THE DEATH OF JOHN MCNEELY

March the first, nineteen fifty-four, The death angel knocked at Omer's door, To call Uncle John to his heavenly home. Here on earth he will never more roam. We sadly miss him even tho' we know, That God said, "It is time to go. Go to that beautiful home. Where all is peace, happiness, and love. Uncle John told us that he was ready to go. His life on earth proved his statement so, He said "I'm just waiting for my time. I know I must leave some of you behind. Get ready now for that unknown day, when the Lord will come to take you away.

We will meet again up in the sky. Where we will never have to say good-by. The "23 Psalm" he loved best of all. He repeated it to neighbors when he made a call. "The Lord is My Shepherd" I can hear him say. And, oh, how earnestly he would pray. The good old song, he loved to sing. Clear, above the rest his voice would ring. As we so often heard in his familiar tone, "When all God's Singers Get Home." He has now joined that great choir. Joyfully singing from heaven afar. Oh, if we could all have a record thus so, When God tells us it is time to go, What a great reunion would be some day, When the trumpet blows on Judgment Day. Sadly missed by a niece, Rena Jordan.

Chest X-Ray Free It is possible to have tuberculosis and not know it, according to Dr. Walker Owens County Health Officer. That's why he is urging every Rockcastle Countian over fifteen years of age to get a chest x-ray while the State Department of Health's Mobile X-ray Unit is in town. The unit will be parked at Brodhead - Gray Theatre - March 22 From 10:00 to 12:00 A. M. and 1:00 to 4:00 P. M. Mt. Vernon the Unit will be parked in front of Health Dept., Hours 10 - 12 and 1 - 4 ON March 23, 24, 25 and 26th "Early diagnosis of tuberculosis makes it possible to start treatment early and thus facilitates curing the disease," Dr. Owens said. He added that persons who may be unaware that they have tuberculosis, often unknowingly are spreading it among their family, friends and associates. Health authorities agree that every undiscovered case of tuberculosis is a danger to the entire community. Mass chest x-ray examinations, such as the one scheduled in Rockcastle County, often reveal tuberculosis before outward symptoms appear. It is possible to have tuberculosis at any age, Dr. Owens points out. However, he adds that the incidence in the five to fifteen age group is very low. That is why children are given x-rays only if they are known to have been in direct contact with persons having tuberculosis or if they are referred by a physician. The survey must include as many persons as possible of the older age groups, known to have average or higher than average incidence of this disease.

Well-balanced fertilizer produces extra quality, high yielding corn (lett).
If you are aiming at high yields and are planning for 1954, it's time now to order your fertilizer. The Middle West Soil Improvement Committee. Delay may mean you won't get the plant food you need for next spring's planting operations.
High profit yields depend on supplying the soil with all the nutrients it requires to feed the crops.
Agronomists point out that a sound system of soil maintenance based on increased fertilizer use pays rich dividends on most farm soils. The trend has been toward high applications of plant food, with many farmers using up to 1,000 pounds per acre.
Corn yields per acre in the Middle West have been boosted at least a third by the team work of good manure and these agronomists point out that it is the fertilizer that has doubled, hay and pasture and soybean yields increased one-fourth.

Order Plant Food Early to Assure Needed Supplies
Fine order was maintained throughout the entire week and Brodhead School and its officials wish to extend a hearty welcome to these fine people to come again some time.
Pfc. Charles Stanley of the U. S. Marines, has a 26 day leave and while here visited our school Monday. Charles was a former student of Brodhead school. He spent the last three months in San Diego, Calif., but is to report March 29 at the Naval Air Base, Jacksonville, Fla.
The Home Ec. girls are using the cafeteria tables the third period to cut out their dresses, and upon passing the doors Monday morning the spacious room seemed to have blossomed out over night, with its various shades of yellow, pink, blue, and white, in fact about every color of the rainbow, resembling a panorama of desert flowers in bloom.
When I first saw the girls so busy with patterns, pins, tape lines, and pinning shears, I could not help but call to mind a few years back when our school did not have such a thing as a Home Ec. Department, where girls are taught the fundamental things of home making.

### Celebrates Golden Wedding Anniversary

Mr. and Mrs. Alvin Reynolds of Wildie, Ky., celebrated their golden wedding anniversary March 2nd. The occasion was celebrated at their home on March 6th with a dinner which was attended by their six sons and one daughter and their families. The sons are Everett of Winchester, Ky., Ernest of Dayton, O., William of Covington, Ky., Homer of New Paris, O., Cecil of Red Springs, N. C., and James of Wildie, Ky. The daughter, Lois, of Louisville, Ky. There were also nine grandchildren and one great grandchild present.

Mt. Vernon's string of three victories in the District Tournament held at Brodhead, was clipped Saturday night by Stanford who was the winner by one point, 51 to 50. The Stanford "Wildcats" grabbed the lead and grimly held on until the third quarter when the hard fighting "Red Devils" tied the score at 39-39. From there on it was anybody's game with first one team scoring and then the other. The crowd was very excited with each side rooting hard for their team. The comment of many was that Mt. Vernon should have been the winner by five points. Stanford played a slow deliberate possession type game while Mt. Vernon is a hustling break-breaking team. Scoring for Stanford were Spoonamore 27, Brickley 10, Miracle 2, C. Lasure 5, Wright 6, and Tom Baxter and Atwood did not score. Scoring for Mt. Vernon were Noe 18, Cornelius 19, Shepherd 18 on until the third quarter Stanford 18 27 39 51. Mt. Vernon 10 20 39 50.

## Friendly NOTE

**By Alfred Sparks, Jr.**  
"If we want light, we must conquer darkness."  
Too often in this life do we have life give unto you and when the shadow of failure or the dark cloud of obstacles crosses our paths, it's akin to a great many people becoming bed-ridden because they haven't the inner desire to fight their way out of the darkness unto a brighter day.  
We believe, with all our heart and soul, that, with few exceptions, most every ailment can be conquered if one has the inner strength to combat it and desire to look for and enjoy the sunny days ahead.  
Give to Life what you would have Life give unto you and then your day, and each every day, will be a full and joyous one.
