Mr. and Mrs. Nath Roberts and son Miss Ele Roberts, Mrs. Fannie Roberts of Brindley Ridge spent Sunday with Mr. and Mrs. Victor Doyle and family.

Mr. Albert Moore and son Howard of Shepardsville spent the week-end with his wife for emergency only. There is no disagree in using any of our feelings or emotions as they were originally intended.

Where there is strength of mind and character, there is no need nor use for Fear. When concrete danger is present we must summon all our forces, including Fear—but nature's greatest weapon should not be misused when we imagine there is a possibility of trouble in our midst. So let us be strong and not don the cloak of fear—using this disguise to escape everyday problems, let us preserve it only for stormy weather—when it can really help us.

MT. VERNON, KENTUCKY

Local School To Offer Course In Driving

Prof. Landrum to teach driving course to tenth and eleventh grade students. Car loaned to school by Fred Baker.

The Mt. Vernon Graded and High school has accepted the loan of a new Chevrolet dual control car from the Baker Motor Company. Mount Vernon. The car was delivered to the school last Monday morning when Supt. Clyde Linville accepted the car in behalf of the school. Prof. William Landrum who has completed a special course in teacher training for safe driving will teach the course to students of the 10 and 11 grades. The class will meet daily and use a special text book written for such a course. It is published by the American Automobile Association. The car which has been loaned to the school has a dual control so that the person sitting next to the driver also has access of the brakes by the means of two foot levers. The course is being offered by the school to both boys and girls and so far 15 students are taking the course. This course will be continued for a certain length of time and then another group of students from the higher grades will enter the class. The course offers great many valuable points in safety, mechanics of the car and courtesy of the road. Every boy and girl who expects to drive a car and most of them will, should learn how to operate the car.

With Ohio State Life Insurance

Mr. Lewis Denver Nicely, of Mt. Vernon, Kentucky, has completed the basic training program as a Field Underwriter with The Ohio State Life Insurance Company, according to an announcement from Otis C. Amis, General Agent for the Company. The Agency offices are located at 405-7 Bank of Commerce Building, Lexington, for the State of Kentucky.

Mr. Nicely will be located in the Agency Office and he and the family will be living in Lexington. Mr. Nicely has been assigned Rockcastle Co. for special services and will be seen in Mt. Vernon and Rockcastle County quite often in the months and years ahead. Mr. Nicely is the son of Mr. and Mrs. T. J. Nicely of Mt. Vernon and Mrs. Nicely is the former Doris Smock also of Mt. Vernon.

Revival at Baptist Church

Mr. Neal Darnell, minister of music of the First Baptist Church of Nashville, Tenn., will be guest music director at the Baptist Church Revival which is scheduled to begin Monday night Oct. 12th at 7:15. Mr. Darnell is a very accomplished musician and leads a large musical program in the Nashville Church which includes the directing of seven choirs. The pastor, Raymond Lawrence will be the evangelist.

Road Work Making Headway

The road work is making headway. There was an interruption in the placing of the rock from Calloway south to Carl Mullins store. As a matter of fact the stone has been later as far as the new grade where the road makes the big bend just before it leads up the grade along the hill outside Livingston. The crew of men were working northward and placing the third course of rock and this layer will be completed by the end of this week. Another layer of rock is to be placed on top of this and when finally completed the roadbed will be 16 and three fourths inches in depth. On top of this will be placed the asphalt. This will not be done until next year. The foreman of the crew stated that as soon as grading is completed the rock will be moved on the stretch. The street at Livingston is now ready to receive the foundation rock. With the very favorable weather prevailing during the past month, the progress has been splendid. At the big cut just outside of town the progress has been slow due to several breaks on the machinery. There was a whole week of work lost. Last Tuesday evening the paving started again, and has been progressing nicely. We were told that vandals damaged some of the road machinery and equipment last Friday night near Calloway. Oil and water lines were cut and one of the big dirt moving machines was pushed aside by a large truck and damaged it some. The license numbers were noted by officials but no arrests have as yet been made.

County Receives Gift Of Bookmobile

Neighboring city of Berea makes traveling library for Rockcastle County Possible

Rockcastle County has been assured of a bookmobile as a gift from the Bookmobile Committee of Berea of which J. E. Petresky is the chairman. When the bookmobile was offered to the Berea Community it is believed that there are about library facilities at various counties made their report to the governor of the state. Mr. Petresky made the stipulation that the bookmobile should be given to Rockcastle County. Mr. Ralph Griffin, the local chairman was present at the meeting and gratefully accepted the gift in behalf of this county. At the regular monthly meeting of the county's fiscal commission Tuesday afternoon the court went on record to give the bookmobile a limited amount of financial support and voted \$600.00 annually for its maintenance. The county board of education and the Mt. Vernon Independent school board will also be asked to aid in the project. If necessary the various civic organizations will be asked to help. It is believed that the operation of the bookmobile is now a certainty and will be in operation by July 1, 1954. The sum of \$482.46 has already been contributed by various schools and individuals toward the project. The rural schools have sent in money as well as the city schools. Topping the rural schools is Rock Springs, then follows Pine Hill, Little Rock, Mount Vernon and Brodhead schools tie for first place in the larger city and consolidated schools. Other schools and individuals who contributed were Gov. Clegg, Climax, Hummel Johnetta, and Maple Grove, T. R. Mullins, Walnut Grove, Freedom, Ottumwa and Brodhead children Maggard Drug Stores, J. F. Griffin and Son, Bank of Mt. Vernon, Joyce and Jack Henderson, Edna Grace McKeanie Renfro Valley (donations from outside) A. M. Hiett and E. R. Denny.

Mr. Fred Baker, the enterprising Chevrolet Dealer of Mt. Vernon presents the keys of the loaned car to Supt. Clyde Linville, Mr. William Landrum, who will teach the course is seated inside the car. Mr. Baker has been selling Chevrolet cars for the past 23 years. He is a member of Ashland Lodge No. 640, Mt. Vernon Chapter Royal Arch Mason, Scottish Rite, India Consistory, Covington, Ky., and Shrine member of Olska Temple, Lexington. When asked about his hobbies Mr. Baker said 'Rockcast, music and fishing.'

Hurst For Sheriff

As a candidate for Sheriff of Rockcastle County, in the forthcoming election, November 3, 1953, I have announced that Jimmy Large or Orlando and Jack Pogue of Brodhead will be my deputies. On behalf of these men and myself, I want to thank you for the encouragement and support we have received and ask you for your continued support and vote. George Hurst

Mr. Ed DeBorde Dies

Clyde Barnett Re-elected President

Mr. Clyde Barnett of Mount Vernon was re-elected president of the Eastern Kentucky Foxhound Association at the field trials held at Brodhead last week. Mr. Barnett stated that the field trials held last week by this association was a very successful one and the foxhunters were greatly pleased with the setup. The fair ground at Brodhead afforded just the right accommodations and atmosphere for the sportsmen. There was plenty of room and the early morning breakfasts suited the members perfectly. Except for the dry weather and heat which hindered the foxhounds some, the layout for the chase was perfect. The last two days were the best. At least four foxes were chased out of the lair on each one of those days. Mr. Barnett hopes that the meeting will be held at Brodhead again next year. Winners in the Field Trials were Vernon Cummings of Bandy, Ky., first inderty hounds. The second age hounds, Mose Hill of Waco took first place, and Sil Owens of Brodhead placed second. Mr. Barnett is scheduled in advance to save your time and keep the line moving steadily at the center. So telephone or notify Mrs. Elsie Logan, Berea (tel. 824J) or get in touch with Mrs. Logan Bryant at Mt. Vernon. Make your appointment to day.

To The Voters Of Rockcastle County

At the November election last year you voted approximately \$ to a Hospital Bond issue for \$100,000. As soon as this vote was certified the Rockcastle Fiscal Court appointed O. V. Hilton, Ernest Bullock and W. S. Stewart on the Hospital Building Committee. We made several trips to Louisville to see Mr. Paul A. Hackney, director of Hospital service to secure a grant of \$100,000 from the Government as an out right gift. We were told by Mr. Hackney that a total of \$200,000 would not build a 20 bed fully equipped hospital. That the last six hospitals built in Kentucky cost from \$302,000 to \$352,000 and Rockcastle would have to raise an additional \$75,000 which would make Rockcastle County share \$175,000 and the Government would give us \$175,000 making a total of \$350,000. The Rockcastle County Fiscal Court has made an order placing an additional \$75,000 Bond issue to be voted on Tuesday, November 3, 1953. If you, as voters, want a hospital

To The Voters

I announced a few weeks ago that I would run for County Judge on the Democratic ticket. I announced myself with the understanding that Mr. J. H. Wolfe had withdrawn his name from the ballot. But I later learned that he had not officially withdrawn at the County Clerk's Office. For some reason Mr. Wolfe changed his mind. Therefore that makes me ineligible to run on the Democratic ticket. I have decided to run on a write-in, a number of people have asked me to do so. So when you go to the polls on November 3 cast your vote write my name under Mr. Walter Sowers or Mr. J. H. Wolfe and stencil in the square opposite my name and you will vote for the people's candidate. Every vote will be appreciated. If I am elected I will serve you honestly and conscientiously. Amos Owens. For Rockcastle County, vote Yes. Rockcastle Hospital Committee. The following is a letter from Mrs. Paul Hackney, July 31, 1953, which will explain to you just why we need this additional \$75,000.

Revival Meeting at Pine Hill Baptist Church

A revival meeting will begin at the Pine Hill Missionary Baptist Church on October 11, with the pastor, Brother Linville Coldiron, doing the preaching. Everyone is invited to attend these services, which will begin each evening at 7 o'clock. Brother Coldiron has recently accepted the pastorate of the church, coming to the Pine Hill community from Cumberland, Ky. He is at the present time, enrolled as a student at Cumberland college. He, with his wife and two small sons, have moved into the community. The church gave to the Coldirons a hearty welcome in the form of a kitchen shower at their home last Wednesday evening. At the regular meeting Sept. 29th, the Mt. Vernon Womens Club went on record by a unanimous vote endorsing an additional \$75,000 Bond Issue for the Rockcastle County Hospital.

Bloodmobile Coming To Berea Soon

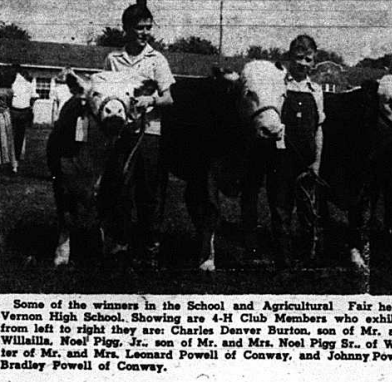

The Red Cross Bloodmobile will be in Berea on Monday, October 12 at Union Church, from 11 A. M. to 5 P. M. 125 blood donors are needed to meet the quota. Anyone between the ages of 18 and 60 can be a donor (those under 21 years of age need parental permission). This is your opportunity to help save a life—maybe your pint of blood will be used at the local hospital in an emergency, maybe it will be used overseas where a serviceman needs a transfusion or perhaps it will go to make gamma globulin to be given to children exposed to polio. You can help! Will you? Appointments should be day.

Robbins And Frith Purchase Belly Acres

D. A. Robbins of Brodhead and C. E. Frith of Louisville were the high bidders for the Belly Acres Restaurant and motel which sold at auction last Saturday afternoon. The bid was for \$22,000. L. M. Brennan, owner of the restaurant for the past few years gave possession immediately. Mr. Robbins and Frith operated the place last Saturday and Sunday but closed it the next day in order to make final arrangements of operation and personnel. Mr. and Mrs. Brennan came here from New Mexico where they own a thousand-acre ranch. The ranch is located between Santa Fe and Albuquerque. They left this week for their old home in New Mexico. While here the Brennans operated Belly Acres in a very efficient manner and won for it a reputation for a wide variety of the splendid food served. The Brennans have two children. One daughter Mrs. B. F. Connally lives in Kensington Ct., Louisville. Her husband is a major in the army. Major Connally was wounded in battle last July while leading a tank against the enemy. He was in the hospital in Japan for a while but is back in Korea now. The son, Jack is connected with the Army Intelligence. For four years he served in the Navy then became a paratrooper and later entered the Army Intelligence Department. He is now in California where he is studying foreign languages.

Notice Of Election

Public Notice is hereby given that pursuant to an order adopted by the Fiscal Court of Rockcastle County, Kentucky, there will be submitted to the voters of said county at the regular election to be held there on Tuesday, November 3, 1953, the question whether additional bonds of said county shall be issued to the amount of \$75,000 for the purpose of constructing and furnishing a county public hospital. It is proposed that the amount shall be in addition to the bonds in the amount of \$100,000 heretofore authorized and approved for issuance at the election in and for said county on November 4, 1952. Said question will be submitted at said election in all the voting precincts in said county at the regular polling places in and for each respective voting precinct, and will appear upon the ballots in substantially the following form: "Shall Rockcastle County, Ky., issue additional bonds to the amount of Seventy-five Thousand Dollars (\$75,000) for the purpose of constructing and furnishing a county public hospital in and for said county?" Yes _____ No _____ (Notice to Voters: For a vote favoring the foregoing question place a cross (X) mark in the square after the word 'yes' and for a negative vote place a similar mark in the square after the word 'no'. This notice is given pursuant to the order of the Fiscal Court of said county, and is dated Sept. 1, 1953. Leila Payne, Sheriff, Rockcastle County, Ky. T. J. Nicely, County Court Clerk, Rockcastle County, Ky. 5215

God's New Men

Lesson for October 11, 1953

WHAT would it take to make an ideal world? Or if that seems too large an order, what will it take to improve the world we have? Of course you're right, you may improve it a little. A better climate where you live; better laws, a more efficient police force, better equipment for our work, and more adequate salaries for teachers; better trade relations with other nations, better government, all these would probably improve the world somewhat. But all the schemes for the improvement of society have struck dead ends, the jagged fact of human nature.

Wanted: New Men!

Everybody knows that, to be sure, so when Christians say that what the world needs more than anything else, to make it a better world, is better people, we don't get an argument from anybody who has thought about it. Everybody says, Amen! We don't get an argument from anybody who has thought about it. Everybody says, Amen! We don't get an argument from anybody who has thought about it.

Consider some of the wrong answers to the problem of how men can be produced. One is the lazy answer: Just leave human nature alone, they'll do all right; human beings just naturally have so much good in them that if the "De-gooders" will just keep their hands off, everything will keep right on improving. Of course that's nonsense, as any one here all who will take a close look at any part of the world that has been left alone for some time.

God's Design

Not that engineers isn't a good thing so far as it goes. So is anything that really improves people, as even barber and beauty shops do, a little. But nothing that works on man from the outside will improve him on the inside as he needs to be improved. In fact, what the Bible tells us is the simple truth that man needs not so much to be improved as to be made over.

We don't need revised men, revamped men, re-conditioned men; we need new men. The Bible tells us the truth, that man's nature has been so affected by sin that nothing short of a radical operation will effect a cure. The apostle Paul tells a story of F. D. Roosevelt, that once over a weekend he took home with him some book by Soren Kierkegaard a creed, but the honest Christian philosopher, F. D. R. turned up Monday morning with what he had learned from Kierkegaard. "Now I know what's the matter with people," he said. "They're bad!"

The odd thing about that was that F. D. R. was an Episcopalian, and at his own church he must often have joined in the General Confession: "We have left undone those things which we ought to have done, and there is no health in us." No wonder Jesus said: "Ye must be born again!"

The Secret

The secret in a way is simple, but it seems so simple that many persons miss it. How is a man born again? What does he have to do to be born again? The answer is: Nothing. The secret is: God in the heart. What do you do to make your home bright? You just pull up the shades. What do you do to have God's Spirit in your heart? Ask him. Open the door.

You do not have to create the sun. It is out there ready to come in. You can keep it out if you insist, but you never have to coax it; you can't pay it to come in. Just raise the shades and in it pours. But just as there is substitute for sunshine, there is no substitute for God. You, without God, are part of the problem of the world. You, with God, you, changed by Him, are the answer to the world's problem.

GARMENT FACTORY? NO! AUTOMOBILE PLANT? YES!

A never-ending source of surprise for visitors to Studebaker's automobile plant in South Bend is the upholstery department where scores of skilled seamstresses, operating row upon row of sewing machines, fashion the seat and head lining, door trim, and other interior fabrics for Studebaker passenger cars. Visitors are astonished that great numbers of women, no less than men, are needed to build the motor car of today. Inset above Mrs. Bertha Waldo, 332 South Michigan St., South Bend, typical of the distaff side of Studebaker craftsmen, at work on her sewing machine. Mrs. Waldo will soon round out her 31st year with the company. Her husband, a member of the engineering staff, is also an employee of many years' standing. A daughter, with a record of 11 years with the company, completes the family group.

RAMBLINGS

The class in car driving now being offered in the local high school is one that will certainly receive the approval of every citizen of this community. The course itself may be a far cry from a course in ancient or modern languages, or in history or mathematics, but to my mind, thinking it is one that is related to living in a very real way. The automobile is a very large part of American life. The car has changed our mode of living, it has changed our habits, it has revolutionized our transportation system and has enlarged our outlook on life a hundred fold. We are not the same as we were thirty years ago. The automobile has changed all this.

In order to meet the demands of the social life as it now exists, our schools will have to keep pace. The teaching of how to use this car, this automobile which everyone wants and wants to drive, is necessary so that we understand it thoroughly and know what it can do and how not to abuse it. Safe driving is essential. Too many people are injured or killed by the misuse of the car. Our children should know how to drive, and drive safely. They should know the rules that should understand road courtesy. Mr. Fred Baker who loaned the use of the car to the school is to be congratulated for his thoughtful and cooperative spirit.

Forest fires can be so damaging. They can start so easily and spread with tremendous rapidity and damaging effect. Last week I trekked up Witt Mountain to get some pictures of the fire then burning near there. Two young boys carried my camera and films, but when we got to the top of the hill there was no fire. It happened to be far to the south and the jungle was too dense to attempt crossing through it. Hence no pictures. But when I passed through that forest I sensed the danger that was so near. Below the tall clouds of smoke curled up into the blue sky, and I knew what it meant. Some day I hope that every man, woman and child will realize how damaging a little spark in the dry woods can be. All of us ought to be so fire-conscious that we do all within our power to keep our forests green and beautiful instead of becoming a devastated area of ghastly looking, burnt-over trees, with all the humus and wild life gone.

There are certain rules to follow in the prevention of fires:

1. Don't drop any smoldering cigarettes in the forest.
2. If you build a camp fire be dead sure that the fire is out before leaving.
3. Do not hunt when the forest is dry.
4. Do not burn trash during dry weather unless it is under complete control.

Livingston is receiving a whale of a face lifting. I went through that town yesterday and you wouldn't know it. I found machinery there of every description. There were

for another year subscription for the Mt. Vernon Signal which to me is the newest little newspaper.

Homecoming
Mr. and Mrs. Charles Lovell had the pleasure of having all their children and families with them during the weekend. The home coming was in honor of their grandson Bud Lovell of Indianapolis who has enlisted in the U. S. Navy and will be leaving shortly for Baltimore, Md. Those present were Mr. and Mrs. Fred McCay of Covington, Mrs. Zula Drew and daughter Miss Patsy and sons Charles and Doug of Cincinnati, O. Mr. and Mrs. Morgan Lovell and daughter Miss Jean and sons Bud and Floyd of Indianapolis.

State Superintendent Butler to address local P.T.A.
The Mt. Vernon Parent - Teacher Association will hold its regular meeting at 2:30 P. M. Tuesday, October 13, in the school library. Mr. Wendell Biber, Superintendent of Public Instruction, Frankfort will speak on the repeal of section 188 of the State Constitution to be voted on at the November election. Every voter is urged to hear Supt. Butler's interpretation of the proposed Constitutional Amendment in order to be better able to cast his vote intelligently on a question that should be of vital concern to every citizen.

Boyd E. Wheeler will have charge of records and awards. Spray as you clean.

A fall campaign against moths and carpet beetles fits conveniently with seasonal house cleaning and may save many a dollar on the woolen and fur clothes that will soon be taken from the closets and wardrobes of the U. S. Department of Agriculture say. In today's well-heated houses these destructive insects thrive in winter as well as in warm weather, and charge heavily for their keep by damage not only to your wardrobe but also to carpets, upholstered furniture, or drapery containing wool. As you clean each room, spray with a 5 per cent DDT oil emulsion, giving special attention to baseboards and closets where insects often are found. The vacuum cleaner and the spray gun can work very successfully together in ridding homes of these pests, and keeping them out of your campaign single copies of Clothes moths and carpet beetles are free on request from the office of information, U. S. Department of Agriculture, Washington, D. C.

Incidentally, DDT spraying is helpful against those tiny insects known as silverfish which often cause serious damage to rayons and cottons.

The Shining Light

Lesson for October 18, 1953

ARE we agreed that Christians ought to plan and for a better world than we have? The foundation of a better world is Jesus Christ and Christianlike persons. Then we can go on with the next question, a very practical one. What exactly can God's "new men" do to leave this world better than they found it? Granted, we shall never see an ideal world this side of heaven; granted, we shall see ipseity and pain as long as we live in this world. It is still possible—more than that, it is imperative, a "Must,"—for Christians to work out the best section of the world of God's ideal.

Salt and Light

The first thing we can do, odd as it may seem, is not to do anything, but to be something. Jesus spoke to his disciples—and to us—in terms we shall never forget. Light. Now salt, and light do not do anything, or rather, we do not do anything entirely on their being what they are. Salt and light could change its mind and decide to be pepper or sugar. We would want it. If Dr. Foreman an electric light could change itself into a doorknob, it would cause no end of trouble. The salt does not rush around doing something, it just is salt, the light is light. Salt and light are alike in this: there is no real substitute for either one. So there is no substitute for real Christians in this world. They are alike in this: there is no substitute for them. So a Christian who is like a Pharisee, wearing his virtues on his chest like a string of medals, is a nuisance to all concerned. But still it is true that the first and most constant service which every Christian can do in this confused and sad world, is simply to be as good a Christian, as faithful, as representative and as servant of Jesus Christ as he possibly be.

Helping Others

Another thing that God's new men can do, a thing which can remake the world and in many respects has been re-making it—a thing that sounds simple but which calls for a great deal of thought and planning, is this: just helping other people.

The New Testament makes it quite clear that an unhelpful Christian is hardly a real Christian at all. Nations and churches have the same opportunities. A little girl just entering the first grade can help her classmates and her teacher; but the teacher, who is a good one, can help all the class even more. The principal of the school, by selecting good teachers, can help his skill in judging people help every pupil in the school. The members of the school board, by picking good and servant can help the whole school system.

A boy on a farm in Missouri does not have the same opportunity to be helpful that he would have if he had been appointed Secretary of State. But a Christian, whether his zone of operations is a farm or the world, can always find ways of "going about doing good" as the Master did.

Winning Others

There is one thing that most Christians do not do which—if they only went to it with enthusiasm—would spread their light farther than any other one thing. We are in mind that if a Christian has any light, it is because Christ shines through him. If it is true that the "better world," even if only a little better, can come to pass only as personalities are changed into the likeness of Christ, then the best thing a Christian can do toward that end is to win others to his own Saviour. Saint Paul no doubt was helpful to others by the tests he made, for we can scarcely imagine him turning out shoddy or bungled work. He was more helpful still by "growing in grace" and in the truth as a true Christian character. But was there any service he performed which was so much to him, in satisfaction or to the world, by way of improvement, as the service he rendered in winning men from the kingdom of darkness to the kingdom of light?

Forest Fires

A forest fire that burned for a week just south of Witt Mountain in the northern part of Rockcastle County, was finally subdued when a group of men organized themselves last Saturday and with cooperated and coordinated effort were able to extinguish it. Fortunately there was a good rain on Friday afternoon at about 4 o'clock that drenched the burning area. It was only a local rain and fell heaviest over the region where the fire was. However there were still some embers left on Saturday. The fire fighters were able to extinguish these.

How the fire started is not definitely known, but the belief was expressed that there were some hunter in the forest and set it on fire. At first someone saw a large pine tree

burning. This seemed to have been the starting point of the blaze. There was little wind during the week but the fire crept on in an ever widening circle until at least 300 or more acres were burnt over.

This is the time of the year when everyone should be exceptionally careful of fire. You remember what happened last year? Let us hope it won't happen again.

ABSOLUTE AUCTION

71-2 Acre Farm With 7-Room Modern House Friday, October 16th

10:00 A. M. One mile S. of Berea on U. S. 25

We have been authorized by Mr. and Mrs. William H. Wren to sell this property located one mile South of Berea, on U. S. 25.

This 7-room modern house has living room, dining room, bed room, bath and kitchen with built-in cabinets on first floor. There are three good sized bed rooms on second floor. These rooms are all in excellent condition and have Venetian blinds. There is a large basement with new furnace. There are two good concrete porches, the back one screened in. There is a good sized cistern and garage.

These 7 1/2 acres all lay well. There is a good stock barn, with electricity, new corn crib and shed and all necessary outbuildings. There is a good apple orchard and nice young shade trees.

This dandy baby farm has a 500-ft. frontage on U. S. 25 and is ideal for a motel site or other business location.
