Miss Martha Bartlett, home furnishings specialist with the University of Kentucky recommends wiping furniture with a cloth wrung from a solution of 1 quart of warm water, 3 tablespoons of linsed oil, 1 tablespoon of turpentine and 1 teaspoon of vinegar to give furniture a clean polished look.

Home Agent Notes

Should any scratches still be evident, the recommend rubbing them with a mixture of equal parts of boiled linseed oil, turpentine, and white vinegar. Scratches on natural-color woods will be less noticeable if rubbed with the cut surface of a nut meat, while deep scratches in dark furniture will disappear if a small amount of iodine is applied to them. Then the area should be polished and waxed.

County Agent Notes Strawberry Plants As the strawberry plant situation now stands, the Cumberland Growers Association has been able to get 500,000

Blakemore and 500,000 Tennessee Beauty plants. The price of these plants will be \$3.00 per thousand for Blakemores and \$11.00 per thousand for Tennessee Beauties. We feel this will not be enough plants to take care of all that want them in this area, so the first to get their order and money into the Association Office will be the ones to get the advantage of the above prices. Plants can be ordered by sending your checks or money orders to the Cumberland Strawberry Association, Cecil Burton, Manager, Somerset, Kentucky. To be able to hold these plants and in order to let you have them at this price, get your check in as soon as possible. You will be notified when your plants are ready for you. Time to Cover Your Strawberries When To Put On Mulch Any time before Christmas. The ideal is to let the ground cool off first and then apply the mulch to keep it cool. This mulch is not to be removed next spring. It not applied before Christmas, be sure to get it on as soon after as possible. How To Use An ordinary string tied half of straw will cover an area four feet wide (if rows are set 4 feet apart) and 22 ft. long. A wire tied bale covers 5 rows wide and 26 to 28 feet long. Be sure to cover the balk as well as the matted row. If you are using a straw mat, be assured of not using too much if you can see 1/2 of the plants down through the covering material. When sawdust is used, cover the ground from 1/2 inch deep to not over 1 inch deep. So far saw dust is not available.

Mr. Rector Coffey and Mrs. Clark were in Mt. Vernon Saturday on business. Mr. and Mrs. Carl Gill were in Pine Hill Sunday afternoon visiting Mr. and Mrs. John Gill and Mr. C. Baker. We are very thankful for the love which was so badly needed.

Brothers-In-Law Involved In Shooting At Brodhead

Ed Moore, about 45, of Brodhead, was arrested Saturday night for the shooting of his brother-in-law, Bill DeBord, 52, and DeBord was taken to the Good Samaritan Hospital, Lexington, for treatment of a gunshot wound in his left leg. The shooting occurred at 7:00 P. M. at Moore's home near the water tank in Brodhead, according to Rockcastle County Deputy Sheriff, S. E. Hocking, investigating officer. A coroner was used in the autopsy.

Work Completed On Wild Cat Road

The Livingston Lions Club, under the supervision of Dr. R. G. Webb, completed the grade and drain of the Old Wild Cat Road last week at a cost of \$822.00 for a bull-dozing alone. Helper's cost donated by Lee Baker and Todd Mink was \$110.00.

In order to leave the old road just south of the Ward Cemetery and thereby make a better and shorter grade, Dr. Webb bought 25 acres of land and gave the right-of-way, Lee Baker joining him did the same. Rockcastle County's part of the road is now built to the Laurel County line. George Faulkner of the Hazel Patch Community has, through his magistrate, constructed part of the Laurel Road, beginning at Hazel Patch.

The Livingston Lions Club now is asking the Civic Clubs of Laurel County and the Fiscal Court to meet with the club and other groups at the Wild Cat Battle Grounds for a State or National Park.

No Wrecks Reported In County For S-D Day

No traffic fatalities or injuries from wrecks were reported in Mt. Vernon or Rockcastle County for Wednesday, December 15, the day after the Christmas Eve. Day across the nation, but the ice-coated highways sent several cars skidding from one side of the road to the other, and two wrecks were reported early Thursday morning.

A 1950 Ford driven by Mrs. Kenneth Norton of Wad returned this side of Marebath about 7:00 A. M. Thursday, and a companion of Mrs. Norton's was reported to have been injured. The car was damaged to the extent of about \$500.

A 1952 Ford also skidded on the icy pavement at the same spot at about 4:00 A. M., and the wrecked Ford hit by a 1953 Plymouth driven by Marine Sgt. James J. Chesler, Jr. In the wreck, three were driven over Marines from Camp Lejeune, N. C., and Sgt. James' wife. No one was reported injured in the latter wreck.

Two bad wrecks were reported near Livingston last week, with a London couple killed in one wreck and a young mother from Madison seriously injured in the other.

Both Mrs. Little and her son were thrown from the car, a 1952 Ford, which was a broken-down car, which suffered only minor injuries.

RAMLINGS

A safe driving day is a "mild" success. Forty-five persons lost their lives in automobile accidents, as against ninety-seven on this same day last year. Kentucky had two deaths on the highway which was a high percentage in proportion to population. However, it was worth the effort to declare such a day, and more such days should be observed until our automobile drivers become thoroughly aware of the potential danger lurking in every motor vehicle, especially when these vehicles are under the control of inefficient drivers.

Our public highways should be highways of safety instead of death traps. One of the worst offenders is the drinking driver who has caused more tragedy and sorrow than any other person, and in my opinion has not been dealt with sufficiently and effectively to eliminate the mass of drivers from our highways.

I hope that the Christmas Season is not causing you the necessary anxiety and confusion. The writing of this letter or Christmas card and the multitudinous holiday duties are a true spirit of this season of the year. One way to avoid this is to start early to do the shopping, get those packages off and write those cards. I guess I am not much different than any other husband who let things slide! But there is enough time left to make amends and thus help create the true spirit of the holiday season.

There is a very definite change taking place in the attitude of the free nations towards the Communists. World War II, in other times, would have been spoken in a whisper is now shouted out in a shout. The United Nations was very swift in its condemnation of China for the imprisonment of several American airmen and lost no time in asking for their release. Now it appears as though China is willing to consider their release, but is trying to make a bargain with the Chinese students who are still in the United States.

Then there is also the chance that we are going to sell food stuff to the Communist nations and in this manner open up new avenues of approach. Just this morning I heard that the Catholic Bishop Mendota who was convicted of so-called treason by the United States government has been released! That is a very significant event, if true. Perhaps the Communist world is breaking to pieces. Is there anything in its philosophy to hold it together?

Mrs. Mary E. Rulford Dies At Livingston

Mrs. Elizabeth Rulford, lifelong resident of Livingston, died at 2:00 A. M. Saturday, December 11, after a 2 month's illness due to a stroke.

Mrs. Rulford was born April 20, 1874, her age being 80 years, 9 months and 21 days at the time of her death. She was the daughter of the late John Reger and Sidney Arnold and was married to Alex Rulford. She was a member of the Church of God.

Survivors include two daughters, Mrs. Della York of Livingston and Mrs. Delia York of Port Wayne, Ind., born to Mrs. Rulford by her first husband, who is deceased. One son, Charlie Branson, also is deceased.

Also surviving are one sister, Mrs. Alice Mason of Livingston, and two brothers, Logan Renner of Pine Hill and Andrew Renner of Middleboro.

Funeral services were held at 2:05 P. M. Sunday at the home of the sister, Mrs. Alice Mason, with burial in the Mason Family Cemetery at Livingston. Officiating ministers were Bro. G. W. Murphy and Bro. Bill Cotton.

Sparks Funeral Home of Livingston is in charge of the arrangements.

Sparks Funeral Home Starts Safety Campaign

A year-long campaign for a greater safety-mindedness in Rockcastle County has been sponsored by the Sparks Funeral Home in co-operation with officials of the Rockcastle Co. School System and police officers of Broaddus, Livingston, and Mt. Vernon.

Mr. Alfred Sparks, Jr., announces that his firm already has distributed 1,400 safety posters to every classroom in the entire county and also placed safety posters in various business locations.

These calendars are designed in full color, carrying an attractive eye-arresting painting, with the poster displaying reproductions of all important road signs and markers.

Mr. Sparks points out, the calendar therefore have a 24-hour utility and retention, serving as constant reminders of safety. The posters are equipped with large calendar pads.

Everything that can be done in this community must be done to make children and adults alike more mindful of the need for constant safety-mindedness on the road, at work, in the home, school, or at play. Mr. Sparks said, "By sponsoring this program, it is felt that the efforts of educators, parents and the police officers of our county can be reinforced materially."

The posters being distributed by the Sparks Funeral Home are designed and manufactured by the U. C. Colson Co., of

County Health News

The special school milk program to increase milk consumption will contribute to the improved health of school children. Milked by the Department of Health's director of nutrition, states.

Miss Neff went on to comment that in milk is one of nature's most perfect foods. The school program, to be administered by the Department of Education's division of school lunch, will help the child to get his daily requirement of one quart of milk.

The non-profit program to provide milk at any time during the regular school day is possible because of a U. S. grant of \$1,455,404 to Kentucky for the school years of 1954-55 and 1955-56. Schools which comply with the program requirements will receive one-half fresh, fluid, whole unflavored milk which meets state standards as to butterfat content and sanitation.

The U. S. grant will be sent the markets of dairy farms and by offering milk at the lowest possible price will help develop the milk habit in children.

Schools interested in participating in this program may contact their local health department for information about refrigerating and serving milk.
