ABSENTEE BALLOT REQUEST HIGH

Interest in the coming November election appears high on the part of the servicemen seeking absentee ballots being received at the Secretary of State's office, Secretary of State Charles K. O'Connell said today.

Personnel of the office now handle requests of upward of 100 ballots a day for absentee ballots, all of which are transmitted to the County Clerk where the voter is a resident.

Judge, Sherman Sargent, Sheriff, East Brodhead
J. M. Wallace, Clerk, Mrs. Ray Haman, Judge, Milton Brown, Judge, Albert Hayes, Sheriff.

Rocky Bend
Edd Tackett, Clerk, Eliza Nicoley, Judge, Rube Faulkner, Judge, Joe Blackburn, Sheriff, Guss Sulphur

W. M. Durham, Clerk, J. G. Simpson, Judge, H. B. Byrd, Judge, E. L. Doyle, Sheriff.

Green Hill
W. C. Proctor, Clerk, Rollie Burdette, Judge, Ed Maples, Judge, Harrison Mink, Sheriff.

Cruise Ridge
R. T. Abney, Clerk, Ed Hazelwood, Judge, T. G. Bowman, Judge, Grover Allen, Sheriff, Mullins Station

Clyde Vaughn, Clerk, Fortner Mink, Judge, Doll Vaughan, Judge, Money Cummins, Sheriff.

All requests must be in the hands of county clerks by ten days before the November election and the ballot returned by the voter to the clerk by election day, O'Connell added.

"While the law requires absentee ballots to be handled through County Court Clerk's offices, most military personnel use the Army blanks that are addressed to the Secretary of State and are then forwarded to the County Clerk by this office," said O'Connell.

"Mr. T. J. Nicoley, reports a considerable number of requests especially for school Board ballots."

OTTAWA

Mr. and Mrs. W. F. Hayes of Middletown, O. is visiting Mrs. W. F. Hayes and working on her house.

Mr. and Mrs. Wallace Proctor spent Sunday with Mr. and Mrs. Lewis Brown at Bee Lick.

Mr. and Mrs. Kenneth Thompson attended the Graves homecoming at Sand Springs Sunday.

Mr. and Mrs. Kenneth Thompson was the proud parents of a set of twins, born the 5th at Danville. One of the twins died and was buried at Ottawa last Tuesday week. Sympathy is extended to this young couple.

Forty members of Ottawa Church attended a revival at the Getchmann Church at Danville last Thursday night and sang a few songs. They chartered a greyhound bus.

Mr. and Mrs. Albert Hayes spent Sunday with Mr. and Mrs. R. O. Thomas and son Danny at Mt. Vernon and then visited Mr. and Mrs. Tommie Hayes at Conway Sunday evening.

BURR

A nice birthday dinner was set at the home of Mrs. Turk Bell. She was 63 years old. All the children but three were present. Mrs. Bell received a lot of lovely gifts. The guests sang happy birthday to her just as she blew out the last candle. There were 25 there to dinner. We all join in wishing her many more birthdays. The children all enjoyed playing. Every one had a nice time.

Mr. Lewis Bell took his mother and Mrs. Maggie Frederick to London last week to have her eyes tested. While there she went to see Miss Christine Cliff who is in T. B. Sanatorium. She seems like she is a lot better.

Our revival has started at

Chestnut Ridge. Everyone is invited to come out and hear Bro. Phillips preach.

Mr. and Mrs. Millard Bell have moved to Mr. Ova Smith's house. Mrs. Charlie Lovell is greatly improved.

QUAL HOMEMAKERS MEET

The Quail Home-makers Club held their regular monthly meeting Thursday, Oct. 9th, 1:30 P. M. at the home of Mrs. Burdette Brown.

All members were present. They are: Mrs. Ed Whitaker, Mrs. Richard Gentry, Mrs. Hubert Brown, Mrs. Asbil Brown, Mrs. Phillip Davis, Mrs. Maude Brown, Mrs. Robert Snodgrass, Mrs. Roy Brown, Mrs. Hazel Gentry and Mrs. Burdette Brown, two visitors, Mrs. Alice Hatt and Mrs. Verla Brown.

Our major lesson, Property Right, was given by our home management leader, Mrs. Phillip Davis which was a very interesting lesson.

The November meeting will be at the home of Mrs. Richard Gentry.

Boonesboro, now a summer-resort center, once was the site of a fort built by Daniel Boone in 1775.

ANNOUNCEMENT To the voters of Educational District No. 5 composed of East Brodhead, West Brodhead Freedom, Bullock, Brown and Pongo, I wish to state that for the past four years I have worked hard to improve our schools and if re-elected, I will continue to do my part for the betterment of education.

I will appreciate anything you may do for me. Respectfully yours, John E. Harris

ATTENTION VOTERS To the voters of Educational District No. 5 including Red Hill, Pleasant Run, Crooked Creek, Powers, Orlando and Mullins precincts.

During the four years I have served on the board of Education both of our high schools have attained an A rating, the bus mileage has doubled, our rural schools have improved, several lunchrooms have been added and in general the whole school system has been greatly improved. I realize that no public officer is perfect but I have done my best to improve the schools of Rockcastle County.

I find in canvassing my district that my opponent, Mr. Coldiron, tells the people that he has no one in mind in particular for Superintendent, then I would like to ask Mr. Coldiron why is Burgess Robbins asking such a active part in his campaign? He is saying that a vote for Mr. Coldiron is a vote for him for Superintendent. I don't blame you for

denying him for I don't believe the people of Rockcastle County would want a man with his record for Superintendent.

I hope to see as many of you as possible before the election and I will appreciate anything you can do for me. (Mrs) Dannie Mullins.

Young Boy Is Hit By Car At Roundstone

Bobby Earl Croucher 9, Dies of injuries received when hit by a car driven by Harvey Britton of Ashland.

Bobby Earl, nine year old son of Mr. and Mrs. Robert Croucher of Roundstone, died of injuries received when a car driven by Harvey Britton of Ashland, Ky., hit him as he attempted to cross the highway in front of his home last Tuesday evening at about 5 o'clock. Bobby was going to get some repairs for a tractor and as he crossed the highway an oncoming tourist car going south caught him and carried him a distance of about 75 feet before the car came to a standstill. The lad was unconscious but lived for at least an hour after the accident. He was taken to the Berea College hospital by Edward Lee Coffey. Bobby died a few minutes after he arrived at the hospital.

Harvey Britton was on his way south to attend the funeral services of his wife's brother who was killed in action in Korea. The Brittons returned here until 7:30 o'clock when they left for their destination.

Bobby was a pupil of the Hays Grove school. He is survived by his deeply bereft parents, the brothers and sister Mrs. Charles Edward of Indianapolis, Bert of Berea, Robert Jr., in Korea, Willard of Berea, Roy Lee, Pauline and J. B. at home.

To The Voters Of Rockcastle County

At the last meeting of the Board of Health, much of the hour was spent discussing the needs and possibilities for a hospital for Rockcastle County. No one had all the answers to solve the problem, but all agreed that there was a great need for a hospital and that the voters should do all they could to help relieve existing conditions of our county.

The size of our County, the conditions of the roads and the size of our medical staff make it impossible for the people to receive proper treatment without the aid of a hospital. Many worthy cases are turned down each year because of crowded conditions in the adjoining counties.

This is the first and maybe the last chance the people of our county will have to express their wishes about the hospital by the ballot.

Think of the good you may do for your family and neighbor by voting YES in the interest of a hospital for Rockcastle County.

Broadhead Lions Club

Announcement

To the voters of Educational District No. 1, composed of East Mt. Vernon, Green Hill, Cruise Ridge, Scaffold, Cane, Tanyard, Wildie and Conway, I am a candidate for the position of member of the Board of Education.

I was born in Rockcastle County and I have lived here in this county for many years. I have children in school and I am deeply interested in good schools.

In traveling over my district I find that Burgess Robbins has approached many persons trying to get them to run against me. He finally succeeded in finding an opponent.

I want to see as many of you as I can between now and the election. Your support will certainly be appreciated.

Respectfully yours,
Nathan Clark

CARD OF THANKS

We wish to thank all who were so kind to bring the loss of our father, Pount, and especially Bro. Howard Coe and those who sent flowers and food and the Cox Funeral Home.

Mr. and Mrs. Lois Long and family.

Legion Will Make County-wide Campaign

A county-wide campaign to enroll every local eligible veteran in The American Legion of 1953 was announced by Commander R. H. Hamm of Vets Brown Post No. 120. Beginning Oct. 14 membership drives will be conducted by Post to contact every honorably discharged veteran of World Wars I and II as well as men who served in Korea, wherever in the armed forces subsequent to June 25, 1950.

"The four basic programs of the American Legion—rehabilitation of child welfare, national security and Americanism—deserve the active support of all former servicemen," Commander Hamm declares. "Through the American Legion the veteran can best safeguard those ideals and institutions for which he fought."

Commander Hamm pointed out that with more than 725,000 new veterans returning to Korea, the membership of The American Legion appears greater than ever before. "Only through an expanded and active membership of The American Legion will this nation be able to secure for these heroes all the rights and benefits to which they are entitled," Commander Hamm said.

"Pointing to the evidence of subversive influences in government, education as well as in the publishing and entertainment industries, Commander Hamm declared that no organization in America is better equipped by experience to combat communism than The American Legion is today. The American Legion is made up of some three million men who fought for their country and its ideals," he said. "As veterans, as Legionnaires, we intend to protect our investment in America."

"We enlist the cooperation and good will of all members of this community as Oct. 120 begins its 1953 membership drive," Commander Hamm said.

Mr. and Mrs. James Hutchinson of Indianapolis, Ind. were the weekend guest of Mrs. Hutchinsons niece, Mrs. Leonard Langford and Mr. Langford. Mrs. and Mr. Leonard Langford and their guests spent Saturday night in Somerset with Mrs. Billy Grey and family.

Mose Hampton Injuries Leg While Hunting

Mose Clayton Hampton is the victim of a serious gunshot wound on one of his legs. He and his brother Samuel, a neighbor boy by the name of Norman had gone out hunting squirrels near their home on the Brush Creek road. Mose loaded shot gun which Mose carried went off accidentally and the full shot hit him on the leg just above the knee. The boy was brought to Mt. Vernon for first aid and then taken over to the Berea College Hospital.

Dr. J. W. McKinney, a specialist at Lexington where he is now recuperating at the Good Samaritan Hospital. The bones in his leg were so badly shattered that it is doubtful whether the boy's leg can be saved.

Mose is the son of Mr. and Mrs. Frank Hampton.

Mr. and Mrs. James Hutchinson of Indianapolis, Ind. were the weekend guest of Mrs. Hutchinsons niece, Mrs. Leonard Langford and Mr. Langford. Mrs. and Mr. Leonard Langford and their guests spent Saturday night in Somerset with Mrs. Billy Grey and family.

Driller In Quarry Killed By Rock

Joe Cromer is crushed to death at local quarry last Thursday noon.

Dies of Self-inflicted Wound

J. W. McKinney, 82 of Van Hook died of a self-inflicted wound Monday between 12 and one o'clock. The tragedy happened on a dirt road not far from his home. Mr. McKinney had gone for a walk on the country road and had taken with him a weapon. A short distance from the home he placed the shotgun on the edge of the bank of the ditch and some manner pulled the trigger and let the blast hit his head. Eddie Mink who had one McKinney go up the road was the first one to be at his side after the tragedy.

Mr. McKinney was a victim of a family feud. He had suffered for at least 19 years. Several years ago he had an operation that gave him relief but affected his hearing. It is believed that his illness together with the loss of his hearing several years ago, were the cause of the tragedy.

Mr. McKinney was a farmer all his life and lived for the most part of his long life in the family cemetery. The Rebecca Deaton who died three years ago. Seven children survive: Mrs. Ida Taylor and Mrs. Rebecca Deaton, both of Broadhead; Mrs. Grace Price of Dahl, Mrs. Anna Payne of Bloss, Mrs. Bessie Chaney of Mt. Organize Sunday School At Roundstone Baptist Church

Clyde Linville and George Parrett have succeeded in reorganizing Sunday school with large attendance.

A Sunday School was organized at the Roundstone Baptist church recently. Clyde Linville and George Parrett of Mt. Vernon, are mainly responsible for the new Sunday school in the community. It was on the Sunday of October 5 that the two men went to the community for the purpose of starting a new Sunday school. The citizens of the community were notified what the plan was and at least 100 persons attended the first Sunday. Mr. Linville was elected as superintendent and George Parrett was chosen as the assistant. Other officers elected were Mr. Virgil Abney as treasurer and Mrs. Ben Wilson as secretary. The teachers were also appointed. The adult class went to extend a very cordial invitation to everyone to come to the Sunday school and enjoy an hour of Bible study.

The interest and enthusiasm shown with this new organization augurs well for its continued success.

RANGER'S LOOKOUT

Have you ever wondered how a Ranger and his personnel keep track of all the land under his supervision? How does one know when he is traveling on National Forest Land?

The 68,647 acres comprising the Rockcastle District are made up of about 300 different pieces of land. Some of these

tracts are small, often about 1 acre. Others are large and consist of several hundred acres.

In order to properly supervise your National Forest, the ranger must know the location of each tract. He must keep accurate records and have accurate maps showing the location. In the Ranger Headquarters a file of each deed ribing the tract is maintained. A large album of all corners and boundary lines is maintained in this atlas is kept posted to show the latest date that the lines were painted.

The re-painting program works on an 8-year interval. All exterior boundary lines are painted with the best grade of "red" paint. The total exterior boundary of this 68,647 acres of National Forest land is 547 miles.

In traveling through your National Forest you will often see trees painted with red paint. This is the signal that you are entering or leaving a government tract. The red line also serves as a "fence" between private owners and the government. It prevents private timberland operators from cutting National Forest timber by mistake, because it shows exactly where he should stop cutting.

In order for the Rockcastle District to re-paint all of its boundaries each eight years it is necessary that district personnel re-paint a total of 68 miles each year. This amounts to quite a job when you consider that two men can re-paint only an average of 2 miles per crew day. This average could not be maintained if the lines were allowed to go longer than 8 years.

The Fire Prevention move showings went off as scheduled without any serious mishaps. It was necessary to put on chains to get up to the Poplar Gap School and they had to be put

on in the rain. Red Sampson sure looked pretty with mud on his face.

When we finished showing at the Pleasant Run School on Tuesday afternoon we discovered that we had a flat tire. We changed the tire ourselves and the flat was fixed at Bale's Garage. Our thanks go to Mr. Ponder and the other gentleman helping him. They worked beyond their quitting time in order to help us out. Such service is greatly appreciated.

We would like to take this opportunity to ask the cooperation of every citizen who uses the forest to be extra careful this fall. The sportsmen have an interest in the forest because they desire good hunting and fishing. The way to keep hunting and fishing good is to keep the forest fires out by following six simple rules:

1. Be sure your match is out before throwing them away.
2. Be sure that pipe ashes and cigar or cigarette stumps are dead before throwing them away.
3. Scrape all inflammable material from a spot at least 5 feet in diameter before building a fire.
4. Never build a fire against a stump or log.
5. Be sure your fire is out before leaving-test by feeling.
6. Never smoke a squirrel from a hollow tree.

John E. Brown Dies

John E. Brown, who retired nine months ago as president of the Louisville Bank for Cooperatives and general agent of the Farm Credit Administration of Louisville, died at his home three miles north of Shelbyville, Kentucky, Wednesday morning, October 1st.

Mr. Brown was born August 11, 1883, on a Shelby County farm, the son of Cameron and Mary King Brown. When he was two years old the family moved to Brownlea Farm where he lived the remainder of his life, although for 20 years he was in Louisville daily as a Farm Credit, Farm Bureau or other executive.

After graduating in agriculture from the University of Kentucky in 1903, Mr. Brown soon became active in farming and farm marketing circles.

In 1908, at the age of 23, he represented Shelby County on the board of directors of the

Burley Tobacco Society at Winchester, Kentucky. This was the first large Burley tobacco growers cooperative association. Later he was a director of the present Burley Tobacco Growers Cooperative Association at Lexington.

Mr. Brown gained early recognition in the farm cooperative field when, in 1922 as a member of the Kentucky House of Representatives, he introduced and assisted in the enactment of the Bingham Marketing Act. This legislation preceded the Capper-Volstead Act of 1923 and served as a model for cooperative legislation enacted by many states.

In 1911, he began his banking career as a director of the Citizens Bank of Shelbyville, Kentucky. He held this office until 1932, when during the depression he came to Louisville as manager of the Regional Agricultural Credit Bank for Kentucky and Tennessee, which at that time financed many distressed farmers of these two states. When the administration of Louisville, which includes the Federal Land Bank of Louisville, Federal Intermediate Credit Bank of Louisville, Production Credit Corporation of Louisville and the Louisville Bank for Cooperatives. The Louisville District comprises Indiana, Ohio, Kentucky and Tennessee.

Among the many offices he had held over the years and which have contributed to his state and national recognition are: President of the Kentucky Farm Bureau Federation, trustee of the University of Kentucky, president of the University of Kentucky Alumni Association, director of the Bourbon Stockyards Co., director of

the Emmart Packing Company, director of the Thomas Poe Cooper Agricultural Foundation and trustee of the American Institute of Cooperation.

At its convocation last May 30 the University of Kentucky conferred upon him an honorary doctor's degree in recognition of his great service to agriculture and to the University.

He was a member of the Presbyterian Church at Shelbyville. He was also a member of the Penderis and Filson clubs of Louisville.

He is survived by his wife, the former Sarah Logan of Boyle County; a son Logan, who has been his partner in operating Brownlea Farm, and two grandsons, Lewis and Logan.

The funeral was held Friday morning at 10:30 at the Shannon Funeral Home in Shelbyville.

The Mt. Vernon Signal IT CAN HAPPEN TO YOU We salute the Mt. Vernon Volunteer Fire Department and commend it for the fine job it is doing. Our fire losses to date are very few and our insurance rates are low. Before we had a fire department, our losses were frequent and disastrous. There was a constant fear among our folks of fires breaking out in or near our homes and places of business. When they did occur many willing townsmen would rush in with no effective equipment to do the work they could put out the fire; but their efforts usually were climaxed with sympathy being extended; the victim over the smoldering ruin. As a fire department is necessary to protect our property from fire; so, to a greater degree, is a HOSPITAL necessary to protect our health and lives. Sickness and accidents often happen suddenly and when least expected. Immediate hospital service is very necessary and many Rockcastle Citizens have died because such services were not available. A fire department in a distant town cannot give us good fire protection nor can a hospital in another county give us adequate health and life protection. We now have a golden opportunity to have a Hospital of our own. Please Vote YES for the hospital on your election ballot. L. D. BRYANT

UNFAIR TAX BURDEN The Railroads Pay Proportionately More Than Any Other Form of Public Transportation By reason of the fact that railroads have built and paid for their own roadways, they pay a type of property taxes which is escaped by their competitors. In 1950, state and local taxes paid by the railroads totaled more than \$300 million, and took 3 1/2 cents out of each dollar of their revenue. Easy For Competitors Since approximately two-thirds of railroad investment is in roadway and structures, it may be assumed that virtually two-thirds of this taxation is ascribable to the fact that railroads provide their own roadways, and consequently represents a tax from which their competitors are actually free. The so-called taxes paid by other forms of transportation are, for the most part, partial payments for use of publicly provided and maintained highways or airports, and represent virtually no contribution to the general expenses of government or the services of public welfare. Tax Figures Compared Including these so-called taxes and also Federal income and excise taxes, payments in 1949 by certificated air carriers amounted to only about 4 cents per dollar of revenue, those of Class A and B inland water carriers to only about 5 cents, and those of certificated Class I common and contract highway motor carriers to only about 6 cents per dollar. The corresponding figure for railroads was more than 12 cents per dollar of revenue. Low Rate of Earnings Thus the railroads pay in taxes more cents per dollar of revenue than their competitors and in addition bear the full cost of providing and maintaining their own roadways. The fact that railroads pay heavier taxes; and that what is left from the railroad revenue dollar after paying operating expenses and taxes must support a much larger investment in necessary facilities than in the case of subsidized motor, water and air carriers, makes all the more significant the low rate of return earned by railroads in the five post-war years, when their return on net investment averaged only 3 1/2 per cent. It's Even Money You'll Have A Bad Day!
 Yes . . . if Monday is still your washday, you'll find it's hard to win.
 Out of 52 Mondays in the year, the weatherman predicts that 23 will be unsuitable for drying clothes out of doors.
 But the odds are all in your favor when you do your laundry the modern way—electrically.
 With an automatic electric washer and an automatic electric dryer you are no longer at the mercy of the weather. You can do your laundry any time of the day (or evening)—any day in the week.
 Why let the weather disrupt your house-keeping schedule? See the new automatic electric laundry equipment demonstrated at your favorite dealer today.
