. Leslie Durham of Dayton, O., recently visited with his parents, Mr. and Mrs. J. T. Durham. Mesdames Fannie Allen, Mary and Sylvia McGuire were Sunday afternoon guests of Mrs. Erma Mullins.

Mrs. Georgina Davidson is on the sick list. Mr. and Mrs. Bently and children were Saturday night guests of Mr. and Mrs. Harvey Bond and family at Boone's Hollow.

Many sightseers and pleasure riders of all parts of the country were motoring over the new Brush Creek and Cave road Sunday.

The only way we can expect to get better legislation is to elect better legislators—which places the responsibility squarely in the hands of the nation's voters.

If You Want Progress In Our Schools Vote For:

Carlo Saylor for Member of Board of Education for District Number 3

I was born and raised in Rockcastle county and have lived here all my life. The reason I am interested in our schools I have six children; one of them finished high school four years ago; one finished high school this year and three more of them are in school at the present time and I have one child not old enough to attend school yet. The voters in my district can see why I am interested in our schools.

I have served you on the board for the past 8 years and I am willing to make the race on my past record. When I took the office of board member there was scarcely any bus service to transport our children in Rockcastle county. At the present time we have a school bus on nearly every mile of road that can be traveled by bus in my district and Rockcastle county. There have been many improvements in my district since I have been a member of the Board of Education. We have built a nice agricultural building, the Brodhead School, added sufficient playgrounds for the children, in fact I have done everything in my district for every school in my district.

If I am re-elected there are many more improvements for which I am in favor. Mr. Lear, I noticed in your announcement last week and the week before that you and my friend Boone Saylor seem to be feuding through the columns of this paper. Whatever quarrel you have with Boone Saylor is no concern of mine. I am making this a matter of member of the Board of Education and not Boone Saylor. Boone Saylor, brother, cousin or no friend could persuade me in the least from doing what I think is right. I believe any person who knows me will tell you this.

Mr. Lear the taxes were raised by the previous administration to \$1.25 a hundred and were not raised to 1.50 hundred until a special session of the Legislature in 1949 passed a law that each county in Kentucky must levy \$1.50 tax rate and a \$2.00 poll tax before they can receive the equalization money that is given them by the state of Kentucky. That amount this year was \$49,000.00. So you see, Mr. Lear if you were elected and you were to cut the tax levy we would have to discontinue the school bus service, cut the teachers' pay in half completely wreck the school

system, as you already know 40% of our teachers are teaching on emergency certificates at the present time. I pray tell me what will happen if you cut the teachers' salary again.

Mr. Lear I want to say to you that the economy program which you are now advocating is the best thing that you are backing for superintendent is the other. The first quarrel that ever came before the present board and myself personally was when Mr. Burgess Robbins came before that board and asked for a \$25,000 raise. He was requesting \$23,000 a month at that time, or \$27,000 a year. I felt that since our best teachers were receiving less than this by getting only 8 or 9 months in a year and he was being paid for 12 months he was getting enough, but nevertheless Mr. Robbins has been sore at me ever since. It is my firm conviction that when you make him superintendent he will be satisfied with nothing less than \$4,000 or \$5,000 for himself and placing his wife in as secretary of the board at a large salary. He has intimated to some of my friends a number of times that she should be made secretary of the board.

Mr. Lear, you stated in The Signal that our school system was in debt \$32,000. I wish to inform you that we do not owe a dollar beyond this year's current revenue. This was printed by you to hoodwink the people. Our school system is in good financial condition and the books are open at any time to any taxpayer.

You say that the schools are for the children. This I wholeheartedly agree with you and I am doing everything to the best of my knowledge to protect the children in this district and Rockcastle county. I am not making this race in the interest of a certain group of politicians at Mt. Vernon but in the interest of the children of my district and Rockcastle county.

Mr. Lear, I notice some little pamphlets being distributed by a certain group of politicians at Mt. Vernon. In this circular you stated that a "certain individual was running the school system." I have stated before that no man, regardless of who he is could persuade me in the least from what I think is right. Now, I want to say to the people of Brodhead and my District that these Mt. Vernon Politicians have no interest in Brodhead or Educational District No. 3. Don't be fooled by any last-minute propaganda that they may spread.

I hope to see all of you and talk with you before the election on November 7th. I will appreciate your support. Vote for

CARLO SAYLOR

For Board Member. P.S.—I am in favor of Mrs. Neureul Miracle for Superintendent.

To The Voters of School District Number One

The greatest improvement in the County School's history was made in 1949 when our Independent School Board voted to go in the County system. I was selected by the County Board to serve with them, and after becoming a member, I worked hard with the rest of the Board and Superintendent to get Brodhead in the same system with us, which they did after three meetings. Then with the Board, I helped to get the construction of six new class rooms for Livingston School, and also additional ground and buildings for Brodhead School, as well as consolidations and improvements for rural schools.

I have served on school boards at various times all of my life in Livingston, and I want to tell the people of Livingston and District No. 1 that Mrs. Miracle, our present Superintendent, has done more for Livingston and District Number One than has been done during any other administration in the history of our County.

My reason for making this race is that I believe I can state that the Legislature raised the taxes. My opponent knows, and everyone else knows, that the Board of Education sets the tax levy. Why doesn't he admit that he would raise the taxes? With about three times the amount of money coming to the Rockcastle County Schools as they received a few years ago, taxes have

Therefore, he cannot get anything for Livingston and District No. 1 for the next four years. You people of Livingston and District No. 1 get behind me and elect me as a member of your Board of Education for this term, not because there is anything in the office for me but because we people of Livingston and District No. 1 want all the benefits that we can get in behalf of our schools.

The people of this District are not going to elect my opponent regardless of their personal feelings toward him or toward me. They are going to elect a man who will help Livingston and District Number One.

Mr. Burgess Robbins got up my opponent's papers and filed them so he could run as a member of the School Board. I suppose my opinion is for Mr. Robbins for Superintendent. Mr. Robbins is telling the people that Calvin is his man and I suppose he is.

If elected to this office, I promise you that Livingston District Number One, Brodhead and the County schools will have what little strength, knowledge and experience I have gained over all of the years, for the betterment of all the schools of this County. It is a hard unthankful job with plenty of work, but my life has been spent to help others, and

If You Want Our Schools Free From Politics Vote for Givens Lear, Educational Dist. No. 3

In last week's issue of the Mt. Vernon Signal my opponent elected to this office, I stated that the Legislature raised the taxes. My opponent knows, and everyone else knows, that the Board of Education sets the tax levy. Why doesn't he admit that he would raise the taxes? With about three times the amount of money coming to the Rockcastle County Schools as they received a few years ago, taxes have

I would like my remaining years to be spent in the same way. Your vote and influence will be appreciated. Your friend, Dr. R. G. Webb.

C. H. Webb Announces For School-Board

I wish to announce my candidacy for election as a member of the Rockcastle Board of Education in District No. 1, (composed of S. Mt. Vernon (out side Mt. Vernon Independent District) Pine Hill, East Fork, Rocky Bend, East and West Livingston.

I have conscientiously endeavored to serve you in the past as a member of the board and I will make every effort to do so in the future. Sincerely Yours, Calvin H. Webb

Mr. and Mrs. Ed Denney were in Williamsburg last week to see Bro. J. W. Mahan who is seriously ill.

MT. VERNON SIGNAL A. F. Hoffman, Editor Published every Thursday At No. 10 Church Street, Mt. Vernon, Ky. Entered at Mt. Vernon, Ky. postoffice as 2nd class matter

Superintendent at \$2700.00 per year for he following four years. Last year my opponent voted to raise the salary of the Superintendent to \$3000.00 per year.

With the increased revenue we should have had many improvements in our schools, yet the State Health Office made an inspection of our schools and outbuildings and made this report: about ninety percent of our schools in Rockcastle County are insanitary for our children.

I favor nine months school for all the children of Rockcastle County, not eight months for some and nine for others. I favor eliminating this discrimination.

My opponent stated in last week's paper that he wasn't making this race for any group of Mt. Vernon politicians. I don't believe he is making it for a group but one individual.

politician. I am making this race to restore the schools to our children where they rightfully belong, and to free the schools from the domination, and control of one individual. I earnestly solicit your support in this race.

Respectfully, GIVENS LEAR

Selling Milk

IS SELLING HEALTH

Our service to this community has much in common with that of the medical profession.

The wholesome diet of American families—and the place of milk in that diet—has a lot to do with the high standard of health our country has achieved.

Because our product is essential to good health, we believe that every argument made against socialized medicine also could be made against a socialized business.

In fact, every great Nation that has tried socialized medicine has gone on to socialize other business and other industries and other professions.

America has no place for permanent Government controls borrowed from foreign lands. It has no place for socialized medicine, socialized railroads, socialized power, socialized manufacturing, or socialized dairies!

We believe—and all experience proves—that free men do the best job of running industry, professions and business. That's why today we publicly reaffirm our faith in America's initiative, American progress, American FREEDOM.

SOLID SLEEPING COMFORT ON COLD WINTER NIGHTS

Will icy sheets curl your toes and drive sleep away?

Will a cold snap send you groping for more covers in the middle of the night?

Will a mountain of heavy covers on a bitter night let you waken feeling more tired than when you went to bed?

Use electric bed covering for the sleep of your life.

THIS NEW KIND OF SLEEPING BRINGS YOU OCEANS OF REST

Slip into a pre-warmed bed... drift off to sleep under a single cover that defies the weatherman, keeps you exactly as warm as you want to be—no matter how the weather changes—all night long.

Take your choice of soft, fluffy electric blankets, lush downy comforters, or beautiful pastel sheets that permit you to use your own top cover.

Besides the grandest sleeping comfort you've ever known, there are extras, too. Only one cover so buy, to store, to launder and bed making becomes ever so simple.

Safe, too. There's never a worry. Put them on the children's beds with complete confidence.

Try them once for the sleep of your life.

see the electric bed covering at your favorite appliance or department store

CHEVROLET
 Your Best Buy - by All Odds

It offers more for less—throughout! All these features at lowest cost: Center-Point Steering; Curved Windshield with Panoramic Visibility; Fiberglass Unibody Construction.

It's better looking—all around! Yes, it's the best looking of all low-priced cars. As a recent independent nationwide survey shows—and, in addition, it's the longest, widest, heaviest car in its field.

It lasts longer, too! Chevrolet cars are extra-sturdy, extra-rugged, extra-durable. That's one reason why there are over a million more Chevrolets on the road than any other make.

It operates more economically! Owners know that Chevrolet brings them an unequalled combination of thrills and thrift, because it's powered by a Valve-in-Head Engine... exclusive to Chevrolet in its field. Come in and see it!

It drives more easily! Finest no-shift driving at lowest cost with Chevrolet's Powerglide Automatic Transmission... or finest standard driving at lowest cost with Chevrolet's Silent Synchro-Mesh Transmission.

It rides more smoothly! So smooth—so steady—so safe... the easiest riding car in its field... thanks to the famous Unilted Knee-Action Ride combined with airplane-type shock absorbers all around!

AMERICA'S BEST SELLER! CHEVROLET AMERICA'S BEST BUY!

Contradictory
Arthur, reading the evening paper: "Dad, I thought that medical assistance was given to cure people."
Father: "So it is, my son. What makes you think otherwise?"
Arthur: "It says here that a woman fell and struck her head on the sidewalk and died without medical assistance. That certainly sounds contradictory to me."

WHEN SLEEP WON'T
COME AND YOU
FEEL GLUM

Use Cheewing-Gum Laxative—REMOVES WASTE... NOT GOOD FOOD
Where you eat wrong, feel just as bad because you need a laxative—do as millions do—use Cheewing-Gum Laxative.
Cheewing-Gum Laxative is wonderfully different! Doctors say many other laxatives start their "laxative" action too soon—right in the stomach. Large doses of such laxative upset digestion, flush away nourishing food you need for health and energy. You feel weak and tired.
But genuine Cheewing-Gum Laxative is recommended, works chiefly in the lower bowels where it removes only wastes, not good food! You avoid that weak, tired feeling. Use Cheewing-Gum Laxative one, full of life! 25c, 50c, or only 10¢.
FEEN-A-MINT
FAMOUS CHEEWING-GUM LAXATIVE

MAZEL BISHOP'S LATEST
NON-SMEAR LIPSTICK
STAYS ON AND ON!
1 Won't come off when you kiss children, relatives, sweetheart.
2 Washes off easily with soap & water.
3 Exciting fashion-right colors.
4 More economical! Lasts 4 to 5 times longer! Only \$1 plus tax! Get Mazel Bishop's amazing non-smear lipstick at any drug or department store.

Modern Milk House
Built Under Drive

Idea Could Be Used
On Many Midwest Farms
Like most people, farmers have a desire to make use of all available space in and around their service buildings. Few, however, thought of locating a modern milk house under a driveway.
That this difference is shown in the accompanying picture. Like so many midwestern farms, the two-story structure is located so that about half of it (extending from front to rear) rests on a ridge of land. In this case the ridge is only about eight feet high.
Only that portion of the first floor, which is built on the low ground, is used for milking operations. This eliminated the job of excavating...

SCRIPTURE: Matthew 6:1-18; Luke 11:1-13; Philippians 1:3-11; Colossians 3:1-4
EVANGELICAL READING: Matthew 6:1-18

Growing in Prayer

LESSON for October 22, 1950
IF MAGAZINE, which does not set up as an authority on religion some years ago carried a story about a little girl who was going to be confirmed in the Episcopal church. In describing the requirements for confirmation, the reporter said she had "graduated from 'Now I Lay Me to the Lord's Prayer.'"
Most Christian ministers, including those of the denomination in which she was confirmed, would agree that (1) if that is all she had "graduated," she still had a very long way to go in her second place, although dozens of prayers by Apostles and others are recorded in the "New Testament, the Lord's Prayer, as such is never used. Then what is the Lord's Prayer?
It is his suggestion as is the case along which, and the manner in which, we ought to pray. (See the book by William Douglas Chamberlain on the Lord's Prayer, "The Manner of Prayer.")
One truth suggested by the Lord's Prayer is that we are not alone in the world. Every verb, every pronoun referring to the one who prays, is in the plural—OUR Father, forgive US... lead US... We have to remember that God is Father of others, not of ourselves alone; that we dare not be selfish in asking special favors of him for ourselves.
Maturating in Prayer
PRAYER at its lowest level is nothing more than "Gimme." The untaught pray-er may even talk to God as if he were a personal servant, a kind of celestial bell-boy on call whenever we ring for him.
The growing Christian will grow in prayer as in all things; he will grow to the point where, even when he prays as an individual, he will be remembering how many ties bind him to other individuals; he will pray less and less for his own necessities and more and more for what he may share with others.
The beginning Christian, the childish Christian, will pray as a child prays. If his prayers were all arrows they would all point toward himself. As for the mature Christian, if his prayers were visible arrows they could be seen pointing into all the world; he will have hope in every land for whom he prays, for his heart bears their names in love and faith.
Learning God's Will
A GOOD deal of worrisome argument has gone on over the question: Can prayer change the will of God? We shall be less bothered by that question when we discover the truth.
One is that in the Lord's Prayer, and in the Bible generally, we have already revealed to us the way along which God's will moves; and the other is that prayer itself is a means of learning God's will.
If we know that God's will is against something, then, if we have any sense, we know there is no use in praying for that thing. If we know that God's will is for something, then we can be confident that our prayers in that direction will be heard with favor.
A study of the Lord's prayer, from this angle, will teach a Christian how to pray in accordance with God's will. Paul knew this. When he prayed that his "Philippian friends" love may abound more and more, he knew very well that this was precisely in line with the will of the Father who is eternal Love.

My voice is my living. So it's only natural that I smoke the cigarette that agrees with my throat—**CAMEL!**
CAMELS ARE SO MILD that in a coast-to-coast test of hundreds of men and women who smoked Camels in only Camels—for 30 days, noted throat specialists, making weekly examinations.
Not one single case of throat irritation due to smoking CAMELS

The above picture shows one idea the farmer might use to make use of all available space in and around service buildings.
der the ridge. Also, however, it created the problem of building a milk house which would be convenient to the milking area and not be affected by drainage from the sloping land.
Since the driveway to the cow followed the ridge line, it was a comparatively easy job to construct the milk house beneath this natural dirt "ramp," and to connect it to the adjacent stanchion section of the barn. The roof of the milk house is strengthened with heavy steel beams.

The Lord's Prayer
THIS is not meant to say anything against the Lord's Prayer, or to imply that we are wrong every time we use it. But our Lord did not mean that prayer to be used as a magic formula, he did not intend it as a substitute for our own prayers. We know this is so, because in the first place he himself never used that prayer again, and in the second place, although dozens of prayers by Apostles and others are recorded in the "New Testament, the Lord's Prayer, as such is never used. Then what is the Lord's Prayer?
It is his suggestion as is the case along which, and the manner in which, we ought to pray. (See the book by William Douglas Chamberlain on the Lord's Prayer, "The Manner of Prayer.")
One truth suggested by the Lord's Prayer is that we are not alone in the world. Every verb, every pronoun referring to the one who prays, is in the plural—OUR Father, forgive US... lead US... Don't wait 'til the snow and ice arrive—now is the time to put Polar Grip Treads on your car! These amazing treads have no equal for winter driving. The secret is the exclusive silt-resisting material called "Icelets" imbedded in the rubber, producing millions of tiny edges that GRIP the road and resist skidding! Polar Grip Treads can be applied to your tires—or we have your size available with Polar Grip Treads applied.
Insist on POLAR GRIPS... The Original Winter Tread Proved by Years of Use

Protein Supplement Cuts Swine Production Costs
Farmers with ample supplies of grain may be tempted to fill the hog feed-bucket with corn and cut down on the amount of, or even eliminate, the protein supplement. Such a step is not as thrifty as it may seem.
Experiments have shown that hogs fed corn alone in dry lot require 11 to 12 bushels of corn per hundred pounds of gain. When a good protein supplement is used in the ration, 100 pounds of pork can be produced with five and one half to six bushels of corn and 50 pounds protein supplement.
With hog and feed prices what they are, this means that every bushel of corn fed with a good protein supplement is worth \$2.75 to \$2.75 per bushel, while hogs fed corn alone return only \$1.50 to \$1.75 per bushel of corn consumed.
Hogs fed grain and a balanced supplement will reach market weight in five and one half to six months.

Shop or Home Desk
Here is a desk that is quite handy for the shop or home. The top may be built in any size desired or made from a large drawing board. It is fastened to the frame with hinges so that it may be raised. The other parts of the desk are made of small pieces of lumber.

Reasonable Care Will Extend Life of Pillow
Pillows don't need a lot of special care, but reasonable attention will extend their serviceability. They should be aired outdoors often in cool, dry air, or placed on a chair in an open window. Airing not only clears the pillows of possible dust but also helps prevent lumping of feathers. A simple daily routine is to remove cases and fluff the pillows when making the bed. This helps force air in.
