 How Do You Use Power?  
 Lesson: 1 Kings 1: 38-40; 3: 5-9  
 8: 27-30.  
 Golden Text: Proverbs 3: 5-6.  
**AFTER** the death of David, the young Solomon, who had been named by David, under the influence of Bathsheba, Benhadad and Nathan, to succeed himself on the throne, was made king of Israel, with great pomp and ceremony. When he was anointed king, all the people shouted "Long live king Solomon."

Soon thereafter, when Solomon went to worship at Gibeon, he earnestly sought divine help. God appeared unto him and asked what his request would be. Solomon asked for wisdom, for an understanding heart, that he might govern his people well. Hence arose the statement that Solomon was the wisest man who had ever lived, a statement that was simply verified as some of the decisions that he made. This fame of Solomon went abroad, so that the queen of Sheba "came from the uttermost parts of the earth to hear the wisdom of Solomon."

That Solomon grew in his spiritual perceptions was shown in his prayer at the dedication of the temple, a prayer in which he recognized the might and omnipresence of God, that he realized that God would condescend to come into the temple, to write his name there, and to hear his people in their needs.

Solomon thus, in his early life as king, was an example of the right use of power. Let us learn to use, by the help of God, every gift he makes to us, for his glory.

**TO ATTEND MEETING**  
 S. J. Parsons of Wildie and Henry Brown of Quail will represent Southern States Cooperative members in the Wildie and Mt. Vernon area at a meeting in Abingdon, Virginia, on Tuesday, October 7, 1952, to elect a member of the Southern States Cooperative's Board of Directors from this district. W. L. Hiatt of Wildie and William J. Norton and Wayne Stewart, both of Mt. Vernon, managers of the local Southern States agency will also attend.

Approximately 150 persons, including the official delegates, local board members and Agency managers are expected to attend the meeting which will begin in the morning and will include luncheon and an afternoon session. Each official delegate will have one vote in the election of the member to the Board of Directors.

The elector chosen at the Abingdon meeting will be confirmed at the Annual Meeting of the Cooperative on November 8 and 7 in Richmond, Va. The program for the Abingdon meeting will include an address by L. E. Raper, Director of Membership Relations for Southern States, a talk by J. T. Jenkins, Jr., Assistant Director of Southern States Information Publications Service, and "Your Cooperative is Different" and a discussion period.

J. H. Eller, Southern States district manager in the Southwestern section of Virginia, will be in charge of the meeting.

**GEORGE BONER OF BEREIA DIES**  
 Funeral services for George W. Boner, 68, Berea attorney who died at his home of a heart ailment Sunday, were held today at 2 P. M. at the Rominger Funeral Home with the Rev. Albert Sweazy, pastor of the Berea Methodist Church officiating. Burial was in the cemetery at Wilmore.

Mr. Boner had been prominent in Madison County Republican politics. He was a member of the Kentucky Bar Association, the Markersbury Baptist Church and the Masonic Lodge at Nicholasville. Survivors include his wife, Mrs. Emma Lou Boner, one son, Ewald S. Boner, Oak Park, Ill., and two brothers, Alfred Boner, Tulsa, Okla., and Speed F. Boner, Las Vegas, Nev.

**ENROLLMENT AT UK CLIMBS TO 5,562**  
 Final figures released last week at the University by Registrar Richard L. Tutbill showed that the University's official fall enrollment is 5,562. The final enrollment figure includes 5,148 students who registered for classes on the Lexington campus, 118 who will study at the UK College of Pharmacy in Louisville and 296 who are taking work at the University's Northern extension center at Covington. In addition, 5,562 persons who enrolled at Lexington, Louisville and Covington, 241 students registered to take off-campus classes being conducted at other towns in Kentucky.

**SPEECH AND DRAMA CLINIC SET AT UK**  
 Approximately 200 high school speech teachers, principals and superintendents from throughout Kentucky are expected to attend the University of Kentucky's annual Speech and Drama Clinic Friday and Saturday, Oct. 10 and 11, on the UK campus. The two-day event is sponsored annually by the UK Department of University Extension; the University's Department of English and the Kentucky Speech Teachers Association. Chief function of the affair is to bring speech and drama educators together to discuss the University's Drama Festival, slated for next March. Among guest speakers for the clinic will be Dr. Paul Carmack, director of forensics at Ohio State University, Columbus, O.

**HERE ARE SOME WAYS TO SAVE FALL PIGS**  
 With the fall-farrowing season at hand, Grady Sellards of the UK College of Agriculture and Home Economics discusses ways to save pigs. The first three days, he notes, is the most critical period for a pig. If he lives for three days he probably will get along all right. Some points made by Sellards—  
 Farrowing crates are being widely used by hog-raisers. They are not difficult to make and are almost insurance against pig losses. The sow should be kept in the crate 10 days to two weeks. See a county agent for plans.  
 Heat lamps help save pigs. A lamp can be hung over the corner of the farrowing pen,

fenced off to keep the sow out. A pig hovel is still better. A hovel can be made by cutting in two a metal drum. A door can be made at the bottom 6 by 8 inches and a hole put in the top through which a rubber socket can be suspended. A 150 watt bulb furnishes enough heat. Use hovers a few days a week, reducing the heat gradually.

Guard rails protect pigs from being mashed by sows. These should be 8 inches high and 8 inches from the wall around the farrowing pen.  
 Another aid to saving large litters is the sloping floor in the harrowing pen. It should slope an inch to the foot. Such fees for his ten months of study. A floor is especially valuable for use in connection with crates to protect pigs after sows have been taken out of the crates. Where the floor is sprayed by plane in one month,

**HEIDELBURG YOUTH WINS AWARD AT UK**  
 Fritz Diehl, A 23-year-old graduate of Heidelberg University, Heidelberg, Germany, who as a teen-ager during World War 2 was a "front holder" in Germany, arrived on the University of Kentucky campus last week to begin graduate study in chemistry made possible by a year's scholarship to UK. As recipient of a scholarship offered annually by the University to a foreign student, Diehl will receive \$1,000 and travel fees for his ten months of study. A floor is especially valuable for use in connection with crates to protect pigs after sows have been taken out of the crates. Where the floor is sprayed by plane in one month,

**NATIONAL COUNCIL OF CHURCHES**  
 Never before in Protestant history have so many people gathered together in local interchurch services at one time and for a single purpose as on Tuesday night, Sept. 30, concluded Rev. H. Leroy Bringer, of the National Council of the Churches of Christ in the U. S. A., here today.

The occasion was the publication of the new Revised Standard Version of the Bible with a million copies going on sale and the holding throughout United States, Canada and at military and naval States Cooperative members in the Wildie and Mt. Vernon area at a meeting in Abingdon, Virginia, on Tuesday, October 7, 1952, to elect a member of the Southern States Cooperative's Board of Directors from this district.

**WHATEVER CROP GROWS HERE**  
 Grains, grasses, field row crops, vegetables—whatever is planted in this mellow, weed-free seed bed, the new Farmall C Tractor with Touch-Control will be on the job. The Farmall C is shown here with the McCormick No. 10-A Disk Harrow.

**THE FARMALL C WILL BE THERE, ALL THE WAY!**  
 For the Farmall C delivers practical 5-way power: (1) at the drawbar, for pulling trail-behind machines; (2) at its mounting pads, for pushing forward-mounted implements; (3) at the belt pulley; (4) at the power take-off; (5) at the Touch-Control power arms for raising, lowering and regulating mounted implements by hydraulic power. All at surprisingly low operating cost!

Available for the Farmall C is a full line of matched, quick-change implement units. New and simple in design, each low-cost implement mounts on the tractor to form a compact operating unit. Rare-ordered implements, likewise, are quick-change.

Implements for the Farmall C are under the complete, 2-way hydraulic control of the Farmall Touch-Control. The Farmall C pulls one 16-inch or two 12-inch bottoms; cultivates two rows of wide-planted crops. Ask for full information.

**WHAT A WONDERFUL WAY TO FALL ASLEEP!**  
 Dial the warmth. Turn it on. And then just relax. It's as simple as that... when you use an automatic electric blanket. The dial on the bedside control gives you a selection of temperatures... not too cold, not too warm... but just the way you want it for comfortable sleeping.

Once you turn the blanket on, the warmth you select stays the same all night long, regardless of the room temperature.

And this one blanket is all you need. Cost to operate? It is less than two cents a night for electricity. That's real economy!

MT. VERNON'S OWN COMMUNITY IN TEXAS

Randolph A. F. Base, Texas boost six Mt. Vernon residents... they are: Lieut. R. E. Robinson, A3c Robert Cromer, Sgt. Lee Roy Stokes, A2c Alfred Cummins.

ical, say food specialists at the University of Kentucky. Liver - Beef Loaf 1/2 pound liver 1/2 pound ground beef 1/2 slices onion 1 medium onion 2 eggs 1/2 salt Dash of pepper 1/4 t marjoram 1/4 c dry breadcrumbs 1/4 c liquid 1/4 c catsup or tomato soup. Cook liver slowly for 5 minutes in water to cover. Save liquid. Lettuce may be used for chopper with bacon and onion. Add ground beef, beaten eggs, seasonings, crumbs and liquid. The latter may be in liquid in which the liver was cooked plus milk, tomato juice or tomato soup. Mix thoroughly. Pour the catsup in a well-greased loaf pan. Pack meat mixture over the catsup. Bake in moderate oven, 350 degrees, for 1 hour. Serves 8.

RECIPE OF THE WEEK

Beef, pork, lamb and veal liver are exceptionally high in important food values. Pork liver rates especially well, and in addition is the most economical.

POTATOES are a versatile food. A few people have heard of them served stewed! Melt 4 tablespoons of butter slowly in a skillet. Add 2 potatoes, peeled and sliced, then 1/4 cups milk and salt and pepper to taste. Cook covered, slowly, until potatoes are tender.

Sliced orange garnish makes good eating with lamb. Sprinkle them with brown sugar, salt, pepper and dust lightly with curry powder and broil. When next you make cream puffs or eclairs, add some finely sieved banana to the vanilla cream filling. This gives you a novel flavor treat. Sweeten your next batch of applesauce with maple sugar or cornmeal griddle cakes. You'll like strips of bacon to go along with these. Chocolate and orange are unusual but welcome team mates. For your next chocolate cake, chocolate...

RECIPE OF THE WEEK

Cranberry Ribbon Loaf (Serves 8) 1 1/2-pound can whole cranberries 3 tablespoons lemon juice 1/2 pint heavy cream, whipped 1/2 cup confectioners' sugar 1/2 cup chopped nuts 1/4 cup crushed, drained pineapple. Cranberry sauce and lemon juice. Pour into refrigerator tray. Blend together remaining ingredients and place this over cranberry sauce. Freeze until firm. Serve in slices as salad or dessert.

olate-frosted, grate some orange rind on top and listen to the call for second helpings. In place of parsley as a garnish, use the parsley in the food prepared and see how much zest it adds to simple dishes. Chop 1/2 time for hamburgers, salad dressings or biscuits. Shrimp a la king can be prepared the same way as you do the famous chicken dish of the same name. Serve on a bed of well-seasoned peas, or, if desired, on a bed of rice mixed with peas. Lime frosting on a white cake does wonders in color and taste appeal. Use a package of cream cheese (3 ounces), 3/4 cups confectioners' sugar and 1/2 cup lime juice. If you like, add 2 tablespoons grated lime rind and mix until smooth.

## Communist Prisoner Tells Dramatic Story

Country Editors listen with abated breath to Robert Vogeler's story of imprisonment. Retire entertains newspaper men in grand style.

The highlight of the Country Editor's Convention held at Reno Valley last week was the dramatic story by Mr. Robert Vogeler, as he unraveled the events of his imprisonment in Communist Russia. When he told that story it wasn't given in any dramatic manner; that is, he didn't make many gestures, but his voice and the content of the story was enough to make the chills run

his treatment that he received when he was about his duties in Romania and Hungary and the other countries under Russian domination. He was trying to save the subsidiaries of the telephone company for which he worked. He had to deal with the communists. But he was deliberately suspected as a spy. He was shadowed, and finally arrested and accused falsely. He was put in

Cpl. Peyton E. Hayes of Liberty, Kentucky. He is now in Germany. There has been a July. Before entering military service he was employed in Cincinnati for the Cambridge Tile Co. His wife, the former Bobby Jean Proctor now resides at Wilda. He hopes to be discharged from service next April.

### ANNOUNCEMENT

To the Voters of Educational District No. 5, composed of East Mt. Vernon, Green Hill, Cruise Ridge, New Scaffold Lane, Tanyard, Wildie and Conway, I am a candidate for re-election for member of the Board of Education.

For more than four years I have served you people as your Board member and during that time I have done everything I could to make our schools better. If I am re-elected I will continue to serve you to the best of my ability. I wish to thank all the people in my district for not giving me any opposition four years ago, and I certainly will appreciate anything you may be able to do for me in this race. I want to see as many of you as I can between now and the election.

Nathan Clark, 1119

### ANNOUNCEMENT

I am a candidate for re-election for a member of the Board of Education of District No. 2, composed of the following precincts:

East Broadhead, West Broadhead, Brown, Freedom, Pongo, and Bullock.

I have served you four years and during this time I believe there has been more improvement in our school system than during any other previous administration in the history of our county. We have bigger and better high schools, better rural schools, and our bus service for the children of Rockcastle County has doubled in the last four years. In general our one and two-room school houses are in better condition than ever. We were four years ago, and the school system has been added and in general the whole school system has been greatly improved.

Signal Mr. Henry Owens, my opponent, made the statement he was not a candidate for any one in particular. I would like to ask Mr. Henry Owens these questions:

Why is Burgess Robbins telling the voters of your district that a vote for you is a vote for him for Superintendent?

Why did Burgess Robbins dismiss school on the last day for filing and secure signers on your petition for the same?

Why is Burgess Robbins telling different ones that he has 3 candidates running to put him in as Superintendent?

If you are not for Burgess Robbins why don't you make a statement to the people that you are opposed to him for Superintendent? The people deserve to know who you will vote for as Superintendent. Do not evade the question. Give the people a direct answer.

Knowing the record of Burgess Robbins as I do I don't blame Mr. Owens for denying

I earnestly solicit your support. Respectfully yours, John Ephraim Harris.

Mr. and Mrs. Herbert Coffey entertained with a Six O'clock dinner on Wednesday night, the following: Mr. and Mrs. Robert Coffey and son, Donald, daughter, Bobbie, Mrs. Gatie Coffey, Mrs. M. M. Robertson and Mr. Jess Fish.

### PROF. WEAR MAKING STUDY OF SCHOOLS

Pat W. Wear, professor in education at Berea College, has been invited by the county superintendent, Mrs. Neureul Miracle to make a complete study of the school system of Rockcastle County for the purpose of coordinating all the possible resources available that will do something towards better rural schools. Prof. Wear comes here without any expense to the county except that transportation be available to him from one school to another. Professor Wear will spend an indefinite time in the county working with the superintendent and teachers. He anticipates to visit every school not only once, but several times if need be.

Prof. Wear is a specialist in education. He is a graduate of Murray where he was the editor of the college paper. His father and grandfather were newspaper men and one of his brothers is now connected with the state paper.

The state department of education requires that every county that has emergency teachers, must hire a supervisor. Rockcastle County has at least 30 such teachers. Rockcastle County being unable to secure such a supervisor, Berea College offered to supply the need. The state department of education readily approved the plan.

### Rev. Devine To Speak At Revival

The Reverend C. W. Devine will be the evangelist at the revival to be held at the Mt. Vernon First Baptist Church beginning on October 13 and lasting to the 24th. Services will be held at 7 A. M. and 7 P. M. daily. Reverend Devine has served for four years as pastor of the Scottsville church and is well known for his work with young people and his evangelistic messages. Everyone is cordially invited to come to any or all of the meetings.

### To The Voters Of Educational District 2

To the voters of Educational District No. 2, composed of West Broadhead, East Broadhead, Brown, Freedom, Bullock, and Pongo.

I want to state now, as in my opening announcement, that I am running on my own free will and not obligated to any certain person. Regardless of what some people are saying in this district and other districts, getting me to run is not true. I am not running to be hired, but I am running to be elected. I shall try to see many of you as possible before the election, and discuss the issues with you. We are children need the best education possible. Since the money is limited for schools, we should make every dollar go as far as we can.

Knowing the record of Burgess Robbins as I do I don't blame Mr. Owens for denying

I earnestly solicit your support. Respectfully yours, John Ephraim Harris.

Mr. and Mrs. Herbert Coffey entertained with a Six O'clock dinner on Wednesday night, the following: Mr. and Mrs. Robert Coffey and son, Donald, daughter, Bobbie, Mrs. Gatie Coffey, Mrs. M. M. Robertson and Mr. Jess Fish.

### SENIOR CLASS NEWS

The Senior Class wish to express their appreciation to the people who are advertising in our annual.

We are now selling subscriptions to magazines. Stop a second now and buy a subscription today. Then you can say you had a part in sending the Seniors to Washington.

### Cpl. Charles Ray Proctor

who is now in Korea. He has been there since last May. He is stationed in the front firing line. He has two more years of military service. Cpl. Proctor is the son of Mr. and Mrs. Abbie Proctor of Wildie.

### ANNOUNCEMENT

I wish to announce that I am a candidate for re-election as a member of the Rockcastle County Board of Education to be voted on in the general election Nov. 4th. District No. 5 is composed of the following precincts: Mullins, Orlando, Powers, Red Hill and Pleasant Run.

Anything you can do for me will be greatly appreciated. I solicit your support.

Mrs. Dannie Mullins.

### TO THE CITIZENS

DO YOU WANT ROCKCASTLE COUNTY TO HAVE A HOSPITAL? VOTE YES in the November election. Often emergencies occur when a few minutes saved would mean the difference between life and death. Hospitals in surrounding counties are overcrowded. A HOSPITAL in our county would enable all of our people to have good medical attention.

YOUR COUNTY FARM BUREAU believes that this county is in need of a HOSPITAL, and they want each one of you to VOTE YES for the bond issue when you vote in November. No one knows our needs better than we, ourselves know. We are sure you agree with your Farm Bureau Director that a HOSPITAL is badly needed in our county if we are to have the medical attention which all people of the county need. The answer is obvious. You and I (the people of Rockcastle County.) If we don't, it will not be done. No one is going to do the job for us.

We can solve our own problems and supply our own needs if we all help. We can have a HOSPITAL if we want one and I'm sure we do. There are just two simple things you must do to get a hospital:

1. VOTE YES for the bond issue when you go to the polls NOVEMBER 4TH.

2. Convince every VOTER you know that he or she should vote YES for the BOND ISSUE NOVEMBER 4th.

## County Holds 28th School Fair

Many visit School Fair where fine exhibits were displayed.

Rockcastle County held its 28th School and Agricultural Fair last Friday and Saturday at the local high school building. Although the exhibits may not have been numerous as in other years it was the opinion of those who went there that the quality of the exhibits was one of the best. No doubt the summer drought did cut down considerably in the production of certain kinds of vegetables while in some departments there was a plentiful supply.

Responsible for the fair were a great host of workers whose preliminary plan in a began months ahead. Robert Spence and Mrs. Letta Jasper bore the crux of the responsibility for the county and home demonstration agent. As a result the managers of the fair was Supt. Clyde Linville. Others on the committee were:

Margaret S. McHargue, Sec. N. M. Smock, Treasurer, Bradley Saylor, Jess Fish, Seniors, Stokes, Claude McHargue, Herbert Thompson, Wayne Stewart, Mrs. Neureul Miracle, Bill Norton, Mrs. Letta Jasper, Mrs. Audrey Smith, Bruce Mayhew, Roy Brown, and Mrs. John Allen.

Those responsible for the various departments were Jess Fish for field crops, Bruce Mayhew for garden and fruits, Bill Norton for livestock, Kenneth Stewart for poultry, Wayne Stewart for Farm Shops.

Mrs. Letta Jasper had the Home Department, Mrs. Audrey Smith the Home Economics, Claude McHargue the Wild Life Conservation and Mrs. Neureul Miracle the school.

Attendance at the Fair was good. Probably the best attendance was on Saturday afternoon.

In the livestock department the grand champion of the beef and dairy animals went to Bradley Burdette for best beef cow, Teddy Brock won the best beef calf, William Bullen the best dairy cow and Clyde Sutton the best dairy heifer.

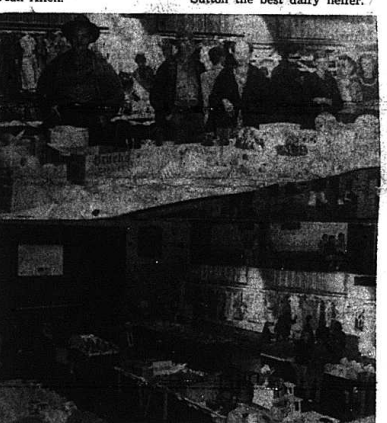

On the finance committee, Mr. N. M. Smock was the chairman. Working with him were Clyde Linville, Roy Brown, Clay Geese, Robert Thompson, Bill Norton, Wayne Stewart, James E. Baker, Roy Turner, John L. Saylor, Bruce Mayhew, Robert F. Spence, Bradley Saylor, John Houston, and Elmer Anderson.

### McClure Twins Win Twin Washer

Mr. and Mrs. Oscar McClure who were the parents of twins born to them on September 23 were awarded the prize of a Westinghouse Launderer, mat which was offered to the parents of whom twins were born on that particular day. One of the twins has since died but the Westinghouse sent a telegram last Tuesday to the Mt. Vernon Hardware stating that the Launderer-mat will be shipped to them and they in turn give it to the McClure family. The McClures live just out of Mt. Vernon.

It is reported that the Westinghouse Company expects about 50 sets of twins to be born in the U. S. that day, but

### Chicken Legion Gives Chicks Bar-B-Q

Members of Veg Brown Post 120, American Legion will receive a Free Chicken Bar-B-Q at the expense of the Post. To start off the membership drive for the coming year.

The Bar-B-Q will be held at the Mt. Vernon High School on Friday night Oct. 10 at 8:30. Members of the post may bring one guest, and are asked to let Floyd L. Owens or Bernard Mitchell know as much in advance as possible if they plan to attend. R. H. Hamm, Commander of the Local Post says there are to be no speeches and hopes that as many American Legion members as possible can attend.

### JAIL BREAKER IS APPREHENDED

Sampson Sandusky, Jr. who escaped jail here on Aug. 19, was apprehended this morning as he attempted to report for a physical examination at the local court. Policeman Clifford Pittman—and father, M. W. Sowler took him in. Sandusky is charged with robbery of M. C. Sowler last spring.

## TO THE VOTERS OF Rockcastle County

Since The Mt. Vernon Woman's Club was organized in 1909 Public Health has been recognized as one of our most important and essential departments. We have consistently worked in cooperation with all County Health Programs.

This year the theme of all Kentucky Federated Women's Clubs is "Community Service." As a group working for the progress of Rockcastle County we believe that a Hospital is essential to such progress. We unreservedly endorse and support the ballot for the construction of a hospital.

The scene of the wreck that happened last Monday forenoon on U. S. 25 about a mile north of Mt. Vernon near the Standard Service Station. The car in the picture is a Buick owned by W. C. Asher of Barbourville. In the car were Mrs. W. C. Asher and her daughter Charmaine. Another guest was also in the car. The Asher car going north attempted to pass a string of cars going in the same direction, when another car going south, driven by E. O. Fox of Chicago suddenly appeared around the curve. There was a head on collision with the result that both cars were wrecked. Mr. Fox received a few bruises about the face. The Asher family were taken to Dr. Griffith's office where first aid was administered. A badly sprained ankle was the most serious injury. Miss Asher who is a confectioner was to appear in Lexington and Richmond for concerts.

IS THERE A TRINITY? By A Witness of Jehovah

Reed Jasper
'Is there a trinity? Let the word of God answer the question. Yes, let God be true even though it make all men liars. (Rom. 3:4) There is One God and One

Mediator between God and man the man Christ Jesus who gave his life a ransom for all to be testified in due time (1 Tim. 2:5-6)

For though there be that are called gods whether in heaven or on earth, as there be gods many and lords many, but unto us there is but One God, the Father of whom are all things and we in him, and One Lord Jesus Christ by whom are all things and we by him. (1 Cor. 8:4-6)

The Head of Christ is God. (1 Cor. 11:3) Whose name alone is Jehovah. (Psa. 83:18)

Jesus said when praying to his Father, 'I have manifested thy Name unto the men whom thou gavest me out of the world, thine they were and thou gavest them to me and

they have kept thy word. (St. Jn. 17:6)

I have declared Thy Name and will declare it that the love wherewith thou hast loved me may be in them and I in them. (St. Jn. 17:26)

My Father is greater than I. (St. Jn. 14:28) Jesus said I have not spoken of myself, but the Father which sent me gave me a commandment what I should say and what I should speak. (St. Jn. 12:49)

So the main purpose of Jesus first coming was the glorification of His Father's Name and Universal Sovereignty by preaching the gospel of the Kingdom of God. (St. Jn. 17:4)

The secondary reason for the coming of Jesus Christ was to provide a perfect sacrifice and sin offering in behalf of those who believed and obeyed. Jesus said, 'I came that they might have life and have it more abundantly.' (St. Jn. 10:10) (Heb. 7:22-28)

Jesus came to present Himself as King of a New World, or the Kingdom of God but was rejected by the chief priests scribes and the Pharisees. (St. Jn. 19:14-15)

Jesus came as our High Priest and Mediator through whose blood we may obtain mercy upon the mercy seat of Jehovah and through Jesus art the Most High over all the earth. (St. Jn. 17:4)

It came to pass as Jesus was praying that one of his disciples said unto him, 'Lord teach us to pray.' Jesus said unto them, 'When you pray say, Our Father which art in heaven.'

Jesus said, 'Verily, verily I say unto you whatsoever ye shall ask the Father in my name, he will give it to you. (St. Jn. 16:23)

As Jesus prayed unto the Father Jehovah we also address our prayers to the Father in the name of His Son Jesus Christ that the Father might be

glorified in the Son. (Luke 22:42) (St. Jn. 14:13)

# Red COMEDIAN

By Lorin D. Angevine

A PAGE wearing a crimson coat stepped out on the stage and removed from an easel the placard that had announced the previous act. He substituted another. The new one read:

**HARRY MARLOWE**  
Blackface Comedian

The audience applauded in anticipation. He shuffled slowly from the wings, dragged a kitchen chair behind him. He was short, heavy set, with a dolent expression on his round face. A battered derby rode rakishly on his head. There was a cigar drooping from his mouth.

At the center of the stage he tilted the chair and stood leaning on the back of it, his feet crossed. He didn't say anything. He removed the cigar and stared at it distastefully.

The audience giggled. They knew Marlowe from way back. He got the big laughs largely by doing nothing, except giving the crowd confidential and inaccurate information about the private lives of the other trouper on the bill, and shaking the crowd when it laughed or applauded.

But tonight he finally looked up slyly and rumbled, "Hello folks. In a familiar grave voice."

"Maybe I shouldn't be out here tonight," he went on, his heavy features glistening with "grease paint and cork."

The big fellow paused and seemed to forget the audience. He felt his cigar. "You folks paid out your good money, partly to laugh at me. The world needs a lot of laughs. He sighed deeply and sadly. "I'm sorry," he resumed slowly. "I guess I got you here under false pretenses this time. You see, I can't be funny tonight because . . . well . . . she."

He brushed impatiently at his eyes where tears had started, thereby smearing his make-up. "I . . . she and I were like that," he went on, his voice choking. He crossed two stubby fingers to show

how they were. "She uses to work with me in Nashville. We were a team—and a good one . . . I could show you a lot of raw notes . . ."

Again he paused. For a moment he stared thoughtfully at a corner of the upper gallery, unblinking in the glare of the spotlight.

"Yeah," he said, coming back from wherever his thoughts had been. "Yeah, that was a long time ago, before she . . ." Again his low, rumbling voice broke and faltered. "What I mean, that was when she was well . . . Then she had to quit, and so the act broke up, and I had to go it alone. Well, not alone, either, for she was always waiting up for me, no matter how sick she was. Always waiting to know how the act went over."

"Doctors? Oh, I had the best for her."

Somewhere in the darkened orchestra circle a woman began to sob.

"Well," said the melancholy funny man, starting at his cigar. "This afternoon—just a few hours ago—she died in my arms. So—" He flaked ashes off the cigar—"that's the way it is. I'm sorry. Like I said, I shouldn't have come out here tonight."

"Wait!" shouted several voices out there beyond the footlights. More women were sobbing now. The big, blackfaced comedian lightened a little.

"Well," said Marlowe, "maybe it's all right then, my bet's here tonight. Maybe it's where she would have wanted me to be."

He tested the battered old kitchen chair thoughtfully back and forth.

"Maybe," he said, "some of you remember Harry Marlowe (that was her name) was in the act with me. She was one of the best dog performers in the world. . . . Thanks a million. Good night."

Harry Marlowe shuffled slowly off stage, dragging the chair behind him.

debri's burning before 4:30 P. M. during October 8th. A number and December 50 fires have burned 630 acres on the National Forest so far this year.

Borden called attention to the results of a study made by the Forest Service, TVA, Kentucky Division of Forestry and University of Kentucky, showing that 45 per cent or 11.4 million acres of the State is commercial forest land containing 24.7 billion feet of saw timber.

While growth averages 104 feet and the cut is 84 feet per acre, per year, cut of high quality hardwoods is more than the growth by nearly 50 per cent. The growth could be doubled if forests were well managed.

Rangers from the Cumberland National Forest have just returned from a meeting at Douthat State Park, Clifton Forge, Va., where training was given in the proper methods of fighting large forest fires.

Rangers Campbell, London; Meekins of Williamsburg and Keen of Stearns, Assistant Supervisor Sipe of Winchester, made the trip. 60 men from 7 State forestry agencies and 3 National Forests participated.

The U. S. Department of Agriculture exhibit at the recent Kentucky State Fair at Louisville was visited by about 15,000 persons. Henry Sipe of the Cumberland National Forest is speaker at 11:10 on "Development Tasks."

Answer to Puzzle No. 500

STANDARD OIL COMPANY

### First Local man many visitors meet

Visiting motorists often form their first impressions of our town from this man . . . and because of his desire to be of service, it is usually a good one.

He's done as much to boost his community as almost anyone you can mention. His judgment and directions to local stores, hotels, and places of interest is constantly sought, and his recommendations send a stream of customers to local businesses.

At the service of motorists during fair weather or foul, he's the man who changed a word in our vocabulary. A man who by his eagerness to serve, taught the motorists of the South that he operates not a "filling station"—but a Standard Oil service station.

## RAMBLINGS

A rambling article is getting to be very commonplace. At least three such accidents happened during the past week on the trading area of this community. Two cars were completely destroyed by fire. This accident happened near the junction of U. S. 25 and U. S. 42 north of Berea. Another tragedy happened near Crab Orchard and the third one here at Mt. Vernon on Monday.

The accidents happen when just expected. Sometimes they do occur to the most alert and careful drivers, and yet for the most part are due to mechanical defects. The human element plays the major role. Most of us are guilty of driving too fast, or passing cars on hills and curves or put on brakes on slippery pavement. There are many factors that can cause an accident.

With the increase of travel on U. S. 25 there is need for all of us who drive to be constantly on guard and help prevent tragedy.

It was a very pleasant experience to see the many fine exhibits at the School and Agricultural Fair. Here were displayed of innumerable articles, garden vegetables, grains, tobacco, baked and canned goods, home made garments, poultry, rabbits and fatted cattle.

It is at such fairs that the boys and girls learn to appreciate another persons creative work. It creates interest and a desire to achieve and do even better. Here they learn to learn to understand the message "The good is the enemy of the best."

Within a few weeks there is to be a general election at which time a new president of the United States is to be elected. There is to be an election for country school board members. All the ballots have been printed and are ready for distribution to the various precincts when voting time comes around. Of course the Presidential election will be uppermost in the minds of the people, but the county and hospital ballots will create an even greater interest in this country. This paper is not attempting to tell its readers which way to cast their ballots as far as the presidency is concerned or the school ballot. As far as the hospital ballot, the overwhelming majority of sample votes received at this office during the past year favored the hospital.

**Home Economics Exhibits in County Fair**  
The exhibits in home economics division of the Rockcastle School and Agriculture Fair were good quality this year. They were less in number this year but the quality was probably better than in years past.

Mrs. Edith Lacey, Field Agent in 4-H Club Work, University of Kentucky, judged the exhibits. She remarked that the quality of the home economics products were above average.

The 4-H and Women's Department were well organized. A number of local leaders and friends helped managing and arranging the departments.

Mrs. Lucille Hysinger was in charge of the 4-H Division. Assisting her were Misses Shirley Hammons, Nina Bullock, Betty Sulton, and Mrs. Edith Lacey and Shirley Bullock. The Women's Division was supervised by Mrs. C. C. Cox. Her assistants were Mrs. Edith Lacey, Mrs. Will Dowell, Mrs. Maude Martin, Mrs. C. C. Lay, Mrs. Hazel Owens and Mrs. Christine Sparks.

**Mr. Boyd Wheeler, Thanks 4-H Members**  
Below is part of a letter received at the Church of Christ, Boyd Wheeler, Field Agent in Club Work, State 4-H Club Department, University of Kentucky, regarding the 4-H Members who helped with the 4-H exhibits and both at the State Fair.

The counties helped with the 4-H exhibit at the State Fair. I would like to say that one of the outstanding things about the girls was the fine boys and girls who were glad to furnish a real living example of what 4-H work really is. I am sure that if we will have a booth next year, I hope that some of our boys and girls will be present for one are welcome. Perhaps we can do even a better job next year by getting your help. Please go to the young people of your county for the 4-H Club Department.

The following girls sent exhibits: Carol Cummins, Joan Maggard, Shirley Hammons, Billy Sue Dowell, Mt. Vernon, Mrs. Kathryn Bullen, and Fredessa Ray, Wildlife Club; Jennie Whitaker, Berea Club; Marie Setles and Mandy Sallie, Berea, and Mrs. L. C. Jones and Kathryn Bullen of Wildlife Club stayed in the booth one day.

**COUNTRY EDITORS**  
(Continued from page 1)  
unusual manner. G e o r g e o u s immediately left Berea, Kentucky. Trips were taken into the countryside where Mr. John Lair told them a great many things that happened in the community years ago.

The old barn, the old church up Renfro Valley, the old school house and the lights. Mr. Lair spoke of these ancient events in an atmosphere of autumn warmth and with the surrounding hills adding a bit of color and peace.

On Sunday morning the Renfro Group gave their program at the big barn and it was here that the editors got a touch of the feeling and bigness of Mr. Lair's personality. It was here that he read the poem about the other securities. It was here that we never realize how much the hometown paper means.

Will we have wandered far afield in our familiar scenes? And then it's just as welcome as a letter from a friend.

We read it through from front to back, from beginning to the end. And when we see the names in print of folks we used to know so well, our memories will set our hearts ago.

We remember how that paper was a standby in our home and how we would all grab for it as soon as it was out. I've looked for all the personals; Dad read the livestock news, Granddad liked editorials--if they didn't hit his views.

But Mother never seemed to have one part that she preferred. She just sat down, when she had time, and read it every word.

The editor, remember, was a friend to all readers. He was a friend to all readers who tried to use

Mrs. Betty Parsons (center) who claims to have been a reader of the Signal as far back as she can remember.

When he went out to look for news--or ads he didn't get. He had a smile and cheery word for everyone he met.

He always had a column any good thing to exalt. But he had no screaming headlines to proclaim a neighbor's fault.

He welcomed new-born souls to earth and noted when they left. He was pleased with those that had been joyed and grieved for those bereft.

He printed church announcements and the correspondent's jokes. He noticed all the little things that meant a lot to folks.

**REVIVAL SERVICE AT CHESTNUT RIDGE**  
There will be a revival service at the Church of Christ on Chestnut Ridge, starting next Sunday. The Reverend J. D. Phillips of Austin, Texas will be the preaching. Everyone is cordially invited to attend.
