COUNTY AGENT'S NOTES (Continued from page 1) crop starts only after the first green leaves hit the light. Thus this may be done. Lay off the furrows deep, five inches, but cover only half, or if potatoes cannot be planted until almost the end of the month, with just an inch of soil. When the tops have reached above the garden level, fill the furrows level.

Tomatoes will of course not be set before the end of the month, and that only in the extreme southern part of the state, but this is an important matter everywhere. Have you contacted your merchant to make sure he will have the control material, "copper" on hand against your needing it? The material comes in two strengths, .45% to .52% "metallic copper", for "wet" spraying, and .8% or 7% in ready-mixed dust. Wet spraying is much to be preferred to dusting with the "popgun" that is used for fighting the Mexican bean beetle. In fact, for dusting, only a crank duster will do. Have you gotten (or fixed up) your three-gallon knapsack sprayer? It's time.

Egyptian beets and Chantenois (or Imperator) carrots should be sown soon. So should Cauliflower (Snowball) and Caban brain Green Sprouting broccoli plants be set, if they've been overlooked.

Certainly a planting of beans

should go in, after mid-April. Tennessee Greenpod is a good variety, as it's early-maturing and hardy. Sweet corn should be started, too, and a good early sweet yellow sort is Carmel-cross. Planting the standard, Golden Cross Bantam, with it, assures a sweet crop program without a break.

Back to Tomato Blight, we dare not risk again losing our tomatoes, as so many did in 1950. "A word to the Wise" is GET READY.

ROCKCASTLE FACTS and STORIES

By RALPH GRIFFIN

There is just one more story of a legal hanging in our country, so we might as well get it behind us. Many of these happenings do not make for pleasant reading, nor does the recorded history for that matter. A very small volume would contain all the sweetest, light and stardust memories humans have emanated during our sojourn upon this planet. Rockcastle county is no exception to the general rule.

This is just one of waxing to you that if your sensibilities are easily affected you might do well to skip this story. Knowing a little human nature, however, we expect this introduction to make you more anxious to read the gory details. So let us proceed.

Some seven years after Tom Near was hanged before another crime was committed in the county which was considered of sufficient magnitude, to warrant a public hanging. The last legal execution in Rockcastle. Again the convicted man was a negro.

A group of boys and young men were playing marbles back of the Mt. Vernon railway station. The depot was a new thing and a gathering place for everyone. The occasional passing trains were a novelty and the boys didn't want to get far from the depot.

Meanwhile, the newly graveled surroundings made an excellent marble ground.

They were watching the game. This passive occupation did not interest him for long, so he began to entertain himself by kicking the marbles. He was asked to stop several times, but he kicked the wrong marble; it was thrown to Joe Taylor.

Joe loved Design so roughly that the other man felt, when he regarded the test he had a rock in his hand. He threw it forcefully and was so unfortunate as to hit the young negro in the stomach. Dan saw his mistake and was sobered enough to halt running.

Someone must have slipped a pistol to Taylor, for it was likely that he was able to afford one. Anyway, he had it, and was running after the fleeing man just as soon as he could get his breath.

Design ran behind a haystack, just now, where he hid. Taylor followed and shot, but it was over in a few moments. The older negro lay dead and the younger was arrested and sent for murder.

In any other period of country history he might have gotten by with a light sentence, particularly if his victim was white. But what was Taylor, having a perfectly good gun, standing around doing nothing?

There were many such opportunities for a Koman here and only a super-conscious jury would have muted it.

Taylor was convicted of murder in the first degree, sentenced to be hanged by the neck and dead, dead and with the expressed hope that God might have mercy on his soul.

He was sentenced to legal time in the same little calaboose which had nudged Tom Pearl. Upon the appointed day he played to a full house, being seated upon his coffin and paraded thru town upon a tumbril before being hanged upon the gallows to the edification of the assembled throngs.

Said Judge C. C. Williams in later recounting the event: "I knew Joe well and had played with him many times. He was older than I and there was a strong bond of friendship between us."

"I was standing within a few feet of the gallows when he was hanged. He was rather tall and when the wagon was driven from beneath him his feet touched the ground. He attempted to end off death by tip-toeing. The sheriff pushed him off the ground and over the sloping edge of the embankment upon which the gallows stood. For ten minutes or more he held him there while he struggled and slowly strangled to death. It was terrible—horrible—I have never forgotten it and can never forget it so long as I live!"

IN MEMORY

In memory of George W. Frederick, who departed this life April 4th, 1943.
Time has come and gone since my darling husband was called beyond. Seems like yesterday we had let you go, but sad how sad these years did roll. Dear George, how I miss you no one will ever know, but those who have had to give up their loved ones, what it is to be so alone in this world. Any way I turn or look I see something to remind me of you. Dear, but Darling I know you are so happy. Seems like I see you smiling through the heavenly skies upon me. Darling, I can only bear this grief here until God reunites us together. He says we shall sleep, but not forever.
In my heart you are missed so sadly by your wife, Mrs. Maggie Frederick.

IN MEMORY

In memory of my Dear Uncle (Gosh) George W. Frederick. Who said to see you had to go, but Uncle George I hastened to your bed side. I remember you suffering, my mother and I gave you our friendliest care. In my heart you'll always be remembered. I miss seeing you when I visit the old home town.
I miss you sadly. Your Grand-niece, Mrs. J. R. Badger, Jacksonville, N. C.

IN MEMORY

In memory of Our Darling Father, George W. Frederick, who left us so lonely eight years ago.
Had God just spared you a while longer with us Dear Father, how thankful we would be, but it was your time to answer at the roll call in heaven when Jesus called your name. Oh, how we miss you. Your beautiful smiling face and that sweet smiling hair. You were so kind to us children. You were always ready to make sacrifices for us anytime. In God we trust to meet you.
Your Children.

IN MEMORY

In memory of Our Dear Grandfather, who departed this life April 4th, 1943.
Eight long years have passed since you were called away. So fast you hardly had time to say goodbye to us. We loved

you so much, Grandpa, but God loved you, too. So you answered his call. The Bible tells us God so loved the world he gave his only begotten Son. So you see, Grandpa, we had to give you up and we'll be waiting for our call to meet you.
Sadly we miss you, Your Grandchildren.

IN MEMORY

OF MY DEAR HUSBAND
One year ago dear Arson You so gently passed away I tried so hard to save you But you could no longer stay. The lovely things you did for me
Live in my heart today And keep you near and dear to me
Though you have passed away Life is empty here without you Days and nights are longer, too Your dear hands were always ready to help me
Some good and noble deed to do. They say time heals broken hearts
But oh it seems untrue One long year has slowly passed My heart still longs for you I'm so happy home we once enjoyed How sweet your memory still
And death has left a vacant chair
That none in this world can ever fill
When our toilsome days are over And we shall lay down to rest We shall know our heavenly Father
Doeth all things for the best Sleep on darling husband I see you here no more But with God's help I'll meet you
On that bright happy shore.
A lonely wife,
Mrs. Mollie Lawrence

How AMERICA PREPARES WITH ELECTRIC POWER

POWER FOR MILITARY NEEDS!
ELECTRIC POWER IS READY FOR BIG NEW DEFENSE PRODUCTION, AS WELL AS CIVILIAN USES. AMERICA'S BUSINESS-MANAGED ELECTRIC LIGHT AND POWER COMPANIES HAVE SCHEDULED THE INSTALLATION OF 30% MORE POWER BY 1953 FOR STILL GREATER PRODUCTION.

2 3/4 BILLION KILOWATT HOURS ANNUALLY

WHAT'S THE CAPABILITY OF THE STEAM ELECTRIC PLANTS EITHER BUILT BY KENTUCKY UTILITIES COMPANY SINCE 1945, OR PLANNED FOR COMPLETION BY THE END OF 1953.

THE NEARLY \$90 MILLION SPENT AND A-SPENDING DURING THE SAME PERIOD BY KENTUCKY UTILITIES FOR NEW PLANTS AND POWER LINES HAVE COME FROM THE SAVINGS OF INVESTORS -- NOT FROM THE TAXES YOU PAY THE GOVERNMENT.

HALF OF ALL THE POWER IN THE WORLD!

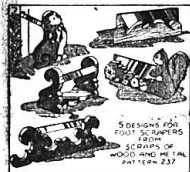

| UNITED STATES | EUROPE | RUSSIA | REST OF WORLD |
|---------------|--------|--------|---------------|
| 50% | 25% | 15% | 10% |

AMERICA'S GREAT INDUSTRIAL STRENGTH RESTS ON ELECTRIC POWER -- CLOSE TO HALF THE WHOLE WORLD'S SUPPLY. THE ELECTRIC LIGHT AND POWER COMPANIES HAVE STEADILY INCREASED THE POWER SUPPLY TO MEET GREATER AND GREATER DEMANDS.

ELECTRIC HIGHWAYS CONNECT 46 STATES!
TO BE READY FOR EMERGENCIES -- AND FOR BIG POWER NEEDS OF DEFENSE PLANTS -- MOST U.S. ELECTRIC COMPANIES ARE CONNECTED SO THEY CAN SWITCH ELECTRICITY FROM PLACE TO PLACE. YOU COULD TRAVEL INTO 46 STATES WITHOUT EVER LEAVING THE BIG POWER LINES!
