Tigers Defeat Ferguson.
In Regional Tournament
Our basketball team is over for this year, but it was the topic of conversation and each member of the team is being praised for his plays throughout the season. All are thrilled that the Tigers achieved the desired result, champions of the 4th District Tournament at Stanford, and also the victory over the strong Ferguson team in the regional tournament at Somerset on Thursday night. On Friday night they entered the floor a tired team and were unable to compete with the strong and much larger team, Danville, which proved to be the champion team of the following evening. We can truly say we are proud of the Brodhead Tigers.

Dan Wilson Case Still On Docket

The March term of Circuit Court will open here Monday morning with the docket expected to include two major cases which had been set over from the November term of court.

Dan Wilson is expected to be tried for the November 5 shooting of Lester Taylor in the Brodhead jail, and Nathan Burke still is faced with a murder charge for the killing of George William Cromer last September.

The March Grand Jury will go into session Monday with two cases on the docket. Two Rockcastle men, Earl Kirby and Harold Smith, are under \$2,000 bond each charged with shooting and wounding Jess "Tuba" Childers during an argument February 18 at a restaurant south of town. One major liquor case which came up in county court was waived to the Grand Jury.

The court will open at 9 a. m. With Judge Tarter of Somerset on the bench. Russell Jones will represent the Commonwealth as prosecuting attorney.

The Dog Was Mad!

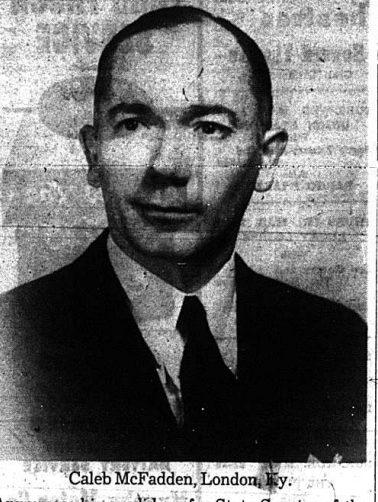

When a Rockcastle County dog bit John Goble, insurance adjuster from Lexington, Ky., Goble suspected the dog might be mad so he jerked off his coat and threw it over the dog, causing the animal to die with his hair bristles.

The Lexington man's courage may have been a life-saver to residents of the community, because Goble took the animal to Lexington with him, where examination showed the dog was rabid.

The event happened three weeks ago, but Goble was able to tell his story only this week. He said he had been receiving rabies serum treatments.

The Scripture Gleasers-Class of the Mt. Vernon Baptist Church met Tuesday night at the home of Mrs. Carl Jones. Nine members were present.

Caleb McFadden, London, Ky., announces his candidacy for State Senator of the 19th. Senatorial District, composed of the counties of Rockcastle, Jackson, Owsley, Clay and Laurel. Republican Primary August 4, 1951. Your vote and influence will be appreciated.

ROCKCASTLE FACTS and STORIES

By RALPH GRIFFIN
Adam Griffin and his wife Margaret, lived with their three children in a little cabin on Saunders Creek. They managed to eke out a small living by tending a garden and some corn crops, which was supplemented by hunting, fishing and trapping. Adam had also managed to construct a forge and make a number of hand tools, which he managed to obtain a bit of change by doing odd jobs for neighbors.
In time he built a small shop and became known as a good blacksmith. Homesteads were far apart and horses were numerous during the Civil War period, so there was a very reason the folks who were so fortunate as to own livestock of any kind took mighty good care of their horses. Horse owners rode miles around, dodging both Federal and Confederate troops, to have a Griffin shoe their steeds. From a scant supply of metal they managed to obtain a bit of change by doing odd jobs for neighbors.
As the scared son, Jim, remembered the occasion, the officer was a man of few words. He merely ordered "Shoe that horse." The blacksmith explained that he would have to fire the forge, then make his supplies. It would take a long time. The soldier merely waved his gun significantly as he said, "Get on the job and don't waste time." (Continued on page 4)

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help you get your system working in Vitamins B₁, B₂, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jimenez 141 East 13th St., Fort Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez says she is always going to have HADACOL on hand for Floyd.

Here is Mrs. Jimenez's statement:

"My son Floyd was very subject to colds. His eleven years old, and he was run-down didn't seem to have an appetite at all and just simply lacked energy. I heard about HADACOL on the radio and I intended to buy this time that Floyd was just recovering from a siege of a bad cold. He was very run-down and I lacked an appetite and I started giving him HADACOL. After about a bottle and a half I saw an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Men, women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₂, Niacin and Iron which their systems lack. Don't let that "after-cold run-down feeling" drag you down—HADACOL can help you, too. If you suffer such deficiencies, Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25; large family economy size, \$3.50.

WEEKLY NEWS ANALYSIS Probers Charge Illegal Influence Exerted to Obtain R. F. C. Loans; Troops to Europe Fight Continues

(EDITOR'S NOTE: When columns are expressed in these columns, they are those of the writer's newspaper. Editors' names are in brackets.)

The United Nations launched an offensive on a 60-mile front in Korea aimed at killing as many Communist as possible. The offensive, called 'Operation Killer,' moved forward behind coordinated artillery barrages. U.N. commanders reported Red forces retreated all along the line and set their losses at 64,000 in the period January 4 to February 23.

R.F.C.: Illegal Influence

What may turn into one of the roughest in the administration's history began to take shape when a subcommittee of the senate banking and currency committee... R.F.C. is the name of the committee.

At first the investigation seemed just another periodic urge to probe by investigating senators. But then President Truman stepped in where many Presidents have feared to tread and disclosed he had collected a file of letters written by congressmen to the R.F.C.

The investigation fell into something of a lull after the first flurry of publicity, but it is not likely to stay dormant for very long. It has all the ingredients for a mud-slinging battle. And the offended senators are not likely to forget Truman's tactics of turning the spotlight of publicity upon them.

BACK EUROPE: Dewey and Stassen Plead

The split within the Republican leadership regarding sending troops to Europe came into sharp focus with testimony of Harold E. Stassen and Gov. Thomas E. Dewey before the senate's foreign relations and armed services committees.

Dewey had previously backed the administration's policy of sending troops to Europe. Stassen joined Dewey in opposing Sen. Kenneth S. Wherry, Nebraska, and Robert A. Taft, Ohio, and supporting the administration's claimed authority to send American troops overseas without congressional restrictions.

The investigation fell into something of a lull after the first flurry of publicity, but it is not likely to stay dormant for very long. It has all the ingredients for a mud-slinging battle.

AMENDMENT: Two Term Limit

The amendment, barring future Presidents from serving more than two elective terms or more than 10 years in the White House, was added to the constitution when Utah and Nevada became the 35th and 36th states to ratify the amendment.

The effect of the lien was to freeze Sollazzo's assets until the government can collect whatever it may be entitled to. The lien listed allegedly unpaid taxes running into hundreds of thousands of dollars for each of the years from 1943 through 1947.

Washington MERRY GO ROUND

LABOR vs TRUMAN

WHETHER JUSTIFIED or not, organized labor is near the breaking point with the administration, with top labor leaders as full of veem against Harry Truman as a union leader's club discussion of the late F.D.R.

But a telltale sign of labor's revolt is a stunning editorial, 'Wake Up, Mr. Taft,' in the newspaper of the brotherhood of railroad trainmen now being reproduced in labor papers all over the country.

The editorial opens the gate for rapprochement with the Republican party, and recommends Sen. Wayne Morse of Oregon as GOP standard bearer. Sen. Paul Douglas of Illinois is suggested on the Democratic ticket.

It's Mutual

Labor's business also had an effect on the 1950 elections where Democratic losses in the cities were heavy.

FACTS AND STORIES

(Continued from page 1) another horse. Evidently Adam did expect to shoe other horses, or at least to hope to. He later said that it was the quickest job of shoeing that he ever did in his life. The small son helped bring in wood and then pumped the forge for his father. Never once did the soldier offer to help with anything. He merely sat and glowered, pistol in hand and a constant threat in his eye. Griffin did a bit of prying and as he worked. He earnestly

hoped that no other soldier happened along—if they happened to be of a different political faith to his uninvited guest, there was sure to be gunplay. To make sure that he wasn't to be attacked from behind, in such an event, the blacksmith was likely to be the first casualty. A man can imagine a lot of things when death is breathing down the back of his neck, or so it is said. Fortunately for the Griffin posterity, nobody came, there was nothing to delay the work and the horse was newly shod in record time.

The officer examined the horse critically, walking the horse up and down the road a few times to make sure that he didn't limp, then appeared to be satisfied that all was as it should be. He ordered Griffin to face the wall and raise his hands. This the poor man did, fully expecting to be shot in the back as payment for his work. Evidently, however, the officer was merely protecting his own rear. He swung into the saddle, slipped his huge pistol into its holster, dug spurs into his steed and galloped away. Regardless of who he was, or what force he belonged to he had been poorly raised, for he never even bothered to say "Thank You."

Plan the Kitchen you've dreamed of -

THEN WIN THE KITCHEN YOU'VE PLANNED!

ENTER MY KITCHEN CONTEST NOW
 READ THE COMPLETE DETAILS BELOW

How many times have you said to yourself, "If I could do this kitchen over, the way I want it . . . ?"

Now you can design the kitchen you've dreamed about, with everything in it your heart desires, and win it, absolutely free. Plus \$1,000 in cash. Kitchen planning contest offers you chances at national prizes, and local prizes for Kentucky Utilities and Old Dominion Power Customers.

Of course you know what you'd like to have in your kitchen. All the newest equipment, cabinets, sink and dishwasher, the latest range, refrigerator, and even an automatic washer, dryer, and ironer. Would you like a breakfast bar? New lighting? Colorful walls and floor covering?

Then enter McCall's "My Kitchen" contest. There are 110 prizes. If you win a first prize your kitchen will be remodeled just the way you plan it, completely furnished with the equipment you select, at McCall's expense. Further, you'll receive \$1,000 in cash.

Start imagining what your kitchen could be. Then develop it as you visualize it. The room may be any size, new or old, in a house or apartment, owned or rented. But it must be where you now live or in a home that will be occupied by you no later than August 1, 1951. The kitchen must be available for remodeling on or after that date.

The March issue of McCall's contains the coupon which will bring you the rules

and the official, easy-to-fill-out entry blank. (Or you can pick up the coupon at your nearest KU or OD office.)

The entry blank will show you, step by step, how to present your ideas. You simply draw a rough plan of your kitchen as it is now. Then re-draw it showing how you would like to remodel it. You don't have to be an artist. Notice that there's a special contest for professionals. Your competition is other housewives.

First Prizes
 Amateur class*—\$1,000 and duplication of the prize-winning plan in the winner's own home.
 Professional class*—\$1,000 and duplication of the prize-winning plan in the winner's own home.

Second Prizes
 Amateur—\$400 Professional—\$400

Third Prizes
 Amateur—\$150 Professional—\$150
 Four Prizes for Students Only*
 10 Special Prizes—\$75 each
 40 Prizes—\$50 each
 50 Prizes—\$25 each

WHO MAY ENTER
 Anyone living in Continental United States or Canada, except employees of McCall Corporation, its subsidiaries and advertising agencies and the families of such employees. All entries must be made on the official contest entry blank.

*The rules concerning amateurs, professionals, and students as defined by McCall's shall govern; cf. March McCall's or official entry blank.

Even if you don't win a national prize you can still win one of the big KU-OD prizes.

Through the co-operation of McCall's, Kentucky Utilities Company, and Old Dominion Power Company, when you enter the McCall's contest, you automatically enter the KU-OD contest which entitles you to compete for additional prizes regardless of whether or not you win a McCall's prize.

*Entries from the 78-county area served by KU and ODP will be separated from

other entries AFTER they have been judged in the McCall's contest. These entries will then be re-judged to pick the winners in the KU-OD contest.

Prizes will be awarded—as listed below—to winners in this big contest-within-a-contest. So plan to enter the McCall's contest today; don't delay. Get your coupon from the March issue of McCall's, or from your nearest KU or OD office.

McCall's . . . for the complete official contest kit containing kitchen planning books, catalogs, booklets, folders, and official entry blank. If you obtain your coupon from your electric company office, you will also be given additional helpful material including a booklet on Planned Lighting and the Kitchenizer's Digest. This material is full of just the information you need to present your ideas, to help you make your dream kitchen into a miracle of attractiveness and usefulness.

No! Mr. Farmer

WE ARE NOT HIGH-PRESSURE DEALERS

You spend your good, hard earned dollars for Farm Machines and you have a perfect right to make up your own mind in your own way as to what brand of equipment you think will give you the best, longest and most satisfactory service for these dollars.

Of course we are in business to make money; but at the same time, we are in business to help you make money. If we both do not profit from a sale, we feel it is not a good sale.

We believe that International Trucks, Tractors and Farm Machines will last longer and do their job cheaper and better than any other make. We feel that you and your neighbors will agree with us on this statement.

International (McCormick-Deering) has spent over 100 years in developing and building quality machines. Many of their machines made one half century or more ago are still in use in our county. Rockcastle has had an International dealer for over 50 years.

International Machines are tested, tried and true. We carry an adequate stock of repair parts for these machines and have service men to make necessary repairs and adjustments when needed.
