

1953 Delinquent Tax Notice

The following 1953 tax bills, upon which there is a real estate value, will be offered for sale at the Court House Door, in Mt. Vernon, Kentucky, on

March 22, 1954 at 1 o'clock. These tax bills (tax claims) are subject to the addition of 6 per cent penalty, the approximate cost of advertising, \$1.50 Sheriff's Service Fee, \$1.00 and a distraint fee of 6 per cent of the tax penalty. The purchaser of a delinquent tax bill will be issued a certificate of delinquency which becomes a lien upon the real estate described on this

day on the tax bill, subject to 12 per cent interest per annum from the date of issuance.

Chest X-Ray Free
It is possible to have tuberculosis and not know it, according to Dr. Walker Owens County Health Officer. That's why he is urging every Rockcastle Countian over fifteen years of age to get a chest x-ray while the State Department of Health's Mobile X-ray Unit is in town.
The unit will be parked at Brodhead - Gray Theatre - March 22
From 10:00 to 12:00 A. M. and 1:00 to 4:00 P. M.
Mt. Vernon the Unit will be parked in front of Health Dept., Hours 10 - 12 and 1 - 4 ON
March 23, 24, 25 and 26th
"Early diagnosis of tuberculosis makes it possible to start treatment early and thus facilitates curing the disease," Dr. Owens said. He added that persons who may be unaware that they have tuberculosis, often unknowingly are spreading it among their family, friends and associates.

Health authorities agree that every undiscovered case of tuberculosis is a danger to the entire community. Mass chest x-ray examinations, such as the one scheduled in Rockcastle County, often reveal tuberculosis before outward symptoms appear.
It is possible to have tuberculosis at any age, Dr. Owens points out. However, he adds that the incidence in the five to fifteen age group is very low. That is why children are given x-rays only if they are known to have been in direct contact with persons having tuberculosis or if they are referred by a physician. The survey must include as many persons as possible of the older age groups, known to have average or higher than average incidence of this disease.

MT. VERNON, KENTUCKY

School Patrons at Anglin Falls Build Water System

Pure, sparkling water now flows continuously by gravity into school room for use by pupils.

The patrons of the Anglin Falls school district solved the water problem for their school children by building an unusual system of waterworks that will supply all the needs of the pupils that attend school there and enough water is left over to meet any future needs. Mr. J. J. Anglin, who owns the land in that neighborhood, donated to the Anglin Falls school the "right-of-way" to build a water line to a spring located about 900 feet up the hill back of the school. There was not enough money on hand to have the labor done by experts, so the teacher, Mrs. Bert Mullins and the parents of the children, got to planning and agreed to build the water line themselves provided they could get some outside financial help. The county school board agreed to pay for the cost of

RAMBLINGS

The road contractors are making rapid progress at Boone Gap. A big part of the hill has been sheared off. Last Monday morning a lot of blasting was done and some of the traffic had to be held up until some of the rock that had fallen on the highway could be removed. Clearing crews are working in both directions and much of the right-of-way north of the Gap has been cleared and now the men are working south across the ridge. Most of the concrete base for the culverts are completed and forms are now being placed for the remaining portion of the culverts. Surveyors are still busy laying out lines and measuring curves. Farmers and homeowners are completing line fences and some of the houses are still to be moved. So far there has been little interference to through traffic.

Circuit Court is in session this week. Several cases have been tried and by Wednesday four convictions have been made on liquor cases. Thus far the trials have been swift and with heavy penalties. Next week civil cases are to be tried. The court docket is rather light, indicative perhaps that law and order is prevailing in this county, and more attention is being given to the peaceful pursuits of life.

The McCarthy squabble is holding the spotlight of the nation. This isn't quite fair. The big legislative program is too precious to be side tracked by personal differences. The important matter is to get the truth and get it quickly. Is the Army or is McCarthy right? If the news comments about Cohn are correct and that he put pressure on the Army to get concessions for his rich friend Shine, then there should be a swift airing of the whole situation so that the public be correctly informed, and not let the squabble fester away very valuable time.

Mr. and Mrs. Earl Riddle have another son, Glad in the service. Earl has been in Japan for three years.

Magistrate Robert Griffin performing his second wedding ceremony at the court house. The couple is Miss Irene Bowder and Mr. Clarence Thompson.

Mr. Thompson is the daughter of Mr. and Mrs. Shirley Bowder of Mt. Vernon.

Sue Bennett College Announces Spring Term

Sue Bennett College announces its spring term to begin April 5 and continue for nine weeks. Many teachers will doubtless want to take advantage of this opportunity to get some additional credits and to renew their certificates. While the schedule is being set up with emphasis on courses for those interested in teaching and in renewing their certificates, other courses are being offered. As much as nine semesters can be earned during the spring term. Further information can be had by calling the college or by writing to the Registrar.

Serves Chicken Dinner

Mrs. Hazel Edwards and her co-workers in the lunch room Mrs. Mabel Nee, Mrs. Martha Simpson, and Mrs. Rachel Pittman promised the ball team a feast if they won a certain game or a fund if they lost. They paid off with a chicken dinner Tuesday afternoon at 3:30 in the lunch room. The table was decorated with a large red devil center piece with smaller devils as place cards. The menu included fried chicken, mashed potatoes, gravy, green beans, spring salad, hot rolls and

butter, angel food cake with strawberries and milk. The honored guests were Jack Lawwell, coach, Bobby Dalley and Jerry Hanson Mgrs. Earl Nee, Manuel Shephard, Kenneth Cornelius, Melvin Taylor and Ronald Stokes. Wayne Asper, Billy Chaney, Billy Jo Hansel, Billy Gregory and Marvin Hines. Misses Verna Kelley, Elizabeth Gay, Shirley Cummins, Joanie Maggard and Carol Fred.

INFORMATION REQUESTS TOTAL 2,000 DAILY

Requests for Division of Public Safety information totaled 26,130 during the first two months of the year, with February alone numbering 18,072. Indications are that March will be ahead of the last two months. As many as 2,000 queries a day are coming in currently. Requests for the first two months of 1953 were less than half this year's January-February total—11,577. A more intensive advertising campaign in large newspapers and magazines with nationwide circulation is largely responsible for the increase.

Judge spoke at a recent town meeting and administration praised the work of the officers. Even the local newspaper came in for some favorable and

Mr. J. J. Anglin who donated the right-of-way for the water system for the Anglin Falls School.

Judge Tells Jury to Get The Facts But Not Try Cases

Gives high praise to new regime of County officers and lauds many others for their achievements.

The Circuit Court opened its session last Monday with Judge R. C. Tartar presiding. The court opened with prayer by the Reverend Craig Holman of Brodhead who also happens to be a member of the Grand Jury now in session. The sheriff then called the names of those who are to serve on the Grand Jury, and also those names who are to serve on the Pea Ridge Jury. All were present except a few. Judge Tartar remarked surprisingly that there is not a single woman included in the jury, and he opined that the present legislature will probably change the law so that persons do not have to have their names on the tax books in order to serve. The present law permits only those to serve whose names are on the tax books, and there happen to be more names on the tax books than on the tax books at present. Judge spoke at a recent town meeting and administration praised the work of the officers. Even the local newspaper came in for some favorable and

praise. The court recessed on Monday noon and reconvened on Tuesday morning. Judge Tartar praised Mr. T. J. Nireley for his work as county attorney and spoke a bold word for "doing a good job." The courthouse was nice and warm and comfortable this morning said the judge. "The job" he spoke at some length about the late Uncle Rube Abney, how he used to be in the hospital just before Uncle Rube passed away. He spoke of him as a man of faith, of religion and integrity. "I have been away for almost four months" said the judge, "and every week, almost every day, some one comes to me and tells me, with few exceptions, of the order and peace prevailing here in Rockcastle County." The judge then spoke of the evil of the liquor traffic and stated that at least three-fourths of all crimes committed stem from strong drink. "Once a bootlegger always a bootlegger." Because nine out of ten don't want to work. They want to make money the easy way. There are women bootleggers, too, and they are hard

to deal with. Judge Tartar told the Grand Jury to get the facts and not to try any cases. "Cases are to come before the jury to be tried. Show no mercy to the bootlegger and to those who deal in the liquor traffic." Highway safety and reckless driving came in for a good share of comments. We are killed in Korea but when 100 are killed on our highways it makes little impression. Felix Bowman came in for some comments. The judge called him a man who is unafraid of a man who was there and he too was praised for his courage. He was labeled as a man standing up for his rights. Pistols carrying is a dangerous thing. Any man that carries a pistol should be without a license. A child without a license should be in the limit of the law. Child desertion is a very reprehensible and the person that marries a girl only to desert her when she is born could be considered a criminal.

PLANNING BIG SALE

The Rockcastle County Farm Service is planning to have a big sale of farm items beginning next week. Sale to be greatly reduced prices. Watch for their big advertisements next week.

Fox Bites School Girl

On Monday night the floor of the home attacked the eight-year-old daughter of Mr. and Mrs. Archie McGuire of Poplar Gap last Wednesday afternoon. The girl had just returned home from school and as she was out in the yard picking up chips the red fox attacked her and mangled her arm pretty badly. The fox made his escape but a moment later attempted to attack an older brother of the girl who lived near Mr. McGuire. The brother who was at the time cutting some wood saw the fox approaching and was able to take a whack at the fox and injure him but not enough to kill him. McGuire immediately went after his shotgun and was able to track the fox and kill him. The little girl is at present taking rabies treatment at Mt. Vernon.

Attending the meeting from the Mt. Vernon—Wildie, Ky. area are: Henry Brown, Bradley Saylor, W. S. Stewart, Willie Hubbers, O'Gorman, Mink, C. L. Brock, Wayne Stewart, J. F. Parsons, and W. L. Blatt.

Mt. Vernon Beats Stanford at Regional

Mount Vernon, won an easy victory over Stanford at the Regional Tournament last week at Somerset with a score of 73 to 51. This was the team that topped Mt. Vernon at the District Conference at Brodhead by a score of 51 to 50.

However on the next evening Mt. Vernon lost to the Russell County Lakers by 21 points. It was a hard-fought game throughout but the tall center from the opposing team just about baffled our lads. The champions of the regional were Danville who plays Ashland at the Coliseum Wednesday night at 9:15. It is generally believed that either Lafayette or Central City might be the champions. But no one knows until the tournament is over.

Brodhead News

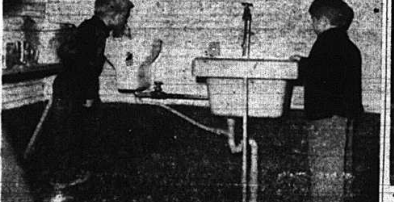

Mrs. Chas. Hurt Jr., spent last week end with her sister, Mrs. Judith Frith in Louisville. We are glad to report Mrs. W. E. Dillingham much better, after an illness of several days. Mr. and Mrs. R. C. Anderson Jr., and son, Frankie of Hamilton, O. were here last week with their parents, Mr. and Mrs. R. C. Anderson Sr., and Mr. Frank Bradley and family. Mrs. J. L. Riddle arrived here Saturday from Tacoma, Wash. He states that through the assistance of the Red Cross he was able to obtain a 30 day leave to come to see his father, who has been ill. J. L. has been in service for 2 1/2 years, he enlisted for four years.

TO ATTEND MEETING

Approximately 88 members of Southern States Cooperative's community advisory boards, directors of affiliated cooperatives and cooperative service agency managers, from this region will attend a meeting in Harrodsburg, Ky., on Tuesday, March 23. The meeting will be held at the Beaumont Inn and will begin at 7:30 P. M. CST.

Southern States district manager, R. M. Sandefur of Danville, Ky., is in charge of arrangements for the meeting. Alex Veitch of Finchville, Ky., a director of the cooperative will preside at the meeting. J. R. Ayers, of the cooperative's central offices in Richmond, Va., will present the mid-year report and lead the discussion on policy and problems.

Topics to be discussed include: (1) Future patronage refund policy; (2) 1954 local annual membership meetings; and (3) The agricultural pro-

Two lads of the Anglin Falls School satisfying their thirst from the waters of the mountain spring.

The mountain spring from whence flows the water to the Anglin Falls Schoolhouse. Standing about the reservoir are the pupils of the school with their teacher Mrs. Bert Mullins. The pupils (not given in order) are Ola Abrams, Opal Abrams, Lloyd Clark, Cecil Clark, Jimmie Clark, Kay Clark, Phyllis Ann Cobb, Anita Wilds, Annie Miller, and Owen Miller. —Photo by The Signal

ONE WAY TO MODERN COOKING You get A-DED advantages

- + COOKING CONVENIENCE
- + CLEANNESS
- + SAFETY
- + COOLNESS

with an automatic Electric range

It's the best buy in town! Modern electric ranges make cooking so simple, even a bride can expect flavor perfect results. Automatic controls, "constant-temperature" surface units and electric timers take the guesswork out of cooking. What's more, you can actually set controls to start and stop cooking while you're away. That means you have more leisure time when you cook electrically. Not only that, electric ranges are clean, too. You get soot-free, flameless cooking for a brighter kitchen... coils leave no hard-to-scrub carbon on pots and pans. They're safer and cooler, too. Surface units heat the pans directly, not the air around them. Heavy insulation keeps heat inside oven for added kitchen comfort... and faster, tastier cooking. Small wonder, women who know cook electrically. See the electric range of your dreams at your dealer's.

It costs the average family less than 10 cents a day for better cooking with an electric range. It's the best buy in town.

By Alfred Sparks, Jr.

"We are healed of a suffering only by experiencing it to the full"

Did you ever notice how much more one appreciates one's good health IMMEDIATELY after recovering from a sickness? The healing of an aching heart also tends to make one more appreciative of the friendship and love one shares with others. Unfortunately, many of us, when we are continually and spiritually tend to forget those moments of our sufferings.

While we do not contend that it is advisable to constantly think of the hurts we have undergone, no more than it is of a near auto accident, nevertheless we do say that in a happy and peaceful moment it pays to momentarily reflect upon the things that have caused us grief and be doubly grateful for our present happy and healthy state.

Experience is the best teacher only when that experience is utilized in a manner to benefit oneself in the future.

LETTA W. JASPER

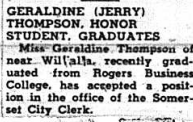

National 4-H Week, Mar. 6-14

What are the 4-H Clubs?

The 4-H clubs are organized groups of young people who are engaged in farming, home-making, or community activities under the guidance of Co-operative Extension workers and local volunteer leaders.

The 4-H Club work is part of the national system of Co-operative Extension work in agriculture and homemaking, in which the United States Department of Agriculture, State Colleges of Agriculture, and county Extension organizations all participate.

Any boy or girl between the ages of 10 and 21 years, who is "learn by doing," may enroll in a 4-H Club. Each Club elects its own officers, plans and carries out programs based on the needs of the young people, holds regular meetings, and takes part in community activities.

AUCTION

SATURDAY MARCH 27

1:30 P.M.

The Eliza Bostic Estate 15-Acre Farm and Personality

Located about 1/2 mile north of Mt. Vernon in Horse Shoe Bend.

We will sell for the estate of Eliza Bostic 15 acre and three room house. About 5-acre cultivatable. Some tobacco base, some timber. Watered by spring piped to home.

Has good 3-room home, 28 x 32 barn, and chicken house all under metal roof. Would make a good place to retire. Close to church, school and town.

Personal property consists of 1 good milk cow and some house hold.

Lots of locust posts and some Pine and Walnut logs.

This sale is for the purpose of settling an estate. Be with us and buy a good place close to town.

TERMS: 25% Day of Sale, balance when deed is made and possession.

POSSESSION; In 30 days after sale. Personality, Cash.

For further particulars see Harvey Bostic or W. H. Cox Administrator.

J.B. Messer, Auctioneer

4-H Clubs are in most counties of every State, and Alaska, Hawaii, and Puerto Rico.

In helping to prepare tomorrow's citizens, physically, mentally, and spiritually, 4-H Club work provides opportunities for voluntary participation in programs, built on needs and interests, through which 4-H members develop talents for greater usefulness; join with friends for work, fun, and fellowship; learn to live in a changing world, choose a way to earn a living, produce food and fiber for home, and market; create better homes for better living; conserve nature's resources for security and happiness; build health for strong

America; share responsibilities for community improvement; and serve as citizens in maintaining world peace.

Buying a Home Sewing Machine

How to make a good buy in a home sewing machine is a question of concern to many families now that there are so many types of machines selling at different prices and suited to different purposes. In response to demand from families the country over, the U. S. Department of Agriculture has just issued "Buying Your Home Sewing Machine" (HG-38), and

illustrated publication prepared by a committee of State and Federal Extension specialists. Single copies are free from the Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

Before you go shopping for a machine, the specialists advise considering the kind of sewing for which you'll use it. For plain sewing, making simple garments, patching, mending and darning a straight-sewing machine is satisfactory. Many women prefer it for fine dress making and tailoring where machine made decorations are used. In contrast, the swing-needle or zigzag type machine are for specialty sewing such as decorative stitch-

ing, embroidering, making place mats and napkins, finishing seams and buttonholes. These machines, in part, do the jobs intended for the attachments that can be bought for straight-sewing machines, and which are so seldom used. You'll need to decide whether spec-

iality stitching will be done often enough to warrant the added cost of such a machine. Many other points to help buyers choose the machine that will be a good life time investment are included in the new publication.

Howard Funeral Home

Mr. and Mrs. Bernard Hall and son Michael, of Louisville

Long Concrete Silos cut feed costs way down! Write: Long Silos Shelbyville, Ky.

With Alfalfa Seed... YIELD COUNTS NOT COSTS!

It is not the price you pay per pound of alfalfa seed that really counts, but the yield per acre of seed that really counts. You can purchase unadapted seed at 5c to 10c per pound less than Southern States adapted, known-origin alfalfa seed. But this \$1.00 to \$2.00 per acre saving means nothing if you lose a single cutting on your entire crop.

So for bigger yields, and sure yields... use Southern States adapted, known-origin Alfalfa Seed. You're certain of a profitable crop when you sow Southern States!

Price Cert. Atlantic Alfalfa \$45.00
Orla. Alfalfa \$42.00
Cert. Ladino Clover \$65.00

STANFORD, KY. PHONE 3156

Never underestimate the power of a Red Cross button!

When you wear the Red Cross Button YOU ARE THERE!

You are there when a serviceman's letter goes home. You helped 117,000 servicemen a month through your Red Cross last year! And you are there with cheer for the 115,000 veterans in hospitals each month.

You are there when blood saves this little girl. Last year, your Red Cross procured over four million pints of precious blood. This year, the need goes on for mothers in childbirth, for accident and surgery patients.

You are there when food, shelter, help reach folks in trouble. Your generosity last year helped people in 319 Red Cross disaster relief operations—floods, fires, tornadoes. That's an average of 6 every week!

Yes, your Red Cross button says that you are there! Never underestimate its power... it means that regardless of race, creed, or color, you help people when trouble comes. Join generously!

Answer the Call! Join Your Red Cross!
